Proxy Statement

The accompanying proxy is being solicited by the Board of Directors of K2 Inc. for use at K2's 2006 Annual Meeting of Shareholders to be held at K2's main office, 5818 El Camino Real, Carlsbad, California 92008, on Thursday, May 11, 2006 at 8:00 a.m. (local time), and at any and all postponements and adjournments thereof. The proxy may be revoked at any time before it is exercised by delivering a written notice to K2's Corporate Secretary stating that the proxy is revoked, by executing a subsequent proxy and presenting it to K2's main office or by attending the 2006 Annual Meeting and voting in person. Only shareholders of record at the close of business on Friday, March 24, 2006 will be entitled to notice of and to vote at the Annual Meeting. As of March 24, 2006, K2 had 46,950,179 outstanding shares of Common Stock. Each share of K2 Common Stock is entitled to one vote. It is anticipated that the mailing to shareholders of this proxy statement will commence on or about April 10, 2006.

The presence of a quorum, a majority of the outstanding shares of K2 Common Stock entitled to vote, is required for the transaction of business at the Annual Meeting. Both abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum. A broker non-vote occurs when a person holds shares through a broker, bank or other nominee and (1) such person does not provide voting instructions to the broker, bank or other nominee and (2) applicable stock exchange rules require such broker, bank or other nominee to have received voting instructions from the beneficial owner to vote on such proposal. Shares represented by broker non-votes on a matter submitted to shareholders are not considered present and entitled to vote on that matter. Directors will be elected by plurality vote (i.e., the nominees receiving the greatest number of votes will be elected). Consequently, neither broker non-votes nor abstentions will have any effect on the election. Each of the other matters scheduled to come before the meeting will require the affirmative vote of a majority of the shares present and entitled to vote. Consequently, broker non-votes will have no effect, but abstentions will have the effect of a vote against such matters.

PROPOSAL 1

Re-Election of Directors

Under the Certificate of Incorporation of K2, the Board is divided into three classes, each having a three-year term, with only one class being elected each year. The Board currently consists of nine members. Two of the three directors whose term expires in 2006, Richard J. Heckmann and Robin E. HERNREICH, have been nominated for re-election for a new term of three years or until their successors are duly elected and qualified and have agreed to serve if re-elected. Stewart M. Kasen will not stand for re-election. While the Board has no reason to believe that any of those named will not be available as a candidate, should such a situation arise, the proxy may be voted for the election of other nominees as directors in the discretion of the persons acting pursuant to the proxy. No notice of a shareholder nomination for director was received with respect to the election of directors for the 2006 Annual Meeting.

Certain information concerning the nominees and each director whose term of office will continue after the 2006 Annual Meeting is set forth below:

The Board recommends that shareholders vote FOR each of the persons nominated by the Board.

Pursuant to the policy set forth in the charter of the Corporate Governance and Nominating Committee, the Committee will utilize a variety of methods for identifying and evaluating nominees for director. The Corporate Governance and Nominating Committee's policy is to assess the appropriate size of the Board, and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Corporate Governance and Nominating Committee will consider various potential candidates for director. Candidates may come to the attention of the Corporate Governance and Nominating

Table of Contents

Committee through current Board members, shareholders or other persons. These candidates will be evaluated at regular or special meetings of the Corporate Governance and Nominating Committee, and may be considered at any point during the year. As described above, the Corporate Governance and Nominating Committee will consider properly submitted shareholder nominations for candidates for the Board. Following verification of the shareholder status of persons proposing candidates, recommendations will be aggregated and considered by the Corporate Governance and Nominating Committee at a regularly scheduled meeting. If any materials are provided by a shareholder in connection with the nomination of a director candidate, such materials will be forwarded to the Corporate Governance and Nominating Committee. In evaluating candidates, among other things, the Corporate Governance and Nominating Committee will consider the candidates' business experience and skills, independence, judgment, integrity, the ability to commit sufficient time and attention to Board activities and the absence of potential conflicts with K2's interests.

Directors' Compensation

In 2005, directors who were not salaried officers of K2 were paid \$5,000 per calendar quarter for their services as directors and \$1,000 per meeting day for each meeting of the Board of Directors and of any committee which they attended (other than the Audit Committee for which directors were paid \$1,500 per meeting day with the chair of the Audit Committee paid an additional \$5,000 per year). All new non-employee directors and those existing directors electing to participate in the plan, receive an initial grant of 10,000 stock options on the first meeting of the Compensation Committee after their election and annual grants thereafter of 7,500 stock options. Report of the Audit Committee

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other K2 filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent K2 specifically incorporates this Report by reference therein, or subject to the liabilities of Section 18 of the Securities Exchange Act of 1934.

The Audit Committee assists the Board in fulfilling its oversight responsibilities relating to K2 management's conduct of K2's financial reporting process and the integrity of K2's financial statements, K2's compliance with legal and regulatory requirements, the outside auditors' performance qualifications and independence, and the performance of K2's internal audit function and outside auditors. The Audit Committee has the authority to obtain advice and assistance from outside legal, accounting or other advisors as the Audit Committee deems necessary to carry out its duties and to receive appropriate funding, as determined by the Audit Committee, from K2 for such advice and assistance.

K2's management has primary responsibility for preparing K2's financial statements and K2's financial reporting process. K2's independent auditors, Ernst & Young LLP, are responsible for expressing an opinion on the conformity of K2's audited financial statements with accounting principles generally accepted in the United States.

In this context, the Audit Committee hereby reports as follows:

1. The Audit Committee has reviewed and discussed the audited financial statements with K2's management and the independent auditors.
2. The Audit Committee has discussed with the independent auditors the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standard, AU 380) and SAS 99 (Consideration of Fraud in a Financial Statement Audit) rules.
3. The Audit Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committee) and has discussed with the independent auditors the independent auditors' independence.
4. The Audit Committee reviewed key initiatives and programs aimed at strengthening the effectiveness of K2's internal and disclosure control structure. As part of this process, the Audit Committee continued to monitor the scope and adequacy of the K2's internal auditing program, reviewing steps taken to implement recommended improvements in internal procedures and controls.
5. Based on the review and discussion referred to in paragraphs (1) through (4) above and such other review as they deemed appropriate, the Audit Committee recommended to the Board, and the Board has approved, that the audited financial statements be included in K2's Annual Report on Form 10-K for the fiscal year ended December 31, 2005, for filing with the Securities and Exchange Commission.

Table of Contents**PROPOSAL 2****Ratification of Appointment of Independent Auditors**

Subject to ratification by the K2 shareholders, the Audit Committee has appointed Ernst & Young LLP as independent auditors to audit K2's consolidated financial statements for 2006. Services provided to K2 and its subsidiaries by Ernst & Young LLP in 2005 and 2004 are described under Fees to Independent Auditors for 2005 and 2004 below. Additional information concerning the Audit Committee is provided in Report of the Audit Committee above.

A representative of Ernst & Young LLP is expected to be present at the annual meeting with the opportunity to make a statement, if he or she so desires, and to be available to respond to appropriate questions.

The Board recommends that shareholders vote FOR ratification of the appointment of Ernst & Young LLP as K2's independent auditors for 2006.

In the event shareholders do not ratify the appointment, the appointment will be reconsidered by the Audit Committee and the Board.

Fees to Independent Auditors for 2005 and 2004

In addition to retaining Ernst & Young LLP to audit K2's consolidated financial statements and perform attest services in connection with internal controls for 2005, K2 retained Ernst & Young to provide merger and acquisition, advisory and auditing services in 2005. K2 understands the need for Ernst & Young to maintain objectivity and independence in its audit of K2's financial statements. To minimize relationships that could impair the objectivity of Ernst & Young, the Audit Committee, pursuant to the K2 Inc. Audit and Non-Audit Services Pre-Approval Policy, has prohibited certain non-audit services that Ernst & Young may provide as well as requiring pre-approval of permitted non-audit services by the Audit Committee for all engagements with Ernst & Young. The policy authorizes the Audit Committee to delegate one or more of its members pre-approval authority with respect to permitted services, provided that any decisions made by such member or members are thereafter reported to the full Audit Committee.

The aggregate fees billed for professional services by Ernst & Young in 2005 and 2004 were:

- (d) The potential realizable values are reflected in the table as required by Securities and Exchange Commission regulations and are not intended to forecast future appreciation. The Company is not aware of any formula which will predict with reasonable accuracy the future appreciation of equity securities. Moreover, no benefit can be realized by the optionees without an appreciation in stock price, which will benefit all shareholders.

Acceleration of Option Vesting

On May 17, 2005, the Compensation Committee approved the acceleration of the vesting of all outstanding out-of-the-money stock options granted to employees, including executive officers. The acceleration applied to all unvested options outstanding with an exercise price greater than \$11.94 per share. The decision to accelerate vesting of these stock options was made primarily to avoid recognizing compensation expense in K2's future statements of operations upon K2's adoption of Statement of Financial Accounting Standards No. 123R, Share Based Payment (revised 2004) (*FAS 123R*). Because the options subject to the acceleration vesting were out-of-the-money, K2 believes that these options were not offering a sufficient incentive to employees when compared to the potential future compensation expense that K2 would incur under FAS 123R.

The following table sets forth the number and value of unexercised options as of December 31, 2005 for each of the executive officers listed in the Summary Compensation Table.

Pension Plans

K2 maintains the Pension Plan of K2 (the *K2 Plan*), a defined benefit pension plan with varying formulas for the benefit of eligible K2, Shakespeare and Stearns employees. The plan is a tax-qualified, Company-funded plan subject to the provisions of ERISA. Contributions to the plan, which are made solely by K2, are actuarially determined. Benefits under the plans are based on years of service and remuneration and are subject to varying benefit formulas based on the eligible employee's business unit.

Effective August 31, 2004, the K2 Plan was amended to freeze the accrual of future benefits for almost all employees. This freezing resulted in active participants no longer accruing benefits under the plan. Participants will remain eligible to receive benefits they have earned under the plan through August 31, 2004 when they retire. New employees will not be eligible to accrue any benefit under the plan. Only a small group of about 20 collectively bargained employees will continue to accrue a benefit until September 18, 2006, at which time all benefits will be frozen.

The table below illustrates approximate annual benefits under the K2 Plan, based on the formula for eligible K2 employees (*K2 Formula*) and based on the indicated assumptions. For 2004, the Internal Revenue Code (the *Code*) limits the K2 Plan's covered compensation to \$205,000, which is the applicable limit for 2005 because the Plan was frozen in 2004.

Covered Compensation	Years of Service (a)				
	15	20	25	30	35
\$125,000	\$ 18,750	\$ 25,000	\$ 31,250	\$ 37,500	\$ 43,750

\$200,000	30,000	40,000	50,000	60,000	70,000

(a) An individual retiring at age 65 earns his maximum pension (as a percentage of covered compensation) at 35 years of service.

Table of Contents

The K2 Formula defines remuneration on which annual benefits are based as the average of the participant's highest five consecutive years earnings. Earnings include salary, wages, overtime pay, commissions, bonuses, and similar forms of incentive compensation actually paid during the year not exceeding certain amounts for sales personnel, and subject to the \$205,000 IRS Code Limit in 2004 for all personnel (which is the applicable limit for 2005 because the Plan was frozen in 2004).

Compensation for 2005 that would be included in the calculation of covered compensation and credited years of service at August 31, 2004 is shown below for the individuals named in the Summary Compensation Table who are participants in the plan and are eligible for the K2 Formula.

<u>Name</u>	<u>Covered Compensation</u>	<u>Years of Service</u>
Richard J. Heckmann	\$ 205,000	2
J. Wayne Merck (a)	205,000	13
Dudley W. Mendenhall	205,000	1
John J. Rangel	205,000	20
Monte H. Baier	205,000	1

- (a) On April 7, 2003, Mr. Merck transferred from Shakespeare to K2. As such, a portion of his benefit will be based on the Shakespeare Formula.

The formula for eligible salaried Shakespeare Company employees (the *Shakespeare Formula*) defines remuneration upon which annual benefits are based as the average of the employee's highest five consecutive years earnings. Earnings include the employee's regular basic monthly earnings excluding commissions, bonuses, overtime and other extra compensation, not exceeding certain amounts for field sales personnel and subject to the \$205,000 Code limit in 2004 for all personnel (which is the applicable limit for 2005 because the Plan was frozen in 2004).

The table below illustrates approximate annual benefits under the Shakespeare Formula based on the indicated assumptions.

<u>Covered Compensation</u>	<u>Years of Service (a)</u>			
	<u>15</u>	<u>25</u>	<u>35</u>	<u>45</u>

\$200,000	42,000	70,000	98,000	120,000

- (a) An individual retiring at age 65 earns his maximum pension (as a percentage of covered compensation) after approximately 43 years of service.

There is no individual named in the Summary Compensation Table who participates in the Stearns Formula.

Employment Agreements

On February 14, 2005, K2 entered into employment agreements with and instituted a severance benefit plan for the Named Executive Officers (each, an *Executive*).

Under the terms of the employment agreements, if K2 becomes subject to a change in control transaction, and if any Executive is terminated by K2 without cause (as defined in the employment agreements) or resigns with good reason (as defined in the employment agreements), during the period four months prior or 12 months after such transaction, K2 will be obligated to pay a multiple of the salary and bonus as well as continue health insurance benefits and accelerate the vesting of stock options and extend the exercise periods for the Executives.

If Mr. Heckmann is terminated without cause or resigns with good reason following a change in control or at the discretion of Mr. Heckmann within 90 days of a change in control, K2 will pay Mr. Heckmann 2.99 times his salary and bonus and continue his health insurance coverage for 36 months from the date of termination. K2 will also gross up payments under the agreement to compensate Mr. Heckmann for specified taxes. In addition, all unexpired stock options received by Mr. Heckmann before the change in control will accelerate and become exercisable in full for the lesser of 36 months from the date of termination and the remaining term of the option.

If either Mr. Merck or Mr. Rangel is terminated without cause or resigns with good reason following a change in control, K2 will pay to such Executive 2.99 times his salary and bonus and continue his health insurance coverage for 36 months from the date of termination. K2 will also gross up payments under the agreement to compensate such Executive for specified taxes. In addition, all unexpired stock options received by such Executive before the change in control will accelerate and become exercisable in full for the lesser of 36 months from the date of termination and the remaining term of the option.

If either Mr. Mendenhall or Mr. Baier is terminated without cause or resigns with good reason following a change in control, K2 will pay such Executive two times his salary and bonus and continue his health insurance coverage for 24 months from the date of termination. If payments under the agreements are subject to specified taxes, K2 will also pay to such Executive either a payment that is reduced so that there would be no tax or an amount (which shall be no more than the total payment), which after taking into account all applicable taxes, would provide such Executive with the greatest payment on an after-tax basis. In addition, all unexpired stock options received by such Executive before the change in control will accelerate and become exercisable in full for the lesser of 24 months from the date of termination and the remaining term of the option.

Under the terms of the severance benefit plan, (1) if Mr. Heckmann is terminated by K2 without cause, K2 will pay him 2.5 times his salary and bonus, continue his health insurance coverage for 30 months from the date of termination, fully vest his stock options and extend his stock option exercise period for the lesser of 30 months and the remaining term of the option; (2) if either Mr. Merck and Mr. Rangel is terminated by K2 without cause, K2 will pay him two times his salary and bonus, continue his health insurance coverage for 24 months from the date of termination, fully vest his stock options and extend his stock option exercise period for the lesser of 24 months and the remaining term of the option; and (3) if either Mr. Mendenhall and Mr. Baier is terminated by K2 without cause, K2 will pay him one times his salary and bonus, continue his health insurance coverage for 12 months from the date of termination, fully vest his stock options and extend his stock option exercise period the lesser of 12 months and the remaining term of the option. If payments under the severance benefit plan are subject to specified taxes, K2 will pay to such Executive either a payment that is reduced so that there would be no tax or an amount (which shall be no more than the total payment), which after taking into account all applicable taxes, would provide such Executive with the greatest payment on an after-tax basis.

Report of the Compensation Committee

The following Report of the Compensation Committee and Stock Price Performance Graph does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other K2 filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent K2 specifically incorporates this Report by reference therein, or subject to the liabilities of Section 18 of the Securities Exchange Act of 1934.

Compensation Objectives and Practices

K2's executive compensation program is designed to help K2 attract, motivate and appropriately reward members of management who are responsible for K2's short-term and long-term profitability, growth and return to shareholders. The key elements of the program consist of base salary, annual performance-based cash awards and long-term incentive awards. The Committee utilizes the services of an independent executive compensation consulting firm in evaluating awards.

Components of Executive Compensation

Base salary: Base salaries are generally established by evaluating the responsibilities of the position, the experience of the individual and salaries for comparable positions in the marketplace based on survey data provided by an external executive compensation consultant. Depending on the overall financial performance of K2, salaries are adjusted from time to time to reflect increased responsibilities, to keep pace with competitive practices and to reflect the performance of individual executives. The program has been designed to place a significant amount of compensation at risk by setting annual base salaries at levels just below the 50th percentile of the marketplace for similar positions based on the survey data obtained.

Annual cash incentive: The amount of the annual performance-based cash incentive available for allocation to the executive officers who participated in the plan is based on performance criteria. The performance criteria were designed to create value for K2 and its shareholders. The individuals' performance is subjectively evaluated against their criteria. The targeted annual incentive award is meant to bring total annual cash compensation (base salary plus annual incentive award) to above the average, as defined by survey data provided by the external executive compensation consultant for comparable positions at similar-sized companies, when superior performance levels are achieved. In addition, the Board adopted the K2 Inc. Performance-Based Annual Incentive Plan (the *Annual Performance Plan*) effective January 1, 2003. The Annual Performance Plan is intended to pay performance-based compensation for purposes of Section 162(m) of the Code (*Section 162(m)*). Under Section 162(m), compensation paid by K2 to each of certain executives is not deductible to the extent it exceeds \$1 million unless it is performance-based and meets certain other conditions. Non-performance based compensation paid during 2005 did not materially exceed \$1 million for any executive.

Long-term Stock Incentive: Stock incentives, such as grants of stock appreciation rights, stock options, restricted stock units and/or restricted stock, are provided to encourage management to take actions that will maximize long-term shareholder value, and to link their interests to those of K2's shareholders. The K2 Inc. 2004 Long-Term Incentive Plan provides for performance-based compensation awards that meet the requirements of Section 162(m) of the Internal Revenue Code, thereby preserving K2's ability to receive tax deductions for the awards. All stock options have an exercise price equal to the market price of K2's stock on the date of grant and vest over three years. All stock appreciation rights, restricted stock units and/or restricted

stock have grant price of no less than 100% of the fair market value of common stock on the date of grant and vest over three years. By utilizing such pricing and vesting, the Compensation Committee intended that the full benefit would be realized only if stock price appreciation occurs and if the key employee does not leave K2 during that period. In determining the number of stock incentives awarded to executive officers, the Compensation Committee considered information provided by K2's external executive compensation consultants.

Chief Executive's Compensation

During 2005, Mr. Heckmann's base salary was \$700,000, an increase from \$550,000 in 2004. In determining the Chief Executive Officer's incentive compensation award for 2005, the Compensation Committee also awarded Mr. Heckmann a long-term incentive award of fair market value non-qualified stock options to purchase 100,000 shares of K2 Common Stock. In establishing Mr. Heckmann's compensation, the Compensation Committee reviewed, among other things, published compensation survey data provided by external executive compensation consultants of companies with \$1 billion to \$3 billion in annual revenue and the performance of K2.

Certain Relationships and Related Transactions

In October 2003, K2 entered into a Reimbursement Agreement with its Chairman and Chief Executive Officer, Mr. Heckmann, for the reimbursement of expenses incurred by Mr. Heckmann in the operation of his private plane when used for K2 business. The Reimbursement Agreement is effective for expenses incurred by Mr. Heckmann for K2 business purposes since September 3, 2003. On July 6, 2004 the agreement was amended changing certain terms and conditions. During 2005, 2004 and 2003, K2 paid a total of approximately \$913,000, \$954,000 and \$214,000, respectively, pursuant to these agreements related to expenses incurred by Mr. Heckmann and other executive officers of K2.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires K2's directors and executive officers and beneficial owners of more than 10% of K2 Common Stock to file initial reports of ownership and reports of changes of ownership of K2's Common Stock with the Securities and Exchange Commission. Directors and executive officers are required to furnish K2 with copies of all Section 16(a) forms that they file. Based solely upon a review of these filings and written representations from applicable K2's directors and executive officers that no other reports were required, all such Forms were filed, and were filed on a timely basis, by the reporting persons, other than a late Form 4 filing for Mr. Robin E. Hernreich who filed on March, 22 2005 to report the acquisition of 30,000 shares of K2 Common Stock and a Form 3 filing for Ms. Meyers who became a member of the Board on February 11, 2005.

PROPOSAL 3

Approval of the K2 Inc. 2006 Long-Term Incentive Plan

On February 9, 2006, the Board of Directors unanimously approved and adopted the K2 Inc. 2006 Long-Term Incentive Plan (the *2006 Plan*), authorized 3,400,000 shares for issuance under the plan, and directed that the plan be submitted to shareholders for approval. The 2006 Plan will become effective when it is approved by shareholders.

The purpose of the 2006 Plan is to enable K2 to attract, retain and reward non-employee directors, officers, managers and key employees of K2 and its subsidiaries and to motivate these persons to exert their best efforts. In addition, if the 2006 Plan is approved by shareholders, K2 will have the ability to grant performance-based compensation awards that meet the requirements of Section 162(m).

The approval of the 2006 Plan will enable the Committee (as defined below) and K2 management to achieve the following:

K2 Inc. has a current need to obtain long-term compensation for its non-employee directors, officers, managers and key employees. As of March 24, 2006, K2 has available 255,907 shares of K2 Common Stock available to grant such individuals under existing long-term incentive plans, which, without shareholder approval of the 2006 Plan, does not permit K2 to provide adequate long-term incentive compensation in 2006.

The use of many compensation and corporate governance practices in the 2006 Plan such as no stock option repricings, minimum vesting requirements and no discounted stock options.

Even after approval of the 2006 Plan, K2 Inc. will have less than 15% diluted stock overhang. As of March 24, 2006, K2's diluted stock overhang¹ is approximately 8.9% and assuming shareholder approval of the 2006 Plan would be approximately 14.6%, which K2 believes is a conservative overhang amount.

K2 anticipates that the number of authorized shares of K2 Common Stock will cover awards for the next three years. Although the actual run rate over the next three years is not known at this time, it is currently expected that the 2006 Plan, including the underlying share authorization, will provide K2 with adequate long-term compensation for the next three years. K2 believes that generally a share of restricted stock is more valuable than a share subject to a stock option. Therefore, if in the future, for example, K2 grants awards with a combination of restricted shares and stock options, it anticipates that the awards will be for fewer combined shares than if solely stock option shares were granted.

Summary Description of the 2006 Plan

The following is a summary of the material features of the 2006 Plan. This summary is subject in all respects to the complete text of the 2006 Plan, which is attached to this proxy statement as Annex B.

Edgar Filing: K2 INC - Form DEF 14A

Shares Available. 3,400,000 shares of K2 Common Stock are authorized for issuance under the 2006 Plan. The number of authorized shares is subject to adjustment in the event of a merger, reorganization, consolidation, recapitalization, stock dividend, large non-recurring cash dividend (as determined by the

Committee (as defined in the next paragraph)), stock split or other change in the corporate structure affecting the stock. The closing price of a share of K2 Common Stock on March 24, 2006, was \$12.35.

If any shares of K2 Common Stock that have been optioned cease to be subject to a stock option or an incentive stock option, or if any shares of Common Stock that are subject to any restricted stock or restricted stock units award or other stock-based award granted under the 2006 Plan are forfeited or any such award otherwise terminates without a payment being made to the participant in the form of Common Stock, those shares will not be counted against the share limits in the 2006 Plan and would again be available for distribution in connection with future awards under the 2006 Plan.

Other than pursuant to a Change of Control (as defined below), in the event of any merger, reorganization, consolidation, recapitalization, K2 Common Stock dividend, large non-recurring cash dividend (as determined by the Committee), Common Stock split or other change in corporate structure affecting the Common Stock, the Committee will make a substitution or adjustment in the aggregate number of shares subject to, and reserved for issuance under, the 2006 Plan in the number and option price of shares subject to outstanding options granted under the 2006 Plan, and in the number of shares subject to other outstanding awards granted under the 2006 Plan as may be determined to be appropriate by the Committee, in its sole discretion, provided that the number of shares as adjusted will always be a whole number. The adjusted option price would also be used to determine the amount payable by K2 upon the exercise of any stock appreciation right.

Eligibility. All non-employee directors, officers, managers and key employees of K2 and its subsidiaries are eligible to receive awards under the 2006 Plan. The Board of Directors shall delegate the power to select participants and to determine the amount, type, and terms of each award to a committee (the *Committee*) of the Board, which is expected to be the Compensation Committee. In 2005, stock option awards under the Plan were made to the seven executive officers of K2 Inc., the nine non-employee directors and approximately 90 non-officer employees of K2 and its subsidiaries. Approximately 110 persons are currently eligible to participate in the 2006 Plan.

Types of Awards. The Committee may award stock options (including nonqualified options and incentive stock options), stock appreciation rights (*SARs*), restricted shares, restricted stock units, other stock-based awards and performance awards.

Stock Options. A stock option represents the right to purchase a share of common stock at a predetermined exercise price. Stock options granted under the 2006 Plan may be in the form of incentive stock options (*ISOs*) or nonqualified stock options, as determined in the discretion of the Committee. The terms of each stock option, including the number of shares, exercise price, vesting period, and option duration, will be set forth in an award agreement. Stock options may be exercised, in whole or in part, by payment in full of the exercise price in check, note or such other instrument as the Committee may accept. In addition, if authorized by the Committee, payment in full or in part may also be made in the form of unrestricted stock already owned by the participant or in any other manner approved by the Committee. Stock options expire on the earlier of the expiration date of the stock option (as set forth in the applicable award agreement) or the participant's termination of employment. Under certain conditions as determined by the Committee, a stock option may be exercised after a participant's termination of employment (e.g., retirement, death, disability), but not later than the expiration date for the option. The expiration date of an option may not be more than ten years from the date of grant.

Stock Appreciation Rights. An SAR represents the right to receive a payment, in cash, shares of common stock, or both (as determined by the Committee), which is equal to the spread value (the excess of the fair

Table of Contents

market value of common stock on the date the SAR is exercised over the grant price of the SAR). Fair market value for purposes of the 2006 Plan means, on any date, unless otherwise determined by the Committee in good faith, the average of the high and low sales price of a share of K2 Common Stock on such date. The grant price of a SAR will be set forth in the applicable award agreement. Subject to the terms of the applicable award agreement, a SAR will be exercisable, in whole or in part, by giving written notice of exercise to K2 Inc. Stock options relating to exercised SARs will no longer be exercisable to the extent that the related SARs have been exercised. SARs will generally be subject to the same terms and conditions as options under the 2006 Plan.

Restricted Stock and Restricted Stock Units. Restricted stock means an award of shares awarded to a participant that are subject to forfeiture during a pre-established period if certain conditions (e.g., continued employment or performance goals) are not met. Restricted stock unit means a fixed or variable right to acquire restricted stock, subject to such period and conditions. The terms of a participant's restricted stock award and restricted stock unit award are determined by the Committee and are set forth in an award agreement. Except in the case where a participant's employment is terminated and the Committee determines (in its sole discretion) to shorten the restriction period, the restriction period will be no less than (1) three years after the date of grant if the non-foreitability is based solely on continued employment and the grant is not a form of payment of earned incentive or other performance-based compensation and (2) one year after the date of grant in all other cases. Restricted stock and restricted stock units may not be sold, assigned, transferred, pledged, or otherwise encumbered while the shares are subject to forfeiture. A participant generally will have all the rights of a holder of common stock, including the rights to receive any dividends and to vote, during the restricted period.

Other Stock-Based Awards. Other stock-based awards are awards, other than stock options, SARs, restricted stock and restricted stock units, that are denominated or valued in whole or in part by reference to, or otherwise based on or related to, the value of common stock. The purchase, exercise, exchange, or conversion of other stock-based awards will be on such terms and conditions and by such methods as will be specified by the Committee.

Awards Granted at Fair Market Value. The exercise price of a stock option and the grant price of a SAR may not be less than 100% of the fair market value of common stock on the date of grant. In addition, if the value of another stock-based award is based on spread value, the grant price for the other stock-based award may not be less than 100% of the fair market value on the date of grant. The only exception is for awards made in substitution for awards made to a participant under a predecessor company plan that has been assumed by K2 Inc. as a result of a merger, stock exchange, or other acquisition.

Minimum Vesting Period for Awards. Except in the case of a new-hire award or under such other circumstances deemed appropriate by the Committee, no stock option, stock appreciation right, restricted stock, restricted stock unit, or other stock-based award will be granted with a vesting period of less than one year.

Stock Option Repricing. Stock options may not be repriced (whether through modification of the exercise price of options after the date of grant or through an option exchange program) without the approval of K2's shareholders.

Award Limitations. No participant may (other than non-employee directors) receive in any calendar year awards under the 2006 Plan relating to more than 500,000 shares of common stock, and non-employee directors may not receive more than awards relating to 50,000 shares of common stock.

Performance-Based Awards. Any award granted under the 2006 Plan may be conditioned on the attainment of one or more performance goals over a specified performance cycle. If the Committee intends that

Table of Contents

an award other than a stock option made to a covered employee (generally, Named Executive Officers) will constitute performance-based compensation within the meaning of Section 162(m), then the performance goals will be based on one or more of certain criteria including:

cash flow;

earnings (including, but not limited to, earnings before interest, taxes, depreciation and amortization);

earnings per share, diluted or basic;

debt reduction;

working capital reduction;

return on investment;

sales;

market share;

cost of capital;

expense reduction levels;

productivity;

return on assets or net assets;

income, gross margin, operating income or net income; and

completion of acquisitions, business expansion, product diversification, new or expanded market penetration and other non-financial operating and management performance objectives.

The performance goals will be determined over a measurement period or periods established by the Committee, and may relate to one or more of the goals described, either individually, alternatively or in any combination, applied to either K2 as a whole or to a business unit, division, subsidiary or geographic region, either individually, alternatively or in any combination, and measured either annually or cumulatively over the period established by the Committee, on an absolute basis or relative to a pre-established target, to results from a previous period or to a designated comparison corporation or group, in each case as specified by the Committee in an award.

To the extent consistent with Section 162(m), the Committee may appropriately adjust any evaluation of performance under the performance goals described in this proxy statement to exclude any of the following events that occurs during a performance period:

asset write-downs,

litigation, claims, judgments or settlements,

the effect of changes in tax law, accounting principles or other such laws or provisions affecting reported results,

accruals for reorganization and restructuring programs, and

any extraordinary, unusual or non-recurring items as described in Accounting Principles Board Opinion No. 30 and/or in management's discussion and analysis of financial condition and results of operations appearing in K2's annual report to shareholders for the applicable year.

Change of Control. In the event of a Change of Control, as defined in the 2006 Plan, all restrictions relating to all outstanding awards issued or granted under the 2006 Plan will fully vest and become immediately exercisable, unless such awards are assumed by a successor entity, in which case such awards will not become fully vested or exercisable. However, in the event that the outstanding awards are assumed in connection with a Change of Control, and a participant is involuntarily terminated within one year of the Change of Control, any award held by such participant shall immediately vest in full and shall become exercisable until the earlier of 60 days following such termination or the expiration of the award in accordance with its terms.

A Change of Control under the 2006 Plan will have occurred if:

any person or related group of persons (other than K2 or an affiliate of K2) directly or indirectly acquires beneficial ownership (within the meaning of Rule 13d-3 of the Securities Exchange Act of 1934) of securities possessing more than thirty-five percent (35%) of the total combined voting power of K2's outstanding securities;

the composition of the Board changes over a period of twenty-four (24) consecutive months or less in a way that results in a majority of the Board (rounded up to the next whole number) ceasing, by reason of one or more proxy contests for the election of Board members, to be comprised of individuals who either (A) have been Board members continuously since the beginning of the period or (B) have been elected or nominated for election as Board members during the period by at least two-thirds of the Board members described in clause (A) who were still in office at the time the election or nomination was approved by the Board;

a merger or consolidation occurs in which K2 is not the surviving entity, or any reverse merger in which K2 is the surviving entity but in which securities possessing more than fifty percent (50%) of the total combined voting power of K2's outstanding securities are transferred to holders different from those who held such securities immediately prior to such merger; or

all of substantially all of K2's assets are sold or transferred other than in connection with an internal reorganization of K2.

Plan Administration. The 2006 Plan will be administered by the Committee, which will have the power to interpret the plan and to adopt such rules and guidelines for carrying out the plan as it may deem appropriate. The Committee will have the authority to adopt such modifications, procedures, and subplans as may be necessary or desirable to comply with the laws, regulations, compensation practices, and tax and accounting principles of the countries in which K2 Inc. or a subsidiary may operate to assure the viability of the benefits of awards made to individuals employed in such countries and to meet the objectives of the plan. Subject to the terms of the plan, the Committee will have the authority to determine those individuals eligible to receive awards and the amount, type, and terms of each award and to establish and administer any performance goals applicable to such awards. The Committee will consist of two or more non-employee directors (who are outside directors within the meaning of Section 162(m) and non-employee directors for purposes of Rule 16b-3 under the Securities Exchange Act of 1934).

Table of Contents

Amendment and Termination. The Board or the Committee may amend, alter or discontinue the 2006 Plan at any time, provided that no such amendment will be made without shareholder approval if such approval is required under applicable law, or if such amendment would:

increase the total number of shares of common stock for which awards may be granted under the plan,

reduce the price at which options may be granted below the fair market value (except as specifically provided above under Awards Granted at Fair Market Value),

extend the term of the 2006 Plan,

change the class of persons eligible to receive awards or

increase the participant limits provided above under Award Limitations.

Except as set forth in any award agreement, no amendment or termination of the plan may impair the rights of any participant without his or her consent.

U.S. Federal Income Tax Consequences. The following is a brief description of the principal U.S. federal income tax consequences, based on current law, of awards under the 2006 Plan.

Tax Consequences to Participants. U.S. federal income tax consequences may vary depending in part on the nature of the award.

Nonqualified Stock Options. A participant will not recognize any income upon the grant of a nonqualified stock option (*NQSO*). If the shares of K2 Common Stock that are received upon exercise of a *NQSO* are vested, or if the participant makes an election under Section 83(b) of the Code with respect to unvested shares acquired upon exercise of a *NQSO*, the participant will have ordinary income on exercise of the option in an amount equal to the difference between the fair market value of the stock subject to the option and the exercise price of the option. If the shares received upon the exercise of the *NQSO* are not vested and the participant does not make the Section 83(b) election, the participant will have ordinary income as those shares vest in an amount equal to the excess of the fair market value of the stock on the date it vests over the exercise price of the option. The ordinary income recognized by a participant will be subject to applicable tax withholding, including applicable income taxes, FICA, and FUTA.

Incentive Stock Options. Participants generally recognize no taxable income on the grant or exercise of an *ISO*. In some cases, however, participants may become subject to alternative minimum tax as the result of the exercise of an *ISO*, because the excess of the fair market value of the stock at exercise over the exercise price is an adjustment item for alternative minimum tax purposes. If the participant does not dispose of the stock acquired upon exercise of the *ISO* before the first anniversary of the date on which he or she exercised the *ISO* or, if later, the second anniversary of the date on which the *ISO* was granted, he or she will realize long-term capital gain or loss upon disposition of the stock in an amount equal to the amount realized on the disposition of the stock over the exercise price of the *ISO*. If the participant disposes of the stock before the expiration of this holding period, a disqualifying disposition occurs and the participant will recognize income, taxable at ordinary income rates, in the year of the disqualifying disposition. The amount of this income will generally be equal to the excess, if any, of the lesser of (i) the fair market value of the stock on the date of exercise over the exercise price of the option and (ii) the amount realized upon disposition of

Edgar Filing: K2 INC - Form DEF 14A

the stock over the exercise price of the option. If the amount realized upon a disqualifying disposition is greater than the fair market value of the stock on the date of exercise, the difference will be taxable to the employee as capital gain.

Table of Contents

If the shares received upon exercise of an ISO are not fully vested at the time of exercise, the federal income tax consequences, including alternative minimum tax consequences, may vary depending on whether the participant files an election under Section 83(b) of the Internal Revenue Code. Participants should consult their tax advisors, prior to exercising options, with regard to such issues.

Stock Grants. A participant who is awarded vested or unrestricted shares pursuant to the 2006 Plan is required to recognize ordinary income in an amount equal to the excess of (i) the fair market value of the shares on the date the shares are granted to the participant over (ii) the purchase price (if any) paid for the shares. A participant who is awarded unvested or restricted shares generally will not recognize taxable ordinary income when he or she receives such shares. Instead, the participant will have taxable income in the first year in which the shares cease to be subject to a substantial risk of forfeiture, generally when all applicable restrictions lapse. The participant will then have taxable income equal to the fair market value of the stock at that time over the amount, if any, the participant paid for the stock. The participant may, however, make an election under Section 83(b) of the Code to include in income, when the restricted stock is first transferred to him or her, an amount equal to the excess of the fair market value of the stock at that time over the amount, if any, paid for the stock. The result of this election is that appreciation in the value of the stock after the date of transfer is then taxable as capital gain, rather than as ordinary income.

SARs. The grant of a SAR is not a taxable event. Upon the exercise of a SAR, the payment to the grantee in respect of such exercise will be taxed as ordinary income and will be subject to applicable tax withholding, including applicable income taxes, FICA, and FUTA.

Tax Consequences to K2. Generally, any time a participant recognizes ordinary income, as opposed to capital gain, as the result of the settlement of any award under the 2006 Plan, K2 will be entitled to a deduction equal to the amount of such ordinary income recognized by the participant, subject to the limitations of Section 162(m).

Other U.S. Federal Income Tax Considerations.

Section 162(m) of the Code. The Board of Directors believes that it is in the best interests of K2 and its shareholders to provide for an equity incentive plan under which stock-based compensation awards made to K2's executive officers can qualify for deductibility by K2 for federal income tax purposes. Accordingly, the 2006 Plan has been structured in a manner such that awards under it can satisfy the requirements for performance-based compensation within the meaning of Section 162(m). In general, under Section 162(m), in order for K2 to be able to deduct compensation in excess of \$1 million paid in any one year to K2's Named Executive Officers, such compensation must qualify as performance-based. One of the requirements of performance-based compensation for purposes of Section 162(m) is that the material terms of the performance goals under which compensation may be paid be disclosed to and approved by K2's shareholders. For purposes of Section 162(m), the material terms include (i) the employees eligible to receive compensation, (ii) a description of the business criteria on which the performance goal is based and (iii) the maximum amount of compensation that can be paid to an employee under the performance goal. With respect to awards of restricted stock, restricted stock units, and other stock-based awards and performance awards under the 2006 Plan, each of these aspects is discussed below, and shareholder approval of the 2006 Plan will be deemed to constitute approval of each of these aspects of the 2006 Plan for purposes of the approval requirements of Section 162(m). Awards that are granted, accelerated, or enhanced upon the occurrence of a change in control may give rise, in whole or in part, to excess parachute payments within the meaning of Code section 280G and, to such extent, will be non-deductible by K2 Inc. and subject to a 20% excise tax on the participant.

Table of Contents

The foregoing summary of the income tax consequences in respect of the 2006 Plan is for general information only. The summary does not purport to be complete and does not discuss any tax consequences under state, local, or foreign tax laws. In addition, the tax consequences to a participant may differ depending upon the participant's individual circumstances. Each participant should consult his or her own advisors as to specific tax consequences of participating in the 2006 Plan, including the application and effect of foreign, state, and local tax laws.

The Board of Directors recommends a vote FOR approval of the K2 Inc 2006 Long-Term Incentive Plan.

Shareholder Proposals for the 2007 Annual Meeting of Shareholders

Shareholders interested in submitting a proposal for inclusion in the proxy materials for the 2007 Annual Meeting of Shareholders in 2007 may do so by following the procedures prescribed in Rule 14a-8 of the Securities Exchange Act of 1934. To be eligible for inclusion, shareholder proposals must be received by K2's Corporate Secretary no later than December 22, 2006, unless the 2007 annual meeting date is changed by more than 30 days from the 2006 meeting, in which case the deadline will be a reasonable time before K2 begins to print and mail the proxy materials. Proposals should be sent to Corporate Secretary, K2 Inc., 5818 El Camino Real, Carlsbad, California 92008.

If a shareholder intends to submit at the 2007 annual meeting of shareholders a proposal that is not eligible for inclusion in the proxy statement, the deadline for submitting the proposal is determined under K2's by-laws, which state that the deadline is dependent upon the date of the 2007 annual meeting. The shareholder proposal must be in writing and received by the Corporate Secretary of K2 no less than 90 days in advance of the 2007 annual meeting, or if later, the tenth day following the first public announcement of the date of the annual meeting. The shareholders submission must be a proper matter for shareholder action under the General Corporation Law of the State of Delaware, and it must include certain specified information concerning the proposal or nominee, as applicable, and information regarding the shareholder's ownership of K2 Common Stock. Proposals not meeting the requirements set forth in the K2's by-laws will not be entertained at the 2007 annual meeting. Shareholders should contact the Corporate Secretary of K2 in writing at 5818 El Camino Real, Carlsbad, California 92008 to make any submission or to obtain additional information as to the proper form and content of submissions.

Proxy Solicitation Costs

The proxies being solicited hereby are being solicited by the Board. The cost of soliciting proxies in the enclosed form will be borne by K2. K2 has retained Morrow & Co., 470 West Avenue, Stamford, CT 06902 to aid in the solicitation. For these services, we will pay Morrow & Co. a fee of \$6,000 and reimburse it for certain out-of-pocket disbursements and expenses. Officers and regular employees of K2 may, but without additional compensation, solicit proxies by further mailing or personal conversations, or by telephone, telex, facsimile or electronic means. K2 will, upon request, reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation material to the beneficial owners of stock.

Householding of Proxy Materials

The Securities and Exchange Commission has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements and annual reports with respect to two or more shareholders sharing the same address by delivering a single proxy statement and annual report to those shareholders. This process, which is commonly referred to as householding, potentially provides extra convenience for shareholders and cost savings for companies. K2 and some brokers household proxy materials and annual reports unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker or K2 that they or K2 will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement and annual report, or if you are receiving multiple copies of the proxy statement and annual report and wish to receive only one of each, please notify your broker if your shares are held in a brokerage account or K2 if you hold K2 Common Stock directly. You can notify K2 by sending a written request to Corporate Secretary, K2 Inc., 5818 El Camino Real, Carlsbad, California 92008.

Other Matters

Section 3. Stock Subject to Plan

The total number of shares of Stock reserved and available for distribution under the Plan shall be three million four hundred thousand (3,400,000) shares. No individual may receive in any calendar year Awards under the Plan relating, in the aggregate, to more than five hundred thousand (500,000) shares of Stock. Non-employee directors of the Company may receive Awards relating to up to fifty thousand (50,000) shares of Stock in any calendar year.

Subject to Section 6(b)(iv) below, if any shares of Stock that have been optioned cease to be subject to a Stock Option or an Incentive Stock Option, or if any such shares of Stock that are subject to any Restricted Stock or Restricted Stock Units award or Other Stock-Based Award granted hereunder are forfeited or any such award otherwise terminates without a payment being made to the participant in the form of Stock, such shares shall not be counted against the share limits set forth in this Section 3 and shall again be available for distribution in connection with future awards under the Plan.

Except as provided in Section 10, in the event of any merger, reorganization, consolidation, recapitalization, Stock dividend, large non-recurring cash dividend (as determined by the Committee), Stock split or other change in corporate structure affecting the Stock, such substitution or adjustment shall be made in the aggregate number of shares subject to, and reserved for issuance under, the Plan (including any sub-limits in this Section 3), in the number and exercise price of shares subject to outstanding Options and Stock Appreciation Rights granted under the Plan, and in the number of shares subject to other outstanding Awards granted under the Plan as may be determined to be appropriate by the Committee, in its sole discretion, provided that the number of shares as so adjusted shall always be a whole number.

Section 4. Eligibility

Non-employee directors, officers, managers, and other key employees of the Company and its Subsidiaries who are responsible for or contribute to the management, growth and/or profitability of the business of the Company and/or its Subsidiaries are eligible to be granted awards under the Plan.

Section 5. Stock Options

Stock Options may be granted alone, in addition to or in tandem with other Awards granted under the Plan. Any Stock Option granted under the Plan shall be in such form as the Committee may from time to time approve.

Stock Options granted under the Plan may be of two types: (i) Incentive Stock Options and (ii) Nonqualified Stock Options.

The Committee shall have the authority to grant to any optionee Incentive Stock Options, Nonqualified Stock Options, or both types of Stock Options (in each case with or without Stock Appreciation Rights).

Edgar Filing: K2 INC - Form DEF 14A

Options granted under the Plan shall be subject to the following terms and conditions and shall contain such additional terms and conditions, not inconsistent with the terms of the Plan, as the Committee shall deem desirable:

(a) **Exercise Price.** The exercise price per share of Stock purchasable under a Stock Option shall be determined by the Committee at the time of grant but shall be not less than one hundred percent (100%) of the

B-4

Table of Contents

Fair Market Value of the Stock at grant, provided however, that the exercise price per share of Stock purchasable under a Stock Option that is granted in connection with a merger, stock exchange, or other acquisition as a substitute or replacement award for options held by optionees of the acquired entity may be less than one hundred percent (100%) of the Fair Market Value of the Stock at the time of grant provided that the exercise price is based on a formula set forth in the terms of the options held by such optionees or in the terms of the agreement providing for such merger, stock exchange, or other acquisition.

(b) ***Option Term.*** The term of each Stock Option shall be fixed by the Committee, but no Stock Option shall be exercisable more than ten (10) years after the date the Option is granted.

(c) ***Exercisability.*** Stock Options shall be exercisable at such time or times and subject to such terms and conditions as shall be determined by the Committee at or after grant; provided, that except in the case of an Award issued in connection with the start of employment or service with the Company or its Subsidiaries, or under such other circumstances as are deemed appropriate by the Committee, Stock Options shall not be exercisable prior to the first anniversary of grant. If the Committee provides, in its sole discretion, that any Stock Option is exercisable only in installments, the Committee may waive such installment exercise provisions at any time at or after grant in whole or in part, based on such factors as the Committee shall determine, in its sole discretion.

(d) ***Method of Exercise.*** Subject to whatever installment exercise provisions apply under Section 5(c), Stock Options may be exercised upon vesting in whole or in part at any time during the option period, by giving written notice of exercise to the Company, or its designated representative, specifying the number of shares to be purchased.

Such notice shall be accompanied by payment in full of the purchase price, either by check, note or such other instrument as the Committee may accept. As determined by the Committee, in its sole discretion, at or after grant, payment in full or in part may also be made in the form of unrestricted Stock already owned by the optionee, the withholding of Stock otherwise deliverable upon exercise of the Stock Option or in any other manner approved by the Committee.

No shares of Stock shall be issued until full payment therefore has been made. An optionee shall generally have the rights to dividends or other rights of a stockholder with respect to the shares subject to the Option when the optionee has given written notice of exercise, has paid in full for such shares.

(e) ***Transferability of Options.*** Unless the Committee shall permit (on such terms and conditions as it shall establish) an Option to be transferred to a member of the participant's immediate family or to a trust or similar vehicle for the benefit of such immediate family members, no Option shall be assignable or transferable except by will or the laws of descent and distribution, and except to the extent required by law, no right or interest of any participants shall be subject to any lien, obligation or liability of the participant. Notwithstanding the foregoing, an Option may be transferred pursuant to a domestic relations order.

(f) ***Termination by Death.*** Subject to Section 5(j), if an optionee's employment by or service with the Company and any Subsidiary terminates by reason of death, any Stock Option held by such optionee may thereafter be exercised in accordance with the terms and conditions established by the Committee and provided in the stock option agreement. In the event of termination of employment or service by reason of death, if an Incentive Stock Option is exercised after the expiration of the exercise periods that apply for purposes of Section 422 of the Code, such Stock Option will thereafter be treated as a Nonqualified Stock Option.

Table of Contents

(g) ***Termination by Reason of Disability.*** Subject to Section 5(j), if an optionee's employment by or service with the Company and any Subsidiary terminates by reason of Disability, any Stock Option held by such optionee may thereafter be exercised by the optionee in accordance with the terms and conditions established by the Committee and provided in the stock option agreement. In the event of termination of employment or service by reason of Disability, if an Incentive Stock Option is exercised after the expiration of the exercise periods that apply for purposes of Section 422 of the Code, such Stock Option will thereafter be treated as a Nonqualified Stock Option.

(h) ***Termination for Cause.*** Subject to Section 5(j), if an optionee's employment by the Company and any Subsidiary is terminated for Cause, the Stock Option shall thereupon terminate, whether or not exercisable at that time.

(i) ***Other Termination.*** Unless otherwise determined by the Committee, if an optionee's employment by or service with the Company and any Subsidiary terminates for any reason other than death or Disability or for Cause, the Stock Option shall thereupon terminate.

(j) ***Incentive Stock Options.*** Anything in the Plan to the contrary notwithstanding, no term of this Plan relating to Incentive Stock Options shall be interpreted, amended or altered, nor shall any discretion or authority granted under the Plan be so exercised, so as to disqualify the Plan under Section 422 of the Code, or, without the consent of the optionee(s) affected, to disqualify any Incentive Stock Option under such Section 422.

(k) ***No Repricing.*** Other than in connection with a change in the Company's capitalization (as described in Section 3) the exercise price of a Stock Option may not be reduced without stockholder approval (including canceling previously awarded Stock Options and re-granting them with a lower exercise price).

Section 6. Stock Appreciation Rights

(a) ***Grant and Exercise.*** Stock Appreciation Rights may be granted alone or in conjunction with all or part of any Stock Option granted under the Plan. In the case of a Nonqualified Stock Option, such rights may be granted either at or after the time of the grant of such Stock Option. In the case of an Incentive Stock Option, such rights may be granted only at the time of grant of such Stock Option.

The term of each Stock Appreciation Right granted independent of a Stock Option (a freestanding SAR) shall be fixed by the Committee, but no Stock Appreciation Right shall be exercisable more than ten (10) years after the date the Stock Appreciation Right is granted. A Stock Appreciation Right or applicable portion thereof granted with respect to a given Stock Option shall terminate and no longer be exercisable upon the termination or exercise of the related Stock Option, subject to such provisions as the Committee may specify at grant where a Stock Appreciation Right is granted with respect to less than the full number of shares covered by a related Stock Option.

A Stock Appreciation Right may be exercised by an optionee, subject to Section 6(b), in accordance with the procedures established by the Committee for such purposes. Upon such exercise, the optionee shall be entitled to receive an amount determined in the manner prescribed in Section 6(b). Stock Options relating to exercised Stock Appreciation Rights shall no longer be exercisable to the extent that the related Stock Appreciation Rights have been exercised.

Table of Contents

(b) ***Terms and Conditions.*** Stock Appreciation Rights shall be subject to such terms and conditions, not inconsistent with the provisions of the Plan, as shall be determined from time to time by the Committee, including the following:

- (i) Stock Appreciation Rights shall be exercisable at such time or times as shall be determined by the Committee at or after grant; provided, however, that Stock Appreciation Rights shall be subject to the same terms and conditions applicable to Stock Options set forth in Section 5. Stock Appreciation Rights granted in conjunction with Stock Options shall be exercisable only at such time or times and to the extent that the Stock Options to which they relate shall be exercisable in accordance with the provisions of Section 5 and this Section 6 of the Plan.
- (ii) Upon the exercise of a Stock Appreciation Right, an optionee shall be entitled to receive an amount in cash and/or shares of Stock equal in value to the excess of the Fair Market Value on the date of exercise of one share of Stock over the exercise price per share determined by the Committee at the time of grant multiplied by the number of shares in respect of which the Stock Appreciation Right shall have been exercised, with the Committee having the right to determine the form of payment. Notwithstanding anything else in the Plan to the contrary, the exercise price per share of any freestanding SAR but shall be not less than one hundred percent (100%) of the Fair Market Value of the Stock at grant, provided however, that the exercise price per share under a freestanding SAR that is granted in connection with a merger, stock exchange, or other acquisition as a substitute or replacement award for stock appreciation rights held by employees of the acquired entity may be less than one hundred percent (100%) of the Fair Market Value of the Stock at the time of grant provided that the exercise price is based on a formula set forth in the terms of the stock appreciation rights held by such individuals or in the terms of the agreement providing for such merger, stock exchange, or other acquisition. When payment is to be made in shares, the amount and/or number of shares to be paid shall be calculated on the basis of the Fair Market Value of the shares on the date of exercise.
- (iii) Upon the exercise of a Stock Appreciation Right granted in conjunction with a Stock Option under the Plan, the number of shares issued under such Stock Appreciation Right based on the value of the Stock Appreciation Right at the time of exercise shall be deemed to be issued for purposes of the share authorization set forth in Section 3 of the Plan.

(c) ***No Repricing.*** Other than in connection with a change in the Company's capitalization (as described in Section 3) the exercise price of a Stock Appreciation Right may not be reduced without stockholder approval (including canceling previously awarded Stock Appreciation Rights and re-granting them with a lower exercise price).

Section 7. Restricted Stock and Restricted Stock Units

(a) ***Administration.*** Subject to the limitations set forth in Section 3, shares of Restricted Stock and/or Restricted Stock Units may be issued either alone or, in addition to, or in tandem with, other awards granted under the Plan and/or awards made outside of the Plan. The Committee shall determine the eligible persons to whom, and the time or times at which, grants of Restricted Stock and/or Restricted Stock Units will be made, the number of shares to be awarded, the price (if any) to be paid by the recipient of Restricted Stock and/or Restricted Stock Units (subject to Section 7(b)), the time or times within which such awards may be subject to forfeiture, and all other terms and conditions of the awards.

The Committee may condition the grant of Restricted Stock and Restricted Stock Units upon the attainment of specified performance goals or such other factors as the Committee may determine, in its sole discretion.

Table of Contents

The provisions of Restricted Stock and Restricted Stock Unit awards need not be the same with respect to each recipient.

(b) ***Awards and Certificates.*** The prospective recipient of a Restricted Stock or Restricted Stock Unit Award shall not have any rights with respect to such award, unless and until such recipient has complied with the applicable terms and conditions of such Award.

- (i) The purchase price for shares of Restricted Stock and Restricted Stock Units shall be set by the Committee and may be zero.
- (ii) Awards of Restricted Stock and Restricted Stock Units must be accepted within a reasonable period (or such specific period as the Committee may specify at grant) after the award date, by executing an award agreement and paying whatever price (if any) is required under Section 7(b)(i).

(c) ***Terms and Conditions.*** The shares of Restricted Stock and Restricted Stock Units awarded pursuant to this Section 7 shall be subject to the following restrictions and conditions:

- (i) Subject to the provisions of this Plan and the award agreement, during a period set by the Committee commencing with the date of such award (the *Restriction Period*), the participant shall not be permitted to sell, transfer, assign, pledge or otherwise encumber shares of Restricted Stock or Restricted Stock Units awarded under the Plan. Other than (a) as provided in Section 7(c)(iii), (b) with respect to Award made in connection with the start of employment or service with the Company or its Subsidiaries or (c) under such other circumstances deemed appropriate by the Committee, in no event shall such *Restriction Period* be deemed satisfied in full in less than (x) three (3) years after the date of grant, if the non-forfeitability of Restricted Stock or Restricted Stock Units is based solely on continued employment or service and the grant of the Restricted Stock or Restricted Stock Units (*Time-Based Retention Shares*) and is not a form of payment of earned incentive or other performance-based compensation, or (y) one (1) year after the date of grant, if the non-forfeitability of Restricted Stock is also subject to the attainment of performance goals or the grant of *Time-Based Retention Shares* is a form of payment of earned incentive or other performance-based compensation. Within these limits, the Committee, in its sole discretion, may provide for the lapse of such restrictions in pro rata installments, based on service, performance and or such other factors or criteria as the Committee may determine, in its sole discretion.
- (ii) Except as provided in this paragraph (ii) and Section 7(c)(i), the Committee, in its sole discretion, as determined at the time of the award, may permit the participant to have, (a) with respect to the shares of Restricted Stock, all of the rights of a stockholder of the Company, including the right to vote the shares, and the right to receive any cash dividends and (b) with respect to the shares underlying an Award of Restricted Stock Units, the right to receive any cash dividends. The Committee, in its sole discretion, as determined at the time of award, may permit or require the payment of cash dividends and may permit or require such cash dividends to be deferred and, if the Committee so determines, reinvested, subject to Section 13(e), in additional Restricted Stock or Restricted Stock Units to the extent shares are available under Section 3, or otherwise reinvested. Pursuant to Section 3 above, Stock dividends issued with respect to Restricted Stock and Restricted Stock Units shall be treated as additional shares of Restricted Stock or Restricted Stock Units, as applicable, that are subject to the same restrictions and other terms and conditions that apply to the shares with respect to which such dividends are issued.
- (iii) Subject to the applicable provisions of the award agreement and this Section 7, upon termination of a participant's employment or service with the Company and any Subsidiary for any reason

Table of Contents

during the Restriction Period, all shares of Restricted Stock or Restricted Stock Units still subject to restriction will vest, or be forfeited, in accordance with the terms and conditions established by the Committee at or after grant.

- (iv) If and when the Restriction Period expires without a prior forfeiture of the Restricted Stock or Restricted Stock Units subject to such Restriction Period, certificates for an appropriate number of unrestricted shares shall be delivered to the participant promptly (unless the Committee decides pursuant to Section 2(v) to settle the award in cash). Notwithstanding anything in the Plan to the contrary, the Committee may, in an award agreement or otherwise, provide for the deferred delivery of Stock upon settlement of an Award of Restricted Stock or Restricted Stock Units.

Section 8. Other Stock-Based Awards

(a) ***Administration.*** Other awards of Stock and other awards that are valued in whole or in part by reference to, or are otherwise based on, Stock (Other Stock-Based Awards), including, without limitation, stock purchase rights, performance shares, exchangeable securities and Stock awards or options valued by reference to Book Value or Subsidiary performance, may be granted either along with, or in addition to, or in tandem with, Stock Options, Stock Appreciation Rights, Restricted Stock or Restricted Stock Units granted under the Plan and/or cash awards made outside of the Plan.

Subject to the provisions of the Plan, the Committee shall have authority to determine the persons to whom and the time or times at which such awards shall be made, the number of shares of Stock to be awarded pursuant to such awards, and all other conditions of the awards. The Committee may also provide for the grant of Stock upon the completion of a specified performance period.

The provision of Other Stock-Based Awards need not be the same in respect to each recipient.

(b) ***Terms and Conditions.*** Other Stock-Based Awards made pursuant to this Section 10 shall be subject to the following terms and conditions:

- (i) Subject to the provisions of this Plan and the Award agreement referred to in Section 8(b)(v) below, shares subject to Awards made under this Section 8 may not be sold, assigned, transferred, pledged, or otherwise encumbered prior to the date on which the shares are issued, or, if later, the date on which any applicable restriction, performance, or deferral period lapses.
- (ii) Subject to the provision of this Plan and the Award agreement and unless otherwise determined by the Committee at grant, the recipient of an Award under this Section 8 shall be entitled to receive, currently, or on a deferred basis, interest or dividends or interest or dividend equivalents with respect to the number of shares covered by the Award, as determined at the time of the Award by the Committee, in its sole discretion, and the Committee may provide that such amounts (if any) shall be deemed to have been reinvested in additional Stock or otherwise reinvested.
- (iii) Any Award under Section 8 and any Stock covered by any such Award shall vest or be forfeited to the extent so provided in the award agreement as determined by the Committee, in its sole discretion; provided, that subject to Section 10(b)(iv) and except with respect to Awards made in connection with the start of employment or service with the Company or its Subsidiaries or under such other circumstances as are deemed appropriate by the Committee, any such Other Stock-Based Award shall have a vesting requirement of at least one year.

Table of Contents

- (iv) In the event of the participant's Disability or death, or in cases of special circumstances, the Committee may, in its sole discretion, waive in whole or in part any or all of the remaining limitations imposed hereunder (if any) with respect to any or all of an Award under this Section 8.
- (v) Each Award under this Section 8 shall be confirmed by, and subject to the terms of, an agreement or other instrument by the Company and by the participant.
- (vi) Stock (including securities convertible into Stock) issued on a bonus basis under this Section 8 may be issued for no cash consideration.

Section 9. Performance Related Awards

(a) ***Performance Objectives.*** Notwithstanding anything else contained in the Plan to the contrary, unless the Committee otherwise determines at the time of grant, an Award of Restricted Stock, Restricted Stock Units or Other Stock-Based Awards to an employee who is a covered employee within the meaning of Section 162(m) of the Code and the Treasury regulations promulgated thereunder, other than an award which will vest on the basis of the passage of time, shall become vested, if at all, upon the determination by the Committee that performance objectives established by the Committee have been attained, in whole or in part (a Performance Award). Such performance objectives shall be determined over a measurement period or periods established by the Committee and related to one or more of the following criteria, either individually, alternatively or in any combination, applied to either the Company as a whole or to a business unit, division, Subsidiary or geographic region, either individually, alternatively or in any combination, and measured either annually or cumulatively over the period established by the Committee, on an absolute basis or relative to a pre-established target, to results from a previous period or to a designated comparison corporation or group, in each case as specified by the Committee in the Award: (i) cash flow; (ii) earnings (including, but not limited to, earnings before interest, taxes, depreciation and amortization); (iii) earnings per share, diluted or basic; (iv) debt reduction; (v) working capital reduction; (vi) return on investment; (vii) sales; (viii) market share; (ix) cost of capital; (x) expense reduction levels; (xi) productivity; (xii) delivery performance; (xiii) safety record; (xiv) stock price; (xv) return on equity; (xvi) total stockholder return; (xvii) return on assets or net assets; (xviii) income, gross margin, operating income or net income; and (xix) completion of acquisitions, business expansion, product diversification, new or expanded market penetration and other non-financial operating and management performance objectives (each criteria is referred to as a Qualifying Performance Criteria). To the extent consistent with Section 162(m) of the Code, the Committee may appropriately adjust any evaluation of performance under a Qualifying Performance Criteria to exclude any of the following events that occurs during a performance period: (a) asset write-downs, (b) litigation, claims, judgments or settlements, (c) the effect of changes in tax law, accounting principles or other such laws or provisions affecting reported results, (d) accruals for reorganization and restructuring programs and (e) any extraordinary, unusual or non-recurring items as described in Accounting Principles Board Opinion No. 30 and/or in management's discussion and analysis of financial condition and results of operations appearing in the Company's Annual Report to stockholders for the applicable year. Notwithstanding satisfaction of any performance objectives, the number of shares issued under or the amount paid under a Performance Award may, to the extent specified in the applicable award agreement, be reduced by the Committee on the basis of such further considerations as the Committee in its sole discretion shall determine.

(b) ***Certification.*** The Committee shall certify the extent to which any Qualifying Performance Criteria has been satisfied, and the amount payable as a result thereof, prior to payment, settlement or vesting of any Performance Award that is intended to satisfy the requirements for performance-based compensation under Section 162(m)(4)(C) of the Code.

Table of Contents

(c) **Interpretation.** Notwithstanding anything else in the Plan to the contrary, to the extent a Performance Award is intended to qualify as performance-based compensation within the meaning of Section 162(m)(4)(C) of the Code, the Committee shall not be entitled to exercise any discretion if the exercise of such discretion would cause such award to fail to qualify as performance-based compensation.

Section 10. Change of Control Provisions

(a) **Result of a Change of Control Other Than a Corporate Transaction.** In the event of a Change of Control (as defined in subsection (c) below) other than a Corporate Transaction (as defined in subsection (c) below) immediately prior thereto all restrictions relating to all outstanding awards issued or granted under this Plan, including Stock Options, Incentive Stock Options, Stock Appreciation Rights, Restricted Stock, Restricted Stock Units, Other Stock-Based Awards and Performance Awards, shall lapse and such awards shall vest and become fully exercisable to the extent not already fully vested or fully exercisable, and each outstanding Option holder shall be given a reasonable opportunity to exercise his or her Options prior to the Change of Control, unless determined otherwise by the Committee prior to the Change of Control.

(b) **Result of Corporate Transaction.**

- (i) In the event of a Corporate Transaction, immediately prior thereto all restrictions relating to all outstanding Awards issued or granted under this Plan shall vest and become fully exercisable to the extent not already fully vested or fully exercisable, with a reasonable opportunity to exercise such Awards, prior to the Corporate Transaction, unless such Awards are assumed by the successor entity or its parent in the Corporate Transaction, in which event such Awards shall not become fully vested or exercisable, but shall continue to vest (or not) in accordance with their terms. Each outstanding Award which is assumed in connection with the Corporate Transaction shall be appropriately adjusted, immediately after such Corporate Transaction, to apply and pertain to the number and class of securities or other property which would have been issuable, in consummation of such Corporate Transaction, to an actual holder of the same number of shares of Common Stock as are subject to such Award immediately prior to such Corporate Transaction. Appropriate adjustments shall also be made to the exercise or purchase price payable with respect to such Awards, provided the aggregate amount payable for such securities shall remain the same. In addition, the class and number of securities available for issuance under the Plan following the consummation of the Corporate Transaction shall be appropriately adjusted.
- (ii) In the event that outstanding Awards are assumed in connection with a Corporate Transaction as set forth in Section 10(b)(i), and a Plan participant whose Award was so assumed is subsequently involuntarily terminated from all employment or other service by the Company, any of its Subsidiaries or any of their respective successors or parent of the successors after the Corporate Transaction (other than termination as a result of Cause) within one (1) year following the Corporation Transaction, any Awards held by such Plan participant shall immediately vest in full, and shall be exercisable, as applicable, until the earlier of the close of business on the sixtieth (60th) day following such termination or the expiration of the Award in accordance with its terms.

(c) **Change of Control Defined.** For purposes of this Plan, a Change of Control shall be deemed to have occurred if:

- (i) any person or related group of persons (other than the Company or a person that directly or indirectly controls, is controlled by, or is under common control with, the Company) directly or

Table of Contents

indirectly acquires beneficial ownership (within the meaning of Rule 13d-3 of the Securities Exchange Act of 1934) of securities possessing more than thirty-five percent (35%) of the total combined voting power of the Company's outstanding securities;

- (ii) there is a change in the composition of the Board over a period of twenty-four (24) consecutive months or less such that a majority of the Board members (rounded up to the next whole number) cease, by reason of one or more proxy contests for the election of Board members, to be comprised of individuals who either (A) have been Board members continuously since the beginning of such period or (B) have been elected or nominated for election as Board members during such period by at least two-thirds of the Board members described in clause (A) who were still in office at the time such election or nomination was approved by the Board;
- (iii) a merger or consolidation occurs in which the Company is not the surviving entity, or any reverse merger in which the Company is the surviving entity but in which securities possessing more than fifty percent (50%) of the total combined voting power of the Company's outstanding securities are transferred to holders different from those who held such securities immediately prior to such merger (a Corporate Transaction); or
- (iv) all or substantially all of the Company's assets are sold or transferred other than in connection with an internal reorganization of the Company.

Section 11. Amendments and Termination

The Board or the Committee may amend, alter or discontinue the Plan and may to the extent permitted by the Plan amend any agreement or other document evidencing an Award made under this Plan but, except as provided pursuant to the anti-dilution adjustment provisions of Section 3, no such amendment shall, without the approval of the stockholders of the Company:

- (a) increase the maximum number of shares of Stock for which Awards may be granted under this Plan;
- (b) reduce the price at which Options may be granted below the price provided for in Section 5(a);
- (c) reduce the option price of outstanding Options;
- (d) extend the term of this Plan;
- (e) change the class of persons eligible to receive Awards under the Plan; or
- (f) increase the individual maximum limits in Section 3.

The Board or the Committee may to the extent permitted by the Plan amend any agreement evidencing an Award made under this Plan, but no amendment or alteration shall be made which would impair the rights of any Plan participant, without such participant's consent, under any Award theretofore granted.

Section 12. Unfunded Status of Plan

The Plan is intended to constitute an unfunded plan for incentive and deferred compensation. With respect to any payments not yet made to a participant or optionee by the Company, nothing contained herein shall give any such participant or optionee any rights that are greater than those of a general creditor of the Company. In its sole discretion, the Committee may authorize the creation of trusts or other arrangements to meet the obligations created under the Plan to deliver Stock or payments in lieu of or with respect to awards hereunder; provided,

B-12

however, that unless the Committee otherwise determines with the consent of the affected participant, the existence of such trusts or other arrangements is consistent with the unfunded status of the Plan.

Section 13. General Provisions

(a) The Committee may require each person purchasing shares pursuant to an Option or other Award under the Plan to represent to and agree with the Company in writing that the optionee or participant is acquiring the shares without a view to distribution thereof. The certificates for such shares may include any legend, which the Committee deems appropriate to reflect any restrictions on transfer.

All certificates for shares of Stock or other securities delivered under the Plan shall be subject to such stock-transfer orders and other restrictions as the Committee may deem advisable under the rules, regulations, and other requirements of the Securities and Exchange Commission, any stock exchange upon which the Stock is then listed, and any applicable federal or state securities law, and the Committee may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions. Without limiting the foregoing, such restrictions may address the timing and manner of any resales by the Plan participant or other subsequent transfers by the Plan participant of any Stock issued under an Award, including without limitation (i) restrictions under an insider trading policy or pursuant to applicable law, (ii) restrictions designed to delay and/or coordinate the timing and manner of sales by the Plan participant and holders of other Company equity compensation arrangements, (iii) restrictions as to the use of a specified brokerage firm for such resales or other transfers and (iv) provisions requiring the Stock to be sold on the open market or to the Company in order to satisfy tax withholding or other obligations.

This Plan, the grant, issuance, vesting, exercise and settlement of Awards hereunder, and the obligation of the Company to sell, issue or deliver Stock under such Awards, shall be subject to all applicable foreign, federal, state and local laws, rules and regulations, stock exchange rules and regulations, and to such approvals by any governmental or regulatory agency as may be required. The Company shall not be required to register in a Plan participant's name or deliver any Stock prior to the completion of any registration or qualification of such shares under any foreign, federal, state or local law or any ruling or regulation of any government body which the Committee shall determine to be necessary or advisable. To the extent the Company is unable to or the Committee deems it infeasible to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Stock hereunder, the Company and its Subsidiaries shall be relieved of any liability with respect to the failure to issue or sell such Stock as to which such requisite authority shall not have been obtained. No Stock Option shall be exercisable and no Stock shall be issued and/or transferable under any other Award unless a registration statement with respect to the Stock underlying such Award is effective and current or the Company has determined that such registration is unnecessary.

(b) Nothing contained in this Plan shall prevent the Board from adopting other or additional compensation arrangements, subject to stockholder approval if such approval is required, and such arrangements may be either generally applicable or applicable only in specific cases.

(c) The adoption of the Plan shall not confer upon any employee or director of the Company or any Subsidiary any right to continued employment or service as a director with the Company or a Subsidiary, as the case may be, nor shall it interfere in any way with the right of the Company or a Subsidiary to terminate the employment of any of its employees or service of a director at any time.

(d) Except as the participant and the Company may otherwise agree, no later than the date as of which an amount first becomes includable in the gross income of the participant for federal income tax purposes with

Table of Contents

respect to any award under the Plan, the participant shall pay to the Company, or make arrangements satisfactory to the Committee regarding the payment of any federal, state, or local taxes of any kind required by law to be withheld with respect to such amount. Unless otherwise determined by the Committee, withholding obligations may be settled with Stock, including Stock that is part of the award that gives rise to the withholding requirement. The obligations of the Company under the Plan shall be conditional on such payment of arrangements and the Company and its Subsidiaries shall, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to the participant.

(e) To the extent that the Committee determines that any Award granted under the Plan is subject to Section 409A of the Code, the award agreement evidencing such Award shall incorporate the terms and conditions required by Section 409A of the Code. To the extent applicable, the Plan and award agreements shall be interpreted in accordance with Section 409A of the Code and the Treasury regulations and other interpretive guidance issued thereunder, including without limitation any such regulations or other guidance that may be issued or amended after the effective date of the Plan. Notwithstanding any provision of the Plan to the contrary, in the event that following the effective date of the Plan the Committee determines that any Award may be subject to Section 409A of the Code and related Treasury guidance (including such Treasury guidance as may be issued after the effective date of the Plan), the Committee may adopt such amendments to the Plan and the applicable award agreement or adopt other policies and procedures (including amendments, policies and procedures with retroactive effect), or take any other actions, that the Committee determines are necessary or appropriate to (1) exempt such Award from Section 409A of the Code and/or preserve the intended tax treatment of the benefits provided with respect to such Award, or (2) comply with the requirements of Section 409A of the Code and related Treasury guidance.

(f) The actual or deemed reinvestment of dividends or dividend equivalents in additional Restricted Stock or Restricted Stock Units (or in other types of Awards) at the time of any dividend payment shall only be permissible if sufficient shares of Stock are available under Section 3 for such reinvestment (taking into account then outstanding Stock Options and other Awards).

(g) The Company and any Subsidiary or affiliate which is in existence or hereafter comes into existence shall not be liable to a Plan participant or any other Person as to: (i) the non-issuance or sale of Stock as to which the Company has been unable to obtain from any regulatory body having jurisdiction the authority deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Stock hereunder; and (ii) any tax consequence expected, but not realized, by any Plan participant or other Person due to the receipt, exercise or settlement of any Award granted hereunder.

(h) Neither the adoption of this Plan by the Board nor the submission of this Plan to the stockholders of the Company for approval shall be construed as creating any limitations on the power of the Board or the Committee to adopt such other incentive arrangements as either may deem desirable, including without limitation, the granting of restricted stock or stock options otherwise than under this Plan or an arrangement not intended to qualify under Section 162(m) of the Code, and such arrangements may be either generally applicable or applicable only in specific cases.

(i) The Plan and all awards made and actions taken thereunder shall be governed by and construed in accordance with the laws of the State of Delaware.

Section 14. Term of Plan

No Award shall be granted pursuant to the Plan on or after the tenth (10th) anniversary of the date of stockholder approval, but awards granted prior to such tenth (10th) anniversary may extend beyond that date.
