**Item 4.02 (a) Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.**

Management of Assurant, Inc. (the Company) has concluded that certain amounts were incorrectly classified in the Company's unaudited Consolidated Statements of Cash Flows for the periods ended March 31, 2006 and 2005 and June 30, 2006 and 2005, included in the Company's Quarterly Reports on Form 10-Q for the quarters ended March 31, 2006 and June 30, 2006 (the 2006 Forms 10-Q). In connection with the preparation of the Company's Consolidated Financial Statements for the period ended September 30, 2006, management of the Company concluded on November 9, 2006 that the Company should file Forms 10-Q/A restating the Consolidated Statements of Cash Flows included in the 2006 Forms 10-Q. Accordingly, the Consolidated Financial Statements for the periods ended March 31, 2006 and June 30, 2006 should not be relied upon. Correct classifications were included in the Company's unaudited Consolidated Statements of Cash Flows for the periods ended September 30, 2006 and 2005 included in the Company's Quarterly Report on Form 10-Q for the quarter ended September 30, 2006. The Company has implemented enhancements to its internal control over financial reporting, primarily with respect to the periodic analysis and review of the statement of cash flows, designed to provide reasonable assurance that errors of this type in the Company's Consolidated Statements of Cash Flows will not recur.

Although the restatements will affect the subtotals of cash flows from operating, investing and financing activities, they will have no impact on the net increase (decrease) in cash and cash equivalents for any previously reported period. The restatements will also have no impact on the Company's Consolidated Balance Sheets, Consolidated Statements of Operations or the related earnings per share amounts as of the end of or for any previously reported period.

The restatements are primarily attributable to the incorrect classification in prior periods of the net increase (decrease) in payables and receivables arising from investment purchases and sales that had not yet settled as of the end of the reporting period. In the affected previously reported Consolidated Statements of Cash Flows, changes in the net receivable/payable from unsettled investment purchases and sales were classified within adjustments to reconcile net income to net cash provided by operating activities. To the extent such balances pertained to investments classified as available for sale, changes in such balances should have been included within cash flows from investing activities, consistent with the related investments.

The above conclusions were reached in consultation with members of the Audit Committee of the Company's Board of Directors. The Company has informed our independent registered public accounting firm, PricewaterhouseCoopers LLP, of these matters.
