For Immediate Release

Bennett Environmental Inc. Appoints New CEO

Oakville, Ontario, November 20, 2006 - Bennett Environmental Inc. (TSX: BEV, AMEX:BEL) announced today the appointment of its new Chief Executive Officer, Jack Shaw, who will undertake this position immediately.

After a five month comprehensive search process, conducted by a leading executive search firm, the Company's Board of Directors concluded that Mr. Shaw's twenty-five years of senior management experience, especially in the area of sales and marketing with two leading environmental service companies, was one that fit with Bennett's immediate needs.

Bennett Environmental has spent a great deal of time restructuring its operations over the past five months for what the Company expects to be a resumption of revenue growth and profitability. Commented David Williams, Chairman of the Company's board, and with Jack's appointment, we now have the leadership required to truly move Bennett forward. Further, Mr. Williams commented that the board looks forward to Jack leveraging his past experiences of working with troubled companies and underperforming assets to broaden the Company's network and to building new relationships with customers and clients.

In the past Jack Shaw held executive positions with Laidlaw, Philip Services and Mosaic Chemical. He received his MBA from the University of Western Ontario's Ivey School of Business and his BA in Economics from Wilfrid Laurier University.
