ITEM 4.02 Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review

On March 26, 2007, the Audit Committee of the Board of Directors of Flow International Corporation (the Company) determined that the Condensed Consolidated Financial Statements for the three months ended July 31, 2006 and the six months ended October 31, 2006, included in the Company's Quarterly Reports on Form 10-Q for the fiscal quarters ended July 31, 2006 and October 31, 2006 (the Original Filings), respectively should not be relied upon because of errors in the Company's Condensed Consolidated Statements of Cash Flows as follows:

The Consolidated Statements of Cash Flows for both periods included a receipt of \$1,086,000 relating to the exercise of warrants and options as a cash flow from operating activity, rather than as a cash flow from financing activity,

The Consolidated Statements of Cash Flows for the three months ended July 31, 2006 and the six months ended October 31, 2006 reported \$140,000 and \$292,000, respectively, relating to Accounts Payable incurred to acquire property and equipment and intangible assets as cash flow from operating and investing activities rather than as a noncash investing activity, and

The Consolidated Statements of Cash Flows for the six months ended October 31, 2006 did not report \$579,000 of Accounts Payable incurred to acquire property and equipment, and intangible assets as a Supplemental Disclosure of Non Cash Investing Activity. These errors are not related to the Company's previously disclosed investigations of irregularities at its Asian and Korean operations.

The Company's management and the Audit Committee have discussed the matters disclosed in this report with Deloitte & Touche LLP, the Company's independent registered public accounting firm. The Company expects to file Amendments No. 1 on Form 10-Q/A to its Forms 10-Q for the quarters ended July 31, 2006 and October 31, 2006 shortly.
