Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers

On March 30, 2007, the Compensation Committee of our Board of Directors approved the 2007 Performance-Based Cash Bonus Program for our named executive officers (the 2007 Performance-Based Bonus Program). The amounts that are eligible to be paid pursuant to the 2007 Performance-Based Bonus Program are tied to our achievement of certain financial objectives described more fully below. For each of our named executive officers other than our Executive Vice President and Chief Operating Officer, the maximum bonus potential pursuant to the 2007 Performance-Based Bonus Program is equal to 100% of such executive's base salary. For our Executive Vice President and Chief Operating Officer, the maximum bonus potential is equal to \$375,000.

The amounts payable under the 2007 Performance-Based Bonus Program are dependent upon our achievement of target levels of revenue and adjusted earnings per share, with each component being given equal weight in determining overall bonus levels.

If we achieve less than 90% of the target for revenue or for adjusted earnings per share, then no amounts will be paid under the 2007 Performance-Based Bonus Program.

For every 1% we exceed a threshold of 90% of the revenue target (up to 100% of the revenue target), each executive's bonus will be increased by 2.50% such that, if we reach 100% of the revenue target, this component of the performance-based bonus will equal 25% of the executive's maximum bonus potential.

For every 1% we exceed a threshold of 90% of the adjusted earnings per share target (up to 100% of the adjusted earnings per share target), each executive's bonus will be increased by 2.50% such that, if we reach 100% of the adjusted earnings per share target, this component of the performance-based bonus will equal 25% of the executive's maximum bonus potential.

For every 1% we exceed 100% of the revenue target (up to 115% of the revenue target), each executive's bonus will be increased by 1.67% such that, if we reach 115% of the revenue target, this component of the performance-based bonus will equal 50% of the executive's maximum bonus potential.

For every 1% we exceed 100% of the adjusted earnings per share target (up to 115% of the adjusted earnings per share target), the executive's bonus will be increased accordingly by 1.67% such that if we reach 115% of the adjusted earnings per share target, this component of the performance-based bonus will equal 50% of the executive's maximum bonus potential.
