## Section 2 Financial Information

### Item 2.02. Results of Operations and Financial Condition.

On February 27, 2008, Greif, Inc. (the Company ) issued a press release (the Earnings Release ) announcing the financial results for its first quarter ended January 31, 2008. The full text of the Earnings Release is attached as Exhibit 99.1 to this Current Report on Form 8-K.

The Earnings Release included the following non-GAAP financial measures (the non-GAAP Measures ): (i) net income before restructuring charges and timberland disposals, net; (ii) diluted earnings per Class A share and per Class B share before restructuring charges and timberland disposals, net; and (iii) operating profit before restructuring charges and timberland disposals, net. Net income before restructuring charges and timberland disposals, net is equal to GAAP net income plus restructuring charges less timberland disposals, all net of taxes. Diluted earnings per Class A share and per Class B share before restructuring charges and timberland disposals, net is equal to GAAP diluted earnings per Class A share and per Class B share plus restructuring charges less timberland disposals, all net of taxes. Operating profit before restructuring charges and timberland disposals, net is equal to GAAP operating profit plus restructuring charges less timberland disposals, net.

The Company discloses the non-GAAP Measures described in Items (i) through (iii), above, because management believes that these non-GAAP Measures are a better indication of the Company s operational performance than GAAP net income, diluted earnings per Class A share and per Class B share and operating profit because they exclude restructuring charges, which are not representative of ongoing operations and timberland disposals, net, which are volatile from period to period. These non-GAAP Measures provide a more stable platform on which to compare the historical performance of the Company.
