PART 1 FINANCIAL INFORMATION

ITEM 1. FINANCIAL STATEMENTS

The following balance sheet as of December 31, 2007, which has been derived from audited financial statements, and the unaudited interim financial statements have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and note disclosures normally included in annual financial statements prepared in accordance with generally accepted accounting principles (GAAP) have been omitted pursuant to those rules and regulations, although the company believes that the disclosures made are adequate to make the information not misleading. It is suggested that these financial statements be read in conjunction with the financial statements and notes thereto included in the company's latest Annual Report on Form 10-K. In the opinion of management, all adjustments (consisting of normal, recurring adjustments) necessary for a fair presentation for the periods presented have been included. The results of operations for the three and nine months ended September 30, 2008 are not necessarily indicative of the results that may be expected for the full year.

Federal Realty Investment Trust
Notes to Consolidated Financial Statements

September 30, 2008

(Unaudited)

NOTE A SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Business and Organization

Federal Realty Investment Trust (the Trust) is an equity real estate investment trust specializing in the ownership, management, development and redevelopment of retail and mixed-use properties. Our properties are located primarily in densely populated and affluent communities in strategically selected metropolitan markets in the Mid-Atlantic and Northeast regions of the United States, as well as in California. As of September 30, 2008, we owned or had a majority interest in community and neighborhood shopping centers and mixed-use properties which are operated as 84 predominantly retail real estate projects.

We operate in a manner intended to enable us to qualify as a real estate investment trust (or REIT) for federal income tax purposes. A REIT that distributes at least 90% of its REIT taxable income to its shareholders each year and meets certain other conditions is not taxed on that portion of its taxable income which is distributed to its shareholders. Therefore, federal income taxes on our REIT taxable income have been and are generally expected to be immaterial. We are obligated to pay state taxes, generally consisting of franchise or gross receipts taxes in certain states. Such state taxes also have not been material.

We have elected to treat certain of our subsidiaries as taxable REIT subsidiaries, which we refer to as a TRS. In general, a TRS may engage in any real estate business and certain non-real estate businesses, subject to certain limitations under the Internal Revenue Code of 1986, as amended (the Code). A TRS is subject to federal and state income taxes. The sales of condominiums at Santana Row, which occurred between August 2005 and August 2006, and the sales of Bath Shopping Center, Key Road Plaza and Riverside Plaza in 2007 were conducted through a TRS. Other than these sales, our TRS activities have not been material.

Basis of Presentation

Our consolidated financial statements include the accounts of the Trust, its corporate subsidiaries, and all entities in which the Trust has a controlling interest or has been determined to be the primary beneficiary of a variable interest entity. The equity interests of other investors are reflected as minority interests. All significant intercompany transactions and balances are eliminated in consolidation. We account for our interests in joint ventures, which we do not control or manage, using the equity method of accounting. Certain amounts in the 2007 consolidated financial statements have been reclassified to conform to current period presentation.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, referred to as GAAP, requires management to make estimates and assumptions that in certain circumstances affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities, and revenues and expenses. These estimates are prepared using management's best judgment, after considering past, current and expected events and economic conditions. Actual results could differ from these estimates.

Table of Contents**Consolidated Statements of Cash Flows Supplemental Disclosures**

The following table provides supplemental disclosures related to the Consolidated Statements of Cash Flows:

	Nine Months Ended September 30,	
	2008	2007
	(In thousands)	
SUPPLEMENTAL DISCLOSURES:		
Total interest costs incurred	\$ 78,274	\$ 95,778

Note payable issued with acquisition	\$ 2,221	\$
Common shares issued with acquisition	\$	\$ 77,957
Preferred shares issued with acquisition	\$	\$ 9,997
DownREIT operating partnership units issued with acquisition	\$	\$ 16,358

New Accounting Pronouncements

In September 2006, the FASB issued SFAS No. 157, Fair Value Measurements (SFAS No. 157). SFAS No. 157 defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements. SFAS No. 157 applies to accounting pronouncements that require or permit fair value measurements, except for share-based payments under SFAS No. 123(R). We adopted the recognition and disclosure provisions of SFAS No. 157 for financial assets and financial liabilities and for nonfinancial assets and nonfinancial liabilities that are re-measured at least annually effective January 1, 2008; the adoption did not have a material impact on our financial position, results of operations or cash flows. In accordance with FSP SFAS No. 157-2, Effective Date of FASB Statement No. 157, we are required to adopt the provisions of SFAS No. 157 for all other nonfinancial assets and nonfinancial liabilities effective January 1, 2009 and do not expect the adoption to have a material impact on our financial position, results of operations or cash flows.

SFAS No. 157 establishes a hierarchy for inputs used in measuring fair value as follows:

1. Level 1 Inputs quoted prices in active markets for identical assets or liabilities
2. Level 2 Inputs observable inputs other than quoted prices in active markets for identical assets and liabilities
3. Level 3 Inputs unobservable inputs

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level within which the fair value measurement is categorized is based on the lowest level input that is significant to the fair value measurement. Our derivative instruments, as further discussed in Note D, are measured using Level 2 inputs.

Edgar Filing: FEDERAL REALTY INVESTMENT TRUST - Form 10-Q

In February 2007, the FASB issued SFAS No. 159, The Fair Value Option for Financial Assets and Financial Liabilities Including an Amendment of FASB Statement No. 115 (SFAS No. 159). This standard permits entities to choose to measure many financial instruments and certain other items at fair value and is effective for the first fiscal year beginning after November 15, 2007. We did not make this fair value election when we adopted SFAS No. 159 effective January 1, 2008, and, therefore, it did not have an impact on our financial position, results of operations, or cash flows.

In March 2008, the FASB issued SFAS No. 161, Disclosures about Derivative Instruments and Hedging Activities, an amendment of FASB Statement No. 133 (SFAS No. 161). SFAS No. 161 requires enhanced disclosures about an entity's derivative instruments and hedging activities and is effective for fiscal years beginning after November 15, 2008. We do not expect the adoption of SFAS No. 161 to have a material impact on our consolidated financial statements.

In June 2008, the FASB issued FSP EITF No. 03-6-1, Determining Whether Instruments Granted in Share-Based Payment Transactions Are Participating Securities (FSP EITF No. 03-6-1). Under the FSP, unvested share-based payment awards that contain non-forfeitable rights to receive dividends (whether paid or unpaid) are participating securities, and should be included in computation of EPS pursuant to the two-class method. The FSP is effective for fiscal years beginning after December 15, 2008. We are currently assessing the impact, if any, the adoption of FSP EITF No. 03-6-1 will have on our consolidated financial statements.

Table of Contents**NOTE B REAL ESTATE**

The following table provides a summary of the significant acquisitions we made during the nine months ended September 30, 2008:

Date	Property	City, State	Gross Leasable Area (In square feet)	Purchase Price (In millions)
May 30, 2008	Del Mar Village	Boca Raton, FL	154,000	\$ 41.7(1)(2)
July 11, 2008	7015 & 7045 Beracasa Way	Boca Raton, FL	24,000	6.7(2)(3)
July 16, 2008	Chelsea Commons Phase II	Chelsea, MA	26,000	8.0(4)
September 4, 2008	Courtyard Shops	Wellington, FL	127,000	37.9(2)(5)
September 25 and 30, 2008	Bethesda Row	Bethesda, MD	N/A	38.8(6)
		Total	331,000	\$ 133.1

- (1) Approximately \$1.7 million and \$7.4 million of the net assets acquired were allocated to other assets for above market leases and liabilities for below market leases, respectively.
- (2) In conjunction with the acquisitions of Del Mar Village, 7015 & 7045 Beracasa Way, and Courtyard Shops, we entered into Reverse Section 1031 like-kind exchange agreements with a third party intermediary. The exchange agreements are for a maximum of 180 days and allow us to defer gains on sale of other properties sold within this period. Until the earlier of termination of the exchange agreements or 180 days after the respective acquisition dates, the third party intermediary is the legal owner of each property, although we control each property and retain all of the economic benefits and risks associated with the property. Each property is held in a variable interest entity for which we are the primary beneficiary. Accordingly, we consolidate the properties and their operations.
- (3) As part of the preliminary purchase price allocation, approximately \$0.2 million of the net assets acquired were allocated to other assets for above market leases. This allocation will be finalized after various valuation studies are complete. The two buildings acquired are adjacent to our Del Mar Village shopping center.
- (4) As part of the preliminary purchase price allocation, approximately \$0.2 million and \$0.3 million of the net assets acquired were allocated to other assets for above market leases and liabilities for below market leases, respectively. This allocation will be finalized after various valuation studies are complete. This property includes four pad sites that are adjacent to our Chelsea Commons property.
- (5) The purchase price allocation is preliminary and will be finalized after various valuation studies are complete.
- (6) On September 25 and 30, 2008, we completed exchange transactions whereby we sold our fee interest in four land parcels that were subject to long-term ground leases with tenants and acquired the fee interest in two land parcels under our Bethesda Row property. Prior to the transactions, the land parcels at Bethesda Row were encumbered by capital lease obligations which were extinguished as part of the transactions. The transactions were completed as 1031 tax deferred exchange transactions and involved net cash paid to us of \$23.2 million.

The following table provides a summary of the significant dispositions we made during the nine months ended September 30, 2008.

Date	Property	City, State	Gross Leasable Area (In square feet)	Sales Price (In millions)	Gain (In millions)
September 25 and 30, 2008	Four Land Parcels: (1)			\$ 38.8	\$ 1.0
	The Shoppes at Nottingham Square	White Marsh, MD	134,000		
	White Marsh Other	White Marsh, MD	N/A(2)		
	White Marsh Other	White Marsh, MD	3,000		
	North Dartmouth	North Dartmouth, MA	135,000		

- (1) On September 25 and 30, 2008, we completed exchange transactions whereby we sold our fee interest in four land parcels that were subject to long-term ground leases with tenants and acquired the fee interest in two land parcels under our Bethesda Row property. Three of the land parcels we sold were in White Marsh, MD, and one parcel was in North Dartmouth, MA. The transactions were completed as

Edgar Filing: FEDERAL REALTY INVESTMENT TRUST - Form 10-Q

1031 tax deferred exchange transactions and involved net cash paid to us of \$23.2 million.

- (2) This land parcel was subject to a ground lease covering 50,000 square feet of office space not included in our gross leasable area.

Table of Contents

The revenues from all properties included in discontinued operations were \$0.7 million and \$6.4 million for the three months ended September 30, 2008 and 2007, respectively, and \$2.3 million and \$21.3 million for the nine months ended September 30, 2008 and 2007, respectively.

In September 2008, we applied for a refund of taxes paid to the state of California related to our TRS activities, primarily the condominium units sold in 2005 and 2006 at Santana Row. The refund related to the condominium units of \$1.1 million is included in gain on sale of real estate from discontinued operations.

NOTE C REAL ESTATE PARTNERSHIP

We have a joint venture arrangement (the Partnership) with affiliates of a discretionary fund created and advised by ING Clarion Partners (Clarion). We own 30% of the equity in the Partnership, and Clarion owns 70%. We are the manager of the Partnership and its properties, earning fees for acquisitions, dispositions, management, leasing, and financing. We also have the opportunity to receive performance-based earnings through our Partnership interest. We account for our interest in the Partnership using the equity method.

The following tables provide summarized operating results and the financial position of the Partnership:

	Three Months Ended September 30, 2008		Nine Months Ended September 30, 2007	
	2008	2007	2008	2007

---	-----------	-----------

NOTE D DEBT

We use derivative instruments to manage exposure to variable interest rate risk. We generally enter into interest rate swaps to manage our exposure to variable interest rate risk and treasury locks to manage the risk of interest rates rising prior to the issuance of debt. We enter into derivative instruments that qualify as cash flow hedges under SFAS No. 133, Accounting for Derivative Instruments and Hedging Activities and do not enter into derivative instruments for speculative purposes.

On February 21, 2008, we entered into two interest rate swap agreements to fix the variable portion of our \$200 million term note through November 6, 2008. The first swap fixed the variable rate at 2.725% on a notional amount of \$100 million and the second swap fixed the variable rate at 2.852% on a notional amount of \$100 million for a combined fixed rate of 2.789%. Both swaps were designated and qualified as cash flow hedges and are recorded at fair value.

We assess effectiveness of our cash flow hedges both at inception and on an ongoing basis. The effective portion of changes in fair value of our cash flow hedges is recorded in other comprehensive income, and the ineffective portion of changes in the fair value of

Table of Contents

our cash flow hedges is recognized in earnings in the period affected. Hedge ineffectiveness did not have an impact on earnings for the nine months ended September 30, 2008. The fair value of these swaps at September 30, 2008 is an asset of \$86,000 which is included in prepaid expenses and other assets on the balance sheet and accumulated other comprehensive income in the statement of shareholders' equity. The fair value of the interest rate swap agreements are based upon the estimated amounts we would receive or pay to terminate the contracts at the reporting date and are determined using interest rate market pricing models and observable inputs. Amounts reported in accumulated other comprehensive income will be reclassified to interest expense as interest payments are made on the variable rate debt through the termination date of November 6, 2008.

During the three and nine months ended September 30, 2008, the maximum amount of borrowings outstanding under our \$300 million revolving credit facility was \$142.0 million. The weighted average amount of borrowings outstanding was \$91.4 million and \$36.9 million for the three and nine months ended September 30, 2008, respectively. Our revolving credit facility had a weighted average interest rate, before amortization of debt fees, of 3.01% and 3.02% for the three and nine months ended September 30, 2008, respectively.

Our credit facility and certain notes require us to comply with various financial covenants, including the maintenance of minimum shareholder's equity and debt coverage ratios and a maximum ratio of debt to net worth. As of September 30, 2008, we were in compliance with all loan covenants.

On July 1, 2008, we paid off the \$9.6 million mortgage loan on Leesburg Plaza which had an original maturity date of October 1, 2008. This loan was repaid with funds borrowed on our \$300 million revolving credit facility.

On July 15, 2008, we exercised a one-year extension for our \$200 million term note and extended the maturity date to November 6, 2009.

On August 15, 2008, one of the holders redeemed \$20.8 million of the outstanding \$50.0 million balance of our 7.48% debentures. The notice period for additional redemptions has expired. These debentures were repaid with funds borrowed on our \$300 million revolving credit facility.

In connection with the acquisition of Courtyard Shops and two land parcels at Bethesda Row, we assumed three mortgage notes as follows:

Property	Fair Value (1) (In millions)	Maturity Date	Stated Annual Interest Rate
Courtyard Shops	\$ 8.1	July 1, 2012	6.87%
Bethesda Row	\$ 20.0	January 1, 2013	5.37%
Bethesda Row	\$ 4.4	February 1, 2013	5.05%

(1) The aggregate face amount of the mortgage notes is \$32.2 million. However, in accordance with GAAP, these mortgage notes were recorded at their aggregate fair value of \$32.5 million.

On September 25 and 30, 2008, we acquired the fee interest in two land parcels under our Bethesda Row property. Prior to the transactions, we had capital lease obligations totaling \$11.5 million on the two land parcels which were extinguished as part of the transactions.

NOTE E COMMITMENTS AND CONTINGENCIES

Warranty reserves for condominium units sold at Santana Row were established to cover potential costs for materials, labor and other items associated with warranty-type claims that may arise within the ten-year statutorily mandated latent construction defect warranty period. In 2006 and 2007, we increased our warranty reserves by \$2.5 million and \$5.1 million, respectively, net of taxes, related to defective work done by third party contractors while upgrades were made to certain units being prepared for sale. During 2007 and 2008, we evaluated the potentially affected units, and as of September 30, 2008, have substantially completed the inspections and repairs. The extent of the damages encountered in the units and the resulting costs to repair varied considerably amongst the units. As a result, we have adjusted the warranty reserve to reflect the actual costs expected to be incurred related to these issues which is approximately \$2.4 million, net of \$1.5 million of taxes. The change in the reserve of \$5.2 million is included in gain on sale of real estate from discontinued operations in the three and nine months ended September 30, 2008.

These amounts do not reflect any amounts we may recover in the future from insurance or the contractors responsible for the defective work. Due to the inherent uncertainty related to the recovery from insurance or the contractor, we are unable to estimate an expected recovery; any

Edgar Filing: FEDERAL REALTY INVESTMENT TRUST - Form 10-Q

recovery will be reflected in our financial statements once the amount is determinable, considered probable, and collectible.

We are currently a party to various legal proceedings. Other than as described below, we do not believe that the ultimate outcome of these matters, either individually or in the aggregate, could have a material adverse effect on our financial position or overall trends in

Table of Contents

results of operations; however, litigation is subject to inherent uncertainties. Also under our leases, tenants are typically obligated to indemnify us from and against all liabilities, costs and expenses imposed upon or asserted against us (1) as owner of the properties due to certain matters relating to the operation of the properties by the tenant, and (2) where appropriate, due to certain matters relating to the ownership of the properties prior to their acquisition by us.

We have a litigation matter filed against us in May 2003 which alleges that a one page document entitled Final Proposal, which included language that it was subject to approval of formal documentation, constituted a ground lease of a parcel of property located adjacent to our Santana Row property and gave the plaintiff the option to require that we acquire the property at a price determined in accordance with a formula included in the Final Proposal. A trial as to liability only was held in June 2006 and a jury rendered a verdict against us. A trial on the issue of damages was held in April 2008; however, the judge has not yet issued a ruling. Reports from our experts and the plaintiff's experts show potential damages ranging from \$600,000 to \$24 million. Pending the judge's ruling, we cannot make a reasonable estimate of potential damages. We intend to appeal the jury verdict; however, no appeal of the judgment can be taken until the judge issues his ruling on damages. If we are not successful in overturning the jury verdict, we will be liable for damages. Depending on the amount of damages awarded, it is possible there could be a material adverse impact on our net income in the period in which it becomes both probable that we will have to pay the damages and such damages can be reasonably estimated.

We are also involved in a litigation matter relating to a shopping center in New Jersey where a former tenant has alleged that we and our management agent acted improperly by failing to disclose a condemnation action at the property that was pending when the lease was signed. A trial as to liability only was concluded in April 2007, and in May 2008, a judgment was entered that ruled in our favor on certain legal issues and against us on other legal issues. As to those matters where the court ruled against us and determined that we are liable, a trial as to damages will be held but no trial date has yet been set. Because we have not completed discovery on the issue of damages, we cannot make a reasonable estimate of potential damages at this time. In lieu of pursuing an indemnification claim against the third party management agent that negotiated the lease on our behalf, we have entered into an agreement with the management agent that provides a framework for sharing litigation costs and payment of any damages that may be awarded to the plaintiff. Depending on the amount of damages actually awarded in this matter, and subject to the arrangement in place with the third party management agent, it is possible that there may be a material adverse impact on our net income in the period in which it becomes both probable that we will have to pay the damages and such damages can be reasonably estimated.

In any event, management does not believe that either matter, individually or in the aggregate, will have a material impact on our financial position.

NOTE F SHAREHOLDERS EQUITY

The following table provides a summary of dividends declared and paid per share:

	Nine Months Ended September 30,			
	2008		2007	
	Declared	Paid	Declared	Paid
Common shares	\$ 1.870	\$ 1.830	\$ 1.760	\$ 1.725
5.417% Series 1 Cumulative Convertible Preferred	\$ 1.016	\$ 1.016	\$ 0.767(1)	\$ 0.429(1)

- (1) The Series 1 Preferred Shares were issued on March 8, 2007. The dividend declared on the Series 1 Preferred Shares is for the period from March 8, 2007 through and including September 30, 2007. The dividend paid is for the period March 8, 2007 through and including September 30, 2007.

NOTE G COMPONENTS OF RENTAL INCOME

The principal components of rental income are as follows:

Three Months Ended		Nine Months Ended	
September 30,		September 30,	
2008	2007	2008	2007
(In thousands)			

Edgar Filing: FEDERAL REALTY INVESTMENT TRUST - Form 10-Q

Minimum rents				
Retail and commercial	\$ 92,294	\$ 87,332	\$ 273,123	\$ 256,649
Residential	4,845	3,935	12,970	11,277
Cost reimbursement	26,676	23,838	76,085	66,893
Percentage rent	1,298	1,125	5,428	4,692
Other	1,541	1,571	4,186	4,310
Total rental income	\$ 126,654	\$ 117,801	\$ 371,792	\$ 343,821

Table of Contents

Minimum rents include \$1.3 million and \$1.8 million for the three months ended September 30, 2008 and 2007, respectively, and \$4.2 million and \$6.2 million for the nine months ended September 30, 2008 and 2007, respectively, to recognize minimum rents on a straight-line basis. In addition, minimum rents include \$0.6 million and \$0.9 million for the three months ended September 30, 2008 and 2007, respectively, and \$1.9 million and \$2.2 million for the nine months ended September 30, 2008 and 2007, respectively, to recognize income from the amortization of in-place leases in accordance with SFAS No. 141. Residential minimum rents consist of the rental amounts for residential units at Rollingwood Apartments, the Crest at Congressional Plaza Apartments, Santana Row, and for 2008, Arlington East (Bethesda Row). The first rental units at Arlington East were delivered and became rent paying in late May 2008. Lease-up of these rental units will continue through 2008.

NOTE H SHARE-BASED COMPENSATION PLANS

A summary of share-based compensation expense included in net income is as follows:

	Three Months Ended September 30, 2008		Nine Months Ended September 30, 2007	
	2008	2007	2008	2007
	(In thousands)			
Share-based compensation incurred

Table of Contents**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS****Forward-Looking Statements**

The following discussion should be read in conjunction with the consolidated interim financial statements and notes thereto appearing in Item 1 of this report and the more detailed information contained in our Annual Report on Form 10-K for the year ended December 31, 2007 filed with the Securities and Exchange Commission on February 27, 2008.

This Form 10-Q contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, Section 21E of the Securities Exchange Act of 1934 and the Private Securities Litigation Reform Act of 1995. When we refer to forward-looking statements or information, sometimes we use words such as may, will, could, should, plans, intends, expects, believes, estimates, anticipates. Forward-looking statements are not historical facts or guarantees of future performance and involve certain known and unknown risks, uncertainties, and other factors, many of which are outside our control, that could cause actual results to differ materially from those we describe.

Given these uncertainties, readers are cautioned not to place undue reliance on any forward-looking statements that we make, including those in this Quarterly Report on Form 10-Q. Except as may be required by law, we make no promise to update any of the forward-looking statements as a result of new information, future events or otherwise. You should carefully review the risks and the risk factors included in our Annual Report on Form 10-K for the year ended December 31, 2007, before making any investments in us.

Overview

We are an equity real estate investment trust (REIT) specializing in the ownership, management, development and redevelopment of high quality retail and mixed-use properties located primarily in densely populated and affluent communities in strategically selected metropolitan markets in the Northeast and Mid-Atlantic regions of the United States, as well as in California. As of September 30, 2008, we owned or had a majority interest in community and neighborhood shopping centers and mixed-use properties which are operated as 84 predominantly retail real estate projects comprising approximately 18.1 million square feet. In total, the real estate projects were 95.5% leased and 94.8% occupied at September 30, 2008. A joint venture in which we own a 30% interest owned seven retail real estate projects totaling approximately 1.0 million square feet as of September 30, 2008. In total, the joint venture properties in which we own an interest were 97.6% leased at September 30, 2008.

2008 Property Acquisitions and Dispositions

The following table provides a summary of the significant acquisitions we made during the nine months ended September 30, 2008:

Date	Property	City, State	Gross Leasable Area (In square feet)	Purchase Price (In millions)
May 30, 2008	Del Mar Village	Boca Raton, FL	154,000	\$ 41.7(1)(2)
July 11, 2008	7015 & 7045 Beracasa Way	Boca Raton, FL	24,000	6.7(2)(3)
July 16, 2008	Chelsea Commons Phase II	Chelsea, MA	26,000	8.0(4)
September 4, 2008	Courtyard Shops	Wellington, FL	127,000	37.9(2)(5)
September 25 and 30, 2008	Bethesda Row	Bethesda, MD	N/A	38.8(6)
		Total	331,000	\$ 133.1

- (1) Approximately \$1.7 million and \$7.4 million of the net assets acquired were allocated to other assets for above market leases and liabilities for below market leases, respectively.
- (2) In conjunction with the acquisitions of Del Mar Village, 7015 & 7045 Beracasa Way, and Courtyard Shops, we entered into Reverse Section 1031 like-kind exchange agreements with a third party intermediary. The exchange agreements are for a maximum of 180 days and allow us to defer gains on sale of other properties sold within this period. Until the earlier of termination of the exchange agreements or 180 days after the respective acquisition dates, the third party intermediary is the legal owner of each property, although we control each

Edgar Filing: FEDERAL REALTY INVESTMENT TRUST - Form 10-Q

property and retain all of the economic benefits and risks associated with the property. Each property is held in a variable interest entity for which we are the primary beneficiary. Accordingly, we consolidate the properties and their operations.

- (3) As part of the preliminary purchase price allocation, approximately \$0.2 million of the net assets acquired were allocated to other assets for above market leases . This allocation will be finalized after various valuation studies are complete. The two buildings acquired are adjacent to our Del Mar Village shopping center.

Table of Contents

- (4) As part of the preliminary purchase price allocation, approximately \$0.2 million and \$0.3 million of the net assets acquired were allocated to other assets for above market leases and liabilities for below market leases, respectively. This allocation will be finalized after various valuation studies are complete. This property includes four pad sites that are adjacent to our Chelsea Commons property.
- (5) The purchase price allocation is preliminary and will be finalized after various valuation studies are complete.
- (6) On September 25 and 30, 2008, we completed exchange transactions whereby we sold our fee interest in four land parcels that were subject to long-term ground leases with tenants and acquired the fee interest in two land parcels under our Bethesda Row property. Prior to the transactions, the land parcels at Bethesda Row were encumbered by capital lease obligations which were extinguished as part of the transactions. The transactions were completed as 1031 tax deferred exchange transactions and involved net cash paid to us of \$23.2 million.

The following table provides a summary of the significant dispositions we made during the nine months ended September 30, 2008.

Date	Property	City, State	Gross Leasable Area (In square feet)	Sales Price (In millions)	Gain
September 25 and 30, 2008	Four Land Parcels: (1)			\$ 38.8	\$ 1.0
	The Shoppes at Nottingham Square	White Marsh, MD	134,000		
	White Marsh Other	White Marsh, MD	N/A(2)		
	White Marsh Other	White Marsh, MD	3,000		
	North Dartmouth	North Dartmouth, MA	135,000		

- (1) On September 25 and 30, 2008, we completed exchange transactions whereby we sold our fee interest in four land parcels that were subject to long-term ground leases with tenants and acquired the fee interest in two land parcels under our Bethesda Row property. Three of the land parcels we sold were in White Marsh, MD, and one parcel was in North Dartmouth, MA. The transactions were completed as 1031 tax deferred exchange transactions and involved net cash paid to us of \$23.2 million.
- (2) This land parcel was subject to a ground lease covering 50,000 square feet of office space not included in our gross leasable area. In September 2008, we applied for a refund of taxes paid to the state of California related to our TRS activities, primarily the condominium units sold in 2005 and 2006 at Santana Row. The refund related to the condominium units of \$1.1 million is included in gain on sale of real estate from discontinued operations.

Warranty reserves for condominium units sold at Santana Row were established to cover potential costs for materials, labor and other items associated with warranty-type claims that may arise within the ten-year statutorily mandated latent construction defect warranty period. In 2006 and 2007, we increased our warranty reserves by \$2.5 million and \$5.1 million, respectively, net of taxes, related to defective work done by third party contractors while upgrades were made to certain units being prepared for sale. During 2007 and 2008, we evaluated the potentially affected units, and as of September 30, 2008, have substantially completed the inspections and repairs. The extent of the damages encountered in the units and the resulting costs to repair varied considerably amongst the units. As a result, we have adjusted the warranty reserve to reflect the actual costs expected to be incurred related to these issues which is approximately \$2.4 million, net of \$1.5 million of taxes. The change in the reserve of \$5.2 million is included in gain on sale of real estate from discontinued operations in the three and nine months ended September 30, 2008.

These amounts do not reflect any amounts we may recover in the future from insurance or the contractors responsible for the defective work. Due to the inherent uncertainty related to the recovery from insurance or the contractor, we are unable to estimate an expected recovery; any recovery will be reflected in our financial statements once the amount is determinable, considered probable, and collectible.

2008 Significant Debt, Equity and Other Transactions

On February 21, 2008, we entered into two interest rate swap agreements to fix the variable portion of our \$200 million term note through November 6, 2008. The first swap fixed the variable rate at 2.725% on a notional amount of \$100 million and the second swap fixed the variable rate at 2.852% on a notional amount of \$100 million for a combined fixed rate of 2.789%. Both swaps were designated and qualified as cash flow hedges and are recorded at fair value, which was an asset of \$86,000 at September 30, 2008.

On July 1, 2008, we paid off the \$9.6 million mortgage loan on Leesburg Plaza which had an original maturity date of October 1, 2008. This loan was repaid with funds borrowed on our \$300 million revolving credit facility.

Edgar Filing: FEDERAL REALTY INVESTMENT TRUST - Form 10-Q

On July 15, 2008, we exercised a one-year extension for our \$200 million term note and extended the maturity date to November 6, 2009.

Table of Contents

On August 15, 2008, one of the holders redeemed \$20.8 million of the outstanding \$50.0 million balance of our 7.48% debentures. The notice period for additional redemptions has expired. These debentures were repaid with funds borrowed on our \$300 million revolving credit facility.

In connection with the acquisition of Courtyard Shops and two land parcels at Bethesda Row, we assumed three mortgage notes as follows:

Property	Fair Value (1) (In millions)	Maturity Date	Stated Annual Interest Rate
Courtyard Shops	\$ 8.1	July 1, 2012	6.87%
Bethesda Row	\$ 20.0	January 1, 2013	5.37%
Bethesda Row	\$ 4.4	February 1, 2013	5.05%

(1) The aggregate face amount of the mortgage notes is \$32.2 million. However, in accordance with GAAP, these mortgage notes were recorded at their aggregate fair value of \$32.5 million.

On September 25 and 30, 2008, we acquired the fee interest in two land parcels under our Bethesda Row property. Prior to the transactions, we had capital lease obligations totaling \$11.5 million on the two land parcels which were extinguished as part of the transactions.

Outlook

We seek growth in earnings, funds from operations, and cash flows primarily through a combination of the following:

growth in our same-center portfolio,

growth in our portfolio from property redevelopments, and

expansion of our portfolio through property acquisitions.

Our same-center growth is primarily driven by increases in rental rates on new leases and lease renewals. The infill nature and strong demographics of our properties provide a strategic advantage allowing us to maintain high occupancy and continue to increase rental rates. We seek to maintain a mix of strong national, regional, and local retailers. At September 30, 2008, no single tenant accounted for more than 2.6% of annualized base rent.

We continue to see a positive impact from redevelopment of our shopping centers. In 2008 and 2009, we have redevelopment projects with projected costs of approximately \$93 million and \$73 million, respectively, stabilizing. As redevelopment properties are completed, spaces that were out of service and newly created spaces begin generating revenue. In addition, spaces that were not out of service and that have expiring leases may generate higher revenue because we generally receive higher rent on new leases at improved centers.

We continue to review acquisition opportunities in our primary markets in the East and West regions that complement our portfolio and provide long term opportunities. Additionally, in 2008, we acquired two properties in South Florida and continue to evaluate further acquisitions in the South Florida market. Generally, our acquisitions do not initially contribute significantly to earnings growth; however, they provide long term re-leasing growth, redevelopment opportunities, and other strategic opportunities. Any growth from acquisitions is contingent on our ability to find properties that meet our qualitative standards at prices that meet our financial hurdles. Changes in interest rates may affect our success in achieving earnings growth through acquisitions by affecting both the price that must be paid to acquire a property, as well as our ability to economically finance the property acquisition.

The current downturn in the economy may impact the success of our tenants' retail operations and therefore the amount of rent and expense reimbursements we receive from our tenants. We have seen some tenants experiencing declining sales, vacating early, or filing for bankruptcy. Any reduction in our tenants' ability to pay base rent, percentage rent or other charges, will adversely affect our financial condition and results of

Edgar Filing: FEDERAL REALTY INVESTMENT TRUST - Form 10-Q

operations. Further, our ability to re-lease vacant spaces may be negatively impacted by the current economic environment. While we believe the locations of our centers and diverse tenant base should decrease the negative impact of the economic environment, we may see an increase in vacancy that could have a negative impact to our revenue. We continue to monitor our tenants' operating performance as well as trends in the retail industry to evaluate any future impact.

We continue to maintain a strong balance sheet and a conservative capital structure. We seek to maintain a staggered schedule of debt maturities such that a disproportionate amount of debt maturities does not occur in any one year.

At September 30, 2008, the leasable square feet in our shopping centers was 94.8% occupied and 95.5% leased. The leased rate is higher than the occupied rate due to leased spaces that are being redeveloped or improved or that are awaiting permits and, therefore, are not yet ready to be occupied. Our occupancy and leased rates are subject to variability over time due to factors including acquisitions, the timing of the start and stabilization of our redevelopment projects, lease expirations and tenant bankruptcies.

Table of Contents**Same-Center**

Throughout this section, we have provided certain information on a same-center basis. Information provided on a same-center basis includes the results of properties that we owned and operated for the entirety of both periods being compared except for properties for which significant development, redevelopment or expansion occurred during either of the periods being compared and properties classified as discontinued operations.

RESULTS OF OPERATIONS THREE MONTHS ENDED SEPTEMBER 30, 2008 AND 2007

	2008	2007	Change Dollars	%
	(Dollar amounts in thousands)			
Rental income	\$ 126,654	\$ 117,801	\$ 8,853	7.5%

Gain (loss) on sale of real estate from discontinued operations	7,438	(2,900)	10,338	-356.5%
Net income	\$ 37,102	\$ 23,515	\$ 13,587	57.8%

Property Revenues

Total property revenue increased \$8.2 million, or 6.6%, to \$131.8 million in the three months ended September 30, 2008 compared to \$123.6 million in the three months ended September 30, 2007. The percentage occupied at our shopping centers decreased slightly to 94.8% at September 30, 2008 compared to 95.1% at September 30, 2007. Changes in the components of property revenue are discussed below.

Rental Income

Rental income consists primarily of minimum rent, cost reimbursements from tenants and percentage rent. Rental income increased \$8.9 million, or 7.5%, to \$126.7 million in the three months ended September 30, 2008 compared to \$117.8 million in the three months ended September 30, 2007 due primarily to the following:

Edgar Filing: FEDERAL REALTY INVESTMENT TRUST - Form 10-Q

an increase of \$5.8 million at same-center properties due to increased rental rates on new and renewal leases and increased cost reimbursements,

an increase of \$2.4 million at redevelopment properties due primarily to increased rental rates on new leases including newly created spaces generating revenue and increased cost reimbursements, and

an increase of \$1.2 million attributable to properties acquired in 2008.

Other Property Income

Other property income decreased \$0.6 million, or 13.6%, to \$4.0 million in the three months ended September 30, 2008 compared to \$4.6 million in the three months ended September 30, 2007. Included in other property income are items which, although recurring, tend to fluctuate more than rental income from period to period, such as lease termination fees. This decrease is due primarily to a decrease in lease and other termination fees at same-center properties partially offset by an increase at redevelopment properties.

Table of Contents

Property Expenses

Total property expenses increased \$5.1 million, or 13.6%, to \$42.3 million in the three months ended September 30, 2008 compared to \$37.3 million in the three months ended September 30, 2007. Changes in the components of property expenses are discussed below.

Rental Expenses

Rental expenses increased \$2.3 million, or 9.3%, to \$27.6 million in the three months ended September 30, 2008 compared to \$25.2 million in the three months ended September 30, 2007. This increase is due primarily to the following:

an increase of \$1.3 million in repairs and maintenance and utilities at same-center and redevelopment properties,

an increase of \$0.6 million in marketing at same-center and redevelopment properties,

an increase of \$0.6 million in bad debt expense at same-center and redevelopment properties, and

an increase of \$0.3 million attributable to properties acquired in 2008,
partially offset by

a decrease of \$0.4 million in insurance expense at same-center properties.

As a result of the changes in rental income, rental expenses and other property income described above, rental expenses as a percentage of rental income plus other property income increased to 21.1% in the three months ended September 30, 2008 from 20.6% in the three months ended September 30, 2007.

Real Estate Taxes

Real estate tax expense increased \$2.7 million, or 22.7%, to \$14.8 million in the three months ended September 30, 2008 compared to \$12.0 million in the three months ended September 30, 2007. This increase is due primarily to an increase of \$2.6 million related to higher tax assessments at same-center and redevelopment properties and an increase of \$0.2 million related to properties acquired in 2008.

Property Operating Income

Property operating income increased \$3.1 million, or 3.6%, to \$89.4 million in the three months ended September 30, 2008 compared to \$86.3 million in the three months ended September 30, 2007. This increase is due primarily to the following:

growth in same-center earnings,

growth in earnings at redevelopment properties, and

earnings attributable to properties acquired in 2008.

Other

Edgar Filing: FEDERAL REALTY INVESTMENT TRUST - Form 10-Q

Interest Expense

Interest expense decreased \$3.4 million, or 11.8%, to \$25.3 million in the three months ended September 30, 2008 compared to \$28.7 million in the three months ended September 30, 2007. This decrease is due primarily to the following:

a decrease of \$2.1 million due to a lower overall weighted average borrowing rate,

a decrease of \$1.6 million due to the termination of the Mid-Pike and Huntington capital leases on October 26, 2007, as part of the acquisition of the fee interests in these properties, and

a decrease of \$0.8 million due to lower borrowings,
partially offset by

a decrease of \$1.1 million in capitalized interest due primarily to substantial completion of our Arlington East (Bethesda Row) and Linden Square projects.

Gross interest costs were \$26.2 million and \$30.7 million in the three months ended September 30, 2008 and 2007, respectively. Capitalized interest was \$0.8 million and \$1.9 million in the three months ended September 30, 2008 and 2007, respectively.

General and Administrative Expense

General and administrative expense decreased \$1.8 million, or 24.8%, to \$5.4 million in the three months ended September 30, 2008 compared to \$7.2 million in the three months ended September 30, 2007. The decrease is primarily due to lower personnel related costs and lower legal fees related to the litigation over a parcel of land adjacent to Santana Row and other legal matters.

Table of Contents*Depreciation and Amortization*

Depreciation and amortization expense increased \$3.6 million, or 14.4%, to \$28.6 million in the three months ended September 30, 2008 from \$25.0 million in the three months ended September 30, 2007. This increase is due primarily to acquisitions and capital improvements at same-center and redevelopment properties.

Income from Discontinued Operations

Income from discontinued operations represents the operating income of properties that have been disposed or will be disposed, which is required to be reported separately from results of ongoing operations. The reported operating income of \$0.4 million and \$2.0 million for the three months ended September 30, 2008 and 2007, respectively, represents the operating income for the period during which we owned properties sold in 2008 and 2007.

Gain (Loss) on Sale of Real Estate from Discontinued Operations

The gain on sale of real estate from discontinued operations of \$7.4 million for the three months ended September 30, 2008 consists primarily of a \$5.2 million decrease in the warranty reserve for condominium units sold at Santana Row in 2005 and 2006, \$1.1 million of accrued state tax refunds related to the initial sales of the condominium units, and the sale of four land parcels in Maryland and Massachusetts resulting in a \$1.0 million gain. The loss on sale of real estate from discontinued operations of \$2.9 million for the three months ended September 30, 2007 relates to an increase in the warranty reserve for condominiums sold in 2006 and 2005 at Santana Row.

Segment Results

We operate our business on an asset management model, where asset management teams are responsible for a portfolio of assets. We manage our portfolio as two operating regions: East and West. Asset management teams consist of asset managers, leasing agents, development staff and financial personnel, each of whom has responsibility for a distinct portfolio.

The following table provides selected key segment data for the three months ended September 30, 2008 and 2007. The results of properties classified as discontinued operations have been excluded for rental income, total revenue and property operating income from the following table.

	Three Months Ended September 30,	
	2008	2007
	(Dollars and square feet in thousands)	
East		
Rental income	\$ 97,975	\$ 92,314
Total revenue	\$ 101,553	\$ 96,643
Property operating income (1)	\$ 70,387	\$ 68,524
Property operating income as a percent of total revenue	69.3%	70.9%
Gross leasable area (square feet)	15,509	16,879
West		
Rental income	\$ 28,679	\$ 25,487
Total revenue	\$ 30,214	\$ 26,921
Property operating income (1)	\$ 19,058	\$ 17,785
Property operating income as a percent of total revenue	63.1%	66.1%
Gross leasable area (square feet)	2,621	2,628

- (1) Property operating income consists of rental income, other property income and mortgage interest income, less rental expenses and real estate taxes. This measure is used internally to evaluate the performance of our regional operations, and we consider it to be a significant measure.

East

Edgar Filing: FEDERAL REALTY INVESTMENT TRUST - Form 10-Q

Rental income for the East region increased \$5.7 million, or 6.1%, to \$98.0 million in the three months ended September 30, 2008 compared to \$92.3 million in the three months ended September 30, 2007 due primarily to the following:

an increase of \$2.6 million at same-center properties due primarily to increased rental rates on new and renewal leases and increased cost reimbursements,

an increase of \$2.4 million at redevelopment properties, and

an increase of \$1.2 million attributable to properties acquired in 2008.

Table of Contents

Property operating income for the East region increased \$1.9 million due primarily to the increase in rental income discussed above partially offset by a \$1.7 million increase in rental expense and a \$1.4 million increase in real estate taxes due primarily to higher assessments on our same-center and redevelopment properties and property acquisitions. As a result of these changes, the ratio of property operating income to total revenue for the East region decreased to 69.3% in the three months ended September 30, 2008 from 70.9% in the three months ended September 30, 2007. The gross leasable area in the East region decreased 1.4 million square feet due primarily to the sale of six properties in New Jersey in October 2007 and the sale of four land parcels in September 2008, the results of which are included in discontinued operations.

West

Rental income for the West region increased \$3.2 million, or 12.5%, to \$28.7 million in the three months ended September 30, 2008 from \$25.5 million in the three months ended September 30, 2007 due primarily to an increase of \$3.1 million at same-center properties due primarily to increased rental rates on new and renewal retail and residential leases and increased cost reimbursements.

Property operating income for the West region increased \$1.3 million due primarily to the increase in rental income discussed above partially offset by a \$1.4 million increase in real estate taxes due primarily to increased assessments and a \$0.7 million increase in rental expenses. As a result of these changes, the ratio of property operating income to total revenue for the West region decreased to 63.1% in the three months ended September 30, 2008 from 66.1% in the three months ended September 30, 2007.

RESULTS OF OPERATIONS NINE MONTHS ENDED SEPTEMBER 30, 2008 AND 2007

	2008	2007	Change Dollars	%
	(Dollar amounts in thousands)			
Rental income	\$ 371,792	\$ 343,821	\$ 27,971	8.1%
Other property income	12,015	9,550	2,465	25.8%
Mortgage interest income	3,342	3,386	(44)	-1.3%
Total property revenue	387,149	356,757	30,392	8.5%
Rental expenses	81,011	73,024	7,987	10.9%
Real estate taxes	41,331	33,767	7,564	22.4%
Total property expenses	122,342	106,791	15,551	14.6%
Property operating income	264,807	249,966	14,841	5.9%
Other interest income	662	623	39	6.3%
Income from real estate partnership	1,180	1,120	60	5.4%
Interest expense	(74,166)	(84,247)	10,081	-12.0%
General and administrative expense	(19,451)	(18,894)	(557)	2.9%
Depreciation and amortization	(81,837)	(75,450)	(6,387)	8.5%
Total other, net	(173,612)	(176,848)	3,236	-1.8%
Income from continuing operations before minority interests	91,195	73,118	18,077	24.7%
Minority interests	(4,056)	(4,309)	253	-5.9%
Income from discontinued operations	1,485	5,611	(4,126)	-73.5%
Gain (loss) on sale of real estate from discontinued operations	7,438	(1,051)	8,489	-807.7%
Net income	\$ 96,062	\$ 73,369	\$ 22,693	30.9%

Property Revenues

Edgar Filing: FEDERAL REALTY INVESTMENT TRUST - Form 10-Q

Total property revenue increased \$30.4 million, or 8.5%, to \$387.1 million in the nine months ended September 30, 2008 compared to \$356.8 million in the nine months ended September 30, 2007. The percentage occupied at our shopping centers decreased slightly to 94.8% at September 30, 2008 compared to 95.1% at September 30, 2007. Changes in the components of property revenue are discussed below.

Rental Income

Rental income consists primarily of minimum rent, cost reimbursements from tenants and percentage rent. Rental income increased \$28.0 million, or 8.1%, to \$371.8 million in the nine months ended September 30, 2008 compared to \$343.8 million in the nine months ended September 30, 2007 due primarily to the following:

an increase of \$11.3 million at same-center properties due to increased rental rates on new and renewal leases, increased cost reimbursements and increased percentage rent,

Table of Contents

an increase of \$10.4 million attributable to properties acquired in 2007 and 2008, and

an increase of \$7.2 million at redevelopment properties due primarily to increased rental rates on new leases including newly created spaces generating revenue and increased cost reimbursements.

Other Property Income

Other property income increased \$2.5 million, or 25.8%, to \$12.0 million in the nine months ended September 30, 2008 compared to \$9.6 million in the nine months ended September 30, 2007. Included in other property income are items which, although recurring, tend to fluctuate more than rental income from period to period, such as lease termination fees. This increase is due primarily to an increase in lease termination fees at redevelopment properties.

Property Expenses

Total property expenses increased \$15.6 million, or 14.6%, to \$122.3 million in the nine months ended September 30, 2008 compared to \$106.8 million in the nine months ended September 30, 2007. Changes in the components of property expenses are discussed below.

Rental Expenses

Rental expenses increased \$8.0 million, or 10.9%, to \$81.0 million in the nine months ended September 30, 2008 compared to \$73.0 million in the nine months ended September 30, 2007. This increase is due primarily to the following:

an increase of \$3.2 million in repairs and maintenance at same-center and redevelopment properties,

an increase of \$2.4 million attributable to properties acquired in 2007 and 2008,

an increase of \$1.2 million in bad debt expense at same-center and redevelopment properties,

an increase of \$1.0 million in marketing expense at redevelopment properties, and

an increase of \$0.7 million in utility expense at same-center and redevelopment properties, partially offset by

a decrease of \$1.1 million in insurance expense at same-center properties.

As a result of the changes in rental income, rental expenses and other property income described above, rental expenses as a percentage of rental income plus other property income increased to 21.1% in the nine months ended September 30, 2008 from 20.7% in the nine months ended September 30, 2007.

Real Estate Taxes

Real estate tax expense increased \$7.6 million, or 22.4%, to \$41.3 million in the nine months ended September 30, 2008 compared to \$33.8 million in the nine months ended September 30, 2007. This increase is due primarily to an increase of \$5.7 million related to higher tax assessments at same-center and redevelopment properties and an increase of \$1.9 million related to properties acquired in 2007 and 2008.

Property Operating Income

Edgar Filing: FEDERAL REALTY INVESTMENT TRUST - Form 10-Q

Property operating income increased \$14.8 million, or 5.9%, to \$264.8 million in the nine months ended September 30, 2008 compared to \$250.0 million in the nine months ended September 30, 2007. This increase is due primarily to the following:

earnings attributable to properties acquired in 2007 and 2008,

growth in earnings at redevelopment properties, and

growth in same-center earnings.

Other

Interest Expense

Interest expense decreased \$10.1 million, or 12.0%, to \$74.2 million in the nine months ended September 30, 2008 compared to \$84.2 million in the nine months ended September 30, 2007. This decrease is due primarily to the following:

a decrease of \$4.5 million due to a lower overall weighted average borrowing rate,

a decrease of \$4.5 million due to the termination of the Mid-Pike and Huntington capital leases on October 26, 2007, as part of the acquisition of the fee interests in these properties, and

a decrease of \$3.0 million due to lower borrowings,

Table of Contents

partially offset by

a decrease of \$1.9 million in capitalized interest due primarily to substantial completion of our Arlington East (Bethesda Row) and Linden Square projects

Gross interest costs were \$78.3 million and \$90.3 million in the nine months ended September 30, 2008 and 2007, respectively. Capitalized interest was \$4.1 million and \$6.0 million in the nine months ended September 30, 2008 and 2007, respectively.

General and Administrative Expense

General and administrative expense increased \$0.6 million, or 2.9%, to \$19.5 million in the nine months ended September 30, 2008, from \$18.9 million in the nine months ended September 30, 2007. The increase is due primarily to higher legal costs related to the litigation over a parcel of land adjacent to Santana Row and other legal matters partially offset by lower personnel related costs.

Depreciation and Amortization

Depreciation and amortization expense increased \$6.4 million, or 8.5%, to \$81.8 million in the nine months ended September 30, 2008 from \$75.5 million in the nine months ended September 30, 2007. This increase is due primarily to acquisitions and capital improvements at same-center and redevelopment properties.

Income from Discontinued Operations

Income from discontinued operations represents the operating income of properties that have been disposed or will be disposed, which is required to be reported separately from results of ongoing operations. The reported operating income of \$1.5 million and \$5.6 million for the nine months ended September 30, 2008 and 2007, respectively, represents the operating income for the period during which we owned properties sold in 2008 and 2007.

Gain (Loss) on Sale of Real Estate from Discontinued Operations

The gain on sale of real estate from discontinued operations of \$7.4 million for the nine months ended September 30, 2008 consists primarily of a \$5.2 million decrease in the warranty reserve for condominium units sold at Santana Row in 2005 and 2006, \$1.1 million of accrued state tax refunds related to the initial sales of the condominium units, and the sale of four land parcels in Maryland and Massachusetts resulting in a \$1.0 million gain. The loss on sale of real estate from discontinued operations of \$1.1 million during the nine months ended September 30, 2007 is due to a \$2.9 million increase in the warranty reserve, related to condominiums sold at Santana Row, partially offset by a gain of \$1.8 million primarily related to the sales of Bath Shopping Center, Key Road Plaza, and Riverside Plaza.

Table of Contents**Segment Results**

We operate our business on an asset management model, where asset management teams are responsible for a portfolio of assets. We manage our portfolio as two operating regions: East and West. Asset management teams consist of asset managers, leasing agents, development staff and financial personnel, each of whom has responsibility for a distinct portfolio.

The following table provides selected key segment data for the nine months ended September 30, 2008 and 2007. The results of properties classified as discontinued operations have been excluded for rental income, total revenue and property operating income from the following table.

	Nine Months Ended September 30,	
	2008	2007
(Dollars and square feet in thousands)		
East		
Rental income	\$ 288,832	\$ 266,760
Total revenue	\$ 300,387	\$ 275,923
Property operating income (1)	\$ 208,977	\$ 196,462
Property operating income as a percent of total revenue	69.6%	71.2%
Gross leasable area (square feet)	15,509	16,879
West		
Rental income	\$ 82,960	\$ 77,061
Total revenue	\$ 86,762	\$ 80,834
Property operating income (1)	\$ 55,830	\$ 53,504
Property operating income as a percent of total revenue	64.3%	66.2%
Gross leasable area (square feet)	2,621	2,628

- (1) Property operating income consists of rental income, other property income and mortgage interest income, less rental expenses and real estate taxes. This measure is used internally to evaluate the performance of our regional operations, and we consider it to be a significant measure.

East

Rental income for the East region increased \$22.1 million, or 8.3%, to \$288.8 million in the nine months ended September 30, 2008 compared to \$266.8 million in the nine months ended September 30, 2007 due primarily to the following:

an increase of \$10.2 million attributable to properties acquired in 2007 and 2008,

an increase of \$6.7 million at redevelopment properties, and

an increase of \$6.1 million at same-center properties due primarily to increased rental rates on new and renewal leases and increased cost reimbursements.

Property operating income for the East region increased \$12.5 million due primarily to the increase in rental income discussed above and an increase in lease termination fees. These increases in income were partially offset by a \$6.5 million increase in rental expense due to the acquisition of properties and increases in expenses at same-center and redevelopment properties, and a \$5.5 million increase in real estate taxes due primarily to the acquisition of properties and higher assessments on our same-center and redevelopment properties. As a result of these changes, the ratio of property operating income to total revenue for the East region decreased to 69.6% in the nine months ended September 30, 2008 from 71.2% in the nine months ended September 30, 2007. The gross leaseable area in the East region decreased 1.4 million square feet due primarily to the sale of six properties in New Jersey in October 2007 and the sale of four land parcels in September 2008, the results of which are included in discontinued operations.

Edgar Filing: FEDERAL REALTY INVESTMENT TRUST - Form 10-Q

West

Rental income for the West region increased \$5.9 million, or 7.7%, to \$83.0 million in the nine months ended September 30, 2008 from \$77.1 million in the nine months ended September 30, 2007 due primarily to the following:

an increase of \$5.2 million at same-center properties due primarily to increased residential rental rates at Santana Row, increased rental rates on new and renewal retail leases, and increased percentage rent,

an increase of \$0.5 million at redevelopment properties, and

an increase of \$0.2 million attributable to a property acquired in 2007.

Table of Contents

Property operating income for the West region increased \$2.3 million due primarily to the increase in rental income discussed above partially offset by a \$2.1 million increase in real estate taxes and a \$1.5 million increase in rental expenses. As a result of these changes, the ratio of property operating income to total revenue for the West region decreased to 64.3% in the nine months ended September 30, 2008 from 66.2% in the nine months ended September 30, 2007.

New Accounting Standards

In September 2006, the FASB issued SFAS No. 157, Fair Value Measurements (SFAS No. 157). SFAS No. 157 defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements. SFAS No. 157 applies to accounting pronouncements that require or permit fair value measurements, except for share-based payments under SFAS No. 123(R). We adopted the recognition and disclosure provisions of SFAS No. 157 for financial assets and financial liabilities and for nonfinancial assets and nonfinancial liabilities that are re-measured at least annually effective January 1, 2008; the adoption did not have a material impact on our financial position, results of operations or cash flows. In accordance with FSP SFAS No. 157-2, Effective Date of FASB Statement No. 157 , we are required to adopt the provisions of SFAS No. 157 for all other nonfinancial assets and nonfinancial liabilities effective January 1, 2009 and do not expect the adoption to have a material impact on our financial position, results of operations or cash flows.

In February 2007, the FASB issued SFAS No. 159, The Fair Value Option for Financial Assets and Financial Liabilities Including an Amendment of FASB Statement No. 115 (SFAS No. 159). This standard permits entities to choose to measure many financial instruments and certain other items at fair value and is effective for the first fiscal year beginning after November 15, 2007. We did not make this fair value election when we adopted SFAS No. 159 effective January 1, 2008, and, therefore, it did not have an impact on our financial position, results of operations, or cash flows.

In March 2008, the FASB issued SFAS No. 161, Disclosures about Derivative Instruments and Hedging Activities, an amendment of FASB Statement No. 133 (SFAS No. 161). SFAS No. 161 requires enhanced disclosures about an entity's derivative instruments and hedging activities and is effective for fiscal years beginning after November 15, 2008. We do not expect the adoption of SFAS No. 161 to have a material impact on our consolidated financial statements.

In June 2008, the FASB issued FSP EITF No. 03-6-1, Determining Whether Instruments Granted in Share-Based Payment Transactions Are Participating Securities (FSP EITF No. 03-6-1). Under the FSP, unvested share-based payment awards that contain non-forfeitable rights to receive dividends (whether paid or unpaid) are participating securities, and should be included in computation of EPS pursuant to the two-class method. The FSP is effective for fiscal years beginning after December 15, 2008. We are currently assessing the impact, if any, the adoption of FSP EITF No. 03-6-1 will have on our consolidated financial statements.

Liquidity and Capital Resources

Due to the nature of our business and strategy, we generally generate significant amounts of cash from operations. The cash generated from operations is primarily paid to our shareholders in the form of dividends. As a REIT, we must generally make annual distributions to shareholders of at least 90% of our REIT taxable income.

Our short-term liquidity requirements consist primarily of obligations under our capital and operating leases, normal recurring operating expenses, regular debt service requirements (including debt service relating to additional or replacement debt, as well as scheduled debt maturities), recurring expenditures, non-recurring expenditures (such as tenant improvements and redevelopments) and dividends to common and preferred shareholders. Overall capital requirements in 2008 will depend upon acquisition opportunities, the level of improvements and redevelopments on existing properties and the timing and cost of development of future phases of existing properties.

Our long-term capital requirements consist primarily of maturities under our long-term debt, development and redevelopment costs and potential acquisitions. We expect to fund these through a combination of sources which we believe will be available to us, including additional and replacement secured and unsecured borrowings, issuance of additional equity, joint venture relationships relating to existing properties or new acquisitions and property dispositions. While we expect the funds will be available to us, the current downturn in the economy and dislocation in the capital markets could impair availability of funds and lead to less favorable interest rates when utilizing secured and unsecured borrowings.

The cash needed to execute our strategy and invest in new properties, as well as to pay our debt at maturity, must come from one or more of the following sources:

Edgar Filing: FEDERAL REALTY INVESTMENT TRUST - Form 10-Q

cash provided by operations that is not distributed to shareholders,

proceeds from the issuance of new debt or equity securities, or

proceeds from property dispositions.

It is management's intention that we continually have access to the capital resources necessary to expand and develop our business. As a result, we intend to operate with and maintain a conservative capital structure that will allow us to maintain strong debt service coverage and fixed-charge coverage ratios as part of our commitment to investment-grade debt ratings. We may, from time to time, seek to obtain funds by the following means:

additional equity offerings,

Table of Contents

unsecured debt financing and/or mortgage financings, and

other debt and equity alternatives, including formation of joint ventures, in a manner consistent with our intention to operate with a conservative debt structure.

The following factors could affect our ability to meet our liquidity requirements:

we may be unable to obtain debt or equity financing on favorable terms, or at all, as a result of our financial condition or market conditions at the time we seek additional financing;

restrictions in our debt instruments or preferred stock equity may prohibit us from incurring debt or issuing equity at all or on acceptable terms under then-prevailing market conditions; and

we may be unable to service additional or replacement debt due to increases in interest rates or a decline in our operating performance.

We seek to maintain a staggered schedule of debt maturities such that a disproportionate amount of debt maturities does not occur in any one year. The largest year of maturities is in 2009 totaling \$388.9 million of which \$200 million matures in November 2009 and \$175 million matures in December 2009. We intend to address the refinancing of this debt in advance of the respective maturities.

Cash and cash equivalents were \$49.0 million at September 30, 2008, which is a \$1.7 million decrease from the balance of cash and cash equivalents at December 31, 2007. Cash and cash equivalents are not a good indicator of our liquidity. We have a \$300.0 million unsecured revolving credit facility that matures July 27, 2010, subject to a one-year extension at our option. We have had no disruption in funding from any of the banks in our credit facility and expect our lenders will continue to provide funds under our credit facility.

Summary of Cash Flows

	Nine Months Ended September 30,	
	2008	2007
	(In thousands)	
Cash provided by operating activities	\$ 174,504	\$ 158,734
Cash used in investing activities	(167,207)	(130,063)
Cash used in financing activities	(8,997)	(29,885)
Decrease in cash and cash equivalents	(1,700)	(1,214)
Cash and cash equivalents, beginning of year	50,691	11,495
Cash and cash equivalents, end of period	\$ 48,991	\$ 10,281

Net cash provided by operating activities increased \$15.8 million to \$174.5 million during the nine months ended September 30, 2008 from \$158.7 million during the nine months ended September 30, 2007. The increase was primarily attributable to \$19.5 million higher net income before gain on sale of real estate, income from real estate partnership, depreciation and amortization, minority interests, and other non-cash expenses.

Net cash used in investing activities increased \$37.1 million to \$167.2 million during the nine months ended September 30, 2008 from \$130.1 million during the nine months ended September 30, 2007. The increase was primarily attributable to:

Edgar Filing: FEDERAL REALTY INVESTMENT TRUST - Form 10-Q

\$50.0 million increase in acquisitions of real estate,

\$13.8 million decrease in proceeds from sale of real estate,
partially offset by

\$20.4 million decrease in contributions to our unconsolidated real estate partnership due to acquisitions by the real estate partnership
in 2007, and

\$7.7 million decrease in capital expenditures.

Table of Contents

Net cash used in financing activities decreased \$20.9 million to \$9.0 million during the nine months ended September 30, 2008 from \$29.9 million during the nine months ended September 30, 2007. The decrease was primarily attributable to:

\$59.0 million increase in net borrowings on our revolving credit facility,
partially offset by

\$20.8 million repayment of senior debentures,

\$11.2 million increase in dividends paid to shareholders due to an increase in the dividend rate and increased number of shares outstanding, and

\$9.7 million increase in repayment of mortgages, capital leases and notes payable due substantially to the payoff of the Leesburg mortgage in July 2008.

Off-Balance Sheet Arrangements

We are joint venture partners in eight restaurants at Santana Row. Our investment balance in the restaurant joint ventures was approximately \$7.6 million and \$7.9 million at September 30, 2008 and December 31, 2007, respectively. Our equity in earnings from the restaurant joint ventures was \$1.0 million and \$1.6 million for the nine months ended September 30, 2008 and 2007, respectively.

We have a joint venture arrangement (the Partnership) with affiliates of a discretionary fund created and advised by ING Clarion Partners (Clarion). We own 30% of the equity in the Partnership, and Clarion owns 70%. We are the manager of the Partnership and its properties, earning fees for acquisitions, management, leasing and financing. We also have the opportunity to receive performance-based earnings through our Partnership interest. We account for our interest in the Partnership using the equity method. In total, at September 30, 2008, the Partnership had \$81.4 million of mortgages payable outstanding.

Table of Contents*Debt Financing Arrangements*

The following is a summary of our total debt outstanding as of September 30, 2008:

Description of Debt	Original Debt Issued	Principal Balance as of September 30, 2008 (Dollars in thousands)	Stated Interest Rate as of September 30, 2008	Maturity Date

- 1) Mortgage loans do not include our 30% share (\$24.4 million) of the \$81.4 million debt of the partnership with a discretionary fund created and advised by ING Clarion Partners.
- 2) This mortgage loan and accrued interest was paid off on October 6, 2008.

Table of Contents

- 3) The interest rate of 6.04% represents the weighted average interest rate for two mortgage loans secured by this property. The loan balance represents an interest only loan of \$4.35 million at a stated rate of 6.18% and the remaining balance at a stated rate of 5.96%.
- 4) We acquired control of Melville Mall through a 20-year master lease and secondary financing. Because we control this property and retain substantially all of the economic benefit and risk associated with it, this property is consolidated and the mortgage loan is reflected on the balance sheet, though it is not our legal obligation.
- 5) The interest rate is fixed at 5.66% for the first ten years and then will be reset to a market rate in 2013. The lender has the option to call the loan on April 15, 2013 or any time thereafter.
- 6) In July 2008, we exercised our option and extended the maturity date from November 6, 2008 to November 6, 2009. On February 21, 2008, we entered into two interest rate swap agreements to fix the variable portion of this debt through November 6, 2008. The first swap fixed the variable rate at 2.725% on a notional amount of \$100 million and the second swap fixed the variable rate at 2.852% on a notional amount of \$100 million for a combined fixed rate of 2.789%. The weighted average effective interest rate, before amortization of debt fees, was 3.41% and 3.68% for the three and nine months ended September 30, 2008, respectively.
- 7) The maximum amount drawn under our revolving credit facility during both the three and nine months ended September 30, 2008 was \$142.0 million. The weighted average effective interest rate on borrowings under our revolving credit facility, before amortization of debt fees, was 3.01% and 3.02% for the three and nine months ended September 30, 2008, respectively. This credit facility matures on July 27, 2010, subject to a one-year extension at our option.
- 8) The bonds require monthly interest only payments through maturity. The bonds bear interest at a variable rate determined weekly, which would enable the bonds to be remarketed at 100% of their principal amount. The property is not encumbered by a lien.
- 9) On August 15, 2008, one of the holders redeemed \$20.8 million of the outstanding \$50.0 million balance. The notice period for additional redemptions has expired.

Our credit facility and other debt agreements include financial and other covenants that may limit our operating activities in the future. As of September 30, 2008, we were in compliance with all of the financial and other covenants. If we were to breach any of our debt covenants and did not cure the breach within any applicable cure period, our lenders could require us to repay the debt immediately and, if the debt is secured, could immediately begin proceedings to take possession of the property securing the loan. Many of our debt arrangements, including our public notes and our credit facility, are cross-defaulted, which means that the lenders under those debt arrangements can put us in default and require immediate repayment of their debt if we breach and fail to cure a covenant or default under certain of our other debt obligations. As a result, any default under our debt covenants could have an adverse effect on our financial condition, our results of operations, our ability to meet our obligations and the market value of our shares. Our organizational documents do not limit the level or amount of debt that we may incur.

The following is a summary of our debt maturities as of September 30, 2008:

	Secured	Capital Lease	Unsecured	Total
	(In thousands)			
Remainder of 2008	\$ 2,671	\$ 295	\$ 33	\$ 2,999
2009	11,579	1,216	376,141	388,936
2010	7,714	1,305	129,861(1)	138,880
2011	45,039	1,399	75,720	122,158
2012	14,661	1,500	175,728	191,889
2013 and thereafter	310,916	58,068	538,629	907,613
	\$ 392,580	\$ 63,783	\$ 1,296,112	\$ 1,752,475(2)

- 1) Our \$300 million four-year revolving credit facility matures on July 27, 2010, subject to a one-year extension at our option. As of September 30, 2008, there was \$129.0 million drawn under this credit facility.
- 2) The total debt maturities differs from the total reported on the consolidated balance sheet due to the unamortized net premium or discount on certain mortgage loans, senior notes and debentures as of September 30, 2008.

Interest Rate Hedging

We use derivative instruments to manage exposure to variable interest rate risk. We generally enter into interest rate swaps to manage our exposure to variable interest rate risk and treasury locks to manage the risk of interest rates rising prior to the issuance of debt. We enter into derivative instruments that qualify as cash flow hedges under SFAS No. 133, Accounting for Derivative Instruments and Hedging Activities and

do not enter into derivative instruments for speculative purposes.

Table of Contents

On February 21, 2008, we entered into two interest rate swap agreements to fix the variable portion of our \$200 million term note through November 6, 2008. The first swap fixed the variable rate at 2.725% on a notional amount of \$100 million and the second swap fixed the variable rate at 2.852% on a notional amount of \$100 million for a combined fixed rate of 2.789%. Both swaps were designated and qualified as cash flow hedges and are recorded at fair value.

We assess effectiveness of our cash flow hedges both at inception and on an ongoing basis. The effective portion of changes in fair value of our cash flow hedges is recorded in other comprehensive income, and the ineffective portion of changes in the fair value of our cash flow hedges is recognized in earnings in the period affected. Hedge ineffectiveness did not have an impact on earnings for the nine months ended September 30, 2008. The fair value of these swaps at September 30, 2008 is an asset of \$86,000, which is included in prepaid expenses and other assets on the balance sheet and accumulated other comprehensive income in the statement of shareholders' equity. The fair value of the interest rate swap agreements are based upon the estimated amounts we would receive or pay to terminate the contracts at the reporting date and are determined using interest rate market pricing models and observable inputs. Amounts reported in accumulated other comprehensive income will be reclassified to interest expense as interest payments are made on the variable rate debt through the termination date of November 6, 2008.

Funds From Operations

Funds from operations (FFO) is a supplemental non-GAAP financial measure of real estate companies' operating performance. The National Association of Real Estate Investment Trusts (NAREIT) defines FFO as follows: net income, computed in accordance with the U.S. GAAP, plus depreciation and amortization of real estate assets and excluding extraordinary items and gains and losses on the sale of real estate. We compute FFO in accordance with the NAREIT definition, and we have historically reported our FFO available for common shareholders in addition to our net income and net cash provided by operating activities. It should be noted that FFO:

does not represent cash flows from operating activities in accordance with GAAP (which, unlike FFO, generally reflects all cash effects of transactions and other events in the determination of net income);

should not be considered an alternative to net income as an indication of our performance; and

is not necessarily indicative of cash flow as a measure of liquidity or ability to fund cash needs, including the payment of dividends. We consider FFO available for common shareholders a meaningful, additional measure of operating performance primarily because it excludes the assumption that the value of the real estate assets diminishes predictably over time, as implied by the historical cost convention of GAAP and the recording of depreciation. We use FFO primarily as one of several means of assessing our operating performance in comparison with other REITs. Comparison of our presentation of FFO to similarly titled measures for other REITs may not necessarily be meaningful due to possible differences in the application of the NAREIT definition used by such REITs.

An increase or decrease in FFO available for common shareholders does not necessarily result in an increase or decrease in aggregate distributions because our Board of Trustees is not required to increase distributions on a quarterly basis unless necessary for us to maintain REIT status. However, we must distribute at least 90% of our REIT taxable income (including net capital gain) to remain qualified as a REIT. Therefore, a significant increase in FFO will generally require an increase in distributions to shareholders although not necessarily on a proportionate basis.

Table of Contents

The reconciliation of net income to FFO available for common shareholders is as follows:

	Three Months Ended		Nine Months Ended	
	September 30, 2008	September 30, 2007	September 30, 2008	September 30, 2007
	(In thousands, except per share data)			
Net income	\$ 37,102	\$ 23,515	\$ 96,062	\$ 73,369
(Gain) loss on sale of real estate	(7,438)	2,900	(7,438)	1,051
Depreciation and amortization of real estate assets	26,037	23,651	74,037	71,910
Amortization of initial direct costs of leases	2,136	1,945	6,441	6,122
Depreciation of joint venture real estate assets	331	324	992	915
Funds from operations	58,168	52,335	170,094	153,367
Dividends on preferred stock	(136)	(136)	(406)	(307)
Income attributable to operating partnership units	244	279	707	923
Funds from operations available for common shareholders	\$ 58,276	\$ 52,478	\$ 170,395	\$ 153,983
Weighted average number of common shares, diluted (1)	59,327	57,148	59,280	56,885
Funds from operations available for common shareholders, per diluted share	\$ 0.98	\$ 0.92	\$ 2.87	\$ 2.71

- (1) The weighted average common shares used to compute FFO per diluted common share includes operating partnership units that were excluded from the computation of diluted EPS. Conversion of these operating partnership units is dilutive in the computation of FFO per diluted common share but is anti-dilutive in the computation of diluted EPS for the periods presented.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Our use of financial instruments, such as debt instruments, subjects us to market risk which may affect our future earnings and cash flows, as well as the fair value of our assets. Market risk generally refers to the risk of loss from changes in interest rates and market prices. We manage our market risk by attempting to match anticipated inflow of cash from our operating, investing and financing activities with anticipated outflow of cash to fund debt payments, dividends to common and preferred shareholders, investments, capital expenditures and other cash requirements.

We also enter into certain types of derivative financial instruments to further reduce interest rate risk. We use interest rate protection and swap agreements, for example, to convert some of our variable rate debt to a fixed-rate basis or to hedge anticipated financing transactions. We use derivatives for hedging purposes rather than speculation and do not enter into financial instruments for trading purposes. We are exposed to credit loss in the event of non-performance by the counter party to our interest rate swap agreements used to fix the variable portion of our \$200 million term note. The counter party of these swaps has a long-term debt rating of AA- by Standards and Poor's Rating Service and Aa2 by Moody's Investor Service as of September 30, 2008.

Interest Rate Risk

The following discusses the effect of hypothetical changes in market rates of interest on interest expense for our variable rate debt and on the fair value of our total outstanding debt, including our fixed-rate debt. Interest rate risk amounts were determined by considering the impact of hypothetical interest rates on our debt. This analysis does not purport to take into account all of the factors that may affect our debt, such as the effect that a changing interest rate environment could have on the overall level of economic activity or the action that our management might take to reduce our exposure to the change. This analysis assumes no change in our financial structure.

Fixed Interest Rate Debt

Edgar Filing: FEDERAL REALTY INVESTMENT TRUST - Form 10-Q

The majority of our outstanding debt obligations (maturing at various times through 2031 or through 2106 including capital lease obligations) have fixed interest rates which limit the risk of fluctuating interest rates. However, interest rate fluctuations may affect the fair value of our fixed rate debt instruments. At September 30, 2008, we had \$1.4 billion of fixed-rate debt outstanding. On February 21, 2008, we entered into two interest rate swap agreements to fix the variable portion of our \$200 million term note through November 6, 2008 which effectively fixed the interest rate on the term note. If interest rates on our fixed-rate debt instruments at September 30, 2008 had been 1.0% higher, the fair value of those debt instruments on that date would have decreased by approximately \$54.4 million. If interest rates on our fixed-rate debt instruments at September 30, 2008 had been 1.0% lower, the fair value of those debt instruments on that date would have increased by approximately \$55.0 million.

Table of Contents

Variable Interest Rate Debt

We believe that our primary interest rate risk is due to fluctuations in interest rates on our variable rate debt. At September 30, 2008, we had \$138.4 million of variable rate debt outstanding excluding the \$200 million term loan as the interest rate is effectively fixed through November 6, 2008, by our two swap agreements. Based upon this amount of variable rate debt, if interest rates increased 1.0%, our annual interest expense would increase by approximately \$1.4 million, and our net income and cash flows for the year would decrease by approximately \$1.4 million. Conversely, if interest rates decreased 1.0%, our annual interest expense would decrease by approximately \$1.4 million, and our net income and cash flows for the year would increase by approximately \$1.4 million.

ITEM 4. CONTROLS AND PROCEDURES

Periodic Evaluation and Conclusion of Disclosure Controls and Procedures

An evaluation has been performed, under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of September 30, 2008. Based on this evaluation, our management, including our Chief Executive Officer and Chief Financial Officer, concluded that our disclosure controls and procedures were effective as of September 30, 2008 to provide reasonable assurance that information required to be disclosed in our reports filed or submitted under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the Securities and Exchange Commission.

Changes in Internal Control Over Financial Reporting

There has been no change in our internal controls over financial reporting during the quarterly period covered by this report that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

Table of Contents

PART II OTHER INFORMATION

Item 1. Legal Proceedings

In May 2003, First National Mortgage Company filed a complaint against us in the United States District Court for the Northern District of California. The complaint alleged that a one page document entitled Final Proposal, which included language that it was subject to approval of formal documentation, constituted a ground lease of a parcel of property located adjacent to our Santana Row property and gave First National Mortgage Company the option to require that we acquire the property at a price determined in accordance with a formula included in the Final Proposal. A trial as to liability only was held in June 2006 and a jury rendered a verdict against us. A trial on the issue of damages was held in April 2008; however, the judge has not yet issued a ruling. Reports from our experts and the plaintiff's experts show potential damages ranging from \$600,000 to \$24 million. Pending the judge's ruling, we cannot make a reasonable estimate of potential damages. We intend to appeal the jury verdict; however, no appeal of the judgment can be taken until the judge issues his ruling on damages. If we are not successful in overturning the jury verdict, we will be liable for damages. Depending on the amount of damages awarded, it is possible, there could be a material adverse impact on our net income in the period in which it becomes both probable that we will have to pay the damages and such damages can be reasonably estimated.

We are also involved in a litigation matter relating to a shopping center in New Jersey where a former tenant has alleged that we and our management agent acted improperly by failing to disclose a condemnation action at the property that was pending when the lease was signed. A trial as to liability only was concluded in April 2007, and in May 2008, a judgment was entered that ruled in our favor on certain legal issues and against us on other legal issues. As to those matters where the court ruled against us and determined that we are liable, a trial as to damages will be held but no trial date has yet been set. Because we have not completed discovery on the issue of damages, we cannot make a reasonable estimate of potential damages at this time. In lieu of pursuing an indemnification claim against the third party management agent that negotiated the lease on our behalf, we have entered into an agreement with the management agent that provides a framework for sharing litigation costs and payment of any damages that may be awarded to the plaintiff. Depending on the amount of damages actually awarded in this matter, and subject to the arrangement in place with the third party management agent, it is possible that there may be a material adverse impact on our net income in the period in which it becomes both probable that we will have to pay the damages and such damages can be reasonably estimated.

In any event, management does not believe that either matter, individually or in the aggregate, will have a material impact on our financial position.

Item 1A. Risk Factors

There have been no material changes to the risk factors previously disclosed in our Annual Report for the year ended December 31, 2007 filed with the Securities and Exchange Commission on February 27, 2008. These factors include, but are not limited to, the following:

risks that our tenants will not pay rent or that we may be unable to renew leases or re-let space at favorable rents as leases expire;

risks that we may not be able to proceed with or obtain necessary approvals for any redevelopment or renovation project, and that any redevelopment or renovation project that we do pursue may not perform as anticipated;

risks that the number of properties we acquire for our own account, and therefore the amount of capital we invest in acquisitions, may be impacted by our real estate partnership;

risks normally associated with the real estate industry, including risks that:

occupancy levels at our properties and the amount of rent that we receive from our properties may be lower than expected,

completion of anticipated or ongoing property redevelopments or renovations may cost more, take more time to complete, or fail to perform as expected,

new acquisitions may fail to perform as expected,

competition for acquisitions could result in increased prices for acquisitions,

environmental issues may develop at our properties and result in unanticipated costs, and

because real estate is illiquid, we may not be able to sell properties when appropriate;

risks that our growth will be limited if we cannot obtain additional capital;

risks of financing, such as our ability to consummate additional financings or obtain replacement financing on terms which are acceptable to us, our ability to meet existing financial covenants and the limitations imposed on our operations by those covenants, and the possibility of increases in interest rates that would result in increased interest expense; and

Table of Contents

risks related to our status as a real estate investment trust, commonly referred to as a REIT, for federal income tax purposes, such as the existence of complex tax regulations relating to our status as a REIT, the effect of future changes in REIT requirements as a result of new legislation, and the adverse consequences of the failure to qualify as a REIT.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

None.

Item 3. Defaults Upon Senior Securities

None.

Item 4. Submission of Matters to a Vote of Security Holders

None.

Item 5. Other Information

None.

Item 6. Exhibits

A list of exhibits to this Quarterly Report on Form 10-Q is set forth on the Exhibit Index immediately preceding such exhibits and is incorporated herein by reference.
