**Item 1.01. Entry into a Material Definitive Agreement**

On October 20, 2010, DaVita Inc. (the Company) entered into a new \$3 billion senior secured credit agreement. The senior secured credit agreement provides for a \$250 million senior secured revolving credit facility maturing in October 2015, a \$1 billion senior secured term loan A maturing in October 2015 and a \$1.75 billion senior secured term loan B maturing in October 2016.

Loans made under the term facility and the revolving facility will bear interest at a rate based on LIBOR (which will, with respect to the term loan B facility, be subject to a floor of 1.50%) plus a margin. The margin is initially 2.75% for the revolving credit facility and the term loan A and 3.00% for the term loan B. The Company paid the lenders for the term loan B facility a closing fee in the form of original issue discount equal to 0.5%. The margin for the revolving credit facility and the term loan A is subject to leverage-based step-downs, and the margin for the term loan B is subject to a ratings-based step-down.

The senior secured credit agreement contains financial and operating covenants. Financial covenants include a maximum leverage ratio, a minimum consolidated interest coverage ratio and a limitation on capital expenditures. Operating covenants include limitations on the Company's ability to incur additional indebtedness, grant liens on assets, make significant asset dispositions and investments and pay dividends.

All obligations under the senior secured credit agreement are, subject to certain exceptions, guaranteed by each of the Company's domestic subsidiaries and secured by substantially all of the tangible and intangible assets of the Company and such guarantors.
