***Compensation Committee Conclusions Regarding Executive Compensation Program and Policies***

The Compensation Committee believes that the compensation packages of the named executive officers support the Company's short-term and long-term goals by providing an appropriate and balanced mix of compensation elements, which include short-term incentives that reward executives for current performance and the achievement of near-term goals and long-term incentives that reward executives for financial performance over a sustained period and strengthen mutuality of interests between the named executive officers and shareholders. The Compensation Committee believes that the combination of these different elements provides an appropriate balance of incentives, rewards and benefits to the Company's executives and enables the Company to meet its desired compensation objectives, strengthen its ability to attract and retain highly qualified individuals and appropriately link pay to performance.

The Compensation Committee believes it is important in setting compensation for its named executive officers that its compensation program and practices be analyzed each year by a nationally recognized independent compensation consultant. As described in detail below, in light of (i) an annual compensation analysis performed by Towers Watson, (ii) the review of and advice relating to the Company's compensation policies and practices by the Cook firm, (iii) the Company's financial results and (iv) other Company and individual accomplishments, the Compensation Committee believes that the amounts of 2010 actual total compensation for the named executive officers are consistent with Company objectives and the competitive market. In addition, the Compensation Committee believes that various elements of the Company's executive compensation program effectively achieve the objective of aligning compensation with performance measures that are directly related to the Company's financial goals and creation of increased shareholder value without encouraging executives to take unnecessary and excessive risks.

**Process for Setting Executive Compensation**

The Compensation Committee is responsible for establishing and reviewing policies governing salaries and benefits, annual performance awards, incentive compensation, special cash bonuses and the terms and conditions of employment for the Company's senior executives, including the Chief Executive Officer, or CEO, and each of the other named executive officers. The Compensation Committee is also responsible for ensuring that named executive officers of the Company are compensated in a manner consistent with these policies. The Compensation Committee approves the CEO's salary in connection with the annual performance appraisal of the CEO, which is conducted by the Board. The Board approves the annual performance award for the CEO, based on the recommendation of the Compensation Committee.

The Company's executive compensation policies are applied in the same manner to all of the named executive officers. The differences in amounts of compensation for each named executive officer reflect the significant differences in the scope of responsibilities and authority attributed to their respective positions, their individual performance and their experience.

In performing its responsibilities with respect to executive compensation decisions, the Compensation Committee receives information and support from the Company's Human Resources Department and two nationally-recognized executive compensation consultants. For 2010, Towers Watson served as executive compensation consultant to the Company and the Compensation Committee. During 2010, Towers Watson:

periodically met with management and participated in Compensation Committee meetings,

analyzed competitive levels of each element of compensation for each of the named executive officers,

## Edgar Filing: - Form

provided information regarding executive compensation trends, and

advised the Compensation Committee regarding modifications to the Company's executive compensation program to assist the Company in meeting its executive compensation goals.

Towers Watson prepared a detailed report and analysis that was reviewed by the Cook firm and the Compensation Committee and served as guidance for the Compensation Committee in establishing the compensation of the named executive officers for 2010.

In addition, the Cook firm, the Compensation Committee's and the Corporate Governance Committee's independent compensation consultant, also advised the Compensation Committee during 2010. The executive compensation consultant's role with the Compensation Committee is to provide independent advice and counsel. The Compensation Committee does not delegate authority to executive compensation consultants or to other parties. During 2010, the Cook firm:

prepared a detailed report that reviewed trends in executive compensation and contained a competitive review of compensation levels for each of the named executive officers and a specific review of each of the components of the Company's executive compensation program,

consulted with the Compensation Committee and provided analysis regarding a compensation recoupment policy, the reduction of perquisites to named executive officers, and the Company's executive compensation peer group, and

prepared a report in February 2010 considering the impact of the Company's compensation program and the incentives created by the compensation awards that it administers on the Company's risk profile, which concluded that the risks arising from the Company's compensation policies and practices for employees are not reasonably likely to have a material adverse effect on the Company.

#### **Factors Considered in Determining Executive Compensation**

The Compensation Committee continually reviews throughout the year each component of executive compensation by reviewing various relevant compensation reports prepared by the Company's Chief Administrative Officer and, as described above, the executive compensation consultants. These reports include competitive pay practices, the value of all Company compensation paid, including base salary, annual and long-term incentive compensation, Company matching contributions on deferred compensation, outstanding equity awards, benefits, perquisites and potential payments under various termination scenarios. The Compensation Committee also regularly reviews tally sheets, the purpose of which is to provide a framework for the Compensation Committee to determine whether the Company's executive compensation program is consistent with current competitive practices. The Compensation Committee also reviews the CEO's evaluation of the performance of the other named executive officers as well as his recommendations related to their compensation. The Compensation Committee approves any adjustments to compensation based on an evaluation of each executive's individual performance and the competitive compensation market. With respect to the CEO, the Compensation Committee reviews the CEO's performance evaluation conducted by the Board, as well as performance relative to pre-determined annual objectives.

The Compensation Committee considers a variety of factors in coming to decisions regarding compensation for the named executive officers. Competitive market information is an important consideration, but not the only one.

*Market competitiveness.* The Compensation Committee periodically reviews and relies upon competitive market information and reports on executive compensation practices from Towers Watson regarding competitive pay levels and compensation structures. In setting compensation levels for the named executive officers and other executives, the Compensation Committee aims to provide target compensation in the aggregate, and generally for each element that is competitive, and therefore approximates the 50<sup>th</sup> percentile (or the market median) for comparable positions at companies of similar size, or with data adjusted to account for differences in revenues, included in the market comparisons conducted by the executive compensation consultant (the peer group). Individual compensation may be more or less than the median compensation amount when warranted by individual or corporate performance. Because of the variability inherent in market data and adjustments required in applying such data to the Company's executive compensation program, based on the advice of Towers Watson, the Compensation Committee considers compensation that is within 15% above or below the median to be within a competitive range of the market median. The comparison to the market median is done on a position by position basis and takes into account the relative responsibilities and authority of each named executive officer.

For 2010, the peer group consisted of 105 services industry companies. Towers Watson assumed Company revenue of \$3.35 billion for purposes of compiling the peer group (as compared to reported revenues of \$3.135 billion for the year ended December 31, 2009, for the Company). A complete list of the peer group companies is set forth on Exhibit A to this proxy statement. The peer group data contained in the market comparisons were based on 2009 information as adjusted by Towers Watson through July 2010.

Towers Watson advised the Compensation Committee that the impact of the economic crisis of 2008-2009, coupled with greater external scrutiny of boards of directors and management, had made the process of determining executive compensation levels and structures for 2010 more challenging than in previous years. Towers Watson noted that in late 2008 and early 2009, many companies, including the Company, adjusted their pay programs in response to these changed circumstances. In connection with the Compensation Committee's initial setting of 2010 total target compensation, Towers Watson advised that most companies planned to provide base salary increases, but other issues, such as

## Edgar Filing: - Form

the amount of long-term incentive awards, remained uncertain. Towers Watson subsequently advised the Compensation Committee that reduced long-term incentive awards were appropriate for 2010 based on its market review, and the Compensation Committee took this advice into account in its long-term incentive compensation decisions as discussed below. Based on its analysis, Towers Watson concluded that the Company's overall current total target compensation for each of the named executive officers is within a competitive range around the market median.

During 2010, the Compensation Committee also reviewed, with the assistance of the Cook firm, the peer group of companies used by Towers Watson in the annual compensation survey. After reviewing the analysis prepared by the Cook firm, the Compensation Committee determined that the peer group information was an accurate representation of the market upon which to assist the Compensation Committee in determining compensation amounts for the named executive officers.

The following table sets forth the total compensation competitive market information reviewed by the Compensation Committee in making 2010 compensation decisions for the named executive officers. For purposes of the table below, total compensation includes base salary as of December 31, 2010, 2010 KEIP bonus payments, 2010-2012 MPIP target awards and 2010 equity awards.

Name	2010 Median Total Compensation(a)(b)	2010 Actual Total Compensation(b)(c)	2010 Actual Total Compensation as a Percentage of 2010 Median Total Compensation
Michael T. Dan President, Chief Executive Officer and Chairman of the Board	\$ 4,155,000	\$ 4,151,675	99.92%
Joseph W. Dziedzic Vice President and Chief Financial Officer	1,390,000	1,330,316	95.71
Frank T. Lennon Vice President and Chief Administrative Officer	1,065,000	1,050,855	98.67
McAlister C. Marshall, II Vice President and General Counsel	1,065,000	923,522	86.72
Matthew A.P. Schumacher Controller	510,000	453,095	88.84

- (a) Determined using 2009 peer group information adjusted by Towers Watson through July 2010.
- (b) Value of stock option awards included in total 2010 compensation calculated using assumptions from Company averages for financial reporting process.
- (c) Does not include the restricted stock units granted to the named executive officers in November 2010 as a one-time partial offset to the loss of certain perquisites.

*Other Factors*

The Compensation Committee considers a variety of factors in coming to decisions regarding compensation for the named executive officers in addition to competitive market information. The other main factors include:

*Performance.* The Company's policy is to provide the named executive officers with compensation opportunities that are based upon their individual performance, the performance of the Company and their contribution to that performance. The Compensation Committee considers these performance factors when approving adjustments to the compensation of the named executive officers.

Because of the timing of the Compensation Committee's 2010 executive compensation decisions, many of these decisions took into account the Company's 2009 financial results and other accomplishments achieved under the leadership of the named executive officers. In addition, in setting 2010 compensation, the Compensation Committee considered that the 2010 Company performance would likely be impacted by the effects of a slow global economic recovery. As more fully discussed below under "Executive Compensation Program Components Annual Bonus Awards 2010 Payouts," the Compensation Committee also considered the Company's 2010 financial results and other accomplishments achieved under the leadership of the named executive officers when making decisions regarding 2010 KEIP payments.

*Mix of current and long-term compensation.* Because the successful operation of the Company's business requires a long-term approach, an emphasis of the program is on long-term compensation by means of long-term incentives. The Compensation Committee believes that this emphasis on long-term compensation aligns the named executive officers' interests with the economic interests of the Company's shareholders and with the Company's business objectives.

## Edgar Filing: - Form

*Impact and mix of cash vs. non-cash compensation.* The Compensation Committee considers both the cost and the motivational value of the various components of compensation. The Compensation Committee has determined that current compensation base salary and annual bonuses should be delivered in cash, but that long-term incentive compensation should include a combination of long-term cash incentives and stock-based compensation so that the long-term financial rewards available to the named executive officers are linked to increases in the Company's value over the long-term. The Compensation Committee believes that this also aligns the named executive officers' interests with the economic interests of the Company's shareholders.

*Amount of accumulated or prior year's compensation.* A named executive officer's annual compensation, including long-term incentives, should reflect the named executive officer's current and expected future performance and his contribution to the Company's current and expected future performance. While the Compensation Committee reviews accumulated or outstanding compensation, there is not a direct relationship between the amounts of realizable or potentially realizable payments and the decisions regarding pay in the current year.

### **Executive Compensation Program Components**

The Company's executive compensation program for its named executive officers consists of the following elements:

#### ***Base Salary***

The Compensation Committee instituted a salary freeze for all of the Company's executives, including the named executive officers, effective January 1, 2009, in conjunction with and in support of the Company's cost reduction initiatives due to the global economic recession that negatively impacted the Company's operating results during the second half of 2008 and during 2009.

In February 2010, the Compensation Committee, after reviewing relevant market data and consulting with Towers Watson, determined to lift the base salary freeze and allow increases in base salaries for the named executive officers. Given the global economic uncertainty at the beginning of 2010, however, the Compensation Committee continued to closely monitor 2010 salary planning. The Compensation Committee considered the following factors in making 2010 base salary decisions for each named executive officer:

the 2009 salary freeze;

the market median base salary for comparable positions in companies in the peer group;

the importance of the particular position to the Company;

the difficulty in replacing the executive;

the executive's individual performance;

internal alignment considerations;

inflation; and

the median total compensation for companies in the peer group.

The relative weight given to each factor varied with each position and individual and was within the sole discretion of the Compensation Committee. Decisions regarding the individual performance factor identified above and used by the Compensation Committee in making base salary decisions for each named executive officer, other than Mr. Dan, were based on Mr. Dan's recommended salary adjustments based on his evaluation of each officer's individual performance for the prior year. Decisions regarding the individual performance factor identified above and used in making base salary decisions for Mr. Dan were based on the Board's review of Mr. Dan's individual performance for the prior year.

The following table sets forth the competitive market information reviewed by the Compensation Committee in setting 2010 base salaries for each of the named executive officers, 2010 base salaries and the percentage of the annual base salary for each named executive officer as compared to the peer group:

Edgar Filing: - Form

<b>Name</b>	<b>2010 Median Base Salary(a)</b>	<b>Annual Base Salary Rate as of December 31, 2010</b>	<b>2010 Compensation Ratio(b)</b>
Mr. Dan	\$ 960,000	\$ 1,107,250	115%
Mr. Dziejdzic	480,000	463,000	96
Mr. Lennon	410,000	427,500	104
Mr. Marshall	410,000	368,000	90
Mr. Schumacher	255,000	231,500	91

(a) Determined using 2009 peer group information adjusted by Towers Perrin through July 2010.

(b) Percentage of the 2010 annual base salary for each named executive officer as compared to the peer group median.

The Compensation Committee approved increases in 2010 base salaries for Messrs. Dziejdzic, Lennon, Marshall and Schumacher, which ranged from 2.9% to 5.1%. With respect to the base salary increases for Messrs. Dziejdzic, Lennon, Marshall and Schumacher, the Compensation Committee noted (1) each of these named executive officers' base salaries, as adjusted for the 2010 base salary increases, fell within the competitive range of the market median for median base salaries, (2) such increases were in-line with the market trend of 2010 base salary increases for executive officers in the United States, (3) each named executive officer's

individual performance and (4) such increases were consistent with base salary increases within the rest of the Company. Mr. Dan's salary was not increased, but was maintained at the same level as his 2009 salary. The Compensation Committee notes that Mr. Dan's salary is at the upper end of the competitive range due in part to the Company's transformation over the past few years from a large conglomerate into a smaller, more focused security company with lower revenue.

**Annual Bonus Awards**

*Key Employees Incentive Plan.* The KEIP is designed to provide financial incentives for certain employees of the Company, including the Company's named executive officers, because the Company believes their performance in fulfilling the responsibilities of their positions can significantly affect the profitable growth and future prospects of the Company. The KEIP provides an opportunity for the named executive officers to earn additional annual cash compensation based upon the following three performance factors:

the named executive officer's individual performance;

the results achieved by the Company, including revenue and operating profit levels, cash flow, earnings per share, safety and security results and other quantitative and nonquantitative measurements; and

the results achieved by the named executive officer's unit or department.

The CEO's annual cash compensation under the KEIP is based upon the first two factors only.

All annual incentive payments are discretionary, with the Compensation Committee recommending to the Board the payment for the CEO and establishing payments for the other named executive officers after reviewing the recommendations of the CEO.

*2010 Target Award Opportunities.* The CEO recommended to the Compensation Committee competitive incentive targets under the KEIP for the named executive officers. The target incentive was expressed as a percentage of the participant's annual base salary as of the end of the year and was designed to be indicative of the incentive payment that each participant would expect to receive on the basis of strong performance by the individual, the Company and, in the case of the named executive officers other than the CEO, the named executive officer's unit or department. After reviewing competitive market information and the CEO's recommendations, the Compensation Committee approved 2010 target incentives for each of the named executive officers.

The following table sets forth the competitive market information reviewed by the Compensation Committee in setting 2010 KEIP incentive targets for each of the named executive officers.

Name	2010 Median Target Annual Bonus(a)		2010 Target KEIP Bonus		2010 Target KEIP Bonus (\$) as a Percentage of 2010 Median Target Annual Bonus
	(%) of salary	(\$)	(%) of salary	(\$)	(\$)
Mr. Dan	106	1,020,000	100	1,107,250	109%
Mr. Dziejdzic	64	305,000	65	300,950	99
Mr. Lennon	58	235,000	55	235,125	100
Mr. Marshall	58	235,000	55	202,400	86
Mr. Schumacher	42	105,000	40	92,600	88

(a) Determined using 2009 peer group information adjusted by Towers Watson through July 2010.

Actual payments under the KEIP could have ranged from 0% to 200% of each named executive officer's target incentive award based on the results of the performance factors described above, applied and considered at the discretion of the Compensation Committee.

## Edgar Filing: - Form

*2010 Payouts.* For purposes of awarding actual payments under the KEIP in 2010 for each of the named executive officers who participated in the 2010 KEIP program, the Compensation Committee generally reviewed target payouts that gave individual performance a weight factor of 50%, and each of unit or department and Company performance weight factors of 25%. In the case of the CEO, individual performance and Company performance were each weighted 50%.

In determining actual 2010 KEIP bonuses, the Compensation Committee reviewed the recommendations of the CEO, who gave significant weight to (1) the Company's ability to withstand the global economic recession and deliver financial results that did not meet internal expectations but did demonstrate measured improvement over the financial results of 2009, (2) 2010 Company adjusted revenues of \$3.1 billion, an increase of 8% compared with 2009 adjusted revenues, (3) 2010 adjusted earnings per share from continuing operations of \$1.71, an increase of 47% compared with 2009 adjusted earnings per share, and (4) unit and department results that met performance expectations. The adjusted financial results are non-GAAP financial measures. For more information about these results, please refer to the Company's Annual Report on Form 10-K for the year ended December 31, 2010.

## Edgar Filing: - Form

The Compensation Committee also recognized the following other significant individual contributions by the named executive officers who participated in the 2010 KEIP program: (1) managing the Company during a slow global economic recovery; (2) continuing to implement the Company's long-term strategy of investing in new opportunities in emerging markets and business adjacencies with strong growth potential, through acquisitions in Mexico, Canada and Russia; and (3) providing value-added services to the Company's operations.

Based on the foregoing factors and after exercising the discretion referred to above, the following 2010 annual KEIP bonuses were awarded:

Name	2010 Actual KEIP Bonus
Mr. Dan	\$ 950,000
Mr. Dzedzic	300,000
Mr. Lennon	220,000
Mr. Marshall	200,000
Mr. Schumacher	85,000

### *Long-Term Incentive Compensation*

For 2010, the Compensation Committee reviewed and considered competitive market information at or near the 50<sup>th</sup> percentile of the peer group, and, as discussed below, established combined long-term incentive compensation opportunities (MPIP target bonus and equity award) within the competitive range of the 50<sup>th</sup> percentile of the peer group for the named executive officers. The Compensation Committee considered the following factors in determining the amount of long-term incentive compensation opportunities awarded to the named executive officers in 2010:

an initial report by Towers Watson concluding that long-term incentive opportunity values among companies in the peer group were generally uncertain and subsequent advice from Towers Watson that reduced long-term incentive awards were appropriate for 2010 based on its market review;

peer group median long-term incentive amounts;

the executive's performance;

the executive's potential future contributions to the Company;

the current compensation of the executive;

the importance of the executive to the Company over the long term, and the executive's performance relative to his or her peers within the Company;

retention issues and concerns; and

the median total compensation for companies in the peer group.

The Compensation Committee applies a dollar-based approach for determining levels of long-term equity incentive compensation. The Compensation Committee believes that a dollar-based approach is more appropriate than an approach based on a given number of shares, reflects the current practice of most of the companies in the peer group and results in total long-term incentive compensation for the named executive officers that is closer to the targeted range.

## Edgar Filing: - Form

The following table sets forth the competitive market information reviewed by the Compensation Committee in setting 2010 combined long-term incentive opportunities for each of the named executive officers:

Name	2010 Median Total Long-Term Incentive Compensation(a)(b)	Total 2010 Long-Term Incentive Compensation(b)(c)(d)	Total 2010 Long-Term Incentive Compensation as a Percentage of Median Total Long-Term Incentive Compensation
Mr. Dan	\$ 2,175,000	\$ 2,093,750	96%
Mr. Dziejcz	605,000	572,500	95
Mr. Lennon	420,000	407,375	97
Mr. Marshall	420,000	367,375	87
Mr. Schumacher	150,000	138,375	92

(a) Determined using 2009 peer group information adjusted by Towers Watson through July 2010.

- (b) Value of equity awards included in total 2010 long-term incentive compensation calculated using assumptions from Company averages for financial reporting process.
- (c) Total 2010 long-term incentive compensation is composed of 2010-2012 MPIP target bonus and equity awards granted in 2010.
- (d) Does not include the restricted stock units granted to the named executive officers in November 2010 as a one-time partial offset to the loss of certain perquisites.

With respect to the 2010 long-term incentive compensation opportunities for each of the named executive officers, the Compensation Committee noted that:

long-term incentive compensation opportunities have been reduced substantially over the past two years, except for Mr. Schumacher, whose 2008 long-term incentive compensation opportunity was set prior to the time he became an executive officer in the summer of 2008; and

total 2010 long-term incentive compensation was within the competitive range of the peer group median total long-term incentive compensation for each of the named executive officers.

The components of long-term incentive compensation include the following:

*Management Performance Improvement Plan.* The MPIP is an incentive compensation plan that the Company believes promotes the financial interests of the Company and its shareholders by linking the long-term financial incentives of the named executive officers to improvement in the Company's financial performance. At the beginning of each three-year performance measurement period, the Compensation Committee sets award targets that are tied to initial performance goals for the named executive officers. The initial performance goals are tied to the Company's annual business plan and serve as the minimum performance goals for the full three-year performance measurement period. At the beginning of each fiscal year after the initial year in the three-year performance measurement period, the Compensation Committee reviews the Company's actual annual results against the performance goals established for the immediately preceding year. Based on this review and in connection with the annual review of the Company's business plan conducted by the Board, the Compensation Committee, in its sole discretion, may increase (but not reduce) the performance goals in the three-year performance measurement period. Cash awards to the named executive officers at the end of the three-year measurement period may range from 0% to 200% of the target award amount, depending upon the aggregated three-year actual performance against the pre-established performance goals.

Because awards are earned at the end of three-year performance measurement periods, there are three overlapping measurement periods in effect at any one time. In addition, because the Compensation Committee annually sets initial performance goals for the named executive officers at the beginning of each three-year performance measurement period and reviews previously established goals for existing three-year performance measurement periods, the adoption of the initial performance goals, to the extent that they are more difficult to attain than the performance goals for previously established three-year performance measurement periods, effectively raises the goals for these performance measurement periods.

The Company believes that the three-year performance measurement period provides an appropriate incentive to the named executive officers to focus on the Company's long-term goals and performance. The Company also believes that the annual review of the previously established performance goals is an important component of the MPIP as it allows the Compensation Committee to raise the bar to account for increased expectations, such as focused internal growth, and out of the ordinary events or transactions, such as acquisition activity, that may occur during a three-year performance measurement period.

For the 2010-2012 performance measurement period, the Compensation Committee established the initial performance goals based on (1) increases in non-GAAP revenue, operating profit and economic value added (EVA) in Brink's, Incorporated (Brink's) and (2) non-GAAP earnings per share (EPS). In setting the goals, the Compensation Committee determined to (i) remove currency impacts and not include the effects of strategic acquisitions and dispositions that were not included in the Company's business plan, and (ii) adjust results, to the extent permitted under Section 162(m) of the Internal Revenue Code, to omit the effects of extraordinary items, the gain or loss on the disposal of a business segment, unusual or infrequently occurring events and transactions and cumulative effects of changes in accounting principles, in order to focus awards on operational performance and provide for more consistent measures of performance.

Because the MPIP is designed to be a tax qualified plan under Internal Revenue Code Section 162(m), payouts are determined solely by actual quantifiable performance against the preset numerical goals. The Compensation Committee generally does not have the discretion to adjust payouts based on subjective assessments. Provided that no change in control of the Company has occurred, the Compensation Committee, however, may reduce (but not increase) any payout to a participant who is an employee of the Company, which includes all of the named executive officers.

The following table summarizes the initial performance goals for the three-year performance measurement period beginning in 2010 and the relative weighting given to each of the performance goals:

**Performance Improvement Goals, Weighting and Initial Improvement Goals**

<b>Improvement Goal</b>	<b>Weighting</b>	<b>Initial Improvement Goal (in millions, except EPS)</b>
1. EPS *	33.34%	\$ 1.78
2. Brink's revenue	13.33	313.0
3. Brink's operating profit	33.33	67.0
4. Brink's EVA	20.00	34.0

\* The EPS Goal is the actual total EPS target for 2010, not the amount of improvement from 2009.

Non-GAAP financial measures. These goals include the adjustments described above.

The Compensation Committee selected the specific goals and initial performance goals for the 2010-2012 performance measurement period because they represent the financial growth drivers for the Company that the Compensation Committee believed would lead to the achievement of increased shareholder value. Given the uncertainty about the global economic recovery at the time the goals were set and the improvements required in order for the financial goals to be accomplished, the Compensation Committee set the 2010 performance measurement targets at a level of performance that was believed to be aggressive, but obtainable.

Performance award target amounts for the 2010-2012 performance measurement period are set forth in the Grants of Plan-Based Awards Table on page \_\_\_ of this proxy statement. Awards to the named executive officers at the end of the three-year performance measurement period may range from 0% to 200% of the target award amount, depending upon the aggregated three-year actual performance against the pre-established criteria.

The adoption of the performance award targets for the 2010-2012 performance measurement period also amended the measures used in evaluating the three-year periods ending in 2010 and 2011.

The following table summarizes the performance goals for the 2008-2010 performance measurement period, the actual results achieved for such period, the unweighted percentages of the target award amounts earned with respect to each goal, the relative weighting given to each of the performance goals (both within each business unit and on an aggregate basis) and the final percentages of the target award amounts earned. Because of the 2008 spin-off of Brink's Home Security ( BHS ), the Company's former North American security alarm monitoring business, the Compensation Committee amended the 2008 Company EPS measure and the performance measurements attributable to BHS to adjust the time period for which BHS performance targets are included in the measurement period. In addition, the aggregate weighting reflected the fact that for the last three months of 2008 and all of the remaining measurement period, BHS performance was not measured.

	<b>Improvement Goal (in millions, except EPS)</b>	<b>Actual Result (% of Improvement Goal Attained)</b>	<b>Unweighted % of Target Award Amount Earned</b>	<b>Business Unit Goal Weighting</b>	<b>Aggregate Weighting</b>	<b>Final % of Target Award Amount Earned</b>

The Compensation Committee determined to (i) remove currency impacts and not include the effects of strategic acquisitions and dispositions that were not included in the Company's business plan, and (ii) adjust results, to the extent permitted under Section 162(m) of the Internal Revenue Code, to omit the effects of extraordinary items, the gain or loss on the disposal of a business segment, unusual or infrequently occurring events and transactions and cumulative effects of changes in accounting principles, in order to focus awards on operational performance and provide for more consistent measures of performance. The unweighted percentages of the target award amounts earned were determined from the actual results using the following table, with results in between the listed amounts converted proportionately to the listed amounts.

The cash bonuses earned by those named executive officers who participated in the MPIP for the 2008-2010 performance measurement period are shown in the Summary Compensation Table. Such bonuses were paid in 2011.

*2005 Equity Incentive Plan.* In 2009, the Compensation Committee began using a combination of stock options and restricted stock units as an important part of the Company's long-term incentive compensation program. The Compensation Committee believes stock options and restricted stock units have been an effective way to link a named executive officer's compensation to the performance of the Company. For 2010, the Compensation Committee utilized a combination of stock options and restricted stock unit awards for 2010 equity awards to the named executive officers. The Compensation Committee believes providing the named executive officers with a combination of stock options and restricted stock unit awards serves as an additional attraction and retention vehicle. Both stock options and restricted stock unit awards were granted under the 2005 Equity Incentive Plan (the 2005 Equity Plan) and are intended to encourage each of the named executive officers to continue in the employ of the Company, to enhance their incentive to perform at the highest level, and in general, to further the best interests of the Company and its shareholders.

Stock options and restricted stock unit awards to the named executive officers were granted on the day they were approved by the Compensation Committee at its July 2010 meeting and were priced at 100% of fair market value on the date of grant, which under the 2005 Equity Plan was based on the average of the high and low per share quoted sale prices of Brink's Common Stock on the date of the grant as reported on the New York Stock Exchange. Upon vesting, the recipient will receive one share of Brink's Common Stock for each vested restricted stock unit.

Only the Compensation Committee, under authority granted to it by the Board, may grant stock options and restricted stock unit awards under the 2005 Equity Plan. Named executive officers benefit from stock option grants only to the extent the stock price of Brink's Common Stock appreciates above the exercise price of the stock options. Restricted stock units retain value even if the price of Brink's Common Stock decreases below the value on the date of grant as long as the named executive officer satisfies the vesting requirements. In addition, because of the vesting requirements, the Compensation Committee believes that providing the named executive officers compensation in the form of stock options and restricted stock units allows the Compensation Committee to focus on their retention while encouraging them to take a longer-term view in their decisions impacting the Company.

The Compensation Committee determines the number of stock options and restricted stock unit awards to be granted to each named executive officer based on competitive practices and individual performance, considered in the context of the overall long-term incentive compensation philosophy. The Compensation Committee takes into account all target award amounts provided to the named executive officer under the MPIP when granting options and restricted stock unit awards, as well as the importance to the Company of the individual's position, the individual's overall contribution to the Company's performance, and the individual's expected contribution to future performance.

For 2010, the Compensation Committee considered the following factors in determining the size of stock option grants and restricted stock units awarded under the long-term incentive compensation program to the named executive officers:

the peer group median long-term incentive compensation amounts;

the executive's performance;

the executive's potential future contributions to the Company;

the current compensation of the executive;

retention issues and concerns;

the cost of the awards to the Company;

the value of the awards to the executive; and

the importance of the executive to the Company over the long term.

Based on the foregoing, the Compensation Committee granted the number of stock options and restricted stock unit awards as shown on the Grants of Plan-Based Awards Table on page \_\_ of this proxy statement.

In addition, in November 2010, the Compensation Committee, in consultation with the Cook firm, determined to substantially reduce the perquisites and other personal benefits that the named executive officers had previously received and partially offset the loss of these perquisites with a one-time grant of restricted stock units.

### ***Special Cash Bonuses***

For 2010, the Compensation Committee did not award special cash bonuses to any of the named executive officers. The Compensation Committee has provided certain of its named executive officers with cash bonuses in extraordinary and very limited circumstances in the past to reward exemplary performance of major projects or tasks beneficial to the Company. The cash bonuses were discretionary and separate from any bonuses for which a named executive officer may have been eligible under the KEIP or the MPIP.

### ***Benefits***

The types and amounts of benefits are established based upon an assessment of competitive market factors and a determination of what is needed to aid in attracting and retaining talent, as well as providing long-term financial security to the Company's employees and their families. All benefits are reviewed at least annually by the Compensation Committee, which evaluates benefit levels based on competitive influences, as well as the cost of the programs to the Company relative to their value to employees. The plans are also reviewed for changes that may be required due to new laws and regulations or significant changes in market conditions. The Company's primary benefits for the named executive officers include participation in the plans and arrangements listed below.

***Deferred Compensation.*** The Company maintains a deferred compensation program, the Key Employees' Deferred Compensation Program, for certain of its most highly compensated employees, including all of the named executive officers. Because the value of a named executive officer's deferred compensation account is tied directly to the value of Brink's Common Stock, the Compensation Committee believes that the deferred compensation program serves to strengthen the mutuality of interests between the named executive officers and the Company's shareholders. By placing a portion of the named executive officers' compensation at risk by tying it to the value of Brink's Common Stock and requiring it to be retained until after a termination of employment, the named executive officers are encouraged to increase long-term shareholder value by focusing on profitable growth as well as other financial indicators that are likely to increase the Company's stock price. The Compensation Committee also believes that the deferred compensation program furthers the Company's goal of retaining the named executive officers, in part, because it permits the named executive officers to use tax deferrals to build a supplemental retirement benefit. The Compensation Committee reviews each named executive officer's account under the deferred compensation program annually in November and also when the Company's proxy statement is prepared following year-end.

For more information on the Company's deferred compensation program, see [Nonqualified Deferred Compensation](#) beginning on [page](#) .

***Pension Plans.*** The Company maintains a noncontributory defined benefit pension-retirement plan covering all U.S. employees who met plan eligibility requirements and were employed before December 31, 2005, including the named executive officers (other than Mr. Dziejczak). Because the Internal Revenue Code limits the amount of pension benefits that may be paid under federal income tax qualified plans, the Company maintains a pension equalization plan under which the Company makes additional payments so that the total benefit to be received by the executive is the same as it would have been if there were no Internal Revenue Code limitations. Effective December 31, 2005, the Company froze the accrual of benefits under both the pension plan and the equalization plan. For more information on the Company's pension plan and equalization plan, see [Pension Benefits](#) beginning on [page](#) .

***Executive Life Insurance Plan.*** The Company formerly provided executives in the Company with executive life insurance benefits, subject to minimum salary and age requirements. Messrs. Dan and Lennon participated in this program. All premiums paid by the Company were fully taxable to the participant. The life insurance policies are owned by the individual executives. The Compensation Committee determined to terminate this program at the end of 2010 and end the payment of premiums for this coverage at that time.

***Executive Salary Continuation Plan.*** The named executive officers participate along with other executives in the Company's Executive Salary Continuation Plan, which, in the event a participant dies while in the employment of the Company, provides that the Company will pay a designated beneficiary a death benefit equal to three times the participant's annual salary in effect on the first of the year coincident with or immediately preceding the date of death. Such benefit is paid out over a 10-year period following the executive's death.

***Long-Term Disability Plan.*** The named executive officers participate along with other executives in a long-term disability program. In the event that the executive is totally incapacitated, he would receive 60% of his current annual salary plus the average of the last three years' KEIP payments, with a maximum annual payment of \$300,000. These payments would continue (as long as the executive is totally disabled) until the executive reaches the social security full retirement age.

*Financial and Tax Planning Program.* The named executive officers formerly participated in the Company's Financial and Tax Planning Program. Under the Financial and Tax Planning Program, subject to a \$10,000 calendar year maximum, the Company reimbursed the named executive officers for reasonable costs associated with personal financial and tax planning, estate planning and the preparation and filing of their personal tax returns. The Compensation Committee determined to terminate this program at the end of 2010.

*Miscellaneous Plans or Arrangements.* The Company's named executive officers are also eligible to participate in the Company's health, dental and vision plans, and various insurance plans, including basic life insurance, and the Company's matching charitable gifts program on the same basis as any other U.S. employee.

*Perquisites.* For 2010, the Company provided its named executive officers with perquisites; a detailed listing of these perquisites and their value is set forth on page \_\_\_. In consultation with the Cook firm, the Compensation Committee determined to terminate many of these perquisites at the end of 2010, and instead has granted each of the named executive officers a one-time restricted stock unit award that partially offsets the value of the foregone perquisites.

### ***Contractual and Severance Agreements***

*Employment Agreement.* The Company has an employment agreement with Mr. Dan that is described under Potential Payments upon Termination or Change in Control Employment Agreement with Mr. Dan beginning on page \_\_\_. The Compensation Committee believes that it is appropriate for the Company to have an employment agreement with the CEO to support stable and highly competent management on a long-term basis and that the employment agreement is in-line with the market for current CEO employment agreements. The Compensation Committee reviews potential payments to Mr. Dan under this agreement two times each year. The Compensation Committee, however, does not evaluate any potential payments under this agreement when making decisions regarding annual compensation.

*Change in Control Agreements.* The Company has change in control agreements with each of its named executive officers that are described below under Potential Payments upon Termination or Change in Control Change in Control Agreements beginning on page \_\_\_. The Compensation Committee believes that the agreements serve the interests of the Company and its shareholders by ensuring that if a hostile or friendly change in control is ever under consideration, its executives will be able to advise the Board about the potential transaction in the best interests of shareholders, without being unduly influenced by personal considerations, such as fear of the economic consequences of losing their jobs as a result of a change in control. The change in control agreements include so-called double triggers, which mean that benefits become available to named executive officers under the agreements only upon a change in control and certain adverse employment developments for the executives such as termination by the Company without cause or termination by the executive for good reason. The Compensation Committee believes that a double trigger appropriately protects the legitimate interests of the named executive officers in employment security without unduly burdening the Company or shareholder value.

On February 25, 2010, the named executive officers entered into amended and restated change in control agreements with the Company. These agreements superseded and replaced prior change in control agreements in effect for Messrs. Dan, Dzedzic, Lennon and Marshall. The amended and restated versions (i) standardized the change in control agreement provisions for the named executive officers, (ii) provided for termination payments of two times salary and average annual bonus in the event of a termination after a change in control and (iii) eliminated tax gross-up provisions to the extent those provisions were contained in previous change in control agreements.

The Compensation Committee reviews the agreements, including the potential payments to the named executive officers under the agreements, twice during the year. The Compensation Committee, however, does not evaluate any potential payments under these agreements when making decisions regarding annual compensation.

*Severance Agreements.* In the 1990s, following the relocation of the Company's headquarters to Richmond, Virginia, the Company considered several strategic alternatives, including the sale of one or more of the Company's businesses. Many of these alternatives would not have resulted in a change in control but could have resulted in a significant career altering change for some of the Company's executive officers. In light of these developments and in connection with the Company's strong desire to retain key members of management, the Company entered into severance agreements with certain of its then executive officers, other than the CEO. Of these agreements, Mr. Lennon's remains in effect. The Compensation Committee determined in 2007 to reduce the amounts payable consistent with evolving market norms in connection with entry into new severance agreements.

The Compensation Committee reviews any severance agreements, including the potential payments to the named executive officers under the agreements, two times each year. The Compensation Committee, however, does not evaluate any potential payments under severance agreements when making decisions regarding annual compensation. The Compensation Committee believes that Mr. Lennon's severance agreement provides reasonable compensation arrangements and gives the Company a high degree of management stability. Mr. Lennon's severance agreement is described below under Potential Payments upon Termination or Change in Control Severance Agreement beginning on page \_\_\_.

## Policies

*Equity Awards.* The Company does not have any program or plan to time option grants or restricted stock unit awards in coordination with the release of material non-public information and has never had a practice of doing so. It is Company policy not to engage in backdating options. The Compensation Committee generally approves equity grants for its named executive officers in July of each year. In addition, the Company has never timed and does not plan to time the release of material non-public information for the purpose of affecting the value of executive compensation. The accounting for all options and restricted stock unit awards is compliant with accounting principles generally accepted in the United States and is disclosed in the Company's annual and quarterly financial reports filed with the SEC.

*Taxes.* Internal Revenue Code Section 162(m) disallows a tax deduction to any publicly held corporation for paid remuneration exceeding \$1 million in any taxable year for chief executive officers and certain other executive officers, except for performance-based remuneration. Historically, through the design and implementation of the Company's compensation programs, the Company has sought, and continues to seek, the availability of tax deductibility. This policy, however, is subject to the reservation by the Company of the flexibility to award non-deductible compensation in circumstances wherein the Company believes, in its good faith business judgment, that such an award is in its best interest in attracting or retaining capable management.

*Compensation Recoupment Policy.* On July 9, 2010, the Board adopted a compensation recoupment policy for the Company after this policy was reviewed and recommended by the Compensation Committee. The compensation recoupment policy applies if the Company is required to provide an accounting restatement for any of the prior three fiscal years for which audited financial statements have been completed, due to material noncompliance with any financial reporting requirement under the Federal securities laws. In the event of such a restatement, the Compensation Committee will determine, in its discretion, whether (1) named executive officers, regardless of whether they were directly responsible for the restatement, or (2) all other recipients of cash-based or equity-based incentive compensation who were directly responsible for the restatement, have received any cash-based or equity-based incentive compensation that they would not have been entitled to receive under the restated results. The Compensation Committee then will take such actions as it deems necessary or appropriate, depending on all the facts and circumstances as determined during its review, including (i) the recoupment of all or part of any such excess compensation, (ii) recommending disciplinary actions to the Board, up to and including termination, and/or (iii) the pursuit of other available remedies.

*Stock Ownership Guidelines.* The Company's stock ownership guidelines call for the CEO to hold that number of shares of Brink's Common Stock with a value equal to five times salary, and for the other named executive officers to hold that number of shares of Brink's Common Stock with a value equal to three times salary, within five years from the date of election as an officer. Shares of Brink's Common Stock owned outright, deferred stock-based units and shares of vested and unvested restricted stock and restricted stock units (but not unexercised stock options) are all eligible to be included for purposes of satisfying the guidelines.

## COMPENSATION RISK ASSESSMENT

As part of its oversight of the Company's executive compensation program, the Compensation Committee reviews and considers its risk implications and the incentives created by its compensation awards. The Compensation Committee believes that the executive compensation program is designed with the appropriate balance of risk and reward in relation to the Company's overall business strategy and that the balance of compensation elements does not encourage excessive risk taking. The Compensation Committee will continue to consider compensation risk implications, as appropriate, in designing any new executive compensation components. In connection with its continual risk assessment, the Compensation Committee notes the following attributes of the executive compensation program:

the balance between fixed and variable compensation, short- and long-term compensation, and cash and equity payouts;

the alignment of long-term cash incentives with selected performance measures reflective of the Company's business plan, and its financial and operational goals;

the Compensation Committee's authority to override proposed incentive plan cash payouts if the Compensation Committee believes that such payouts do not appropriately reflect performance of a particular executive, the Company or a business unit;

the placement of a significant portion of executive pay at risk and dependent upon the achievement of specific corporate performance goals with verifiable results, with pre-established threshold, target and maximum award limits;

## Edgar Filing: - Form

the maintenance of the Key Employees' Deferred Compensation Program, which ties the value of an executive's deferred compensation account directly to the value of Brink's Common Stock, thereby strengthening the mutuality of interests between the Company's executives and shareholders;

the Company's compensation recoupment policy, which applies to cash-based and equity-based incentive compensation paid to named executive officers and other recipients;

the Company's executive stock ownership guidelines, which align the interests of the named executive officers with those of the Company's shareholders; and

the executive compensation program is analyzed each year by Towers Watson, a nationally recognized compensation consultant, and every three years by the Cook firm, the Compensation Committee's nationally recognized independent compensation consultant. The Compensation Committee also has oversight over the Company's responsibility to review all Company compensation policies and procedures, including the incentives that they create, to determine whether they present a significant risk. At the Compensation Committee's direction, the Company's Human Resources Department, under the direction of the Company's Chief Administrative Officer, conducted a risk assessment of the worldwide compensation programs of the Company and its subsidiaries during 2010. Based on its assessment, management concluded that the compensation policies and practices of the Company and its subsidiaries for employees do not create risks that are reasonably likely to have a material adverse effect on the Company, and management presented the results of its assessment to the Compensation Committee.

#### **REPORT OF COMPENSATION AND BENEFITS COMMITTEE**

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management and, based on such review and discussions, the Compensation Committee has recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement.

- (1) For 2010, 2009 and 2008, represents salaries before employee contributions under the Company's 401(k) Plan and employee deferrals of salary under the Company's deferred compensation program. For a discussion of the deferred compensation program and amounts deferred by the named executive officers under the deferred compensation program in 2010, including earnings on amounts deferred, see Nonqualified Deferred Compensation beginning on page \_\_\_\_.
- (2) For 2010, represents amounts earned by the named executive officers under the Company's KEIP for 2010 (paid in 2011). For 2009, represents amounts earned by the named executive officers under the Company's KEIP for 2009 (paid in 2010). For 2008, represents amounts earned by the named executive officers under the Company's KEIP for 2008 (paid in 2009). A participant is permitted to defer up to 100% of the amount earned by him under the KEIP, but these amounts are presented before any such deferrals. - (3) For restricted stock unit awards, the grant date fair value was computed in accordance with FASB ASC Topic 718 based on the stock price at the date of grant, as adjusted for a discount on units that do not receive or accrue dividends during the vesting period. The stock price at the date of grant was based on the average of the high and low per share quoted sales prices of Brink's Common Stock on the respective

grant dates, as reported on the New York Stock Exchange. For a discussion of the terms of the restricted stock units granted in 2010, see Grants of Plan-Based Awards beginning on page . The actual value a named executive officer may receive depends on market prices and there can be no assurance that the amounts reflected in the Stock Awards column will actually be realized.

- (4) Represents the grant date fair value computed by the Company for financial reporting purposes during the years ended December 31, 2010, 2009 and 2008, computed in accordance with FASB ASC Topic 718. For a full description of the assumptions used by the Company in computing these amounts, see Note 15 to the Company's financial statements, which is included in its annual report on Form 10-K for the year ended December 31, 2010 and incorporated by reference into this proxy statement. For a discussion of the terms of the option grants in 2010, see Grants of Plan-Based Awards beginning on page . The actual value a named executive officer may receive depends on market prices and there can be no assurance that the amounts reflected in the Option Awards column will actually be realized. No gain to a named executive officer is possible without an appreciation in stock value after the date of grant.
- (5) For 2010, represents amounts earned under the Company's MPIP for the three-year measurement period ended 2010 (paid in 2011) before deferrals under the deferred compensation program. For 2009, represents amounts earned under the Company's MPIP for the three-year measurement period ended 2009 (paid in 2010) before deferrals under the deferred compensation program. For 2008, represents amounts earned under the Company's MPIP for the three-year measurement period ended 2008 (paid in 2009) before deferrals under the deferred compensation program. A participant is permitted to defer up to 100% of the amount earned by him under the MPIP. For a discussion of the deferred compensation program and amounts deferred by the named executive officers under the deferred compensation program in 2010, including earnings on amounts deferred, see Nonqualified Deferred Compensation beginning on page .
- (6) Amounts relate only to changes in pension value. The earning of benefits under the pension plans for all employees was frozen as of December 31, 2005. These amounts represent the change during the years ended December 31, 2010, 2009 and 2008 in the net present value of the named executive officers' pension payouts. A change in the assumptions used to value pension benefits, and not any change in the pension benefits earned by the named executive officers, was the reason for the increase in pension values in each of these years. For purposes of computing the net present value of the accrued benefit payable to the named executive officers, the Company has used the following assumptions: (a) the retirement age is the earliest one (age 65) permitted under the pension plans without a reduction in the monthly benefit; (b) for 2010, a 5.9% discount rate for the measurement date of December 31, 2009 and a 5.3% discount rate for the measurement date of December 31, 2010, for 2009, a 6.2% discount rate for the measurement date of December 31, 2008 and a 5.9% discount rate for the measurement date of December 31, 2009, and for 2008, a 6.4% discount rate for the measurement date of December 31, 2007 and a 6.2% discount rate for the measurement date of December 31, 2008; (c) service accruals in the pension plans are frozen as of December 31, 2005; and (d) payments will be made on a straight-life monthly annuity basis or pursuant to lump sum elections under the pension equalization plan. For a full description of the assumptions used by the Company for financial reporting purposes, see Note 3 to the Company's financial statements, which is included in the Company's annual report on Form 10-K for the year ended December 31, 2010 and incorporated by reference into this proxy statement. For a discussion of pension benefits, see Pension Benefits beginning on page .

- (c) The table below reflects the types and dollar amounts of perquisites and other personal benefits provided to the named executive officers in 2010. For purposes of computing the dollar amounts of the items listed below, the Company used the actual out-of-pocket costs to the Company of providing the perquisite or other personal benefit to the named executive officer, with one exception. The incremental cost for Personal Use of Company Aircraft is based on the cost of fuel, payments to a reserve for maintenance, crew travel expenses, onboard catering costs, and airport fees. Since the Company aircraft is used primarily for business travel, fixed costs that do not change based on personal use, such as pilots' salaries, are not included. The named executive officers paid any taxes associated with these benefits without reimbursement from the Company. In November 2010, the Compensation Committee determined to reduce substantially the amount of perquisites and other personal benefits provided to the named executive officers in future years.

Name	Personal and Spousal Travel and Entertainment*	Personal Use of Company Aircraft	Club Dues	Tax Preparation and Financial Planning	Executive Physical Examinations	Executive Life Insurance Premiums	Security Systems	Total

Mr. Schumacher				5,000				5,000

- \* Payments by the Company for certain of the items included in this column were made in Brazilian reais. For purposes of this table, the Company converted the amounts denominated in Brazilian reais into U.S. dollars based on an average interbank market rate on May 26, 2010, which was USD\$0.53180 per BRL1.00.

**2010 Total Compensation for Mr. Dan**

Mr. Dan's 2010 total compensation amount reflected in the Summary Compensation Table includes \$2,091,815, which amount relates solely to the change during the year ended December 31, 2010 in the net present value of Mr. Dan's accrued pension payouts. A change in the actuarial assumptions used to value pension benefits for financial statement purposes, and not any change in the pension benefits earned by Mr. Dan, was the reason for the increase in pension value in 2010. Benefit accruals under the pension plans were frozen for all employees as of December 31, 2005. Mr. Dan, therefore, has earned no additional pension benefits since that date, including during 2010. Excluding the change in pension value amount from Mr. Dan's total compensation for 2010 and 2009, Mr. Dan's total compensation declined from \$5,133,349 in 2009 to \$4,348,052 for 2010. The Compensation Committee did not take into account this actuarial change in pension value in determining Mr. Dan's 2010 compensation amounts and therefore the Company believes that \$4,348,052, which excludes such actuarial change in pension value, better reflects Mr. Dan's 2010 total compensation.

- (1) The options and restricted stock units granted on July 8, 2010 were granted under the 2005 Equity Plan. The awards granted as of January 1, 2010 were granted under the MPIP (for the 2010–2012 performance measurement period payable in 2013). The restricted stock units granted on November 11, 2010 were granted under the 2005 Equity Plan as partial compensation for the substantial reduction in perquisites and personal benefits for named executive officers in future years.
- (2) In accordance with the 2005 Equity Plan, the exercise prices for the options were based on the average of the high and low per share quoted sale prices of Brink's Common Stock on July 8, 2010, the date of the grant, as reported on the New York Stock Exchange.
- (3) As of the July 8, 2010 and November 11, 2010 grant dates, respectively.
- (4) For restricted stock unit awards, the grant date fair value was computed in accordance with FASB ASC Topic 718 based on the stock price at the date of grant, as adjusted for the value of dividends not paid during the vesting period. The stock price at the date of grant was based on the average of the high and low per share quoted sales prices of Brink's Common Stock on the grant date, as reported on the New York Stock Exchange. Accordingly, a stock price of approximately \$18.25 was used to value the July 8, 2010 awards and a stock price of approximately \$25.45 was used to value the November 11, 2010 awards.

For options, the grant date fair value was computed in accordance with FASB ASC Topic 718 based on the Black-Scholes option-pricing model and the following assumptions: (a) a weighted average annual dividend yield of 2.1% for Brink's Common Stock; (b) a weighted average

## Edgar Filing: - Form

expected volatility of 35% for Brink's Common Stock; (c) a weighted average risk-free rate of return of 1.6% for the July 8, 2010 grants; and (d) a weighted average expected term of 4.25 years. For a full description of the assumptions used by the Company in computing these amounts, see Note 15 to the Company's financial statements, which is included in its annual report on Form 10-K for the year ended December 31, 2010 and incorporated by reference into this proxy statement. The actual value a named executive officer may receive depends on market prices and there can be no assurance that the amounts reflected in the Grant Date Fair Value of Stock and Option Awards column will actually be realized. No gain to a named executive officer is possible without an appreciation in stock value.

## Equity Award Grants

### *2005 Equity Incentive Plan*

The Company maintains the 2005 Equity Plan, which was approved by the Company's shareholders and is designed to provide an additional incentive for the officers and employees who are key to the Company's success. The Compensation Committee administers the 2005 Equity Plan, is authorized to select key employees of the Company and its subsidiaries to participate in the 2005 Equity Plan and has the sole discretion to grant eligible participants equity awards, including options, stock appreciation rights, restricted stock, performance stock, restricted stock units, performance stock units, other stock-based awards or any combination thereof.

The exercise price of any stock option, the grant price of any stock appreciation right, and the purchase price of any security that may be purchased under any other stock-based award may not be less than 100% of the fair market value of the stock or other security on the date of the grant of the option, right or award. Under the 2005 Equity Plan, determinations of the fair market value of shares of Brink's Common Stock are based on the average of the high and low quoted sales price on the grant date and determinations of fair market value with respect to other instruments are made in accordance with methods or procedures established by the Compensation Committee.

The duration of options granted under the 2005 Equity Plan is established by the Compensation Committee but may not exceed six years. Subject to a minimum vesting period of one year from the date of grant, the Compensation Committee may impose a vesting schedule on options and determines the acceptable form(s) in which the exercise price may be paid. In general, options continue to be exercisable following termination of employment for 90 days, if such options were exercisable at the time of termination. Upon termination of employment by reason of the holder's retirement or permanent and total disability, options remain outstanding and continue in accordance with their terms. In the event of the holder's death while employed or after retirement or permanent and total disability, options fully vest at the time of death (or, if later, on the first anniversary of the grant date) and remain exercisable by the holder's beneficiary or estate for three years following the holder's death or their earlier expiration in accordance with their terms. If a change in control were to occur, all outstanding options fully vest and become exercisable.

Restricted stock unit awards granted under the 2005 Equity Plan have specific terms and conditions approved by the Compensation Committee and contained in restricted stock unit award agreements entered into with the named executive officers. In general, restricted stock units are canceled following termination of employment. Upon termination of employment by reason of the holder's retirement or permanent and total disability, restricted stock units remain outstanding and continue in accordance with their terms. In the event of the holder's death while employed or after retirement or permanent and total disability, any restrictions on restricted stock units are removed at the time of death (or, if later, on the first anniversary of the grant date). If a change in control were to occur, all restrictions on outstanding restricted stock units are removed, subject to limitations on distribution imposed by Internal Revenue Code Section 409A.

For a discussion of the principles applied in administering the 2005 Equity Plan, see Compensation Discussion and Analysis Executive Compensation Program Components Long-Term Incentive Compensation 2005 Equity Incentive Plan beginning on [page 10](#).

### *2010 Stock Option Grants*

With respect to the options included in the Grants of Plan-Based Awards Table above, these options (1) become exercisable as to one-third of the total number of shares covered by such option on each of the first, second and third anniversaries of the date of grant and (2) expire six years after the date of grant.

### *2010 Restricted Stock Unit Awards*

Restricted stock unit awards were granted in 2010 and are reported as stock awards in the Grants of Plan-Based Awards Table above. These awards were valued based on the average of the high and low per share quoted sale prices of Brink's Common Stock on the dates of the grant and adjusted for a discount for units that do not receive or accrue dividends during the vesting period, are to be settled in shares of Brink's Common Stock and vest ratably over a three-year term. The restricted stock unit awards granted on November 11, 2010 were granted as partial compensation for the substantial reduction in future perquisites and personal benefits for named executive officers.

## Management Performance Improvement Plan Awards

### *Management Performance Improvement Plan*

The Company maintains the MPIP, which was approved by the Company's shareholders and is designed to promote the interests of the Company and its subsidiaries by linking financial incentives provided to participants with improvements in the Company's financial results. The Compensation Committee administers the MPIP, establishes performance measures and is authorized to select key employees of the Company

and its subsidiaries to participate in the MPIP.

Each participant is periodically granted performance awards that entitle him or her to receive cash payments following the completion of a three-year performance measurement period, provided that specified performance measures and certain conditions described in the MPIP relating to continuation of employment are satisfied. The maximum incentive payment any one participant may be entitled to receive for any one performance measurement period is \$3,000,000.

A performance award terminates unless the participant remains continuously employed by the Company or a subsidiary until the date established by the Compensation Committee for payment of the performance award unless (1) the termination is due to retirement, disability or death, (2) approved by the Compensation Committee or (3) the termination is subsequent to a change in control (as defined in the MPIP). In the event a participant's employment is terminated due to retirement, disability or death, he or she (or, in the event of the participant's death, his or her beneficiary) is entitled to a pro-rated portion of the performance award to which he or she would otherwise be entitled based on the portion of the performance measurement period (determined in completed months) during which he or she was continuously employed by the Company or a subsidiary and based on the extent to which the performance goals were achieved as determined at the end of the performance measurement period. In the event of a participant's termination of employment for reasons other than retirement, disability or death, the Compensation Committee may, but is not obligated to, authorize payment of an amount up to the pro-rated amount that would be payable under the preceding sentence. In the event of a change in control, performance awards are deemed to be earned at 100% of the specified target dollar amount applicable to the performance award and shall be paid as soon as practicable following the earlier of the participant's termination of employment after the change in control or the end of the performance measurement period during which the change in control occurred, but in no event later than March 15<sup>th</sup> immediately following the end of the year in which the change in control occurred.

Participants eligible to receive an award are entitled to receive a lump-sum cash payment on a date selected by the Compensation Committee following the end of the performance measurement period. Under the deferred compensation program, participants may elect to defer the receipt of this payment.

The MPIP is intended to be compliant with Section 162(m) of the Internal Revenue Code, so that payments made under the plan retain their tax deductibility. In order to remain compliant, the payouts are calculated by comparing actual performance metrics to those preset by the Compensation Committee.

#### ***2010 MPIP Awards***

Performance award targets for the 2010-2012 performance measurement period for each named executive officer are included in the Grants of Plan-Based Awards Table above. Actual payments can range from 0% to 200% of the target depending on performance against the pre-established measures.

For a discussion of the principles applied in administering the MPIP and a further discussion of the 2010 MPIP awards, see Compensation Discussion and Analysis Executive Compensation Program Components Long-Term Incentive Compensation Management Performance Improvement Plan beginning on page\_\_ .

**PENSION BENEFITS**

The Company provides retirement benefits to U.S. non-union employees who worked for the Company or one of its participating subsidiaries before December 31, 2005 and who meet vesting and other minimum requirements. These benefits are provided through two plans: The Brink's Company Pension-Retirement Plan (the pension-retirement plan), a qualified plan under the Internal Revenue Code, and The Brink's Company Pension Equalization Plan (the equalization plan), a plan (not qualified under the Internal Revenue Code) under which the Company makes additional payments to a smaller group of employees so that the total amount to be received by each participant from both plans will be the same as he or she would have received under the pension-retirement plan in the absence of benefit limitations for tax qualified plans. (The pension-retirement plan and the equalization plan are referred to collectively in this proxy statement as the pension plans.) The named executive officers are among those covered by these plans. There are no other plans providing defined benefit pension payments to them.

Benefit accruals under both plans were frozen for all employees as of December 31, 2005. The named executive officers, therefore, earned no additional pension benefits during 2010. Mr. Dziedzic does not participate in the pension plans.

The following table presents information as of December 31, 2010 concerning each defined benefit plan of the Company that provides for payments to be made to the named executive officers at, following or in connection with retirement.

Name	Plan Name	Number of	Present
		Years Credited	Value of
		Service	Benefit
		(#)	(\$)
Michael T. Dan	Pension-Retirement Plan	24.000	\$ 790,763

	Equalization Plan	5.601	2,017
Matthew A.P. Schumacher	Pension-Retirement Plan	4.686	90,745
	Equalization Plan	4.686	16,058

For purposes of computing the present value of the accrued benefit payable to the named executive officers, the Company has used the following assumptions: (a) the retirement age is the earliest one (age 65) permitted under the pension plans without a reduction in the monthly benefit; (b) a 5.3% discount rate for the measurement date of December 31, 2010; (c) service accruals in the pension plans are frozen as of December 31, 2005; and (d) payments will be made on a straight-life monthly annuity basis, except for payments under the equalization plan for Messrs. Dan and Lennon, who have each elected to receive a lump sum. These assumptions are the same as are used to value the Company's pension obligations in the financial statements as of December 31, 2010. For a full description of the assumptions used by the Company for financial reporting purposes, see Note 3 to the Company's financial statements, which is included in its annual report on Form 10-K for the year ended December 31, 2010 and incorporated by reference into this proxy statement. In addition, the Company has assumed each named executive officer will attain the age of 65; longevity is determined using the RP-2000 blue collar male mortality table for pension-retirement plan calculations, the RP-2000 white collar male mortality table for annuity payment calculations for the equalization plan and the GATT 2003 mortality table for lump sum calculations for the equalization plan.

#### Pension-Retirement Plan

The Company maintains the pension-retirement plan, which is a defined benefit plan that covers, generally, full-time employees of the Company and participating subsidiaries as of and before December 31, 2005 who were not covered by a collective bargaining agreement. The Company has reserved the right to terminate or amend the pension-retirement plan at any time.

The amount of any benefit payable to a participant is based on the participant's benefit accrual service and average salary (as these terms are defined in the pension-retirement plan). At June 1, 2003, the named executive officers had been credited under the pension-retirement plan with the following years of benefit accrual service: Mr. Dan, 21.395 years; Mr. Lennon, 25.811 years; Mr. Marshall, 2.930 years; and Mr. Schumacher, 1.981 years. Effective June 1, 2003, the Company amended the pension-retirement plan to provide a lower accrual rate for benefit accrual service earned after June 1, 2003. At December 31, 2005, the named executive officers had been credited under the pension-retirement plan, as amended June 1, 2003, with the following additional years of benefit accrual service after June 1, 2003: Mr. Dan, 2.605 years; Mr. Lennon, 2.594 years; Mr. Marshall, 2.671 years; and Mr. Schumacher, 2.705 years. Benefit accrual service is based on computation periods, which are defined as 12-month consecutive periods of active employment beginning on date of hire and continuing on each anniversary thereof. For the last benefit computation period, a participant receives a fraction of benefit accrual service, not greater than one, equal to monthly elapsed time in that period multiplied by 0.1203. Effective December 31, 2005, the Company amended the pension plans to cease benefit accrual service to the Company.

For purposes of calculating the portion of a participant's benefit accrued before June 1, 2003, average salary means the average compensation received by a participant for any consecutive 36-month period, which results in the highest annual average for any such 36-month period. Effective June 1, 2003, the period for calculating average salary was changed from 36 to 60 consecutive months. The compensation used in calculating average salary includes salary and bonus, but excludes amounts attributable to stock options or the sale of shares acquired upon the exercise of such stock options, any Company matching contributions credited to the participant under the deferred compensation program, any payments payable under the MPIP and any special recognition bonus.

Subject to certain limitations, a participant who reaches age 65 may receive an annuity for life payable monthly beginning on his normal retirement date (as defined in the pension-retirement plan) at an annual rate equal to the sum of the following:

for the portion of the accrued benefit earned before June 1, 2003:

for the portion of the accrued benefit earned after May 31, 2003 and through December 31, 2005:

1.75% of his average salary multiplied by his number of years of benefit accrual service completed after May 31, 2003 and through December 31, 2005 with a maximum of 25 years; plus

1% of his average salary multiplied by his number of years of benefit accrual service completed after May 31, 2003 and through December 31, 2005 in excess of 25 years; less

0.55% of his covered compensation base (the average of the social security wage base for the 35 years preceding retirement) multiplied by his number of years of benefit accrual service completed after May 31, 2003 and through December 31, 2005.

Subject to certain limitations, a participant who retires before he reaches age 65, provided he has completed 10 years of vesting service and reached age 55, may receive an annuity for life payable monthly beginning on his early retirement date (as defined in the pension-retirement plan) at an annual rate equal to the rate applicable to retirement on his normal retirement at age 65 reduced by 0.4167% for each month (the equivalent of 5% per year) by which his early retirement date precedes his normal retirement date. Mr. Lennon is eligible for retirement under the pension-retirement plan and Mr. Dan is eligible for early retirement under the pension-retirement plan.

The pension-retirement plan provides multiple payment options for participants. Participants may select a single life annuity for the life of the participant, joint and survivor annuities under which a participant's surviving beneficiary may receive for his or her life 50%, 75% or 100% of the monthly benefit received by the participant, and period certain options under which a participant's surviving beneficiary may receive payments for a fixed term of 5, 10, 15 or 20 years. If a joint and survivor annuity or a period certain option is selected, the amount of the retirement benefit is less than the amount payable under a single life annuity. Benefit elections must be made before retirement, and some options are subject to certain requirements, such as spousal consent.

#### **Pension Equalization Plan**

The Internal Revenue Code limits the amount of pension benefits that may be paid under federal income tax qualified plans. As a result, the Board adopted the equalization plan under which the Company will make additional payments so that the total amount received by each person affected by the Internal Revenue Code limitations is the same as would have otherwise been received under the pension-retirement plan. The Company has reserved the right to terminate or amend the equalization plan at any time.

Effective December 1, 1997, the equalization plan was amended to permit participants to receive the actuarial equivalent of their benefit under such plan in a lump sum upon retirement. In accordance with the equalization plan, the Company has contributed to a trust, established between the Company and JPMorgan Chase, amounts in cash intended to be sufficient to provide the benefits to which (1) participants under the equalization plan and (2) retirees covered under certain employment contracts are entitled under the terms of the equalization plan and such employment contracts. None of the named executive officers is covered by the contracts referred to in clause (2) above. Further contributions may be made only to the extent that the funded percentage of the equalization plan after a contribution does not exceed the funded percentage of the pension-retirement plan. The assets of the trust are subject to the claims of the Company's general creditors in the event of the Company's insolvency.

#### **NONQUALIFIED DEFERRED COMPENSATION**

The following table presents information concerning the Company's deferred compensation program, which provides for the deferral of compensation paid to or earned by the named executive officers on a basis that is not tax qualified (i.e., the Company is not entitled to take a tax deduction for the related expense until payments are actually made to the participants).

## Edgar Filing: - Form

The information included in the table below reflects elective deferrals, Company matching contributions, dividends credited to the participants accounts during 2010, aggregate withdrawals and the aggregate balance of deferred compensation accounts at December 31, 2010. Since deferrals, along with any matching contributions, related to the KEIP and the MPIP are settled in the year after they are earned, these amounts differ from those reflected in the Summary Compensation Table, which, for 2008, are based on amounts earned in 2008 but paid in 2009, for 2009, are based on amounts earned in 2009 but paid in 2010 and for 2010, are based on amounts earned in 2010 but paid in 2011.

See the description of the formulas beginning on page \_\_\_. The following table sets forth the amount of salary and cash incentive awards deferred in 2010 under the deferred compensation program by each of the named executive officers and the corresponding number of units representing shares of Brink's Common Stock credited to his account:

The distribution was made in the form of Brink's Common Stock. Any undistributed portion of a participant's account remained credited to his or her account. Due to Section 162(m) limitations, Mr. Lennon did not receive his full distribution in 2008, but received a partial distribution in that year and in subsequent years, including 2010.

- (5) The following table sets forth the composition of the aggregate balance of deferred compensation as of December 31, 2010 for each of the named executive officers. #### Deferred Compensation Program

##### Deferrals

The Company's deferred compensation program is an unfunded plan that provides deferred compensation for a select group of the Company's management, including the named executive officers. Under the deferred compensation program, a named executive officer is permitted to defer receipt of:

up to 100% of his cash incentive payments awarded under the KEIP (in 10% increments),

up to 50% of his base salary (in 5% increments),

any or all amounts that are prevented from being deferred, and the related matching contribution, under the Company's 401(k) Plan as a result of the limitations imposed by the Internal Revenue Code and

up to 100% of his cash incentive payments awarded under the MPIP (in 10% increments).

The Company provides matching contributions for deferred KEIP amounts (100% of the first 10% deferred), deferred salary (100% of the first 10% deferred) and supplemental 401(k) Plan contributions (125% of the first 5% of salary and KEIP deferrals less amounts deferred into the Company's 401(k) Plan).

Amounts deferred under the salary and supplemental savings portion of the deferred compensation program, including Company matching contributions, are converted on the first business day of the month following the month in which the deferral was made into common stock units that represent an equivalent number of shares of Brink's Common Stock. The dollar values are converted in accordance with the formula in the deferred compensation program, which is based on the average of the high and low per share quoted sale prices for Brink's Common Stock as reported on the New York Stock Exchange for each trading day during the month immediately preceding the crediting of such units. Dividends paid with respect to the common stock units in a participant's account are also converted into common stock units using an average market price for Brink's Common Stock on the payment date for the dividend.

Amounts deferred related to KEIP awards, including Company matching contributions, are converted to common stock units using the average market price for the month preceding the month in which the KEIP awards are paid. Amounts deferred relative to MPIP awards are converted using the average market price for the month preceding the month in which the MPIP awards are paid.

***Distributions***

*General.* The deferred compensation program provides for distributions of one share of Brink's Common Stock for each common stock unit in a participant's account. Cash is paid in lieu of the issuance of fractional shares. However, the value of the shares of Brink's Common Stock and cash distributed with respect to amounts deferred before January 1, 2007 may not be less than the following:

with respect to deferred salary, the amount of salary actually deferred by the participant, including related dividends, but excluding any matching contributions and related dividends; and

with respect to deferred cash incentive payments under the KEIP and the MPIP, the amount actually deferred by the participant under such plans, including related dividends, but excluding any matching contributions and related dividends.

This minimum value of the shares of Brink's Common Stock and cash distributed with respect to deferred incentive payments does not apply to supplemental 401(k) Plan deferrals or to any amounts deferred after January 1, 2007.

*Termination Upon Death, Retirement, Disability or Change in Control.* Upon the termination of participation as a result of death, retirement, total and permanent disability or termination for any reason within three years following a change in control, lump-sum

distributions for all accrued units are made under the deferred compensation program six months after termination of employment. A participant may elect, however, to receive the shares in up to ten equal annual installments beginning after the last day of the sixth month following the fifth anniversary of the date of termination with respect to deferrals.

*Termination Other Than Upon Death, Retirement, Disability or Change in Control.* In the event that a participant's employment terminates for a reason not described above, the participant receives the contributions made by the participant. In addition, the participant forfeits all common stock units attributable to matching contributions and related dividends for the year in which the termination occurs and the common stock units attributable to matching contributions and related dividends that are otherwise unvested. If a participant's employment is terminated for cause, the participant forfeits all common stock units attributable to matching contributions and related dividends credited to the participant's account under the program whether or not vested. A participant's common stock units attributable to Company matching contributions and related dividends vest based on the number of months that the participant participated in the deferred compensation program as follows:

Months of Participation	Vested Percentage
Less than 36 months	0%
at least 36 months but less than 48 months	50%
at least 48 months and less than 60 months	75%
60 months or more	100%

Messrs. Dan, Lennon, Marshall and Schumacher are fully vested. Mr. Dziedzic is 0% vested.

Lump-sum distributions are made six months after termination of employment. A participant may elect, however, to receive the shares in up to ten equal annual installments beginning after the last day of the sixth month following the fifth anniversary of the date of termination with respect to deferrals.

*In-Service Distributions.* In 2007, the deferred compensation program was amended to eliminate the ability to receive in-service distributions, other than for the following one-time only exception. Because of changes made to the deferred compensation program in response to Section 409A of the Internal Revenue Code, and because of certain transition relief available under Section 409A that expired on December 31, 2008, the Compensation Committee determined that it was appropriate to allow each participant to elect to receive an in-service distribution of the vested portion of his or her account under the deferred compensation program, provided that distributions would only be permitted if they were tax deductible by the Company under Internal Revenue Code Section 162(m). Portions of any distributable amounts that were above the Section 162(m) limitation are distributed annually up to the tax-deductible limit. Accordingly, any participant who made an election by December 31, 2007 received a distribution in 2008 of the vested portion of his or her account under the deferred compensation program, subject to the Section 162(m) limitation. Because Mr. Lennon's original distribution was subject to the Section 162(m) limitation, he received a partial distribution in 2008 and in each subsequent year, including 2010. The distribution was made in the form of Brink's Common Stock. Any undistributed portion of a participant's account remains credited to his or her account.

**POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL**

In addition to the general provisions of the Company's benefit plans, there are the following types of contracts currently in place which govern payments to the named executive officers in connection with termination or a change in control:

An employment agreement with Mr. Dan;

A severance agreement with Mr. Lennon; and

Change in control agreements with all of the named executive officers.

The agreements and the Company's benefit plans have been designed so that payments and benefits are not duplicative. The agreements, and benefits available under the agreements, are explained below on pages \_\_ through \_\_. Summary tables reflecting the payments that would be expected to be paid to each named executive officer under various termination circumstances as of December 31, 2010 are also set forth below on pages \_\_ through \_\_.

## Edgar Filing: - Form

The following section describes each contract, agreement, plan or arrangement that provides for payments to the named executive officers at, following or in connection with their termination from the Company, including following a change in control of the Company.

---

**Certain Definitions under the Agreements**

The agreements with the named executive officers generally define cause, change in control and good reason as follows:

cause means:

in the severance agreement for Mr. Lennon, an act or acts of dishonesty intended to result in substantial personal enrichment at the expense of the Company or repeated material violations by the named executive officer of the terms of the applicable agreement that are demonstrably willful and deliberate and that remain uncured within a reasonable time after written notice specifying the nature of such violations.

in the employment agreement with Mr. Dan and in the change in control agreements with Messrs. Dan, Dziedzic, Lennon, Marshall and Schumacher, embezzlement, theft or misappropriation of any property of the Company, the willful breach of any fiduciary duty to the Company, the willful failure or refusal to comply with laws or regulations applicable to the Company and its business or the policies of the Company governing the conduct of its employees, gross incompetence in the performance of job duties, commission of a felony or of any crime involving moral turpitude, fraud or misrepresentation, the failure to perform duties consistent with a commercially reasonable standard of care or any gross negligence or willful misconduct resulting in a loss to the Company.

a change in control generally will be deemed to have occurred:

upon any (1) combination of the Company in which the Company is not the surviving entity or (2) sale, lease, exchange or other transfer (in one transaction or a series of transactions) of all or substantially all the assets of the Company;

when any third-party becomes the beneficial owner of more than 20% of the total voting power of the Company; or

if at any time during a period of two consecutive years, individuals who at the beginning of such period constituted the Board cease for any reason to constitute at least a majority thereof, unless the election by the Company's shareholders of each new director during such two-year period was approved by a vote of at least two-thirds of the directors then still in office who were directors at the beginning of such two-year period.

good reason generally means any of the following events that is not cured by the Company within 30 days after written notice thereof from the named executive officer to the Company, which written notice must be made within 90 days of the occurrence of the event:

without the named executive officer's express written consent, (1) any action by the Company that results in a material diminution in the named executive officer's position, authority, duties or responsibilities or (2) any material failure by the Company to comply with its obligations to provide the named executive officer with the benefits to which he is entitled for continued employment under the applicable agreement;

without the named executive officer's express written consent, the Company's requiring a material change to the named executive officer's work location;

## Edgar Filing: - Form

the failure by the Company to require any successor entity to assume the applicable agreement and agree to perform the Company's obligations under the applicable agreement; or

any material breach by the Company of the agreement;

*provided, however,* that good reason will cease to exist if the named executive officer has not terminated employment within two years following the initial occurrence of the event constituting good reason.

### **Employment Agreement with Mr. Dan**

As of May 4, 1998, the Company entered into an employment agreement with Mr. Dan that, as amended as of May 13, 2009, provides him with a minimum annual salary of \$1,107,250 for a period ending March 31, 2013, in exchange for his services as President and Chief Executive Officer of the Company. As described under Compensation Discussion and Analysis, Mr. Dan's base salary is reviewed at least annually by the Compensation Committee and may be increased based on certain factors, including corporate and individual performances and increases in relevant cost of living indices. Under his employment agreement, Mr. Dan is also entitled to participate in all applicable Company retirement and benefit plans. The employment agreement also provides that the Company will extend health care coverage to Mr. Dan's former wife. Mr. Dan pays the premiums for this coverage.

In the event that the Company terminates Mr. Dan's employment for cause or he voluntarily terminates his employment other than for a deemed constructive termination, he generally will receive the salary to which he is entitled under the employment agreement only through the date of his termination. Any rights and benefits that he may have under the Company's employee benefit plans and programs will be determined in accordance with the terms of such plans and programs.

In the event that the Company terminates Mr. Dan's employment other than for cause, death or incapacity, or if Mr. Dan terminates his employment for a deemed constructive termination, Mr. Dan will be entitled to receive either:

if a change in control of the Company has occurred, the payments due to him under the provisions of the change in control agreement described below; or

in all other cases, a lump-sum cash payment equal to (1) his annual salary, as in effect immediately prior to such termination, multiplied by two, plus (2) the bonus, if any, paid to him in respect of the immediately preceding fiscal year, multiplied by two, plus (3) a reasonable sum reflecting the economic equivalent of applicable Company retirement and employment benefit plans, including the salary continuation plan and the Company's charitable matching program, for a two-year period starting with his date of termination.

Constructive termination means any of the following events that is not cured by the Company within 30 days after written notice to the Company, which notice must be made within 90 days of the occurrence of the event:

any material breach by the Company of the agreement, including a reduction in salary level, unless such reduction is implemented as part of a broad-based salary reduction program for Company executives;

a material diminution in the nature and scope of the authorities, powers, duties or responsibilities attached to Mr. Dan's position in effect immediately prior to the change; or

without consent, the Company's requiring a change to Mr. Dan's work location;

*provided, however*, that constructive termination will cease to exist if Mr. Dan has not terminated employment within two years following the initial occurrence of the event.

If Mr. Dan's employment is terminated by reason of his death, his salary for the month in which his death occurs shall be paid to his designated beneficiary, or in the absence of such designation, to his estate or other legal representative. Any other death benefits will be determined in accordance with the terms of the Company's benefit programs and plans. If Mr. Dan's employment is terminated by reason of his incapacity, he will be entitled to:

for the first six months following termination, his annual salary, as in effect immediately prior to such termination and following such six-month period, 50 percent of his annual salary, as in effect immediately prior to commencement of the period of incapacity, until March 31, 2013;

*provided, however*, that such amounts will be offset by other long-term disability benefits provided to Mr. Dan during such period of incapacity; and

continued coverage in applicable Company retirement and employment benefit programs and plans, in accordance with the terms and provisions of such programs and plans.

In the event of a conflict between the terms of Mr. Dan's employment agreement and his change in control agreement, the terms of the change in control agreement govern. Mr. Dan's employment agreement also contains confidentiality and non-competition provisions to which he is subject during and for three years after termination of his employment.

**Severance Agreement with Mr. Lennon**

## Edgar Filing: - Form

On September 22, 1997, the Company entered into a severance agreement with Mr. Lennon. Under this agreement, if Mr. Lennon terminates his employment for good reason or the Company terminates his employment other than for cause, death or incapacity, he will receive the compensation and other benefits described below:

The Company will make a lump sum cash payment (or in stock if provided by a relevant plan) consisting of the aggregate of the following amounts:

the sum of (1) the currently effective annual base salary through the date of termination to the extent not already paid, (2) a portion of the highest annual bonus awarded during the past three years pro-rated based on the number of days worked in the year of his termination, and (3) any accrued vacation pay, in each case to the extent not theretofore paid (the sum of the amounts described in clauses (1) through (3) is referred to in this sub-section and in the tables below as the **Accrued Obligation Payment** ); and

an amount equal to three times the sum of his annual base salary and his highest annual bonus awarded during the last three years.

For three years after Mr. Lennon's date of termination, or such longer period as may be provided by the terms of the appropriate plan, program, practice or policy, the Company will continue benefits to him and/or his family at least

equal to those that would have been provided to him in accordance with benefit plans, programs, practices and policies, including medical, disability, group life, accidental death and travel accident insurance plans and programs, if his employment had not been terminated or, if more favorable to him, as in effect generally at any time thereafter. However, if Mr. Lennon becomes employed by another employer and is eligible to receive medical benefits under another employer-provided plan, the medical benefits provided by the Company will be secondary to those provided under such other plan during such applicable period of eligibility.

The Company will provide Mr. Lennon with outplacement services.

All unexercised Brink's Common Stock options granted before the date of termination, whether or not such options are exercisable on the date of termination, will become immediately vested and exercisable.

The Company, if requested within three years of the date of termination, will arrange for the purchase of Mr. Lennon's principal residence and the provision of certain relocation benefits to him.

To the extent not already paid or provided, the Company will pay or provide to Mr. Lennon any other amounts or benefits required to be paid or provided or that he is eligible to receive under any plan, program, policy or practice or contract or agreement of the Company, including earned but unpaid Brink's Common Stock and similar compensation (such other amounts and benefits are referred to in this sub-section and in the tables below as the "Other Benefits").

If Mr. Lennon's employment is terminated by reason of his death or incapacity, Mr. Lennon's severance agreement will terminate without further obligations to him other than for payment of:

the Accrued Obligation Payment; and

the provision by the Company of death benefits or disability benefits, as applicable, in accordance with the Company's welfare benefit plans and programs as in effect on the date of the severance agreement or, if more favorable to Mr. Lennon, at his deemed date of termination.

If the Company terminates Mr. Lennon's employment for cause, the severance agreement will terminate without further obligations to him, other than payment of (1) his currently effective annual base salary through the date of termination and (2) any Other Benefits, in each case to the extent not already paid.

If Mr. Lennon voluntarily terminates his employment, the severance agreement will terminate without further obligations to him, other than payment of the Accrued Obligation Payment and Other Benefits.

If the payments received under the severance agreement are subject to the excise tax imposed by the Internal Revenue Code on excess parachute payments, Mr. Lennon will be entitled to a gross-up payment such that his net payments after payment of all taxes are equal to the payments that would have been received if the excise tax had not been imposed.

The benefits payable under Mr. Lennon's change in control agreement and the severance agreement are not duplicative. In the event of a conflict between the terms of the two agreements, Mr. Lennon is entitled to receive the compensation and benefits most favorable to him. Mr. Lennon's severance agreement also contains confidentiality provisions to which he is subject during and for three years after termination of his employment.

### **Change in Control Agreements**

The change in control agreements provide the named executive officers with certain compensation and continued benefits in the event that a change in control occurs and they remain employed by the Company or its successor for one year following the change in control. In addition, these agreements provide the named executive officers with certain compensation and benefits in the event that a change in control occurs and either they are terminated by the Company without cause or they quit for good reason within two years following a change in control. On February 25, 2010, Messrs. Dan, Dziedzic, Lennon, Marshall and Schumacher entered into new change in control agreements with the Company that superseded and replaced change in control agreements previously in effect. The new agreements standardize the change in control

## Edgar Filing: - Form

agreement provisions for these executives and eliminate tax gross-up provisions for these executives to the extent those provisions were contained in previous change in control agreements. The principal terms of these new agreements are described below. The expiration date for each of the change in control agreements is February 25, 2013.

### ***Change in Control Agreements Benefits Following a Change in Control if Named Executive Officer is not Terminated***

*Salary and Bonus.* During the first year of employment following a change in control, each named executive officer will receive annual compensation equal to the sum of (1) a salary not less than the named executive officer's annualized salary in effect immediately before the change in control occurred, plus (2) a bonus not less than the amount of the named executive officer's average bonus award under the KEIP or any substitute or successor plan for the last three years preceding the date the change in control occurred.

*Incentive, Savings and Retirement Plans.* During the named executive officer's continued employment, he is entitled to continue to participate in all available incentive and savings plans and programs.

*Welfare Benefit Plans.* During the named executive officer's continued employment, he and/or his family or beneficiary, as the case may be, is eligible to participate in and will receive all benefits under generally available welfare benefit plans and programs.

***Change in Control Agreements Termination Benefits Following a Change in Control***

*Termination for Good Reason or for Reasons Other Than for Cause, Death or Incapacity.* If a named executive officer terminates his employment for good reason or the Company terminates the named executive officer's employment following the date of the change in control other than for cause, death or incapacity, the named executive officer will receive the following compensation and other benefits:

The Company will make a lump sum cash payment to the named executive officer consisting of the aggregate of the following amounts:

the sum of (1) the named executive officer's currently effective annual base salary through the date of termination to the extent not already paid, (2) a portion of his average annual bonus awarded during the past three years pro-rated based on the number of days worked in the year of his termination and (3) any accrued vacation pay, in each case to the extent not already paid or credited (the sum of the amounts described in clauses (1) through (3) is referred to in this subsection and in the tables below as the "Accrued Obligation Payment"); and

The Corporate Governance Committee reviews Board compensation annually. The Company's Human Resources Department provides support to the Corporate Governance Committee in this review process. The Cook firm also advised the Corporate Governance Committee on Board compensation matters in 2010. #### Directors' Stock Accumulation Plan

Under the terms of the Company's Directors' Stock Accumulation Plan, each non-employee director annually receives, as of June 1, an allocation of DSAP units equal to 50% of the annual retainer currently in effect, divided by the average of the high and low per share quoted sale prices of Brink's Common Stock on the first trading date in June as reported on the New York Stock Exchange. Additional DSAP units are credited to a participant's account in respect of cash dividends paid on Brink's Common Stock based upon the Directors' Stock Accumulation Plan's formula for accrual. DSAP Units credited to a director's account will vest one year from their grant date, or, if earlier, upon the director's termination of service or upon the occurrence of a change in control. Upon a participant's termination of service, the distribution of shares of Brink's Common Stock equal to the number of DSAP units allocated to such director's account generally will be made in a single lump sum distribution; however, a participant may elect, in accordance with the plan, to receive a distribution in up to ten equal annual installments. The Directors' Stock Accumulation Plan terminates on May 15, 2014, unless it is extended by the Company's shareholders.

On July 9, 2010, each Non-Employee Director was granted deferred stock units with a market value on the date of grant of \$70,008 under the Non-Employee Directors' Equity Plan. These units vest upon the earlier of one year or upon a director's separation from service on the Board, provide for cash payments equivalent to Brink's Common Stock dividends, and will be settled in Brink's Common Stock on a one-for-one basis six months after a director's separation from service on the Board.

**Directors Charitable Award Program**

Under the Directors Charitable Award Program, the Company will make contributions amounting to \$1,100,000 after a participating director's death on his or her behalf if the director has satisfied the Program's service requirements. On February 7, 2003, the Board closed the Directors Charitable Award Program to new participants. Messrs. Ackerman, Breslawsky, Dan, Turner and Mrs. Alewine, who each joined the Board before February 7, 2003, currently participate in the Directors Charitable Award Program and have each satisfied its service requirements. The Company is the owner and beneficiary of life insurance policies insuring the lives of the participating directors. The proceeds from such policies will fully fund the contributions.

**PROPOSAL NO. 3 APPROVAL OF THE AMENDED AND RESTATED**

**KEY EMPLOYEES INCENTIVE PLAN**

On February 22, 2011, the Board approved the Amended and Restated Key Employees Incentive Plan (the Amended and Restated KEIP). The Amended and Restated KEIP is an annual cash bonus plan for key managerial, professional and technical employees, including officers, whose performance can significantly affect the profitable growth of the Company or its operating units, and is intended to replace the Company's existing KEIP. Shareholders are being asked to approve the Amended and Restated KEIP so that the Company's federal income tax deduction for compensation paid under the plan to certain executive officers will not be limited under Section 162(m) of the Internal Revenue Code of 1986, as amended (Section 162(m)).

Section 162(m) imposes an annual deduction limit of \$1 million on the amount of compensation paid to each of the CEO and the three other highest compensated executive officers of the Company, not including the chief financial officer. The deduction limit does not apply to performance-based compensation that satisfies the requirements of Section 162(m). Unlike the existing KEIP, which does not impose a performance-based limit on the size of any participating employee's awards as required by Section 162(m), incentive payments made under the Amended and Restated KEIP to members of our Executive Group (defined below) will be subject to limits based on our Non-GAAP Segment Operating Profit (as reported in management's discussion and analysis with respect to the Company's consolidated financial statements as filed with the Securities and Exchange Commission for the applicable year), and are intended to qualify as performance-based compensation under Section 162(m). The requirements of Section 162(m) for performance-based compensation include, in addition to the performance-based limit and certain procedural requirements, shareholder approval of the material terms of the performance goals. If the shareholders do not approve the Amended and Restated KEIP, the plan will not go into effect. In that event, awards for eligible employees will be made under the existing KEIP, and may not be fully tax-deductible under Section 162(m).

Set forth below is a summary of the Amended and Restated KEIP, the terms of which, other than the special terms that apply only to members of the Executive Group, are substantially similar to the terms of the existing KEIP. However, the summary does not purport to be a complete description of all the provisions of the Amended and Restated KEIP. This description is qualified in its entirety by the terms of the Amended and Restated KEIP, which is attached to this proxy statement as Exhibit B.

**Purpose**

The purpose of the Amended and Restated KEIP is to attract, retain and motivate key employees by providing additional cash compensation in the form of cash incentive payments based on the employee's individual performance and results achieved by the Company (or appropriate operating group) and/or by the operating or staff unit for which the employee performs services.

**Administration**

The CEO will be responsible for the administration of the Amended and Restated KEIP in accordance with policy and administrative guidelines adopted annually by the Compensation Committee.

Appendix A of the Amended and Restated KEIP applies only to incentive payments made to members of the Executive Group, which is composed of every employee otherwise eligible for the plan who is expected by the Compensation Committee to be both (i) subject to Section 162(m) for the relevant plan year and (ii) the recipient of more than \$1,000,000 in compensation (as such amount may be amended by law) for such year. Appendix A will be administered by the Compensation Committee or a subcommittee composed solely of two or more outside directors of the Company within the meaning of Section 162(m), in a manner consistent with the requirements for performance-based compensation under Section 162(m).

**Selection of Participants**

## Edgar Filing: - Form

Prior to March 1 (or such later date as the Chairman of the Compensation Committee will approve) of each year, the CEO, with the advice of management, will select key managerial, professional or technical employees of the Company and its subsidiaries who will be eligible to participate in the Amended and Restated KEIP for the year, subject to the review and approval of the Compensation Committee. The Company and its subsidiaries currently have approximately 125 employees who are eligible to participate in the Amended and Restated KEIP. Directors of the Company who are not officers of the Company or any of its subsidiaries are not eligible to participate in the Amended and Restated KEIP. Any participant who ceases to be an employee before

the end of the applicable plan year is also not eligible, unless otherwise determined by the Compensation Committee in its sole discretion. From time to time after March 1 of each year, the CEO may propose any other employee or employees for participation in the Amended and Restated KEIP for such year, subject to review and approval by the Compensation Committee.

### **Target Incentives**

At the time of the initial selection of an employee for participation in the Amended and Restated KEIP for a particular year, the CEO will determine a target incentive or a target incentive range for that employee (other than the CEO) with respect to that year. For senior executives, the CEO shall submit a recommended target incentive or target incentive range to the Compensation Committee for review and approval. The Compensation Committee shall determine a target incentive or a target incentive range, if any, for the CEO. Each target incentive or range will be indicative of the incentive payment that the employee might expect to receive for such year based upon strong performance by the employee, his or her operating or staff unit (if applicable) and the Company or relevant operating group.

### **Incentive Payments**

Promptly after the end of each year, each participant's performance will be evaluated in light of individual, operating or staff unit (if applicable) and Company (or operating group) performance, as well as the Compensation Committee guidelines noted above. The Compensation Committee guidelines allow upward or downward adjustments in incentive payments to take into account any relevant intangible or special factors. On the basis of such evaluation, the CEO will determine whether a cash incentive payment will be made to such employee (other than the CEO) for that year and, if so, the amount of such payment, subject to review and consultation with the Compensation Committee. The Compensation Committee will review and approve (which approval may in the Compensation Committee's sole discretion be made subject to the further approval of the Board) the CEO's determinations with respect to incentive payments for senior executives. The Compensation Committee will recommend to the Board, and the Board will approve, (i) the aggregate amount, if any, of all cash incentive payments to be made for such year and (ii) any incentive payment with respect to the CEO and any other officers who are also directors of the Company. The CEO will, if necessary, adjust the amounts of individual payments (other than his own) in conformity with the actions taken by the Board. Each payment made under the Amended and Restated KEIP for a particular year will be made as soon as practicable after such Board approval and, for KEIP participants who are U.S. taxpayers, no later than March 15 immediately following the end of the first calendar year in which such award was earned and vested.

### **Limitations on Payments**

Any award for any given year to any participant may not exceed an amount equal to 200% of such participant's base salary (i.e., regular salary exclusive of any bonuses, commissions, amounts credited or paid under any benefit plan of the Company or its subsidiaries and such other compensation as may from time to time be excluded by the Board) for such year. The Compensation Committee may establish for any year additional criteria by which the aggregate amount of all incentive awards or the amount of individual awards for such year will be limited. The Board may also determine that no incentive payments will be made in a particular year.

### **Provisions Applicable to Executive Group**

#### ***Performance Goal and Targets***

Subject to the restriction described above that limits incentive payments to no more than 200% of base salary, and notwithstanding any other provision of the Amended and Restated KEIP, the incentive payments made under the Amended and Restated KEIP with respect to any plan year to (i) any member of the Executive Group who is the CEO at any time during such plan year will equal 1.5% of Non-GAAP Segment Operating Profit for such plan year and (ii) any member of the Executive Group who is not the CEO at any time during such plan year will equal 0.5% of Non-GAAP Segment Operating Profit for such plan year. No incentive payments, however, will be made to the members of the Executive Group with respect to a plan year unless the Compensation Committee approves the applicable performance goal set forth in clause (i) or (ii) for such plan year no later than 90 days after the commencement of such plan year.

#### ***Additional Conditions and Negative Discretion***

The Compensation Committee has the discretion to determine other conditions, restrictions or limitations, in accordance with and subject to the terms of the Amended and Restated KEIP and Section 162(m), on the payment of incentive payments to members of the Executive Group. The Compensation Committee has the right to reduce the amounts payable to members of the Executive Group to amounts below the applicable percentages of Non-GAAP Segment Operating Profit set forth above in accordance with any standards contained in the Amended and Restated KEIP or the overall policy and administrative guidelines or on any other basis (including the Compensation Committee's absolute discretion). Neither the Compensation Committee nor the Board has the authority to increase the amounts payable to members of the Executive Group above the applicable percentages of Non-GAAP Segment Operating Profit set forth above.

---

**Certifications**

Before any incentive payment under the Amended and Restated KEIP is paid to a member of the Executive Group, the Compensation Committee must certify (i) the amount of Non-GAAP Segment Operating Profit for the plan year, (ii) that the incentive payment to be paid does not exceed the applicable percentage of Non-GAAP Segment Operating Profit set forth above and (iii) that any other material terms of the Amended and Restated KEIP for the payment of the incentive payment were satisfied.

**Assignability; Recoupment Policy; Other Compensation**

Rights under the Amended and Restated KEIP are not assignable. All payments made pursuant to the Amended and Restated KEIP will be subject to the terms and conditions of the compensation recoupment policy. The benefits provided for employees under the Amended and Restated KEIP do not preclude any other forms of compensation for such employees.

**Effectiveness; Amendment and Termination**

If shareholder approval is obtained, the Amended and Restated KEIP will first be effective with respect to incentive payments to be made for the 2012 plan year. The Amended and Restated KEIP has no stated term. The Board may amend or terminate the Amended and Restated KEIP at any time. However, no amendment or termination may serve to cancel any incentive payment for any year that previously has been approved by the Board. In addition, no amendment may be made without shareholder approval to the provisions of the Amended and Restated KEIP that set forth the performance targets for incentive payments to members of the Executive Group, and any amendment to Appendix A must comply with all applicable requirements for exemption under Section 162(m).

**Awards**

Awards under the Amended and Restated KEIP will be at the discretion of the Board and the Compensation Committee. The table on page \_\_ sets forth the awards made to the named executive officers under the existing KEIP for 2010. The total amount awarded to the named executive officers under the existing KEIP for 2010 was \$1,755,000, and the total amount awarded to the non-named executive officer group under the existing KEIP for 2010 was \$5,060,000.

**Recommendation of the Board**

**THE BOARD OF DIRECTORS RECOMMENDS THAT THE SHAREHOLDERS VOTE FOR THE  
APPROVAL OF THE AMENDED AND RESTATED KEY EMPLOYEES INCENTIVE PLAN.  
PROPOSAL NO. 4 ADVISORY PROPOSAL TO APPROVE EXECUTIVE COMPENSATION**

The Company's executive compensation program is designed to incent and reward executives to contribute to the achievement of the Company's business objectives and to attract, retain and motivate talented executives to perform at the highest level and contribute significantly to the Company's success. The program is intended to align the interests of our named executive officers with those of our shareholders, provide an appropriate and balanced mix of short-term and long-term compensation elements, and reward the achievement of performance measures that are directly related to the Company's financial goals and the creation of shareholder value, without encouraging unnecessary and excessive risks.

The Compensation Committee believes that the amounts of 2010 actual total compensation for the named executive officers are consistent with these objectives and the competitive market. The compensation of our named executive officers is described in the Compensation Discussion and Analysis, the compensation tables and the accompanying narrative on pages \_\_ to \_\_ of this proxy statement. The Compensation Discussion and Analysis section and the accompanying tables and narrative provide a comprehensive review of the Company's executive compensation program and its elements, objectives and rationale. Shareholders are urged to read this disclosure before voting on this proposal.

For the reasons stated above, the Board is requesting your approval of the following non-binding resolution:

**RESOLVED, that the Company's shareholders approve, on a non-binding advisory basis, the compensation of the Company's named executive officers, as disclosed in the Proxy Statement for the 2011 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2010 Summary Compensation Table, the other related tables and the accompanying narrative.**

## Edgar Filing: - Form

Your vote on this proposal will be non-binding on the Company and the Board and will not be construed as overruling a decision by the Company or the Board. However, the Board and the Compensation Committee value the opinions that our shareholders express in their votes and will consider the outcome of the vote when making future executive compensation decisions as they deem appropriate.

**Recommendation of the Board****THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE TO APPROVE****THE ADVISORY PROPOSAL APPROVING EXECUTIVE COMPENSATION.****PROPOSAL NO. 5 ADVISORY PROPOSAL REGARDING THE FREQUENCY (ONE, TWO OR THREE YEARS)****OF THE ADVISORY PROPOSAL TO APPROVE EXECUTIVE COMPENSATION**

In accordance with federal legislation enacted in 2010, the Company must provide shareholders an opportunity to vote, on a non-binding and advisory basis, as to whether the executive compensation shareholder vote described in Proposal No. 4 above should occur every one, two or three years. The Board is therefore requesting this vote from shareholders.

The Board believes that at this time an annual advisory vote is the most appropriate alternative for the Company. While the Company's executive compensation program contains a long-term incentive component under which payout amounts are not determinable until a multi-year cycle has elapsed, the Board and the Compensation Committee believe that shareholder opinion should be considered by the Board and the Compensation Committee in making executive compensation decisions. The Board believes that an annual vote will provide shareholders with the opportunity to provide regular direct input to the Company with respect to its executive compensation program. The Board will continue to evaluate the appropriate frequency for the shareholder executive compensation vote.

For these reasons, the Board is recommending a vote for an annual advisory shareholder executive compensation vote. Please note that shareholders are not voting to approve or disapprove the recommendation of the Board with respect to this proposal. Instead, each proxy card provides four choices: a one, two or three year frequency or shareholders may abstain from voting on the proposal.

Your vote on this proposal will not be binding on the Company or the Board and will not be construed as overruling a decision by the Company or the Board. However, the Board values the opinions that shareholders express in their votes and will consider the outcome of the vote when making future decisions on the frequency of the shareholder executive compensation vote.

**Recommendation of the Board****THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR AN****ANNUAL SHAREHOLDER ADVISORY VOTE ON EXECUTIVE COMPENSATION.****PROPOSAL NO. 6 APPROVAL OF THE SELECTION OF****INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has, subject to shareholder approval, selected KPMG as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2011, and the Board recommends approval of such selection by the shareholders. KPMG served in this capacity for the year ended December 31, 2010. One or more representatives of KPMG are expected to attend the annual meeting and will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

## THE BRINK S COMPANY

## AMENDED AND RESTATED KEY EMPLOYEES INCENTIVE PLAN

1. **PURPOSE.** The Amended and Restated Key Employees Incentive Plan (the Plan ) of The Brink s Company (the Company ) represents a continuation of the Company s compensation policies and practices generally observed by it in the past. The purpose of the Plan is to provide greater incentives for certain key executive, management, professional and technical employees, including certain officers, whose performance in fulfilling the responsibilities of their positions can significantly affect the profitable growth of the Company or its operating units. The Plan provides an opportunity to earn additional compensation in the form of cash incentive payments based on the employee s individual performance, results achieved by the Company (or appropriate Operating Group), and/or by the operating or staff unit for which the employee performs services.
2. **ADMINISTRATION.** The Plan shall be administered by the Chief Executive Officer of the Company, subject to the provisions of the Plan, and subject to overall policy and administrative guidelines as the Compensation and Benefits Committee of the Company s Board of Directors (the Committee ) shall adopt annually as respects each Plan year; provided that the provisions of Appendix A shall be administered as provided in Section 2 of Appendix A.
3. **ELIGIBILITY FOR PARTICIPATION.** Prior to March 1st (or such later date as the Chairman of the Committee shall approve) of each year the Chief Executive Officer shall submit to the Committee for its review and approval a list of key managerial, professional or technical employees of the Company or any of its subsidiaries proposed for participation in the Plan for such year, together with relevant information as to the identity and qualifications of such proposed participants, based upon advice from appropriate levels of management. From time to time thereafter the Chief Executive Officer may during such year propose any other employee or employees for participation in the Plan for such year, subject to review and approval by the Committee.

The selection of an employee for participation in any year shall not constitute entitlement either to an incentive payment under the Plan for that year nor to selection for participation in any subsequent calendar year. Unless otherwise determined by the Committee in its sole discretion, an employee shall not be eligible for any incentive payment with respect to a particular year if he or she ceases to be an employee prior to the end of such year. Directors of the Company who are not officers of the Company or any of its subsidiaries shall not be eligible for participation in the Plan.
4. **DETERMINATION OF TARGET INCENTIVES.** At the time of the initial selection of an employee for participation in the Plan for a particular year, the Chief Executive Officer shall determine a target incentive or a target incentive range for that employee (other than the Chief Executive Officer) with respect to that year; provided that for senior executives the Chief Executive Officer shall submit a recommended target incentive or target incentive range to the Committee for review and approval. Each incentive or range (which shall give effect to limitations prescribed pursuant to the last paragraph of Section 5 below) shall be indicative of the incentive payment which the employee might expect to receive on the basis of strong performance by such employee, by the Company (or Operating Group) and by such employee s operating or staff unit. As promptly as practicable thereafter, the Chief Executive Officer shall submit to the Committee for its review and approval (i) a general description of the performance standards and objectives which formed the basis for such target incentive range and the weighing of those standards and objectives in relation to individual performance, and (ii) an estimate of the aggregate amount that might be payable for that year under the Plan. The Committee shall determine a target incentive or a target incentive range, if any, as well as the performance standards, objectives and weightings, for the Chief Executive Officer. In so far as practicable, such review by the Chief Executive Officer with the Committee, and such Committee determinations with respect to the Chief Executive Officer, shall take place at the time when the list of proposed participants in the Plan is initially submitted as provided in Section 3 above. Thereafter, the Chief Executive Officer shall keep the Committee advised with respect to any material changes, upward or downward, in the estimate of the aggregate amount payable.
5. **CASH INCENTIVE PAYMENTS; LIMITATIONS.** Promptly after the end of each year, the performance of each employee selected for participation in the Plan for that year, as well as the performance of the Company (or appropriate Operating Group) and the employee s operating or staff unit, shall be evaluated in accordance with the overall policy and administrative guidelines adopted pursuant to Section 2 above. The Chief Executive Officer shall, on the basis of such evaluation, determine whether a cash incentive payment shall be made to such employee

## Edgar Filing: - Form

(other than the Chief Executive Officer) for that year, and, if so, the amount of such payment, subject to review and consultation with the Committee. The Committee shall review and approve (which approval may in the Committee's sole discretion be made subject to the further approval of the Board of Directors) the Chief Executive Officer's determinations with respect to incentive payments for senior executives (other than the Chief Executive Officer). With respect to the aggregate amount, if any, of all cash incentive payments to be made for such year, the Committee shall submit its recommendations to the Board of Directors. The Committee shall also be responsible for recommending to the Board of Directors any incentive payment with respect to the Chief Executive Officer and any other officers who are also directors of the Company. The Board shall approve any such payments, as well as the aggregate amount, if any, of all other incentive payments for such year. The Chief Executive Officer shall, if necessary,

B-1

adjust the amount of individual payments in conformity with the actions taken by the Board of Directors. Each payment made under the Plan for a particular year shall be made as soon as practicable after such Board approval and, for Plan participants who are U.S. taxpayers, no later than March 15th immediately following the end of the first calendar year in which such award was earned and vested.

The Committee may from time to time establish for any year criteria (whether based on pre-tax income, return on investment or a percentage of salary or on other factors) by which the aggregate amount of all incentive awards or the amount of individual awards for such year shall be limited. In no event, however, shall any award for any year to any participant in the Plan exceed an amount equal to 200% of such participant's base salary (i.e., regular salary exclusive of any bonuses, commissions, amounts credited or paid under any benefit plan of the Company or any of its subsidiaries, and such other compensation as may from time to time be excluded by the Committee for purposes hereof) for such year.

6. **NON-ASSIGNABILITY, ETC.** No employee, no person claiming through such employee, nor any other person shall have any right or interest under the Plan, or in its continuance, or in the payment of any amount under the Plan, unless or until all the provisions of the Plan, the rules adopted thereunder, and any restrictions and limitations on the payment itself have been fully complied with. No rights under the Plan, contingent or otherwise, shall be transferable, assignable or subject to any pledge or encumbrance of any nature, nor shall the Company or any of its subsidiaries be obligated, except as otherwise required by law, to recognize or give effect to any such transfer, assignment, pledge or encumbrance.

7. **GENERAL PROVISIONS.** The benefits provided for employees under the Plan shall be in addition to, and in no way preclude, other forms of compensation to or in respect of such employees. However, the selection of an employee for participation in the Plan shall not give such employee any right to be retained in the employ of the Company or any of its subsidiaries, either for any part of the year for which he or she may have been selected to participate in the Plan or for any subsequent period.

The right of the Company and of each such subsidiary to dismiss or discharge any such employee at any time is specifically reserved.

All payments made pursuant to the Plan shall be subject to all applicable governmental laws, rules and regulations and shall be subject to withholding in respect of income and other taxes required by law to be withheld.

All payments made pursuant to the Plan shall be subject to the terms and conditions of The Brink's Company Compensation Recoupment Policy, as may be amended from time to time, and any successor policy thereto and the provisions thereof are incorporated in the Plan by reference.

8. **AMENDMENT OR TERMINATION.** Subject to Section 5 of Appendix A, the Board of Directors of the Company may from time to time amend any of the provisions of the Plan, or may at any time terminate the Plan, but no amendment or termination shall serve to cancel any incentive payment for any year which has been approved by the Board. All actions taken in conformity with the Plan shall be final, conclusive and binding on all parties, including employees participating in the Plan.

All actions of the Board of Directors under the Plan shall be taken at a meeting thereof, a quorum being present, by a majority of the directors present who are not officers or employees of the Company or any of its subsidiaries.

9. **EFFECTIVENESS; SHAREHOLDER APPROVAL.** The Plan shall first be effective with respect to incentive payments to be made for the 2012 Plan year; provided that the Plan shall not become effective, and no incentive payments shall be made hereunder, unless and until the Plan is approved by the shareholders of the Company.

APPENDIX A

INCENTIVE PAYMENTS TO MEMBERS OF THE EXECUTIVE GROUP

**1. APPLICABILITY.** Notwithstanding any provision of the Plan or the overall policy and administrative guidelines adopted pursuant to Section 2 of the Plan to the contrary, any incentive payments made under the Plan to members of the Executive Group shall be subject to the provisions of this Appendix A.

For purposes of this Appendix A, Executive Group shall mean every person who is expected by the Committee to be both (i) a covered employee as defined in Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), as of the end of the taxable year in which the applicable incentive payments may be deducted by the Company, and (ii) the recipient of compensation of more than \$1,000,000 (as such number appearing in Section 162(m) of the Code may be adjusted by any subsequent legislation) for that taxable year.

**2. ADMINISTRATION.** The provisions of this Appendix A shall be interpreted and administered by the Committee in a manner consistent with the requirements for performance-based compensation under Section 162(m) of the Code; provided that if any member of the Committee is not an outside director within the meaning of Section 162(m)(4) of the Code, then the provisions of this Appendix A shall be administered by a subcommittee of the Committee, composed solely of two or more outside directors of the Company, and references in this Appendix A to the Committee shall be deemed to refer to such subcommittee.

**3. INCENTIVE PAYMENTS.** Subject to the limitation set forth in the last sentence of Section 5 of the Plan, the incentive payments made under the Plan with respect to any Plan year to (i) any member of the Executive Group who is the Chief Executive Officer at any time during such Plan year shall equal 1.5% of Non-GAAP Segment Operating Profit for such Plan year, as reported in the management's discussion and analysis with respect to the Company's consolidated financial statements as filed with the U.S. Securities and Exchange Commission, and (ii) any member of the Executive Group who is not the Chief Executive Officer at any time during such Plan year shall equal 0.5% of Non-GAAP Segment Operating Profit for such Plan year, as reported in the management's discussion and analysis with respect to the Company's consolidated financial statements as filed with the U.S. Securities and Exchange Commission; provided that no incentive payments shall be made to the members of the Executive Group with respect to a Plan year unless the Committee approves the applicable performance goal set forth in clause (i) or (ii) for such Plan year no later than 90 days after the commencement of such Plan year. The Committee shall have discretion to determine the conditions, restrictions or other limitations, in accordance with and subject to the terms of the Plan and Section 162(m) of the Code, on the payment of incentive payments to members of the Executive Group. The Committee shall have the right to reduce the amount payable under this Section 3 in accordance with any standards contained in the Plan or the overall policy and administrative guidelines adopted pursuant to Section 2 of the Plan or on any other basis (including the Committee's absolute discretion). Neither the Committee nor the Board of Directors shall have any authority under the Plan to increase the amount payable under this Section 3.

**4. COMMITTEE CERTIFICATION.** Before any incentive payment under the Plan is paid to a member of the Executive Group, the Committee shall certify in writing (by resolution or otherwise) (i) the amount of Non-GAAP Segment Operating Profit for the Plan year, (ii) that the incentive payment to be paid does not exceed the applicable amount set forth in the first sentence of Section 3 of this Appendix A and (iii) that any other material terms of the Plan for the payment of the incentive payment were satisfied.

**5. AMENDMENT.** Notwithstanding Section 8 of the Plan, no amendment shall be made to Section 3 of this Appendix A or this Section 5 without shareholder approval, and any amendment to this Appendix A shall comply with all applicable requirements for exemption under Section 162(m) of the Code.
