**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

**(UNAUDITED)**

**NOTE 1 BASIS OF PRESENTATION AND NEW ACCOUNTING STANDARDS**

***Preparation of Interim Financial Statements***

As permitted by the rules and regulations of the Securities and Exchange Commission (the "SEC"), the unaudited financial statements and related footnotes included in Item 1 of Part I of this Quarterly Report on Form 10-Q are those of Clear Channel Capital I, LLC (the "Company" or the "Parent Company"), the direct parent of Clear Channel Communications, Inc., a Texas corporation ("Clear Channel" or the "Subsidiary Issuer"), and contain certain footnote disclosures regarding the financial information of Clear Channel and Clear Channel's domestic wholly-owned subsidiaries that guarantee certain of Clear Channel's outstanding indebtedness.

The accompanying consolidated financial statements were prepared by the Company pursuant to the rules and regulations of the SEC and, in the opinion of management, include all normal and recurring adjustments necessary to present fairly the results of the interim periods shown. Certain information and footnote disclosures normally included in financial statements prepared in accordance with U.S. generally accepted accounting principles ("GAAP") have been condensed or omitted pursuant to such SEC rules and regulations. Management believes that the disclosures made are adequate to make the information presented not misleading. Due to seasonality and other factors, the results for the interim periods are not necessarily indicative of results for the full year. The financial statements contained herein should be read in conjunction with the consolidated financial statements and notes thereto included in Clear Channel's 2010 Annual Report on Form 10-K and Quarterly Reports on Form 10-Q for the periods ended March 31, 2011 and June 30, 2011.

The consolidated financial statements include the accounts of the Company and its subsidiaries. Also included in the consolidated financial statements are entities for which the Company has a controlling financial interest or is the primary beneficiary. Investments in companies in which the Company owns 20 percent to 50 percent of the voting common stock or otherwise exercises significant influence over operating and financial policies of the company are accounted for under the equity method. All significant intercompany transactions are eliminated in the consolidation process.

Certain prior-period amounts have been reclassified to conform to the 2011 presentation.

***Information Regarding the Company***

The Company is a limited liability company organized under Delaware law, with all of its interests being held by Clear Channel Capital II, LLC, a direct, wholly-owned subsidiary of CC Media Holdings, Inc. ("CCMH"). CCMH was formed in May 2007 by private equity funds sponsored by Bain Capital Partners, LLC and Thomas H. Lee Partners, L.P. (together, the "Sponsors") for the purpose of acquiring the business of Clear Channel. The acquisition (the "acquisition" or the "merger") was consummated on July 30, 2008 pursuant to the Agreement and Plan of Merger, dated November 16, 2006, as amended on April 18, 2007, May 17, 2007 and May 13, 2008 (the "Merger Agreement").

***Omission of Per Share Information***

Net loss per share information is not presented as Clear Channel Capital II, LLC is the sole member of the Company and owns 100% of the limited liability company interests. The Company does not have any publicly traded common stock or potential common stock.

***New Accounting Pronouncements***

In December 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2010-29, *Business Combinations (Topic 805): Disclosure of Supplementary Pro Forma Information for Business Combinations*. This ASU updates Topic 805 to specify that if a public entity presents comparative financial statements, the entity should disclose revenue and earnings of the combined entity as though the business combination that occurred during the current year had occurred as of the beginning of the comparable prior annual reporting period only. The amendments of this ASU are effective prospectively for business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2010. The Company adopted the provisions of ASU 2010-29 on January 1, 2011 without material impact to the Company's disclosures.

## Edgar Filing: CLEAR CHANNEL COMMUNICATIONS INC - Form 10-Q

In April 2011, the FASB issued ASU No. 2011-04, *Fair Value Measurement (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*. The amendments in this ASU change the wording used to describe many of the requirements in U.S. GAAP for measuring fair value and for disclosing information about fair value measurements. For many of the requirements, the FASB does not intend for the amendments in this ASU to result in a change in the application of the requirements in Topic 820. Some of the amendments clarify the FASB's intent about the application of existing fair value measurement requirements. Other amendments change a particular principle or requirement for measuring fair value or for disclosing information about fair value measurements. The amendments in this ASU are to be applied prospectively for interim and annual periods beginning after December 15, 2011. The Company does not expect the provisions of ASU 2011-04 to have a material effect on its financial position or results of operations.

In June 2011, the FASB issued ASU No. 2011-05, *Comprehensive Income (Topic 220): Presentation of Comprehensive Income*. This ASU improves the comparability, consistency, and transparency of financial reporting and increases the prominence of items reported in other comprehensive income by eliminating the option to present components of other comprehensive income as part of the statement of changes in stockholders' equity. The amendments require that all nonowner changes in stockholders' equity be presented either in a single continuous statement of comprehensive income or in two separate but consecutive statements. The changes apply for interim and annual financial statements and should be applied retrospectively, effective for fiscal years, and interim periods within those years, beginning after December 15, 2011. Early adoption is permitted. The Company currently complies with the provisions of this ASU by presenting the components of comprehensive income in a single continuous financial statement within its consolidated statement of operations for both interim and annual periods.

**Table of Contents****CLEAR CHANNEL CAPITAL I, LLC AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)****(UNAUDITED)**

In September 2011, the FASB issued ASU No. 2011-08, *Intangibles-Goodwill and Other (Topic 350): Testing Goodwill for Impairment*. Under the revised guidance, entities testing goodwill for impairment have the option of performing a qualitative assessment before calculating the fair value of the reporting unit (i.e., step 1 of the goodwill impairment test). If entities determine, on the basis of qualitative factors, that the fair value of the reporting unit is more likely than not less than the carrying amount, the two-step impairment test would be required. The ASU does not change how goodwill is calculated or assigned to reporting units, nor does it revise the requirement to test goodwill annually for impairment. The amendments are effective for annual and interim goodwill impairment tests performed for fiscal years beginning after December 15, 2011. Early adoption is permitted. The Company adopted the provisions of this ASU as of October 1, 2011 and is currently evaluating the impact of adoption.

**NOTE 2 PROPERTY, PLANT AND EQUIPMENT, INTANGIBLE ASSETS AND GOODWILL***Acquisitions*

On April 29, 2011, a wholly owned subsidiary of the Company purchased the traffic business of Westwood One, Inc. ( Westwood One ) for \$24.3 million. Immediately after closing, the acquired subsidiaries repaid pre-existing, intercompany debt owed by the subsidiaries to Westwood One in the amount of \$95.0 million. The acquisition resulted in an increase of \$17.2 million to property, plant and equipment, \$36.3 million to intangible assets and \$66.0 million to goodwill.

*Property, Plant and Equipment*

The Company's property, plant and equipment consisted of the following classes of assets at September 30, 2011 and December 31, 2010, respectively:

<i>(In thousands)</i>	September 30, 2011	December 31, 2010

Property, plant and equipment, net	\$ 3,037,215	\$ 3,145,554

*Definite-lived Intangible Assets*

The Company has definite-lived intangible assets which consist primarily of transit and street furniture contracts, talent and representation contracts, customer and advertiser relationships, and site-leases, all of which are amortized over the respective lives of the agreements, or over the period of time the assets are expected to contribute directly or indirectly to the Company's future cash flows. The Company periodically reviews the appropriateness of the amortization periods related to its definite-lived assets. These assets are recorded at cost.

The following table presents the gross carrying amount and accumulated amortization for each major class of definite-lived intangible assets at September 30, 2011 and December 31, 2010, respectively:

(1) Term Loan Facilities mature at various dates from 2014 through 2016.

Clear Channel's weighted average interest rate at September 30, 2011 was 6.2%. The aggregate market value of Clear Channel's debt based on market prices for which quotes were available was approximately \$15.1 billion and \$18.7 billion at September 30, 2011 and December 31, 2010, respectively.

During the first quarter of 2011, Clear Channel amended its senior secured credit facilities and its receivables based credit facility and issued \$1.0 billion aggregate principal amount of 9.0% Priority Guarantee Notes due 2021 (the Initial Notes). Clear Channel capitalized \$39.5 million in fees and expenses associated with the offering of the Initial Notes and is amortizing them through interest expense over the life of the Initial Notes.

Clear Channel used the proceeds of the Initial Notes offering to prepay \$500.0 million of the indebtedness outstanding under its senior secured credit facilities. The \$500.0 million prepayment was allocated on a ratable basis between outstanding term loans and revolving credit commitments under Clear Channel's revolving credit facility, thus permanently reducing the revolving credit commitments under Clear Channel's

## Edgar Filing: CLEAR CHANNEL COMMUNICATIONS INC - Form 10-Q

revolving credit facility to \$1.9 billion. The prepayment resulted in the accelerated expensing of \$5.7 million of loan fees recorded in Other income (expense) net .

The proceeds from the offering of the Initial Notes, along with available cash on hand, were also used to repay at maturity \$692.7 million in aggregate principal amount of Clear Channel s 6.25% senior notes, which matured during the first quarter of 2011.

Clear Channel obtained, concurrent with the offering of the Initial Notes, amendments to its credit agreements with respect to its senior secured credit facilities and its receivables based credit facility (revolving credit commitments under the receivables based facility were reduced from \$783.5 million to \$625.0 million), which were required as a condition to complete the offering. The amendments, among other things, permit Clear Channel to request future extensions of the maturities of its senior secured credit facilities, provide Clear Channel with greater flexibility in the use of its accordion capacity, provide Clear Channel with greater flexibility to incur new debt, provided that the proceeds from such new debt are used to pay down senior secured credit facility indebtedness, and provide greater flexibility for Clear Channel s indirect subsidiary, Clear Channel Outdoor Holdings, Inc ( CCOH ), and its subsidiaries to incur new debt, provided that the net proceeds distributed to Clear Channel from the issuance of such new debt are used to pay down senior secured credit facility indebtedness.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)**

**(UNAUDITED)**

In June 2011, Clear Channel issued an additional \$750.0 million in aggregate principal amount of its 9.0% Priority Guarantee Notes due 2021 (the Additional Notes or, together with the Initial Notes, the 9.0% Priority Guarantee Notes ) at an issue price of 93.845% of the principal amount of the Additional Notes. Interest on the Additional Notes accrued from February 23, 2011, and accrued interest was paid by the purchaser at the time of delivery of the Additional Notes on June 14, 2011. The Initial Notes and the Additional Notes have identical terms and are treated as a single class.

Of the \$703.8 million of proceeds from the issuance of the Additional Notes (\$750.0 million aggregate principal amount net of \$46.2 million of discount), Clear Channel used \$500 million for general corporate purposes (to replenish cash on hand that Clear Channel previously used to pay senior notes at maturity on March 15, 2011 and May 15, 2011) and intends to use the remaining \$203.8 million to repay at maturity a portion of Clear Channel's 5% senior notes which mature in March 2012.

Clear Channel capitalized an additional \$7.1 million in fees and expenses associated with the offering of the Additional Notes and is amortizing them through interest expense over the life of the Additional Notes.

During the third quarter of 2011, CC Finco, LLC ( CC Finco ), an indirect wholly-owned subsidiary of the Company, repurchased \$80.0 million aggregate principal amount of Clear Channel's outstanding 5.5% senior notes due 2014 for \$57.1 million, including accrued interest, through open market purchases. Notes repurchased by CC Finco are eliminated in consolidation.

During the second quarter of 2011, Clear Channel repaid its 4.4% senior notes at maturity for \$140.2 million (net of \$109.8 million principal amount held by and repaid to a subsidiary of Clear Channel), plus accrued interest, with available cash on hand. Prior to, and in connection with the Additional Notes offering, Clear Channel repaid all amounts outstanding under its receivables based credit facility on June 8, 2011, using cash on hand. This voluntary repayment did not reduce the commitments under this facility and Clear Channel may reborrow amounts under this facility at any time. In addition, on June 27, 2011, Clear Channel made a voluntary payment of \$500.0 million on its revolving credit facility, which did not reduce the commitments under this facility and Clear Channel may reborrow amounts under this facility at any time.

During the first nine months of 2010, Clear Channel Investments, Inc. ( CC Investments ), an indirect wholly-owned subsidiary of the Company, repurchased \$185.2 million aggregate principal amount of certain of Clear Channel's outstanding senior toggle notes for \$125.0 million through an open market purchase. Notes repurchased by CC Investments are eliminated in consolidation.

On July 16, 2010, Clear Channel made the election to pay interest on the senior toggle notes entirely in cash, effective for the interest period commencing August 1, 2010. Unless otherwise elected, the cash interest election will remain in effect throughout the remaining term of the notes.

During the first nine months of 2010, Clear Channel repaid its remaining 7.65% senior notes upon maturity for \$138.8 million, including \$5.1 million of accrued interest, with proceeds from its delayed draw term loan facility that was specifically designated for this purpose. Also during the first nine months of 2010, Clear Channel repaid its remaining 4.50% senior notes upon maturity for \$240.0 million with available cash on hand.

**NOTE 4 SUPPLEMENTAL DISCLOSURES**

***Divestiture Trusts***

The Company owns certain radio stations which, under current FCC rules, are not permitted or transferable. These radio stations were placed in a trust in order to comply with FCC rules at the time of the closing of the merger that resulted in the Company's acquisition of Clear Channel. The Company is the beneficial owner of the trust, but the radio stations are managed by an independent trustee. The Company will have to divest all of these radio stations unless any stations may be owned by the Company under then-current FCC rules, in which case the trust will be terminated with respect to such stations. The trust agreement stipulates that the Company must fund any operating shortfalls of the trust

## Edgar Filing: CLEAR CHANNEL COMMUNICATIONS INC - Form 10-Q

activities, and any excess cash flow generated by the trust is distributed to the Company. The Company is also the beneficiary of proceeds from the sale of stations held in the trust. The Company consolidates the trust in accordance with ASC 810-10, which requires an enterprise involved with variable interest entities to perform an analysis to determine whether the enterprise's variable interest or interests give it a controlling financial interest in the variable interest entity, as the trust was determined to be a variable interest entity and the Company is its primary beneficiary. During the nine months ended September 30, 2011, the Company's Radio segment sold stations from the trust and recorded a gain of \$4.9 million included in Other operating income net.

**Table of Contents****CLEAR CHANNEL CAPITAL I, LLC AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)****(UNAUDITED)****Income Tax Benefit**

The Company's income tax benefit for the three and nine months ended September 30, 2011 and 2010, respectively, consisted of the following components:

<i>(In thousands)</i>	Three Months Ended September 30,		Nine Months Ended September 30,	
	2011	2010	2011	2010
Current tax expense	\$ (11,326)	\$ (14,663)	\$ (376)	\$ (41,307)
Deferred tax benefit	31,991	35,078	122,886	170,886
Income tax benefit	\$ 20,665	\$ 20,415	\$ 122,510	\$ 129,579

The effective tax rate for the three and nine months ended September 30, 2011 was 23.5% and 34.1%, respectively. The effective tax rate for the three months ended September 30, 2011 was primarily impacted by increases in tax expense attributable to the write-off of deferred tax assets in excess of the tax benefits realized upon the vesting of certain equity awards, an increase in unrecognized tax benefits and the Company's inability to record the benefit of losses in certain foreign jurisdictions.

The effective tax rate for the nine months ended September 30, 2011 was primarily impacted by the Company's settlement of U.S. Federal and state tax examinations during the period. Pursuant to the settlements, the Company recorded a reduction to income tax expense of approximately \$10.6 million to reflect the net tax benefits of the settlements. In addition, the effective rate for the nine months ended September 30, 2011 was impacted by the Company's ability to benefit from certain tax loss carryforwards in foreign jurisdictions due to increased taxable income during 2011, where the losses previously did not provide a benefit. The effects of these items were partially offset by the items mentioned above related to the three months ended September 30, 2011.

The Company's effective tax rate for the three and nine months ended September 30, 2010 was 11.9% and 24.1%, respectively. The 2010 effective rates were impacted primarily as a result of the Company's inability to benefit from tax losses in certain foreign jurisdictions due to the uncertainty of the ability to utilize those losses in future years. In addition, during the three months ended September 30, 2010, the Company recorded a valuation allowance of \$13.4 million against deferred tax assets in foreign jurisdictions due to the uncertainty of the ability to realize those assets in future periods.

During the nine months ended September 30, 2011 and 2010, cash paid for interest and income taxes, net of U.S. Federal income tax refunds of \$132.3 million in 2010, was as follows:

<i>(In thousands)</i>	Nine Months Ended September 30,	
	2011	2010
Interest	\$ 1,028,973	\$ 969,525
Income taxes	77,548	(113,840)

**NOTE 5 FAIR VALUE MEASUREMENTS****Marketable Equity Securities**

## Edgar Filing: CLEAR CHANNEL COMMUNICATIONS INC - Form 10-Q

The Company holds marketable equity securities and interest rate swaps that are measured at fair value on each reporting date.

The marketable equity securities are measured at fair value using quoted prices in active markets. Due to the fact that the inputs used to measure the marketable equity securities at fair value are observable, the Company has categorized the fair value measurements of the securities as Level 1 in accordance with ASC 820-10-35. The cost, unrealized holding gains or losses, and fair value of the Company's investments at September 30, 2011 and December 31, 2010 are as follows:

*(In thousands)*

<b><i>Interest Rate Swap Agreement</i></b>								

The Company's \$2.5 billion notional amount interest rate swap agreement is designated as a cash flow hedge and the effective portions of the gain or loss on the swap are reported as a component of other comprehensive loss. The Company entered into the swap to effectively convert a portion of its floating-rate debt to a fixed basis, thus reducing the impact of interest-rate changes on future interest expense. The interest rate swap agreement matures in 2013.

**Table of Contents****CLEAR CHANNEL CAPITAL I, LLC AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)****(UNAUDITED)**

The swap agreement is valued using a discounted cash flow model that takes into account the present value of the future cash flows under the terms of the agreement by using market information available as of the reporting date, including prevailing interest rates and credit spread. Due to the fact that the inputs are either directly or indirectly observable, the Company classified the fair value measurements of its swap agreement as Level 2 in accordance with ASC 820-10-35.

The Company continually monitors its positions with, and credit quality of, the financial institution which is counterparty to its interest rate swap. The Company may be exposed to credit loss in the event of nonperformance by the counterparty to the interest rate swap. However, the Company considers this risk to be low. If a derivative instrument no longer qualifies as a cash flow hedge, hedge accounting is discontinued and the gain or loss that was recorded in other comprehensive income is recognized currently in income.

In accordance with ASC 815-20-35-9, as the critical terms of the swap and the floating-rate debt being hedged were the same at inception and remained the same during the current period, no ineffectiveness was recorded in earnings related to the interest rate swap.

The fair value of the Company's interest rate swap designated as a hedging instrument and recorded in Other long-term liabilities was \$176.7 million and \$213.1 million at September 30, 2011 and December 31, 2010, respectively.

The following table details the beginning and ending accumulated other comprehensive loss and the current period activity, net of tax, related to the interest rate swap agreement:

<i>(In thousands)</i>	Accumulated other comprehensive loss
Balance at January 1, 2011	\$ 134,067

**Other Comprehensive Income (Loss)**

The following table discloses the amount of income tax benefit (expense) allocated to each component of other comprehensive income (loss) for the three and nine months ended September 30, 2011 and 2010, respectively:

**Table of Contents****CLEAR CHANNEL CAPITAL I, LLC AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)****(UNAUDITED)****NOTE 6 COMMITMENTS, CONTINGENCIES AND GUARANTEES**

The Company and its subsidiaries are currently involved in certain legal proceedings arising in the ordinary course of business and, as required, the Company has accrued its estimate of the probable costs for resolution of those claims for which the occurrence of loss is probable and the amount can be reasonably estimated. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in the Company's assumptions or the effectiveness of its strategies related to these proceedings.

On or about July 12, 2006 and April 12, 2007, two of the Company's operating businesses (L&C Outdoor Ltda. (L&C) and Publicidad Klimes São Paulo Ltda. (Klimes), respectively) in the São Paulo, Brazil market received notices of infraction from the state taxing authority, seeking to impose a value added tax (VAT) on such businesses, retroactively for the period from December 31, 2001 through January 31, 2006. The taxing authority contends that these businesses fall within the definition of communication services and as such are subject to the VAT.

L&C and Klimes have filed separate petitions to challenge the imposition of this tax. L&C's challenge was unsuccessful at the first administrative level, but successful at the second administrative level. The state taxing authority filed an appeal to the third and final administrative level, which required consideration by a full panel of 16 administrative law judges. On September 27, 2010, L&C received an unfavorable ruling at this final administrative level, which concluded that the VAT applied. L&C intends to appeal this ruling to the judicial level. In addition, L&C has filed a petition to have the case remanded to the second administrative level for consideration of the reasonableness of the amount of the penalty assessed against it. The amounts allegedly owed by L&C are approximately \$8.8 million in taxes, approximately \$17.5 million in penalties and approximately \$31.6 million in interest (as of September 30, 2011 at an exchange rate of 0.547). On August 8, 2011, Brazil's National Council of Fiscal Policy (CONFAZ) published a rule authorizing sixteen states, including the State of São Paulo, to reduce the principal amount of VAT allegedly owed for communications services; the rule also authorizes the states to reduce or waive related interest and penalties. The State of São Paulo ratified the amnesty in late August 2011. However, it is not required to reduce the principal amount of VAT or waive the payment of penalties and interest. In late 2011 or early 2012, the Company expects the São Paulo state legislature to pass legislation setting forth the precise terms of the amnesty. Based on the uncertainty of any amnesty terms that may be offered, the Company does not know whether the offered terms will be acceptable. Accordingly, the Company continues to vigorously pursue its case in the administrative courts and, if necessary, in the relevant appellate courts. At September 30, 2011, the range of reasonably possible loss is from zero to approximately \$58 million. The maximum loss that could ultimately be paid depends on the timing of the final resolution at the judicial level and applicable future interest rates. Based on the Company's review of the law, the outcome of similar cases at the judicial level and the advice of counsel, the Company has not accrued any costs related to these claims and believes the occurrence of loss is not probable.

Klimes' challenge was unsuccessful at the first administrative level, and denied at the second administrative level on or about September 24, 2009. On January 5, 2011, the administrative law judges at the third administrative level published a ruling that the VAT applies but significantly reduced the penalty assessed by the taxing authority. With the penalty reduction, the amounts allegedly owed by Klimes are approximately \$9.9 million in taxes, approximately \$4.9 million in penalties and approximately \$19.3 million in interest (as of September 30, 2011 at an exchange rate of 0.547). In late February 2011, Klimes filed a writ of mandamus in the 13th lower public treasury court in São Paulo, State of São Paulo, appealing the administrative court's decision that the VAT applies. On that same day, Klimes filed a motion for an injunction barring the taxing authority from collecting the tax, penalty and interest while the appeal is pending. The court denied the motion in early April 2011. Klimes filed a motion for reconsideration with the court and also appealed that ruling to the São Paulo State Higher Court, which affirmed in late April 2011. On June 20, 2011, the 13th lower public treasury court in São Paulo reconsidered its prior ruling and granted Klimes an injunction suspending any collection effort by the taxing authority until a decision on the merits is obtained at the first judicial level. On August 8, 2011, Brazil's National Council of Fiscal Policy (CONFAZ) published a rule authorizing sixteen states, including the State of São Paulo, to reduce the principal amount of VAT allegedly owed for communications services; the rule also authorizes the states to reduce or waive related interest and penalties. The State of São Paulo ratified the amnesty in late August 2011. However, it is not required to reduce the principal amount of VAT or waive the payment of penalties and interest. In late 2011 or early 2012, the Company expects the São Paulo state legislature to pass legislation setting forth the precise terms of the amnesty. Based on the uncertainty of any amnesty terms that may be offered, the Company does not know whether the offered terms will be acceptable. Accordingly, the Company continues to vigorously pursue its appeal in the 13th lower public treasury court. At September 30, 2011, the range of reasonably possible loss is from zero to approximately \$34 million.

## Edgar Filing: CLEAR CHANNEL COMMUNICATIONS INC - Form 10-Q

The maximum loss that could ultimately be paid depends on the timing of the final resolution at the judicial level and applicable future interest rates. Based on the Company's review of the law, the outcome of similar cases at the judicial level and the advice of counsel, the Company has not accrued any costs related to these claims and believes the occurrence of loss is not probable.

At September 30, 2011, Clear Channel guaranteed \$39.7 million of credit lines provided to certain of its international subsidiaries by a major international bank. Most of these credit lines related to intraday overdraft facilities covering participants in Clear Channel's European cash management pool. As of September 30, 2011, no amounts were outstanding under these agreements.

As of September 30, 2011, Clear Channel had outstanding commercial standby letters of credit and surety bonds of \$136.9 million and \$49.3 million, respectively. Letters of credit in the amount of \$9.1 million are collateral in support of surety bonds and these amounts would only be drawn under the letter of credit in the event the associated surety bonds were funded and Clear Channel did not honor its reimbursement obligation to the issuers. These letters of credit and surety bonds relate to various operational matters including insurance, bid, and performance bonds as well as other items.

As of September 30, 2011, Clear Channel had outstanding bank guarantees of \$58.3 million. Bank guarantees in the amount of \$4.3 million are backed by cash collateral.

**NOTE 7 CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS**

CCMH is a party to a management agreement with certain affiliates of Bain Capital Partners, LLC and Thomas H. Lee Partners, L.P. (together, the Sponsors) and certain other parties pursuant to which such affiliates of the Sponsors will provide management and financial advisory services until 2018. These agreements require management fees to be paid to such affiliates of the Sponsors for such services at a rate not greater than \$15.0 million per year, plus reimbursable expenses. For the three months ended September 30, 2011 and 2010, the Company recognized management fees of \$3.8 million in each period and reimbursable expenses of \$0.7 million for the three months ended September 30, 2010. For the nine months ended September 30, 2011 and 2010, the Company recognized management fees of \$11.3 million in each period and reimbursable expenses of \$0.6 million and \$1.7 million, respectively.

On August 9, 2010, Clear Channel announced that its board of directors approved a stock purchase program under which Clear Channel or its subsidiaries may purchase up to an aggregate of \$100 million of the Class A common stock of CCMH and/or the Class A common stock of CCOH. The stock purchase program does not have a fixed expiration date and may be modified, suspended or terminated at any time at Clear Channel's discretion. During the third quarter of 2011, CC Finco purchased 998,250 shares of CCOH's Class A common stock through open market purchases for approximately \$10.7 million.

The Company's reportable operating segments, which it believes best reflect how the Company is currently managed, are Radio, Americas outdoor advertising and International outdoor advertising. Revenue and expenses earned and charged between segments are recorded at fair value and eliminated in consolidation. The Radio segment provides media and entertainment services through broadcast and digital delivery, digital media and the operation of various radio networks. The Americas outdoor advertising segment consists of operations primarily in the United States, Canada and Latin America. The International outdoor segment primarily includes operations in Europe, Asia and Australia. The Americas outdoor and International outdoor display inventory consists primarily of billboards, street furniture displays and transit displays. The Other category includes the Company's media representation firm as well as other general support services and initiatives which are ancillary to the Company's other businesses. Corporate includes infrastructure and support including information technology, human resources, legal, finance and administrative functions of each of the Company's operating segments, as well as overall executive, administrative and support functions. Share-based compensation expense is recorded by each segment in direct operating and selling, general and administrative expenses.

The following table presents the Company's operating segment results for the three and nine months ended September 30, 2011 and 2010.

### **ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

#### **Introduction**

As permitted by the rules and regulations of the SEC, the unaudited financial statements and related footnotes included in Item 1 of Part I of this Quarterly Report on Form 10-Q are those of Clear Channel Capital I, LLC, the direct parent of Clear Channel Communications, Inc., a Texas corporation ( Clear Channel or Subsidiary Issuer ), and contain certain footnote disclosures regarding the financial information of Clear Channel and Clear Channel's domestic wholly-owned subsidiaries that guarantee certain of Clear Channel's outstanding indebtedness. All other financial information and other data and information contained in this Quarterly Report on Form 10-Q is that of Clear Channel, unless otherwise indicated. Accordingly, all references in Item 2 through Item 4 in Part I and all references in Part II of this Quarterly Report on Form 10-Q to we, us and our refer to Clear Channel and its consolidated subsidiaries.

#### **Format of Presentation**

Management's discussion and analysis of our results of operations and financial condition ( MD&A ) should be read in conjunction with the consolidated financial statements and related footnotes. Our discussion is presented on both a consolidated and segment basis. Our reportable operating segments are Radio, which provides media and entertainment services via broadcast and digital delivery and also includes our national syndication business, Americas outdoor advertising ( Americas outdoor or Americas outdoor advertising ) and International outdoor advertising ( International outdoor or International outdoor advertising ). Our Americas outdoor and International outdoor segments provide outdoor advertising services in their respective geographic regions using various digital and traditional display types. Included in the Other segment are our media representation business, Katz Media, as well as other general support services and initiatives.

We manage our operating segments primarily focusing on their operating income, while Corporate expenses, Other operating income (expense) net, Interest expense, Equity in earnings of nonconsolidated affiliates, Other income (expense) net and Income tax benefit are managed on a total company basis and are, therefore, included only in our discussion of consolidated results.

Our Radio business utilizes several key measurements to analyze performance, including average minute rates and minutes sold. Management typically monitors our Americas outdoor and International outdoor advertising businesses by reviewing the average rates, average revenue per display, occupancy and inventory levels of each of our display types by market.

Within our Radio business, we provide streaming audio via the Internet, mobile and other digital platforms which reach national, regional and local audiences. New technologies approved for use in the radio broadcasting industry include the delivery of digital audio broadcasting, which significantly enhances the sound quality of radio broadcasts. Part of our long-term strategy for our Americas outdoor and International outdoor advertising businesses is to pursue the technology of digital displays, including flat screens, LCDs and LEDs, as alternatives to traditional methods of displaying our clients' advertisements. We are currently installing these technologies in certain markets.

Our advertising revenue for all of our segments is highly correlated to changes in gross domestic product ( GDP ) as advertising spending has historically trended in line with GDP, both domestically and internationally. According to the U.S. Department of Commerce, revised U.S. GDP growth for the first and second quarters of 2011 was 0.4% and 1.3%, respectively, and estimated U.S. GDP growth for the third quarter of 2011 was 2.5%. Internationally, our results are impacted by fluctuations in foreign currency exchange rates as well as the economic conditions in the foreign markets in which we have operations.

#### **Executive Summary**

The key developments in our business for the three and nine months ended September 30, 2011 are summarized below:

Consolidated revenue increased \$106.0 million and \$277.4 million during the three and nine months ended September 30, 2011, respectively, compared to the same periods of 2010.

Radio revenue increased \$55.4 million and \$104.7 million during the three and nine months ended September 30, 2011, respectively, compared to the same periods of 2010, due primarily to increased traffic revenue resulting from our April 2011 purchase of the traffic business of Westwood One, Inc. ( Westwood One ) to add a complementary traffic operation to our existing traffic business. We also purchased a cloud-based music technology business in the first quarter of 2011 that has enabled us to accelerate the development and growth of the next generation of our iHeartRadio digital products.

## Edgar Filing: CLEAR CHANNEL COMMUNICATIONS INC - Form 10-Q

Americas outdoor revenue increased \$14.1 million and \$49.4 million during the three and nine months ended September 30, 2011, respectively, compared to the same periods of 2010, driven by revenue growth across our

bulletin, airport and shelter displays, particularly digital displays. During the nine months ended September 30, 2011, we deployed 153 digital displays in the United States, compared to 99 in the nine months ended September 30, 2010. We continue to see opportunities to invest in digital displays and expect our digital display deployments will continue throughout 2011. International outdoor revenue increased \$39.3 million and \$133.2 million during the three and nine months ended September 30, 2011, respectively, compared to the same periods of 2010, primarily as a result of increased street furniture revenues and the effects of movements in foreign exchange. The weakening of the U.S. Dollar throughout the first nine months of 2011 has significantly contributed to revenue growth in our International outdoor advertising business. The revenue increase attributable to movements in foreign exchange was \$22.6 million and \$76.9 million for the three and nine months ended September 30, 2011, respectively.

We issued \$1.75 billion aggregate principal amount of 9.0% Priority Guarantee Notes due 2021 during the nine months ended September 30, 2011, consisting of \$1.0 billion aggregate principal amount issued in February (the February 2011 Offering ) and an additional \$750.0 million aggregate principal amount issued in June (the June 2011 Offering ). Proceeds of the February 2011 Offering, along with available cash on hand, were used to repay \$500.0 million of our senior secured credit facilities and \$692.7 million of our 6.25% senior notes at maturity in March 2011. Please refer to the Refinancing Transactions section within this MD&A for further discussion of the offerings, including the use of the proceeds of the June 2011 Offering. During the third quarter of 2011, CC Finco, LLC ( CC Finco ), our indirect wholly-owned subsidiary repurchased \$80.0 million aggregate principal amount of our outstanding 5.5% senior notes due 2014 for \$57.1 million, including accrued interest, through open market purchases.

During the third quarter of 2011, CC Finco purchased 998,250 shares of Clear Channel Outdoor Holdings, Inc. s ( CCOH ) Class A common stock through open market purchases for approximately \$10.7 million.

During the first nine months of 2011, we repaid our 4.4% senior notes at maturity for \$140.2 million (net of \$109.8 million principal amount held by and repaid to one of our subsidiaries), plus accrued interest.

**Consolidated Revenue**

Our consolidated revenue increased \$106.0 million during the third quarter of 2011 compared to the same period of 2010. Our Radio revenue increased \$55.4 million, driven primarily by a \$40.8 million increase due to our Westwood Acquisition. Americas outdoor revenue increased \$14.1 million, driven by increases in revenue across bulletin, airport, poster and shelter displays, particularly digital displays, as a result of our continued deployment of new digital displays and increased rates. Our International outdoor revenue increased \$39.3 million, primarily from increased street furniture revenue across our markets and a \$22.6 million increase from the impact of movements in foreign exchange.

Our consolidated revenue increased \$277.4 million during the first nine months of 2011 compared to the same period of 2010. Our Radio revenue increased \$104.7 million, driven primarily by a \$69.0 million increase due to our Westwood Acquisition and higher advertising revenues primarily as a result of increased rates. Americas outdoor revenue increased \$49.4 million, driven by increases in revenue across bulletin, airport and shelter displays, particularly digital displays, as a result of our continued deployment of new digital displays and increased rates. Our International outdoor revenue increased \$133.2 million, primarily from increased street furniture revenue across our markets and a \$76.9 million increase from the impact of movements in foreign exchange.

**Consolidated Direct Operating Expenses**

## Edgar Filing: CLEAR CHANNEL COMMUNICATIONS INC - Form 10-Q

Direct operating expenses increased \$57.0 million during the third quarter of 2011 compared to the same period of 2010. Our Radio direct operating expenses increased \$28.9 million, primarily due to an increase of \$21.3 million related to our Westwood Acquisition and increased spending on digital initiatives. Americas outdoor direct operating expenses increased \$8.7 million, primarily due to increased site lease expense associated with higher airport and bulletin revenue, particularly digital, and the increased deployment of digital displays. Direct operating expenses in our International outdoor segment increased \$18.8 million, primarily from a \$14.9 million increase from movements in foreign exchange.

Direct operating expenses increased \$101.4 million during the first nine months of 2011 compared to the same period of 2010. Our Radio direct operating expenses increased \$33.9 million, primarily due to an increase of \$35.2 million related to our

Westwood Acquisition. Americas outdoor direct operating expenses increased \$18.1 million, primarily due to increased site lease expense associated with higher airport and bulletin revenue, particularly digital, and the increased deployment of digital displays. Direct operating expenses in our International outdoor segment increased \$51.5 million, primarily from a \$50.0 million increase from movements in foreign exchange.

### ***Consolidated Selling, General and Administrative ( SG&A ) Expenses***

SG&A expenses increased \$37.3 million during the third quarter of 2011 compared to the same period of 2010. Our Radio SG&A expenses increased \$24.5 million, primarily due to an increase of \$17.8 million related to our Westwood Acquisition and increased expenses related to our digital initiatives. SG&A expenses increased \$6.0 million in our Americas outdoor segment, primarily as a result of increased commission expense associated with the increase in revenue. Our International outdoor SG&A expenses increased \$10.7 million primarily due to increased selling and marketing expenses associated with the increase in revenue in addition to a \$4.3 million increase from movements in foreign exchange.

SG&A expenses increased \$75.9 million during the first nine months of 2011 compared to the same period of 2010. Our Radio SG&A expenses increased \$42.9 million, primarily due to an increase of \$26.6 million related to our Westwood Acquisition and increased expenses related to our digital initiatives. SG&A expenses increased \$7.1 million in our Americas outdoor segment, primarily as a result of increased commission expense associated with the increase in revenue. Our International outdoor SG&A expenses increased \$33.7 million primarily due to a \$15.0 million increase from movements in foreign exchange, a \$6.5 million increase related to the unfavorable impact of litigation and increased selling and marketing expenses associated with the increase in revenue.

### ***Corporate Expenses***

Corporate expenses decreased \$26.3 million during the third quarter of 2011 compared to the same period of 2010, primarily as a result of a decrease in bonus expense due to the timing and amounts recorded under our variable compensation plans, reflecting the impact of prior year over-performance resulting in higher bonus expense in 2010, and decreased expense related to employee benefits. Also contributing to the decline in the current quarter was a \$6.0 million decrease in share-based compensation expense related to the shares tendered by Mark P. Mays to CCMH in the third quarter of 2010 pursuant to a put option included in his amended employment agreement.

Corporate expenses decreased \$46.0 million during the first nine months of 2011 compared to the same period of 2010, primarily as a result of a decrease in bonus expense due to the timing and amounts recorded under our variable compensation plans and decreased expense related to employee benefits. Also contributing to the decline was a decrease in share-based compensation related to the put option discussed above and the cancellation of an executive's options, and a decrease in restructuring expenses. Partially offsetting the decreases was an increase in general corporate infrastructure support services and initiatives.

### ***Depreciation and Amortization***

Depreciation and amortization increased \$13.5 million and \$21.3 million during the third quarter and first nine months of 2011, respectively, compared to the same periods of 2010, primarily due to increases in accelerated depreciation and amortization related to the removal of various structures and loss of associated permits, including the removal of traditional billboards in connection with the continued deployment of digital billboards. We also recorded increases in depreciation and amortization related to our Westwood Acquisition. In addition, movements in foreign exchange contributed increases of \$2.1 million and \$7.8 million for the third quarter and first nine months of 2011, respectively.

### ***Other Operating Income (Expense) Net***

Other operating expense of \$6.5 million for the third quarter of 2011 primarily related to losses on the sale and donation of radio stations. Other operating income of \$13.5 million for first nine months of 2011 primarily related to a gain on the sale of a tower and proceeds received from condemnations of bulletins.

Other operating expense of \$29.6 million and \$22.5 million for the third quarter and first nine months of 2010, respectively, primarily related to a \$23.6 million non-cash charge recorded as of September 30, 2010 as a result of the transfer of our subsidiary's interest in its Branded Cities business, and a \$3.7 million loss on the sale of our outdoor advertising business in India.

### ***Interest Expense***

## Edgar Filing: CLEAR CHANNEL COMMUNICATIONS INC - Form 10-Q

Interest expense decreased \$20.0 million and \$62.7 million during the third quarter and first nine months of 2011, respectively, compared to the same periods of 2010. Higher interest expense associated with the 2011 issuances of 9.0% Priority

**Table of Contents**

Guarantee Notes was offset by decreased expense on term loan facilities due to the prepayment of \$500.0 million of our senior secured credit facilities made in connection with the February 2011 Offering and the paydown of our receivables-based credit facility made prior to, and in connection with, the June 2011 Offering. Also contributing to the decline in interest expense was the timing of repurchases and repayments at maturity of certain of our senior notes. Our weighted average cost of debt during the three and nine months ended September 30, 2011 was 6.2% and 6.0%, respectively, compared to 6.2% and 6.3% for the three and nine month periods ended September 30, 2010, respectively.

**Other Income (Expense) Net**

Other income of \$7.3 million for the third quarter of 2011 primarily related to an aggregate gain of \$4.3 million on the repurchase of our 5.5% senior notes due 2014 and foreign exchange gains on short term intercompany accounts. Please refer to the Debt Repurchases, Maturities and Other section within this MD&A for additional discussion of the repurchase. Other income was relatively flat for the first nine months of 2011. The accelerated expensing of \$5.7 million of loan fees upon the prepayment of \$500.0 million of our senior secured credit facilities in connection with the February 2011 Offering described elsewhere in this MD&A was offset by a \$4.3 million gain on the repurchase of debt discussed above and foreign exchange gains on short term intercompany accounts.

Other income of \$51.5 million for the first nine months of 2010 primarily related to an aggregate gain of \$60.3 million on the repurchase of our senior toggle notes. Please refer to the Debt Repurchases, Maturities and Other section within this MD&A for additional discussion of the repurchase.

**Income Tax Benefit**

Our effective tax rate for the third quarter and first nine months of 2011 was 23.5% and 34.1%, respectively. Our effective tax rate for the three months ended September 30, 2011 was primarily impacted by increases in tax expense attributable to the write-off of deferred tax assets in excess of the tax benefits realized upon the vesting of certain equity awards, an increase in unrecognized tax benefits and our inability to record the tax benefit of losses in certain foreign jurisdictions. Our effective tax rate for the nine months ended September 30, 2011 was primarily impacted by our settlement of U.S. Federal and state tax examinations during the period. Pursuant to the settlements, we recorded a reduction to income tax expense of approximately \$10.6 million to reflect the net tax benefits of the settlements. In addition, the effective tax rate for the nine months ended September 30, 2011 was impacted by our ability to benefit from certain tax loss carryforwards in foreign jurisdictions due to increased taxable income during 2011, where the losses previously did not provide a benefit. The effects of these items were partially offset by the items mentioned above related to the three months ended September 30, 2011.

Our effective tax rate for the third quarter and first nine months of 2010 was 11.9% and 24.1%, respectively. The effective rates for the 2010 periods were impacted primarily as a result of our inability to benefit from tax losses in certain foreign jurisdictions due to the uncertainty of the ability to utilize those losses in future years. In addition, during the three months ended September 30, 2010, we recorded a valuation allowance of \$13.4 million against deferred tax assets in foreign jurisdictions due to the uncertainty of our ability to realize those assets in future periods.

## Edgar Filing: CLEAR CHANNEL COMMUNICATIONS INC - Form 10-Q

Radio revenue increased \$55.4 million during the third quarter of 2011 compared to the same period of 2010, primarily driven by a \$40.8 million increase due to our Westwood Acquisition. National advertising revenues increased \$12.5 million on improved average rates per minute, with revenue growth across various categories such as restaurants, automotive and utilities. Revenue from our digital radio services also increased as a result of increased volume and revenues related to our iHeartRadio Music Festival.

**Table of Contents**

Direct operating expenses increased \$28.9 million, primarily due to an increase of \$21.3 million from our Westwood Acquisition and increased spending related to our iHeartRadio Player and iHeartRadio Music Festival, and other digital initiatives. SG&A expenses increased \$24.5 million, primarily as a result of a \$17.8 million increase related to our Westwood Acquisition and increased expenses related to our digital initiatives.

Depreciation and amortization increased \$3.5 million, primarily due to our Westwood Acquisition.

**Nine Months**

Radio revenue increased \$104.7 million during the first nine months of 2011 compared to the same period of 2010, primarily driven by a \$69.0 million increase due to our Westwood Acquisition. We experienced increases in both national and local advertising on improved average rates per minute. Increases in advertising occurred across various markets and advertising categories including automotive, financial services and restaurants. Revenue from our digital radio services also increased as a result of improved rates, increased volume and revenues related to our iHeartRadio Music Festival.

Direct operating expenses increased \$33.9 million during the first nine months of 2011 compared to the same period of 2010, primarily due to an increase of \$35.2 million from our Westwood Acquisition and increased spending related to our digital initiatives, including our iHeartRadio Player and iHeartRadio Music Festival, partially offset by a \$7.3 million decline in restructuring expenses. SG&A expenses increased \$42.9 million, primarily due to an increase of \$26.6 million related to our Westwood Acquisition and increased expenses related to our digital initiatives.

Depreciation and amortization increased \$9.3 million, primarily due to our Westwood Acquisition.

**Americas Outdoor Advertising Results of Operations**

Our Americas outdoor advertising operating results were as follows:

**Three Months**

Our Americas outdoor revenue increased \$14.1 million during the third quarter of 2011 compared to the same period of 2010, driven by revenue increases across our bulletin, airport, poster and shelter displays, and particularly digital displays. Bulletin revenues increased due to digital growth driven by the increased number of digital displays, in addition to increased rates. Airport, poster and shelter revenues increased primarily on higher average rates.

Direct operating expenses increased \$8.7 million, primarily due to increased site lease expense associated with higher airport and bulletin revenue, particularly digital, and the increased deployment of digital displays. SG&A expenses increased \$6.0 million, primarily as a result of increased commission expense associated with the increase in revenue.

Depreciation and amortization increased \$9.7 million, primarily due to increases in accelerated depreciation and amortization related to the removal of various structures and loss of associated permits, including the removal of traditional billboards in connection with the continued deployment of digital billboards.

**Nine Months**

## Edgar Filing: CLEAR CHANNEL COMMUNICATIONS INC - Form 10-Q

Our Americas outdoor revenue increased \$49.4 million during the first nine months of 2011 compared to the same period of 2010, driven by revenue increases across our bulletin, airport and shelter displays, and particularly digital displays. Bulletin revenues increased primarily due to digital growth driven by the increased number of digital displays, in addition to increased rates. Airport and shelter revenues increased on higher average rates.

**Table of Contents**

Direct operating expenses increased \$18.1 million, primarily due to increased site lease expense associated with higher airport and bulletin revenue, particularly digital, and the increased deployment of digital displays. We also experienced an increase in expenses related to structure maintenance and electricity for new digital bulletins as well as existing displays. SG&A expenses increased \$7.1 million, primarily as a result of increased commission expense associated with the increase in revenue.

Depreciation and amortization increased \$8.5 million, primarily due to increases in accelerated depreciation related to the removal of various structures, including the removal of traditional billboards in connection with the continued deployment of digital billboards.

**International Outdoor Advertising Results of Operations**

**Three Months**

International outdoor revenue increased \$39.3 million during the third quarter of 2011 compared to the same period of 2010, primarily as a result of increased street furniture revenue across most of our markets, particularly China, attributable to improved yields and additional displays. Billboard and street furniture revenues increased in France, primarily due to increased national and local sales, while Switzerland billboard revenues increased primarily due to improved rates. In addition, foreign exchange movements resulted in a \$22.6 million increase in revenue.

Direct operating expenses increased \$18.8 million, primarily attributable to a \$14.9 million increase from movements in foreign exchange and increased site lease expense associated with the increase in revenue. SG&A expenses increased \$10.7 million primarily due to increased selling and marketing expenses associated with the increase in revenue and a \$4.3 million increase from movements in foreign exchange.

**Nine Months**

International outdoor revenue increased \$133.2 million during the first nine months of 2011 compared to the first nine months of 2010, partially as a result of increased street furniture revenue across most of our markets. Improved yields and additional displays contributed to the revenue increase in China while a new contract drove the revenue increase in Sweden. Foreign exchange movements resulted in a \$76.9 million increase in revenue.

Direct operating expenses increased \$51.5 million, attributable to a \$50.0 million increase from movements in foreign exchange. In addition, a \$7.2 million increase in site lease expense associated with the increase in revenue was partially offset by a decline in restructuring expenses. SG&A expenses increased \$33.7 million primarily due to a \$15.0 million increase from movements in foreign exchange, a \$6.5 million increase related to the unfavorable impact of litigation and higher selling expenses associated with the increase in revenue.

**Share-Based Compensation Expense**

We do not have any compensation plans under which we grant stock awards to employees. Our employees receive equity awards from CC Media Holdings, Inc. s ( CCMH ) and CCOH s equity incentive plans.

The following table presents amounts related to share-based compensation expense for the three and nine months ended September 30, 2011 and 2010, respectively:

<sup>1</sup> Included in corporate share-based compensation for the nine months ended September 30, 2011 is a \$6.6 million reversal of expense related to the cancellation of a portion of an executive s stock options.

CCMH completed a voluntary stock option exchange program on March 21, 2011 and exchanged 2.5 million stock options granted under the Clear Channel 2008 Executive Incentive Plan for 1.3 million replacement stock options with a lower exercise price and different service and performance conditions. We accounted for the exchange program as a modification of the existing awards under ASC 718 and will recognize incremental compensation expense of approximately \$1.0 million over the service period of the new awards.

Additionally, we recorded compensation expense of \$6.0 million in Corporate expenses related to shares tendered by Mark P. Mays to CCMH on August 23, 2010 for purchase at \$36.00 per share pursuant to a put option included in his amended employment agreement.

As of September 30, 2011, there was \$47.5 million of unrecognized compensation cost, net of estimated forfeitures, related to unvested share-based compensation arrangements that will vest based on service conditions. This cost is expected to be recognized over approximately

two years. In addition, as of September 30, 2011, there was \$14.9 million of unrecognized compensation cost, net of estimated forfeitures, related to unvested share-based compensation arrangements that will vest based on market, performance and service conditions. This cost will be recognized when it becomes probable that the performance condition will be satisfied.

**Table of Contents****LIQUIDITY AND CAPITAL RESOURCES****Cash Flows**

The following discussion highlights our cash flow activities during the nine months ended September 30, 2011 and 2010.

<i>(In thousands)</i>	Nine Months Ended September 30,	
	2011	2010
Cash provided by (used for):		
Operating activities	\$ 121,382	\$ 316,542
Investing activities	\$ (212,265)	\$ (165,339)
Financing activities	\$ (664,662)	\$ (334,363)

***Operating Activities***

Our net loss, adjusted for \$601.1 million of non-cash items, provided positive cash flows of \$364.5 million during the first nine months of 2011. Our net loss, adjusted for \$541.9 million of non-cash items, resulted in positive cash flows of \$134.7 million in the first nine months of 2010. Cash provided by operating activities during the nine months ended September 30, 2011 was \$121.4 million compared to \$316.5 million of cash provided by operating activities during the nine months ended September 30, 2010. Cash generated by higher operating income compared to the prior year period as a result of improved operating performance was offset by the receipt of \$132.3 million in U.S. Federal income tax refunds in the first nine months of 2010 and higher variable compensation payments in the first nine months of 2011 associated with our employee incentive programs based on 2010 operating performance.

Non-cash items affecting our net loss include depreciation and amortization, deferred taxes, (gain) loss on disposal of operating assets, (gain) loss on extinguishment of debt, provision for doubtful accounts, share-based compensation, equity in earnings of nonconsolidated affiliates, amortization of deferred financing charges and note discounts net and other reconciling items net as presented on the face of the statement of cash flows.

***Investing Activities***

Cash used for investing activities during the first nine months of 2011 primarily reflected capital expenditures of \$218.1 million. We spent \$45.5 million for capital expenditures in our Radio segment, \$86.1 million in our Americas outdoor segment primarily related to the construction of new digital billboards, and \$78.3 million in our International outdoor segment primarily related to new billboard and street furniture contracts and renewals of existing contracts. Cash of \$33.9 million paid for purchases of businesses primarily related to our Westwood Acquisition and the cloud-based music technology business we purchased during the first nine months of 2011. In addition, we received proceeds of \$52.4 million primarily related to the sale of radio stations, towers and other assets in our Radio, Americas outdoor, and International outdoor segments.

Cash used for investing activities during the first nine months of 2010 primarily reflected capital expenditures of \$169.4 million. We spent \$21.6 million for capital expenditures in our Radio segment, \$70.6 million in our Americas outdoor segment primarily related to the construction of new billboards, and \$68.7 million in our International outdoor segment primarily related to new billboard and street furniture contracts and renewals of existing contracts. In addition, we acquired representation contracts for \$10.9 million and received proceeds of \$20.6 million primarily related to the sale of radio stations and assets in our Americas outdoor and International outdoor segments.

***Financing Activities***

Cash used for financing activities during the first nine months of 2011 primarily reflected debt issuances in the February 2011 Offering and the June 2011 Offering, and the use of proceeds from the February 2011 Offering, as well as cash on hand, to prepay \$500.0 million of our senior secured credit facilities and repay at maturity our 6.25% senior notes that matured in the first nine months of 2011 as discussed in the Refinancing Transactions section within this MD&A. We also repaid all outstanding amounts under our receivables based facility prior to, and in connection with, the June 2011 Offering. Cash used for financing activities also included the \$95.0 million of pre-existing, intercompany debt owed by acquired Westwood One subsidiaries repaid immediately after the closing of the Westwood Acquisition. We repaid our 4.4% senior notes at maturity in May 2011 for \$140.2 million, plus accrued interest, with available cash on hand, and repaid \$500.0 million of our revolving credit facility on June 27, 2011. Additionally, CC Finco repurchased \$80.0 million aggregate principal amount of our 5.5% senior notes for

Edgar Filing: CLEAR CHANNEL COMMUNICATIONS INC - Form 10-Q

\$57.1 million, including accrued interest, as discussed in the Debt Repurchases, Maturities and Other section within this MD&A.

## **Table of Contents**

Cash used for financing activities during the first nine months of 2010 included draws and repayments on our credit facilities of \$160.4 million and \$140.3 million, respectively. Our wholly-owned subsidiary, Clear Channel Investments, Inc. ( CC Investments ), repurchased \$185.2 million aggregate principal amount of our senior toggle notes for \$125.0 million as discussed in the Debt Repurchases, Maturities and Other section within this MD&A. We repaid our remaining 7.65% senior notes upon maturity for \$138.8 million with proceeds from our delayed draw term loan facility that was specifically designated for this purpose. In addition, we repaid our remaining 4.50% senior notes upon maturity for \$240.0 million with available cash on hand.

### **Anticipated Cash Requirements**

Our ability to fund our working capital needs, debt service and other obligations, and to comply with the financial covenant under our financing agreements depends on our future operating performance and cash flow, which are in turn subject to prevailing economic conditions and other factors, many of which are beyond our control. If our future operating performance does not meet our expectations or our plans materially change in an adverse manner or prove to be materially inaccurate, we may need additional financing. There can be no assurance that such financing, if permitted under the terms of our financing agreements, will be available on terms acceptable to us or at all. The inability to obtain additional financing in such circumstances could have a material adverse effect on our financial condition and on our ability to meet our obligations.

We frequently evaluate strategic opportunities both within and outside our existing lines of business. We expect from time to time to pursue additional acquisitions and may decide to dispose of certain businesses. These acquisitions or dispositions could be material.

Based on our current and anticipated levels of operations and conditions in our markets, we believe that cash on hand, availability under our revolving credit facility and receivables based facility, as well as cash flow from operations will enable us to meet our working capital, capital expenditure, debt service and other funding requirements for at least the next twelve months.

We expect to be in compliance with the covenants contained in our material financing agreements in 2011, including the maximum consolidated senior secured net debt to consolidated EBITDA limitations contained in our senior secured credit facilities. However, our anticipated results are subject to significant uncertainty and our ability to comply with this limitation may be affected by events beyond our control, including prevailing economic, financial and industry conditions. The breach of any covenants set forth in our financing agreements would result in a default thereunder. An event of default would permit the lenders under a defaulted financing agreement to declare all indebtedness thereunder to be due and payable prior to maturity. Moreover, the lenders under the revolving credit facility under our senior secured credit facilities would have the option to terminate their commitments to make further extensions of revolving credit thereunder. If we are unable to repay our obligations under any secured credit facility, the lenders could proceed against any assets that were pledged to secure such facility. In addition, a default or acceleration under any of our material financing agreements could cause a default under other of our obligations that are subject to cross-default and cross-acceleration provisions. The threshold amount for a cross-default under the senior secured credit facilities and receivables based facility is \$100.0 million.

(1) We had \$535.8 million of availability under the Revolving Credit Facility as of September 30, 2011.

(2) As of September 30, 2011, we had available under the Receivables Based Facility the lesser of \$625 million (the revolving credit commitment) or the borrowing base amount, as defined under the Receivables Based Facility.

We and our subsidiaries have from time to time repurchased certain of our debt obligations and outstanding equity securities of CCOH, and we may in the future, as part of various financing and investment strategies, purchase additional outstanding indebtedness of ours or our subsidiaries or outstanding equity securities of CCOH or CCMH, in tender offers, open market purchases, privately negotiated transactions or otherwise. We may also sell certain assets or properties and use the proceeds to reduce our indebtedness. These purchases or sales, if any, could have a material positive or negative impact on our liquidity available to repay outstanding debt obligations or on our consolidated results of operations. These transactions could also require or result in amendments to the agreements governing outstanding debt obligations or changes in our leverage or other financial ratios, which could have a material positive or negative impact on our ability to comply with the covenants contained in our debt agreements. These transactions, if any, will depend on prevailing market conditions, our liquidity requirements, contractual restrictions and other factors. The amounts involved may be material.

The senior secured credit facilities require us to comply on a quarterly basis with a financial covenant limiting the ratio of consolidated secured debt, net of cash and cash equivalents, to consolidated EBITDA for the preceding four quarters. Our secured debt consists of the senior secured credit facilities, the receivables-based credit facility, the priority guarantee notes and certain other secured subsidiary debt. Our consolidated EBITDA for the preceding four quarters of \$1.9 billion is calculated as operating income (loss) before depreciation, amortization, impairment charges and other operating income net, plus non-cash compensation, and is further adjusted for the following items: (i) an increase of \$15.6 million for cash received from nonconsolidated affiliates; (ii) an increase of \$36.3 million for non-cash items; (iii) an increase of \$28.6 million related to expenses incurred associated with our cost savings program; and (iv) an increase of \$36.9 million for various other items. The maximum ratio under this financial covenant is currently set at 9.5:1 and becomes more restrictive over time beginning in the second quarter of 2013. At September 30, 2011, our ratio was 7.1:1.

**Refinancing Transactions**

## Edgar Filing: CLEAR CHANNEL COMMUNICATIONS INC - Form 10-Q

During the first quarter of 2011 we amended our senior secured credit facilities and our receivables based credit facility and issued \$1.0 billion aggregate principal amount of 9.0% Priority Guarantee Notes due 2021 (the Initial Notes ). We capitalized \$39.5 million in fees and expenses associated with the offering and are amortizing them through interest expense over the life of the Initial Notes.

**Table of Contents**

We used the proceeds of the Initial Notes offering to prepay \$500.0 million of the indebtedness outstanding under our senior secured credit facilities. The \$500.0 million prepayment was allocated on a ratable basis between outstanding term loans and revolving credit commitments under our revolving credit facility, thus permanently reducing the revolving credit commitments under our revolving credit facility to \$1.9 billion. The prepayment resulted in the accelerated expensing of \$5.7 million of loan fees recorded in Other income (expense) net.

The proceeds from the offering of the Initial Notes, along with available cash on hand, were also used to repay at maturity \$692.7 million in aggregate principal amount of our 6.25% senior notes, which matured during the first quarter of 2011.

We obtained, concurrent with the offering of the Initial Notes, amendments to our credit agreements with respect to our senior secured credit facilities and our receivables based credit facility (revolving credit commitments under the receivables based facility were reduced from \$783.5 million to \$625.0 million), which were required as a condition to complete the offering. The amendments, among other things, permit us to request future extensions of the maturities of our senior secured credit facilities, provide us with greater flexibility in the use of our accordion capacity, provide us with greater flexibility to incur new debt, provided that the proceeds from such new debt are used to pay down senior secured credit facility indebtedness, and provide greater flexibility for our indirect subsidiary, CCOH, and its subsidiaries to incur new debt, provided that the net proceeds distributed to us from the issuance of such new debt are used to pay down senior secured credit facility indebtedness.

As a result of the prepayment of \$500.0 million of indebtedness under our senior secured credit facilities, the scheduled repayment of term loans is revised as set forth below:

\*\* Balance of Tranche B Term Loan, Tranche C Term Loan, Delayed Draw 1 Term Loan and Delayed Draw 2 Term Loan are due January 29, 2016

In June 2011, we issued an additional \$750.0 million in aggregate principal amount of 9.0% Priority Guarantee Notes due 2021 (the Additional Notes) at an issue price of 93.845% of the principal amount of the Additional Notes. Interest on the Additional Notes accrued from February 23, 2011 and accrued interest was paid by the purchaser at the time of delivery of the Additional Notes on June 14, 2011. Of the \$703.8 million of proceeds from the issuance of the Additional Notes (\$750.0 million aggregate principal amount net of \$46.2 million of discount), we used \$500 million for general corporate purposes (to replenish cash on hand that we previously used to pay senior notes at maturity on March 15, 2011 and May 15, 2011) and intend to use the remaining \$203.8 million to repay at maturity a portion of our 5% senior notes which mature in March 2012.

We capitalized an additional \$7.1 million in fees and expenses associated with the offering of the Additional Notes and are amortizing them through interest expense over the life of the Additional Notes.

The Additional Notes were issued as additional notes under the indenture, dated as of February 23, 2011 (the Indenture), among us, the guarantors named therein (the Guarantors), Wilmington Trust FSB, as trustee (the Trustee), and the other agents named therein, under which we previously issued the Initial Notes. The Additional Notes were issued pursuant to a supplemental indenture to the Indenture, dated as of June 14, 2011, between us and the Trustee.

## Edgar Filing: CLEAR CHANNEL COMMUNICATIONS INC - Form 10-Q

The Initial Notes and the Additional Notes (collectively, the 9.0% Priority Guarantee Notes ) have identical terms and are treated as a single class. The 9.0% Priority Guarantee Notes mature on March 1, 2021 and bear interest at a rate of 9.0% per annum, payable semi-annually in arrears on March 1 and September 1 of each year, beginning on September 1, 2011. The 9.0% Priority Guarantee Notes are our senior obligations and are fully and unconditionally guaranteed, jointly and severally, on a senior basis by the Guarantors. The 9.0% Priority Guarantee Notes and the Guarantors' obligations under the guarantees are secured by (i) a lien on (a) our capital stock and (b) certain property and related assets that do not constitute principal property (as defined in the indenture governing certain of our legacy notes), in each case equal in priority to the liens securing the obligations under our senior secured credit facilities, subject to certain exceptions, and (ii) a lien on the accounts receivable and related assets securing our receivables based credit facility junior in priority to the lien securing our obligations thereunder, subject to certain exceptions.

## **Table of Contents**

We may redeem the 9.0% Priority Guarantee Notes at our option, in whole or part, at any time prior to March 1, 2016, at a price equal to 100% of the principal amount of the 9.0% Priority Guarantee Notes redeemed, plus accrued and unpaid interest to the redemption date and plus an applicable premium. We may redeem the 9.0% Priority Guarantee Notes, in whole or in part, on or after March 1, 2016, at the redemption prices set forth in the Indenture plus accrued and unpaid interest to the redemption date. At any time on or before March 1, 2014, we may elect to redeem up to 40% of the aggregate principal amount of the 9.0% Priority Guarantee Notes at a redemption price equal to 109.0% of the principal amount thereof, plus accrued and unpaid interest to the redemption date, with the net proceeds of one or more equity offerings.

The Indenture contains covenants that limit our ability and the ability of our restricted subsidiaries to, among other things: (i) pay dividends, redeem stock or make other distributions or investments; (ii) incur additional debt or issue certain preferred stock; (iii) modify any of our existing senior notes; (iv) transfer or sell assets; (v) engage in certain transactions with affiliates; (vi) create restrictions on dividends or other payments by the restricted subsidiaries; and (vii) merge, consolidate or sell substantially all of our assets. The Indenture contains covenants that limit Clear Channel Capital I, LLC's and our ability and the ability of our restricted subsidiaries to, among other things: (i) create liens on assets and (ii) materially impair the value of the security interests taken with respect to the collateral for the benefit of the notes collateral agent and the holders of the 9.0% Priority Guarantee Notes. The Indenture also provides for customary events of default.

### **Dispositions**

During the first nine months of 2011, we disposed of 13 radio stations for approximately \$22.3 million and recorded a loss of \$0.3 million in Other operating income (expense) net.

On October 15, 2010, CCOH transferred its interest in its Branded Cities operations to its joint venture partner, The Ellman Companies. The long-lived tangible and intangible assets of the Branded Cities operations were transferred for less than their carrying values in connection with this transaction. In connection with this event, we recorded a non-cash charge in the third quarter of 2010 of approximately \$23.6 million in Other operating income (expense) net to present these assets at their estimated fair values as of September 30, 2010.

### **USES OF CAPITAL**

#### **Debt Repurchases, Maturities and Other**

During the third quarter of 2011, CC Finco repurchased \$80.0 million aggregate principal amount of our outstanding 5.5% senior notes due 2014 for \$57.1 million, including accrued interest, through an open market purchase. Notes repurchased by CC Finco are eliminated in consolidation.

During the second quarter of 2011, we repaid our 4.4% senior notes at maturity for \$140.2 million (net of \$109.8 million principal amount held by and repaid to one of our subsidiaries), plus accrued interest, with available cash on hand. Prior to, and in connection with the June 2011 Offering, we repaid all amounts outstanding under our receivables based credit facility on June 8, 2011, using cash on hand. This voluntary repayment did not reduce our commitments under this facility and we may reborrow amounts under this facility at any time. In addition, on June 27, 2011, we made a voluntary payment of \$500.0 million on our revolving credit facility, which did not reduce our commitments under this facility and we may reborrow amounts under this facility at any time.

During the first nine months of 2010, CC Investments repurchased \$185.2 million aggregate principal amount of certain of our outstanding senior toggle notes for \$125.0 million through an open market purchase. Notes repurchased by CC Investments are eliminated in consolidation.

On July 16, 2010, we made the election to pay interest on the senior toggle notes entirely in cash, effective for the interest period commencing August 1, 2010. Assuming the cash interest election remains in effect for the remaining term of the notes, we will be contractually obligated to make a payment to bondholders of \$57.4 million on August 1, 2013.

Additionally, during the first nine months of 2010, we repaid our remaining 7.65% senior notes upon maturity for \$138.8 million, including \$5.1 million of accrued interest, with proceeds from our delayed draw term loan facility that was specifically designated for this purpose. Also during the first nine months of 2010, we repaid our remaining 4.50% senior notes upon maturity for \$240.0 million with available cash on hand.

## **Table of Contents**

### **Acquisitions**

On April 29, 2011, we purchased the traffic business of Westwood One for \$24.3 million to add a complementary traffic operation to our existing traffic business. Immediately after closing, the acquired subsidiaries repaid pre-existing, intercompany debt owed by the subsidiaries to Westwood One in the amount of \$95.0 million. The U.S. Department of Justice has closed its review of this acquisition.

### **Stock Purchases**

On August 9, 2010, we announced that our board of directors approved a stock purchase program under which we or our subsidiaries may purchase up to an aggregate of \$100 million of the Class A common stock of CCMH and/or the Class A common stock of CCOH. The stock purchase program does not have a fixed expiration date and may be modified, suspended or terminated at any time at our discretion. During the third quarter of 2011, CC Finco purchased 998,250 shares of CCOH's Class A common stock through open market purchases for approximately \$10.7 million.

### **Certain Relationships with the Sponsors**

CCMH is party to a management agreement with certain affiliates of Bain Capital Partners, LLC and Thomas H. Lee Partners, L.P. (together, the Sponsors) and certain other parties pursuant to which such affiliates of the Sponsors will provide management and financial advisory services until 2018. These arrangements require management fees to be paid to such affiliates of the Sponsors for such services at a rate not greater than \$15.0 million per year, plus reimbursable expenses. For the three months ended September 30, 2011 and 2010, we recognized management fees of \$3.8 million in each period and reimbursable expenses of \$0.7 million for the three months ended September 30, 2010. For the nine months ended September 30, 2011 and 2010, we recognized management fees of \$11.3 million in each period and reimbursable expenses of \$0.6 million and \$1.7 million, respectively.

### **Commitments, Contingencies and Guarantees**

We are currently involved in certain legal proceedings arising in the ordinary course of business and, as required, have accrued our estimate of the probable costs for resolution of those claims for which the occurrence of loss is probable and the amount can be reasonably estimated. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in our assumptions or the effectiveness of our strategies related to these proceedings.

### **SEASONALITY**

Typically, our Radio, Americas outdoor and International outdoor segments experience their lowest financial performance in the first quarter of the calendar year, with International outdoor historically experiencing a loss from operations in that period. Our Radio and Americas outdoor segments historically experience consistent performance for the remainder of the calendar year. Our International outdoor segment typically experiences its strongest performance in the second and fourth quarters of the calendar year. We expect this trend to continue in the future.

### **MARKET RISK**

We are exposed to market risks arising from changes in market rates and prices, including movements in interest rates, equity security prices and foreign currency exchange rates.

#### **Equity Price Risk**

The carrying value of our available-for-sale equity securities is affected by changes in their quoted market prices. It is estimated that a 20% change in the market prices of these securities would change their carrying value and comprehensive loss at September 30, 2011 by \$12.3 million.

#### **Interest Rate Risk**

A significant amount of our long-term debt bears interest at variable rates. Accordingly, our earnings will be affected by changes in interest rates. At September 30, 2011 we had an interest rate swap agreement with a \$2.5 billion notional amount that effectively fixes interest rates on a portion of our floating rate debt at a rate of 4.4%, plus applicable margins, per annum. The fair value of this agreement at September 30, 2011

## Edgar Filing: CLEAR CHANNEL COMMUNICATIONS INC - Form 10-Q

was a liability of \$176.7 million. At September 30, 2011, approximately 50% of our aggregate principal amount of long-term debt, including taking into consideration debt on which we have entered into a pay-fixed-rate-receive-floating-rate swap agreement, bears interest at floating rates.

---

## **Table of Contents**

Assuming the current level of borrowings and interest rate swap contracts and assuming a 30% change in LIBOR, our interest expense for the three and nine months ended September 30, 2011 would have changed by approximately \$1.8 million and \$5.5 million, respectively.

In the event of an adverse change in interest rates, management may take actions to further mitigate its exposure. However, due to the uncertainty of the actions that would be taken and their possible effects, the preceding interest rate sensitivity analysis assumes no such actions. Further, the analysis does not consider the effects of the change in the level of overall economic activity that could exist in such an environment.

### **Foreign Currency Exchange Rate Risk**

We have operations in countries throughout the world. Foreign operations are measured in their local currencies. As a result, our financial results could be affected by factors such as changes in foreign currency exchange rates or weak economic conditions in the foreign markets in which we have operations. We believe we mitigate a small portion of our exposure to foreign currency fluctuations with a natural hedge through borrowings in currencies other than the U.S. dollar. Our foreign operations reported net income of approximately \$8.6 million and \$41.8 million for the three and nine months ended September 30, 2011, respectively. We estimate a 10% increase in the value of the U.S. dollar relative to foreign currencies would have increased our net loss for the three and nine months ended September 30, 2011 by approximately \$0.9 million and \$4.2 million, respectively, and that a 10% decrease in the value of the U.S. dollar relative to foreign currencies would have decreased our net loss by a corresponding amount.

This analysis does not consider the implications that such currency fluctuations could have on the overall economic activity that could exist in such an environment in the U.S. or the foreign countries or on the results of operations of these foreign entities.

### **Inflation**

Inflation is a factor in the economies in which we do business and we continue to seek ways to mitigate its effect. Inflation has affected our performance in terms of higher costs for wages, salaries and equipment. Although the exact impact of inflation is indeterminable, we believe we have offset these higher costs by increasing the effective advertising rates of most of our broadcasting stations and outdoor display faces.

### **NEW ACCOUNTING PRONOUNCEMENTS**

In December 2010, the Financial Accounting Standards Board ( FASB ) issued Accounting Standards Update ( ASU ) No. 2010-29, *Business Combinations (Topic 805): Disclosure of Supplementary Pro Forma Information for Business Combinations*. This ASU updates Topic 805 to specify that if a public entity presents comparative financial statements, the entity should disclose revenue and earnings of the combined entity as though the business combination that occurred during the current year had occurred as of the beginning of the comparable prior annual reporting period only. The amendments of this ASU are effective prospectively for business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2010. We adopted the provisions of ASU 2010-29 on January 1, 2011 without material impact to our disclosures.

In April 2011, the FASB issued ASU No. 2011-04, *Fair Value Measurement (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*. The amendments in this ASU change the wording used to describe many of the requirements in U.S. GAAP for measuring fair value and for disclosing information about fair value measurements. For many of the requirements, the FASB does not intend for the amendments in this ASU to result in a change in the application of the requirements in Topic 820. Some of the amendments clarify the FASB's intent about the application of existing fair value measurement requirements. Other amendments change a particular principle or requirement for measuring fair value or for disclosing information about fair value measurements. The amendments in this ASU are to be applied prospectively for interim and annual periods beginning after December 15, 2011. We do not expect the provisions of ASU 2011-04 to have a material effect on our financial position or results of operations.

In June 2011, the FASB issued ASU No. 2011-05, *Comprehensive Income (Topic 220): Presentation of Comprehensive Income*. This ASU improves the comparability, consistency, and transparency of financial reporting and increases the prominence of items reported in other comprehensive income by eliminating the option to present components of other comprehensive income as part of the statement of changes in stockholders' equity. The amendments require that all nonowner changes in stockholders' equity be presented either in a single continuous statement of comprehensive income or in two separate but consecutive statements. The changes apply for interim and annual financial statements and should be applied retrospectively, effective for fiscal years, and interim periods within those years, beginning after December 15, 2011. Early adoption is permitted. We currently comply with the provisions of this ASU by presenting the components of comprehensive income in a single continuous financial statement within our consolidated statement of operations for both interim and annual periods.

## **Table of Contents**

In September 2011, the FASB issued ASU No. 2011-08, *Intangibles-Goodwill and Other (Topic 350): Testing Goodwill for Impairment*. Under the revised guidance, entities testing goodwill for impairment have the option of performing a qualitative assessment before calculating the fair value of the reporting unit (i.e., step 1 of the goodwill impairment test). If entities determine, on the basis of qualitative factors, that the fair value of the reporting unit is more likely than not less than the carrying amount, the two-step impairment test would be required. The ASU does not change how goodwill is calculated or assigned to reporting units, nor does it revise the requirement to test goodwill annually for impairment. The amendments are effective for annual and interim goodwill impairment tests performed for fiscal years beginning after December 15, 2011. Early adoption is permitted. We adopted the provisions of this ASU as of October 1, 2011 and are currently evaluating the impact of adoption.

## **CAUTIONARY STATEMENT CONCERNING FORWARD-LOOKING STATEMENTS**

The Private Securities Litigation Reform Act of 1995 provides a safe harbor for forward-looking statements made by us or on our behalf. Except for the historical information, this report contains various forward-looking statements which represent our expectations or beliefs concerning future events, including, without limitation, our future operating and financial performance, our ability to comply with the covenants in the agreements governing our indebtedness and the availability of capital and the terms thereof. Statements expressing expectations and projections with respect to future matters are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. We caution that these forward-looking statements involve a number of risks and uncertainties and are subject to many variables which could impact our future performance. These statements are made on the basis of management's views and assumptions, as of the time the statements are made, regarding future events and performance. There can be no assurance, however, that management's expectations will necessarily come to pass. We do not intend, nor do we undertake any duty, to update any forward-looking statements.

A wide range of factors could materially affect future developments and performance, including:

- the impact of our substantial indebtedness, including the effect of our leverage on our financial position and earnings;
- the need to allocate significant amounts of our cash flow to make payments on our indebtedness, which in turn could reduce our financial flexibility and ability to fund other activities;
- risks associated with a global economic downturn and its impact on capital markets;
- other general economic and political conditions in the United States and in other countries in which we currently do business, including those resulting from recessions, political events and acts or threats of terrorism or military conflicts;
- the impact of the geopolitical environment;
- industry conditions, including competition;
- legislative or regulatory requirements;
- fluctuations in operating costs;
- technological changes and innovations;
- changes in labor conditions;
- capital expenditure requirements;
- fluctuations in exchange rates and currency values;
- the outcome of pending and future litigation;
- changes in interest rates;
- taxes and tax disputes;
- shifts in population and other demographics;
- access to capital markets and borrowed indebtedness;
- the risk that we may not be able to integrate the operations of acquired companies successfully;
- the risk that our cost savings initiatives may not be entirely successful or that any cost savings achieved from those initiatives may not persist; and
- certain other factors set forth in Item 1A of Part II of this report and in our other filings with the Securities and Exchange Commission, including our Annual Report on Form 10-K for the year ended December 31, 2010.

This list of factors that may affect future performance and the accuracy of forward-looking statements is illustrative and is not intended to be exhaustive. Accordingly, all forward-looking statements should be evaluated with the understanding of their inherent uncertainty.

## **ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

Required information is presented under **Market Risk** within Item 2 of this Part I.

**Table of Contents**

**ITEM 4. CONTROLS AND PROCEDURES**

Under the supervision and with the participation of management, including our Chief Executive Officer, who joined us effective October 2, 2011, and our Chief Financial Officer, we have carried out an evaluation of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Exchange Act). Based on that evaluation, our Chief Executive Officer and our Chief Financial Officer concluded that our disclosure controls and procedures were effective as of September 30, 2011 to ensure that information we are required to disclose in reports that are filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified by the SEC and is accumulated and communicated to our management, including our Chief Executive Officer and our Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

There were no changes in our internal control over financial reporting that occurred during the most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

**Table of Contents****Part II OTHER INFORMATION****Item 1. Legal Proceedings**

We currently are involved in certain legal proceedings arising in the ordinary course of business and, as required, have accrued an estimate of the probable costs for the resolution of those claims for which the occurrence of loss is probable and the amount can be reasonably estimated. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in our assumptions or the effectiveness of our strategies related to these proceedings. Additionally, due to the inherent uncertainty of litigation, there can be no assurance that the resolution of any particular claim or proceeding would not have a material adverse effect on our financial condition or results of operations.

We and a subsidiary of ours are co-defendants with Live Nation (which was spun off as an independent company in December 2005) in 22 putative class actions filed by different named plaintiffs in various district courts throughout the country beginning in May 2006. These actions generally allege that the defendants monopolized or attempted to monopolize the market for live rock concerts in violation of Section 2 of the Sherman Act. Plaintiffs claim that they paid higher ticket prices for defendants' rock concerts as a result of defendants' conduct. They seek damages in an undetermined amount. On April 17, 2006, the Judicial Panel for Multidistrict Litigation centralized these class action proceedings in the Central District of California. The district court has certified classes in five template cases involving five regional markets: Los Angeles, Boston, New York, Chicago and Denver. Fact discovery has closed, and expert discovery is ongoing.

In the Master Separation and Distribution Agreement between us and Live Nation that was entered into in connection with the spin-off of Live Nation in December 2005, Live Nation agreed, among other things, to assume responsibility for legal actions existing at the time of, or initiated after, the spin-off in which we are a defendant if such actions relate in any material respect to the business of Live Nation. Pursuant to the Agreement, Live Nation also agreed to indemnify us with respect to all liabilities assumed by Live Nation, including those pertaining to the claims discussed above.

On or about July 12, 2006 and April 12, 2007, two of our operating businesses (L&C Outdoor Ltda. (L&C) and Publicidad Klimes São Paulo Ltda. (Klimes), respectively) in the São Paulo, Brazil market received notices of infraction from the state taxing authority, seeking to impose a value added tax (VAT) on such businesses, retroactively for the period from December 31, 2001 through January 31, 2006. The taxing authority contends that these businesses fall within the definition of communication services and as such are subject to the VAT.

L&C and Klimes have filed separate petitions to challenge the imposition of this tax. L&C's challenge was unsuccessful at the first administrative level, but successful at the second administrative level. The state taxing authority filed an appeal to the third and final administrative level, which required consideration by a full panel of 16 administrative law judges. On September 27, 2010, L&C received an unfavorable ruling at this final administrative level, which concluded that the VAT applied. L&C intends to appeal this ruling to the judicial level. In addition, L&C has filed a petition to have the case remanded to the second administrative level for consideration of the reasonableness of the amount of the penalty assessed against it. The amounts allegedly owed by L&C are approximately \$8.8 million in taxes, approximately \$17.5 million in penalties and approximately \$31.6 million in interest (as of September 30, 2011 at an exchange rate of 0.547). On August 8, 2011, Brazil's National Council of Fiscal Policy (CONFAZ) published a rule authorizing sixteen states, including the State of São Paulo, to reduce the principal amount of VAT allegedly owed for communications services; the rule also authorizes the states to reduce or waive related interest and penalties. The State of São Paulo ratified the amnesty in late August 2011. However, it is not required to reduce the principal amount of VAT or waive the payment of penalties and interest. In late 2011 or early 2012, we expect the São Paulo state legislature to pass legislation setting forth the precise terms of the amnesty. Based on the uncertainty of any amnesty terms that may be offered, we do not know whether the offered terms will be acceptable. Accordingly, we continue to vigorously pursue our case in the administrative courts and, if necessary, in the relevant appellate courts. At September 30, 2011, the range of reasonably possible loss is from zero to approximately \$58 million. The maximum loss that could ultimately be paid depends on the timing of the final resolution at the judicial level and applicable future interest rates. Based on our review of the law, the outcome of similar cases at the judicial level and the advice of counsel, we have not accrued any costs related to these claims and believe the occurrence of loss is not probable.

Klimes' challenge was unsuccessful at the first administrative level, and denied at the second administrative level on or about September 24, 2009. On January 5, 2011, the administrative law judges at the third administrative level published a ruling that the VAT applies but significantly reduced the penalty assessed by the taxing authority. With the penalty reduction, the amounts allegedly owed by Klimes are approximately \$9.9 million in taxes, approximately \$4.9 million in penalties and approximately \$19.3 million in interest (as of September 30, 2011 at an exchange rate of 0.547). In late February 2011, Klimes filed a writ of mandamus in the 13th lower public treasury court in São Paulo, State of São Paulo, appealing the administrative court's decision that the VAT applies. On that same day, Klimes filed a motion for an injunction barring the taxing authority from collecting the tax, penalty and interest while

## **Table of Contents**

the appeal is pending. The court denied the motion in early April 2011. Klimes filed a motion for reconsideration with the court and also appealed that ruling to the São Paulo State Higher Court, which affirmed in late April 2011. On June 20, 2011, the 13th lower public treasury court in São Paulo reconsidered its prior ruling and granted Klimes an injunction suspending any collection effort by the taxing authority until a decision on the merits is obtained at the first judicial level. On August 8, 2011, Brazil's National Council of Fiscal Policy (CONFAZ) published a rule authorizing sixteen states, including the State of São Paulo, to reduce the principal amount of VAT allegedly owed for communications services; the rule also authorizes the states to reduce or waive related interest and penalties. The State of São Paulo ratified the amnesty in late August 2011. However, it is not required to reduce the principal amount of VAT or waive the payment of penalties and interest. In late 2011 or early 2012, we expect the São Paulo state legislature to pass legislation setting forth the precise terms of the amnesty. Based on the uncertainty of any amnesty terms that may be offered, we do not know whether the offered terms will be acceptable. Accordingly, we continue to vigorously pursue our appeal in the 13th lower public treasury court. At September 30, 2011, the range of reasonably possible loss is from zero to approximately \$34 million. The maximum loss that could ultimately be paid depends on the timing of the final resolution at the judicial level and applicable future interest rates. Based on our review of the law, the outcome of similar cases at the judicial level and the advice of counsel, we have not accrued any costs related to these claims and believe the occurrence of loss is not probable.

### **Item 1A. Risk Factors**

For information regarding our risk factors, please refer to Item 1A in our Annual Report on Form 10-K for the year ended December 31, 2010. There have not been any material changes in the risk factors disclosed in the 2010 Annual Report on Form 10-K, except as set forth below to reflect the appointment of our Chief Executive Officer on October 2, 2011:

#### ***Our business is dependent on our management team and other key individuals.***

Our business is dependent upon the performance of our management team and other key individuals. A number of key individuals have joined us over the past two years, including Robert W. Pittman, who became our Chief Executive Officer on October 2, 2011. Although we have entered into agreements with some members of our management team and certain other key other individuals, we can give no assurance that all or any of our management team and other key individuals will remain with us. Competition for these individuals is intense and many of our key employees are at-will employees who are under no legal obligation to remain with us, and may decide to leave for a variety of personal or other reasons beyond our control. If members of our management or key individuals decide to leave us in the future, or if we are not successful in attracting, motivating and retaining other key employees, our business could be adversely affected.

Additional information relating to risk factors is described in Management's Discussion and Analysis of Financial Condition and Results of Operations under Cautionary Statement Concerning Forward-Looking Statements.
