Memorandum of Understanding with Airbus

On November 15, 2011, Spirit Airlines, Inc. (the Company) jointly announced with Airbus that it had entered into a Memorandum of Understanding (MOU) for a significant addition to the Company's existing aircraft purchase order with Airbus. The MOU, which is non-binding, contemplates an order of 75 A320 family aircraft, consisting of 30 of the existing aircraft model and 45 A320 NEO (New Engine Option) aircraft. These aircraft are in addition to the 33 aircraft not yet delivered under the Company's existing order and would be scheduled for delivery from 2016 through 2021. The new aircraft would provide for growth capacity as well as capacity to replace the 28 aircraft in the Company's present fleet with lease expirations between 2017 and 2020. The order outlined in the MOU is subject to a number of conditions, including the negotiation of definitive documentation and corporate approvals by both the Company and Airbus.

A copy of the press release regarding this announcement is attached hereto as Exhibit 99.1 and incorporated by reference herein.

In light of these risks and uncertainties, the forward-looking events and circumstances discussed in this report may not occur and actual results could differ materially from those anticipated or implied in the forward-looking statements.
