Item 1.01 Entry Into a Material Definitive Agreement.

Sale and Purchase Agreement

On April 3, 2012, Molson Coors Holdco 2 Inc., a Delaware corporation (the Purchaser), a wholly owned subsidiary of Molson Coors Brewing Company (the Company), entered into a sale and purchase agreement (the SPA) to purchase all of the share capital of Starbev Holdings S.à r.l. (including its subsidiaries, Starbev) from Starbev L.P. (such acquisition, the Transaction). In connection with the Transaction, the Purchaser also concurrently entered into a management warranty deed (the Management Warranty Deed) pursuant to which certain members of Starbev's senior management have made warranties to the Purchaser in respect of the Starbev business.

Including the payoff of existing Starbev indebtedness, the total purchase price in the Transaction is approximately 2.65 billion. The Company has guaranteed the obligations of the Purchaser through the closing of the Transaction, including the payment of the purchase price. In connection with the obligation to pay the purchase price, the Company and certain of its subsidiaries have entered into certain loan facilities as further described below. In addition, 500 million of the purchase price will be paid through the issuance of a convertible note to the seller on terms set forth in a Convertible Note Term Sheet, as further described below.

The SPA, the Management Warranty Deed and the Convertible Note Term Sheet collectively set forth the material terms of the Transaction. The Transaction is conditioned only upon the receipt of certain European competition law approvals. The Purchaser may also terminate the SPA upon uncured and material breaches of certain covenants and warranties by the seller or the Starbev management team, or in the event of a binding order from the Serbian Commission for the Protection of Competition or the European Commission prohibiting the Transaction.

The seller has agreed to cause Starbev to operate in the ordinary course of business through the closing of the Transaction, and management has provided a warranty to the same effect. Additionally, the seller has agreed, among other things, that (i) it and its affiliates and representatives will not negotiate or discuss with any other party an alternative transaction to the Transaction, (ii) it shall use all reasonable endeavors to cause Starbev to cooperate with the Purchaser's financing of the Transaction and (iii) it shall use all reasonable endeavors to take all actions and to cooperate fully in all actions necessary, proper or advisable to consummate the transactions contemplated by the SPA.

The seller's warranties include warranties as to the capitalization of Starbev and the binding nature of the SPA and the Management Warranty Deed. Warranties from Starbev management include warranties as to, among other things, (i) authority, (ii) capitalization, (iii) financial statements, (iv) undisclosed liabilities, (v) ordinary course activity, (vi) indebtedness, (vii) compliance with laws, (viii) intellectual property, (ix) contracts, (x) insurance, (xi) employees, (xii) properties, (xiii) tax, (xiv) the environment and (xv) ownership of assets.

The Purchaser's remedies in respect of breaches of the agreements are against the seller and are limited, including in duration and amount, as set forth in the SPA and the Management Warranty Deed. The Purchaser may choose to recover any damages due from the seller by offsetting against amounts owed under the convertible note to be issued to the seller in connection with the Transaction, as further described below.

The foregoing description of the material terms of the SPA and the Management Warranty Deed is qualified in its entirety by reference to the SPA and Management Warranty Deed, respectively, copies of which are attached hereto as Exhibits 2.1 and 2.2 and incorporated by reference herein.

Convertible Note

The SPA includes an agreed form of a convertible note term sheet (the Convertible Note Term Sheet) setting out the material terms of a 500,000,000 Zero Coupon Senior Unsecured Convertible Note due 2013 (the Convertible Note) to be issued by Molson Coors Holdco, Inc., a Delaware corporation and a wholly owned subsidiary of the Company (the Issuer), to Starbev L.P. (the Holder) upon the closing of the Transaction. While the Convertible Note itself is subject to final documentation and execution, the summary of the Convertible Note described herein is based on the material terms set forth in the agreed form of Convertible Note Term Sheet.

The Convertible Note will mature on December 31, 2013. The Convertible Note will be a senior unsecured obligation of the Issuer and will be guaranteed by the Company. The Convertible Note will allow the Holder to put the Convertible Note to the Issuer beginning on the earlier of (i) the date that is 30 days after the Company announces its 2012 annual financial results and (ii) March 31, 2013 and ending on December 19, 2013 (the Conversion Period) for the greater of the principal amount of the Convertible Note and the aggregate cash value of 12,894,044 shares of the Company's Class B Common Stock, as adjusted for certain corporate events of the Company (the Notional Initial Number of Shares). The Convertible Note will allow the Issuer to redeem the Convertible Note at par at any time during the Conversion Period if the aggregate cash value of the Notional Initial Number of Shares is greater than 140% of the principal amount of the Convertible Note on 20 Trading Days (as defined therein) during a period of 30 consecutive Trading Days preceding the giving of a redemption notice. At maturity, the Issuer will owe to the Holder the greater of the principal amount and the aggregate cash value of the Notional Initial Number of Shares. Any amount the Issuer then owes to the Holder in excess of the principal amount can, at only the Issuer's option, be settled in shares of the Company's Class B Common Stock. The Issuer and the Holder will enter into a Registration Rights Agreement pursuant to which any shares of the Company's Class B Common Stock to be issued pursuant to the Convertible Note, if the Issuer elects to settle in shares rather than cash, may be registered for resale to the public.

The Convertible Note will contain a cross acceleration provision that will be triggered if the repayment of any indebtedness for borrowed money owing by the Company, the Issuer or any of the Company's significant subsidiaries (as defined in Regulation S-X of the rules of the U.S. Securities and Exchange Commission) is accelerated by reason of the failure to perform any covenant or agreement applicable to such indebtedness, which acceleration has not been rescinded or annulled, and a cross default provision that will be triggered if the Company, the Issuer or any of the Company's significant subsidiaries (as defined in Regulation S-X) defaults in respect of any payment of any indebtedness for borrowed money (subject to the lapse of any applicable grace period), in each case where the principal amount of such indebtedness exceeds the equivalent in the relevant currency of US\$50,000,000. In addition, the Convertible Note shall contain (i) events of default substantially consistent with the type set forth in the outstanding notes issued by Molson Coors International LP pursuant to an indenture dated as of October 6, 2010 and (ii) conversion price adjustment provisions substantially consistent with the type set forth in the notes issued by the Company pursuant to an Indenture dated as of June 15, 2007.

The foregoing description of the material terms of the Convertible Note Term Sheet is qualified in its entirety by reference to the Convertible Note Term Sheet, a copy of which is attached hereto as Exhibit 10.7 and incorporated by reference herein.

Term Loan Agreement

As discussed above, on April 3, 2012, the Company entered into the Term Loan Agreement which provides for a term loan facility in the maximum principal amount of US\$300,000,000. Unless terminated earlier, the Term Loan Agreement will mature on April 3, 2016, and the principal amount outstanding thereunder, together with all accrued unpaid interest and other amounts owed thereunder, if any, will be payable in full upon such date.

The term loan facility will be available for the Company to finance the purchase price of the Transaction and pay fees and expenses incurred in connection with the Transaction. Any funding under the term loan facility would occur substantially concurrently with the consummation of the Transaction, subject to customary conditions for acquisition financings of this type.

Loans under the Term Loan Agreement will bear interest at a variable rate based on, at the Company's option, LIBOR or a base rate, in each case plus the applicable margin described in the Term Loan Agreement. In the case of U.S. dollar denominated loans, such base rate is based on the highest of (i) the U.S. prime rate, (ii) the federal funds rate plus 0.5% or (iii) the LIBOR rate for one month plus 1%. Euro-denominated loans are based on LIBOR. The applicable margin is based on the Company's senior, unsecured, non-credit enhanced, long-term debt rating by Moody's, Standard & Poor's and Fitch (the Debt Rating), and ranges, in the case of base rate loans, from 0.25% to 1.5% per annum and, in the case of LIBOR loans, from 1.25% to 2.50% per annum. In the case of a payment default, the otherwise applicable interest rate may be raised 2.00% per annum and apply to any overdue amounts. The Company will pay each lender under the Term Loan Agreement a commitment fee, which will accrue in an amount that ranges between 0.15% and 0.375%, depending upon the Debt Rating, for the daily average undrawn commitment of such lender until such commitment terminates.

The Term Loan Agreement contains customary events of default, specified representations and warranties and covenants, including, among other things, covenants that restrict the ability of the Company and its subsidiaries to incur certain additional priority indebtedness, create or permit liens on assets or engage in mergers or consolidations. The Term Loan Agreement also requires the Company to maintain a maximum leverage ratio of (i) 4.00:1.00, during the period from April 3, 2012 to and including September 30, 2012, (ii) 3.75:1.00, during the period from October 1, 2012 to and including March 31, 2013, and (iii) 3.50:1.0 thereafter.

Pursuant to the Term Loan Subsidiary Guarantee Agreement, (i) CBC, MC Holding, CBC Holdco, CBC Holdco 2, Newco, MCI LP, Coors Holdco, MC 2005, MC Capital Finance, International General and Callco agreed to guarantee, jointly and severally, the payment when and as due of the obligations of the Company and (ii) any direct subsidiary organized under the laws of the Grand Duchy of Luxembourg will guarantee the payment when and as due of the obligations of the Additional Borrower (as defined therein) under the Term Loan Agreement, in each case on the terms and subject to the conditions set forth in the Term Loan Subsidiary Guarantee Agreement. On the date that the Issuer issues the Convertible Note, the Issuer will also provide a guarantee of the obligations of the Company under the Term Loan Agreement.

The Company intends to add MCBC UK, Golden and Holdings Limited as additional subsidiary guarantors of the Company's obligations under the Term Loan Agreement.

The foregoing description of the material terms of the Term Loan Agreement and the Term Loan Subsidiary Guarantee Agreement is qualified by reference in its entirety to the Term Loan Agreement and the Term Loan Subsidiary Guarantee Agreement, respectively, copies of which are attached hereto as Exhibits 10.1 and 10.2 and incorporated by reference herein.

Unless terminated earlier, the Bridge Loan Agreement will mature on April 2, 2013, and the principal amount outstanding thereunder, together with all accrued unpaid interest and other amounts owed thereunder, if any, will be payable in full upon such date.

The bridge loan facility will be available for the Company to finance the purchase price of the Transaction and pay fees and expenses incurred in connection with the Transaction. Any funding under the Bridge Loan Agreement would occur substantially concurrently with the consummation of the Transaction, subject to customary conditions for acquisition financings of this type.

From the date of the closing of the Transaction through 89 days after such date, the applicable margin ranges, in the case of base rate loans, from 0.25% and 1.5% and, in the case of LIBOR loans, from 1.25% to 2.50% per annum. From 90 days after the closing of the Transaction through 179 days after the closing of the Transaction, the applicable margin ranges, in the case of base rate loans, from 0.75% to 2.0% and, in the case of LIBOR loans, from 1.75% to 3.0%. From 270 days after the closing of the Transaction and thereafter, the applicable margin ranges, in the case of base rate loans, from 1.75% to 3.0% and, in the case of LIBOR loans, from 2.75% to 4.0%. In the case of a payment default, the otherwise applicable interest rate may be raised 2.00% per annum on all overdue amounts. The Company will pay each lender under the Bridge Loan Agreement a commitment fee, which will accrue in an amount which ranges between 0.15% and 0.375%, depending upon the Debt Rating, for the daily average undrawn commitment of such lender until such commitment terminates.

The Bridge Loan Agreement contains customary events of default, specified representations and warranties and covenants, including, among other things, covenants that restrict the ability of the Company and its subsidiaries to incur certain additional priority indebtedness, create or permit liens on assets, or engage in mergers or consolidations. The Bridge Loan Agreement also requires the Company to maintain a maximum leverage ratio of (i) 4.00:1.00, during the period from April 2, 2012 to and including September 30, 2012, (ii) 3.75:1.00, during the period from October 1, 2012 to and including March 31, 2013, and (iii) 3.50:1.0 thereafter.

Pursuant to the Bridge Loan Subsidiary Guarantee Agreement, MC Capital Finance, International General, Coors Holdco, Callco, MC 2005, CBC, MC Holding, CBC Holdco 2, CBC Holdco, Newco and MCI LP agreed to guarantee, jointly and severally, the payment when and as due of the obligations of the Company under the Bridge Loan Agreement. On the date that the Issuer issues the Convertible Note, the Issuer will also provide a guarantee of the obligations of the Company under the Bridge Loan Agreement.

The Bridge Loan Agreement contains provisions requiring the reduction of the commitments of the lenders and the prepayment of outstanding advances by the amount of net proceeds resulting from the incurrence of certain indebtedness by the Company or its subsidiaries, the issuance of certain capital stock by the Company and certain non-ordinary course sales or dispositions of assets by the Company or its subsidiaries, in each case subject to exceptions set forth in the Bridge Loan Agreement.

The Company intends to add MCBC UK, Golden and Holdings Limited as additional subsidiary guarantors of the Company's obligations under the Bridge Loan Agreement.

Unless terminated earlier, the Credit Agreement will mature on April 3, 2016, and the principal amount outstanding thereunder, together with all accrued unpaid interest and other amounts owed thereunder, if any, will be payable in full on such date.

The revolving credit facility will be available for the Company to finance the purchase price of the Transaction and pay fees and expenses incurred in connection with the Transaction. Any initial funding under the revolving credit facility would occur substantially concurrently with the consummation of the Transaction, subject to customary conditions for acquisition financings of this type. Any funding under the revolving credit facility after the consummation of the Transaction may be used for general corporate purposes of the Company and its subsidiaries.

Loans under the Credit Agreement will bear interest, at the Company's option, at a variable rate (a) for U.S. dollar denominated loans, based on LIBOR or a base rate that is based on the highest of (i) the U.S. prime rate, (ii) the federal funds rate plus 0.5% and (iii) the LIBOR rate for one month plus 1%, in each case, plus an applicable margin depending on the Debt Rating, (b) for Canadian dollar denominated loans, based on the greater of (i) the Canadian prime rate and (ii) the CDOR Rate (as defined in the Credit Agreement) plus 0.5%, plus an applicable margin based on the Debt Rating, (c) for Canadian dollar denominated bills of exchange, based on the applicable rate (which is based upon credit agency ratings, applicable on such date to index debt and the principal amount outstanding under this facility), plus an applicable margin based on the Debt Rating and (d) for Sterling or Euro denominated loans, based on LIBOR plus an applicable margin based on the Debt Rating.
