**Item 1.01 Entry into a Material Definitive Agreement.**

As Cell Therapeutics, Inc. (the Company) previously reported on a Current Report on Form 8-K filed on April 24, 2012, the Company entered into an Asset Purchase Agreement (the Purchase Agreement) on April 18, 2012, with S\*BIO Pte Ltd. (S\*BIO), a Singapore private limited company, to acquire all right, title and interest in, and assume certain liabilities relating to, certain intellectual property and other assets related to compounds SB1518 and SB1578 (the Seller Compounds), which inhibit Janus kinase 2, commonly referred to as JAK2. On May 31, 2012, the Company completed the acquisition pursuant to the Purchase Agreement as discussed in Item 2.01 below.

In connection with the acquisition, as of the closing, the Company entered into a registration rights agreement with S\*BIO. Pursuant to the registration rights agreement, the Company has agreed to file a registration statement with the Securities and Exchange Commission (the SEC) within 30 days after the closing of the acquisition for purposes of registering the resale of all of the shares of common stock of the Company issuable upon conversion of the preferred stock issued to S\*BIO (the Series 16 Preferred Stock) pursuant to the Purchase Agreement. The Company has agreed to use its commercially reasonable efforts to have the registration statement declared effective by the SEC within 90 days following the closing of the acquisition. The Company also has agreed, among other things, to indemnify the selling holders under the registration statement from certain losses and to pay all fees and expenses (excluding legal fees of any selling holder) in connection with the Company's registration obligations under the registration rights agreement.

The foregoing description of the registration rights agreement does not purport to be complete and is qualified in its entirety by reference to the registration rights agreement, a copy of which is attached hereto as Exhibit 10.1, and is incorporated herein by reference.

**Item 2.01 Completion of Acquisition or Disposition of Assets.**

On May 31, 2012, the Company completed its acquisition from S\*BIO of all right, title and interest in, and its assumption of certain liabilities relating to, certain intellectual property and other assets related to the Seller Compounds.

Pursuant to the Purchase Agreement, the Company paid S\*BIO a deposit of USD\$2 million upon execution of the Purchase Agreement, as previously disclosed, and paid \$13 million and issued 15,000 shares of Series 16 Preferred Stock convertible into common stock of the Company to S\*BIO at the closing. The shares of Series 16 Preferred Stock were issued pursuant to an exemption from registration under Section 4(2) of the Securities Act of 1933, as amended, and are automatically convertible into 12,605,042 shares of common stock of the Company 30 days after the closing.

Also as previously reported, as part of the consideration, S\*BIO has a contingent right to certain milestone payments and royalties from the Company in connection with any pharmaceutical product containing or comprising any Seller Compound for use for any specific disease, infection or other condition recognized by U.S. regulatory authorities. Milestone payments will be made to S\*BIO up to an aggregate amount of \$132.5 million in potential regulatory milestone payments if certain U.S., E.U. and Japanese regulatory approvals are obtained or if certain worldwide net sales thresholds are met. In addition, S\*BIO will also be entitled to receive royalty payments at incremental rates in the low, single digits based on certain worldwide net sales thresholds on a product-by-product and country-by-country basis.

The above description of the Purchase Agreement and the transactions contemplated thereby does not purport to be complete and is qualified in its entirety by reference to Exhibit 10.3, which is incorporated herein by reference.

**Item 3.02 Unregistered Sales of Equity Securities.**

The information set forth in Item 2.01 above with respect to the issuance of unregistered shares of Series 16 Preferred Stock is incorporated herein by reference. A copy of the Articles of Amendment to the Company's Amended and Restated Articles of Incorporation is attached hereto as Exhibit 3.1 and incorporated herein by reference.
