You do not need to attend the Annual Meeting to vote your shares.

A: (1) The election of the two directors named in this Proxy Statement to serve on the Board until the 2015 Annual Meeting of Stockholders;

(2) The ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the Company's 2013 fiscal year;

(3) A non-binding advisory resolution regarding executive compensation;

(4) A stockholder proposal requesting the declassification of the Board, if properly presented at the Annual Meeting; and

(5) The approval of an amendment and restatement of the 2008 Plan to, among other things, increase the number of shares of common stock that may be delivered pursuant to awards granted under the 2008 Plan by 5,306,897 shares.

4. Q: How does the Board recommend I vote on each of the proposals?

A: The Board unanimously recommends that you vote your shares FOR all of its nominees to the Board, FOR the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the Company's 2013 fiscal year, FOR the Company's executive compensation, AGAINST the stockholder proposal requesting declassification of the Board, and FOR the amendment and restatement of the 2008 Plan.

5. Q: Who is entitled to vote at the Annual Meeting?

A: Holders of the Company's common stock as of August 15, 2012 are entitled to vote at the Annual Meeting.

6. Q: How many votes is each share of common stock entitled to?

7. Q: How do I vote?

A: You can vote in person at the Annual Meeting or by proxy. There are three ways to vote by proxy:

(1) By Mail you can vote by mail by completing, signing and dating each proxy card you received and returning it in the postage prepaid envelope provided;

(2) By Telephone you can vote by telephone by calling (800) 652-8683 and following the instructions on the proxy card; or

Table of Contents

(3) By Internet you can vote over the Internet at www.investorvote.com/KFY by following the instructions on the proxy card.

8. Q: Can I revoke my proxy after I have submitted it?

A: Yes, once you have submitted your proxy, you have the right to revoke your proxy at any time before it is voted by:

- (1) Sending a written revocation to the Corporate Secretary;
- (2) Submitting a later dated proxy; or
- (3) Attending the Annual Meeting and voting in person.

If your shares are held in the name of a broker, bank or other nominee, you will receive instructions from the holder of record on how to vote your shares. You must follow the instructions of the holder of record in order for your shares to be voted.

9. Q: Who will count the votes?

A: Representatives of Computershare Shareowner Services, the Company's transfer agent, will count the votes and act as the inspector of election at the Annual Meeting.

10. Q: What does it mean if I receive more than one proxy card?

A: It means that your shares are registered differently and are in more than one account. Sign and return (or vote by telephone or over the Internet) all proxy cards to ensure that all your shares are voted.

11. Q: What shares are covered by the enclosed proxy card(s)?

A: The shares on the enclosed proxy card(s) represent all shares owned by you as of the Record Date (if you receive more than one proxy card, however, please see Question 10). These shares include shares (1) held directly in your name as the stockholder of record and (2) held for you as the beneficial owner through a broker, bank or other nominee. If you do not return your proxy card(s) or vote by telephone or over the Internet, your shares may not be voted (see Question 13 below). If you own shares that are held in our 401(k) plan, you will receive a proxy card for those shares also. While the trustees of the 401(k) plan will vote those shares, you are requested to return that proxy card to advise the trustees of your wishes with respect to the matters to be voted on.

12. Q: What is the difference between holding shares as a stockholder of record and as a beneficial owner ?

A: You are a stockholder of record if your shares are registered directly in your name with the Company's transfer agent. In that case, these proxy materials have been sent directly to you by the Company. As the stockholder of record, you have the right to grant your voting proxy to the Company or to vote in person at the Annual Meeting. We have enclosed a proxy card for you to use.

You are a beneficial owner if your shares are held in a brokerage account, including an Individual Retirement Account, by a bank or other nominee, including our 401(k) plan. If you are considered to be the beneficial owner of shares held in street name, these proxy materials are being forwarded to you by your broker, bank or other nominee, who is considered, with respect to those shares, to be the stockholder of record. As the beneficial owner, you have the right to direct your broker, bank or other nominee on how to vote your shares. However, because you are not the stockholder of record, you may not vote your shares in person at the Annual Meeting. Your broker, bank or other nominee has enclosed a voting instruction card for you to use.

Table of Contents

13. Q: What if a beneficial owner does not provide the stockholder of record with voting instructions for a particular proposal?

A: If you are a beneficial owner and you do not provide the stockholder of record with voting instructions for a particular proposal, your shares may constitute broker non-votes with respect to that proposal. Broker non-votes are shares held by a broker, bank or other nominee with respect to which the holder of record does not have discretionary power to vote on a particular proposal and with respect to which instructions were never received from the beneficial owner. Shares that constitute broker non-votes with respect to a particular proposal will not be considered present and entitled to vote on that proposal at the Annual Meeting even though the same shares will be considered present for purposes of establishing a quorum and may be entitled to vote on other proposals. However, in certain circumstances, such as the appointment of the independent registered public accounting firm, the broker, bank or other nominee has discretionary authority and therefore is permitted to vote your shares even if the broker, bank or other nominee does not receive voting instructions from you. The election of directors, the advisory vote on the Company's executive compensation, the approval of the amendment and restatement of the 2008 Plan and the stockholder proposal to declassify the Board are not considered routine matters and as a result, your broker, bank or other nominee will not have discretion to vote on these matters at the Annual Meeting unless you provide applicable instructions to do so. Therefore, we strongly encourage you to follow the voting instructions on the materials you receive.

14. Q: What is the requirement to conduct business at the Annual Meeting?

A: In order to conduct business at the Annual Meeting, a quorum must be established. A quorum is a majority in voting power of the outstanding shares of common stock. A quorum must be present in person or represented by proxy at the Annual Meeting for business to be conducted. As discussed below, abstentions and broker non-votes will be counted for purposes of determining the presence of a quorum.

15. Q: How are votes counted?

A: Shares of common stock that reflect abstentions are treated as present and entitled to vote for the purposes of establishing a quorum and for purposes of determining the outcome of any matter submitted to the stockholders for a vote. However, abstentions do not constitute a vote for or against any matter and thus will be disregarded in the calculation of a plurality. Shares of common stock that reflect broker non-votes are treated as present and entitled to vote for the purposes of establishing a quorum. However, for the purposes of determining the outcome of any matter as to which the broker or nominee has indicated on the proxy that it does not have discretionary authority to vote, those shares will be treated as not present and not entitled to vote with respect to that matter, even though those shares are considered present and entitled to vote for the purposes of establishing a quorum and may be entitled to vote on other matters.

16. Q: What is the voting requirement to approve each proposal?

A: Directors are elected by a plurality. Therefore, the two nominees who receive the most votes will be elected. Abstentions and broker non-votes will not affect the outcome of the election. In respect of Proposals 2, 3 and 5, to be approved, the proposal must receive the affirmative vote of a majority of the shares of common stock present or represented by proxy and entitled to vote on the proposal. In determining the outcome of Proposals 2, 3 and 5, abstentions have the effect of a negative vote, but broker non-votes will not affect the outcome. In the case of Proposal 4, to be approved, the proposal must receive the affirmative vote of a majority of the shares of common stock present or represented by proxy and entitled to vote on the proposal, but implementation of the proposal will still require additional action as described in this Proxy Statement. In determining the outcome of Proposal 4, abstentions have the effect of a negative vote, but broker non-votes will not affect the outcome.

Table of Contents

17. Q: What happens if additional matters (other than the proposals described in this Proxy Statement) are presented at the Annual Meeting?

A: The Board is not aware of any additional matters to be presented for a vote at the Annual Meeting; however, if any additional matters are properly presented at the Annual Meeting, your proxy, whether submitted by mail, telephone or over the Internet, gives Gary D. Burnison and Robert P. Rozek authority to vote on those matters in their discretion.

18. Q: Who will bear the cost of the proxy solicitation?

A: The entire cost of the proxy solicitation will be borne by the Company. We hired D.F. King & Co., Inc. to assist in the distribution of proxy materials and solicitation of votes for approximately \$10,000 plus reimbursement of any out of pocket expenses. Upon request, we will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to beneficial owners.

PROPOSAL NO. 1 ELECTION OF DIRECTORS

The Board is divided into three classes, with one class elected at each annual meeting of stockholders. Directors of each class are elected to serve for three year terms. At the Annual Meeting, we will elect the two directors named in this Proxy Statement. The directors elected at the Annual Meeting will serve as Class 2015 Directors for a term of three years. The nominees for election at the Annual Meeting to serve as Class 2015 Directors are Messrs. George Shaheen and William Floyd. Detailed biographical information regarding each of these nominees, as well as the other members of the Board whose service will continue beyond the Annual Meeting, is provided under the heading Board of Directors. Proxies cannot be voted for more than the number of nominees named in this proxy statement.

We do not expect any of the nominees to become unavailable to stand for election, but should this happen the Board will designate a substitute for each unavailable nominee. Proxies voting for any unavailable nominee will be cast for that nominee's substitute. Each of the nominees has consented to be named as a nominee in this Proxy Statement. The Company did not receive any stockholder nominations for director. Neither Mr. Kenneth Whipple, the current Chair of our Board, nor Baroness Denise Kingsmill, will be standing for re-election at the Annual Meeting. The Company is most grateful for Mr. Whipple's and Baroness Kingsmill's valuable service to the Company.

Required Vote

Directors are elected by a plurality. Therefore, the two nominees who receive the highest number of votes will be elected as directors.

Recommendation of the Board

The Board unanimously recommends that you vote FOR each of the nominees named above for election as a director.

PROPOSAL NO. 2 RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP

AS INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has approved the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal 2013. Ernst & Young LLP has served as the Company's independent registered public accounting firm since March 2002. Ernst & Young LLP has unrestricted access to the Audit Committee to discuss audit findings and other financial matters. Neither the Company's certificate of incorporation nor its bylaws requires that the stockholders ratify the selection of Ernst & Young LLP as the Company's independent registered public accounting firm. However, we are requesting ratification because we believe it is a matter of good corporate practice. If the Company's stockholders do not ratify the selection, the Audit Committee will reconsider whether or not to retain Ernst & Young LLP, but may, nonetheless, retain Ernst & Young LLP as the Company's independent registered public accounting firm. Even if the selection is ratified, the Audit Committee in their discretion may change the appointment at any time if they determine that such change would be in the best interests of the Company and its stockholders. Representatives of Ernst & Young LLP will attend the Annual Meeting to answer appropriate questions and may also make a statement if they so desire.

Required Vote

Ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm requires the affirmative vote of a majority of those shares present, either in person or by proxy, and entitled to vote at the Annual Meeting.

Recommendation of the Board

The Board unanimously recommends that you vote FOR the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal 2013.

PROPOSAL NO. 3 ADVISORY RESOLUTION ON EXECUTIVE COMPENSATION

In accordance with Securities Exchange Act of 1934, as amended (the Exchange Act), and more specifically, Section 14A of the Exchange Act which was added under the Dodd-Frank Wall Street Reform and Consumer Protection Act, we are asking stockholders to approve an advisory resolution on the Company's executive compensation as reported in this Proxy Statement. Our executive compensation program is designed to support the Company's long-term success. As described below in the Compensation Discussion and Analysis section of this Proxy Statement, the Compensation and Personnel Committee has structured our executive compensation program to achieve the following key objectives:

provide compensation packages to our executives that are competitive with other major executive recruitment firms, a broader group of human capital companies and similarly-sized publicly traded companies;

closely tie individual annual cash incentive and equity-based awards to the performance of the Company as a whole, as well as to the team and individual performance of the named executive officer; and

align the interests of senior management with those of our stockholders through direct ownership of Company common stock and by providing a meaningful portion of each named executive officer's total compensation in the form of equity-based incentives.

We urge stockholders to read the Compensation Discussion and Analysis below, which describes in more detail how our executive compensation policies and procedures operate and are designed to achieve our compensation objectives, as well as the Summary Compensation Table and related compensation tables and narrative below which provide detailed information on the compensation of our named executive officers. The Compensation and Personnel Committee and the Board believe that the policies and procedures articulated in the Compensation Discussion and Analysis are effective in achieving our goals and that the compensation of our named executive officers reported in this Proxy Statement has supported and contributed to the Company's success.

We are asking stockholders to approve the following advisory resolution at the 2012 Annual Meeting of Stockholders:

RESOLVED, that the stockholders of Korn/Ferry International (the Company) approve, on an advisory basis, the compensation of the Company's named executive officers set forth in the Compensation Discussion and Analysis, the Summary Compensation Table and the related compensation tables and narrative in the Proxy Statement for the Company's 2012 Annual Meeting of Stockholders.

This advisory resolution, commonly referred to as a say-on-pay resolution, is non-binding on the Board. Although non-binding, the Board and the Compensation and Personnel Committee will carefully review and consider the voting results when evaluating our executive compensation program.

Recommendation of the Board

The Board unanimously recommends that you vote FOR the Company's executive compensation.

PROPOSAL NO. 4 STOCKHOLDER PROPOSAL: BOARD DECLASSIFICATION

A stockholder has submitted the following proposal to the Company for action at the Annual Meeting. We will provide the name, address and share ownership of the stockholder proponent promptly upon receiving an oral or written request to the Company's Corporate Secretary at the address and phone number listed on page 64 of this Proxy Statement. The stockholder proposal will be voted on at the Annual Meeting only if properly presented by or on behalf of the stockholder proponent.

In accordance with the rules of the Securities and Exchange Commission, the text of the resolution and supporting statement is printed verbatim from the stockholder's submission, and we take no responsibility for either of them.

Our Board of Directors opposes the adoption of the proposal and asks you to review our Board's response, which follows the stockholder's supporting statement.

Stockholder Proposal

4 Elect Each Director Annually

RESOLVED, shareholders ask that our Company take the steps necessary to reorganize the Board of Directors into one class with each director subject to election each year and to complete this transition within one-year.

Arthur Levitt, former Chairman of the Securities and Exchange Commission said, "In my view it's best for the investor if the entire board is elected once a year. Without annual election of each director shareholders have far less control over who represents them."

In 2010 over 70% of S&P 500 companies had annual election of directors. Shareholder resolutions on this topic have won an average support of 68% in a single year.

This proposal should also be evaluated in the context of our Company's overall corporate governance:

The Corporate Library, an independent investment research firm, rated our company "High Concern" for takeover defenses and "Moderate Concern" for Executive Pay. Our executives' incentive pay relied in part on the executive pay committee's subjective view. Discretionary freedom can undermine the credibility and effectiveness of an incentive pay plan.

Our executives received performance shares that were eligible to vest even if our company had a relative Total Shareholder Return ranking of ninth out of ten companies. Underperforming industry peers should not result in extra pay. Also, executives received time-based restricted shares. Equity pay should include performance-vesting requirements.

Regarding our company's takeover defenses, our company's board was classified, which would make more difficult and lengthy any attempt to gain control of a majority of our board. In addition, our company had charter and bylaw provisions that made it difficult or impossible for shareholders to achieve control by enlarging the board or removing directors and filling the resulting vacancies. The combined effect of these mechanisms was to reduce board accountability to shareholders.

George Shaheen was designated a "flagged [problem] director" by The Corporate Library due to his Webvan stint, where he resigned after eighteen months and was then entitled to a golden parachute of \$375,000 annually for the rest of his life. Webvan traded at 12 cents when Mr. Shaheen left. Unfortunately Mr. Shaheen was 33% of our audit and nomination committees. And Gerhard Schulmeyer received by far our highest negative votes and was 33% of our executive pay and nomination committees.

Only one yes-vote from our 47 million shares was all that was needed to elect each of our directors for 3-year terms. Also 1% of shareholders could thwart a 66% majority vote. We had no power to call a special meeting or act by written consent.

Table of Contents

Please encourage our board to respond positively to this proposal: **Elect Each Director Annually Yes on 4.**

Board Statement in Opposition

The Board unanimously recommends a vote AGAINST the proposal for the reasons discussed below.

The Board has carefully considered this proposal and believes that it is not in the best interests of the Company or our stockholders. The Company's Certificate of Incorporation provides that the Board consists of three classes of directors with three-year staggered terms, meaning that one-third of the directors are elected each year. The Board believes that this classified Board structure is more advantageous to, and better serves the long-term interests of, the Company and our stockholders than an annually-elected Board for the following reasons:

Stability and Continuity. The Board believes that a classified Board is beneficial because it allows stockholders sufficient time to evaluate the effectiveness of the Board's oversight of management of the Company. Three-year staggered terms are designed to provide stability, enhance mid- and long-term planning and provide a framework in which, at any given time, a majority of directors will have had prior experience as directors of the Company and a more thorough knowledge of the Company's operations and strategy. Directors who have experience with the Company and knowledge about our business are a valuable resource and are better positioned to make the fundamental decisions that are best for the Company and our stockholders. In addition, because a classified Board produces more orderly change in the composition of the Board, a classified Board strengthens the Company's ability to recruit and retain highly qualified directors who are willing and able to make the significant long-term commitment required to understand fully the Company, our operations and our competitive environment. In light of the current corporate governance climate, in which many qualified individuals are increasingly reluctant to serve on public company boards, the Company could also be placed at a competitive disadvantage in recruiting qualified director candidates if their Board service could potentially be limited to a one-year term.

Protection Against Unfair Takeover Tactics. The Board believes that a classified Board plays an important role in protecting against an unfriendly or unsolicited takeover proposal at a price that may not be in the long-term best interests of the Company or our stockholders. While having a classified Board does not prevent unsolicited takeover attempts, it encourages third parties to negotiate at arm's length with the Board, thereby enhancing the ability of the Board to negotiate the best terms to provide maximum value for all stockholders.

Accountability to Stockholders. The Board does not believe that annual elections for each director are necessary to promote accountability. Directors elected to three-year terms are not any less accountable or responsive to stockholders than directors elected annually, since all directors are required to uphold their fiduciary duties, regardless of the length of their term of service or how often they stand for election. Moreover, the Board has in place a number of measures to further promote good corporate governance and Board accountability. For example, the Board has adopted procedures designed to facilitate stockholder communications with directors, which are described more fully on page 63 of this Proxy Statement. In addition, with the exception of Mr. Burnison, the Company's President and Chief Executive Officer, the Board is composed entirely of independent directors and has independent key committees. The Board believes that overall accountability of the Board is achieved through our stockholders' selection of responsible, experienced and respected individuals as directors, not on the length of their terms.

The Board has carefully considered this proposal and the arguments for and against a classified Board structure. For the reasons discussed above, the Board has concluded that the Company's classified Board structure continues to promote the best interests of the Company and our stockholders.

Recommendation of the Board

For the reasons discussed above, the Board unanimously recommends that you vote AGAINST this stockholder proposal.

**PROPOSAL NO. 5 APPROVAL OF SECOND AMENDMENT AND RESTATEMENT OF
2008 STOCK INCENTIVE PLAN**

On August 22, 2008, the Board adopted the 2008 Stock Incentive Plan (the "2008 Plan"), which was subsequently approved by the Company's stockholders on September 23, 2008. A subsequent amendment and restatement was approved by the Board and then by the Company's stockholders on September 10, 2009 (the "First A&R 2008 Plan").

In order to continue to provide qualified employees, officers, non-employee directors and other service providers with stock-based incentives, on August 22, 2012, the Board approved, subject to stockholder approval, the Second Amended and Restated Korn/Ferry International 2008 Stock Incentive Plan (the "Second A&R 2008 Plan") to make available 5,306,897 additional shares of the Company's common stock for stock-based awards and to make other ministerial changes to the plan document. Other than the increase in the number of shares authorized for issuance, and certain administrative changes, the First A&R 2008 Plan and the Second A&R 2008 Plan are identical. The Board is submitting the Second A&R 2008 Plan to the stockholders for their approval at the Annual Meeting.

As of August 15, 2012, an aggregate of 393,103 shares of common stock remained available under the First A&R 2008 Plan for the grant of stock-based incentives. The Company believes a compensation policy that includes a balanced mix of cash and equity is the most effective way to attract and retain talented employees whose interests are aligned with stockholders. Without approval of the Second A&R 2008 Plan, the Company will be constrained in its ability to use equity as a component of its compensation philosophy, a result that would put the Company at a considerable competitive disadvantage to its direct and indirect competitors for the high level professional employees who make up the bulk of the Company's current and prospective employee base.

Reasons for the Proposal

The Board unanimously recommends that the Company's stockholders approve the Second A&R 2008 Plan. The Company's ability to grant an appropriate number of equity-based awards continues to be crucial in allowing the Company to effectively compete for key employee talent against other executive search, leadership and consulting firms. It is in the long-term interest of the Company and its stockholders to strengthen the ability to attract, motivate and retain employees, officers, directors, consultants, agents, advisors and independent contractors, and to provide additional incentive for those persons through stock ownership and other incentives to improve operations, increase profits and strengthen the mutuality of interest between those persons and the Company's stockholders.

Equity awards are granted to a significant number of the Company's current and prospective employees. These long term incentives are aimed at aligning employees' interests with stockholders and to aid in retention.

The Company's restricted shares and stock options outstanding as of August 15, 2012 represent approximately 5% of the Company's market capitalization (based on the average closing price of the Company's common stock on the NYSE in the 200 days preceding June 1, 2012). If the Second A&R 2008 Plan is approved, the aggregate number of shares underlying outstanding awards under the Company's existing plans plus the number of shares available for issuance in connection with the grant of awards under the Second A&R 2008 Plan would increase to approximately 11% of the number of shares of Company common stock outstanding on a fully diluted basis.

Promotion of Good Corporate Governance Practices

The Board believes the use of equity incentive awards promotes best practices in corporate governance by maximizing stockholder value. By providing participants in the Second A&R 2008 Plan with a stake in the Company's success, the interests of the participants are aligned with those of the Company's stockholders. The Second A&R 2008 Plan will provide incentives to plan participants to operate the Company in the most efficient way possible.

Table of Contents

Specific features of the Second A&R 2008 Plan that are consistent with good corporate governance practices include, but are not limited to:

options may not be granted with exercise prices lower than the fair market value of the underlying shares on the grant date;

there can be no repricing of options or stock appreciation rights without stockholder approval, either by canceling the award in exchange for another award, option or stock appreciation right with an exercise price that is less than the exercise price of the original award or for cash, or by reducing the exercise price of the option or stock appreciation right, other than in connection with a change in the Company's capitalization;

the ability to issue full-value awards (awards other than options and stock appreciation rights) is limited by requiring that after the effective date of the Second A&R 2008 Plan these awards count 1.91 times as much as options and stock appreciation rights against the authorized number of shares issuable under the Second A&R 2008 Plan;

the administrator of the Second A&R 2008 Plan has discretion to pay to holders of restricted stock and restricted stock units their awards in cash or shares of common stock, according to the current cash or capitalization needs of the Company;

there can be no recycling of shares from exercised awards, meaning shares of common stock subject to an award cannot be made available for issuance if the shares were subject to a stock-settled stock appreciation right and were not issued in the net settlement, were used to pay the exercise price of an option, were delivered or withheld to pay the withholding taxes related to an award, or were repurchased on the open market with the proceeds of an option award; and

dividends or dividend equivalents will not be paid in respect of awards subject to performance-based vesting criteria prior to such performance-based vesting criteria having been achieved.

Need to Remain Competitive

The Board believes the use of incentive equity awards is an integral component of compensation for the Company's employees. Employees consider equity awards an important part of their total compensation, and they expect these awards when they join the Company. Consequently, the Board believes the Company must continue to award its employees with equity awards to maintain its competitive position.

Section 162(m) of the Code

The Board continues to believe that it is in the best interests of the Company and its stockholders to provide for an incentive plan under which stock-based and qualifying cash compensation awards made to the Company's executive officers can qualify for deductibility by the Company for federal income tax purposes. Accordingly, the Second A&R 2008 Plan has been structured in a manner such that awards under it can be designed with the intent to satisfy the requirements for performance-based compensation within the meaning of Section 162(m) (Section 162(m)) of the Internal Revenue Code of 1986, as amended (the Code). In general, under Section 162(m), in order for the Company to be able to deduct compensation in excess of \$1 million paid in any one year to the Company's Chief Executive Officer or any of the Company's three other most highly compensated executive officers (other than the Company's Chief Financial Officer), such compensation must qualify as performance-based. One of the requirements of performance-based compensation for purposes of Section 162(m) is that the material terms of the performance goals under which compensation may be paid be disclosed to and approved by the Company's stockholders. For purposes of Section 162(m), the material terms include (1) the employees eligible to receive compensation, (2) a description of the business criteria on which the performance goal is based, and (3) the maximum amount of compensation that can be paid to an employee under the performance goal. With respect to the various types of awards under the Second A&R 2008 Plan, each of these aspects is discussed below, and stockholder approval of the Second A&R 2008 Plan will be deemed to constitute approval of each of these aspects of the Second A&R 2008 Plan for purposes of the approval requirements of Section 162(m).

Summary of the Plan

The following is a description of the material features of the Second A&R 2008 Plan. The description does not purport to be complete and is qualified in its entirety by reference to the full text of the Second A&R 2008 Plan which is attached to this Proxy Statement as Appendix A and incorporated herein by reference. Stockholders are encouraged to read the text of the Second A&R 2008 Plan in its entirety.

Purpose

The purpose of the Second A&R 2008 Plan is to stimulate the efforts of employees, officers, non-employee directors and other service providers, in each case who are selected to be participants, by heightening the desire of such persons to continue working toward and contributing to the success and progress of the Company.

Eligible Participants

Any person who is a current or prospective officer or employee of the Company or its subsidiaries, and any non-employee director of the Company or other service provider retained to provide consulting, advisory or other services to the Company or its subsidiaries, is eligible to be considered for the grant of awards under the Second A&R 2008 Plan. As of August 15, 2012, approximately 2,759 employees and seven non-employee directors were eligible to participate in the Second A&R 2008 Plan.

Available Shares

Subject to stockholder approval of the Second A&R 2008 Plan, the maximum number of shares of common stock of the Company that may be issued pursuant to awards granted under the Second A&R 2008 Plan will be 5,700,000 (which is equal to the 5,306,897 new shares being proposed plus the 393,103 shares that remain available for issuance under new awards under the First A&R 2008 Plan). This limitation is subject to adjustment to prevent dilution, and also allows for the issuance of such number of additional shares as is equal to the number of shares subject to outstanding awards under (i) the First A&R 2008 Plan on the date the Second A&R 2008 Plan becomes effective and (ii) the Company's Performance Award Plan as of August 8, 2008, in each case, that cease for any reason to be subject to such awards other than by reason of exercise or settlement of the awards to the extent they are exercised for or settled in vested and nonforfeitable shares.

Any shares granted under options or stock appreciation rights will be counted against the plan limit on a one-for-one basis; whereas any shares granted as awards other than options or stock appreciation rights that are outstanding on or after the effective date of the Second A&R 2008 Plan will be counted against the limit as 1.91 shares for every one share subject to such award. The shares issued pursuant to awards granted under the Second A&R 2008 Plan may be shares that are authorized and unissued or shares that were reacquired by the Company, including shares purchased in the open market so long as they were not repurchased with the proceeds from the exercise of an option award.

For purposes of the foregoing share limit, the aggregate number of shares issued under the Second A&R 2008 Plan at any time will equal only the number of shares actually issued upon exercise or settlement of an award. Notwithstanding the foregoing, shares subject to an award under the Second A&R 2008 Plan may not again be made available for issuance under the Second A&R 2008 Plan if such shares are: (1) shares that were subject to a stock-settled stock appreciation right and were not issued upon the net settlement or net exercise of such stock appreciation right, (2) shares used to pay the exercise price of an option, (3) shares delivered to or withheld by the Company to pay the withholding taxes related to an award, or (4) shares repurchased on the open market with the proceeds of an option exercise. Shares subject to awards that have been canceled, expired, forfeited or otherwise not issued under an award and shares subject to awards settled in cash will not count as shares issued under the Second A&R 2008 Plan.

Tax Code Limitations

Subject to changes in the Company's capitalization, the aggregate number of shares subject to awards granted under the Second A&R 2008 Plan during any calendar year to any one participant will not exceed 500,000. The aggregate number of shares that may be issued pursuant to the exercise of incentive stock options granted under the Second A&R 2008 Plan shall not exceed 5,700,000 (which number is subject to antidilution adjustment to the extent that such adjustment will not affect the status of any option intended to qualify as an incentive stock option under Section 422 of the Code ("Incentive Stock Options")). The maximum cash amount payable pursuant to that portion of an incentive bonus granted in any calendar year to any participant under the Second A&R 2008 Plan that is intended to satisfy the requirements for performance-based compensation under Section 162(m) will not exceed \$5,000,000.

Non-Employee Director Awards

Subject to certain exceptions, the aggregate number of shares subject to options and stock appreciation rights granted under the Second A&R 2008 Plan during any calendar year to any one non-employee director will not exceed 50,000, and the aggregate number of shares issued or issuable under all awards granted under the Second A&R 2008 Plan other than options or stock appreciation rights during any calendar year to any one non-employee director will not exceed 25,000.

Awards of Acquired Corporations

In the event that the Company acquires another corporation and assumes outstanding equity awards of such acquired corporation, the number of shares authorized for issuance under the Second A&R 2008 Plan will be increased to the extent necessary to satisfy such assumed equity awards and such shares will not reduce the shares otherwise authorized for issuance under the Second A&R 2008 Plan. In the event that a corporation acquired by the Company, or with which the Company combines, has shares available under a pre-existing plan approved by its stockholders and not adopted in contemplation of such acquisition or combination, the shares available for grant pursuant to the terms of such pre-existing plan may be used for awards under the Second A&R 2008 Plan and will not reduce the shares authorized for issuance under the Second A&R 2008 Plan; provided that awards using such available shares will not be made after the date awards or grants could have been made under the terms of the pre-existing plan absent the acquisition or combination and will only be made to individuals who were not employees, directors or consultants of the Company immediately before such acquisition or combination.

Administration

The Second A&R 2008 Plan is administered by the Compensation and Personnel Committee of the Board, provided, however, that, subject to certain exceptions, the Board may exercise any power of the Compensation and Personnel Committee. The Compensation and Personnel Committee may authorize one or more officers of the Company to perform any or all things that the administrator is authorized and empowered to do or perform under the Second A&R 2008 Plan. The Compensation and Personnel Committee may delegate any or all aspects of day-to-day administration of the Second A&R 2008 Plan to one or more officers or employees of the Company or any subsidiary, and/or to one or more agents.

Amendments

The Board may amend, alter or discontinue the Second A&R 2008 Plan or any agreement or other document evidencing an award made under the Second A&R 2008 Plan, but, except as provided pursuant to the anti-dilution adjustment provisions of the Second A&R 2008 Plan, no such amendment may be made without the approval of the stockholders of the Company if it would:

increase the maximum number of shares of common stock for which awards may be granted under the Second A&R 2008 Plan;

Table of Contents

reduce the price at which options or stock appreciation rights may be granted below the price provided for in the Second A&R 2008 Plan;

reduce the exercise price of outstanding options;

extend the term of the Second A&R 2008 Plan;

change the class of persons eligible to participate in the Second A&R 2008 Plan;

increase the maximum awards that may be granted during any calendar year to any one eligible person; or

otherwise amend the Second A&R 2008 Plan in any manner requiring stockholder approval by law or under the New York Stock Exchange (NYSE) listing requirements.

No amendment may impair the rights of any holder of an award without their consent, provided that no consent is required if the administrator determines in its sole discretion and prior to any change of control of the Company if the amendment is advisable in order for the Company, plan or award to satisfy any law or regulation, or meet the requirements of or avoid adverse financial accounting consequences under any accounting standard.

Awards

The Second A&R 2008 Plan authorizes the administrator to grant awards to eligible participants in the form of incentive and nonqualified stock options, stock appreciation rights, restricted stock and restricted stock units, any of which may be performance-based, and for incentive bonuses, which may be paid in cash or stock or a combination thereof.

Stock Options

The administrator of the Second A&R 2008 Plan may grant an option to purchase common stock of the Company, from time to time in the discretion of the administrator. Options may be Incentive Stock Options or nonstatutory stock options (Nonqualified Stock Options).

The exercise price per share of common stock subject to an option granted under the Second A&R 2008 Plan must equal or exceed 100% of the fair market value of such common stock on the date the option is granted, except that:

the exercise price of an option may be higher or lower in the case of options granted to an employee of a company acquired by the Company in assumption and substitution of options held by such employee at the time such company is acquired; and

the exercise price of an Incentive Stock Option granted to an individual owning more than 10% of the combined voting power of all classes of Company stock must equal or exceed 110% of the fair market value of such common stock on the date of grant.

Other than in connection with a change in the Company's capitalization, at any time when the exercise price of an option is above the fair market value of a share of the Company's common stock, the Company may not, without stockholder approval, reduce the exercise price of such option and shall not exchange such option for a new award with a lower (or no) exercise price or for cash.

Unless the administrator provides for a shorter period, the maximum term of an option granted under the Second A&R 2008 Plan, including any Incentive Stock Options, will be 7 years from the date of grant, except that Incentive Stock Options granted to an individual who, at the time the option is granted to such individual, owns more than 10% of the combined voting power of all classes of stock of the Company will have a term no greater than 5 years from the date of grant. Options granted under the Second A&R 2008 Plan will vest according to a schedule determined by the administrator.

Table of Contents

The administrator will determine the acceptable forms of payment of the exercise price of an option, which may include: cash, shares of Company common stock, irrevocable commitment by a broker to pay over the amount from a sale of shares of Company common stock issuable under an option, delivery of previously owned shares of Company common stock, withholding of shares of Company common stock or any combination of the foregoing.

Incentive Bonus

An incentive bonus award is an award which confers upon the participant the opportunity to earn a future payment tied to the level of achievement with respect to one or more performance criteria established for a specified performance period of not less than one year.

Restricted Stock and Restricted Stock Units

Restricted stock is an award or issuance of shares of common stock of the Company under which the grant, issuance, retention, vesting and/or transferability is subject for a specified period of time to such conditions (including continued employment or performance conditions) and terms as the administrator deems appropriate. Restricted stock units are awards denominated in units of shares of common stock of the Company under which the issuance of shares is subject to such conditions (including continued employment or performance conditions) and terms as the administrator deems appropriate. Up to 250,000 shares will be available for issuance to employee participants on or after the date the Second A&R 2008 Plan becomes effective as awards of restricted stock or restricted stock units having no minimum vesting period. An award of restricted stock or restricted stock units with a vesting schedule that is not at least partially based on performance criteria cannot vest in less than thirty-six months, and an award of restricted stock or restricted stock units with a vesting schedule that is at least partially performance-based cannot vest in less than twelve months from the date of grant, except for awards of restricted stock or restricted stock units to non-employee directors and in the case of the death or disability of a participant or a change of control of the Company. The administrator will determine the extent to which awards of restricted stock and restricted stock units may be settled in cash, shares of common stock of the Company, or a combination of the foregoing. Unless determined otherwise by the administrator, participants receiving restricted stock awards are entitled to the voting and dividend rights of the shares of common stock underlying the awards. Participants receiving restricted stock unit awards are not entitled to the voting rights of the underlying shares of common stock, and are entitled to the dividend rights only to the extent determined by the administrator. Notwithstanding the preceding two sentences, in no event will dividends or dividend rights be paid with respect to unvested awards of restricted stock or restricted stock units that are subject to performance-based vesting criteria.

Stock Appreciation Rights

A stock appreciation right provides the right to the monetary equivalent of the increase in value of a specified number of shares over a specified period of time after the right is granted. Stock appreciation rights may be granted to participants either in tandem with or as a component of other awards granted under the Second A&R 2008 Plan (tandem SARs) or not in conjunction with other awards (freestanding SARs). All freestanding SARs will be granted subject to the same terms and conditions applicable to options as set forth above and in the Second A&R 2008 Plan and all tandem SARs will have the same exercise price, vesting, exercisability, forfeiture and termination provisions as the award to which they relate. Other than in connection with a change in the Company's capitalization, at any time when the exercise price of a stock appreciation right is above the fair market value of a share of the Company's common stock, the Company may not, without stockholder approval, reduce the exercise price of such stock appreciation right and shall not exchange such stock appreciation right for a new award with a lower (or no) exercise price or for cash.

Performance Criteria

For purposes of the Second A&R 2008 Plan, qualifying performance criteria means the following criteria, individually, alternatively or in any combination, applied to either the Company as a whole or to a business unit, subsidiary or one or more joint ventures, either individually, alternatively or in any combination, and measured either annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to previous years' results or to a designated comparison group, in each case as specified by the administrator in the award:

cash flow (before or after dividends);

earnings per share (including earnings before interest, taxes, depreciation and amortization);

stock price;

return on equity;

total stockholder return;

return on capital (including return on total capital or return on invested capital);

return on assets or net assets;

market capitalization;

economic value added;

debt leverage (debt to capital);

revenue;

income or net income;

operating income;

operating profit or net operating profit;

operating margin or profit margin;

return on operating revenue;

cash from operations;

operating ratio;

operating revenue;

market share;

product development or release schedules;

new product innovation;

brand recognition/acceptance;

cost reductions;

customer service;

customer satisfaction; and

sales of assets or subsidiaries.

Prior to the grant of an award, the administrator will determine whether or not it will appropriately adjust any evaluation of performance under the applicable performance criteria with respect to an award to exclude any of the following events that occur during a performance period:

asset write-downs;

Table of Contents

litigation, claims, judgments or settlements;

the effect of changes in tax law, accounting principles or other such laws or provisions affecting reported results;

accruals for reorganization and restructuring programs;

accruals of any amounts for payment under the Second A&R 2008 Plan or any other compensation arrangement maintained by the Company; and

any extraordinary or unusual non-recurring items as described in the applicable accounting literature and/or in management's discussion and analysis of financial condition and results of operations appearing in the Company's annual report to stockholders for the applicable year.

Change of Control of the Company

The administrator has the discretion to provide, either at the time an award is granted or thereafter, that a change of control of the Company will have such effect as specified by the administrator, or no effect.

Deferral

The administrator has the discretion to provide that payment of awards granted under the Second A&R 2008 Plan may be deferred by the recipient to the extent permitted under Section 409A(a)(1)(B) of the Code.

Termination

The Second A&R 2008 Plan will terminate on the tenth anniversary of its approval by the Company's stockholders, unless the Board terminates it sooner.

U.S. Federal Income Tax Consequences

The following is a brief description of the federal income tax treatment that will generally apply to awards made under the Second A&R 2008 Plan, based on federal income tax laws currently in effect. The exact federal income tax treatment of awards will depend on the specific nature of any such award and the individual tax attributes of the award recipient. This summary is not intended to be a complete analysis and discussion of the federal income tax treatment of the Second A&R 2008 Plan, and does not discuss gift or estate taxes or the income tax laws of any municipality, state or foreign country.

Incentive Stock Options

Options granted under the Second A&R 2008 Plan may qualify as Incentive Stock Options within the meaning of Section 422 of the Code. If an optionee exercises an Incentive Stock Option in accordance with its terms and does not dispose of the shares acquired within two years from the date of the grant of the Incentive Stock Option or within one year from the date of exercise (the Required Holding Periods), an optionee generally will not recognize ordinary income and the Company will not be entitled to any deduction, on either the grant or the exercise of the Incentive Stock Option. An optionee's basis in the shares acquired upon exercise will be the amount paid upon exercise. Provided an optionee holds the shares as a capital asset at the time of sale or other disposition of the shares, an optionee's gain or loss, if any, recognized on the sale or other disposition will be capital gain or loss. The amount of an optionee's gain or loss will be the difference between the amount realized on the disposition of the shares and the optionee's basis in the shares. The gain or loss will be long-term capital gain or loss if the shares are held for at least one year after exercise of the option; otherwise, it will be short-term.

If, however, an optionee disposes of the acquired shares at any time prior to the expiration of the Required Holding Periods, then, subject to certain exceptions, the optionee will recognize ordinary income at the time of such disposition which will equal the excess, if any, of the lesser of (1) the amount realized on such disposition

Table of Contents

or (2) the fair market value of the shares on the date of exercise, over the optionee's basis in the shares. The Company generally will be entitled to a deduction in an amount equal to the amount of ordinary income recognized by an optionee. Any gain in excess of such ordinary income amount will be a short-term or long-term capital gain, depending on the optionee's holding period. If an optionee disposes of such shares for less than the optionee's basis in the shares, the difference between the amount realized and the optionee's basis will be short-term or long-term capital loss, depending upon the holding period of the shares.

Nonqualified Stock Options

In general, there are no tax consequences to the optionee or to the Company on the grant of a Nonqualified Stock Option. On exercise, however, the optionee generally will recognize ordinary income equal to the excess of the fair market value of the shares as of the exercise date over the purchase price paid for such shares, and the Company will be entitled to a deduction equal to the amount of ordinary income recognized by the optionee. Provided the shares received under a Nonqualified Stock Option are held as a capital asset, upon the subsequent disposition of the shares the optionee will recognize capital gain or loss in an amount equal to the difference between the proceeds received upon disposition and his or her basis for the shares. The basis will be equal to the sum of the price paid for the shares and the amount of income realized upon exercise of the option. Any capital gain or loss to the optionee will be characterized as long-term or short-term, depending upon the holding period of the shares.

Stock Appreciation Rights

Generally, the recipient of a freestanding SAR will not recognize any taxable income at the time the freestanding SAR is granted. If the employee receives the appreciation inherent in the freestanding SARs in cash, the cash will be taxable as ordinary compensation income to the employee at the time that it is received. If the employee receives the appreciation inherent in the freestanding SARs in stock, the employee will recognize ordinary compensation income equal to the excess of the fair market value of the stock on the day it is received over any amounts paid by the employee for the stock.

With respect to tandem SARs, if a holder elects to surrender the underlying option in exchange for cash or stock equal to the appreciation inherent in the underlying option, the tax consequences to the employee will be the same as discussed above relating to freestanding SARs. If the employee elects to exercise the underlying option, the holder will be taxed at the time of exercise as if he or she had exercised a Nonqualified Stock Option (discussed above), i.e., the employee will recognize ordinary income for federal tax purposes measured by the excess of the then fair market value of the shares over the exercise price.

In general, there will be no federal income tax deduction allowed to the Company upon the grant or termination of freestanding SARs or tandem SARs. However, upon the exercise of either a freestanding SAR or a tandem SAR, the Company will be entitled to a deduction for federal income tax purposes equal to the amount of ordinary income that the employee is required to recognize as a result of the exercise, provided that the deduction is not otherwise disallowed under the Code.

Restricted Stock and Restricted Stock Units

Upon grant of restricted stock or restricted stock units, a participant generally will not have taxable income. Instead, he or she will recognize ordinary income in the first taxable year in which his or her interest in the shares underlying the award becomes either freely transferable or no longer subject to substantial risk of forfeiture (e.g., vested). However, a holder of a restricted stock award may elect to recognize income at the time he or she receives the award in an amount equal to the fair market value of the shares underlying the award less any amount paid for the shares on the date the award is granted. The Company generally will be entitled to a deduction at the same time and in the same amount as a participant recognizes ordinary income.

Table of Contents

Incentive Bonus

Receipt of a cash incentive bonus will cause the participant to recognize ordinary income with respect to such award at the earliest time at which the participant has an unrestricted right to receive the amount of the cash payment, and the Company will be entitled to a corresponding deduction.

Golden Parachute Provisions

The terms of awards granted under the Second A&R 2008 Plan may provide for accelerated vesting or payment of an award in connection with a change of control of the Company. In that event and depending upon the individual circumstances of the recipient, certain amounts with respect to such awards may constitute excess parachute payments under the golden parachute provisions of the Code. Pursuant to these provisions, a participant will be subject to a 20% excise tax on any excess parachute payments and the Company will be denied any deduction with respect to such payment.

Section 162(m)

Section 162(m) imposes a \$1 million limit on the amount of compensation that may be deducted by the Company in any tax year with respect to the Company's named executive officers, other than the Company's Chief Financial Officer, including any compensation relating to an award granted under the Second A&R 2008 Plan.

Compensation that is considered to be performance-based will not have to be taken into account for purposes of the \$1 million limitation, and accordingly, should be deductible by the Company without limitation under Section 162(m). Options and other awards granted under the Second A&R 2008 Plan may, at the administrator's discretion, be intended to be performance-based compensation that qualifies for the exception from the \$1 million limit.

Withholding Taxes

The Company will generally be required to withhold applicable taxes with respect to any ordinary income recognized by a participant in connection with awards made under the Second A&R 2008 Plan. Whether or not such withholding is required, the Company will make such information reports to the Internal Revenue Service as may be required with respect to any income (whether or not that of an employee) attributable to transactions involving awards.

Other Information

As of August 15, 2012, (1) 1,432,596 shares were covered by stock options granted under the Company's existing stock incentive plans, at exercise prices ranging from \$6.26 to \$24.08 per share; (2) 1,902,719 shares were subject to unvested awards of restricted stock granted under the Company's existing stock incentive plans; and (3) 393,103 shares remained available to support additional awards under the First A&R 2008 Plan. In addition, as of August 15, 2012, the Company's outstanding stock options and SARs had a weighted-average exercise price of \$14.02 and a weighted-average contractual life of 2.89 years.

Information about stock option and performance share awards granted in fiscal 2012 to the Chief Executive Officer, Chief Financial Officer and the two other most highly compensated executive officers can be found in the table under the heading Compensation of Directors and Executive Officers Fiscal Year 2012 Grants of Plan-Based Awards.

Participation in the Second A&R 2008 Plan is at the discretion of the administrator. Accordingly, future participation by executive officers, other employees and directors under the Second A&R 2008 Plan is not determinable. In addition, the benefits under the Second A&R 2008 Plan that would have been received by or allocated to such persons for the last completed fiscal year had it been in effect cannot be determined.

The Second A&R 2008 Plan is not exclusive and does not limit the authority of the Board or the administrator to adopt such other incentive arrangements as they may deem desirable.

Required Vote

Approval of the Second A&R 2008 Plan requires the affirmative vote of a majority of those shares present, either in person or by proxy, and entitled to vote.

THE BOARD OF DIRECTORS

The Company's Certificate of Incorporation provides that the number of directors shall not be fewer than eight nor more than fifteen, with the exact number of directors within such limits to be determined by the Board. The Board is divided into three classes, with one class elected at each annual meeting of stockholders. Directors of each class are elected to serve for three year terms. At the Annual Meeting, we will elect the two directors named in this Proxy Statement to Class 2015 Directors and the Board for the coming year will be comprised of seven directors and one vacancy. The Company plans to fill the vacancy with a director whose knowledge, experience and skills would be a valuable addition to the Board and who would otherwise fulfill the qualifications the Company seeks in its directors, as described below in the section entitled "Director Qualifications."

Director Qualifications

The Board believes that the Board, as a whole, should possess a combination of skills, professional experience and diversity of backgrounds necessary to oversee the Company's business. In addition, the Board believes there are certain attributes every director should possess, as reflected in the Board's membership criteria discussed below. Accordingly, the Board and the Nominating and Corporate Governance Committee consider the qualifications of directors and director candidates individually and in the broader context of the Board's overall composition and the Company's current and future needs.

The Nominating and Corporate Governance Committee is responsible for developing and recommending Board membership criteria to the full Board for approval. The criteria, which are set forth in the Company's Corporate Governance Guidelines, include a reputation for integrity, honesty and adherence to high ethical standards, strong management experience, current knowledge and contact in the Company's industry or other industries relevant to the Company's business, and the ability to commit sufficient time and attention to Board and committee activities. The Nominating and Corporate Governance Committee seeks a variety of occupational, educational, and personal backgrounds on the Board in order to obtain a range of viewpoints and perspectives and to enhance the diversity of the Board in such areas as professional experience, geography, race, gender, ethnicity and age. While the Nominating and Corporate Governance Committee does not have a formal policy with respect to diversity, the Nominating and Corporate Governance Committee does believe it is essential that Board members represent diverse viewpoints and backgrounds. The Nominating and Corporate Governance Committee periodically evaluates the composition of the Board to assess the skills and experience that are currently represented on the Board, as well as the skills and experience that the Board will find valuable in the future, given the Company's current situation and strategic plans. This periodic assessment enables the Board to update the skills and experience it seeks in the Board as a whole, and in individual directors, as the Company's needs evolve and change over time and to assess effectiveness of efforts at pursuing diversity. In identifying director candidates from time to time, the Nominating and Corporate Governance Committee may establish specific skills and experience that it believes the Company should seek in order to constitute a balanced and effective board.

In evaluating director candidates, and considering incumbent directors for renomination to the Board, the Nominating and Corporate Governance Committee takes into account a variety of factors. These include each nominee's independence, financial literacy, personal and professional accomplishments, and experience, each in light of the composition of the Board as a whole and the needs of the Company in general, and for incumbent directors, past performance on the Board. The table below sets forth information about the two nominees for Class 2015 Directors and the directors whose terms of office continue beyond the Annual Meeting, including each such person's specific experience, qualifications, attributes and skills that led our Board to conclude that such nominee/director should serve on our Board. The process undertaken by the Nominating and Corporate Governance Committee in recommending qualified director candidates is described below under "Corporate Governance - Board Committees - Nominating and Corporate Governance Committee."

CORPORATE GOVERNANCE

The Board held ten meetings during fiscal 2012. Each of the directors attended at least 75% of the Board meetings and the meetings of committees of which they were members in fiscal 2012. Directors are expected to attend each annual meeting of stockholders. All directors attended the 2011 Annual Meeting of Stockholders in person other than Baroness Denise Kingsmill and Mr. Harry You.

Director Independence

The Board has determined that as of the date hereof a majority of the Board is independent under the independence standards of the New York Stock Exchange (NYSE). The Board has determined that the following directors and director-nominees are independent under the independence standards of the NYSE: Kenneth Whipple, Edward Miller, Debra J. Perry, Gerhard Schulmeyer, Harry L. You, Denise Kingsmill, George T. Shaheen and William R. Floyd. For a director to be independent, the Board must affirmatively determine that such director does not have any material relationship with the Company. To assist the Board in its determination, the Board reviews director independence in light of the categorical standards set forth in the NYSE's Listed Company Manual. Under these standards, a director cannot be deemed independent if, among other things:

the director is, or has been within the last three years, an employee of the Company, or an immediate family member is, or has been within the last three years, an executive officer of the Company;

the director has received, or has an immediate family member who received, during any 12 month period within the last three years, more than \$120,000 in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);

(1) the director or an immediate family member is a current partner of a firm that is the Company's internal or external auditor, (2) the director is a current employee of such a firm, (3) the director has an immediate family member who is a current employee of such a firm and personally works on the Company's audit, or (4) the director or an immediate family member was within the last three years a partner or employee of such firm and personally worked on the Company's audit within that time;

the director or an immediate family member is, or has been within the last three years, employed as an executive officer of another company where any of the Company's present executive officers at the same time serve or served on that company's compensation committee; or

the director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million or 2% of the other company's consolidated gross revenues.

The independent directors of the Board meet regularly in executive sessions outside the presence of management. Mr. Kenneth Whipple, as Chair of the Board, currently presides at all executive sessions of the independent directors. Subject to his reelection, Mr. George Shaheen will assume this role following the Annual Meeting.

Board Leadership Structure

The Company's Corporate Governance Guidelines provide that the Board is free to select its Chair and CEO in the manner it considers to be in the best interests of the Company and that the role of Chair and CEO may be filled by a single individual or two different persons. This provides the Board with flexibility to decide what leadership structure is in the best interest of the Company at any point in time. Currently, the Board is led by an independent, non-executive Chair, Mr. Kenneth Whipple. Mr. Whipple will serve as Chair until the Annual

Table of Contents

Meeting. The Board has appointed Mr. George Shaheen to succeed Mr. Whipple as the Company's independent, non-executive Chair, effective immediately following the Annual Meeting and through the 2015 Annual Meeting of Stockholders, subject to Mr. Shaheen's reelection as a director at the Annual Meeting. The Board has determined that having an independent director serve as Chair of the Board is in the best interests of the Company at this time as it allows the Chair to focus on the effectiveness and independence of the Board while the CEO focuses on executing the Company's strategy and managing the Company's business. In the future, the Board may determine that it is in the best interests of the Company to combine the role of Chair and CEO.

Board's Oversight of Enterprise Risk and Risk Management

The Board plays an active role, both as a whole and also at the committee level, in overseeing management of the Company's risks. Management is responsible for the Company's day-to-day risk management activities. The Company has established an enterprise risk framework for identifying, aggregating and evaluating risk across the enterprise. The risk framework is integrated with the Company's annual planning, audit scoping and control evaluation management by its internal auditor. The review of risk management is a dedicated periodic agenda item for the Audit Committee, whose responsibilities include periodically reviewing management's financial risk assessment and risk management policies, the Company's major financial risk exposures, and the steps management has taken to monitor and control such exposures. The Company's other Board committees also consider and address risk during the course of their performance of their committee responsibilities. Specifically, the Compensation and Personnel Committee oversees the Company's assessment and management of risk related to the Company's compensation plans, policies and overall philosophy, discussed in more detail below, and the Nominating and Corporate Governance Committee oversees risks associated with operations of the Board and its governance structure. Further, the General Counsel periodically reports on litigation and other legal risks that may affect the Company to the Board. The full Board monitors risks through regular reports from each of the Committee chairs and the General Counsel, and is apprised of particular risk management matters in connection with its general oversight and approval of corporate matters. We believe the division of risk management responsibilities described above provides an effective framework for evaluating and addressing the risks facing the Company, and that our Board leadership structure supports this approach because it allows our independent directors, through the independent committees and non-executive Chair, to exercise effective oversight of the actions of management.

Assessment of Risk Related to Compensation Programs. During fiscal 2012, the Company completed an inventory of its executive and non-executive compensation programs globally, with particular emphasis on incentive compensation plans and programs. Based on this inventory, the Company evaluated the primary components of its compensation plans and practices to identify whether those components, either alone or in combination, properly balanced compensation opportunities and risk. As part of this inventory, several factors were noted that reduce the likelihood of excessive risk taking. These factors include: balancing performance focus between near-term objectives and long-term stockholder value creation; issuing equity awards that vest over multi-year time horizons; and maintaining stock ownership guidelines and a clawback policy applicable to our executive officers. Furthermore, the Compensation Committee retains its own independent compensation consultant to provide input on executive pay matters, meets regularly, and approves all performance goals, award vehicles, and pay opportunity levels. As a result of this evaluation, the Company concluded that risks arising from the Company's compensation policies and practices are not reasonably likely to have a material adverse impact on the Company.

Table of Contents**Board Committees**

Although the full Board considers all major decisions, the Company's bylaws permit the Board to have the following standing committees to more fully address certain areas of importance: (1) an Audit Committee, (2) a Compensation and Personnel Committee and (3) a Nominating and Corporate Governance Committee. The members of the standing committees as of the date hereof are set forth in the table below:

Name	Audit	Compensation and Personnel	Nominating and Corporate Governance

Audit Committee. Among other things, the Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the independent registered public accounting firm, reviews the independent registered public accounting firm's qualifications and independence, reviews the plans and results of the audit engagement with the independent registered public accounting firm, approves professional services provided by the independent registered public accounting firm, approves financial reporting principles and policies, considers the range of audit and non-audit fees, reviews the adequacy of the Company's internal accounting controls and works to ensure the integrity of financial information supplied to stockholders. The Audit Committee is also available to receive reports, suggestions, questions and recommendations from the Company's independent registered public accounting firm, the Chief Financial Officer and the General Counsel. It also confers with these parties in order to help assure the sufficiency and effectiveness of the programs being followed by corporate officers in the area of compliance with legal and regulatory requirements, business conduct and conflicts of interest. The Audit Committee is composed entirely of non-employee directors whom the Board has determined are independent directors under the applicable listing standards of the NYSE and the applicable rules of the Securities and Exchange Commission (SEC). The Board, in its business judgment, has determined that Messrs. You and Shaheen qualify as audit committee financial experts as that term is defined in Item 407(d)(5) of Regulation S-K under the Exchange Act, and that Ms. Perry is financially literate, under the NYSE rules. The Audit Committee met thirteen times in fiscal 2012. The Audit Committee operates pursuant to a written charter adopted by the Board, which is available on the Company's website at www.kornferry.com in the Corporate Governance section of the About Us webpage and in print to any stockholder that requests it. Any such request should be addressed to Korn/Ferry International, 1900 Avenue of the Stars, Suite 2600, Los Angeles, California 90067, Attention: Corporate Secretary.

Compensation and Personnel Committee. Among other things, the Compensation and Personnel Committee approves and oversees the Company's compensation programs, including cash and equity-based incentive programs provided to members of the Company's senior management group, including the Company's Chief Executive Officer, Chief Financial Officer and two other most highly compensated executive officers, reviews the compensation of directors for service on the Board and its committees, and approves or recommends to the Board, as required, specific compensation actions, including salary adjustments, annual cash incentives, stock option grants and employment contracts for the Chief Executive Officer and other members of the Company's senior management group. The Compensation and Personnel Committee may, in its discretion, delegate all or a portion of its duties and responsibilities to a subcommittee consisting solely of members of the Compensation and Personnel Committee who are non-employee directors and outside directors. The Board has determined that all members of the Compensation and Personnel Committee are independent directors under the applicable listing standards of the NYSE. The Compensation and Personnel Committee met eight times during fiscal 2012. The Compensation and Personnel Committee operates pursuant to a written charter adopted by the Board, which is available on the Company's website at www.kornferry.com in the Corporate Governance section of the About

Nominating and Corporate Governance Committee. Among other things, the Nominating and Corporate Governance Committee recommends criteria to the Board for the selection of nominees to the Board, evaluates all proposed nominees, recommends nominees to the Board to fill vacancies on the Board, and, prior to each annual meeting of stockholders, recommends to the Board a slate of nominees for election to the Board by the stockholders at the annual meeting. The Nominating and Corporate Governance Committee, with the assistance of the Company's executive search business, identified and recommended to the Board that Mr. William Floyd be nominated as Class 2015 Director in this Proxy Statement. In evaluating nominations, the Nominating and Corporate Governance Committee considers a variety of criteria, including business experience and skills, independence, judgment, integrity, the ability to commit sufficient time and attention to Board activities and the absence of potential conflicts with the Company's interests. While the Nominating and Corporate Governance Committee does not have a formal policy with respect to diversity, it also takes into account the diversity of the Board when considering director nominees. The Board has determined that all members of the Nominating and Corporate Governance Committee are independent directors under the applicable listing standards of the NYSE. The Nominating and Corporate Governance Committee met six times in fiscal 2012. The Nominating and Corporate Governance Committee operates pursuant to a written charter adopted by the Board, which is available on the Company's website at www.kornferry.com in the Corporate Governance section of the About Us webpage and in print to any stockholder that requests it. Any such request should be addressed to Korn/Ferry International, 1900 Avenue of the Stars, Suite 2600, Los Angeles, California 90067, Attention: Corporate Secretary. Stockholders may recommend director nominees by mailing submissions to Korn/Ferry International, 1900 Avenue of the Stars, Suite 2600, Los Angeles, California 90067, Attention: Corporate Secretary. Any stockholder recommendations for director are evaluated in the same manner as all other candidates considered by the Nominating and Corporate Governance Committee.

Code of Business Conduct and Ethics

The Board has adopted a Code of Business Conduct and Ethics that is applicable to all directors, employees and officers (including the Company's Chief Executive Officer, Chief Financial Officer and Principal Accounting Officer). Among other things, the Code of Business Conduct and Ethics requires directors, employees and officers to maintain the confidentiality of all information entrusted to them (except when disclosure is authorized or legally mandated); to deal fairly with the Company's clients, service providers, suppliers, competitors and employees; to protect Company assets; and for those who have a role in the preparation and/or review of information included in the Company's public filings, to report such information accurately and honestly. It also prohibits directors, employees and officers from using or attempting to use their position at the Company to obtain an improper personal benefit. The Code of Business Conduct and Ethics is available on the Company's website at www.kornferry.com in the Corporate Governance section of the About Us webpage and in print to any stockholder that requests it. Any such request should be addressed to Korn/Ferry International, 1900 Avenue of the Stars, Suite 2600, Los Angeles, California 90067, Attention: Corporate Secretary. We intend to post on the Company's website amendments, if any, to the Code of Business Conduct and Ethics, as well as any waivers thereunder, with respect to our officers as required to be disclosed by the SEC rules.

Corporate Governance Guidelines

The Board has adopted Corporate Governance Guidelines, which among other things, impose limits on the number of directorships each member of the Board may hold (the Chief Executive Officer of the Company may not sit on more than two boards of directors of public companies (other than the Company), while all other directors may not sit on more than six boards of directors of public companies (other than the Company)); specifies the criteria to be considered for director candidates; and requires non-management directors to meet periodically without management. Additionally, the guidelines require that, when a director's principal occupation or business association changes substantially during his or her tenure as a director, that director is required to provide written notice of such change to the chair of the Nominating and Corporate Governance Committee, and agree to resign from the Board if the Board determines to accept such resignation. The Nominating and Corporate Governance Committee must then review and assess the circumstances surrounding such change, and recommend to the Board any appropriate action to be taken. The Corporate Governance Guidelines are available on the Company's website at www.kornferry.com in the Corporate Governance section of the About Us webpage and in print to any stockholder that requests it. Any such request should be addressed to Korn/Ferry International, 1900 Avenue of the Stars, Suite 2600, Los Angeles, California 90067, Attention: Corporate Secretary.

Edgar Filing: KORN FERRY INTERNATIONAL - Form DEF 14A

Individual annual cash incentive and equity-based awards should be closely tied to the performance of the Company as a whole, as well as to the team and individual performance of the named executive officer; and

The interests of senior management and the Company's stockholders should be aligned through direct ownership of Company common stock and by providing a meaningful portion of each named executive officer's total compensation in the form of equity-based incentives.

Table of Contents**Oversight of Compensation Programs**

The Committee has direct responsibility for determining the compensation of the named executive officers, having been delegated authority by the Board for the oversight of compensation for the Company's senior management and the Company's overall compensation programs, including its stock incentive plan.

The Committee retains compensation consultants to assist it in assessing the competitiveness of the named executive officers' compensation. Frederic W. Cook & Co, Inc. has provided services to the Committee since September 2010. No other fees were paid to these compensation consultants except as such fees related to their services to the Committee.

Use of a Peer Group

The Company does not target or position named executive officer pay levels at a specific percentile level relative to a peer group. Rather, the Company reviews total compensation and the mix of the compensation components relative to the peer group as one of the factors in determining if compensation is adequate to attract and retain executive officers with the unique set of skills necessary to manage and motivate our global human capital management firm.

Because a number of the Company's peer organizations are privately-held, precise information regarding executive officer compensation practices among the Company's competitor group is difficult to obtain. In addition, even when such data is available, meaningful differences in size, complexity and organizational structure among the Company's competitor group make direct comparisons of compensation practices challenging and require exercise of judgment. In assessing the competitiveness of the Company's named executive officer compensation, the Committee relies on information obtained from the proxies of publicly-traded competitors, information derived from data obtained from other public sources with respect to competitor organizations, and the general knowledge of the Committee and its consultant with regard to the market for senior management positions.

During fiscal 2012, the Committee used the following companies as a peer group:

CBIZ, Inc.	Navigant Consulting, Inc.
FTI Consulting, Inc.	Resources Connection, Inc.
Heidrick & Struggles International, Inc.	Robert Half International Inc.
Huron Consulting Group Inc.	The Corporate Executive Board Company
ICF International, Inc.	The Dun & Bradstreet Corporation*
Insperty, Inc.	Towers Watson & Co.
Kelly Services, Inc.	TrueBlue, Inc.
Kforce Inc.	

This peer group was primarily selected based upon criteria such as business lines, operating model, customer base, revenue, market capitalization and entities with which the Company competes for stockholder investment. Revenue and market capitalization data for this peer group (and for the fiscal 2012 peer group described below) is the following:

	Market capitalization	
	(as of 7/27/12)	Revenues*
Fiscal 2012 Peer Group Median	\$714 million	\$1.1 billion
Korn/Ferry	\$674 million	\$790.5 million

* Peer company revenues computed for 12 months ending as of the applicable company's most recent quarterly or annual report (as of April 30, 2012).

Table of Contents

While the Committee does not target a particular position relative to its peer group, in determining the salary, annual cash incentive and long-term incentive levels for each named executive officer, the Committee does consider the range of salary, annual cash incentive and long-term incentive levels that the peer group provides to similarly situated executives and intends that the levels provided to each named executive officer fall within that range. The salary, annual cash incentive and long-term incentive levels for fiscal 2012 fell within this range and are generally intended to be within the 25th to 75th percentile of the range.

ELEMENTS OF COMPENSATION

Base Salary

Base salary is intended to compensate named executive officers for services rendered during the fiscal year and to provide sufficient fixed cash income for retention and recruiting purposes. Named executive officer base salary levels are reviewed on an annual basis by the Committee. In addition to competitive data from the peer group, data is also obtained from other sources with respect to non-public competitor organizations. The Committee also incorporates its perspective and the market knowledge of its compensation consultant related to senior management positions in assessing base salary levels. Further, the Committee takes into consideration individual performance of each named executive officer and, with respect to the named executive officers other than the Chief Executive Officer, input from the Chief Executive Officer.

Annual Cash Incentives

Annual cash incentives are intended to motivate and reward named executive officers for achieving performance and strategic goals over a one-year period. The Committee determines annual cash incentive amounts based upon a number of factors including performance goals, strategic objectives, competitive data, individual performance, and the terms of employment contracts, as described in more detail below. While the Committee does take into consideration performance against performance goals and strategic objectives for the year, it retains discretion in determining actual bonus payouts. Annual cash incentives are typically paid in cash, but the Committee has discretion to pay a portion of the annual cash incentive in equity or other long-term incentives.

The performance goals with respect to our annual cash incentive program typically include metrics such as revenue, operating income, EPS or EPS growth. The Company also typically selects various strategic objectives such as recruiting and retention, productivity of consultants, diversification of revenues, brand awareness and customer satisfaction. At the beginning of fiscal 2012, the Committee determined that for Mr. Burnison 50% of his annual incentive award would be based upon the following Company financial metrics for fiscal 2012: fee revenue, operating margin and EPS. For Mr. Burnison, the remaining 50% of his award would be based upon performance against the following strategic objectives:

Driving an integrated, solutions-based go-to-market strategy,

Extension and elevation of the Company's brand,

Delivery of unparalleled client excellence, and

The advancement of the Company as a premier career destination.

Table of Contents

In addition to the foregoing strategic objectives, the Committee also considered the Company's efforts in connection with preparation for growth and managing risk in determining the portion of Mr. Burinson's bonus payout that would be paid based upon performance.

The Committee determined that 40% of the annual incentive award for Ms. Dutra and Mr. Mulrooney would be based upon the following Company financial metrics for fiscal 2012: fee revenue, operating margin and EPS. In addition, the Committee determined that for Ms. Dutra and Mr. Mulrooney, 30% of the annual incentive award would be based upon revenue and operating earnings for their respective service offerings and the remaining 30% would be based upon the strategic objectives identified above.

Table of Contents

Notwithstanding the structure outlined above, the Committee retained its ability to evaluate achievement against these factors as it deemed most appropriate. After the end of the fiscal year the Committee then evaluated the achievement of the performance and strategic goals relative to the target and maximum annual cash incentive amounts established for the named executive officers in their employment contracts.

For Mr. Burnison and Mr. Rozek, the target bonus is each equal to 100% of his base salary and the maximum bonus is equal to 200% of his base salary. Mr. DiGregorio had a target bonus equal to 75% of his base salary and the maximum bonus was equal to 150% of his base salary. Ms. Dutra has a target of \$650,000 for her target bonus and long-term incentives, in the aggregate. Mr. Mulrooney has a target of \$400,000 for his target bonus and long-term incentives, in the aggregate.

Pursuant to his employment agreement and based upon arms-length negotiation of such agreement at the time of his initial hire, for the first year of his employment, Mr. Rozek is entitled to receive a guaranteed cash incentive award of no less than \$275,000.

Long-Term Incentives

Long-term incentives are intended to align the named executive officers' interests with those of stockholders and encourage the achievement of the long-term goals of the Company. Long-term incentives are also designed to motivate and help retain top talent. To accomplish these objectives the Committee has discretion to make grants of options, time-based restricted stock or performance-based awards, as well as contributions to the Company's non-qualified deferred compensation plan (described below) that vest over time.

The Committee determines long-term incentive award amounts based upon a number of factors including competitive data, total overall compensation provided to each named executive officer, Company performance during the fiscal year preceding the year of grant, historic grants, and any applicable agreements with the named executive officers. The various factors are not given specific weights; the Committee retains discretion to consider items as it deems appropriate.

Historically and in fiscal 2012, consistent with his employment contract, our Chief Executive Officer received annual equity grants with a target grant value (i.e., shares awarded for target performance) equal to 2 times base salary, paid 50% in restricted stock units subject to market-based vesting criteria (referred to as "performance shares") and 50% in time-based restricted stock. The Committee has determined that this amount falls within the range of long-term incentives provided by the peer group companies. As described below, the Committee determined for fiscal 2012 that this was an appropriate level of equity grant to properly align the interests of our Chief Executive Officer with the Company's long-term goals, taking into account his individual performance and market compensation levels. Pursuant to his employment contract, Mr. DiGregorio was eligible to receive annually at the close of each fiscal year an award of performance-based restricted stock units, with a target grant value of 37.5% of his annual base salary and a grant of time-based restricted stock and/or stock options, with a target grant value of 37.5% of his annual base salary. As disclosed above, pursuant to their letter agreements, Ms. Dutra has an aggregate target of \$650,000 for her target bonus and long-term incentives, and Mr. Mulrooney has an aggregate target of \$400,000 for his target bonus and long-term incentives.

Pursuant to his employment agreement and based upon arms-length negotiation of such agreement at the time of his initial hire, upon commencement of his employment, Mr. Rozek received a one-time restricted stock unit award covering a number of shares having a value on the grant date of the award equal to \$1,050,000. The value of the initial restricted stock unit award was based in part on compensation forfeited by Mr. Rozek upon termination of his employment with his prior employer. In addition, commencing with the completion of fiscal year 2012, Mr. Rozek became eligible to receive (i) a grant of time-vested restricted stock or restricted stock units, covering a number of shares having a value on the grant date of the award equal to 50% of his annual base salary; and (ii) an award of restricted stock units subject to performance-based vesting criteria, covering a number of shares with a value on the grant date of the award at target performance equal to 50% of his annual

Table of Contents

base salary. Beginning with the Company's 2013 fiscal year, the Committee will have the discretion to change the form and/or mix of long-term compensation awards Mr. Rozek is eligible to receive; provided, however, that Mr. Rozek's aggregate annual target long-term incentive opportunity is equal to 100% of his annual base salary or such incentive plans and/or programs provide Mr. Rozek with an equivalent long-term incentive opportunity. All other terms of the award shall be determined by the Board and/or the Compensation Committee and shall be consistent with the terms and conditions of the performance shares, if any, granted to the Company's other executive officers generally for the same performance period.

Other Compensation Elements

Generally Available Benefits and Perquisites

The Company provides named executive officers the same benefits that are provided to all employees, including medical, dental and vision benefits, group term life insurance and participation in the Company's 401(k) plan. In addition, the named executive officers receive the benefits provided to all employees at the level of vice president and above including an automobile allowance, participation in the Company's nonqualified deferred compensation plan (described below) and reimbursement for medical expenses not reimbursed under the group medical plan, typically up to \$2,500 per annum.

The terms of Mr. Rozek's employment agreement required the Company to pay up to \$628,000 in order to discharge certain obligations owed to Mr. Rozek's previous employer, Cushman & Wakefield (C&W). Following the commencement of his employment, and in connection with Mr. Rozek's termination of employment with C&W in order to become employed by the Company, the Company paid the entire \$628,000, including a \$362,542 payment to Mr. Rozek to reimburse him for amounts he paid to C&W, and a \$265,458 payment directly to C&W as an additional amount indicated as due by C&W. If Mr. Rozek voluntarily resigns employment (without good reason) or is terminated for cause in the first three years of his employment with the Company, he will be required to repay to the Company all or a portion of the aggregate \$628,000. The amount required to be repaid would equal 100% of this total if resignation or termination occurs in the first year of employment, 66% if it occurs in the second year of employment, and 33% if it occurs in the third year of employment. Pursuant to his employment agreement, Mr. Rozek is also entitled to reimbursement for reasonable relocation expense, including reimbursement of up to \$100,000 relating to his home lease in New York and the Company paid for temporary housing in Los Angeles until June 30, 2012.

Nonqualified Deferred Compensation Plan

The Company maintains a nonqualified deferred compensation plan, known as the Korn/Ferry International Executive Capital Accumulation Plan (ECAP). Pursuant to the ECAP, the named executive officers, along with all other U.S.-based vice presidents, may defer up to 90% of their salary and/or up to 100% of their annual incentive award into the ECAP. Participants in the ECAP make elections on how they would like their deemed account invested from a set line up of 17 pre-determined mutual funds. At its discretion, the Company may make contributions to the ECAP on behalf of a participant. All Company matching and performance contributions to the ECAP are approved by the Committee. During fiscal 2012, no Company contributions were made to the ECAP on behalf of the named executive officers.

Employment Agreements

Each of the Company's named executive officers is covered by an employment or letter agreement that provides for a minimum annual level of salary, target incentives, eligibility for long-term incentives and benefit eligibility. The agreements with Messrs. Burnison and Rozek also provide for a severance benefit in the event of a termination of employment without cause or for good reason, as such terms are defined in the agreements. It is the Committee's belief that such agreements are necessary from a competitive perspective and also contribute to the stability of the management team.

Table of Contents

The change in control benefits for Mr. Burnison include a gross-up payment in connection with Section 280G of the Internal Revenue Code (referred to as the Section 280G gross-up). The Section 280G tax on excess parachute payments is assessed, in part, based on Form W-2 income over the five year period preceding a termination in connection with a change in control. Thus, the amount of tax imposed varies depending on factors such as whether the executive officer elected to defer compensation or to exercise stock options. The Section 280G gross-up payment is intended to make certain that the payments and benefits actually received by Mr. Burnison, net of tax, are consistent with our compensation decisions and do not vary arbitrarily due to the operation of the tax rules. For these reasons, we believe that the provision of the Section 280G gross-up payment for Mr. Burnison is appropriate. The Company will no longer provide for Section 280G gross-up payments in future employment and/or severance arrangements.

In connection with his termination of employment, the Company entered into a Separation and General Release Agreement with Mr. DiGregorio that provided for severance compensation consistent with that required under his employment agreement.

Please refer to the sections entitled Employment Agreements and Potential Payments Upon Termination or Change of Control for further discussion of these agreements.

DECISIONS AND ACTIONS

Base Salary

There were no changes to the base salaries of the Company's named executive officers during fiscal 2012 as the Committee determined based on competitive data and general market knowledge that the base salary levels of the named executive officers were appropriate.

Annual Cash Incentives

The performance goals chosen at the beginning of fiscal 2012 for the year were fee revenues of \$810 million, operating margin of 13.1% and EPS of \$1.40. The Committee considers these goals key indicators of Company performance since they capture both overall Company growth and the ability of the Company to translate the growth into net income. Actual results for the year were fee revenue of \$790.5 million, operating margin of 10.5% and EPS of \$1.15. Results excluding separation and restructuring charges were fee revenue of \$790.5 million, operating margin of 10.8% and EPS of \$1.19.

The strategic objectives for fiscal 2012 consisted of improving the Company's position with regard to driving an integrated, solutions-based go-to-market strategy, delivery of excellence in client services, extension and elevation of the Company's brand, and the advancement of the Company as a premier career destination. Strong performance against these objectives is considered difficult to achieve given the continuing uncertain economic environment. Despite this, the Committee concluded that the Company had performed very well against these strategic objectives in fiscal 2012, including performing at or well above target in five of the six KPIs.

Table of Contents

Consistent with past practice, in determining annual cash incentive amounts for fiscal 2012, the Committee considered a number of factors in addition to the goals described above, including competitive data, individual performance, and the terms of employment contracts. In assessing performance against the Company's performance goals, the Committee noted the Company's performance during fiscal 2012, including the achievements discussed in the section above entitled "Fiscal 2012 Performance" as well as the difficulty of operating in the continued uncertain economic environment.

For Mr. Burnison, the Committee took into account (among other accomplishments):

the Company's enhanced performance and the difficulty of the Company's objectives in the economic environment that existed during fiscal 2012;

the increase in non-executive recruitment revenue;

the increase in number of premier partnership accounts; and

the increase in the average fee amount of executive search engagements.

For Mr. Rozek, the Committee noted (in addition to his bonus guarantee described above):

his quick on boarding into the Company; and

his contributions to the financial department and Company as a whole.

For Ms. Dutra, the Committee took into account:

the performance of Leadership and Talent Consulting (LTC) relative to strategic objectives established for LTC for the fiscal year (see below for additional detail);

the financial performance of LTC; and

Ms. Dutra's individual performance.

For Mr. Mulrooney, the Committee took into account:

the performance of Futurestep, including its profitability and revenue (see below for additional detail);

the Company's strategic objectives as they applied to Futurestep; and

Mr. Mulrooney's individual performance.

Edgar Filing: KORN FERRY INTERNATIONAL - Form DEF 14A

The Committee determined that Futurestep had performed well against these objectives and that Mr. Mulrooney's individual performance as the CEO of Futurestep had been a key contributor to the success of Futurestep. In making this determination, the Committee considered that under Mr. Mulrooney's leadership Futurestep's total revenue increased and he was able to attract and retain key talent. In addition, the Committee took note of Mr. Mulrooney's involvement in advancing the Company's social media and new technology initiatives.

For Messrs. Burnison, Mulrooney, and Ms. Dutra, the Committee awarded annual cash incentive amounts as follows: Mr. Burnison-\$530,000 (which amount represents 76% of his target bonus for the year), Ms. Dutra-\$500,000, and Mr. Mulrooney-\$450,000. Pursuant to his employment agreement, the Company guaranteed Mr. Rozek an annual cash incentive amount of \$275,000 in connection with his first year of employment with the Company, which amount represents 58% of his target bonus over that time period. As of April 30, 2012, \$114,583 of this amount was paid to Mr. Rozek.

Long-Term Incentive Awards

As described below, in fiscal 2012, the named executive officers received a mix of time-based restricted stock and performance shares. Like performance shares, time-based restricted stock aligns the interests of the

Table of Contents

named executive officers with stockholders because the future value of the award is dependent upon the Company's performance, but also adds an element of retention as the award is expected to have value even in a difficult economic environment.

Below we discuss equity grants made during fiscal 2012, the payout of the performance shares granted in 2009 for which the three-year performance period ended in fiscal 2012, and the equity grants made during fiscal 2013.

Fiscal Year 2012 Awards**Performance Shares**

Mr. Burnison was awarded performance shares with a target amount of 30,820 shares, a maximum amount of 61,640 shares, and a minimum amount of zero. These performance shares have a three-year performance period after which the number of shares that vest may range from 0-61,640 depending upon the Company's total stockholder return (the TSR) over the three-year performance period relative to the fiscal 2012 peer group of companies listed above. Such shares are subject to full forfeiture and will only vest if the Company meets certain performance targets at the end of three years from the grant date. If the Company's TSR is less than zero, then the payouts will be modified to reduce the percentage of the target.

Performance shares were also granted to the other named executive officers in the following target amounts: Mr. DiGregorio, 7,840 shares (maximum of 15,680 shares and minimum of zero), Ms. Dutra, 5,870 shares (maximum of 11,740 shares and minimum of zero), and Mr. Mulrooney, 4,400 shares (maximum of 8,800 shares and minimum of zero).

The table below outlines the vesting of the performance shares granted in fiscal 2012 resulting from the Company's TSR over the three-year performance period relative to the TSR of the fiscal 2012 peer group.

Relative Ranking	Payout as % of Target

2	185%
3	170%
4	155%

9	85%
10	70%
11	55%
12	40%
13	25%
14 (Threshold)	10%

* Relative Ranking refers to the Company's TSR over the three-year performance period relative to the TSR of the peer group companies over the same three-year performance period. If any member of the peer group ceases to be a public company due to merger, dissolution, or any other reason, the relative ranking and target table above is appropriately revised.

Time-Based Restricted Stock

Mr. Burnison was awarded 30,820 shares of time-based restricted stock. The award vests in four equal annual installments beginning on July 11, 2012.

Table of Contents

Pursuant to his employment agreement, Mr. Rozek was awarded 63,598 shares of time-based restricted stock. The award vests in four equal annual installments beginning on February 21, 2013, which award was granted, in part, to make Mr. Rozek whole for compensation forfeited upon termination of employment with his prior employer.

Time-based restricted stock grants were awarded to the other named executive officers as follows: Mr. DiGregorio 7,840 shares, Ms. Dutra 11,740 shares, and Mr. Mulrooney 8,810 shares. The restricted stock awarded vests in four equal annual installments beginning on July 11, 2012.

Performance Shares for the Three-Year Performance Cycle Ending April 30, 2012

April 30, 2012 marked the end of the three-year performance cycle for the performance shares granted to Mr. Burnison for fiscal 2009. The Company's relative total stockholder return over the three-year performance period ranked 3rd out of 9, resulting in 110,768 shares (equal to 160% of the target) vesting on July 8, 2012.

Fiscal Year 2013 Awards

After the close of fiscal 2012 and as will be described in more detail in the proxy for fiscal 2013, the Company granted time-based restricted stock and performance shares to the named executive officers, in part to reward performance in fiscal 2012. The shares were similar in design to the awards granted in fiscal 2012 and were granted in the following amounts:

	Time-Based Restricted Stock	Performance Shares (at target)
Mr. Burnison	49,470	49,470*
Mr. Rozek	16,780	16,780*
Ms. Dutra	18,850	9,420*
Mr. Mulrooney	18,850	9,420*

* Maximum performance results in double the target payout and minimum performance results in zero payout.

OTHER POLICIES**Stock Ownership Guidelines**

The Company's amended and restated stock ownership guidelines provide that all named executive officers are required to own three times their annual salary in Company common stock. Stock ownership includes direct stock ownership but does not include unvested stock awards. Pursuant to the stock ownership guidelines, the stock ownership level will be calculated annually on the day of the Company's annual meeting of stockholders based on the prior thirty-day average closing stock price as reported by the NYSE. Each named executive officer has five years from the later of the effective date of the guidelines (June 14, 2011) or the date appointed to such position to meet the ownership requirements. All of our named executive officers are either in compliance with the stock ownership guidelines or are on track to be in compliance within the applicable time period.

Clawback Policy

On July 12, 2011, the Board adopted a clawback policy applicable to all incentive payments and performance-based equity awards granted to executive officers or the principal accounting officer after July 12, 2011. Pursuant to the policy, in the event that the Board determines there has been an accounting restatement due to material noncompliance with any financial reporting requirement under the securities laws, the Board will review all applicable incentive payments and if such payments would have been lower had they been calculated based on such restated results, the Board may, to the extent permitted by governing law, seek to recoup for the benefit of the Company such payments to and/or equity awards held by executive officers or the principal accounting officer who are found personally responsible for the material restatement, as determined by the Board.

Table of Contents

Internal Revenue Code Section 162(m)

As one of the factors in the review of compensation matters, the Committee considers the anticipated tax treatment to the Company. The deductibility of some types of compensation for named executive officers depends upon the timing of a named executive officer's vesting or exercise of previously granted rights or on whether such plans qualify as performance-based plans under the provisions of the tax laws. The Committee usually seeks to satisfy the requirements necessary to allow the compensation of its named executive officers to be deductible under Section 162(m) of the Internal Revenue Code, but may also approve compensation that is not deductible under Section 162(m). For example, for fiscal 2012, no annual bonuses would have been paid to any of the named executive officers (other than Mr. Rozek) if the Company had not achieved at least \$607,500,000 in revenue, \$187,800,000 in pre-bonus earnings or \$1.05 of earnings per share.

2011 Say-on-Pay Advisory Vote on Executive Compensation

The Company provided stockholders a say-on-pay advisory vote on its executive compensation in September 2011 under recently adopted rules. At the Company's 2011 Annual Meeting of Stockholders, stockholders expressed substantial support for the compensation of the Company's named executive officers, with over 96% of the votes cast for approval of the say-on-pay advisory vote. The Committee carefully evaluated the results of the 2011 annual advisory say-on-pay vote. The Committee also considers numerous other factors in evaluating the Company's executive compensation program as discussed in this Compensation Discussion and Analysis. While each of these factors informed the Committee's decisions regarding the named executive officers' compensation, the Compensation Committee did not implement changes to the Company's executive compensation program as a result of the stockholder advisory vote.

As to the frequency of advisory votes on executive compensation, the Board has determined in consideration of the stockholder vote on the frequency proposal at the 2011 Annual Meeting of Stockholders that the Company will seek advisory approval of the Company's executive compensation every year. As such, the Company's executive compensation will be considered at the Annual Meeting.

- (1) Represents the aggregate grant date fair value of awards granted during the fiscal year, calculated in accordance with Accounting Standards Codification, 718, Compensation-Stock Compensation. Certain assumptions used to calculate the valuation of the awards are set forth in Note 4 to the notes to consolidated financial statements in our Annual Report on Form 10-K for the fiscal year ended April 30, 2012. The value on the date of grant of the maximum number of shares that could be earned as performance shares granted to each named executive officer is as follows: Mr. Burnison, \$1,725,920, Ms. Dutra, \$328,720, and Mr. Mulrooney, \$246,400. For performance shares, the grant date fair value is measured using a Monte Carlo simulation valuation model. The simulation model applies a risk-free interest rate and an expected volatility assumption. The risk-free rate is assumed to equal the yield on a three-year Treasury bond on the grant date. Volatility is based on historical volatility for the 36-month period preceding the grant date. For Mr. Burnison, the assumed per-share value for the July 11, 2011 annual grant was \$28.00, for the June 17, 2010 annual grants was \$17.84, and for the July 8, 2009 annual grants was \$10.54. For Mr. DiGregorio and Ms. Dutra, the assumed per-share value for the July 11, 2011 annual grant was \$28.00 and for the July 12, 2010 annual grants was \$15.71. For Mr. Mulrooney, the assumed per-share value for the July 11, 2011 annual grant was \$28.00.
- (2) Reflects cash incentive compensation earned in the applicable fiscal year and paid in the following year.
- (3) The values in the table represent, for each applicable fiscal year, the aggregate change in the actuarial present value of Mr. Burnison's accumulated benefit under the Executive Wealth Accumulation Plan (the "EWAP") from the pension plan measurement date used for financial statement reporting purposes with respect to the Company's audited financial statements for the prior completed fiscal year to the pension plan measurement date used for financial reporting purposes with respect to the Company's audited financial statements for the covered fiscal year. As discussed under "Fiscal 2012 Pension Benefits," participants in the EWAP elected to participate in a deferral unit that required the participant to contribute a portion of their compensation for an eight year period, or in some cases, make an after tax contribution, in return for defined benefit payments from the Company over a fifteen year period generally at

Potential Payments Upon Termination or Change of Control

The tables below reflect the amount of compensation that would become payable to each of the named executive officers under existing plans and arrangements if that named executive officer's employment had terminated on April 30, 2012 (pursuant to his/her employment agreement then in effect), given the named executive officer's compensation and service levels as of such date and, if applicable, based on the Company's closing stock price on that date. (With respect to Mr. DiGregorio, however, the table below reflects the amounts actually received by Mr. DiGregorio pursuant to the terms of his Separation Agreement.) These benefits are in addition to benefits available prior to the occurrence of any termination of employment, including benefits under then-exercisable stock options, benefits generally available to salaried employees, such as distributions under the Company's 401(k) plan and pension plan, and previously accrued and vested benefits under the Company's nonqualified deferred compensation plans, as described in the tables above. In addition, in connection with any actual termination of employment, the Company may determine to enter into an agreement or to establish an arrangement providing additional benefits or amounts, or altering the terms of benefits described below, as the Committee determines appropriate. The actual amounts that would be paid upon a named executive officer's termination of employment can be determined only at the time of such named executive officer's separation from the Company. Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed below, any actual amounts paid or distributed may be higher or lower than reported below. Factors that could affect these amounts include the timing during the year of any such event, the Company's stock price and the named executive officer's age. Ms. Dutra and Mr. Mulrooney are not eligible for severance or change in control benefits.

- Represents the aggregate grant date fair value of awards granted during the fiscal year, calculated in accordance with Accounting Standards Codification, 718, Compensation-Stock Compensation. The assumptions used to calculate the valuation of the awards are set forth in Note 4 to the notes to consolidated financial statements in our Annual Report on Form 10-K for the year ended April 30, 2012. As of April 30, 2012, the aggregate restricted stock units granted to each director was as follows: 14,600 for Mr. Miller and 9,800 for all other non-employee directors. Mr. Miller's grant was 8,007 restricted stock units representing his annual equity grant, 4,804 restricted stock units representing his annual retainer, and 1,789 restricted stock units representing his prorated retroactive annual rate increase. All other non-employee directors' grant was 8,007 restricted stock units representing their annual equity grant and 1,793 restricted stock units representing their prorated retroactive annual rate increase.
- Mr. Miller elected to receive his annual retainer of \$60,000 in restricted stock units. He received a total of 14,600 restricted stock units in fiscal 2012. Mr. Miller received an annual fee of \$7,500 for his services as Nominating Committee Chair during fiscal 2012 and a retroactive prorated annual rate increase of \$1,397.
- Ms. Perry received an annual fee of \$15,000 for her services as Audit Committee Chair during fiscal 2012 and a retroactive prorated annual rate increase of \$2,795.

- Mr. Shaheen and Mr. You each received an annual fee of \$5,000 for their services as Audit Committee Members during fiscal 2012 and a retroactive prorated annual rate increase of \$2,795.
- Mr. Whipple received an annual fee of \$120,000 for his services as Chairman of the Board for fiscal 2012 and \$60,000 for Board services in fiscal 2012.

Directors who are also employees or officers do not receive any additional compensation for their service on the Board. In March 2011, the Compensation and Personnel Committee approved for fiscal 2012 certain increases to the Company's Board compensation programs. Commencing with fiscal 2012, the non-employee director compensation program provides for an annual equity award of restricted stock units with a value of approximately \$100,000 to be awarded on the date of each annual meeting of stockholders. The number of units subject to such award is determined by dividing \$100,000 by the closing price of the Company's common stock on the date of such annual meeting of stockholders (rounded to the nearest ten units). The restricted stock unit awards vest on the day before the following annual meeting of stockholders. Additionally, non-employee directors receive each year \$60,000 either in cash or in restricted stock units, at their election, on the date of each annual meeting of stockholders. In addition, each member of the Audit Committee receives \$5,000 in cash annually, the Audit Committee chair receives \$15,000 in cash annually, the Compensation and Personnel Committee chair receives \$10,000 in cash annually, and the Nominating and Corporate Governance Committee chair receives \$7,500 in cash annually. The Chair of the Board receives \$120,000 in cash annually. All directors are reimbursed for their out-of-pocket expenses incurred in connection with their duties as directors.

Table of Contents

In June 2011, the Board and the Nominating and Corporate Governance Committee adopted amended stock ownership guidelines which require each non-employee director to own three times their annual cash retainer in Company stock. As of April 30, 2012, all of the non-employee directors complied with the guidelines or on track to comply with the guidelines within the requirement time period.

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the work of the independent registered public accounting firm. As part of this responsibility, the Audit Committee is required to pre-approve the audit and non-audit services performed by the independent registered public accounting firm in order to help assure that they do not impair the registered public accounting firm's independence from the Company. The Audit Committee may either approve the engagement of the independent registered public accounting firm to provide services or pre-approve services to be provided on a case by case basis. The Audit Committee believes the combination of these two approaches results in an effective and efficient procedure to pre-approve services performed by the independent registered public accounting firm. The Audit Committee will also consider whether the independent registered public accounting firm is best positioned to provide the most effective and efficient service, for reasons such as its familiarity with the Company's business, people, culture, accounting systems, risk profile and other factors, and whether the service might enhance the Company's ability to manage or control risk or improve audit quality. All such factors will be considered as a whole, and no one factor is determinative. The Audit Committee requires the rotation of its independent registered public accounting firm's audit partners as required by the Sarbanes-Oxley Act and the related rules of the SEC.

All requests or applications for Ernst & Young LLP services are submitted to the Vice President of Internal Audit and include a detailed description of services to be rendered. The detailed descriptions are then reviewed against a list of approved services and sent to the Audit Committee for final approval. All requests or applications for Ernst & Young LLP services receive approval from the Vice President of Internal Audit, prior to the Audit Committee's review and approval.

The Audit Committee is governed by a written charter, as amended and restated, which has been adopted by the Board. For purposes of this Plan, the Chairman of the Board's status as an employee shall be determined by the Administrator.

4. Effective Date and Termination of Plan

This Plan was originally adopted by the Board as of August 22, 2008, and became effective when it was approved by the Company's stockholders on September 23, 2008. The Plan was amended and restated effective upon the approval of the Company's stockholders on September 10, 2009 (the First Restatement Effective Date). This second amendment and restatement of the Plan was adopted by the Board of Directors of the Company on August 22, 2012 and it will become effective (the Second Restatement Effective Date), when it is approved by the Company's stockholders. The Plan shall remain available for the grant of Awards until the tenth (10th) anniversary of the Second Restatement Effective Date. Notwithstanding the foregoing, the Plan may be terminated at such earlier time as the Board may determine. Termination of the Plan will not affect the rights and obligations of the Participants and the Company arising under Awards theretofore granted and then in effect. The Plan as amended and restated hereunder shall apply to Awards granted on or after the Second Restatement Effective Date. Except as specifically provided for herein, the provisions of the Plan in existence prior to this second amendment and restatement shall continue to govern Awards granted prior to the Second Restatement Effective Date.

5. Shares Subject to the Plan and to Awards

(a) *Aggregate Limits.* The aggregate number of Shares issuable pursuant to all Awards granted under this Plan on and after the Second Restatement Effective Date shall not exceed 5,700,000, plus any Shares (i) subject to outstanding awards under the Plan as of the Second Restatement Effective Date or (ii) subject to outstanding awards under the Prior Plan as of August 8, 2008 that, in each case, on or after the Second Restatement Effective Date cease for any reason to be subject to such awards (other than by reason of exercise or settlement of the awards to the extent they are exercised for or settled in vested and nonforfeitable shares); provided that (i) any Shares granted under Options or Stock Appreciation Rights shall be counted against this limit on a one-for-one basis; and (ii) any Shares granted as or under Awards other than Options or Stock Appreciation Rights shall be counted against this limit as 1.91 Shares for every one (1) Share subject to such Award. The aggregate number of Shares available for grant under this Plan and the number of Shares subject to outstanding Awards shall be subject to adjustment as provided in Section 12. The Shares issued pursuant to Awards granted under this Plan may be shares that are authorized and unissued or shares that were reacquired by the Company, including shares purchased in the open market.

(b) *Issuance of Shares.* For purposes of Section 5(a), the aggregate number of Shares issued under this Plan at any time shall equal only the number of Shares actually issued upon exercise or settlement of an Award. Notwithstanding the foregoing, Shares subject to an Award under the Plan may not again be made available for issuance under the Plan if such Shares are: (i) Shares that were subject to a stock-settled Stock Appreciation Right and were not issued upon the net settlement or net exercise of such Stock Appreciation Right, (ii) Shares used to pay the exercise price of an Option, (iii) Shares delivered to or withheld by the Company to pay the withholding taxes related an Option or Stock Appreciation Right, or (iv) Shares repurchased on the open market with the proceeds of an Option exercise. Shares subject to Awards that have been canceled, expired, forfeited or otherwise not issued under an Award and Shares subject to Awards settled in cash shall not count as Shares issued under this Plan.

(c) *Tax Code Limits.* The aggregate number of Shares subject to Awards granted under this Plan during any calendar year to any one Participant shall not exceed 500,000, which number shall be calculated and adjusted pursuant to Section 12 only to the extent that such calculation or adjustment will not affect the status of any

Table of Contents

Award intended to qualify as performance-based compensation under Section 162(m) of the Code but which number shall not count any tandem SARs (as defined in Section 7). The aggregate number of Shares that may be issued pursuant to the exercise of Incentive Stock Options granted under this Plan after the Second Restatement Effective Date shall not exceed 5,700,000, which number shall be calculated and adjusted pursuant to Section 12 only to the extent that such calculation or adjustment will not affect the status of any option intended to qualify as an Incentive Stock Option under Section 422 of the Code. The maximum cash amount payable pursuant to that portion of an Incentive Bonus granted in any calendar year to any Participant under this Plan that is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code shall not exceed \$5,000,000.

(d) *Director Awards.* The aggregate number of Shares subject to Options and Stock Appreciation Rights granted under this Plan during any calendar year to any one Nonemployee Director shall not exceed 50,000, and the aggregate number of Shares issued or issuable under all Awards granted under this Plan other than Options or Stock Appreciation Rights during any calendar year to any one Nonemployee Director shall not exceed 25,000; provided, however, that in the calendar year in which a Nonemployee Director first joins the Board of Directors or is first designated as Chairman of the Board of Directors or Lead Director, the maximum number of shares subject to Awards granted to the Participant may be up to two hundred percent (200%) of the number of shares set forth in the foregoing limits and the foregoing limits shall not count any tandem SARs (as defined in Section 7).

(e) *Assumed Awards of Acquired Corporations.* In the event that the Company acquires another corporation and assumes outstanding equity awards of such acquired corporation, the number of Shares authorized for issuance under this Plan shall be increased to the extent necessary to satisfy such assumed equity awards (as adjusted, to the extent appropriate, using the exchange ratio or other adjustment or valuation ratio or formula used in such acquisition or combination to determine the consideration payable to the holders of common stock of the entities party to such acquisition or combination) and such Shares shall not reduce the Shares otherwise authorized for issuance under the Plan.

(f) *Awards of Acquired Corporations.* In the event that a corporation acquired by the Company, or with which the Company combines, has shares available under a pre-existing plan approved by stockholders and not adopted in contemplation of such acquisition or combination, the shares available for grant pursuant to the terms of such pre-existing plan (as adjusted, to the extent appropriate, using the exchange ratio or other adjustment or valuation ratio or formula used in such acquisition or combination to determine the consideration payable to the holders of common stock of the entities party to such acquisition or combination) may be used for Awards under the Plan and shall not reduce the Shares authorized for issuance under the Plan; provided that Awards using such available shares shall not be made after the date awards or grants could have been made under the terms of the pre-existing plan, absent the acquisition or combination, and shall only be made to individuals who were not employees, directors or consultants of the Company immediately before such acquisition or combination.

6. Options

(a) *Option Awards.* Options may be granted at any time and from time to time prior to the termination of the Plan to Participants as determined by the Administrator. No Participant shall have any rights as a stockholder with respect to any Shares subject to Option hereunder until said Shares have been issued. Each Option shall be evidenced by an Award Agreement. Options granted pursuant to the Plan need not be identical but each Option must contain and be subject to the terms and conditions set forth below.

(b) *Price.* The Administrator will establish the exercise price per Share under each Option, which, in no event will be less than the Fair Market Value of the Shares on the date of grant; provided, however, that the exercise price per Share with respect to an Option that is granted in connection with a merger or other acquisition as a substitute or replacement award for options held by optionees of the acquired entity may be less than 100% of the Fair Market Value of the Shares on the date such Option is granted if such exercise price is based on a

Table of Contents

formula set forth in the terms of the options held by such optionees or in the terms of the agreement providing for such merger or other acquisition. The exercise price of any Option may be paid in Shares, cash or a combination thereof, as determined by the Administrator, including an irrevocable commitment by a broker to pay over such amount from a sale of the Shares issuable under an Option, the delivery of previously owned Shares and withholding of Shares deliverable upon exercise.

(c) *No Repricing without Stockholder Approval.* Other than in connection with a change in the Company's capitalization (as described in Section 12) at any time when the exercise price of an Option is above the Fair Market Value of a Share, the Company shall not, without stockholder approval, reduce the exercise price of such Option and shall not exchange such Option for a new Award with a lower (or no) exercise price or for cash.

(d) *Provisions Applicable to Options.* The date on which Options become exercisable shall be determined at the sole discretion of the Administrator and set forth in an Award Agreement. Unless provided otherwise in the applicable Award Agreement, to the extent that the Administrator determines that an approved leave of absence is not a Termination of Employment, the vesting period and/or exercisability of an Option shall be adjusted by the Administrator during or to reflect the effects of any period during which the Participant is on an approved leave of absence or is employed on a less than full-time basis.

(e) *Term of Options and Termination of Employment:* The Administrator shall establish the term of each Option, which in no case shall exceed a period of seven (7) years from the date of grant. Unless an Option earlier expires upon the expiration date established pursuant to the foregoing sentence, upon the termination of the Participant's employment, his or her rights to exercise an Option then held shall be only as follows, unless the Administrator specifies otherwise:

(1) *Death.* Upon the death of a Participant while in the employ of the Company or any Subsidiary or while serving as a member of the Board, all of the Participant's Options then held shall be exercisable by his or her estate, heir or beneficiary at any time during the one (1) year period commencing on the date of death. Any and all of the deceased Participant's Options that are not exercised during the one (1) year period commencing on the date of death shall terminate as of the end of such one (1) year period.

If a Participant should die within thirty (30) days of his or her Termination of Employment with the Company and its Subsidiaries, an Option shall be exercisable by his or her estate, heir or beneficiary at any time during the one (1) year period commencing on the date of termination, but only to the extent of the number of Shares as to which such Option was exercisable as of the date of such termination. Any and all of the deceased Participant's Options that are not exercised during the one (1) year period commencing on the date of termination shall terminate as of the end of such one (1) year period. A Participant's estate shall mean his or her legal representative or other person who so acquires the right to exercise the Option by bequest or inheritance or by reason of the death of the Participant.

(2) *Disability.* Upon Termination of Employment as a result of a Participant's Disability, all of the Participant's Options then held shall be exercisable during the one (1) year period commencing on the date of termination. Any and all Options that are not exercised during the one (1) year period commencing on the date of termination shall terminate as of the end of such one (1) year period.

(3) *Other Reasons.* Upon the date of a termination of a Participant's employment for any reason other than those stated above in Sections 6(e)(1) and (e)(2) or as described in Section 15, (A) to the extent that any Option is not exercisable as of such termination date, such portion of the Option shall remain unexercisable and shall terminate as of such date, and (B) to the extent that any Option is exercisable as of such termination date, such portion of the Option shall expire on the earlier of (i) ninety (90) days following such date and (ii) the expiration date of such Option.

(f) *Incentive Stock Options.* Notwithstanding anything to the contrary in this Section 6, in the case of the grant of an Option intending to qualify as an Incentive Stock Option: (i) if the Participant owns stock possessing more than 10 percent of the combined voting power of all classes of stock of the Company (a 10% Shareholder), the

Table of Contents

exercise price of such Option must be at least 110 percent of the Fair Market Value of the Shares on the date of grant and the Option must expire within a period of not more than five (5) years from the date of grant, and (ii) Termination of Employment will occur when the person to whom an Award was granted ceases to be an employee (as determined in accordance with Section 3401(c) of the Code and the regulations promulgated thereunder) of the Company and its Subsidiaries. Notwithstanding anything in this Section 6 to the contrary, options designated as Incentive Stock Options shall not be eligible for treatment under the Code as Incentive Stock Options (and will be deemed to be Nonqualified Stock Options) to the extent that either (a) the aggregate Fair Market Value of Shares (determined as of the time of grant) with respect to which such Options are exercisable for the first time by the Participant during any calendar year (under all plans of the Company and any Subsidiary) exceeds \$100,000, taking Options into account in the order in which they were granted, or (b) such Options otherwise remain exercisable but are not exercised within three (3) months of Termination of Employment (or such other period of time provided in Section 422 of the Code).

7. Stock Appreciation Rights

Stock Appreciation Rights may be granted to Participants from time to time either in tandem with or as a component of other Awards granted under the Plan (tandem SARs) or not in conjunction with other Awards (freestanding SARs) and may, but need not, relate to a specific Option granted under Section 6. The provisions of Stock Appreciation Rights need not be the same with respect to each grant or each recipient. Any Stock Appreciation Right granted in tandem with an Award may be granted at the same time such Award is granted or at any time thereafter before exercise or expiration of such Award. All freestanding SARs shall be granted subject to the same terms and conditions applicable to Options as set forth in Section 6 and all tandem SARs shall have the same exercise price, vesting, exercisability, forfeiture and termination provisions as the Award to which they relate. Subject to the provisions of Section 6 and the immediately preceding sentence, the Administrator may impose such other conditions or restrictions on any Stock Appreciation Right as it shall deem appropriate. Stock Appreciation Rights may be settled in Shares, cash or a combination thereof, as determined by the Administrator and set forth in the applicable Award Agreement. Other than in connection with a change in the Company's capitalization (as described in Section 12) at any time when the exercise price of a Stock Appreciation Right is above the Fair Market Value of a Share, the Company shall not, without stockholder approval, reduce the exercise price of such Stock Appreciation Right and shall not exchange such Stock Appreciation Right for a new Award with a lower (or no) exercise price or for cash.

8. Restricted Stock and Restricted Stock Units

(a) *Restricted Stock and Restricted Stock Unit Awards.* Restricted Stock and Restricted Stock Units may be granted at any time and from time to time prior to the termination of the Plan to Participants as determined by the Administrator. Restricted Stock is an award or issuance of Shares the grant, issuance, retention, vesting and/or transferability of which is subject during specified periods of time to such conditions (including continued employment or performance conditions) and terms as the Administrator deems appropriate. Restricted Stock Units are Awards denominated in units of Shares under which the issuance of Shares is subject to such conditions (including continued employment or performance conditions) and terms as the Administrator deems appropriate. Each grant of Restricted Stock and Restricted Stock Units shall be evidenced by an Award Agreement. Unless determined otherwise by the Administrator, each Restricted Stock Unit will be equal to one Share and will entitle a Participant to either the issuance of Shares or payment of an amount of cash determined with reference to the value of Shares. To the extent determined by the Administrator, Restricted Stock and Restricted Stock Units may be satisfied or settled in Shares, cash or a combination thereof. Restricted Stock and Restricted Stock Units granted pursuant to the Plan need not be identical but each grant of Restricted Stock and Restricted Stock Units must contain and be subject to the terms and conditions set forth below.

(b) *Contents of Agreement.* Each Award Agreement shall contain provisions regarding (i) the number of Shares or Restricted Stock Units subject to such Award or a formula for determining such number, (ii) the

Table of Contents

purchase price of the Shares, if any, and the means of payment, (iii) the performance criteria, if any, and level of achievement versus these criteria that shall determine the number of Shares or Restricted Stock Units granted, issued, retainable and/or vested, (iv) such terms and conditions on the grant, issuance, vesting and/or forfeiture of the Shares or Restricted Stock Units as may be determined from time to time by the Administrator, (v) the term of the performance period, if any, as to which performance will be measured for determining the number of such Shares or Restricted Stock Units, and (vi) restrictions on the transferability of the Shares or Restricted Stock Units. Shares issued under a Restricted Stock Award may be issued in the name of the Participant and held by the Participant or held by the Company, in each case as the Administrator may provide.

(c) *Vesting and Performance Criteria.* The grant, issuance, retention, vesting and/or settlement of shares of Restricted Stock and Restricted Stock Units will occur when and in such installments as the Administrator determines or under criteria the Administrator establishes, which may include Qualifying Performance Criteria. Up to 250,000 Shares shall be available for issuance to employee Participants after the Second Restatement Effective Date as Awards having no minimum vesting period. The grant, issuance, retention, vesting and/or settlement of Shares under any Award that is based on performance criteria and level of achievement versus such criteria will be subject to a performance period of not less than twelve months, and the grant, issuance, retention, vesting and/or settlement of Shares under any Restricted Stock or Restricted Stock Unit Award that is based solely upon continued employment and/or the passage of time may not vest or be settled in full prior to the thirty-sixth month following its date of grant, but may be subject to pro-rata vesting over such period, except that the Administrator may provide for the satisfaction and/or lapse of all conditions under any such Award in the event of the Participant's retirement, death or disability or in connection with a Change in Control, and the Administrator may provide that any such restriction or limitation will not apply in the case of a Restricted Stock or Restricted Stock Unit Award that is issued in payment or settlement of compensation that has been earned by the Participant. In addition, the limitations set forth in the preceding sentence shall not apply to any Awards granted to Nonemployee Directors. Notwithstanding anything in this Plan to the contrary, the performance criteria for any Restricted Stock or Restricted Stock Unit that is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code will be a measure based on one or more Qualifying Performance Criteria selected by the Administrator and specified when the Award is granted.

(d) *Discretionary Adjustments and Limits.* Subject to the limits imposed under Section 162(m) of the Code for Awards that are intended to qualify as performance-based compensation, notwithstanding the satisfaction of any performance goals, the number of Shares granted, issued, retainable and/or vested under an Award of Restricted Stock or Restricted Stock Units on account of either financial performance or personal performance evaluations may, to the extent specified in the Award Agreement, be reduced, but not increased, by the Administrator on the basis of such further considerations as the Administrator shall determine.

(e) *Voting Rights.* Unless otherwise determined by the Administrator, Participants holding shares of Restricted Stock granted hereunder may exercise full voting rights with respect to those shares during the period of restriction. Participants shall have no voting rights with respect to Shares underlying Restricted Stock Units unless and until such Shares are reflected as issued and outstanding shares on the Company's stock ledger.

(f) *Dividends and Distributions.* Participants in whose name Restricted Stock is granted shall be entitled to receive all dividends and other distributions paid with respect to those Shares, unless determined otherwise by the Administrator. The Administrator will determine whether any such dividends or distributions will be automatically reinvested in additional shares of Restricted Stock and subject to the same restrictions on transferability as the Restricted Stock with respect to which they were distributed or whether such dividends or distributions will be paid in cash. Shares underlying Restricted Stock Units shall be entitled to dividends or dividend equivalents only to the extent provided by the Administrator. Notwithstanding anything herein to the contrary, in no event will dividends or dividend equivalents be paid with respect to unvested Awards of Restricted Stock or Restricted Stock Units that are subject to performance-based vesting criteria.

9. Incentive Bonuses

(a) *General.* Each Incentive Bonus Award will confer upon the Participant the opportunity to earn a future payment tied to the level of achievement with respect to one or more performance criteria established for a performance period of not less than one year.

(b) *Incentive Bonus Document.* The terms of any Incentive Bonus will be set forth in an Award Agreement. Each Award Agreement evidencing an Incentive Bonus shall contain provisions regarding (i) the target and maximum amount payable to the Participant as an Incentive Bonus, (ii) the performance criteria and level of achievement versus these criteria that shall determine the amount of such payment, (iii) the term of the performance period as to which performance shall be measured for determining the amount of any payment, (iv) the timing of any payment earned by virtue of performance, (v) restrictions on the alienation or transfer of the Incentive Bonus prior to actual payment, (vi) forfeiture provisions and (vii) such further terms and conditions, in each case not inconsistent with this Plan as may be determined from time to time by the Administrator.

(c) *Performance Criteria.* The Administrator shall establish the performance criteria and level of achievement versus these criteria that shall determine the target and maximum amount payable under an Incentive Bonus, which criteria may be based on financial performance and/or personal performance evaluations. The Administrator may specify the percentage of the target Incentive Bonus that is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code. Notwithstanding anything to the contrary herein, the performance criteria for any portion of an Incentive Bonus that is intended by the Administrator to satisfy the requirements for performance-based compensation under Section 162(m) of the Code shall be a measure based on one or more Qualifying Performance Criteria (as defined in Section 13(b)) selected by the Administrator and specified at the time the Incentive Bonus is granted. The Administrator shall certify the extent to which any Qualifying Performance Criteria has been satisfied, and the amount payable as a result thereof, prior to payment of any Incentive Bonus that is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code.

(d) *Timing and Form of Payment.* The Administrator shall determine the timing of payment of any Incentive Bonus. Payment of the amount due under an Incentive Bonus may be made in cash or in Shares, as determined by the Administrator. The Administrator may provide for or, subject to such terms and conditions as the Administrator may specify, may permit a Participant to elect for the payment of any Incentive Bonus to be deferred to a specified date or event.

(e) *Discretionary Adjustments.* Notwithstanding satisfaction of any performance goals, the amount paid under an Incentive Bonus on account of either financial performance or personal performance evaluations may, to the extent specified in the Award Agreement, be reduced, but not increased, by the Administrator on the basis of such further considerations as the Administrator shall determine.

10. Deferral of Gains

The Administrator may, in an Award Agreement or otherwise, provide for the deferred delivery of Shares upon settlement, vesting or other events with respect to Restricted Stock or Restricted Stock Units, or in payment or satisfaction of an Incentive Bonus. Notwithstanding anything herein to the contrary, in no event will any deferral of the delivery of Shares or any other payment with respect to any Award be allowed if the Administrator determines, in its sole discretion, that the deferral would result in the imposition of the additional tax under Section 409A(a)(1)(B) of the Code. No award shall provide for deferral of compensation that does not comply with Section 409A of the Code, unless the Board, at the time of grant, specifically provides that the Award is not intended to comply with Section 409A of the Code. The Company shall have no liability to a Participant, or any other party, if an Award that is intended to be exempt from, or compliant with, Section 409A of the Code is not so exempt or compliant or for any action taken by the Board.

Table of Contents**11. Conditions and Restrictions Upon Securities Subject to Awards**

The Administrator may provide that the Shares issued upon exercise of an Option or Stock Appreciation Right or otherwise subject to or issued under an Award shall be subject to such further agreements, restrictions, conditions or limitations as the Administrator in its discretion may specify prior to the exercise of such Option or Stock Appreciation Right or the grant, vesting or settlement of such Award, including without limitation, conditions on vesting or transferability, forfeiture or repurchase provisions and method of payment for the Shares issued upon exercise, vesting or settlement of such Award (including the actual or constructive surrender of Shares already owned by the Participant) or payment of taxes arising in connection with an Award. Without limiting the foregoing, such restrictions may address the timing and manner of any resales by the Participant or other subsequent transfers by the Participant of any Shares issued under an Award, including without limitation (i) restrictions under an insider trading policy or pursuant to applicable law, (ii) restrictions designed to delay and/or coordinate the timing and manner of sales by Participant and holders of other Company equity compensation arrangements, (iii) restrictions as to the use of a specified brokerage firm for such resales or other transfers, and (iv) provisions requiring Shares to be sold on the open market or to the Company in order to satisfy tax withholding or other obligations.

12. Adjustment of and Changes in the Stock

In the event that any dividend or other distribution (whether in the form of cash, Shares, other securities or other property), stock split or a combination or consolidation of the outstanding Shares into a lesser number of shares, is declared with respect to the Shares, the authorization limits under Sections 5(a) and 5(c) shall be increased or decreased proportionately, and the Shares then subject to each Award shall be increased or decreased proportionately without any change in the aggregate purchase price therefor. In the event the Shares shall be changed into or exchanged for a different number or class of shares of stock or securities of the Company or of another corporation, whether through recapitalization, reorganization, reclassification, merger, consolidation, split-up, spin-off, combination, repurchase or exchange of Shares or other securities of the Company, issuance of warrants or other rights to purchase Shares or other securities of the Company, or any other similar corporate transaction or event affects the Shares such that an equitable adjustment would be required in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan, then the authorization limits under Sections 5(a) and 5(c) shall be adjusted proportionately, and an equitable adjustment shall be made to each Share subject to an Award such that no dilution or enlargement of the benefits or potential benefits occurs. Each such Share then subject to each Award shall be adjusted to the number and class of shares into which each outstanding Share shall be so exchanged such that no dilution or enlargement of the benefits occurs, all without change in the aggregate purchase price for the Shares then subject to each Award. Action by the Administrator pursuant to this Section 12 may include adjustment to any or all of: (i) the number and type of Shares (or other securities or other property) that thereafter may be made the subject of Awards or be delivered under the Plan; (ii) the number and type of Shares (or other securities or other property) subject to outstanding Awards; (iii) the purchase price or exercise price of a Share under any outstanding Award or the measure to be used to determine the amount of the benefit payable on an Award; and (iv) any other adjustments the Administrator determines to be equitable.

No right to purchase fractional shares shall result from any adjustment in Awards pursuant to this Section 12. In case of any such adjustment, the Shares subject to the Award shall be rounded down to the nearest whole share. The Company shall notify Participants holding Awards subject to any adjustments pursuant to this Section 12 of such adjustment, but (whether or not notice is given) such adjustment shall be effective and binding for all purposes of the Plan.

13. Qualifying Performance-Based Compensation

(a) *General.* The Administrator may establish performance criteria and level of achievement versus such criteria that shall determine the number of Shares to be granted, retained, vested, issued or issuable under or in settlement of or the amount payable pursuant to an Award, which criteria may be based on Qualifying

Table of Contents

Performance Criteria or other standards of financial performance and/or personal performance evaluations. In addition, the Administrator may specify that an Award or a portion of an Award is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code, provided that the performance criteria for such Award or portion of an Award that is intended by the Administrator to satisfy the requirements for performance-based compensation under Section 162(m) of the Code shall be a measure based on one or more Qualifying Performance Criteria selected by the Administrator and specified at the time the Award is granted. The Administrator shall certify the extent to which any Qualifying Performance Criteria has been satisfied, and the amount payable as a result thereof, prior to payment, settlement or vesting of any Award that is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code. Notwithstanding satisfaction of any performance goals, the number of Shares issued under or the amount paid under an award may, to the extent specified in the Award Agreement, be reduced, but not increased, by the Administrator on the basis of such further considerations as the Administrator in its sole discretion shall determine.

(b) *Qualifying Performance Criteria.* For purposes of this Plan, the term *Qualifying Performance Criteria* shall mean any one or more of the following performance criteria, or derivations of such performance criteria, either individually, alternatively or in any combination, applied to either the Company as a whole or to a business unit or Subsidiary, either individually, alternatively or in any combination, and measured either annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to previous years' results or to a designated comparison group, in each case as specified by the Administrator: (i) cash flow (before or after dividends), (ii) earnings per share (including earnings before interest, taxes, depreciation and amortization), (iii) stock price, (iv) return on equity, (v) total stockholder return, (vi) return on capital (including return on total capital or return on invested capital), (vii) return on assets or net assets, (viii) market capitalization, (ix) economic value added, (x) debt leverage (debt to capital), (xi) revenue, (xii) income or net income, (xiii) operating income, (xiv) operating profit or net operating profit, (xv) operating margin or profit margin, (xvi) return on operating revenue, (xvii) cash from operations, (xviii) operating ratio, (xix) operating revenue, (xx) market share, (xxi) product development or release schedules, (xxii) new product innovation, (xxiii) product cost reduction through advanced technology, (xxiv) brand recognition/acceptance, (xxv) product ship targets, (xxvi) cost reductions, customer service, (xxvii) customer satisfaction, or (xxviii) the sales of assets or subsidiaries. To the extent consistent with Section 162(m) of the Code, the Administrator (A) may appropriately adjust any evaluation of performance under a Qualifying Performance Criteria to eliminate the effects of charges for restructurings, discontinued operations, extraordinary items and all items of gain, loss or expense determined to be extraordinary or unusual in nature or related to the disposal of a segment of a business or related to a change in accounting principle all as determined in accordance with standards established by opinion No. 30 of the Accounting Principles Board (APA Opinion No. 30) or other applicable or successor accounting provisions, as well as the cumulative effect of accounting changes, in each case as determined in accordance with generally accepted accounting principles or identified in the Company's financial statements or notes to the financial statements, and (B) may appropriately adjust any evaluation of performance under a Qualifying Performance Criteria to exclude any of the following events that occurs during a performance period: (i) asset write-downs, (ii) litigation, claims, judgments or settlements, (iii) the effect of changes in tax law or other such laws or provisions affecting reported results, (iv) accruals for reorganization and restructuring programs, and (v) accruals of any amounts for payment under this Plan or any other compensation arrangement maintained by the Company.

14. Transferability

Each Award may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated by a Participant other than by will or the laws of descent and distribution, and each Option or Stock Appreciation Right shall be exercisable only by the Participant during his or her lifetime. Notwithstanding the foregoing, to the extent permitted by the Administrator, the person to whom an Award is initially granted (the Grantee) may transfer an Award to any family member of the Grantee (as such term is defined in Section 1(a)(5) of the General Instructions to Form S-8 under the Securities Act of 1933, as amended (Form S-8)), to trusts solely for

Table of Contents

the benefit of such family members and to partnerships in which such family members and/or trusts are the only partners; provided that, (i) as a condition thereof, the transferor and the transferee must execute a written agreement containing such terms as specified by the Administrator, and (ii) the transfer is pursuant to a gift or a domestic relations order to the extent permitted under the General Instructions to Form S-8. Except to the extent specified otherwise in the agreement the Administrator provides for the Grantee and transferee to execute, all vesting, exercisability and forfeiture provisions that are conditioned on the Grantee's continued employment or service shall continue to be determined with reference to the Grantee's employment or service (and not to the status of the transferee) after any transfer of an Award pursuant to this Section 14, and the responsibility to pay any taxes in connection with an Award shall remain with the Grantee notwithstanding any transfer other than by will or intestate succession.

15. Suspension or Termination of Awards

Except as otherwise provided by the Administrator, if at any time (including after a notice of exercise has been delivered or an award has vested) the Chief Executive Officer or any other person designated by the Administrator (each such person, an Authorized Officer) reasonably believes that a Participant may have committed any act constituting Cause for termination of employment or any Detrimental Activity, the Authorized Officer, Administrator or the Board may suspend the Participant's rights to exercise any Option, to vest in an Award, and/or to receive payment for or receive Shares in settlement of an Award pending a determination of whether such an act has been committed.

If the Administrator or an Authorized Officer determines a Participant has committed any act constituting Cause for termination of employment or any Detrimental Activity, then except as otherwise provided by the Administrator, (i) neither the Participant nor his or her estate nor transferee shall be entitled to exercise any Option or Stock Appreciation Right whatsoever, vest in or have the restrictions on an Award lapse, or otherwise receive payment of an Award, (ii) the Participant will forfeit all outstanding Awards and (iii) the Participant may be required, at the Administrator's sole discretion, to return and/or repay to the Company any then unvested Shares previously issued under the Plan. In making such determination, the Administrator or an Authorized Officer shall give the Participant an opportunity to appear and present evidence on his or her behalf at a hearing before the Administrator or its designee or an opportunity to submit written comments, documents, information and arguments to be considered by the Administrator. Any dispute by a Participant or other person as to the determination of the Administrator shall be resolved pursuant to Section 23 of the Plan.

16. Compliance with Laws and Regulations

This Plan, the grant, issuance, vesting, exercise and settlement of Awards thereunder, and the obligation of the Company to sell, issue or deliver Shares under such Awards, shall be subject to all applicable foreign, federal, state and local laws, rules and regulations, stock exchange rules and regulations, and to such approvals by any governmental or regulatory agency as may be required. The Company shall not be required to register in a Participant's name or deliver any Shares prior to the completion of any registration or qualification of such shares under any foreign, federal, state or local law or any ruling or regulation of any government body which the Administrator shall determine to be necessary or advisable. To the extent the Company is unable to or the Administrator deems it infeasible to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, the Company and its Subsidiaries shall be relieved of any liability with respect to the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained. No Option shall be exercisable and no Shares shall be issued and/or transferable under any other Award unless a registration statement with respect to the Shares underlying such Option is effective and current or the Company has determined that such registration is unnecessary.

In the event an Award is granted to or held by a Participant who is employed or providing services outside the United States, the Administrator may, in its sole discretion, modify the provisions of the Plan or of such

Table of Contents

Award as they pertain to such individual to comply with applicable foreign law or to recognize differences in local law, currency or tax policy. The Administrator may also impose conditions on the grant, issuance, exercise, vesting, settlement or retention of Awards in order to comply with such foreign law and/or to minimize the Company's obligations with respect to tax equalization for Participants employed outside their home country.

17. Withholding

To the extent required by applicable federal, state, local or foreign law, a Participant shall be required to satisfy, in a manner satisfactory to the Company, any withholding tax obligations that arise by reason of an Option exercise, disposition of Shares issued under an Incentive Stock Option, the vesting of or settlement of an Award, an election pursuant to Section 83(b) of the Code or otherwise with respect to an Award. To the extent a Participant makes an election under Section 83(b) of the Code, within ten days of filing such election with the Internal Revenue Service, the Participant must notify the Company in writing of such election. The Company and its Subsidiaries shall not be required to issue Shares, make any payment or to recognize the transfer or disposition of Shares until all such obligations are satisfied. The Administrator may provide for or permit these obligations to be satisfied through the mandatory or elective sale of Shares and/or by having the Company withhold a portion of the Shares that otherwise would be issued to him or her upon exercise of the Option or the vesting or settlement of an Award, or by tendering Shares previously acquired. To the extent a Participant makes an election under Section 83(b) of the Code, within ten days of filing such election with the Internal Revenue Service, the Participant must notify the Company in writing of such election.

18. Administration of the Plan

(a) *Administrator of the Plan.* The Plan shall be administered by the Administrator who shall be the Compensation and Personnel Committee of the Board or, in the absence of a Compensation and Personnel Committee, the Board itself. Any power of the Administrator may also be exercised by the Board, except to the extent that the grant or exercise of such authority would cause any Award or transaction to become subject to (or lose an exemption under) the short-swing profit recovery provisions of Section 16 of the Securities Exchange Act of 1934 or cause an Award designated as a Performance Award not to qualify for treatment as performance-based compensation under Section 162(m) of the Code. To the extent that any permitted action taken by the Board conflicts with action taken by the Administrator, the Board action shall control. The Compensation and Personnel Committee may by resolution authorize one or more officers of the Company to perform any or all things that the Administrator is authorized and empowered to do or perform under the Plan, and for all purposes under this Plan, such officer or officers shall be treated as the Administrator; provided, however, that the resolution so authorizing such officer or officers shall specify the total number of Awards (if any) such officer or officers may award pursuant to such delegated authority, and any such Award shall be subject to the form of Award Agreement theretofore approved by the Compensation and Personnel Committee; and, provided further that such authorization shall not provide for the grant of Awards to officers or directors of the Company. No such officer shall designate himself or herself as a recipient of any Awards granted under authority delegated to such officer. The Compensation and Personnel Committee hereby designates the Secretary of the Company and the head of the Company's human resource function to assist the Administrator in the administration of the Plan and execute agreements evidencing Awards made under this Plan or other documents entered into under this Plan on behalf of the Administrator or the Company. In addition, the Compensation and Personnel Committee may delegate any or all aspects of the day-to-day administration of the Plan to one or more officers or employees of the Company or any Subsidiary, and/or to one or more agents.

(b) *Powers of Administrator.* Subject to the express provisions of this Plan, the Administrator shall be authorized and empowered to do all things that it determines to be necessary or appropriate in connection with the administration of this Plan, including, without limitation: (i) to prescribe, amend and rescind rules and regulations relating to this Plan and to define terms not otherwise defined herein; (ii) to determine which persons are Participants, to which of such Participants, if any, Awards shall be granted hereunder and the timing of any such Awards; (iii) to grant Awards to Participants and determine the terms and conditions thereof, including the

Table of Contents

number of Shares subject to Awards and the exercise or purchase price of such Shares and the circumstances under which Awards become exercisable or vested or are forfeited or expire, which terms may but need not be conditioned upon the passage of time, continued employment, the satisfaction of performance criteria, the occurrence of certain events (including a Change in Control), or other factors; (iv) to establish and verify the extent of satisfaction of any performance goals or other conditions applicable to the grant, issuance, exercisability, vesting and/or ability to retain any Award; (v) to prescribe and amend the terms of the agreements or other documents evidencing Awards made under this Plan (which need not be identical) and the terms of or form of any document or notice required to be delivered to the Company by Participants under this Plan; (vi) to determine the extent to which adjustments are required pursuant to Section 12; (vii) to interpret and construe this Plan, any rules and regulations under this Plan and the terms and conditions of any Award granted hereunder, and to make exceptions to any such provisions in if the Administrator, in good faith, determines that it is necessary to do so in light of extraordinary circumstances and for the benefit of the Company; (viii) to approve corrections in the documentation or administration of any Award; (ix) to require or permit Participant elections and/or consents under this Plan to be made by means of such electronic media as the Administrator may prescribe; and (x) to make all other determinations deemed necessary or advisable for the administration of this Plan. The Administrator may, in its sole and absolute discretion, without amendment to the Plan, waive or amend the operation of Plan provisions respecting exercise after termination of employment or service to the Company or an Affiliate and, except as otherwise provided herein, adjust any of the terms of any Award. The Administrator may also (A) accelerate the date on which any Award granted under the Plan becomes exercisable or (B) accelerate the vesting date or waive or adjust any condition imposed hereunder with respect to the vesting or exercisability of an Award, provided that the Administrator, in good faith, determines that such acceleration, waiver or other adjustment is necessary or desirable in light of extraordinary circumstances. Notwithstanding anything in the Plan to the contrary, other than in connection with a change in the Company's capitalization (as described in Section 12) the exercise price of an Option may not be reduced without stockholder approval (including canceling previously awarded Options in exchange for cash, other Awards or Options or Stock Appreciation Rights with an exercise price that is less than the exercise price of the original Award without the approval of the Company's stockholders).

(c) *Determinations by the Administrator.* All decisions, determinations and interpretations by the Administrator regarding the Plan, any rules and regulations under the Plan and the terms and conditions of or operation of any Award granted hereunder, shall be final and binding on all Participants, beneficiaries, heirs, assigns or other persons holding or claiming rights under the Plan or any Award. The Administrator shall consider such factors as it deems relevant, in its sole and absolute discretion, to making such decisions, determinations and interpretations including, without limitation, the recommendations or advice of any officer or other employee of the Company and such attorneys, consultants and accountants as it may select.

(d) *Subsidiary Awards.* In the case of a grant of an Award to any Participant employed by a Subsidiary, such grant may, if the Administrator so directs, be implemented by the Company issuing any subject Shares to the Subsidiary, for such lawful consideration as the Administrator may determine, upon the condition or understanding that the Subsidiary will transfer the Shares to the Participant in accordance with the terms of the Award specified by the Administrator pursuant to the provisions of the Plan. Notwithstanding any other provision hereof, such Award may be issued by and in the name of the Subsidiary and shall be deemed granted on such date as the Administrator shall determine.

19. Amendment of the Plan or Awards

The Board may amend, alter or discontinue this Plan and the Administrator may amend, or alter any agreement or other document evidencing an Award made under this Plan but, except as provided pursuant to the provisions of Section 12, no such amendment shall, without the approval of the stockholders of the Company:

- (a) increase the maximum number of Shares for which Awards may be granted under this Plan;

- (c) reduce the exercise price of outstanding Options;
- (d) extend the term of this Plan;
- (e) change the class of persons eligible to be Participants;
- (f) otherwise amend the Plan in any manner requiring stockholder approval by law or under the New York Stock Exchange listing requirements; or
- (g) increase the individual maximum limits in Sections 5(c) and (d).

No amendment or alteration to the Plan or an Award or Award Agreement shall be made which would impair the rights of the holder of an Award, without such holder's consent, provided that no such consent shall be required if the Administrator determines in its sole discretion and prior to the date of any Change in Control that such amendment or alteration either is required or advisable in order for the Company, the Plan or the Award to satisfy any law or regulation or to meet the requirements of or avoid adverse financial accounting consequences under any accounting standard.

20. No Liability of Company

The Company and any Subsidiary or affiliate which is in existence or hereafter comes into existence shall not be liable to a Participant or any other person as to: (i) the non-issuance or sale of Shares as to which the Company has been unable to obtain from any regulatory body having jurisdiction the authority deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder; and (ii) any tax consequence expected, but not realized, by any Participant or other person due to the receipt, exercise or settlement of any Award granted hereunder.

21. Non-Exclusivity of Plan

Neither the adoption of this Plan by the Board nor the submission of this Plan to the stockholders of the Company for approval shall be construed as creating any limitations on the power of the Board or the Administrator to adopt such other incentive arrangements as either may deem desirable, including without limitation, the granting of restricted stock or stock options otherwise than under this Plan or an arrangement not intended to qualify under Code Section 162(m), and such arrangements may be either generally applicable or applicable only in specific cases.

22. Governing Law

This Plan and any agreements or other documents hereunder shall be interpreted and construed in accordance with the laws of the Delaware and applicable federal law. Any reference in this Plan or in the agreement or other document evidencing any Awards to a provision of law or to a rule or regulation shall be deemed to include any successor law, rule or regulation of similar effect or applicability.

23. Arbitration of Disputes

In the event a Participant or other holder of an Award or person claiming a right under an Award or the Plan believes that a decision by the Administrator with respect to such person or Award was arbitrary or capricious, the person may request arbitration with respect to such decision. The review by the arbitrator shall be limited to determining whether the Participant or other Award holder has proven that the Administrator's decision was arbitrary or capricious. This arbitration shall be the sole and exclusive review permitted of the Administrator's decision. Participants, Award holders and persons claiming rights under an Award or the Plan explicitly waive any right to judicial review.

Table of Contents

Notice of demand for arbitration shall be made in writing to the Administrator within thirty (30) days after the applicable decision by the Administrator. The arbitrator shall be selected by those members of the Board who are neither members of the Compensation and Personnel Committee of the Board nor employees of the Company or any Subsidiary. If there are no such members of the Board, the arbitrator shall be selected by the Board. The arbitrator shall be an individual who is an attorney licensed to practice law in the jurisdiction in which the Company's headquarters are then located. Such arbitrator shall be neutral within the meaning of the Commercial Rules of Dispute Resolution of the American Arbitration Association; provided, however, that the arbitration shall not be administered by the American Arbitration Association. Any challenge to the neutrality of the arbitrator shall be resolved by the arbitrator whose decision shall be final and conclusive. The arbitration shall be administered and conducted by the arbitrator pursuant to the Commercial Rules of Dispute Resolution of the American Arbitration Association. Each side shall bear its own fees and expenses, including its own attorney's fees, and each side shall bear one half of the arbitrator's fees and expenses. The decision of the arbitrator on the issue(s) presented for arbitration shall be final and conclusive and may be enforced in any court of competent jurisdiction.

24. No Right to Employment, Reelection or Continued Service

Nothing in this Plan or an Award Agreement shall interfere with or limit in any way the right of the Company, its Subsidiaries and/or its affiliates to terminate any Participant's employment, service on the Board or service for the Company at any time or for any reason not prohibited by law, nor shall this Plan or an Award itself confer upon any Participant any right to continue his or her employment or service for any specified period of time. Neither an Award nor any benefits arising under this Plan shall constitute an employment contract with the Company, any Subsidiary and/or its affiliates. Subject to Sections 4 and 19, this Plan and the benefits hereunder may be terminated at any time in the sole and exclusive discretion of the Board without giving rise to any liability on the part of the Company, its Subsidiaries and/or its affiliates.

25. Unfunded Plan

The Plan is intended to be an unfunded plan. Participants are and shall at all times be general creditors of the Company with respect to their Awards. If the Administrator or the Company chooses to set aside funds in a trust or otherwise for the payment of Awards under the Plan, such funds shall at all times be subject to the claims of the creditors of the Company in the event of its bankruptcy or insolvency.
