Item 1.01 Entry into a Material Definitive Agreement

On January 11, 2013, American Railcar Industries, Inc. (ARI) entered into a purchasing and engineering services agreement and license (the Agreement) with ACF Industries, LLC (ACF), a company controlled by Mr. Carl Icahn, the chairman of ARI's board of directors and, through Icahn Enterprises L.P., ARI's principal beneficial stockholder. The Agreement was unanimously approved by the independent directors of ARI's audit committee on the basis that the terms of the Agreement were not materially less favorable to ARI than those that could have been obtained in a comparable transaction with an unrelated person.

Pursuant to the terms and conditions of the Agreement, ARI will provide purchasing support and engineering services to ACF in connection with ACF's manufacture and sale of certain tank railcars at its facility in Milton, Pennsylvania. Additionally, ARI has granted ACF a non-exclusive, non-assignable license to certain of ARI's intellectual property, including certain designs, specifications, processes and manufacturing know-how required to manufacture and sell such tank railcars during the term of the Agreement. Subject to certain early termination events, the Agreement shall terminate on December 31, 2014.

In consideration of the services and license provided by ARI to ACF in conjunction with the Agreement, ACF shall pay ARI a royalty and, if any, a share of the net profits (the Profits) earned on each railcar manufactured and sold by ACF under the Agreement, in an aggregate amount equal to 30 percent of such Profits, as calculated under the Agreement. Under the agreement, Profits are net of certain of ACF's start-up and shutdown expenses and maintenance costs. If no Profits are realized on a railcar manufactured and sold by ACF pursuant to the Agreement, ARI will still be entitled to the royalty for such railcar, and ARI will not share in any losses incurred by ACF in connection therewith.

Under the Agreement, given ARI's strong backlog for tank railcars through early 2014, ACF will have the exclusive right to manufacture and sell subject tank railcars for any new orders scheduled for delivery to customers on or before January 31, 2014. ARI shall have the exclusive right to any sales opportunities for such tank railcars for any new orders scheduled for delivery after that date and through December 31, 2014. ARI also has the right to assign any sales opportunity to ACF, and ACF has the right, but not the obligation, to accept such sales opportunity. Any sales opportunity accepted by ACF will not be reflected in ARI's orders or backlog.
