DEAR FELLOW SHAREHOLDER:

I would like to extend a personal invitation for you to join us at our Annual Meeting of Shareholders on Friday, May 10, 2013, at 9:00 a.m., Central Daylight Time, at the Company headquarters, 1200 Urban Center Drive, Birmingham, Alabama 35242.

At the meeting, you will be asked to elect the three Vulcan directors named in the accompanying proxy statement and to vote on several other proposals more fully described in the accompanying notice and proxy statement. We hope that you will attend the meeting. However, whether or not you plan to attend the meeting, we encourage you to vote by proxy.

For your convenience, you can vote your proxy in one of the following ways:

Use the Internet at the web address shown on your proxy card;

Use the telephone number shown on your proxy card; or

Complete, sign, date and return the enclosed proxy card in the postage-paid envelope provided. Instructions regarding each method of voting are contained in the proxy statement and on the proxy card. If you attend the Annual Meeting and desire to vote your shares personally rather than by proxy, you may withdraw your proxy at any time before it is exercised. **Your vote is important. Whether you own one share or many, your prompt vote is greatly appreciated.**

Thank you for your ongoing support and continued interest in Vulcan.

March , 2013

Sincerely yours,

DONALD M. JAMES

Chairman and Chief Executive Officer

**THIS PROXY STATEMENT AND PROXY CARD ARE
BEING DISTRIBUTED ON OR ABOUT MARCH 29, 2013.**

GENERAL INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

WHY AM I RECEIVING THESE MATERIALS?

This proxy statement is furnished in connection with the solicitation by our Board of Directors of proxies to be voted at the 2013 Annual Meeting of Shareholders for the purposes set forth in the accompanying notice, and at any adjournments or postponements thereof. This proxy statement is being sent to all shareholders of record as of the close of business on March 14, 2013 for use at the 2013

Annual Meeting of Shareholders. This proxy statement, the accompanying proxy card and our 2012 Annual Report to Shareholders are being first mailed or made available to our shareholders on or about March 29, 2013. The meeting will be held at the Company headquarters, 1200 Urban Center Drive, Birmingham, Alabama 35242 on Friday, May 10, 2013, at 9:00 a.m. Central Daylight Time.

WHY DID I RECEIVE A NOTICE IN THE MAIL REGARDING THE INTERNET AVAILABILITY OF THE PROXY MATERIALS INSTEAD OF A PAPER COPY OF THE PROXY MATERIALS?

We are using the Securities and Exchange Commission's rule that allows companies to furnish their proxy materials over the Internet. As a result, we are mailing to many of our shareholders a notice about the Internet availability of proxy materials instead of a paper copy of the proxy materials. All shareholders receiving the notice will have the ability to access the proxy materials over the Internet and request to receive a paper copy of the proxy materials by mail. Instructions on how to access the proxy materials over the Internet or to request a paper copy may be found in the notice. In addition, the notice contains instructions on how

shareholders may request to receive proxy materials in printed form by mail or electronically on an ongoing basis.

There are several advantages to our company sending a notice instead of a full set of materials;

increases shareholder value and lowers our company's printing and mail costs;

reduces environmental impact—saves trees and reduces fossil fuel consumption; and

allows faster notification of how to access materials in an easily searchable format.

IF I RECEIVE A NOTICE ABOUT INTERNET AVAILABILITY, HOW CAN I ACCESS THE PROXY MATERIALS OVER THE INTERNET?

Your notice about the Internet availability of the proxy materials, proxy card or voting instruction card will contain instructions on how to:

view our proxy materials for the 2013 Annual Meeting of Shareholders on the Internet; and

instruct us to send our future proxy materials to you electronically.

Choosing to receive your future proxy materials electronically will help us conserve natural resources and reduce the costs of printing and distributing our proxy materials. If you choose to receive future proxy materials electronically, we will provide instructions containing a link to the website where those materials are available and a link to the proxy voting website. Your election to receive proxy materials electronically will remain in effect until you revoke it.

HOW CAN I OBTAIN A PAPER COPY OF THE PROXY MATERIALS?

Shareholders who receive notice about the Internet availability of the proxy materials will find instructions about how to obtain a paper copy of the proxy materials on their notice. All

shareholders who do not receive the notice will receive a paper copy of the proxy materials by mail.

Table of Contents

WHAT SHOULD I DO IF I RECEIVE MORE THAN ONE NOTICE ABOUT THE INTERNET AVAILABILITY OF THE PROXY MATERIALS OR MORE THAN ONE PAPER COPY OF THE PROXY MATERIALS?

You may receive more than one notice of this proxy statement and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate notice or a separate voting instruction card for each brokerage account in which you hold shares. If you are a shareholder of record and your shares are registered in more than one name, you may receive more than one notice or more than one proxy card.

To vote all of your shares by proxy, you must either (i) complete, date, sign and return each proxy card and voting instruction card that you receive or (ii) vote over the Internet or telephone the shares represented by each notice that you receive (unless you have requested and received a proxy card or voting instruction card for the shares represented by one or more of the notices).

WHAT PROPOSALS ARE TO BE PRESENTED AT THE ANNUAL MEETING?

The purpose of the Annual Meeting is to (i) elect three nominees as directors, (ii) vote on an advisory basis on the compensation of our named executive officers (NEOs), (iii) vote on Vulcan's proposal to ratify the appointment of Deloitte & Touche LLP as Vulcan's independent registered public accounting firm for 2013, (iv) vote on approval of amendments to our Certificate of Incorporation to eliminate

supermajority voting provisions, (v) vote to amend the Certificate of Incorporation to declassify the Board of Directors, (vi) vote on a shareholder proposal, and (vii) conduct such other business as may properly come before the Annual Meeting or any adjournments or postponements thereof.

WHO CAN ATTEND THE ANNUAL MEETING?

Only shareholders of Vulcan as of the close of business on March 14, 2013 (the record date for the Annual Meeting), their authorized representatives and invited guests of our company will be permitted to attend the Annual Meeting. Proof of ownership of Vulcan common stock as of the record date, along with personal identification (such as a driver's license or passport), must be presented in order to be admitted to the Annual Meeting. If your shares are held in the name of a bank, broker, trustee or nominee and you plan to

attend the Annual Meeting in person, you must bring a brokerage statement, and a legal proxy from your bank, broker, trustee or nominee entitling you to vote the shares held as of the record date at the Annual Meeting, along with personal identification, to be admitted to the Annual

Meeting. No cameras, recording equipment, electronic devices, large bags, briefcases or packages will be permitted in the Annual Meeting.

WHO IS ENTITLED TO VOTE?

All of our shareholders as of the record date, March 14, 2013, will be entitled to vote at the 2013 Annual Meeting of Shareholders. As of the close of business on that date, approximately 129,934,115 shares were outstanding and entitled to vote. Each share of common stock is entitled to

one vote on each matter properly brought before the meeting. Our amended and restated by-laws do not provide for cumulative voting and, accordingly, our shareholders do not have cumulative voting rights with respect to the election of directors.

WHAT CONSTITUTES A QUORUM FOR THE ANNUAL MEETING?

A majority of the issued and outstanding shares of the common stock entitled to vote, represented in person or by proxy, is required to constitute a quorum.

Table of Contents

HOW DO I VOTE?

Proxies are solicited to give all shareholders who are entitled to vote on the matters that come before the meeting the opportunity to vote their shares whether or not they attend the meeting in person. You can vote by one of the following manners:

By Internet Shareholders of record may submit proxies over the Internet by following the instructions on the proxy card or the voting instruction card sent to them by their bank, broker, trustee or nominee.

By Telephone Shareholders of record who live in the United States or Canada may submit proxies by telephone by calling 1-800-652-8683 and following the instructions. Shareholders of record will need to have the control number that appears on their proxy card available when voting. In addition, most shareholders of record who are beneficial owners of their shares living in the United States or Canada and who have received a voting instruction card by mail from their bank, broker, trustee or nominee may vote by phone by calling the number specified on the voting instruction card. Those shareholders should check the voting instruction card for telephone voting availability.

By Mail Shareholders of record who have received a paper copy of a proxy card by mail may submit proxies by completing, signing and dating their proxy card and mailing it in the accompanying pre-addressed envelope. Shareholders who are beneficial owners who have received a voting instruction card from their bank, broker or nominee may return the voting instruction card by mail as set forth on the card.

In Person Shareholders of record may vote shares held in their name in person at the Annual Meeting. You also may be represented by another person at the Annual Meeting by executing a proper proxy designating that person. Shares for which a shareholder is the beneficial holder but not the shareholder of record may be voted in person at the Annual Meeting only if such shareholder is able to obtain a legal proxy from the bank, broker or nominee that holds the shareholder's shares, indicating that the shareholder was the beneficial holder as of the record date and the number of shares for which the shareholder was the beneficial owner on the record date.

Shareholders are encouraged to vote their proxies by Internet, telephone or completing, signing, dating and returning a proxy card, but not by more than one method. If you vote by more than one method, or vote multiple times using the same method, only the last-dated vote that is received by the inspector of election will be counted, and each previous vote will be disregarded.

If you receive more than one set of proxy materials or more than one proxy card or voting instruction card, it may mean that you hold shares of Vulcan stock in more than one account. You must return a proxy card or vote using one of the methods described above for EACH account in which you own shares.

HOW MANY VOTES ARE REQUIRED TO PASS EACH OF THE PROPOSALS?

The votes required to approve each matter to be considered by Vulcan's shareholders at the Annual Meeting are set forth below:

Edgar Filing: Vulcan Materials CO - Form PRE 14A

Proposal 1 Election of Directors: Each Vulcan shareholder has the right to vote each share of stock owned by such shareholder on the record date for three director nominees. Cumulative voting is not permitted. To be elected, a director-nominee must receive a majority of the votes cast at the Annual Meeting. Abstentions and broker non-votes will not be counted as votes cast for such purposes and, therefore, will have no effect on the results of the election.

Proposal 2 Advisory Vote on Executive Compensation: The affirmative vote of a majority of the votes cast on this proposal is required to approve, on an advisory basis, the compensation of the executives set forth in this proxy statement. Abstentions and broker non-votes will have no effect on the results of this vote.

Proposal 3 Ratification of Selection of Deloitte & Touche LLP: The affirmative vote of a majority of the votes cast on this proposal is required to ratify the selection of Deloitte & Touche LLP as our independent registered public accounting firm for 2012. Abstentions and broker non-votes will have no effect on the results of this vote.

Proposal 4 Approval of Amendments to the Certificate of Incorporation to Eliminate Supermajority Voting Provisions: The affirmative vote of at least 80% of the shares outstanding is required to approve amendments to the Certificate of Incorporation to eliminate the company's supermajority voting provisions. Abstentions and broker non-votes will have the same effect as a vote against this proposal.

Proposal 5 Approval of Amendment of the Certificate of Incorporation to Declassify the Board of Directors: The affirmative vote of at least 80% of the shares outstanding is required to approve amendments of the Certificate of Incorporation to declassify the Board. Abstentions and broker non-votes will have the same effect as a vote against this proposal.

Proposal 6 Advisory Shareholder Proposal Independent Chair of the Board of Directors: The affirmative vote of a majority of the votes cast on this proposal is required to approve this proposal. Abstentions and broker non-votes will have no effect on the results of this vote.

Table of Contents

WHO IS SOLICITING MY VOTE?

The Vulcan Board of Directors is soliciting your vote for matters being submitted for shareholder approval at the Annual Meeting.

Giving us your proxy means that you authorize the proxy holders identified on the proxy card to vote your shares at the meeting in the manner you direct. If you sign and return the enclosed proxy card but do not specify how your shares are

to be voted, your shares will be voted in accordance with the recommendations of the Vulcan Board. If any other matters are properly presented at the Annual Meeting for consideration, the persons named as proxies in the proxy card will vote as recommended by the Vulcan Board or, if no recommendation is given, in their own discretion.

HOW DOES THE VULCAN BOARD RECOMMEND SHAREHOLDERS VOTE?

The Vulcan Board recommends that you vote:

FOR the election of the following three individuals nominated by the Vulcan Board as directors: Douglas J. McGregor, Lee J. Styslinger, III and Vincent J. Trosino;

FOR the proposal to approve the compensation of our principal executive officer, principal financial officer and our four other most highly compensated executive officers (NEOs);

FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for 2013;

FOR the approval of amendments to our Certificate of Incorporation to eliminate the supermajority voting provisions; and

FOR the approval of amendments to our Certificate of Incorporation to declassify the Board of Directors.

AGAINST the advisory shareholder proposal regarding an independent chair of the Board of Directors.

WILL MY SHARES BE VOTED IF I DO NOTHING?

If you are a shareholder of record, you must sign and return a proxy card, submit your proxy by telephone or Internet, or attend the Annual Meeting in person, in order for your shares to be voted.

If your common stock is held through a broker, bank or other nominee, you will receive instructions from such entity that you must follow in order to have your shares voted. You must instruct the broker how to vote your shares. If you do not provide voting instructions, your shares will not be voted on any proposal on which the broker, bank or other nominee does not have discretionary authority to vote. This is called a broker non-vote. In these cases, the broker, bank or nominee can register your shares as being present at the Annual Meeting for purposes of determining the presence of a quorum but will not be able to vote on those matters for which specific authorization is required under the rules of the New York Stock Exchange.

If you are a beneficial owner whose shares are held of record by a broker, bank or nominee your broker, bank or nominee has discretionary voting authority under NYSE rules to vote your shares on the ratification of the appointment of Deloitte & Touche LLP as Vulcan's independent registered public accounting firm for 2013, even if the broker, bank or nominee does not receive voting instructions from you. However, your broker, bank or nominee does not have discretionary authority to vote on (i) the election of the three nominees as directors, (ii) the advisory approval of compensation of our NEOs, (iii) the proposal to amend the Certificate of Incorporation to declassify the Board of Directors, (iv) the proposal to amend the Certificate of Incorporation to declassify the Board of Directors, or (v) the advisory shareholder proposal regarding an independent chair of the Board of Directors, in which case a broker non-vote will occur.

WHAT IS THE DIFFERENCE BETWEEN A SHAREHOLDER OF RECORD AND A BENEFICIAL HOLDER OF SHARES?

If your common stock is held directly in your name with our transfer agent, Computershare Shareowner Services, you are considered a shareholder of record with respect to those shares. If this is the case, the notice card or proxy materials have been sent or provided directly to you.

If your common stock is held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial holder of the shares held for you in what is known

as street name. If this is the case, the notice card or proxy materials should have been forwarded to you by your brokerage firm, bank or other nominee, or their agent, which is considered the shareholder of record with respect to these shares. As a beneficial holder, you have the right to direct your bank, broker, trustee or nominee on how to vote the shares by using the voting instruction card or by following their instructions for voting by telephone or internet.

Table of Contents

HOW CAN I REVOKE MY PROXY?

If you are a shareholder of record, you may revoke your proxy at any time before it is voted at the meeting by taking one of the following actions:

by giving written notice of the revocation prior to the commencement of the Annual Meeting to: Corporate Secretary, Vulcan Materials Company, 1200 Urban Center Drive, Birmingham, Alabama 35242;

by executing and delivering another valid proxy with a later date;

by voting by telephone or Internet at a later date; or

by attending the 2013 Annual Meeting of Shareholders and voting in person by written ballot, if you are a shareholder of record or, if you are a beneficial owner of your shares, with a legal proxy from the entity that holds your shares giving you the right to vote the shares.

If you are a beneficial owner of your shares and you vote by proxy, you may change your vote by submitting new voting instructions to your bank, broker or nominee in accordance with that entity's procedures.

If you vote the same shares by more than one method or vote multiple times with respect to the same shares using the same method, only the last-dated vote that is received will be counted, and each previous vote will be disregarded.

WHO COUNTS THE VOTES?

Tabulation of the votes cast at the Annual Meeting will be conducted by the inspector of election.

IS MY VOTE CONFIDENTIAL?

Edgar Filing: Vulcan Materials CO - Form PRE 14A

Proxy instructions, ballots and voting tabulations that identify individual shareholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within our company or to third parties, except: (1) as

necessary to meet applicable legal requirements; (2) to allow for the tabulation of votes and certification of the vote; and (3) to facilitate a successful proxy solicitation.

WHO WILL PAY FOR THE COSTS INVOLVED IN THE SOLICITATION OF PROXIES?

Vulcan is making this solicitation and will pay the entire cost of preparing, assembling, printing, mailing and distributing the notices and these proxy materials and soliciting votes. In

addition to the mailing of notices and these proxy materials, the solicitation of proxies or votes may be made in person or by telephone.

WHAT IS HOUSEHOLDING AND HOW DOES IT AFFECT ME?

We have adopted a procedure, approved by the Securities and Exchange Commission, called householding. Under this procedure, shareholders of record who have the same address and last name and do not participate in electronic delivery of proxy materials or in notice and access will receive only one copy of this Notice of Annual Meeting and Proxy Statement and the 2012 Annual Report to Shareholders, unless we are notified that one or more of these shareholders wishes to continue receiving individual copies. If you and other Vulcan shareholders living in your household do not have the same last name, you also may request to receive only one copy of future proxy statements and annual reports to shareholders.

Householding reduces our printing costs and postage fees and conserves natural resources. Shareholders who participate in householding will continue to receive separate proxy cards.

If you are eligible for householding but you and other shareholders of record with whom you share an address currently receive multiple copies of this Notice of Annual

Meeting and Proxy Statement and any accompanying documents, or if you hold Vulcan stock in more than one account, and in either case you wish to receive only a single copy of each document for your household, please obtain instructions by contacting us at the following address or phone number: Vulcan Materials Company, 1200 Urban Center Drive, Birmingham, Alabama 35242, Attention: Mark D. Warren, Director, Investor Relations, phone: (205) 298-3200.

If you participate in householding and wish to receive a separate copy of this Notice of Annual Meeting and Proxy Statement and any accompanying documents, please contact us at the address or phone number as indicated above and a separate copy will be sent to you promptly. If you do not wish to continue to participate in householding and prefer to receive separate copies of these documents in the future, please contact us at the address or phone number as indicated above.

If you are a beneficial owner, you can request information about householding from your broker, bank or other holder of record.

COULD OTHER MATTERS BE DECIDED AT THE ANNUAL MEETING?

As of the date that this Proxy Statement went to press, we did not know of any matters to be raised at the Annual Meeting other than those referred to in this Proxy Statement.

If you return your signed and completed proxy card or vote by telephone or Internet and other matters are properly presented at the Annual Meeting for consideration, your shares will be voted as the Board of Directors recommends.

WHERE CAN I FIND THE VOTING RESULTS OF THE ANNUAL MEETING?

The preliminary voting results will be announced at the Annual Meeting of Shareholders. The final voting results will be reported in a Current Report on Form 8-K filed with the

Securities and Exchange Commission within four business days of the Annual Meeting and posted on our website.

A COPY OF OUR ANNUAL REPORT ON FORM 10-K FOR THE YEAR ENDED DECEMBER 31, 2012 WILL BE PROVIDED TO YOU WITHOUT CHARGE UPON WRITTEN REQUEST TO MARK D. WARREN, DIRECTOR, INVESTOR RELATIONS, VULCAN MATERIALS COMPANY, 1200 URBAN CENTER DRIVE, BIRMINGHAM, ALABAMA 35242.

PROPOSAL 1. ELECTION OF DIRECTORS

Our constituent documents provide that our Board shall be divided into three classes, with the term of office of one class expiring each year. At the 2013 Annual Meeting, three people will be elected to serve as members of our Board until 2016, or until their successors have been duly elected and qualified. Our Board, upon the recommendation of the Governance Committee, has nominated the three people listed below for election at the 2013 Annual Meeting. Each of our nominees is currently serving as a director of the company. Each of the nominees has consented to be named in this proxy statement and to serve if elected, and our Board has no reason to believe that any of the persons nominated will be unable to serve as a director.

Our Board has nominated Douglas J. McGregor, Lee J. Styslinger, III and Vincent J. Trosino as directors to serve three-year terms expiring in 2016. The Board believes that each of the three nominees are highly qualified and have

experience, skills, backgrounds and attributes that qualify them to serve as directors of Vulcan (please see each nominee's biographical information presented below and the Summary of Qualifications for Directors section below for more information). The persons named as proxies will cast votes on the proxy cards received by them FOR the election of each of these three nominees unless otherwise specified on the proxy cards.

In accordance with the amended and restated by-laws of our company, our Board of Directors is required to be composed of not fewer than 9 nor more than 12 directors. The number of directors may be set by a resolution adopted by a majority of our Board of Directors and our charter provides that any vacancies on the Board, including vacancies resulting from an increase in the number of directors, shall be filled by the affirmative vote of a majority of the remaining directors.

DIRECTOR QUALIFICATIONS

Directors are responsible for reviewing and approving corporate strategy and overseeing management of our company to assure that the long-term interests of the shareholders are being served. The Board believes that there are general skills and characteristics required for service on the Board of Directors that are applicable to all directors. Additionally, the Board needs a diverse skill set among its members to ensure that the Board is able to respond to the needs of management and the company. The Governance Committee of the Board is responsible for considering the qualifications of the directors, both individually and collectively, with respect to the company's current and future needs.

GENERAL QUALIFICATIONS

The Governance Committee, along with the Board, is responsible for reviewing on an annual basis the requisite skills and characteristics of Board members and candidates for the Board. The Governance Committee considers, among other factors:

high ethical standards

integrity

independence

experience

sound business judgment

ability to devote the time and effort necessary to fulfill his or her responsibilities to the Board.

The Board and the Governance Committee require that each director be a person of high integrity with a proven record of success. The Board does not have specific diversity quotas, but considers race, ethnicity, gender, age, education and professional experiences in evaluating candidates for the Board.

SUMMARY OF QUALIFICATIONS FOR DIRECTORS

The Board believes that a number of particular qualifications, attributes, skills and experiences are desirable for the Board as a whole. These include:

financial and audit committee experience

knowledge of the company's industry and related industries

relevant chief executive officer/president experience

government or political expertise

human resources experience

diversity of race, ethnicity or gender

Set forth below is a narrative disclosure that summarizes the specific qualifications, attributes, skills and experience for each director. The highlighted areas for each director are not exclusive. The description merely highlights a specific area of

focus or expertise of each director on which the Board currently relies.

Phillip W. Farmer

Relevant chief executive officer/president experience. Mr. Farmer served as Chief Executive Officer and Chairman of Harris Corporation from 1995 to 2003. He brings valuable public company leadership and management expertise.

Financial and audit committee experience. Mr. Farmer has served on the company's Audit Committee as well as on the audit committee of another publicly traded company. He also received financial training in the General Electric Financial Management Program.

H. Allen Franklin

Relevant chief executive officer/president experience. Mr. Franklin served as Chairman, President and Chief Executive Officer of Southern Company from 2001 to 2004. As a result, Mr. Franklin provides the Board with valuable business, leadership, organizational and operational management skills as well as governance and compensation expertise.

Knowledge of the company's industry and related industries. At Southern Company, Mr. Franklin gained considerable management expertise with issues facing an industrial company, including governmental and regulatory issues and safety, health and environmental matters, which are important issues in our industry.

Donald M. James

Relevant chief executive officer/president experience. Mr. James has served as our Chief Executive Officer since 1997. He has extensive leadership, management, operating, financial and legal experience and knowledge of our company.

Knowledge of the company's industry and related industries. Mr. James served as President of our Southern and Gulf Coast Division, as Senior Vice President, Construction Materials Group and as Chief Operating Officer, giving him first-hand operational knowledge of our industry. Mr. James has also assumed leadership positions in aggregates industry and general business trade groups exposing him to the important issues facing the aggregates industry. Mr. James also has experience serving on the boards of a number of other large public companies.

Ann McLaughlin Korologos

Government or political experience. Ms. Korologos served as Secretary of Labor in the Reagan Administration from 1987 to 1989, giving her tremendous insight into regulatory and government affairs, including exceptional knowledge of OSHA, MSHA and EPA rules and regulations.

Edgar Filing: Vulcan Materials CO - Form PRE 14A

Human resources experience. Ms. Korologos has served on a number of large public company boards where she

Proposal 1

gained considerable knowledge and experience in human resources and social responsibility issues.

Contributes to the diversity of race, ethnicity or gender of the Board.

Douglas J. McGregor

Relevant chief executive officer/president experience. Mr. McGregor has served as Chief Executive Officer or President for two separate public companies, Burlington Industries and M.A. Hanna. He has over 40 years of management experience in major Fortune 1000 corporations, in several different industries, including mining, providing him with valuable business, leadership and management experience with issues facing large industrial and mining companies.

Financial and audit committee experience. Mr. McGregor's current position as Senior Advisor of Blue Point Capital Partners, a private equity firm, as well as his past management service, have given him considerable financial and investment acumen. Mr. McGregor also served as the Chair of the Finance Committee at Key Corp. He serves on the company's Audit and Finance Committees.

Richard T. O'Brien

Relevant chief executive officer/president experience. Mr. O'Brien has served as either President or Chief Executive Officer of publicly traded companies since 2007, affording him experience in managing issues facing public companies and multi-national companies.

Knowledge of the company's industry and related industries. Most of Mr. O'Brien's 25 years of management experience have been in the mining and natural resources industries. He also has extensive work experience in the utility and energy industries.

Financial and audit committee experience. Mr. O'Brien has 25 years of financial background, including serving as chief financial officer of four different public companies, giving him extensive financial and accounting expertise.

James T. Prokopanko

Relevant chief executive officer/president experience. Mr. Prokopanko has been Chief Executive Officer of Mosaic since 2007 and provides the Board with valuable business, leadership and management experience.

Knowledge of the company's industry and related industries. Mr. Prokopanko, from his experience at Mosaic, brings considerable knowledge of issues facing a company engaged in the mineral extraction industry.

Donald B. Rice

Relevant chief executive officer/president experience. Dr. Rice served as President and Chief Executive Officer of Agensys for 14 years, providing him with valuable business, leadership and management experience. He also served as the President and Chief Operating Officer of Teledyne, Inc. for three years, and as the President and CEO of the RAND Corporation for over 17 years.

Edgar Filing: Vulcan Materials CO - Form PRE 14A

Government or political experience. Dr. Rice served as Secretary of the Air Force from 1989 to 1993 and in other government positions where he gained experience in public policy, governmental affairs, management and strategy.

Financial and audit committee experience. Dr. Rice has served as a director of a number of large public companies where he gained significant financial experience, and has chaired the Audit Committees of two public companies.

Lee J. Styslinger, III

Relevant chief executive officer/president experience. Mr. Styslinger has been the Chief Executive Officer of Altec, Inc. for 16 years, a company with extensive global transactions, affording him a wealth of management and business experience running a large company in today's global market.

Knowledge of the company's industry and related industries. Mr. Styslinger has over 16 years experience leading companies engaged in the manufacturing and heavy equipment industry. Vulcan is a major purchaser of heavy equipment for its operations.

Vincent J. Trosino

Relevant chief executive officer/president experience. As a result of his tenure as the President and Chief Operating Officer of State Farm from 1998 until 2006, Mr. Trosino brings to the Board significant experience in financial matters, risk assessment, management, marketing and human resources. In addition, he provides the Board with knowledge and insight regarding the insurance industry – an important consideration in the company's evaluation and mitigation of risk areas.

Financial and audit committee experience. Mr. Trosino served on the investment committee of the board of State Farm Mutual Insurance Company and served on the audit committee of the Brookings Institute. He brings valuable financial and investment experience to our company's Audit and Finance Committees.

Kathleen Wilson-Thompson

Human resources experience. As a result of her service as Senior Vice-President in Human Resources at both Walgreen and Kellogg, Ms. Wilson-Thompson brings to the Board valuable experience in managing personnel, human resource and organization issues that face a labor-intensive workforce.

Contributes to the diversity of race, ethnicity or gender of the Board.

PROPOSAL 2. ADVISORY VOTE ON EXECUTIVE COMPENSATION (SAY ON PAY)

The Dodd-Frank Wall Street Reform and Consumer Act (the Dodd-Frank Act), enacted in 2010 and Section 14A of the Securities Exchange Act of 1934, require that our shareholders vote on a non-binding advisory vote on the executive compensation for our NEOs, commonly known as

Say on Pay. While this vote is advisory and not binding on our company, it will provide information to our Compensation Committee regarding investor sentiment about our executive compensation philosophy, policies and practices, which the Compensation Committee will consider when determining executive compensation in the future.

At our 2011 Annual Meeting of Shareholders, our shareholders indicated a preference that the advisory vote on the compensation for our NEOs occur on an annual basis. The next shareholder vote on the frequency of the advisory vote on the compensation of our NEOs will be held no later than the 2017 Annual Meeting of Shareholders, in accordance with Rule 14a-21 of the Securities Exchange Act of 1934.

Our company has designed its executive compensation program to attract, motivate and retain the senior executive talent required to achieve our operational plans and strategic goals. Our compensation program is centered on a pay-for-performance philosophy which aligns executive compensation with shareholder value. Consistent with this philosophy, a substantial portion of the total compensation for each of our NEOs is directly related to our company's earnings, to the value of our common stock, and to other performance factors that measure progress against the goals of our operating and strategic plans. The executive compensation program is overseen and administered by an independent Compensation Committee of our Board that is advised by an independent consultant.

The Compensation Discussion and Analysis, beginning on page 34 below, describes our executive compensation philosophy and program in detail. In recent years, the Compensation Committee has taken the following actions which support the alignment of our compensation philosophy, our compensation programs and our company performance:

Froze the base salary of the Chief Executive Officer (CEO), for fiscal years 2009, 2010, 2011, 2012 and 2013;
Paid no cash bonuses to the CEO and other NEOs for fiscal years 2009, 2010 and 2011;

In 2012, granted all long-term equity opportunities for the CEO and other NEOs in the form of performance-based PSUs. Payouts will be based on the company's total shareholder return (TSR) performance relative to the S&P 500;

Continued the policy of providing only limited perquisites;

Utilized tally sheets in analyzing and determining total compensation paid to the CEO and other NEOs;

Maintained and monitored rigorous stock ownership guidelines for management which require executives to maintain significant stock ownership while employed by the company;

Continued application of separate performance measures for the short-term and long-term incentive programs;

Did not enter into any change in control agreements in 2012;

Edgar Filing: Vulcan Materials CO - Form PRE 14A

Conducted a market study of compensation practices among our comparison companies which affirmed that our practices are aligned with such comparison companies.

These actions reflect the active management of our executive compensation programs by the Compensation Committee and the alignment of our programs with market compensation levels, company performance and with our shareholders' interests. Accordingly, the Board recommends that the shareholders vote in favor of the resolution set forth below.

BOARD OF DIRECTORS RECOMMENDATION

RESOLVED, that the compensation paid to the Company's NEOs, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby approved.

As an advisory vote, this proposal is not binding on our company. However, our Board and Compensation Committee will consider the outcome of the advisory vote when making future compensation decisions.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE COMPENSATION OF OUR NEOs AS DISCLOSED IN THE COMPENSATION DISCUSSION AND ANALYSIS SECTION AND ACCOMPANYING COMPENSATION TABLES CONTAINED IN THIS PROXY STATEMENT.

PROPOSAL 3. RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee, which is composed solely of independent directors, has appointed Deloitte & Touche LLP as the independent registered public accounting firm for our company and its subsidiaries for the fiscal year ending December 31, 2013. The function of the independent registered public accounting firm is to audit our accounts and records; to report on the consolidated balance sheet, the related statements of consolidated earnings, consolidated shareholders' equity and consolidated statements of cash flows of our company and its subsidiaries; to audit our internal control over financial reporting; and to perform such other appropriate accounting services as may be required and approved by the Audit Committee. Although shareholder ratification is not required, our Board has determined that it would be desirable to request an expression from the shareholders as to whether or not they support this appointment. Even if the appointment of Deloitte & Touche LLP

is ratified by a majority of the votes cast at the meeting, the Audit Committee may, in its discretion, direct the appointment of another independent registered accounting firm at any time during the year, if it believes such appointment is in the best interests of the company and the shareholders. If a majority of the votes cast at the meeting fails to ratify the selection of Deloitte & Touche LLP as our independent registered public accounting firm, the Audit Committee will consider the selection of another independent registered public accounting firm for future years.

The firm of Deloitte & Touche LLP, or its predecessors, has audited our financial statements since 1956. A representative of that firm is expected to be present at the meeting, will be given an opportunity to make a statement and will be available to respond to appropriate questions.

THE BOARD OF DIRECTORS RECOMMENDATION

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE PROPOSAL TO RATIFY THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS VULCAN'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2013.

PROPOSAL 4. APPROVAL OF AMENDMENTS TO THE CERTIFICATE OF INCORPORATION TO ELIMINATE SUPERMAJORITY VOTING PROVISIONS

Our Certificate of Incorporation requires the affirmative vote of at least 80% of the voting power of our outstanding capital stock entitled to vote in order to amend, repeal or adopt any provisions inconsistent with several important corporate governance provisions concerning: (i) the size and classification of our Board; (ii) Board vacancies; (iii) the removal of directors from our Board; (iv) the requirement that actions taken by shareholders without a meeting must be unanimous; and (v) the 80% supermajority vote requirement itself. Our Certificate of Incorporation also requires, subject to certain exceptions, the affirmative vote of at least 80% of the voting power of our outstanding capital stock entitled to vote to approve certain business combination transactions with an interested shareholder.

At last year's Annual Meeting, shareholder Gerald Armstrong presented a non-binding shareholder proposal urging the Board to take the steps necessary so that each shareholder voting requirement, or other requirement, in our articles and by-laws, that calls for a greater than a simple-majority vote, be changed to a majority of votes cast for or against the proposal standard in compliance with applicable laws.

The Board last year recommended that shareholders vote against the non-binding proposal, explaining that the super-majority vote requirements in the Certificate of Incorporation

are tailored to address specific instances where minority shareholders need a measure of protection against changes in corporate governance and other self-interested actions by one or more large shareholders.

This non-binding proposal was supported by shareholders representing approximately 56% of the outstanding shares and 67% of the votes cast on the proposal. After careful deliberation of the Governance Committee and the full Board of Directors, and taking into account the level of support for the proposal at last year's Annual Meeting, our Board has approved proposed amendments to the Certificate of Incorporation that would eliminate these supermajority voting provisions. Implementation of these amendments requires the approval of 80% of Vulcan's outstanding shares. If shareholders approve the amendment, Article SIXTH, Section F of the Certificate of Incorporation will be amended and restated in its entirety, and Article EIGHTH will be deleted in its entirety, as shown in the form of amendment attached to this proxy statement as Annex A. If shareholders approve the amendment, Vulcan anticipates filing the corresponding amendments with the New Jersey Secretary of State following the 2013 Annual Meeting. The full text of these proposed amendments is attached as Annex A to this proxy statement.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE AMENDMENT OF THE COMPANY'S CERTIFICATE OF INCORPORATION TO ELIMINATE THE SUPERMAJORITY VOTING PROVISIONS

PROPOSAL 5. VOTE TO AMEND THE CERTIFICATE OF INCORPORATION TO DECLASSIFY THE BOARD OF DIRECTORS

Our Certificate of Incorporation currently provides for a classified Board divided into three classes, with staggered three-year terms based upon the cycle of the respective terms in office. Under our current Certificate of Incorporation, a director's term of office generally continues until the third Annual Meeting of shareholders following his or her election or appointment to office.

At last year's Annual Meeting, the Illinois State Board of Investment (ISBI) presented a non-binding shareholder proposal urging our Board to take all necessary steps (other than any steps that must be taken by shareholders) to eliminate the classification of the Board and to require that all directors elected at or after the Annual Meeting held in 2013 be elected on an annual basis. The proposal requested that the declassification be effected in a manner that would not prevent any director elected prior to the Annual Meeting held in 2013 from completing the term for which such director was elected.

The Board last year recommended that shareholders vote against the non-binding proposal, explaining the benefits it believed the classified board continued to afford Vulcan, including promoting continuity and stability of strategy, oversight and policies, providing negotiating leverage to our Board in a potential takeover situation and facilitating the ability of our Board to focus on creating long-term shareholder value.

This non-binding proposal was supported by shareholders representing approximately 62% of the outstanding shares and 74% of the votes cast on the proposal. After careful deliberation of the Corporate Governance Committee and the full board of directors, and taking into account the level of support for the proposal at last year's Annual Meeting, the Board has approved proposed amendments to the

Certificate of Incorporation eliminating the classified structure and providing for the annual election of directors then up for election beginning at the 2014 Annual Meeting. Implementing declassification requires the vote of at least 80% of Vulcan's outstanding shares. The full text of these proposed amendments is attached as Annex B to this proxy statement.

Under the proposed amendments, the annual election of directors will be phased in gradually to assure a smooth transition. Directors elected at the 2012 and 2013 Annual Meetings will serve the remainder of their three-year terms and annual election of those directors would begin upon expiration of their terms. Directors elected at the 2014 meeting would be elected for a one-year term. Directors elected to fill newly created directorships resulting from an increase in the number of directors or any vacancies on the board will serve until the next Annual Meeting.

If shareholders approve the amendments, Article SIXTH of the Certificate of Incorporation will be amended and restated as shown in the form of amendment attached to this proxy statement as Annex B. If shareholders approve the amendment, Vulcan anticipates filing the corresponding amendment with the New Jersey Secretary of State following the 2013 Annual Meeting. Corresponding amendments will be made to Vulcan's by-laws in the event this proposal is approved.

THE BOARD OF DIRECTORS RECOMMENDATION

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE AMENDMENT OF THE COMPANY'S CERTIFICATE OF INCORPORATION TO DECLASSIFY THE BOARD OF DIRECTORS.

PROPOSAL 6. ADVISORY SHAREHOLDER PROPOSAL INDEPENDENT CHAIR OF THE BOARD OF DIRECTORS

Vulcan has been advised that the American Federation of State, County and Municipal Employees Pension Plan (AFSCME), 1625 L Street, N.W., Washington, DC 20036, a beneficial owner of 897 shares of Vulcan s common stock, intends to present the following proposal and supporting statement at the Annual Meeting. The proposal will be voted on only if properly presented at the Annual Meeting.

In accordance with the rules of the SEC, the text of the resolutions and supporting statement is printed verbatim from the proponent s submission, and we take no responsibility

for them. To ensure that readers can easily distinguish between materials provided by the proponent and the materials we have provided, we have shaded the material provided by the proponent.

Our Board of Directors opposes the adoption of the proposal and asks you to review the Board s response, which follows the proponent s supporting statement.

SHAREHOLDER PROPOSAL

RESOLVED: The shareholders of Vulcan Materials Company (VMC) request the Board of Directors to adopt a policy, and amend the bylaws as necessary to reflect that policy, to require the Chair of the Board of Directors to be an independent member of the Board. This independence requirement shall apply prospectively so as not to violate any contractual obligation at the time this resolution is adopted. Compliance with this policy is waived if no independent director is available and willing to serve as chair.

SUPPORTING STATEMENT: CEO Donald James also serves as Chair of VMC s Board of Directors. We believe the combination of these two roles in a single person weakens a corporation s governance structure, which can harm shareholder value. As Intel former Chair Andrew Grove stated, The separation of the two jobs goes to the heart of the conception of a corporation. Is a company a sandbox for the CEO, or is the CEO an employee? If he s an employee, he needs a boss, and that boss is the board. The chairman runs the board. How can the CEO be his own boss?

In our view, shareholder value is enhanced by an independent Board Chair who can provide a balance of power between the CEO and the Board and can support strong Board leadership. The primary duty of a Board of Directors is to oversee the management of a company on behalf of its shareholders. We believe that having a CEO also serve as Chair creates a conflict of interest that can result in excessive management influence on the Board and weaken the Board s oversight of management.

An independent Board Chair has been found in studies to improve the financial performance of public companies. A 2007 Booz & Co. study found that, in 2006, all of the underperforming North American companies with long-tenured CEOs lacked an independent Board Chair (*The Era of the Inclusive Leader*, Booz Allen Hamilton, Summer 2007). A more recent study found that, worldwide, companies are now routinely separating the jobs of Chair and CEO: in 2009 less than 12 percent of incoming CEOs were also made Chair, compared with 48 percent in 2002 (*CEO Succession 2000-2009: A Decade of Convergence and Compression*, Booz & Co., Summer 2010).

We believe that independent Board leadership would be particularly constructive at VMC, where, in 2012, shareholder proposals to declassify the Board, to implement a majority voting standard for the election of directors, and to reduce supermajority voting requirements were all supported by a majority of shares voted. To date, the Board has failed to implement any of these reforms. A shareholder proposal to declassify

the Board was also supported by a majority of shares voted in 2011.

We urge shareholders to vote for this proposal.

COMPANY STATEMENT IN OPPOSITION

For the reasons provided below, the Board recommends a vote against the proposal.

Vulcan has long been committed to the highest standards of corporate governance, including Board independence. All of our directors, with the exception of our Chairman and CEO Don James, are independent under the New York Stock Exchange listing standards, the Board's Director Independence Criteria, and the applicable SEC rules and regulations. The Board of Directors regularly monitors developments in the area of corporate governance best practices and periodically reviews and refines the Corporation's Corporate Governance Guidelines in order to promote an environment within Vulcan that is conducive to sound corporate governance. In particular, the Board understands the importance of evaluating and determining the optimal leadership structure for the Board so as to provide independent oversight of management. Our Board also believes that there is no single, generally accepted approach for providing Board leadership and that given industry dynamics and the competitive environment in which Vulcan operates, the appropriate Board leadership structure for Vulcan may vary from time to time.

For this reason, our Board does not require that the offices of Chairman of the Board and Chief Executive Officer be held by the same person nor does the Board require that the offices be separated. Instead, the Board has determined that Vulcan should have the flexibility to combine or separate these functions as circumstances deem appropriate. The Board believes that a flexible policy regarding the selection of a Chairman allows the Board to select the structure of leadership best able to meet the needs of Vulcan and its shareholders based on the qualifications of individuals available and the circumstances existing at the time. The adoption of a bylaw amendment mandating an independent Chairman of the Board would inappropriately and rigidly limit the Board's ability to select the director best suited to serve as Chairman based on then relevant, Vulcan-specific facts, circumstances and criteria. The Board believes that the proposed amendment would impose an unnecessary and potentially harmful restriction on the Board that is not in the best interests of Vulcan or its shareholders.

Our Board has taken several steps to create a balanced governance structure in which independent directors exercise substantial oversight over management. In addition to all of our directors, with the exception of our Chairman and CEO, qualifying as independent under applicable standards, criteria and regulations, much of the work of the Board is conducted through its committees, all of which are comprised entirely of independent directors except, for the Executive Committee. Moreover, Vulcan's Corporate Governance Guidelines require the non-management directors to meet in executive session after each Board meeting and, if any non-management directors did not qualify as independent under stock exchange rules, require that independent directors meet in an additional executive session at least once a year, also without the presence of management.

The Board has also designated and appointed an independent Lead Director. The Board believes that the Lead Director serves an important corporate governance function by providing separate leadership for the non-management and independent directors. The position of Lead Director is elected annually by the independent directors of the Board, and the Lead Director must be an independent director under Vulcan's director independence standards, which include the requirements of the New York Stock Exchange. As enumerated in Vulcan's Corporate Governance Guidelines, the Lead Director's specific responsibilities include:

preside at all meetings or sessions of meetings of the Board in which the Chairman is not present, including at executive sessions of the independent directors;

serve as a liaison between the Chairman and the non-management and independent directors;

approving Board meeting schedules to assure that there is sufficient time for discussion of all agenda items, as well as meeting agendas and information sent to the Board;

Edgar Filing: Vulcan Materials CO - Form PRE 14A

if requested by major shareholders, ensure that he or she is available for consultation and direct communication;

have authority to call meetings of the non-management and independent directors; and

take minutes of each executive session of the non-management and independent directors.

Accordingly, the Board's structure and operations, including the role of the independent Lead Director, facilitate the non-management directors execution of their fiduciary responsibilities to provide proper oversight of management and the business and affairs of Vulcan. As a result, the Board believes that mandating an independent Chairman, as the proponent suggests, is unnecessary to achieve effective independent oversight.

Our Board also believes that there are a number of advantages to consolidating the positions of Chairman and CEO at this time, including the following:

Mr. James, with over 20 years' experience with our Company, including 15 years of experience as CEO, has led the Company through various economic cycles, has the knowledge, expertise and experience to understand the opportunities and challenges facing our Company and is most capable of identifying strategic priorities and opportunities. He also has the leadership and management skills to promote and execute our values and strategy, particularly given the economic environment;

Consolidating the positions promotes better alignment of strategic development and execution, more effective implementation of strategic initiatives, and clearer accountability for their success or failure.

Consolidating the positions allows timely communication with our Board on critical business matters.

Table of Contents

The Board believes that by establishing a strong and independent board of directors and implementing effective governance principles and practices, it has adopted

measures that maintain the appropriate balance between senior management and the independent directors.

THE BOARD OF DIRECTORS RECOMMENDATION

After careful consideration, the Board believes that retaining the flexibility to determine who would best serve as Chairman of the Board remains in the best interests of Vulcan and our shareholders.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE AGAINST THIS SHAREHOLDER PROPOSAL.

CORPORATE GOVERNANCE OF OUR COMPANY AND PRACTICES OF OUR BOARD OF DIRECTORS

We take our corporate governance responsibilities very seriously and have adopted Corporate Governance Guidelines that provide a framework for the governance of our company. These Corporate Governance Guidelines build on practices that we have followed for many years and demonstrate our continuing commitment to corporate governance excellence.

In addition, we have a Business Conduct Policy that applies to all of our employees and directors and deals with a variety of corporate compliance issues, including conflicts of interest, compliance with laws, confidentiality of company information, fair dealing and use of company assets. All employees and directors are required to fill out a questionnaire annually regarding their personal compliance with the Business Conduct Policy and are encouraged to report any illegal or unethical behavior of which they become aware.

Our Board has adopted a Code of Ethics for the Chief Executive Officer and Senior Financial Officers. The Code of Ethics defines Senior Financial Officers to include the Chief Financial Officer, Controller and Principal Accounting Officer.

The Code of Ethics covers such topics as financial reporting, conflicts of interest and compliance with laws. If we make any amendment to, or waiver of, any provision of the Code of Ethics, we will disclose such information on our website as promptly as practicable, as may be required under applicable SEC and New York Stock Exchange rules. As discussed in this proxy statement, our Governance Committee regularly reviews corporate governance developments and adopts appropriate practices as warranted. For instance, in March 2013, the Board amended the company's by-laws to provide for a majority vote standard in uncontested director elections.

You can access our amended and restated by-laws, Corporate Governance Guidelines, Business Conduct Policy and Code of Ethics at our website www.vulcanmaterials.com or you can obtain a printed copy free of charge by writing to us at: Corporate Secretary, Vulcan Materials Company, 1200 Urban Center Drive, Birmingham, Alabama 35242. Please note that the information contained on our website is not incorporated by reference in, nor considered to be a part of, this proxy statement.

DIRECTOR INDEPENDENCE

All of our directors, with the exception of our Chairman and CEO Don James, are independent under the New York Stock Exchange listing standards, the Board's Director Independence Criteria, and the applicable SEC rules and regulations. The New York Stock Exchange listing standards provide that a director does not qualify as independent unless our Board affirmatively determines that the director has no material relationship with our company (either directly or as a partner, shareholder or officer of an organization that has a relationship with our company). The New York Stock Exchange rules require a board to consider all of the relevant facts and circumstances in determining the materiality of a director's relationship with our company and permit the Board to adopt and disclose standards to assist the Board in making determinations of independence. Accordingly, the Board has adopted the Director Independence Criteria to assist it in determining whether a director has a material relationship with our company.

The Director Independence Criteria provide that a director will be considered independent if he or she:

DIRECTOR INDEPENDENCE CRITERIA

- (a) has not been an employee of our company, or any of its consolidated subsidiaries, during the last three years;
- (b) has not received more than \$120,000 per year in direct compensation from our company, or any of its consolidated subsidiaries, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service) during the last three years;
- (c) has not during the last three years personally performed legal or professional services for our company in an amount more than \$10,000;
- (d) is not a current partner or employee of our company's independent auditor and has not been employed by the present or former independent auditor of our company and personally worked on our company's audit during the last three years;
- (e) during the last three years, has not been part of an interlocking directorate in which an executive officer of our company, or any of its consolidated subsidiaries, served on the compensation committee of another company that concurrently employs the director;
- (f) is not, and has not been in the past three years, an executive officer or an employee of another company (exclusive of charitable organizations) that makes payments to, or receives payments from, our company, or any of its consolidated subsidiaries, for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1,000,000 or 2% of the consolidated gross revenues of such other company;

Table of Contents

- (g) has no immediate family member who is an executive officer of our company, or any of its consolidated subsidiaries;
- (h) has no immediate family member meeting any of the criteria set forth in (b) – (f); except with respect to item (d) in which case an immediate family member may be an employee (not a partner) of the independent auditor so long as such family member does not personally work on our company’s audit; and
- (i) has no other material relationship with our company, or any of its consolidated subsidiaries, either directly or as a partner, shareholder, director or officer of an organization that has a material relationship with our company or any of its consolidated subsidiaries. In determining director independence, immediate family member is defined as a spouse, parent, child, sibling, mother or father-in-law, son or daughter-in-law, brother or sister-in-law and anyone (other than a domestic employee) who shares the director’s home. Individuals who are no longer immediate family members as a result of legal separation or divorce, or those who have died or become incapacitated, are not taken into consideration when determining a director’s

independence. The Director Independence Criteria also require our Board to consider all relevant facts and circumstances, including a director’s commercial, industrial, banking, consulting, legal, accounting, familial and charitable relationships and such other criteria as our Board may determine from time to time.

In February 2013, the Board conducted an evaluation of director independence, based on the Director Independence Criteria, the New York Stock Exchange listing standards and applicable SEC rules and regulations. In connection with this review, the Board evaluated commercial, industrial, banking, consulting, legal, accounting and charitable relationships with each director or immediate family member and his or her related interests and our company and its subsidiaries, including those relationships described under “Transactions with Related Persons” below.

As a result of this evaluation, the Board affirmatively determined that all of the directors other than our Chairman and CEO, Don James, are independent directors under our Board’s Director Independence Criteria, the New York Stock Exchange listing standards and the applicable SEC rules and regulations.

DIRECTOR NOMINATION PROCESS

The Governance Committee considers director candidates recommended by our shareholders. Any shareholder wishing to recommend a candidate for election at the 2014 Annual Meeting must submit that recommendation in writing, addressed to the Governance Committee, in care of our Corporate Secretary, at 1200 Urban Center Drive, Birmingham, Alabama 35242, in accordance with the deadlines and procedures set forth in our by-laws. The notice should include the following:

The name and address of the shareholder who intends to make the nomination(s) and of the person or persons to be nominated;

A representation that the shareholder is a holder of record or a beneficial holder of stock entitled to vote at the meeting (including the number of shares the shareholder owns) and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice;

Edgar Filing: Vulcan Materials CO - Form PRE 14A

A description of all arrangements and understandings between the shareholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the shareholder;

Such other information regarding each nominee proposed by such shareholder as would have been required to be included in a proxy statement filed under the proxy rules of the SEC (whether or not such rules are applicable) had each nominee been nominated, or intended to be nominated, by our Board of Directors, including the candidate's name, biographical information, and qualifications; and

The written consent of each nominee to serve as a director if so elected.

The Governance Committee will identify nominees by first evaluating the current members of our Board willing to continue service. Current members of our Board with skills and experience that are relevant to our business and who are willing to continue in service are considered for nomination, balancing the value of continuity of service by existing members of our Board with the potential benefits of obtaining new Board members. If any member of the Board does not wish to continue in service or if the Governance Committee or the Board decides not to nominate a current Board member for reelection, the Governance Committee may identify the desired skills and experience for a new nominee in light of the above criteria. Directors and members of management also may suggest candidates for Board service. Timely recommendations by our shareholders will receive equal consideration by the Governance Committee. In some cases, the committee engages, for a fee, the services of a third-party executive search firm to assist it in identifying and evaluating nominees for director.

BOARD LEADERSHIP STRUCTURE

Our Board understands the importance of evaluating and determining the optimal leadership structure so as to provide independent oversight of management. Our Board also understands that there is no single, generally accepted approach to providing Board leadership and that given the dynamic and competitive environment in which we operate, the right Board leadership structure may vary from time to time. For this reason, our Board does not have a policy with respect to the separation of the offices of Chairman of the Board and Chief Executive Officer. The Board has determined that our company should have the flexibility to combine or separate these functions as circumstances deem appropriate. The Board believes that it is in the best interests of our company and its shareholders to have Don James serve as our Chairman of the Board and CEO, at this time. In addition, our Corporate Governance Guidelines provide for an independent lead director of the Board, a position elected annually from among the independent directors on our Board.

Our Board believes that there are a number of advantages to consolidating the positions of Chairman and CEO, including the following:

Mr. James, with 20 years of experience with our company, including 15 years of experience as CEO, has led the company through various economic cycles, has the knowledge, expertise and experience to understand the opportunities and challenges facing our company and is most capable of identifying strategic priorities and opportunities. He also has the leadership and management skills to promote and execute our values and strategy;

Consolidating the positions allows Mr. James to lead board discussions regarding our business and strategy, and provides decisive and effective leadership for our company, eliminating the potential for confusion;

Combining the positions creates a firm link between management and the Board that promotes the development and implementation of our corporate strategy; and

Consolidating the positions allows timely communication with our Board on critical business matters.

Based on these advantages and the factors listed below, our Board has determined that this leadership structure is optimal for our company at this time.

In considering its leadership structure, our Board has taken a number of additional factors into account. The Board, which consists exclusively of independent directors other than Mr. James and all of whom are highly qualified and experienced, exercise a strong independent oversight function. This oversight function is enhanced by the fact that all of the Board's committees, other than the Executive Committee, are comprised entirely of independent directors. Most significantly, our Corporate Governance Guidelines provide for an independent lead director, a position which is elected annually from among the independent directors of our Board. Among other things, the lead director is responsible for:

presiding at all meetings or sessions of meetings of the Board at which the Chairman is not present, including at executive sessions of the non-management and independent directors;

serving as liaison between the Chairman and the non-management and independent directors;

approving Board meeting schedules to assure that there is sufficient time for discussion of all agenda items, as well as meeting agendas and information sent to the Board;

having authority to call meetings of the non-management and independent directors; and

if requested by major shareholders, ensuring that he or she is available for consultation and direct communication.

Our Board believes that these factors provide the appropriate balance between the authority of those who oversee our company and those who manage it on a day-to-day basis. For additional information regarding how oversight is exercised and how the Board receives information from our committees performing risk management and oversight functions, see [Risk Management](#) on page 26.

NON-MANAGEMENT EXECUTIVE SESSIONS AND LEAD DIRECTOR

Our Board of Directors has adopted a policy relating to non-management executive sessions. Under this policy, the Board of Directors meets at each regularly scheduled Board meeting in an executive session in which management directors and other members of management are not present. During 2012, the non-management directors met in executive session five times.

The Board annually elects a lead director from among the independent directors. The duties of the lead director are delineated in our Corporate Governance Guidelines, which are available on our website at www.vulcanmaterials.com. Phillip W. Farmer currently serves as the lead director.

MEETINGS AND ATTENDANCE

Our Board held eleven meetings, either in person or by written consent, in 2012, and each director attended more than 75% of the total number of meetings of the Board and meetings of the committees of which he or she was a member.

Edgar Filing: Vulcan Materials CO - Form PRE 14A

All of the Board Committees, other than the Executive Committee, are composed entirely of independent, non-management directors.

EXECUTIVE COMMITTEE

The Executive Committee has the same powers as our Board of Directors, except as limited by the New Jersey Business Corporation Act. Pursuant to its charter, the Executive Committee's primary function is to exercise the powers of the Board of Directors on urgent matters arising between regularly scheduled board meetings when a quorum of the full Board is not available. Members of the Executive Committee are Messrs. James (Chair), Franklin, McGregor, O'Brien, Rice and Ms. Korologos.

AUDIT COMMITTEE

The Audit Committee advises our Board and management from time to time with respect to internal controls, financial systems and procedures, accounting policies and other significant aspects of our company's financial management. Pursuant to its charter, the Audit Committee selects our company's independent registered public accounting firm and oversees the arrangements for, and approves the scope of, the audits to be performed by the independent registered public accounting firm. The Audit Committee's primary responsibilities under its written charter include the following:

Hiring, evaluating and, when appropriate, replacing the independent registered public accounting firm, whose duty it is to audit our books and accounts and our internal control over financial reporting for the fiscal year in which it is appointed;

Table of Contents

Determining the compensation to be paid to the independent registered public accounting firm and, in its sole discretion, approving all audit and engagement fees and terms and pre-approving all auditing and non-auditing services of such firm, other than certain *de minimis* non-audit services;

Reviewing and discussing with management, the independent registered public accounting firm and internal auditors our internal reporting, audit procedures and the adequacy and effectiveness of our disclosure controls and procedures;

Reviewing and discussing with management and the independent registered public accounting firm the audited financial statements to be included in our Annual Report on Form 10-K, the quarterly financial statements to be included in our Quarterly Reports on Form 10-Q, our disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations, and the selection, application and disclosure of accounting policies used in our financial statements;

Reviewing and discussing with management quarterly earnings press releases and financial information and earnings guidance provided to analysts and rating agencies; and

Reviewing and reassessing the adequacy of the Audit Committee Charter adopted by our Board of Directors, and recommending proposed changes to our Board of Directors.

In addition, the Audit Committee is responsible for reviewing and discussing with management our company's policies with respect to risk assessment and risk management. Further information about the role of the Audit Committee in risk assessment and risk management are included in the section entitled Risk Management.

The Audit Committee has established policies and procedures for the pre-approval of all services by the independent registered public accounting firm. See Pre-Approval of Services Performed by Independent Registered Accounting Firm on page 29 for more information.

The Audit Committee has also established procedures for the receipt, retention and treatment, on a confidential basis, of complaints received by our company regarding its accounting, internal controls and auditing matters. See Policy on Reporting of Concerns regarding Accounting Matters on page 27 for more information.

The members of the Audit Committee are Messrs. O'Brien (Chair), Farmer, McGregor and Trosino. All members of our Audit Committee are non-management directors. Our Board of Directors has determined that each is independent and financially literate within the meaning of the listing standards of the New York Stock Exchange, SEC rules and regulations, and the Director Independence Criteria adopted by our Board of Directors and posted on our website at www.vulcanmaterials.com under Investor Relations. In addition, our Board has determined that Mr. O'Brien is an audit committee financial expert as defined by rules adopted

by the SEC. More details about the role of the Audit Committee may be found in the Report of the Audit Committee on page 28 of this proxy statement.

COMPENSATION COMMITTEE

The Compensation Committee determines and oversees the execution of our company's executive compensation philosophy, and oversees the administration of our company's executive compensation plans.

The Compensation Committee is responsible for, among other things:

determining and setting the amount of compensation paid to each of our executive officers, including the CEO, senior corporate officers and heads of our regional business units;

Edgar Filing: Vulcan Materials CO - Form PRE 14A

reviewing compensation plans relating to our officers;

interpreting and administering the Executive Incentive Plan and the 2006 Omnibus Long-Term Incentive Plan; and

making recommendations to the Board with respect to compensation paid by our company to any director.

The Compensation Committee also reviews and discusses with management the Compensation Discussion and Analysis required by SEC rules to be included in our proxy statement.

The Compensation Committee has engaged Compensation Strategies, Inc. as its independent compensation consultant. For a description of the process undertaken by the Compensation Committee to set compensation and the role of Compensation Strategies in that process, please refer to the section entitled "Compensation Discussion and Analysis" in this proxy statement.

The members of the Compensation Committee are Dr. Rice (Chair), and Messrs. Franklin, Prokopanko and Styslinger. The Compensation Committee is composed solely of non-management directors who are independent within the meaning of the listing standards of the New York Stock Exchange, SEC rules and regulations and the Board's Director Independence Criteria. In addition, each Compensation Committee member is a nonemployee director as defined in Rule 16b-3 under the Securities Exchange Act of 1934, and is an outside director as defined in Section 162(m) of the Internal Revenue Code.

GOVERNANCE COMMITTEE

The Governance Committee is responsible for reviewing and assessing our policies and practices relating to corporate governance, including our Corporate Governance Guidelines. The Governance Committee also plans for the succession of the CEO and other senior executives. In addition, the Governance Committee serves as the nominating committee and is responsible for identifying and assessing director candidates, including making recommendations to our Board regarding such candidates. In fulfilling its responsibilities, the Governance Committee, among other things:

identifies individuals qualified to become Board members consistent with criteria established in its charter;

Table of Contents

recommends to our Board director nominees for the next Annual Meeting of shareholders; and

evaluates individuals suggested by shareholders as director nominees.

The directors are responsible for overseeing our company's business consistent with their fiduciary duty to our shareholders. The Board and the Governance Committee consider the qualifications of directors and director candidates individually and in the broader context of the Board's overall composition and our company's current and future needs.

In recommending director candidates to the Board, the Governance Committee considers all of the factors listed under Director Qualifications set forth in this proxy statement.

The Governance Committee believes it appropriate for at least one member of the Board to meet the criteria for an audit committee financial expert as defined by the SEC rules, and that a substantial majority of the members of the Board meet the definition of independent as defined by the listing standards of the New York Stock Exchange, SEC rules and regulations and the Board's Director Independence Criteria.

The Governance Committee also reviews our Board's committee structure and recommends to our Board, for its approval, directors to serve as members of each committee. The Governance Committee also is responsible for overseeing the evaluations of the Board and its committees.

Members of the Governance Committee are Ms. Korologos (Chair), and Messrs. Farmer, Prokopanko and Rice. The Governance Committee is composed solely of non-management directors who are independent within the meaning of the listing standards of the New York Stock Exchange, SEC rules and regulations and the Board's Director Independence Criteria.

SAFETY, HEALTH AND ENVIRONMENTAL AFFAIRS COMMITTEE

The Safety, Health and Environmental Affairs Committee has the responsibility for reviewing our policies, practices and

programs with respect to the management of safety, health and environmental affairs. It also monitors our compliance with safety, health and environmental laws and regulations. Every member of this Committee is a non-management director who is independent within the meaning of the listing standards of the New York Stock Exchange, SEC rules and regulations and the Board's Director Independence Criteria. Members of the Safety, Health and Environmental Affairs Committee are Mr. Franklin (Chair), Ms. Korologos, Mr. O'Brien and Ms. Wilson-Thompson.

FINANCE COMMITTEE

The Finance Committee has responsibility for overseeing our financial policies. It recommends to our Board financial policies and actions to accommodate our goals and operating strategies while maintaining a sound financial condition. Its functions include keeping informed about our financial condition, recommending a dividend policy, reviewing and recommending changes in the quarterly dividend payments, and evaluating and making recommendations concerning the appropriate mix of debt and equity, incurrence of long-term debt, and changes in the authorized limit of short-term debt. The Finance Committee also is responsible for overseeing the funding and management of assets for pension plans sponsored by our company. To fulfill these functions, it establishes funding policies and methods consistent with pension plan objectives and the Employee Retirement Income Security Act of 1974, as amended, selects and removes investment managers, and appoints trustees for the pension plans. Every member of this Committee is a non-management director who is independent within the meaning of the listing standards of the New York Stock Exchange, SEC rules and regulations and the Board's Director Independence Criteria. Members of the Finance Committee are Mr. McGregor (Chair), Messrs. Stysliger, Trosino and Ms. Wilson-Thompson.

RISK MANAGEMENT

Edgar Filing: Vulcan Materials CO - Form PRE 14A

Although the Board of Directors has the ultimate oversight responsibility for the risk management process, various committees of the Board assist the Board in fulfilling its oversight responsibilities in certain areas of risk. In particular, the Audit Committee focuses on financial risk, including internal controls, and discusses with management, the internal auditors, and our independent registered public accounting firm our company's policies with respect to risk assessment and risk management. Our Audit Committee also assists the Board in fulfilling its duties and oversight responsibilities relating to our company's compliance and ethics programs. In addition, our Safety, Health and Environmental Affairs Committee assists the Board in fulfilling its responsibilities with respect to monitoring operational risks and compliance with safety, health and environmental laws and regulations and

works closely with our company's legal and regulatory groups. The Compensation Committee also assists the Board in fulfilling its oversight responsibilities to create long-term value for our company, while discouraging behavior that leads to excessive risk taking. Finally, the Finance Committee assists the Board in managing risk relating to investment of the pension funds assets and debt/leverage risks. The Board is kept informed of its Committees' risk oversight and other activities through reports of the Committees' chairs to the Board. These reports are presented at Board meetings and include discussions of Committee agenda topics. The Board also considers specific risk topics, including risks associated with our strategic plan, our capital structure and our development activities.

Table of Contents

Our company's management is responsible for day-to-day risk management. Our legal; safety, health and environmental (SHE); risk management; and internal audit areas serve as the primary monitoring and testing function of policies and procedures and manage the oversight of risk management for the company as a whole.

We believe the division of risk management responsibilities described above is an effective approach for addressing the risks facing our company and that our Board structure supports this approach.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board is responsible for, among other things, reviewing our company's financial statements with management and our company's independent registered public accounting firm. The Audit Committee acts under a written charter which is available on our website at www.vulcanmaterials.com. Each member of the Audit Committee is an independent director as determined by our Board, based on the requirements of the New York Stock Exchange, the SEC and our Board's Director Independence Criteria.

Our company's management has the primary responsibility for our company's financial statements and financial reporting process, including the system of internal controls. Deloitte & Touche LLP, our independent registered public accounting firm, is responsible for expressing an opinion on the conformity of our company's audited financial statements with generally accepted accounting principles. Our independent registered public accounting firm also audits, in accordance with the standards of the Public Company Accounting Oversight Board (the PCAOB), the effectiveness of our company's internal control over financial reporting. The Audit Committee is responsible for monitoring and overseeing these processes.

In this context, the Audit Committee has reviewed and discussed our company's audited financial statements with management and the independent registered public accounting firm. The Audit Committee has discussed with the

independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees) as amended. In addition, the Audit Committee has received from the independent registered public accounting firm the written disclosures and letter required by the applicable requirements of the PCAOB regarding the independent accountant's communications with the Audit Committee concerning independence, and discussed with the independent accountant its independence. The Audit Committee has also considered whether the independent registered public accounting firm's provision of any non-audit services is compatible with the firm's independence. The Audit Committee has concluded that the independent registered public accounting firm is independent from our company and management.

Based on the reviews and discussions noted above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in our company's Annual Report on Form 10-K for the year ended December 31, 2012, for filing with the SEC.

(2) Consists of fees for the audits of our employee benefit plans and accounting consultations relating to various asset sale transactions.

(3) Consists of fees for services related to state tax audits, credits and refund claims.

PRE-APPROVAL OF SERVICES PERFORMED BY INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has policies and procedures that require the pre-approval by the Audit Committee of all fees paid to, and all services performed by, our company's independent registered public accounting firm. At the beginning of each year, the Audit Committee approves the proposed services, including the nature, type and scope of services contemplated and the related fees, to be rendered by the independent registered public accounting firm during the year.

During the year, circumstances may arise when it may become necessary to engage the independent registered public accounting firm for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging the independent registered public accounting firm.

The Audit Committee has delegated pre-approval authority to the Chair of the Audit Committee for those instances when pre-approval is needed prior to a scheduled Audit Committee meeting. The Chair of the Audit Committee must report on such approvals at the next scheduled Audit Committee meeting. The Audit Committee pre-approved all audit, audit-related, tax and other services performed by Deloitte & Touche LLP during the fiscal year ended December 31, 2012.

No audit-related, tax or other services were rendered in 2012 pursuant to the de minimis exception to the pre-approval requirement set forth in the Securities Exchange Act Rule 2-01(c)(7)(i)(C).

COMPENSATION DISCUSSION AND ANALYSIS

EXECUTIVE SUMMARY

In our Corporate Mission Statement, we state that our success is dependent upon the talent, dedication and performance of all employees. Therefore, our compensation program for our NEOs is intended to motivate them to achieve our strategic goals and operational plans and to provide competitive levels of rewards for doing so. To encourage and reward superior performance, we have linked a substantial portion of our NEOs' 2012 compensation to our performance as measured by Earnings Before Interest, Taxes, Depreciation

and Amortization (EBITDA), and total shareholder return (TSR) of our company's common stock relative to the TSR of the companies that comprise the S&P 500 index. (See Annex C for a reconciliation of non-GAAP financial measures to our results reported under GAAP). As shown below, over 77% of the target 2012 compensation of our CEO and over 64% of the 2012 target compensation of our other NEOs is linked to our company's performance.

The total compensation for each NEO is reviewed annually and is based on

individual performance

recent and long-term company performance

competitive or market levels of compensation

Vulcan's executive compensation program is centered on a pay-for-performance philosophy which aligns executive compensation with shareholder value. In 2012, the company's performance was affected by the challenging economic environment and continued slow economic recovery in the construction industry. As detailed below, and earlier in this proxy statement (on page 14), our Compensation Committee has taken several actions to adjust executive compensation to reflect the company's performance during the economic downturn, ensuring that executive compensation levels are well aligned with shareholders' interests.

2012 COMPENSATION HIGHLIGHTS

At our Annual Meeting of Shareholders held in June 2012, an overwhelming majority (93.5%) of the votes cast on the say-on-pay proposal at the meeting were voted in favor of the proposal. The Compensation Committee believes this vote affirmed our shareholders' support of our approach to executive compensation and, therefore, the Compensation Committee did not significantly change its approach in 2012. However, the Compensation Committee adjusted the mix of 2012 long-term awards to link a greater portion of the NEOs' compensation to measurable financial performance. The Compensation Committee will continue to consider the outcome of the company's say-on-pay votes when making future compensation decisions for our NEOs.

Table of Contents

The following illustrates how we aligned our compensation practices with our goals and results in 2012:

Froze the base salary of the CEO and all but one of the other NEOs for 2012;

Paid cash bonuses to the CEO and other NEOs in March 2013 for improved 2012 EBITDA performance based on pre-established targets. These payments for the CEO and three other NEOs were the first cash bonuses since fiscal year 2007;

Granted long-term equity opportunities for the CEO and other NEOs exclusively in the form of performance-based PSUs. Payouts will be based on the company's total shareholder return (TSR) performance relative to the companies that comprise the S&P 500 index; and

2012 COMPENSATION COMMITTEE ACTIONS

COMPENSATION ELEMENT	ACTION	OUR NORMAL PRACTICE	REASON FOR ACTION
Base salary	Our CEO was not given a salary increase. One NEO received a promotional increase of 6.1%. The remaining NEOs were not given a salary increase.	Normally we grant our NEOs a market competitive level of salary increase, based upon company performance, individual performance and the prevailing economic environment.	In February 2012, based on market information reported for executive merit increases and guidance from the Compensation Committee's independent compensation consultant, the Compensation Committee concluded that it would not be appropriate to increase NEO base salaries, except for one NEO who was promoted.
Annual performance-based bonus	Cash bonuses were paid to the CEO and each NEO based on 2012 company performance against pre-established targets.	Normally reflects competitive practice, company performance and individual performance.	Based on improving company performance as measured by EBITDA, cash bonuses were earned for 2012 company performance (paid in 2013).
Long-term equity-based incentive awards	The CEO was granted a long-term incentive (LTI) award slightly below the median competitive level. Three other of the NEOs were granted LTI awards valued somewhat above median competitive levels. One NEO was granted an LTI award at median level.	Normally we grant LTI awards at median competitive levels. The Compensation Committee also considers the total compensation level in actual awards.	Three of the NEOs received enhanced performance-based awards (in the form of PSUs). The Compensation Committee believed these enhanced awards were appropriate to maintain competitive compensation and for retention.

COMPENSATION PHILOSOPHY

The dedication and performance of our employees, including our NEOs, enable us to accomplish our corporate goals. Our compensation program for our NEOs is intended to motivate them to achieve our strategic goals and operational plans while adhering to our high ethical business standards. We attempt to motivate the NEOs by:

keeping our salaries and benefits competitive with industrial companies of similar size, enabling us to hire and retain individuals of the highest caliber and to discourage them from seeking other employment opportunities;
paying short-term cash bonuses based upon company financial performance and individual performance;

linking a meaningful portion of compensation to our company's measurable performance through the use of PSUs;

motivating, recognizing, and rewarding individual excellence; and

paying a meaningful portion of total compensation in our stock and encouraging significant stock accumulation to align the interests of our management with those of shareholders.

COMPENSATION COMMITTEE: ROLES AND RESPONSIBILITIES

The Compensation Committee, which is composed entirely of independent directors, administers our executive compensation program in accordance with the Compensation Committee's charter. The current charter is available on our website at www.vulcanmaterials.com. The role of the Compensation Committee is to:

annually review and approve corporate goals and objectives relevant to the compensation of our CEO and then:

evaluate the CEO's performance relative to these goals and objectives,

set the CEO's compensation levels based on this evaluation,
report the Compensation Committee's decisions to the full Board of Directors;

Edgar Filing: Vulcan Materials CO - Form PRE 14A

determine and set base salary and awards made to NEOs under our incentive compensation plans and equity-based plans;

administer our Executive Incentive Plan (EIP) and 2006 Omnibus Long-Term Incentive Plan (Omnibus Plan);

report to the Board its approval or disapproval of management's recommendations for material changes in existing retirement and benefit plans applicable to the NEOs; and

make regular reports to the Board, including an annual report, explaining its determination of compensation levels for the CEO and the other NEOs.

Our NEOs for 2012 were:

Don James	Chairman and Chief Executive Officer
Dan Sansone	Executive Vice President and Chief Financial Officer
Danny Shepherd	Executive Vice President and Chief Operating Officer
John McPherson	Senior Vice President, East Region
Bob Wason	Senior Advisor to Executive Team
Alan Wessel ⁽¹⁾	Senior Vice President, West Region

(1) Mr. Wessel retired effective February 1, 2013.

When making executive compensation decisions, the Compensation Committee reviews compensation tally sheets that show the CEO's and the other NEOs' total compensation. Each of these tally sheets presents the dollar value of target

and actual compensation for the NEOs broken out into 1) base salary, 2) annual performance-based bonus, and 3) long-term equity-based incentive awards.

COMPENSATION CONSULTANT

As stated in its charter, the Compensation Committee is authorized to retain external advisors and consultants at the company's expense. In 2012, the Compensation Committee engaged Compensation Strategies, Inc. (CSI) as its independent compensation consultant. CSI acts at the direction of, and reports to, the Compensation Committee, although it meets with management from time to time to discuss compensation initiatives and issues. Outside of its direct engagement by the Compensation Committee as the independent consultant to the Compensation Committee with respect to executive compensation matters, CSI does not provide other services to our company.

In our compensation engagement, CSI

conducts periodic comprehensive studies of executive compensation and makes recommendations regarding the components of executive compensation, including target levels for 1) base salary, 2) annual performance-based bonus, 3) long-term equity-based incentive awards, and 4) change-in-control protections;

advises the Compensation Committee regarding competitive practices, the design of new programs and new laws, rules, and regulations relating to executive compensation; and

prepares an annual study of board compensation and makes recommendations to the Compensation Committee.

In 2012, CSI

provided the Compensation Committee with observations on the relative competitiveness of our compensation programs with comparable companies (based upon its review of the various components of market data set forth above);

provided its recommendations with respect to Board compensation, as well as its advice on regulatory compliance and development of new programs; and

conducted an executive market study to ensure that our compensation programs are reasonable and competitive.

Representatives of CSI attended three meetings of the Compensation Committee in 2012 and participated in an executive session of the Compensation Committee at which time the compensation of our CEO, Don James, was determined. Mr. James did not attend this executive session.

In 2012, we paid CSI \$90,600 in connection with executive compensation consulting services. The Compensation Committee considered any relationships that CSI has had with the company, the members of the Compensation Committee and our executive officers as well as the policies CSI has in place to maintain its independence and objectivity and determined that CSI's work as the Compensation Committee's compensation consultant in 2012 did not raise any conflicts of interest.

BENCHMARKING TOTAL COMPENSATION

For compensation decisions made in February 2012, we conducted a benchmarking study and analysis of total compensation in December 2011. As a part of this study, total direct compensation paid to our CEO and other NEOs was benchmarked against a composite group of companies (comparison group). By use of statistical regression analysis, compensation data from that group is adjusted to reflect the size of our company. The benchmarking data is used to determine market-based (median) levels for the three principal elements of compensation: 1) base salary, 2) annual performance-based cash bonus and 3) long-term equity-based incentive awards. With the assistance of CSI, the Compensation Committee also annually reviews the composition of the comparison group to ensure that included companies continue to be relevant for comparative purposes.

The total compensation for each NEO is reviewed annually and is based on:

recent and long-term company performance;

performance of certain business units;

individual performance; and

competitive or market levels of compensation.

The comparison group was composed of 23 companies from the following industries: Construction Materials; Building Products; Construction Equipment; Engineering & Construction; Forest Products; Coal Mining; Metals Mining; and Metal Producers/Manufacturers, as set forth in the following table. The company's assets and market capitalization are in the mid-range of the group.

Table of Contents

CONSOL Energy Inc.	Masco Corporation	Sherwin-Williams Company
Cummins Inc.	Massey Energy Company	Stanley Black & Decker, Inc.

Granite Construction Inc.	Nucor Corporation	U.S. Steel Corporation
Jacobs Engineering Group Inc.	PPG Industries, Inc.	Weyerhaeuser Company
Louisiana-Pacific Corporation	Peabody Energy Corporation	

In addition, CSI conducted an executive market study (using survey data from Aon Hewitt and Towers Watson) that compared the compensation payable to our NEOs to the compensation payable to similarly situated officers among U.S. manufacturing companies with revenues between \$1 billion and \$4.9 billion.

Taking into account CSI's analysis of the comparison group and the Aon Hewitt and Towers Watson survey data, the Compensation Committee determined the 25th, median, and 75th percentiles of compensation relative to its peers. For each of the NEOs, we seek to provide target compensation at the median level indicated by this analysis, because it allows us to attract and retain employees and helps us to manage the overall cost of our compensation program. Each element of our compensation program is set forth below, with an explanation of the factors the Compensation Committee

considered in making the awards. Based on the results of the competitive benchmarking, we have established short-term and long-term target levels for each of the NEOs.

Base salary, short-term incentive opportunity and long-term incentive opportunity are targeted at the median competitive levels. For both short-term and long-term incentives, these levels are expressed as a percentage of base salary. The target award percentages vary by position and level of responsibility. In our view, as the level of responsibility for an executive increases, so should the reward/risk of increased or decreased total compensation. We achieve this balance through higher target levels of short-term performance-based bonuses and long-term equity awards, the actual payment of which will vary with the performance of our company.

THE ROLE OF THE CEO IN THE COMPENSATION DETERMINATION PROCESS

The CEO is responsible for conducting an annual performance evaluation of each of the other NEOs. The evaluations take into account such items, among others, as the:

financial performance of the business unit or function for which the executive officer is responsible;

Edgar Filing: Vulcan Materials CO - Form PRE 14A

effective development of management talent and succession planning;

safety, health and environmental performance;

effective management of our company's natural resources; and

adherence to our company's mission and values.

In addition, the CEO can request input from CSI regarding competitive practices. Based on the foregoing and the results of the competitive benchmarking report, the CEO makes a recommendation to the Compensation Committee for the compensation of each of the other NEOs, broken out into:

base salary;

annual performance-based bonus; and

long-term equity-based incentive awards.

The Compensation Committee meets to discuss and consider the recommendations of the CEO as well as the compensation information described above and then sets the compensation of the NEOs. The CEO participates in these meetings. While the Compensation Committee gives appropriate consideration to the information presented by the CEO, the Compensation Committee may adjust the recommendations and set the compensation for the other NEOs based on its review of the relevant compensation information and considerations.

In executive session (excluding the CEO), the Compensation Committee separately reviews the performance of the CEO and determines his compensation, including his base salary, annual performance-based bonus, and long-term equity-based incentive awards. In setting such compensation, the Compensation Committee takes into account the recommendations made by CSI. After the Compensation Committee has determined the total compensation for the CEO, the Chair of the Compensation Committee presents the CEO's overall compensation package to the entire Board of Directors for ratification.

Table of Contents

THE ROLE OF INDIVIDUAL PERFORMANCE IN THE COMPENSATION DETERMINATION PROCESS

In addition to the consideration of company performance and competitive market-based pay, the individual performance of each NEO is considered in determining his base salary and the annual bonus. The Committee reviews a performance report for each NEO that is prepared by management. The performance of each NEO, including the CEO, is based primarily on how well the NEO achieves a set of pre-established goals during the year. Following are the notable accomplishments of each NEO in 2012.

2012 NEO INDIVIDUAL ACCOMPLISHMENTS

Don James

Led the company to achieve performance which resulted in total shareholder return of 32% for the year.

Led the company to a \$59 million increase in adjusted EBITDA (a 17% increase over 2011).

Consistent with established strategy, closed on the sale of \$174 million of assets, including the monetization of future revenues through an arrangement with a tax-advantaged REIT. These transactions generated a gain of \$65 million of additional EBITDA (an increase of 23%).

Directed the restructuring of the company to achieve overhead reductions of more than \$31 million (an 11% decrease) and to provide developmental experiences for several high potential managers.

Achieved the second best OSHA/MSHA injury rate performance in the history of the company and the best ever performance with regard to environmental compliance.

Through the restructuring mentioned above and affirmative steps to provide new and expanded responsibilities to high potential executives, furthered the senior management succession planning process in anticipation of significant management realignment over the coming years.

Dan Sansone

Redesigned and implemented a streamlined finance organization to support the company and to provide efficient support and analytical services to the management team.

Successfully completed the 2012 phase of the company's multi-year systems and process replacement program, achieving targeted cost savings.

Edgar Filing: Vulcan Materials CO - Form PRE 14A

Led the support team for the Profit Enhancement Plan and asset acquisition and divestiture initiatives, including the tax-advantaged REIT-based transaction mentioned above.

Enhanced banking relationships to further assure support for our capital structure and capital market strategies.

Danny Shepherd

Led operations to achieve a significant improvement in financial results.

Along with leadership from John McPherson, led and drove Profit Enhancement Plan which resulted in over \$31 million in cost reductions (an 11% decrease) and positioned the organization to achieve run rate savings of \$100 million by mid-2013.

Focused the organization on continuous improvement in safety, health and environmental performance, achieving the second-best safety performance in the history of the company and the best level of environmental compliance in the history of the company.

Along with leadership from John McPherson, led in developing and implementing transactions which resulted in significant strategic acquisitions and divestitures and in the success of the REIT based transaction described above.

Supported the senior management succession planning activity by coaching and further developing the capabilities of high potential executives.

John McPherson

Led the design and implementation of asset divestiture and savings initiatives, including providing leadership for the successful Profit Enhancement Plan.

Provided thought and implementation leadership for the REIT-based transaction mentioned above.

Reduced the cost of providing market support services to the business units while maintaining or improving the effectiveness of services provided.

In October, Mr. McPherson was assigned the role of Senior Vice President, East, providing line leadership to the company's East region.

Bob Wason

Led the development and implementation of the company's legal strategies, successfully supporting the company's interest throughout the year.

Provided effective leadership to the legal staff and outside legal support.

Reduced ongoing costs of providing legal support services.

Alan Wessel

Edgar Filing: Vulcan Materials CO - Form PRE 14A

Led the West Region to the successful implementation of significant asset divestitures.

Led the West Region to historically low incidences of work related injuries.

Improved the performance of the ready-mix concrete business in the Arizona operations.

Represented the company as a board member of an important national trade association.

Table of Contents

ELEMENTS OF COMPENSATION

Our elements of compensation, all of which are discussed in greater detail below, include:

Base salary

Short-term performance-based bonus

Long-term equity-based incentives

Benefits and perquisites

Change-in-control protections

Retirement and pension benefits.

BASE SALARY

The base salary element of our compensation program is designed to be competitive for compensation paid to similarly-situated, competent, and skilled executives. The Compensation Committee uses the information and procedures described above to set base salaries based on each individual's performance, contribution to business results, and market compensation. The Compensation Committee determines if base salary increases are appropriate for our NEOs after considering

The NEO's *pattern of achievement* for performance relative to the pre-established goals and objectives in his area(s) of responsibility;

The overall *managerial effectiveness* for planning, personnel development, communications, regulatory compliance and similar matters;

Competitive *pay levels for similarly situated executives* set forth in the compensation surveys and our comparison group, set forth in the table on page 38;

Marketplace *trends in salary increases*;

The NEO's *potential for future contributions to the organization*, retention risks, fairness in view of our overall salary increases, and the ability of our company to pay the increased salaries; and

The *economic* environment and its impact on the company.

We annually review the base salaries of the NEOs and also at the time of a promotion or change in responsibilities. To ensure the salaries paid to our NEOs are competitive relative to the marketplace, the Compensation Committee reviews the compensation analysis and data from Aon Hewitt and Towers Watson and our comparison group. This analysis serves as a starting point for evaluating appropriate levels of base salary. We generally target the 50th percentile of the market as determined by our competitive market analysis, which we believe is the appropriate level for ensuring the competitiveness of our compensation. This benchmark is determined by the procedures described above and serves as a starting point for evaluating appropriate levels of base salary.

However, the Compensation Committee has determined that Mr. James' experience, performance and tenure in his position warrant a base salary that is somewhat higher than the 50th percentile for chief executive officers in our competitive market analysis. Increases in salaries are discretionary, based on the nature and responsibilities of the position, individual performance, changes in the market compensation levels and the other factors set forth above. Mr. James' base salary has not increased since February 2008 in light of the difficult economic environment. During 2012, only one NEO (Mr. Wessel) received an increase in base salary.

The base salaries paid to our NEOs for 2012, 2011 and 2010 are set forth in the Summary Compensation Table on page 45 in the Salary column.

To further our goal of aligning the executives' interests with those of our shareholders, we generally reward superior performance through our bonus program and long-term equity-based incentives rather than through base salary.

SHORT-TERM CASH BONUS

Our short-term cash bonus incentive program is designed to motivate our executives, including the NEOs, and reward them with cash payments for achieving quantifiable near-term business results. The goal of this program is to link performance to payment and to reward behaviors that create value for our shareholders. We do this by comparing financial results to pre-established objective performance targets. Payment of the bonus is based on the overall performance of our company, the performance of specific business units and the performance of the NEO.

We set the target bonus opportunity for our NEOs at competitive market levels consistent with similarly situated executives in our comparison group and in the compensation surveys. The target bonus opportunity is expressed as a percentage of base salary. Corporate performance at target levels is intended to yield a bonus for each NEO at a level approximately equal to the median level indicated in the compensation study with respect to similarly situated executive officers.

MEETING THE MINIMUM PERFORMANCE THRESHOLD UNDER THE EXECUTIVE INCENTIVE PLAN (EIP)

We pay short-term incentives to our NEOs under the shareholder-approved Executive Incentive Plan (EIP) which is intended to yield cash bonus payments that constitute qualified performance-based compensation under Section 162(m) of the Internal Revenue Code. In order for the NEOs to be eligible to receive a bonus, the company must attain a minimum performance threshold for the year, as established by the Compensation Committee. For 2012, the minimum threshold was either: (1) cash earnings in the amount of \$200 million; or (2) EBITDA in the amount of \$350 million.

Table of Contents

If the Compensation Committee determines that the minimum performance thresholds are met, our NEOs may receive a bonus earned under the EIP, subject to the Compensation Committee's discretion to adjust the bonus downward. In determining the downward adjustment (if any) the Compensation Committee may use a pre-established objective formula and other financial or non-financial factors, such as individual performance. In 2012, company performance exceeded both of the established minimum thresholds.

DETERMINING BONUS PAYABLE

The Compensation Committee establishes the level of performance required to earn a cash bonus at threshold,

target and maximum levels, and applies straight-line interpolation for determining potential payouts for performance that falls between such levels. The Compensation Committee based 2012 performance goals on EBITDA. The target EBITDA was based on performance during the preceding three years, weighted most heavily on the most recent performance. The Compensation Committee determined to pay cash bonuses for 2012 performance (as reflected in the table below) based on adjusted EBITDA of \$411 million, which was \$32.1 million above the target EBITDA of \$378.9 million, and in consideration of gains on certain asset sales. These bonus payments were made pursuant to a previously established payout schedule. (See Annex C for a reconciliation of non-GAAP financial measures to our results reported under GAAP).

The table below shows for each NEO the target bonus expressed as a percentage of base salary, the maximum bonus payable under the EIP and the actual cash bonus paid to each NEO based on 2012 performance.

TARGET AND ACTUAL BONUS

	Amount of Target Bonus Expressed as a Percentage of Base Salary	Maximum Bonus Per EIP ⁽¹⁾	Cash Bonus Paid for 2012 Performance
Don James	100%	\$ 5,000,000	\$ 1,600,000
Dan Sansone	75%	1,620,000	550,000
Danny Shepherd	75%	1,620,000	550,000
John McPherson	60%	1,080,000	360,000
Bob Wason	60%	965,000	308,254
Alan Wessel	60%	1,015,000	415,000

(1) Per the EIP, no payment may exceed \$7,000,000 in any year to any participant. The amounts in this column equal the lesser of \$7,000,000 or 4 times the target bonus.

LONG-TERM EQUITY-BASED INCENTIVES

Our long-term equity-based incentive compensation program rewards the NEOs based on the future performance of our company, by providing potentially significant payments relative to creating value for our shareholders. The goals of the long-term incentive program are to:

ensure executive officers' financial interests are aligned with our shareholders' interests;

motivate financial performance over the long-term;

recognize and reward superior financial performance of our company;

provide a retention element to our compensation program; and

promote compliance with the stock ownership guidelines for executives.

2012 LONG-TERM INCENTIVE GRANTS. The Compensation Committee has established a standard percentage of each NEO's base salary to be used when making a long-term award to each NEO. The standard percentage is based primarily upon the compensation analysis described in the section entitled "Benchmarking Total Compensation" above. The Compensation Committee sets the standard at approximately the 50th percentile of the awards made to individuals with similar positions in the market as determined by our competitive market analysis. The Compensation Committee then determines the targeted value of long-term incentive grants for each of the NEOs by multiplying the applicable standard percentage by the base salary for each NEO. The table below shows the standard percentages for each of our NEOs, although the Compensation Committee retains the discretion to deviate from these percentages in the actual long-term incentive grants it makes each year.

Standard Long-Term Award Expressed as a

Table of Contents

The Omnibus Plan provides a variety of forms of incentives that the Compensation Committee may use, at its discretion, for granting long-term incentives. These incentives include:

stock options;

stock-only stock appreciation rights (SOSARs);

performance share units (PSUs); and

restricted stock.

Subject to the limitations under the Omnibus Plan, the Compensation Committee may adjust the amount we award to reflect our company's past performance, based on total shareholder return or other quantifiable financial measures deemed appropriate by the Compensation Committee.

The Compensation Committee granted only PSUs to each of the NEOs in 2012. The number of equity-based awards granted was determined by valuing PSUs under valuation principles consistent with generally accepted accounting principles (a Monte Carlo simulation model), subject to certain adjustments recommended by CSI. The Compensation Committee normally grants a number of equity-based awards

that produces an award value that approximates the 50th percentile as determined by our competitive market analysis. However, the Compensation Committee may make adjustments each year to the number of units granted.

Three of the NEOs received enhanced performance-based awards (in the form of PSUs). The Compensation Committee believed that these enhanced awards were appropriate in order to maintain competitive compensation levels and encourage retention and that granting this compensation in the form of PSUs (the realizable value of which are dependent on achieving performance goals) would incentivize strong future performance. Expressed in terms of their value, PSUs represent 100% of the value granted; however, the value of PSUs actually paid will depend on satisfaction of the applicable performance goals, including the actual level of company TSR for the four year performance period. See the Grants of Plan-Based Awards table on page 68.

(1) The Compensation Committee reviewed the total compensation history for Messrs. Sansone, Shepherd and Wason during the period of 2009-2012. In consideration of the fact that these NEOs did not receive cash bonuses in 2009-2011 or salary increases in 2012, the Committee exercised its discretion to

Edgar Filing: Vulcan Materials CO - Form PRE 14A

award grants somewhat higher than median to them in 2012. In light of the current level of the company's performance, Mr. James received an LTI grant that was slightly below target level.

These awards are also reflected under the heading "Executive Compensation" in the Summary Compensation Table on page 45 and the "Grants of Plan Based Awards" table on page 46.

2012 LONG-TERM INCENTIVE PAYMENTS. None of the NEOs received payment for PSUs that were granted in 2009 which vested on December 31, 2011 because the applicable performance criteria were not satisfied.

In March 2012, payments were made for vested Deferred Stock Units (DSUs) from grants made in 2002, 2003, 2004 and 2005. All of the NEOs may elect to defer payment of the DSUs through the Executive Deferred Compensation Plan (EDCP). All DSU payments deferred into the EDCP must remain in company stock. All the NEOs, except Mr. Wessel, who hold DSUs elected deferral until the year of their retirement.

TIMING OF EQUITY-BASED INCENTIVE COMPENSATION. Annually at its February meeting, the Compensation Committee grants long-term incentive awards, which are not timed with the release of any nonpublic, material information regarding the company.

Typically, additional equity-based incentive grants have been made to executive officers at other times during the year only upon hire or promotion. All such equity-based awards are priced on the date of grant.

STOCK OWNERSHIP GUIDELINES. In order to align the interests of the NEOs with our shareholders' interests and to promote a long-term focus for these officers, our company has executive stock ownership guidelines for the officers of our company. The guidelines are based on management's and CSI's assessment of market practice. The stock ownership requirements are higher for the CEO than for the other NEOs.

Table of Contents

The table below shows the guidelines for the NEOs, expressed as a multiple of base salary.

	Multiple of Base Salary
Name	Ownership Guidelines
Don James	7x
Dan Sansone	4x
Danny Shepherd	4x
John McPherson	3x
Bob Wason	3x
Alan Wessel	3x

Types of ownership counted toward the guidelines include the following:

direct holdings;

stock-based qualified retirement plan holdings;

stock-based holdings in the deferred compensation and nonqualified supplemental benefit plans; and

indirect holdings, such as shares owned by a family member, shares held in trust for the benefit of the NEO or a family member, or shares held in trust for which such officer is trustee.

The in the money value of vested options do not count toward the satisfaction of these guidelines.

Annually, our CEO reviews compliance with the ownership guidelines and reports the results to the Compensation Committee. Messrs. James, Sansone, and Shepherd meet or exceed our ownership guidelines. Mr. McPherson was hired in 2011 at which time the new ownership guidelines became applicable to him. He has five years from the date of his appointment to comply with applicable ownership requirements. Mr. Wessel retired from the company on February 1, 2013. Mr. Wason will retire later this year.

BENEFITS AND PERQUISITES

NEOs participate in each of the benefit plans or arrangements that generally are made available to all salaried employees including:

medical and dental benefits;

life, accidental death and disability insurance; and

pension and savings plans.

Our company pays 100% of the premiums for individual long-term disability policies that insure base salary and target bonus in excess of that insured under the group contract up to a limit of \$500,000 covered compensation.

We provide company-owned cars to the NEOs for their use. Additionally, we pay for the insurance, maintenance and fuel for such vehicles. Executives reimburse our company for a portion of the expense associated with personal use of these vehicles. In addition, the value of personal mileage is charged to the NEO as imputed income. We also make the company-

owned aircraft available to the CEO and other senior executives for business travel. The aircraft is available to the CEO and the other NEOs for personal use at the expense of the NEO. During 2012, none of the NEOs used the aircraft for personal purposes. We do not provide other perquisites, such as country club memberships or financial planning services, to the NEOs.

The Compensation Committee reviews our policies and determines whether and to what extent perquisites should be modified or continued.

CHANGE-IN-CONTROL PROTECTION AND POST TERMINATION AGREEMENTS

We do not have written employment agreements with executives. Instead, each of our NEOs has a change-in-control (CIC) severance agreement and equity award agreements that provide for severance payments and accelerated vesting or payment of equity-based incentive awards only if a CIC actually occurs. We provide such protections in order to minimize disruptions during a pending or anticipated CIC. For a detailed description of the change-in-control provisions, refer to Payments upon Termination or Change-in-Control on page 52. The CIC severance agreements effective for all NEOs except Mr. McPherson were initially executed in 2001 or 2002. The CIC protection agreement executed with Mr. McPherson during 2011 did not provide for tax gross-up benefits, did not include long-term incentives in determining severance amounts, and requires a double trigger for payment of severance provisions.

In addition, Mr. McPherson is entitled to serve as a consultant pursuant to a springing consulting agreement in the event that Vulcan terminates his employment without cause or he terminates his employment for any reason. In the event that Mr. McPherson's employment is terminated under such circumstances, pursuant to the consulting agreement, Vulcan has agreed to retain him as a consultant for three years thereafter. Mr. McPherson would be expected to provide 400 hours of services annually for which he would be entitled to compensation at a rate of \$43,300 per month. In connection with his services as a consultant, Mr. McPherson would be subject to covenants regarding the use of confidential information. Vulcan may terminate the consulting agreement for cause or if Mr. McPherson dies or becomes disabled.

RETIREMENT AND PENSION BENEFITS

Our company provides the following retirement and pension benefits to our NEOs:

BENEFIT	BACKGROUND
Retirement Plan	This pension plan is available to all salaried employees of our company hired prior to July 15, 2007.
Supplemental Plan	The Unfunded Supplemental Benefit Plan provides for benefits that are not permitted under the Retirement Plan and the 401(k) Plans due to Internal Revenue Service pay and benefit limitations for qualified plans. This Plan is designed to provide retirement income benefits, as a percentage of pay, which are similar for all employees regardless of compensation levels. The Unfunded Supplemental Benefit Plan eliminates the effect of tax limitations on the payment of retirement benefits, except to the extent that it is an unfunded plan and a general obligation of our company.
Supplemental Executive Retirement Agreement (SERA)	Mr. James has a SERA. The SERA was adopted in 2001 to provide a retention incentive for Mr. James. The effect of the SERA is to give Mr. James 1.2 years of service credit for every year he participates in the Retirement Income Plan and Unfunded Supplemental Benefit Plan. As of February 2011, no additional service years will be credited under the SERA.
401(k) and Profit Sharing Retirement Plan	This plan has two components; (1) an employee contribution feature with company matching, and (2) a profit-sharing feature (for employees hired after July 15, 2007 who are not eligible for the Retirement Plan).

A discussion of all retirement benefits provided to the NEOs is set forth under the heading Retirement and Pension Benefits on page 49.

CONSIDERING RISK

Our compensation programs are balanced, focused, and give considerable weight to the long-term performance of our company. Under this structure, the highest amount of compensation can only be achieved through consistent superior performance over sustained periods of time. Goals and objectives reflect a balanced mix of quantitative and qualitative performance measures to avoid excessive weight on a single performance measure. Likewise, the elements of compensation are balanced among current cash payments and long-term equity-based incentive awards. The

Compensation Committee retains the discretion to adjust compensation for quality of performance and adherence to our company's values.

Based on the foregoing features of our compensation programs, the Compensation Committee has concluded that risks arising from compensation policies and practices for employees of the company and its affiliates are not reasonably likely to have a material adverse effect on the company as a whole.

ACCOUNTING AND TAX CONSIDERATIONS

COMPLIANCE WITH INTERNAL REVENUE CODE SECTION 162(M). In administering the compensation program for executive officers, the Compensation Committee considers the applicability of Section 162(m) of the Internal Revenue Code, the consequences under financial accounting standards, the tax consequences in our analysis of total compensation and the mix of compensation elements, base, bonus and long-term incentives. Section 162(m) prohibits public companies from taking a tax deduction for compensation that is paid to any one of certain employees in excess of one million dollars, unless the compensation

qualifies as performance-based compensation within the meaning of the Internal Revenue Code. To preserve the deductibility of compensation, we intend that bonus payments made according to the EIP and grants of long-term incentives under our Omnibus Plan are intended to qualify as qualified performance-based compensation. The Compensation Committee has the discretion to design and implement compensation elements that may not be deductible under Section 162(m) if the Compensation Committee determines that, despite the tax consequences, those elements are in our company's best interest to adopt.

WE CONSIDER THE TAX AND FINANCIAL ACCOUNTING IMPLICATIONS TO OUR COMPANY IN ALLOCATING AWARDS AMONG VARIOUS COMPENSATION VEHICLES AND SEEK TO PRESERVE THE TAX DEDUCTION FOR COMPENSATORY AWARDS. FOR EXAMPLE, WE DO NOT ISSUE INCENTIVE STOCK OPTIONS (ISOs), EVEN THOUGH ISOS PROVIDE POTENTIAL TAX ADVANTAGES TO THE RECIPIENT, BECAUSE OF THE NEGATIVE TAX AND ACCOUNTING CONSEQUENCES TO OUR COMPANY.

(1) Pursuant to the rules of the SEC, we have provided a grant date fair value for Stock Awards and Option Awards in accordance with the provisions of FASB ASC Topic 718. For Option Awards (including SOSARs), the fair value is estimated as of the date of grant using the Black-Scholes option pricing model, which requires the use of certain assumptions, including the risk-free interest rate, dividend yield, volatility and expected term. The risk-free interest rate is based on the yield at the date of grant of a U.S. Treasury security with a maturity period equal to or approximating the option's expected term. The dividend yield assumption is based on our historical dividend payouts adjusted for current expectations of future dividend payouts. The volatility assumption is based on the historical volatility, and expectations regarding future volatility, of our common stock over a period equal to the option's expected term. The expected term of options granted is based on historical experience and expectations about future exercises and represents the period of time that options granted are expected to be outstanding. For Performance Share Awards, the fair value is estimated on the date of grant using a Monte Carlo simulation model. For the highest performance level the maximum number of shares payable and the estimated grant date value are 166,000 shares (\$7,672,520) for Mr. James; 63,000 shares (\$2,911,860) for Mr. Sansone; 63,000 shares (\$2,911,860) for Mr. Shepherd; 26,400 shares (\$1,220,208) for Mr. McPherson; 32,800 shares (\$1,516,016) for Mr. Wason; and 20,400 shares (\$942,888) for Mr. Wessel. We do not believe that the fair values estimated on the grant date, either by the Black-Scholes model or any other model, are necessarily indicative of the values that might eventually be realized by an executive.

(2) Except for in the case of Mr. Wessel, no payments pursuant to the Executive Incentive Plan (EIP) were made in 2011 or 2010 for the previous year's performance. See discussion of the EIP under heading Compensation Discussion and Analysis above.

- (3) *Includes only the amount of change in pension value because our company does not provide any above market earnings on deferred compensation balances. The year over year change in pension value was attributable to three primary factors which were: (1) aging (one year closer to retirement), (2) increase in the accrued benefit (service accrual) and (3) change in actuarial assumptions (change in interest rate from 4.15% to 3.05% and mortality table with generational improvement).*

DEFERRED COMPENSATION PLAN

Edgar Filing: Vulcan Materials CO - Form PRE 14A

Our Executive Deferred Compensation Plan was established in 1998 to allow executives to defer a portion of their current year's compensation in a tax-efficient manner. Our company does not contribute to this plan. We believe that providing a tax deferral plan gives our executives flexibility in tax and financial planning and provides an additional benefit at little cost to our shareholders. Our company does not make any contributions to the plan on behalf of the participants. Because our company purchases assets that mirror, to the extent possible, participants' deemed investment elections under the plan, the only costs to our company related to the plan are administrative costs and any contributions that may be necessary to true-up account balances with deemed investment results. The plan allows executives with annual compensation (base salary and average annual short-term bonus) of \$200,000 or more to defer receipt of up to 50% of base salary, up to 100% of annual cash bonus and, beginning in 2007, up to 100% (net of FICA and any applicable local taxes) of long-term incentive awards, which are not excluded from deferral eligibility by the Internal Revenue Code (or regulations thereunder), until a date selected by the participant. The amounts deferred are deemed invested as designated by participants in our company's common stock (a phantom stock account) or in dollar-denominated accounts that mirror the gains or losses of the various

investment options available under our company's 401(k) plan. The plan does not offer any guaranteed return to participants.

The plan is funded by a rabbi trust arrangement owned by our company, which holds assets that correspond to the deemed investments of the plan participants and pays benefits at the times elected by the participants. Participants have an unsecured contractual commitment from our company for payment when the amounts accrue. Upon the death or disability of a participant or upon a change in control of our company, all deferred amounts and all earnings related thereto will be paid to the participant or participant's beneficiaries in a single lump sum cash payment.

Effective for deferrals made after January 1, 2007, the plan permits executives to defer payouts of PSUs and DSUs into the plan, which would, absent such deferral, be distributed to the executives. The PSU and DSU deferrals generally will be credited to the plan participant accounts in the form of phantom stock and an equal number of shares of our common stock will be deposited by our company into the rabbi trust. Deferrals of long-term incentive compensation payments are also invested in phantom stock of our company and may not be reallocated to an alternative investment option while in the plan.

Table of Contents

The following table shows the contributions, earnings, distributions and year-end account values for the NEOs under the plan.

NONQUALIFIED DEFERRED COMPENSATION PLAN					
Name	Executive Contributions in Last Fiscal Year	Registrant Contributions in Last Fiscal Year	Aggregate Earnings in Last Fiscal Year	Aggregate Withdrawals/ Distributions	Aggregate Balance at Last Fiscal Year End ⁽¹⁾
	(\$)	(\$)	(\$)	(\$)	(\$)
Don James	810,557	0	2,953,878	0	13,657,169
Dan Sansone	81,109	0	437,746	(251,942)	2,325,932
Danny Shepherd	75,223	0	209,437	0	908,045
John McPherson	0	0	0	0	0
Bob Wason	68,981	0	181,672	0	1,288,018
Alan Wessel	0	0	12,442	0	143,433

(1) Includes both the executive contributions and the earnings on those contributions. Cash-based salary and cash annual bonus amounts contributed by the executives are included in the amounts reported in the Summary Compensation Table in the year of deferral. PSU and DSU deferrals are included as compensation in the year of the grant. Above-market earnings are not reported as our company does not provide for such earnings on deferred compensation.

OPTION EXERCISES AND STOCK VESTED

Certain information concerning each exercise of stock options and each vesting of stock during the fiscal year ended December 31, 2012, for each of the NEOs on an aggregate basis is set forth in the table below.

Name	OPTION AWARDS		STOCK AWARDS	
	Number of Shares Acquired on Exercise	Value Realized on Exercise ⁽¹⁾	Number of Shares Acquired on Vesting ⁽²⁾	Value Realized on Vesting ⁽³⁾
	(#)	(\$)	(#)	(\$)
Don James	14,257	238,443	18,178	810,557
Dan Sansone	2,400	39,603	1,887	84,141
Danny Shepherd	0	0	1,753	78,166
John McPherson	0	0	0	0
Bob Wason	0	0	1,641	73,172
Alan Wessel	3,800	42,379	201	8,963

(1) Calculated by multiplying the difference between the fair market value of our common stock on the date of exercise and the option exercise price by the number of options exercised.

(2) Represents the payment of Deferred Stock Units (DSUs). DSUs were paid 100% in stock. No payments of PSUs were made to NEOs.

(3) Calculated by multiplying the number of units vested by the high/low average price of our common stock on the vesting date for DSUs.

RETIREMENT AND PENSION BENEFITS

Edgar Filing: Vulcan Materials CO - Form PRE 14A

Generally most full-time salaried employees of our company that were hired prior to July 15, 2007, including all of the NEOs except Mr. McPherson, participate in our company's pension plans. Our NEOs are also eligible for

supplemental retirement programs, as described below. Retirement benefits become payable as early as the date on which participants both attain age 55 and complete one year of service.

Alan Wessel	Retirement Income Plan	20	901,255	0
	Supplemental Benefit Plan	20	948,212	0

(1) The present value of accumulated benefits are based on benefits payable at age 62, the earliest age under the plans at which benefits are not reduced, or current age if the participant is older than age 62. The following FASB ASC Topic 715 Compensation Retirement Benefits (formerly SFAS No. 87), assumptions as of 12/31/2012 were used to determine the present values:

(i) discount rate of 3.05%;

(ii) mortality based on the RP-2000 Combined Healthy Mortality Table with generational improvement;;

(iii) present values for lump sums are based on projected segmented interest rates and the prescribed 2013 IRS Mortality Table;

(iv) Supplemental Executive Retirement Agreement and Supplemental Benefit Plan benefits assumed to be paid as a 10 Year Term Certain Annuity; and

(v) for the Retirement Income Plan, 40% of the 12/31/2000 benefit assumed to be paid as a lump sum, with the remainder of the accrued benefit assumed to be paid as a single life annuity.

(2) This represents additional years of service credited to Mr. James in prior years under the SERA. Mr. James will not receive additional years of credit under the SERA in future years. The total value of this SERA is represented in the column Present Value of Accumulated Benefit.

RETIREMENT INCOME PLAN

The Retirement Income Plan for Salaried Employees (Retirement Plan) provides benefits under a funded noncontributory defined benefit plan and covers most salaried employees, including all executive officers, hired prior to July 15, 2007. Employees hired after July 15, 2007 are covered under a 401(k) Plan that includes company matching of employee contributions and an annual discretionary profit-sharing contribution to all eligible participants.

Edgar Filing: Vulcan Materials CO - Form PRE 14A

The normal retirement date is defined in the Retirement Plan as the first day of the calendar month immediately following a participant's 65th birthday; however, service continues to accrue under the Retirement Plan if the parti
