  - (3) Filing Party:

(4) Date Filed:

The following slides were first used in a presentation to employees of Life Technologies on April 24, 2013:

Life Technologies

Proprietary |

What's next?

1

What will the  
business look like?

Will my job

change?

Will I have to move?

How will we be  
structured?

When will I  
know more?

What about the  
sales force?

Will I have a  
different boss?

Life Technologies

Proprietary |

[LIFE] adds to the depth of capabilities in key customer markets where we have an opportunity to increase our presence technology innovation, commercial strength, and emerging markets. The combination with

Life Technologies enhances each one.

### **Cautionary Statement Regarding Forward-Looking Statements**

Any statements in this communication about Life Technologies' expectations, beliefs, plans, objectives, prospects, financial condition, assumptions or future events or performance, including statements regarding the proposed acquisition of Life Technologies by Thermo Fisher, the expected timetable for completing the transaction, benefits and synergies of the transaction and future opportunities for the combined company and products and securities, that are not historical facts are forward-looking statements. These statements are often, but not always, made through the use of words or phrases such as believe, anticipate, should, intend, plan, will, expect(s), estimate(s), project(s), strategy, outlook and similar expressions. Accordingly, all such forward-looking statements involve estimates and assumptions that are subject to risks, uncertainties and other factors that could cause actual results to differ materially from the results expressed in the statements. Among the key factors that could cause actual results to differ materially from those projected in the forward-looking statements, are the following: the parties' ability to consummate the transaction; the conditions to the completion of the transaction, including the receipt of stockholder approval; court approval or the regulatory approvals required for the transaction may not be obtained on the terms expected or on the anticipated schedule; the parties' ability to meet expectations regarding the timing, completion and accounting and tax treatments of the transaction; the possibility that the parties may be unable to achieve expected synergies and operating efficiencies in the arrangement within the expected time-frames or at all and to successfully integrate Life Technologies' operations into those of Thermo Fisher; such integration may be more difficult, time-consuming or costly than expected; operating costs, customer loss and business disruption (including, without limitation, difficulties in maintaining relationships with employees, customers, clients or suppliers) may be greater than expected following the transaction; the retention of certain key employees of Life Technologies may be difficult; Thermo Fisher and Life Technologies are subject to intense competition and increased competition is expected in the future; fluctuations in foreign currencies could result in transaction losses and increased expenses; general economic conditions that are less favorable than expected. Additional information and other factors are contained in Life Technologies' Annual Report on Form 10-K for the fiscal year ended December 31, 2012 and recent current reports on Form 8-K filed with the Securities and Exchange Commission (SEC). Because the factors referred to above could cause actual results or outcomes to differ materially from those expressed or implied in any forward-looking statements made by Life Technologies, you should not place undue reliance on any such forward-looking statements. Further, any forward-looking statement speaks only as of the date of this communication, and Thermo Fisher and Life Technologies undertake no obligation to update any forward-looking statement to reflect events or circumstances after such date.

### **Additional Information and Where to Find It**

This communication may be deemed to be solicitation material in respect of the proposed acquisition of Life Technologies by Thermo Fisher. In connection with the proposed acquisition, Life Technologies intends to file relevant materials with the SEC, including

Life Technologies proxy statement in preliminary and definitive form. **Stockholders of Life Technologies are urged to read all relevant documents filed with the SEC, including Life Technologies definitive proxy statement, because they will contain important information about the proposed transaction.** Investors and security holders are able to obtain the documents (once available) free of charge at the SEC's web site, <http://www.sec.gov>, or for free from Life Technologies by contacting (760) 603-7208 or [ir@lifetech.com](mailto:ir@lifetech.com). Such documents are not currently available.

#### **Participants in Solicitation**

Thermo Fisher and its directors and executive officers, and Life Technologies and its directors and executive officers, may be deemed to be participants in the solicitation of proxies from the holders of Life Technologies common stock in respect of the proposed transaction. Information about the directors and executive officers of Thermo Fisher is set forth in its proxy statement for Thermo Fisher's 2013 Annual Meeting of stockholders, which was filed with the SEC on April 9, 2013. Information about the directors and executive officers of Life Technologies is set forth in the proxy statement for Life Technologies' 2013 Annual Meeting of stockholders, which was filed with the SEC on March 15, 2013. Investors may obtain additional information regarding the interest of such participants by reading the proxy statement regarding the acquisition (once available).
