PROXY STATEMENT

FOR THE 2014 ANNUAL MEETING OF STOCKHOLDERS

GENERAL INFORMATION CONCERNING PROXIES AND VOTING AT THE ANNUAL MEETING

Why did I receive these proxy materials?

We are providing these proxy materials in connection with the solicitation by the board of directors of M/A-COM Technology Solutions Holdings, Inc. (the Company, we, us, or our), a Delaware corporation, of proxies to be voted at our 2014 Annual Meeting of Stockholders (the Annual Meeting) and at any adjournment or postponement of the Annual Meeting. In accordance with rules of the Securities and Exchange Commission (the SEC), we sent a Notice of Internet Availability of Proxy Materials on or about January 22, 2014 and provided access to our proxy materials over the Internet to the holders of record and beneficial owners of our common stock as of the close of business on January 17, 2014 (the Record Date).

The Annual Meeting will be held at the Radisson Hotel, located at 10 Independence Drive, Chelmsford, Massachusetts 01851, on Thursday, March 6, 2014 at 3:00 p.m. (Eastern Time).

What information is included in this Proxy Statement?

The information in this Proxy Statement relates to the proposals to be voted on at the Annual Meeting, the voting process, our board of directors and board committees, the compensation of current directors and certain current and former executive officers for fiscal year 2013, and other information.

Who is entitled to vote?

Holders of our common stock at the close of business on the Record Date are entitled to receive the Notice of Annual Meeting of Stockholders and vote at the Annual Meeting. As of the close of business on the Record Date, there were 46,935,295 shares of our common stock outstanding and entitled to vote.

How many votes do I have?

On any matter that is submitted to a vote of our stockholders, the holders of our common stock are entitled to one vote per share of common stock held by them. Holders of our common stock are not entitled to cumulative voting in the election of directors.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Most stockholders hold their shares through a broker, trust, bank or other nominee rather than directly in their own names.

If on the Record Date your shares were registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, LLC, then you are a stockholder of record. As a stockholder of record, you may vote in person at the Annual Meeting or vote by proxy. Whether or not you plan to attend the Annual Meeting, we urge you to vote over the Internet, by telephone or by filling out and returning a proxy card to ensure your vote is counted.

Table of Contents

If on the Record Date your shares were held in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the Annual Meeting unless you request and obtain a valid legal proxy from your broker or other agent.

What am I voting on?

We are asking you to vote on the following matters in connection with the Annual Meeting:

1. The election of three Class II directors nominated by our board of directors to serve until the 2017 Annual Meeting of Stockholders;
2. An advisory vote to approve the compensation of our named executive officers for fiscal year 2013;
3. Ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending October 3, 2014; and
4. Consider such other business as may properly come before the Annual Meeting.

How do I vote?

Vote by Internet. Stockholders of record may submit proxies over the Internet by following the instructions on the Notice of Internet Availability of Proxy Materials or, if printed copies of the proxy materials were requested, the instructions on the printed proxy card. Most beneficial stockholders may vote by accessing the website specified on the voting instructions forms provided by their brokers, trustees, banks or other nominees. Please check your voting instruction form for Internet voting availability.

Vote by Telephone. Stockholders of record may submit proxies using any touch-tone telephone from within the United States by following the instructions on the Notice of Internet Availability of Proxy Materials or, if printed copies of the proxy materials were requested, the instructions on the printed proxy card. Most beneficial owners may vote using any touch-tone telephone from within the United States by calling the number specified on the voting instruction forms provided by their brokers, trustees, banks or other nominees.

Vote by Mail. Stockholders of record may submit proxies by mail by requesting printed proxy cards and completing, signing and dating the printed proxy cards and mailing them in the pre-addressed envelopes that will accompany the printed proxy materials. Beneficial owners may vote by completing, signing and dating the voting instruction forms provided and mailing them in the pre-addressed envelopes accompanying the voting instruction forms.

If you are a stockholder of record and you return your signed proxy card but do not indicate your voting preferences, the persons named in the proxy card will vote the shares represented by that proxy as recommended by the board of directors. If you are a beneficial owner and you return your signed voting instruction form but do not indicate your voting preferences, please see *What are broker non-votes and how do they affect the proposals?* regarding whether your broker, bank or other holder of record may vote your uninstructed shares on a particular proposal.

Vote in Person at the Annual Meeting. All stockholders of record as of the close of business on the Record Date can vote in person at the Annual Meeting. You can also be represented by another person at the Annual Meeting by executing a proper proxy designating that person. If you are a beneficial owner, you must obtain a legal proxy from your broker, bank, or other holder of record and present it to the inspector of election with your ballot to be able to vote at the Annual Meeting. Even if you plan to attend the Annual Meeting, we recommend that you also vote either by telephone, by Internet, or by mail so that your vote will be counted if you decide not to attend.

Table of Contents

What does it mean if I receive more than one set of materials?

If you receive more than one set of materials, your shares are registered in more than one name or are registered in different accounts. In order to vote all the shares you own, you must either sign and return all of the proxy cards or follow the instructions for any alternative voting procedures on each of the proxy cards or Notice of Internet Availability of Proxy Materials you receive.

What can I do if I change my mind after I vote?

If you are a stockholder of record, you may revoke your proxy at any time before it is exercised at the Annual Meeting by (a) delivering written notice, bearing a date later than the proxy, stating that the proxy is revoked to M/A-COM Technology Solutions Holdings, Inc., 100 Chelmsford Street, Lowell, MA 01851, Attn: General Counsel, (b) submitting a later-dated proxy relating to the same shares by mail, telephone or the Internet prior to the vote at the Annual Meeting, or (c) attending the Annual Meeting and voting in person. Stockholders of record may send a request for a new proxy card via e-mail to sendmaterial@proxyvote.com, or follow the instructions provided on the Notice of Internet Availability of Proxy Materials and proxy card to submit a new proxy by telephone or via the Internet. Stockholders of record may also request a new proxy card by calling 1-800-579-1639.

If you are a beneficial stockholder, you may revoke your proxy or change your vote only by following the separate instructions provided by your broker, trust, bank or other nominee.

What constitutes a quorum at the Annual Meeting?

Transaction of business at the Annual Meeting may occur only if a quorum is present. If a quorum is not present, it is expected that the Annual Meeting will be adjourned or postponed in order to permit additional time for soliciting and obtaining additional proxies or votes, and, at any subsequent reconvening of the Annual Meeting, all proxies will be voted in the same manner as such proxies would have been voted at the original convening of the Annual Meeting, except for any proxies that have been effectively revoked or withdrawn.

The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the total votes entitled to be cast constitutes a quorum. Abstentions and broker non-votes are counted as present and entitled to vote for purposes of determining a quorum.

What are the voting requirements to elect directors and approve each of the other proposals described in this Proxy Statement?

With respect to Proposal 1, the election of directors, the three Class II director nominees receiving the largest number of votes will be elected. With respect to Proposals 2 and 3, the affirmative vote of a majority of the votes cast on the matter is required for the proposal to be approved. Abstentions and broker non-votes are not counted as votes in favor of or against any proposal.

What are broker non-votes and how do they affect the proposals?

A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote the shares on a proposal because the nominee does not have discretionary voting power for a particular item and has not received instructions from the beneficial owner regarding voting. Brokers who hold shares for the accounts of their clients have discretionary authority to vote shares if specific instructions are not given with respect to Proposal 3, the ratification of the appointment of our independent registered public accounting firm. If your shares are held by a broker on your behalf and you do not instruct the broker as to how to vote your shares on Proposals 1 or 2, the broker may not exercise discretion to vote for or against those proposals. Broker non-votes are not counted as votes in favor of or against any proposal.

Table of Contents

Who will pay for the cost of this proxy solicitation?

We will bear the cost of the solicitation of proxies from our stockholders. In addition to solicitation by mail, our directors, officers and employees, without additional compensation, may solicit proxies from stockholders by telephone, by letter, by facsimile, in person or otherwise. Following the original circulation of the proxies and other soliciting materials, we will request brokers, trusts, banks or other nominees to forward copies of the proxy and other soliciting materials to persons for whom they hold shares of our common stock and to request authority for the exercise of proxies. In such cases, we, upon the request of the brokers, trusts, banks and other stockholder nominees, will reimburse such holders for their reasonable expenses.

Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

Pursuant to rules adopted by the SEC, we have elected to provide access to our proxy materials over the Internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials to our stockholders. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice of Internet Availability of Proxy Materials or request to receive an electronic copy or printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request an electronic copy or printed copy may be found in the Notice of Internet Availability of Proxy Materials. In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. We encourage stockholders to take advantage of the availability of the proxy materials on the Internet to help reduce the environmental impact of the Annual Meeting.

When will we announce the results of the voting?

Voting results will be announced by the filing of a Current Report on Form 8-K within four business days after the Annual Meeting. If final voting results are unavailable at that time, we will file an amended Current Report on Form 8-K within four business days of the day the final results are available.

What are the requirements for admission to the Annual Meeting?

Only stockholders and persons holding proxies from stockholders may attend the Annual Meeting. If your shares are registered in your name, you must bring a form of identification to the Annual Meeting. If your shares are held in the name of a broker, trust, bank or other nominee that holds your shares, you must bring a legal proxy from that broker, trust, bank or other nominee that confirms you are the beneficial owner of those shares. Attendance at the Annual Meeting without voting or revoking a previously submitted proxy in accordance with the voting procedures will not in and of itself revoke a proxy.

LLC (Morgan Stanley), where he has served since February 2013. From 2007 through February 2013, Mr. Edelstone served as a Managing Director and Head of Global Semiconductor Investment Banking for J.P.Morgan. Prior to joining J.P.Morgan, Mr. Edelstone was a Managing Director and Global Leader for Semiconductor Research at Morgan Stanley from 1997 to 2007. Mr. Edelstone's qualifications to serve as a director include his extensive experience in evaluating and providing strategic and financial advice to publicly-traded semiconductor companies over a 23-year career as an analyst and advisor covering the industry. We believe Mr. Edelstone's insight in this regard strengthens our board of directors' ability to identify and evaluate the merits and risks of strategic and financial opportunities in order to build stockholder value. We also believe that Mr. Edelstone's extensive experience in the financial industry generally, and in valuing semiconductor companies specifically, strengthens our board of directors' oversight of our financial reporting, treasury functions and internal financial controls.

For three of those years, Mr. Croteau also managed NXP's Power & Lighting Solutions business. Prior to joining NXP, Mr. Croteau held numerous product management positions at Analog Devices, Inc. (ADI), a high-performance semiconductor company, including general manager for ADI's Convergent Platforms and Services Group as well as product line director for the Integrated Audio Group. Mr. Croteau holds a B.S., Engineering Science and Mechanics, from Penn State University. Mr. Croteau's qualifications to serve as a director include his unique perspective and insights into our operations as our current Chief Executive Officer, including his knowledge of our products, technologies, business relationships, competitive and financial positioning, senior leadership, and strategic opportunities and challenges. CORPORATE GOVERNANCE

Board of Directors

Our board of directors and its committees meet throughout the year on a set schedule, and also hold special meetings and act by written or electronic consent from time to time. During fiscal year 2013, including telephonic meetings, our board of directors met 6 times, the audit committee held 7 meetings, the compensation committee held 5 meetings and the nominating and governance committee held 3 meetings. Our directors who are independent according to the rules and regulations of the SEC and the listing requirements and rules of the Nasdaq Stock Market also met separately in executive sessions at which only independent directors were present from time to time during fiscal year 2013.

During fiscal year 2013, each member of the board of directors attended 75% or more of the aggregate number of meetings of the board and committees on which he or she served. We encourage, but do not require, our directors and nominees for director to attend our annual meeting of stockholders in person or telephonically. Four of our directors attended our annual meeting of stockholders held in March of 2013.

Director Independence

Our board of directors has reviewed its composition, the composition of its committees and the independence of each member of our board of directors. Based on information requested from and provided by each director concerning his or her background, employment and affiliates, our board of directors has determined that Messrs. Edelstone, Chung and Van Lunsen qualify as independent according to the rules and regulations of the SEC and the listing requirements and rules of the Nasdaq Stock Market. In making its determination of Mr. Edelstone's independence, our board of directors considered the fact that Morgan Stanley, where Mr. Edelstone serves as a Managing Director, earned a fee of approximately \$5.4 million from Mindspeed Technologies, Inc. (Mindspeed) in connection with our acquisition of Mindspeed in December 2013. Such fee was earned under an engagement letter entered into between Morgan Stanley and Mindspeed prior to the acquisition, pursuant to which Morgan Stanley served as financial advisor to Mindspeed in connection with its evaluation of strategic alternatives and eventual sale to us.

Messrs. Ocampo, Croteau and Bland are not independent according to the rules and regulations of the SEC and the listing requirements and rules of the Nasdaq Stock Market because they are or recently have been our employees, and Mrs. Ocampo is not independent because she is the spouse of one of our executive officers.

The listing requirements and rules of the Nasdaq Stock Market require that, subject to certain exemptions, the board of directors of a listed company be comprised of a majority of independent directors, that the compensation, nominating and governance and audit committees of such listed company be comprised solely of independent directors, that the compensation committee be comprised of at least two independent directors, and that the audit committee be comprised of at least three independent directors. We are currently a controlled company as defined by the rules of the Nasdaq Stock Market, and as such are relying on the controlled company exemption contained in the Nasdaq Stock Market rules, which does not require us to have a board of directors comprised of a majority of independent directors. The composition of our board committees, however, complies with the independence requirements relating to board committees.

Board Leadership Structure

Our board of directors does not currently have a policy as to whether the offices of chair of the board and Chief Executive Officer should be separate. Our board of directors believes that it should have the flexibility to make this determination as circumstances require and in a manner that it believes is best to provide appropriate leadership for our company. The board of directors believes that its current leadership structure, with Mr. Ocampo serving as Chairman and Mr. Croteau serving as Chief Executive Officer, is appropriate because it enables the board as a whole to engage in oversight of management, promote communication between

Table of Contents

management and the board and oversee governance matters and risk management activities, while allowing our Chief Executive Officer to focus on his primary responsibility for the operational leadership and strategic direction of the Company. In addition, the board of directors benefits from the perspective and insights of Messrs. Ocampo and Croteau as a result of their extensive experience in the semiconductor industry.

Risk Oversight

The board of directors oversees our risk management activities. The board of directors implements its risk oversight function both as a whole and through delegation to its committees. These committees meet regularly and report back to the full board of directors. The audit committee has primary oversight responsibility with respect to financial risks as well as oversight responsibility for our overall risk assessment and risk management policies and systems. The audit committee oversees our procedures for the receipt, retention and treatment of complaints relating to accounting and auditing matters and oversees our management of legal and regulatory compliance systems. The compensation committee oversees risks relating to our compensation plans and programs, including the evaluation of whether our compensation programs contain incentives for executive officers and employees to take risks in performing their duties that are reasonably likely to have a material adverse effect on us. The compensation committee believes that we have no compensation policies and programs that give rise to risks reasonably likely to have a material adverse effect on us. The nominating and governance committee oversees risks associated with corporate governance and the composition of our board of directors, including the independence of board members. Each committee reports on its activities to the full board of directors from time to time. This enables the board of directors and its committees to coordinate its risk oversight roles.

Board Committees

The board of directors currently has the following standing committees: audit, compensation, and nominating and governance. The board of directors has adopted a written charter for each standing committee, each of which may be accessed on the Investor Relations section of our website at <http://ir.macomtech.com/documents.cfm>. A summary of the duties and responsibilities of each committee is set forth below.

Audit Committee

Our audit committee consists of Messrs. Edelstone, Van Lunsen and Chung, with Mr. Van Lunsen serving as Chair. Our audit committee oversees our corporate accounting and financial reporting process, internal accounting and financial controls and audits of the financial statements. Our audit committee also evaluates the independent auditor's qualifications, independence and performance; engages and provides for the compensation of the independent auditor; establishes the policies and procedures for the retention of the independent auditor to perform any proposed permissible non-audit services; reviews our annual audited financial statements; reviews our critical accounting policies, our disclosure controls and procedures and internal controls over financial reporting; discusses with management and the independent auditor the results of the annual audit and the reviews of our quarterly unaudited financial statements; oversees our financial risk assessment and management programs; and reviews related-person transactions that would be disclosed under Item 404 of Regulation S-K. Our board of directors has determined that each of our audit committee members meet the requirements for independence and financial literacy under the applicable rules and regulations of the SEC and the Nasdaq Stock Market. Our board of directors has determined that Mr. Van Lunsen is an audit committee financial expert as defined under the applicable rules of the SEC.

Compensation Committee

Our compensation committee consists of Messrs. Van Lunsen and Chung, with Mr. Chung serving as Chair. Our compensation committee oversees our compensation plans, policies and programs for our executive officers, compensation of our other employees at the level of Vice President or above and non-employee directors of our

Table of Contents

board of directors. The compensation committee is also responsible for overseeing our employee benefit plans and reviewing and approving our Compensation Discussion and Analysis. Our board of directors has determined that each member of our compensation committee meets the requirements for independence under the applicable rules and regulations of the SEC, the Nasdaq Stock Market and Section 162(m) of Internal Revenue Code of 1986, as amended (the Code). Pursuant to its charter, the compensation committee may form and delegate authority to subcommittees and delegate authority to one or more designated members of the committee. The compensation committee may also delegate to senior executive officers the authority to make certain grants of equity-based compensation to non-officer employees, subject to restrictions set forth in the charter and under applicable laws. For additional discussion of the processes and procedures the compensation committee has used to determine executive officer and non-employee director compensation, please refer to the section entitled, **Named Executive Officer Compensation** **Compensation Discussion and Analysis** **How We Set Executive Compensation**.

During fiscal year 2013, our compensation committee did not engage a compensation consultant in connection with setting executive compensation, but it did review certain survey data compiled and provided to the compensation committee by Radford (**Radford**), a compensation consultant. Please see **Compensation Discussion and Analysis** for further description of the data provided by Radford. Prior to receiving the data from Radford, the compensation committee considered the independence of Radford in accordance with the terms of the compensation committee charter. The committee determined that Radford was independent and did not identify any conflicts of interest with respect to Radford.

Nominating and Governance Committee

Our nominating and governance committee consists of Messrs. Edelstone, Van Lunsen and Chung, with Mr. Edelstone serving as Chair. The nominating and governance committee is responsible for identifying individuals qualified to become members of our board of directors, making recommendations regarding candidates to serve on our board of directors and overseeing evaluations of the board of directors and its committees. In making recommendations regarding board candidates, the nominating and governance committee will consider desired board member qualifications, expertise, diversity and characteristics. In addition, the nominating and corporate governance committee is responsible for making recommendations concerning governance matters. Our board of directors has determined that each member of our nominating and governance committee meets the requirements for independence under the applicable rules and regulations of the Nasdaq Stock Market.

Pursuant to its charter, the nominating and governance committee will also consider qualified director candidates recommended by our stockholders. The nominating and governance committee evaluates the qualifications of candidates properly submitted by stockholders in the same manner as it evaluates the qualifications of director candidates identified by the committee or the board of directors. Stockholders can recommend director candidates by following the instructions outlined below in the section entitled **Additional Information** **Consideration of Stockholder-Recommended Director Nominees**. No nominations for director were submitted to the nominating and governance committee for consideration by any of our stockholders in connection with the Annual Meeting.

The nominating and governance committee may rely on recommendations from a number of sources when identifying potential director candidates, including recommendations from current directors and officers. The committee may hire outside consultants, search firms or other advisors to assist in identifying director candidates.

When evaluating a candidate for director, the nominating and governance committee considers, among other things, the candidate's judgment, knowledge, integrity, diversity, expertise and strategic, business and industry experience, which are likely to enhance the board of directors ability to govern our affairs and business. We do not have a separate policy regarding consideration of diversity in identifying director nominees, but the nominating and governance committee strives to nominate directors with a variety of complementary skills and

Table of Contents

backgrounds so that, as a group, the board of directors will possess a broad perspective and the appropriate talent, skills and expertise to oversee our business. The nominating and governance committee also takes into account independence requirements imposed by law or regulations (including the Nasdaq listing standards). In the case of director candidates recommended by stockholders, the nominating and governance committee may also consider the number of shares held by the recommending stockholder, the length of time that such shares have been held and the relationship, if any, between the recommending stockholder and the recommended director nominee.

Compensation Committee Interlocks and Insider Participation

None of the members of our compensation committee in fiscal year 2013 was, at any time during fiscal year 2013 or at any other time, an officer or employee of the Company, and, except as described in the section entitled "Certain Relationships and Related Person Transactions," none had or has any relationships with the Company that are required to be disclosed under Item 404 of Regulation S-K. None of the Company's executive officers has served as a member of the board of directors, or as a member of the compensation or similar committee, of any entity that has one or more executive officers who served on our board of directors or compensation committee during fiscal year 2013.

Table of Contents**DIRECTOR COMPENSATION****2013 Director Compensation**

The following table provides information regarding the compensation earned by our non-employee directors during fiscal year 2013. Directors who are also our employees receive no additional compensation for their service as a director.

Name	Fees Earned or Paid in	Stock Awards	Total (\$)
	Cash (\$)	(\$)(1)	
Gil Van Lunsen	60,000	49,990(2)	109,990
Susan Ocampo	35,000		35,000

- (1) The amounts included under the "Stock Awards" column reflect aggregate grant date fair value of the restricted stock and restricted stock unit awards granted in each respective fiscal year, computed in accordance with FASB ASC Topic 718, excluding the effect of any estimated forfeitures. For more information, see Note 2 to Notes to Consolidated Financial Statements in our Annual Report on Form 10-K for fiscal year 2013. As of September 27, 2013, Messrs. Van Lunsen, Chung, and Edelstone had unvested restricted stock units for 3,355, 3,355 and 2,553 shares, respectively, and Mr. Bland had outstanding stock options as to 20,000 shares.
- (2) On January 22, 2013, we granted each of Messrs. Chung and Van Lunsen an annual restricted stock unit award representing 3,355 shares of our common stock for services as a director during fiscal year 2013.
- (3) On March 6, 2013, we granted Mr. Edelstone an annual restricted stock unit award representing 2,553 shares of our common stock for services as a director during fiscal year 2013.
- (4) Mr. Bland began receiving cash compensation in his role as a non-employee director after his employment ended with us in May 2013.
- Our non-employee directors are compensated under our director compensation program as described below. Our compensation program for our non-employee directors generally has two elements, cash compensation and equity compensation. Given that Mr. and Mrs. Ocampo currently control a majority of our outstanding common stock, we have not granted equity compensation to Mrs. Ocampo for her service as a director to date, notwithstanding her status as a non-employee director.

Cash Compensation. The cash component of our non-employee director compensation program includes:

a \$35,000 annual cash retainer for each non-employee director;

an annual cash stipend of \$6,000 for each member of the audit committee and the compensation committee, and \$4,000 for each member of the nominating and governance committee, in each case excluding the chairmen of such committees; and

an annual cash stipend of \$15,000 for the chairman of the audit committee, \$10,000 for the chairman of the compensation committee and \$8,000 for the chairman of the nominating and governance committee.

These cash payments are calculated and paid in quarterly installments in arrears. Directors are also reimbursed for expenses in connection with attendance at board of directors and committee meetings. Directors are also eligible for coverage under our health care insurance plans at their

sole expense.

Equity Compensation. Directors are also eligible to participate in our 2012 Omnibus Incentive Plan. Each of our non-employee directors is granted an annual restricted stock unit award representing a number of shares of common stock having a grant date fair market value of \$50,000 in the aggregate. Each such grant vests in full on or about the first anniversary of its grant date. The annual grants for fiscal year 2013 for Messrs. Chung and Van Lunsen were awarded on January 22, 2013 in the amount of 3,355 restricted stock units each, vesting on February 15, 2014. In addition to and not in lieu of the above annual grant, when a non-employee director first

joins the board of directors, he or she is also granted a restricted stock unit award representing a number of shares of common stock having an aggregate grant date fair market value representing that portion of \$50,000 which is equivalent to the portion of the current calendar year during which such non-employee director serves on the board of directors. Any such grant will vest in full on the next regular annual director award vest date. In connection with his appointment to our board of directors in fiscal year 2013, on March 6, 2013 we awarded Mr. Edelstone 2,553 restricted stock units, vesting on February 15, 2014.

NAMED EXECUTIVE OFFICER COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

The following discussion and analysis of compensation arrangements of our named executive officers should be read together with the compensation tables and related disclosures set forth below. This discussion contains forward-looking statements that are based on our current plans, considerations, expectations and determinations regarding future compensation programs. The actual amount and form of compensation and the compensation programs that we adopt may differ materially from currently planned programs as summarized in this discussion.

Objectives of Our Executive Compensation Programs

The compensation committee of our board of directors oversees our named executive officer compensation plans, policies and programs pursuant to our compensation philosophy and objectives under its authority as delegated by our board of directors. Our compensation programs for our named executive officers are designed to:

attract and retain the best executive talent;

motivate our executives to achieve our financial and business goals; and

align our executives' interests with those of our stockholders to drive increased shareholder value.

To achieve these goals, we structure our named executive officer compensation programs to provide a competitive level of total compensation and create a strong link with our business results by tying a significant portion of each executive's compensation to the achievement of specific performance elements that we expect will significantly increase shareholder value.

How We Set Executive Compensation

The compensation in effect for our named executive officers for fiscal year 2013 reflect individually negotiated arrangements that we entered into with each of our named executive officers in connection with their entering into or agreeing to continue in our employ prior to fiscal year 2013, in some cases as updated in fiscal year 2013 as discussed in more detail below under "Base Salary and Benefits." The compensation arrangement for our Chairman of the Board, which consists of an annual base salary and benefits, was put in place in connection with an acquisition transaction in fiscal year 2009. The specific terms of the compensation arrangements for the other named executive officers were negotiated with our Chairman of the Board or with our Chief Executive Officer serving at the time of such negotiations. Any new compensation arrangements and updates to existing compensation arrangements with our named executive officers implemented since our initial public offering in March 2012 have been approved by our compensation committee.

During fiscal year 2013, we did not specifically benchmark the total compensation or individual components of compensation for our named executive officers. However, in fiscal year 2012 we used industry total compensation data compiled by Radford, a compensation consultant, as a general benchmark in developing and evaluating our executive compensation programs. Radford compiled compensation data from the following companies that we consider potential competition for executive talent: Anadigics, Analogic, Atheros Communications, Cabot Microelectronics, Hittite, Integrated Device Technology, Intersil, Micrel, Microsemi, Monolithic Power Systems, Power Integrations, RFMD, Semtech, Silicon Image, Silicon Laboratories, Skyworks, Standard Microsystems, Tessera Technologies, TriQuint and Verigy. Based on our fiscal year 2012 review of industry total compensation data gathered by Radford, we believe that our total compensation for our named executive officers in fiscal year 2013 remained generally at market overall, other than in the case of our Senior Vice President, Engineering, where we have attempted to provide the potential for above market total compensation given the importance of the senior technology leader to

our overall strategic goals with regard to technology leadership and new product development. In fiscal year 2012, using both the Radford data and

Table of Contents

subjective factors such as the relative importance we place on each role, considerations of peer equity and other factors, the compensation committee developed a total compensation target for each of our named executive officer positions other than that of our Chairman. The compensation committee then developed a total compensation plan, consisting of elements of base pay, annual cash incentive potential and long term equity incentives further discussed below, that provided each named executive officer with the opportunity to realize the targeted total compensation while furthering the objectives of our compensation programs as noted above. We continued to utilize these targets and total compensation plans in fiscal year 2013.

Elements of Executive Compensation

Our compensation program for our named executive officers, other than our Chairman of the Board, consists of the following elements:

base salary and benefits;

annual cash incentives; and

long-term equity incentives.

Base Salary and Benefits

The annual base salary in place for fiscal year 2013 for each of our named executive officers was determined pursuant to the terms of each executive's employment agreement, and reflects each executive's relative level of experience and responsibility as well as any discretionary increases to such amounts approved by our board of directors in prior fiscal years. In addition, our board of directors authorized an increase to the base salary of our Vice President, Engineering in connection with its review of our executive compensation levels in fiscal year 2013, with the intent of offering a total compensation package for that role that is slightly above market, in keeping with our focus on technology leadership and new product development, and therefore the importance to us of maintaining strong leadership in this role. As part of that same review and based on a similar motivation, the board also increased the fiscal year 2013 annual cash incentive award opportunity as a percent of salary for our former Chief Executive Officer to 115%.

The following table shows the annual base salaries for our named executive officers in place at the end of fiscal year 2013.

Name	Fiscal Year 2013 Salary	Fiscal Year 2013 Cash Incentive Award Opportunity (% of Salary)
John Croteau		
<i>President and Chief Executive Officer</i>	\$ 500,000	115%
Charles Bland		
<i>Former Chief Executive Officer (1)</i>	\$ 475,000	115%
Conrad Gagnon		
<i>Former Senior Vice President and Chief Financial Officer (2)</i>	\$ 270,000	100%
John Ocampo		
<i>Chairman</i>	\$ 300,000	Not applicable
Michael Murphy		
<i>Senior Vice President, Engineering</i>	\$ 310,000	100%

- (1) Mr. Bland resigned from his position as our Chief Executive Officer in December 2012, but remained employed by us in a transitional role through May 31, 2013 and continues to serve as a member of our board of directors.
- (2) Mr. Gagnon resigned from his position as our Senior Vice President and Chief Financial Officer in January 2014, but remains employed by us in a transitional role.

Table of Contents

We generally provide our named executive officers health and welfare benefits on the same terms as our other salaried employees, including health benefits and life insurance coverage, as well as the opportunity to receive matching contributions under our 401(k) plan.

We believe that, in order for us to attract top executive talent, we must not be limited to those residing in the Boston metropolitan area and in some cases must be willing to offer to pay an agreed upon amount of relocation, commuting and other related costs. In fiscal year 2013 we made such payments and reimbursements to Mr. Bland regarding his relocation and commuting to work from a home outside the Boston metropolitan area, and also agreed to reimburse him for taxes incurred by him on such payments.

Annual Cash Incentives

During fiscal year 2013, our named executive officers, other than our Chairman of the Board, also participated in a special cash incentive program with respect to the first half of fiscal year 2013 and a separate special cash incentive program with respect to the second half of fiscal year 2013. Our board of directors determined the maximum cash incentive award opportunity for each of our named executive officers for fiscal year 2013 based on its business judgment regarding the appropriate level of incentive opportunity to motivate and retain these executives, and to establish an appropriate pay for performance linkage between their total compensation and our overall financial results. In making this business judgment, the board of directors considered each named executive officer's historical levels of incentive opportunity as well as each named executive officer's respective salary and level of incentive opportunity relative to those of our other named executive officers. This maximum opportunity was also subject to potential increase or reduction based on individual executive performance during the period. The table included above shows the cash incentive award opportunity of each of our named executive officers for fiscal year 2013, expressed as a percentage of each executive's annual base salary.

First Half 2013 Program. Payments under the cash incentive program for the first half of fiscal year 2013 were based on our performance in that period as compared against the following adjusted operating income goals for the six months ended March 29, 2013:

First Half Fiscal Year 2013

Performance Goal	Threshold	Target	Maximum	Actual Performance
Adjusted Operating Income	\$ 27.3 million	\$ 32.5 million	\$ 35.7 million	\$ 28.7 million

We selected adjusted operating income as a performance metric as we believe it is a primary driver of shareholder value. The calculation of adjusted operating income excludes the impact of accrued costs for the payment of incentives under the cash incentive program itself, as well as amortization expense, restructuring charges, non-recurring charges incurred in connection with acquisitions, divestments, capital-raising events, certain litigation, share-based compensation and other non-cash compensation and asset retirement obligations. If performance exceeded the threshold level, a total pool for all participating employees within the company would be funded at \$1.5 million for target performance and \$5.0 million for maximum performance, and each named executive officer would be eligible for a payment based on an allocated portion of this pool based on both a specified percentage of annual base salary and the executive's individual job performance.

In light of our performance for the first half of fiscal year 2013 (see the Actual Performance column in the table above), and our determination regarding each named executive officer's job performance at 100% of expected levels, we paid each participating named executive officer approximately 8% of their respective annual cash incentive award opportunity.

Table of Contents

Second Half 2013 Program. Payments under the cash incentive program for the second half of fiscal year 2013 were based on our performance in that period as compared against the following adjusted operating income goals for the six months ended September 27, 2013:

Second Half Fiscal Year 2013

Performance Goal	Threshold	Target	Maximum	Actual Performance
Adjusted Operating Income	\$ 28.0 million	\$ 34.4 million	\$ 37.7 million	\$ 33.2 million

We selected adjusted operating income as a performance metric as we believe it is a primary driver of shareholder value. The calculation of adjusted operating income excludes the impact of accrued costs for the payment of incentives under the cash incentive program itself, as well as amortization expense, restructuring charges, non-recurring charges incurred in connection with acquisitions, divestments, capital-raising events, certain litigation, share-based compensation and other non-cash compensation and asset retirement obligations. If performance exceeded the threshold level, a total pool for all participating employees within the company would be funded at \$2.4 million for target performance and \$4.7 million for maximum performance, and each named executive officer would be eligible for a payment based on an allocated portion of this pool based on both a specified percentage of annual base salary and the executive's individual job performance. In addition, based on our accomplishment of strategic objectives during the second half of fiscal year 2013, our compensation committee approved a discretionary increase to the total pool funded for all participating employees under this program of \$200,000 in the aggregate.

In light of our performance for the second half of fiscal year 2013 (see the Actual Performance column in the table above), the discretionary pool increase described above and our determination regarding each named executive officer's job performance at 100% of expected levels, we paid each participating named executive officer approximately 25% of their respective annual cash incentive award opportunity.

Long-Term Equity Incentives

As part of our compensation committee's review, evaluation and further development of our overall compensation program for our named executive officers in 2013 as described above, and in an attempt to establish a mix of cash and equity compensation for each named executive officer such that we both reward current performance adequately to retain these executives in a competitive marketplace, and provide them with adequate incentives to drive long-term stockholder value, the compensation committee assigned each named executive officer an equity percentage as follows:

Name	Fiscal Year 2013 Equity Percentage
John Croteau	
<i>President and Chief Executive Officer</i>	100%
Charles Bland	
<i>Former Chief Executive Officer</i>	100%
Conrad Gagnon	
<i>Former Senior Vice President and Chief Financial Officer</i>	75%
John Ocampo	
<i>Chairman</i>	Not applicable
Michael Murphy	
<i>Senior Vice President, Engineering</i>	85%

This equity percentage, when applied to the sum of each named executive officer's annual salary and 50% of his annual cash incentive potential, approximates the total cash value of new equity incentive awards we would typically grant to such named executive officer annually under our executive compensation program, subject to time-based vesting restrictions over a period of years. While the equity percentage assigned to a particular

Table of Contents

executive is considered a guideline and is used by our compensation committee together with annual salary and annual cash incentive potential to evaluate each executive officer's total compensation, the compensation committee retains discretion to vary the amount of any such executive's annual equity grant based on performance factors, the overall dilutive impact of our employee equity grant program, the amount of unvested equity awards already held by such executive, perceived anomalies in the current valuation of our common stock or otherwise.

In fiscal year 2013, we provided certain of our named executive officers with long-term equity incentives through the grant of full value restricted stock units subject to time-based vesting restrictions under our 2012 Omnibus Incentive Plan. We believe that full value restricted stock units are a useful tool for compensating our executives, in that they align executives' interests directly with those of our stockholders by increasing in value only if the per share value of our common stock increases. We believe such awards also provide a valuable retention incentive in that they have no associated exercise price. Without an associated exercise price, we require fewer shares to deliver the same amount of retention incentive to a given executive using a restricted stock unit than we would use stock option awards. For this reason, we believe that restricted stock units also reduce the overall potential dilution to our stockholders from our equity-based compensation programs.

In connection with our hiring of our Chief Executive Officer, Mr. Croteau, at the beginning of fiscal year 2013, we granted him two awards of 66,633 restricted stock units and 95,906 restricted stock units, respectively. These awards were approved by our compensation committee based on negotiations with Mr. Croteau as part of our recruitment of him to join us from another employer, and based on its business judgment that awards of these amounts were necessary to successfully recruit him from his prior employer, as well as based on the other general considerations above. In addition, as part of our annual equity compensation award program for fiscal year 2013, we granted our Chief Executive Officer 47,727 restricted stock units, our Chief Financial Officer 18,409 restricted stock units and our Senior Vice President, Engineering 23,956 restricted stock units, respectively, during fiscal year 2013. Our compensation committee approved these restricted stock units based on its business judgment that these reflected an appropriate level of long-term incentive to retain these officers and further align their compensation with increases in shareholder value. The size of each award was arrived at by the compensation committee based on considerations of the factors described above. We did not grant any long-term incentives to Mr. Ocampo during fiscal year 2013 because we believed his substantial stock holdings in our company provided an adequate long-term incentive for him to remain employed with us and build shareholder value.

Severance Arrangements

Because we believe it is in our best interests and the best interests of our stockholders to encourage and reinforce the continued dedication and attention of our senior executives without distraction in circumstances arising from the possibility of an involuntary termination of employment without cause, we have agreed to provide certain of our named executive officers with severance benefits in connection with this type of termination. See "Potential Payments Upon Termination or Change in Control" below for a more detailed discussion of these potential payments.

Tax Treatment of Compensation

Section 162(m) of the Code generally disallows a tax deduction to a public corporation for annual compensation in excess of \$1 million paid to its principal executive officer and the three other most highly compensated named executive officers (excluding the principal financial officer). Compensation that qualifies as performance-based is excluded for purposes of calculating the amount of compensation subject to the \$1 million limit. In addition, in the case of a privately held corporation that becomes a public corporation, the \$1 million limit generally does not apply to compensation paid pursuant to a compensation plan or agreement that existed prior to the initial public offering. However, a newly public corporation only may rely on this particular exception until the earliest of the following events: (i) the expiration of the plan or agreement; (ii) a material modification of the

Table of Contents

plan or agreement (as determined under Section 162(m) of the Code); (iii) the issuance of all the employer stock and other compensation allocated under the plan; or (iv) the first meeting of stockholders at which directors are to be elected that occurs after the close of the third calendar year following the year in which the initial public offering occurs.

Because we were a privately-held corporation prior to our initial public offering in March 2012, we did not previously take the deductibility limit under Section 162(m) of the Code into consideration in setting compensation for our executive officers. Under the exception for newly public corporations described above, any equity-based awards granted under our 2012 Omnibus Incentive Plan will not be subject to the \$1 million limit, provided such awards are made prior to the earliest of the events specified above. While our compensation committee has not adopted a policy regarding tax deductibility of compensation paid to our named executive officers, we expect that our compensation committee will consider tax deductibility under Section 162(m) as a factor in compensation decisions, but may approve compensation that is not deductible if it believes that such payments are appropriate to attract, retain and motivate our executive officers.

COMPENSATION COMMITTEE REPORT

The compensation committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management, and, based on such review and discussions, the compensation committee recommended to our board of directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

**SECURITY OWNERSHIP OF
CERTAIN BENEFICIAL OWNERS, DIRECTORS, AND MANAGEMENT**

The following table presents information as to the beneficial ownership of our common stock as of January 2, 2014 for:

each person who we know beneficially owns more than five percent of any class of our voting securities;

each of our current directors or nominees;

each of our named executive officers as set forth in the 2013 Summary Compensation Table above; and

all of our directors and executive officers as a group.

Unless otherwise noted, the address of each beneficial owner listed in the table is M/A-COM Technology Solutions Holdings, Inc., 100 Chelmsford Street, Lowell, Massachusetts 01851.

Except as indicated by the footnotes below, we believe, based on the information furnished to us, that the persons and entities named in the table below have sole voting and investment power with respect to all shares of our common stock that they beneficially own, subject to applicable community property laws.

Applicable percentage ownership is based on 46,665,107 shares of our common stock outstanding as of January 2, 2014. In computing the number of shares of our common stock beneficially owned by a person and the percentage ownership of that person, we deemed outstanding shares of our common stock subject to options, restricted stock units or warrants held by that person that are currently exercisable or exercisable (or, in the case of restricted stock units, scheduled to vest and settle) within 60 days of January 2, 2014. We did not deem these shares outstanding, however, for the purpose of computing the percentage ownership of any other person.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

We describe below transactions and series of similar transactions to which we were a party during our last fiscal year or will be a party in the future, and in which:

the amounts involved exceeded or will exceed \$120,000; and

any of our directors, executive officers or beneficial owners of more than 5% of any class of our voting securities, or any member of the immediate family of the foregoing persons, had or will have a direct or indirect material interest.

Indemnification of Officers and Directors

Our fourth amended and restated certificate of incorporation and second amended and restated bylaws (Bylaws) limit the liability of each of our directors and provide that we will indemnify each of our directors and officers to the fullest extent permitted by Delaware law. Our Bylaws also permit us to secure insurance on behalf of any officer or director for any liability arising out of his or her actions in connection with their services to us, regardless of whether our Bylaws permit such indemnification. In addition, we have entered into separate indemnification agreements with each of our directors and certain of our officers. These agreements, among other things, provide that we will indemnify our directors and officers for certain expenses (including attorneys' fees), judgments, fines and settlement amounts reasonably incurred by such person in any action or proceeding, including any action by or in our right, on account of any services undertaken by such person on our behalf or that person's status as our director or officer.

GaAs Labs Service Agreement

In April 2012, we entered into a services agreement with GaAs Labs (an affiliate of our directors John and Susan Ocampo) whereby GaAs Labs pays us for administrative and business development services provided to GaAs Labs on a time and materials basis. There are no minimum service requirements or payment obligations, and the agreement may be terminated by either party with 30 days notice. In fiscal year 2013, we billed GaAs Labs \$372,000 for services provided pursuant to this agreement.

Ubiquiti Design Services Agreement

In February 2012, we entered into a design services agreement with Ubiquiti Networks, Inc. Two of our directors (John Ocampo and Peter Chung) were also directors of Ubiquiti through October 2013, and an affiliate of one of the directors and a greater than 5% stockholder of ours (Summit Partners) is also an Ubiquiti stockholder. The agreement requires us to provide engineering services to Ubiquiti toward the development of an IC device. The agreement also provides that Ubiquiti will pay us up to \$500,000 for such services based on milestone achievement and sets a unit price for any future production orders of such devices. We recognized revenue of \$300,000 from this arrangement during fiscal year 2013.

Acacia Communications

We periodically sell products to Acacia Communications, Inc. Peter Chung, one of our directors, is also a director of Acacia Communications. We recognized revenue of \$242,000 from product sales to Acacia Communications during fiscal year 2013.

Second Amended and Restated Investor Rights Agreement

We are party to an investors' rights agreement, as amended and restated on February 28, 2012, with a group of our stockholders that includes entities affiliated with John and Susan Ocampo, who are both members of our board of directors and beneficial owners of more than 5% of a

class of our voting securities, and including certain

investment funds affiliated with Summit Partners, L.P., a beneficial owner of more than 5% of a class of our voting securities which is affiliated with another of our directors, Peter Chung. Subject to the terms and conditions of the investors' rights agreement, these stockholders have registration rights with respect to the shares of our capital stock or warrants they, or certain of their affiliates, hold, including the right to demand that we file a registration statement or request that their shares be covered by a registration statement that we are otherwise filing.

Tax Reimbursement

In January 2012, our board of directors approved the reimbursement of any tax penalties and interest assessed by state and federal tax authorities against persons who were our stockholders during our 2009 tax year based on amended 2009 Forms K-1 we have issued to those individuals. We were a Subchapter S tax filer during our 2009 tax year, meaning that our stockholders in that period were required to report our taxable income or losses for that period on their personal income tax returns on a pass through basis. The amended Forms K-1 reported lower tax losses than were reported on the original Forms K-1 we issued to the stockholders, which in some cases increased the personal tax obligations of those stockholders, resulting in interest and penalties being assessed against the stockholders by relevant tax authorities. Should the reimbursement of the penalties and interest create additional taxable income to the stockholders, our board of directors also agreed to pay an additional amount to the stockholders to cover the additional tax obligations. Our directors, Mr. and Mrs. Ocampo, owned substantially all of our stock during our 2009 tax year and are entitled to such reimbursement. We anticipate that the aggregate payments we make related to this authorized reimbursement will not exceed \$250,000.

Policies and Procedures for Related Person Transactions

We do not currently have a formal, written policy or procedure for the review and approval of related person transactions. However, our audit committee charter provides that our audit committee is required to review and approve or ratify any related person transactions, as defined under Regulation S-K Item 404. Our code of conduct and ethics also prohibits our directors and officers from engaging in a conflict of interest transaction without disclosure to and approval from the board of directors or one of its committees. Each of the related party transactions described above was reviewed and either approved or ratified by our audit committee and we intend to follow this practice for any future related party transactions.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, officers and beneficial holders of more than 10% of a registered class of our equity securities to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock and other equity securities.

To our knowledge, based solely on a review of the copies of such reports furnished to us and written representations from our executive officers and directors that no other reports were required, all required reports under Section 16(a) of the Exchange Act of our directors, executive officers and beneficial holders of more than 10% of our common stock were timely filed during fiscal year 2013.
