Internet Availability of Proxy Materials

We are relying upon a U.S. Securities and Exchange Commission rule that allows us to furnish proxy materials to stockholders over the Internet. As a result, beginning on or about March 14, 2014, we sent by mail or e-mail a Notice Regarding the Availability of Proxy Materials containing instructions on how to access our proxy materials, including our Proxy Statement and Annual Report to Stockholders, over the Internet and how to vote. On March 3, 2014, 60,188,279 shares of Provident common stock, par value of \$0.01 per share, were outstanding and held by approximately 5,400 holders of record. The presence, in person or by properly executed proxy, of the holders of a majority of the outstanding shares of our common stock is necessary to constitute a quorum at the Annual Meeting.

How Many Votes You Have

Each holder of shares of our common stock outstanding on March 3, 2014 will be entitled to one vote for each share held of record. However, our certificate of incorporation provides that stockholders of record who beneficially own in excess of 10% of the then outstanding shares of our common stock are not entitled to vote any of the shares held in excess of that 10% limit. A person or entity is deemed to beneficially own shares that are owned by an affiliate of, as well as by any person acting in concert with, such person or entity.

Matters to Be Considered

The purpose of the Annual Meeting is to elect three directors, vote on an advisory basis on executive compensation, approve our amended and restated long-term equity incentive plan, and ratify the appointment of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2014. Our board of directors is not aware of any other matters that may be presented for consideration at the Annual Meeting. If other matters properly come before the Annual Meeting, we intend that shares represented by properly submitted proxies will be voted, or not voted, by the persons named as proxies in their best judgment.

How to Vote

You may vote your shares:

If you own shares through any of these plans and you do not vote, the respective plan trustees or administrators will vote your shares in accordance with the terms of the respective plans.

Solicitation of Proxies

Provident will bear the entire cost of soliciting proxies from you. In addition to solicitation of proxies by mail, we will request that banks, brokers and other holders of record send proxies and proxy materials to the beneficial owners of our common stock and secure their voting instructions, if necessary. We will reimburse such holders of record for their reasonable expenses in taking those actions. AST Phoenix Advisors will assist us in soliciting proxies and we have agreed to pay them a fee of \$7,000 plus reasonable expenses for their services. If necessary, we may also use several of our employees, who will not be specially compensated, to solicit proxies from stockholders, personally or by telephone, facsimile, e-mail or letter.

Householding

Unless you have provided us contrary instructions, we have sent a single copy of these proxy materials to any household at which one or more stockholders reside if we believe the stockholders are members of the same household. Each stockholder in the household will receive a separate Proxy Card. This process, known as householding, reduces the volume of duplicate information received by you and helps reduce our expenses. If your shares are registered in your own name, contact our transfer agent and inform them of your request to revoke householding by calling them at 1-800-368-5948, or by writing them at Registrar and Transfer Company, 10 Commerce Drive, Cranford, New Jersey 07016, Attention: Investor Relations Department.

If a bank, broker or other nominee holds your shares, contact your bank, broker or other nominee directly.

PROPOSAL 1 ELECTION OF DIRECTORS**General**

Our board of directors currently consists of 11 members and is divided into three classes, with one class of directors elected each year. Each of the members of our board of directors also serves as a director of The Provident Bank. Directors are elected to serve for a three-year term and until their respective successors shall have been elected and qualified. A director is not eligible to be elected or appointed to either board of directors after reaching age 73.

Three directors will be elected at the Annual Meeting to serve for a three-year term and until their respective successors shall have been elected and qualified. On the recommendation of our Governance/Nominating Committee, our board of directors nominated Laura L. Brooks, Terence Gallagher and Carlos Hernandez for election as directors at the Annual Meeting.

All of the nominees for election at the Annual Meeting currently serve as directors of Provident and The Provident Bank, and each of them was previously elected by our stockholders. No arrangements or understandings exist between any nominee and any other person pursuant to which any such nominee was selected. **Unless authority to vote for the nominees is withheld, it is intended that the shares represented by each fully executed Proxy Card will be voted FOR the election of all nominees.**

Each of the nominees has consented to be named a nominee. In the event that any nominee is unable to serve as a director, the persons named as proxies will vote with respect to a substitute nominee designated by our current board of directors. At this time, we know of no reason why any of the nominees would be unable or would decline to serve, if elected.

Table of Contents**PROVIDENT S BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ELECTION OF THE NOMINEES FOR DIRECTOR NAMED IN THIS PROXY STATEMENT.****Board of Directors**

Our board of directors is comprised of individuals with considerable and varied business experiences, backgrounds, skills and qualifications. Collectively, they have a strong knowledge of our company's business and markets and are committed to enhancing long-term stockholder value. Our Governance/Nominating Committee is responsible for identifying and selecting director candidates who meet the evolving needs of our board of directors. Director candidates must have the highest personal and professional ethics and integrity. Additional criteria weighed by the Governance/Nominating Committee in the director identification and selection process include the relevance of a candidate's experience to our business, enhancement of the diversity of experience of our board, the candidate's independence from conflict or direct economic relationship with our company, and the candidate's ability and willingness to devote the proper time to prepare for and attend meetings. The Governance/Nominating Committee also takes into account whether a candidate satisfies the criteria for independence under our Independence Standards and the New York Stock Exchange listing rules, and if a nominee is sought for service on the Audit Committee, the financial and accounting expertise of a candidate, including whether the candidate qualifies as an Audit Committee financial expert. While the Governance/Nominating Committee does not have a formal policy respecting diversity on our board of directors, consideration is given to nominating persons with different perspectives and experience to enhance the deliberation and strategic decision-making processes of our board of directors.

The following table shows certain information, as of March 3, 2014, regarding the nominees for election as directors and the incumbent directors whose terms will continue following the Annual Meeting, including the terms of office of each director.

Corporate Governance Matters

We are committed to maintaining sound corporate governance principles and the highest standards of ethical conduct and we are in compliance with applicable corporate governance laws and regulations.

Board of Directors Meetings and Committees

Our board of directors meets quarterly, or more often as may be necessary. The board of directors met ten times in 2013. There are four standing committees of the board of directors: the Compensation, Audit, Risk and Governance/Nominating Committees. The board of directors of The Provident Bank meets monthly at least 11 times a year, as required by New Jersey banking law.

All directors attended no fewer than 75% of the total number of meetings held by the board of directors and all committees of the board on which they served (during the period they served) in 2013. When the Provident and The Provident Bank board of directors and committee meetings are aggregated, all directors attended no fewer than 75% of the aggregated total number of meetings in 2013. We have a policy requiring each director to attend the Annual Meeting of Stockholders. All persons serving on the board of directors at the time of the Annual Meeting of Stockholders held on April 25, 2013 attended the meeting.

Board Leadership Structure

Our board of directors believes that combining the Chairman and Chief Executive Officer positions, together with the appointment of an independent Lead Director is the appropriate board leadership structure for our company. Our board of directors believes that the Chief Executive Officer is most knowledgeable about our business and corporate strategy and is in the best position to lead the board of directors, especially in relation to its oversight of corporate strategy formation and execution. Management accountability and our board's

Table of Contents

independence from management are best served by maintaining a super majority of independent directors, electing an independent Lead Director, and maintaining standing board committees, including a Risk Committee, that are comprised of independent leadership and members. The Lead Director plays an important role on our board of directors and has the following responsibilities:

Schedules executive sessions of the non-management directors without management present at least twice each year and advises the Chairman of the schedule for such executive sessions.

With input from the non-management directors, develops agendas for, and presides over the executive sessions. The Lead Director provides the Chairman with timely feedback from the executive sessions where appropriate.

Acts as the principal liaison between the non-management directors and the Chairman on issues relating to the working relationship between our board and management, including providing input as to the quality, quantity and timeliness of information provided by management to ensure that the conduct of board meetings allows adequate time for discussion of important issues and that appropriate information is made available to our board on a timely basis.

Provides input to the Chairman regarding board meeting agendas and meeting materials based on requests from the non-management directors.

Attends board committee meetings as a non-member at the invitation of the respective committee chair.

Risk Oversight/Risk Committee

Our entire board of directors is engaged in risk management oversight. A separate standing Risk Committee of the board was established to facilitate our board's risk oversight responsibilities. The current members of the Risk Committee are: Ms. Brooks (Chair) and Messrs. Berry, Connor and Shein. Each member of the Risk Committee is considered independent as defined in the New York Stock Exchange corporate governance listing standards. The Risk Committee's charter is posted on the Governance Documents section of the Investor Relations page of The Provident Bank's website at www.providentnj.com. The Committee met seven times during 2013.

The Risk Committee oversees the overall risk management activities employed by management in pursuit of:

maintaining a culture of discipline that enforces and provides proper incentives to employees for a sound, effective and coordinated enterprise risk management process designed to identify potential events that may affect our business and to appropriately manage risks in order to provide reasonable assurance that our stated objectives will be achieved; and

identifying potential emerging risks in a routine and systematic manner, assessing the implications of those risks to our business, and managing those risks in a manner consistent with the probability of their occurrence and potential consequences to us.

Our Risk Committee receives regular reports from management and other standing board committees regarding relevant risks and the actions taken by management to adequately address those risks.

Corporate Governance Principles

Our board of directors has adopted Corporate Governance Principles, which are posted on the Governance Documents section of the Investor Relations page of The Provident Bank's website at www.providentnj.com. These Corporate Governance Principles cover the general operating policies and procedures followed by our board of directors including:

establishing the size and composition of our board of directors and the desired qualifications of directors;

setting a minimum stock ownership requirement for directors at 15,000 shares of our common stock to be achieved over six years;

providing for director orientation, continuing education and an annual performance assessment of our board of directors;

selecting board committee membership; and

reviewing annual compensation paid to the non-management directors.

The Corporate Governance Principles provide for our board of directors to meet in regularly scheduled executive sessions without management at least two times a year. Four executive sessions were conducted in 2013. Mr. Fekete, who served as Lead Director in 2013, presided over these executive sessions conducted by the non-management directors, all of whom are independent.

Director Independence

The New York Stock Exchange rules provide that a director does not qualify as independent unless the board of directors affirmatively determines that the director has no direct or indirect material relationship with the company. The New York Stock Exchange rules require our board of directors to consider all relevant facts and circumstances in determining the materiality of a director's relationship with Provident and permit the board of directors to adopt and disclose standards to assist the board in making independence determinations. Accordingly, our board of directors has adopted Independence Standards to assist the board in determining whether a director has a material relationship with the company. These Independence Standards, which should be read with the New York Stock Exchange rules, are available on the Governance Documents section of the Investor Relations page of The Provident Bank's website at www.providentnj.com.

Our board of directors conducted an evaluation of director independence, based on the Independence Standards and the New York Stock Exchange rules. In connection with this review, our board of directors considered all relevant facts and circumstances relating to relationships that each director and his or her immediate family members and their related interests had with Provident.

After its evaluation, our board of directors affirmatively determined that each of Mr. Berry, Ms. Brooks, Mr. Connor, Mr. Fekete, Mr. Gallagher, Mr. Harding, Dr. Hernandez, Mr. Hogan, Mr. O'Donnell and Mr. Shein is an independent director. The board of directors determined that Mr. Martin is not independent because he has served as a Provident employee in the last three years.

Governance/Nominating Committee

The current members of our Governance/Nominating Committee are: Messrs. O'Donnell (Chair), Gallagher, Hernandez, and Shein. Each member of the Committee is considered independent as defined in the New York Stock Exchange corporate governance listing standards. The Committee's charter is posted on the Governance Documents section of the Investor Relations page of The Provident Bank's website at www.providentnj.com. The Committee met six times during 2013.

Table of Contents

The functions of our Governance/Nominating Committee include, among other things:

evaluating and making recommendations to the board concerning the number of directors and committee assignments;

establishing the qualifications, relevant background, and selection criteria for board members;

making recommendations to the board concerning board nominees;

conducting evaluations of the effectiveness of the operation of the board;

developing and maintaining corporate governance principles;

recommending revisions to the code of business conduct and ethics;

making recommendations to the board regarding director orientation and continuing education; and

evaluating the Governance/Nominating Committee's performance on an annual basis.

Our Governance/Nominating Committee identifies nominees for director by first assessing the performance of the current members of our board of directors willing to continue service. Current members of the board with skills and experience that are relevant to our business and who are willing to continue service are first considered for re-nomination, balancing the value of continuity of service by existing members of the board with that of obtaining a new perspective. If a vacancy should exist on our board, or if the size of the board is increased, the Committee will solicit suggestions for director candidates from all board members. In addition, the Committee is authorized by its charter to engage a third party to assist in the identification of director nominees. Persons under consideration to serve on our board of directors must have the highest personal and professional ethics and integrity.

Procedures for the Nomination of Directors by Stockholders

If a determination is made that an additional candidate is needed for our board, the Governance/Nominating Committee will consider candidates properly submitted by our stockholders. Stockholders can submit the names of qualified candidates for director by writing to the Corporate Secretary at Provident Financial Services, Inc., 239 Washington Street, Jersey City, New Jersey 07302. The Corporate Secretary must receive a submission not less than 120 days prior to the date of Provident's proxy materials for the preceding year's Annual Meeting. If the date of our Annual Meeting is advanced by more than 30 days prior to, or delayed by more than 30 days after, the anniversary of the preceding year's Annual Meeting, a stockholder's submission must be so delivered not later than the close of business on the tenth day following the day on which public announcement of the date of such Annual Meeting is first made. A stockholder's submission must be in writing and include the following information:

the name and address of the stockholder as they appear on our books, and the number of shares of our common stock that are beneficially owned by such stockholder (if the stockholder is not a holder of record, appropriate evidence of the stockholder's ownership should be provided);

Edgar Filing: PROVIDENT FINANCIAL SERVICES INC - Form DEF 14A

the name, address and contact information for the candidate, and the number of shares of our common stock that are owned by the candidate (if the candidate is not a holder of record, appropriate evidence of the candidate's ownership should be provided);

a statement of the candidate's business and educational experience;

such other information regarding the candidate as would be required to be included in our proxy statement pursuant to Securities and Exchange Commission Regulation 14A;

a statement detailing any relationship between the candidate and Provident, The Provident Bank and any subsidiaries of The Provident Bank;

a statement detailing any relationship between the candidate and any customer, supplier or competitor of Provident and The Provident Bank;

Table of Contents

detailed information about any relationship or understanding between the proposing stockholder and the candidate; and

a statement that the candidate is willing to be considered and willing to serve as a director if nominated and elected.

Stockholder submissions that are timely and that meet the criteria outlined above will be forwarded to the Chair of our Governance/Nominating Committee for further review and consideration. A nomination submitted by a stockholder for presentation at an Annual Meeting of our stockholders must comply with the procedural and informational requirements described later in this Proxy Statement under the heading Advance Notice Of Business To Be Conducted at an Annual Meeting.

Stockholder and Interested Party Communications with the Board

Our stockholders and any other interested party may communicate with the board of directors, the non-management directors, the Lead Director or with any individual director by writing to the Chair of the Governance/Nominating Committee, c/o Provident Financial Services, Inc., 239 Washington Street, Jersey City, New Jersey 07302. A communication from a stockholder should indicate that the author is a stockholder and, if shares of our common stock are not held of record, the letter should include appropriate evidence of stock ownership.

Code of Business Conduct and Ethics

We have a Code of Business Conduct and Ethics that applies to all of our directors, officers and employees, including the principal executive officer, principal financial officer, principal accounting officer, and all persons performing similar functions. Our Code of Business Conduct and Ethics is posted on the Governance Documents section of the Investor Relations page of The Provident Bank's website at www.providentnj.com. Amendments to and waivers from our Code of Business Conduct and Ethics will also be disclosed on The Provident Bank's website.

Transactions With Certain Related Persons

Federal laws and regulations generally require that all loans or extensions of credit to directors and executive officers must be made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with the general public and must not involve more than the normal risk of repayment or present other unfavorable features. However, regulations also permit directors and executive officers to receive the same terms through benefit or compensation plans that are widely available to other employees, as long as the director or executive officer is not given preferential treatment compared to participating employees. Pursuant to such a program, loans may be extended to executive officers on substantially the same terms as those prevailing at the time for comparable transactions with the general public, except as to the interest rate charged, so long as such rate is generally available to participating employees. These loans may not involve more than the normal risk of repayment or present other unfavorable features. As of December 31, 2013, The Provident Bank had aggregate loans and loan commitments totaling \$277,000 to its executive officers. The Provident Bank does not make loans to members of the board of directors or to their immediate family members and their related interests, as such terms are defined in The Provident Bank's Lending Policy.

Section 402 of the Sarbanes-Oxley Act of 2002 generally prohibits an issuer from: (1) extending or maintaining credit; (2) arranging for the extension of credit; or (3) renewing an extension of credit in the form of a personal loan for a director or officer. There are several exceptions to this general prohibition, one of which is applicable to us. The provisions of the Sarbanes-Oxley Act of 2002 that prohibit loans do not apply to loans made by a depository institution, such as The Provident Bank, that is insured by the Federal Deposit Insurance Corporation and is subject to the insider lending restrictions of the Federal Reserve Act. Any loans to our officers are made in conformity with the Federal Reserve Act and Regulation O.

Table of Contents

Our Code of Business Conduct and Ethics requires directors and executive officers to promptly disclose any interest they may have in any proposed transaction involving Provident or The Provident Bank, and any such director or executive officer shall abstain from any deliberation or voting on the transaction. Any such transaction would require approval of a majority of the directors who have no interest in the proposed transaction. In addition, our directors and executive officers annually disclose any transactions, relationships or arrangements they or their related interests may have with Provident or The Provident Bank. These disclosures, together with information obtained from each director's annual statement of interest form, are used to monitor related party transactions and make independence determinations.

Anti-Hedging Policy

Our stock trading policy prohibits our directors and executive officers from engaging in or effectuating any transaction designed to hedge or offset the economic risk of owning shares of our common stock. Accordingly, any hedging, derivative or other similar transaction that is specifically designed to reduce or limit the extent to which declines in the trading price of our common stock would affect the value of the shares of common stock owned by a director or executive officer is prohibited. In addition, the policy provides that directors and executive officers should avoid pledging their shares of our common stock as collateral for a margin account or loan.

Audit Committee Matters

Audit Committee

The duties and responsibilities of the Audit Committee include, among other things:

Our Audit Committee met ten times during 2013. The Audit Committee reports to our board of directors on its activities and findings. The board of directors believes that Frank L. Fekete and Thomas B. Hogan Jr. each qualify as an Audit Committee financial expert as that term is used in the rules and regulations of the Securities and Exchange Commission.

Audit Committee Report

Pursuant to rules and regulations of the Securities and Exchange Commission, this Audit Committee Report shall not be deemed incorporated by reference to any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that Provident specifically incorporates this information by reference, and otherwise shall not be deemed soliciting material or to be filed with the Securities and Exchange Commission subject to Regulation 14A or 14C of the Securities and Exchange Commission or subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, as amended.

Table of Contents

Our Audit Committee operates under a written charter approved by our board of directors, which is posted on the Governance Documents section of the Investor Relations page of The Provident Bank's website at www.providentnj.com.

Management has primary responsibility for the internal control and financial reporting process, and for making an assessment of the effectiveness of our internal control over financial reporting. Our independent registered public accounting firm is responsible for performing an independent audit of our company's consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and to issue an opinion on those financial statements, and for providing an attestation report on management's assessment of internal control over financial reporting. The Audit Committee's responsibility is to monitor and oversee these processes.

As part of its ongoing activities, our Audit Committee has:

reviewed and discussed with management, and our independent registered public accounting firm, the audited consolidated financial statements of Provident for the year ended December 31, 2013;

discussed with our independent registered public accounting firm the matters required to be discussed by Auditing Standard No. 16, *Communications with Audit Committees*, as amended, and as adopted by the Public Company Accounting Oversight Board; and

received the written disclosures and the letter from our independent registered public accounting firm mandated by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and has discussed with our independent registered public accounting firm its independence from Provident.

Based on the review and discussions referred to above, the Audit Committee recommended to our board of directors that the audited consolidated financial statements for the year ended December 31, 2013 and related footnotes be included in Provident's Annual Report on Form 10-K for the year ended December 31, 2013 and filed with the Securities and Exchange Commission. In addition, the Audit Committee approved the re-appointment of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2014, subject to the ratification of this appointment by our stockholders.

Compensation Committee Matters

Compensation Committee

The current members of our Compensation Committee are: Messrs. Gallagher (Chair), Berry, Hogan, and O'Donnell. Each member of the Compensation Committee has been determined to be independent as defined in the current New York Stock Exchange corporate governance listing standards. The Compensation Committee is responsible for executive management development and succession planning, and for reviewing and evaluating compensation programs and policies and risks associated with such programs and policies, including setting performance measures and goals consistent with principles of safety and soundness, approving awards under existing compensation plans and administering long-term equity awards. On at least an annual basis, our Compensation Committee meets to review the performance of, and the compensation payable to the named executive officers, including the Chief Executive Officer. The basic elements of our executive compensation

Table of Contents

program include base salary, an annual cash incentive and a long-term equity award primarily tied to corporate financial targets, and certain other benefit arrangements, such as retirement benefits. The Compensation Committee's charter is posted on the Governance Documents section of the Investor Relations page of The Provident Bank's website at www.providentnj.com. The Compensation Committee met 13 times during 2013.

Our Compensation Committee determines the compensation payable to the Chief Executive Officer based on corporate financial performance against established goals and the Chief Executive Officer's individual performance. Each year the Compensation Committee establishes corporate financial performance goals and individual goals for the Chief Executive Officer, and members of the Compensation Committee periodically meet with the Chief Executive Officer during the year to review progress against those goals. The Compensation Committee also sets performance goals for, and determines the compensation payable to, the named executive officers, based in part on the Chief Executive Officer's assessment and recommendations. Input provided by the Compensation Committee's independent compensation consultant and other executive compensation data sources are available to the Compensation Committee to assist it in these determinations.

In addition to evaluating our company's overall financial performance in its review of the named executive officers, the Compensation Committee considers the performance of each named executive officer's business line or area of responsibility. Several key management competencies and behaviors are assessed, including the named executive officer's effectiveness as a leader and his or her role in building a cohesive executive team, as well as other strategic core competencies such as accountability, analytical ability and decision making, communication, cooperation and teamwork, creativity and problem-solving, and integrity. The named executive officer's performance relating to these competencies forms the basis of a performance review discussion with the named executive officer that reinforces his or her role in achieving our business plan and short- and long-term strategies.

The Compensation Committee assesses risks posed by the compensation plans maintained for the benefit of, and incentive compensation paid to, officers and employees. This comprehensive risk assessment is performed by our Chief Risk Officer and the General Auditor and is presented to, and reviewed by, the Compensation Committee. The risk assessment conducted in 2013 concluded that our incentive compensation plans do not pose significant risk or promote excessive risk taking that are reasonably likely to have a material adverse effect on Provident.

Director compensation is established by our board of directors upon the recommendation of the Compensation Committee and is discussed in this Proxy Statement under the heading Director Compensation.

Compensation Committee Interlocks and Insider Participation

Messrs. Berry, Fekete, Gallagher, Hogan and O'Donnell served as members of the Compensation Committee during 2013. None of these directors has ever been an officer or employee of Provident. In addition, none of these directors is an executive officer of another entity where one of our executive officers serves on the compensation committee or the board of directors, or which had any transactions or relationships with us in 2013 requiring specific disclosures under Securities and Exchange Commission rules.

Compensation Discussion and Analysis

Overview

The following discussion provides an overview and analysis of our Compensation Committee's philosophy and objectives in designing compensation programs as well as the compensation determinations and the rationale relating to our Chief Executive Officer, Chief Financial Officer, and the next three most highly compensated executive officers, to whom we refer collectively as our named executive officers. Our named executive officers for 2013 were Messrs. Martin, Lyons, Blum, Kuntz, and Nesci.

This discussion should be read together with the compensation tables for our named executive officers, which can be found following this discussion.

Table of Contents

Despite the increased cost of regulatory compliance, non-interest expenses were flat as compared to 2012.

Compensation Structure

Our executive compensation program is designed to align pay with performance in a manner consistent with safe and sound business practices and sustainable financial performance consistent with stockholder interests. The key features of the program, which are discussed in more detail below, are:

Active oversight by the Compensation Committee consisting solely of independent directors;

Assistance regularly provided to the Compensation Committee by an independent compensation consultant selected by the Compensation Committee;

Our executive compensation program is focused on pay for performance in order to align compensation with business strategies and to enhance stockholder value;

The major components of our executive compensation program are salary, annual cash incentives and long-term equity;

Executive salaries are evaluated based on data from a regional peer group of publicly-traded banks of comparable size, performance, and business model;

Annual cash incentive compensation opportunities are tied to key corporate performance metrics;

Long-term incentive compensation opportunities are tied to key corporate performance metrics and performance against peer group metrics over a period beyond one year;

No dividends are paid on stock awards subject to performance-vesting conditions unless and until the awards have vested;

Our incentive compensation plans provide for risk mitigation and accountability authorizing the Compensation Committee to condition incentive compensation awards with clawback, deferral, and adjustment provisions, and settlement in stock subject to holding periods;

Executives are subject to share ownership guidelines; and

Perquisites are limited.

Key Compensation Actions

The Compensation Committee regularly reviews the components of our executive compensation program with advice from its independent compensation consultant and after giving due consideration to the most recent non-binding stockholder advisory vote on executive compensation which resulted in a favorable vote of approximately 96% of the votes cast.

Table of Contents

In light of strong stockholder support, the Compensation Committee concluded that no material revisions were necessary to our executive compensation program. Highlights of key compensation actions in 2013 were:

2013 Base Salary: Mr. Martin's base salary increased to \$610,000 in 2013, representing an 8.9% increase. The other named executive officers received salary increases that ranged from 4.3% to 10%.

2013 Cash Incentives: Mr. Martin received a formulaic cash bonus of 105% of base salary or \$642,925. This represented attainment of overall corporate results that were above Target against established performance metrics for 2013. The remaining named executive officers received formulaic cash incentives between 62% and 64% of base salary.

2013 Long-Term Incentives: The Compensation Committee has granted two forms of long-term equity, formulaic and discretionary equity awards. Under the 2008 Long-Term Equity Incentive Plan, Mr. Martin was granted 32,772 stock options and 22,530 restricted stock shares which vest over two years based upon achievement of both total shareholder return and earnings per share goals. In recognition of financial performance, to maintain competitive compensation and as a retention incentive, discretionary equity awards were granted to Mr. Martin. He received 35,000 stock options and 10,000 restricted stock awards that vest between one and five years. The other named executive officers receive 75% of their equity in restricted stock that vests based upon the same total shareholder return and earnings per share goals and 25% of their equity in restricted stock that vests in two years.

Compensation Consultants

Our Compensation Committee retained the services of McLagan, an Aon Hewitt Company (McLagan) during 2013. McLagan has served as the independent compensation consultant for the Compensation Committee since 2005. McLagan was retained by and reported directly to the Compensation Committee and did not perform any other services for Provident, The Provident Bank or their affiliates or their management. The Compensation Committee regularly meets with its compensation consultant in executive session without management.

The Compensation Committee considered the independence of McLagan, an Aon Hewitt company, in light of Securities and Exchange Commission rules and New York Stock Exchange listing standards. The Compensation Committee requested and received a report from McLagan addressing the independence of McLagan and its consultants, including the following factors: (1) other services provided to Provident by McLagan; (2) fees paid by Provident as a percentage of Aon's total revenue; (3) policies or procedures maintained by McLagan that are designed to prevent a conflict of interest; (4) any business or personal relationships between the consultants and a member of the Compensation Committee; (5) any company stock owned by the consultants; and (6) any business or personal relationships between Provident's executive officers and the consultants. The Compensation Committee discussed these considerations and concluded that the work performed by McLagan and its consultants involved in the engagements did not raise any conflict of interest and concluded that McLagan continues to be an independent Compensation Committee consultant.

In 2013, McLagan was engaged by the Compensation Committee to review and recommend changes to the compensation peer group, then compare our executive compensation practices and compensation payments with those of our peers, evolving industry best practices and regulatory guidance.

Executive Compensation Philosophy

Our Compensation Committee believes that our executive compensation program is consistent with promoting sound risk management and long-term value creation for our stockholders. The program is intended to align the interests of our executive officers and employees with stockholders by rewarding performance against established corporate financial goals, and by rewarding strong executive leadership and superior individual performance. By offering annual cash incentives, long-term equity compensation and competitive benefits, we strive to attract, motivate and retain a highly qualified and talented team of executives who will help maximize long-term financial performance and earnings growth.

Table of Contents

The compensation paid to each named executive officer is based on the executive's level of job responsibility, corporate financial performance measured against annual goals, an assessment of the executive's individual performance and the competitive market. For the named executive officers and other members of executive management, annual incentive compensation is linked more directly to corporate financial performance, because these executives are in leadership roles that influence corporate financial results.

Consistent with past practice, McLagan was engaged to review our executive compensation program in 2013, which included a review and recommendation of an appropriate peer group to assess competitive compensation practices, as well as for comparing performance against certain financial targets. The Compensation Committee used two peer groups in connection with executive compensation determinations commencing in 2013:

A regional peer group of 19 publicly traded thrift and banking institutions in the Northeast with assets of \$4 to \$20 billion was used to compare base salary and total compensation. Additional consideration was given to business model and performance. Only one peer was removed from the 2012 group, due to its size exceeding the established maximum. The individual peer banks are as follows:

Beneficial Mutual Bancorp, Inc.

Berkshire Hills Bancorp, Inc.

Brookline Bancorp Inc.

Community Bank System, Inc.

Dime Community Bancshares, Inc.

F.N.B. Corp.

First Commonwealth Financial Corporation

Flushing Financial Corporation

Fulton Financial Corporation

Independent Bank Corp.

Investors Bancorp, Inc.

National Penn Bancshares, Inc.

NBT Bancorp Inc.

Northwest Bancshares, Inc.

S&T Bancorp, Inc.

Signature Bank

Susquehanna Bancshares,

Valley National Bancorp

WSFS Financial Corporation

SNL Small Cap U.S. Bank & Thrift Index (SNL Index) was used to compare long-term performance achievement. The Compensation Committee may modify peer groups from time to time based on mergers and acquisitions within the industry or other relevant factors. While our executive compensation program targets each named executive officer's base salary, annual cash incentives and long-term equity compensation at market levels, actual compensation paid to a named executive officer may vary based on other factors, such as the individual's performance, experience and competitive market conditions.

Although the Compensation Committee is ultimately responsible for designing our executive compensation program, input from our Chief Executive Officer is critical in ensuring that the Compensation Committee has the appropriate information needed to make informed decisions. The Chief Executive Officer participates in compensation-related activities purely in an informational and advisory capacity and he presents the other named executive officers' performance summaries and recommendations relating to their compensation to the Compensation Committee for their review and approval.

Table of Contents

The Compensation Committee believes that any risks arising from our compensation policies and practices for our employees are not reasonably likely to have a material adverse affect on us. In addition, the Compensation Committee believes that the mix and design of the elements of our executive compensation program does not encourage management to assume excessive risks. The Omnibus Incentive Compensation Plan Document of Provident Financial Services, Inc. serves as a core governance document for our incentive compensation plans establishing lines of authority, a foundation for relevant internal controls and procedures, risk mitigation and accountability features, including clawbacks and deferrals.

Elements of 2013 Executive Compensation

We pay our named executive officers in accordance with a pay for performance philosophy by providing competitive compensation for demonstrated performance. The Compensation Committee employs a total compensation approach in establishing executive compensation opportunities, consisting of base salary, annual cash incentive compensation, long-term equity awards (which may include performance-vesting stock options, performance-vesting stock awards, time-vesting stock awards and discretionary stock grants to recognize exceptional individual or corporate performance or to maintain a competitive total compensation package where warranted), a competitive benefits package and limited perquisites.

As illustrated in the following charts, in 2013, 60% of the target compensation to our Chief Executive Officer, and 48% of the compensation to our other named executive officers, was performance-based and not guaranteed. This is based on target annual and long-term compensation equal to 75% of salary each for the Chief Executive Officer and 45% of salary each for other named executive officers.

Base Salary

A competitive base salary is necessary to attract and retain talented executives. Annually, our Compensation Committee evaluates each named executive officer's base salary level. In general, competitive base salary information, or market data, is furnished to the Compensation Committee by the independent compensation consultant, and each named executive officer's base salary level is compared to the competitive market data. The Compensation Committee considers assessments of the individual named executive officer's performance, leadership, operational effectiveness and experience in the industry, as well as market conditions.

In establishing base salaries for 2013, the Compensation Committee considered our company's financial performance, as well as peer group and market-based industry salary data. In consideration of the performance achieved and to maintain a competitive base salary for each of the named executive officers, the Compensation Committee determined that base salary increases reflected in the Summary Compensation Table were appropriate for each of the named executives to remain competitive with the market.

Table of Contents**Annual Cash Incentive Payment/The 2013 Annual Cash Incentive Plan**

Annual cash incentive opportunities are provided to our named executive officers in order to align the attainment of annual corporate financial performance objectives with executive compensation. At the beginning of each year, the Compensation Committee assigns corporate financial targets and a range of annual cash incentive award opportunities to each named executive officer. The award opportunities are linked to a specific target and range of performance results for multiple corporate financial performance measures and are calculated as a percentage of the named executive officer's base salary. Although the annual incentive cash award is generally calculated based upon pre-determined metrics and measurable achievement, the Compensation Committee has discretion to adjust the metrics and cash incentive awards where appropriate.

Our Compensation Committee recommended, and the board of directors approved, the 2013 Annual Incentive Plan. The 2013 Annual Incentive Plan provided the opportunity for a cash incentive payment based upon the achievement of corporate and individual goals. The targeted levels of incentive opportunity were unchanged from 2012.

Participant	Annual Cash Incentive as a % of Base Salary		
	Threshold	Target	Maximum
Chief Executive Officer	35%	75%	115%
Other Named Executive Officers	25%	45%	70%

For the Chief Executive Officer and the other named executive officers, the Compensation Committee established the following 2013 targets (collectively, the Corporate Targets) and relative weightings for the 2013 Annual Incentive Cash Plan:

Metric	Weight	Threshold	Target	Maximum	Actual
		95%	100%	115%	
Net Income (in millions)	25%	\$ 60.3	\$ 63.5	\$ 73.0	\$ 70.5
Efficiency Ratio ⁽¹⁾	25%	60.61%	59.53%	56.50%	57.2%
Return on Average Assets	25%	0.83%	0.87%	1.00%	.97%
Earnings Per Share	25%	\$ 1.05	\$ 1.10	\$ 1.27	\$ 1.23

(1) Represents the ratio of non-interest expense divided by the sum of net interest income and non-interest income.

Under the 2013 Annual Cash Incentive Plan, cash incentive payments based on Provident's actual 2013 financial performance would be made if financial performance met or exceeded 95% of any one of the Corporate Targets (Threshold). Cash incentive payments would be a minimum of 8.75% of base salary for the Chief Executive Officer and 6.25% of base salary for the other named executive officers upon the achievement of at least one metric (weighted at 25%) at the Threshold level, increasing to a maximum of 115% of base salary for the Chief Executive Officer and 70% of base salary for the other named executive officers upon achievement of all metrics at the Maximum level.

In aggregate, the overall actual achievement of Corporate Targets for 2013 was above Target, as the net income, efficiency ratio, return on average assets, and earnings per share goals were all achieved above Target, but below the Maximum. Based upon the foregoing, the Committee authorized above Target payouts under the 2013 Annual Incentive Plan to the named executive officers as follows:

Name	Cash Incentive	% of Salary
Christopher Martin	\$ 642,925	105%
Thomas M. Lyons	\$ 223,995	64%
Donald W. Blum	\$ 196,555	62%
John F. Kuntz	\$ 200,315	64%
James D. Nesci	\$ 175,996	64%

Table of Contents**Long-Term Equity Incentives**

Our 2008 Long-Term Equity Incentive Plan provides the opportunity to grant various forms of equity incentives on a time-vesting and performance-vesting basis. The Compensation Committee believes that stock ownership provides a significant incentive in building long-term stockholder value by further aligning the interests of officers and employees with stockholders. The importance of this component of compensation increases as Provident's common stock appreciates in value and serves as a retention tool for executives. The inclusion of performance-vesting awards also encourages a long-term strategic focus. It is the policy of the Compensation Committee to make equity grants when the window for trading by directors and officers in Provident common stock is open under Provident's stock trading policy. Throughout the year, equity awards may be granted to new hires and promoted employees, or to existing employees to recognize superior performance with a grant date effective as of the date of the next regularly scheduled Compensation Committee meeting that falls when the window for trading is open under our stock trading policy.

The Compensation Committee established the equity component of total compensation as a percentage of base salary, for the Chief Executive Officer and other named executive officers, based upon competitive total compensation data previously provided by the independent compensation consultant. The Compensation Committee also exercises discretion in making equity grants and may grant equity to the Chief Executive Officer and other named executive officers based on exceptional individual or corporate performance and to maintain a competitive total compensation level where warranted. To maintain competitive total compensation and to further align executive pay with long-term financial performance, the Compensation Committee generally follows the guidelines below with respect to annual equity grants:

Participant	2013 Opportunity Long-Term Equity Award as a % of Base Salary			
	Threshold	Target	Target Plus	Maximum
Chief Executive Officer	15.0%	75.0%	95.0%	115.0%
Other Named Executive Officers	12.5%	45.0%	55.0%	70.0%

The 2013 long-term equity awards were made based on the following matrix:

Participant	Two-Year Performance-Vesting		Two-Year Time-Vesting
	Non-Qualified Stock Options	Restricted Stock	Restricted Stock
Chief Executive Officer	25%	75%	0%
Other Named Executive Officers	0%	75%	25%

The Compensation Committee determined that for equity grants made in 2013 under the Long-Term Equity Plan to all named executive officers other than the Chief Executive Officer, 75% of equity grants would be subject to performance-vesting, and 25% would be time-vesting over two years; and for the Chief Executive Officer, 100% of equity grants would be subject to performance-vesting. Such performance-vesting would be measured at the end of a two-year period based upon metrics approved by the Compensation Committee at the time of the equity grant. Currently the performance metrics include projections of compounded annual growth in earnings per share over a two-year period and a comparison of total stockholder return to the peer group over a two-year period. For the performance-vesting grants made in 2013 which vest in 2015, the two performance metrics at target (weighted 50% each) are compounded annual growth of two percent in earnings per share from the normalized base year of 2012 (or \$1.09 per share) and achievement of total shareholder return versus peers equal to or greater than fifty percent of the peers. The performance-based grants vest at the end of two years if the pre-established performance level is met. These performance metrics are designed to encourage conduct that drives long-term strategic decisions suited to maximizing stockholder value, and the two-year vesting period strikes a proper balance between providing a meaningful incentive while maintaining an appropriate level of at risk compensation for retention purposes.

The Compensation Committee has determined that the performance metrics for awards granted under the Long-Term Equity Incentive Plan are appropriately set such that participants in the plan will attain: (i) the Threshold level of performance if minimum expected improvements in the performance metrics are achieved, which the Committee believed were reasonably likely to be attained; (ii) the Target level of performance if projected business plan expectations are achieved, which the Committee believed had approximately an even likelihood of either being attained or not being attained; (iii) the Target Plus level of performance if projected business plan expectations are exceeded, which the Committee believed would be difficult to achieve; and (iv) the Maximum level of performance, which sets a cap on how much incentive compensation will be paid in the event that the Target Plus level is exceeded, which the Committee believed was unlikely to be achieved. The establishment of various levels of performance associated with vesting (e.g., from Threshold to Maximum), is an industry best practice and provides opportunity when macroeconomic conditions are difficult and adversely impact results.

In recognition of the performance of the executive team, to maintain a competitive compensation program, and as a retention incentive, discretionary equity awards were granted to the Chief Executive Officer in 2013. The Chief Executive Officer was granted 10,000 restricted stock awards; 7,000 subject to three-year time vesting and 3,000 subject to one-year time vesting, and 35,000 incentive stock options subject to five-year time vesting. No dividends are paid with respect to any stock award subject to performance-based vesting conditions unless and until the participant vests in such stock award, and only on that portion of the stock award that vests.

Benefits

We offer the named executive officers benefits generally available to all employees, including medical and dental, disability insurance, group life insurance coverage, an Employee Stock Ownership Plan (ESOP) and a 401(k) Plan with discretionary employer matching contributions. Certain of the named executive officers have accrued benefits under a noncontributory defined benefit pension plan that was frozen as of April 1, 2003 following the adoption of the ESOP. In addition to pension benefits, medical and life insurance benefits are made available to certain employees when they retire. These post-retirement benefits have been eliminated. However, certain employees with ten or more years of service at the time the benefits were eliminated, including Mr. Martin, still qualify for these post-retirement benefits upon retirement. The named executive officers are also eligible for non-qualified benefits under the Non-Qualified Supplemental Defined Contribution Plan designed to make up for the IRS limits on contributions to the tax-qualified 401(k) Plan and ESOP.

Perquisites

The Compensation Committee believes that perquisites should be provided on a limited basis, and only to the most senior level of executive officers. The following perquisites are currently provided: a club membership for Mr. Martin and the use of a company-owned automobile for Messrs. Martin and Blum. Messrs. Lyons, Kuntz and Nesci are paid a monthly car allowance. All of the named executive officers are eligible for an annual medical examination at Provident's expense.

Elements of Post-Termination Benefits

Employment Agreement

Mr. Martin has an employment agreement with a twelve month term that renews on August 31 of each year for an additional twelve months. The employment agreement provides that if Mr. Martin's employment was terminated for reasons other than for cause, or as a result of his death, retirement or disability, Mr. Martin would be entitled to:

earned but unpaid base salary through the termination date;

an annual bonus to which he may be entitled under any cash-based annual bonus or performance compensation plan then in effect;

benefits due to him as a former employee other than pursuant to the agreement;

severance pay or liquidated damages equal to his base salary and bonuses due for twelve months following termination, with bonuses due to be the greater of (i) one-twelfth of the average annual cash bonus paid to him with respect to the three completed fiscal years prior to the termination, or (ii) the cash bonus paid to him for the last fiscal year prior to the date of termination multiplied by twelve months following termination; and

the continuation of life, medical, dental and disability insurance coverage for twelve months following termination.

Mr. Martin may resign from employment for good reason and receive these termination benefits in the event of certain adverse changes in his employment conditions. Under the employment agreement, the termination benefits are subject to Mr. Martin's compliance with non-solicitation and non-compete provisions for a period of six months following his termination. The employment agreement does not provide for benefits for a termination following a change in control. Those benefits are provided for in a separate change in control agreement between Provident and Mr. Martin described in the following section *Change in Control Agreements*.

Change in Control Agreements

Change in control agreements are reserved for a limited number of executives. Benefits are payable under the change in control agreements after a termination of the executive following a change in control of Provident. We have entered into a three-year change in control agreements with Messrs. Martin, Blum, Kuntz and Lyons, and a two-year change in control agreement with Mr. Nesci. Under the agreements:

Following a change in control, the executive is entitled to a severance payment if:

the executive's employment is terminated during the term of such agreement, other than for cause, disability, or retirement; or

the executive terminates employment during the term of the agreement for good reason.

Good reason is generally defined to include:

the assignment of duties materially inconsistent with the executive's positions, duties or responsibilities as in effect prior to the change in control;

Edgar Filing: PROVIDENT FINANCIAL SERVICES INC - Form DEF 14A

a reduction in his or her base salary or fringe benefits;

a relocation of his or her principal place of employment by more than 25 miles from its location immediately prior to the change in control; or

a failure by Provident to obtain an assumption of the agreement by its successor.

The change in control severance payment is equal to three times (or in the case of the two-year agreement, two times) the highest level of aggregate annualized base salary and other cash compensation paid to the executive during the calendar year termination occurs, or during either of the immediately preceding two calendar years, whichever is greater. In addition, the executive is generally entitled to receive life, health, dental

Table of Contents

and disability coverage for the remaining term of the agreement. Payments under the change in control agreements for the named executive officers, other than Mr. Martin, are reduced to the extent necessary to prevent an excess parachute payment under Section 280G of the Internal Revenue Code.

Other Matters***Executive Stock Ownership Requirements***

Our Compensation Committee recommended, and our board of directors adopted, the following minimum equity ownership requirements for senior executives to further align their interests with stockholders:

Tier I	Chief Executive Officer	100,000 shares
Tier II	Other Named Executive Officers	10,000 shares

Each of the named executive officers currently exceeds these requirements. New executives have five years from their date of hire or promotion to achieve the minimum equity ownership levels, and vested and unvested restricted stock awards and shares of Provident common stock held in the ESOP and 401(k) Plan count toward the requirements.

Tax Deductibility of Executive Compensation

Under Section 162(m) of the Internal Revenue Code, companies are subject to limits on the deductibility of executive compensation. Deductible compensation is limited to \$1 million per year for each executive officer listed in the summary compensation table. Compensation that is performance-based under the Internal Revenue Code's definition is exempt from this limit. Stock option grants and other equity grants subject to performance vesting are intended to qualify as performance-based compensation.

The Compensation Committee does not have a formal policy with respect to the payment of compensation in excess of the deduction limit. The Compensation Committee's practice is to structure compensation programs offered to the named executive officers with a view towards maximizing the tax deductibility of amounts paid. However, in structuring compensation programs and making compensation decisions, the Committee considers a variety of factors, including Provident's tax position, the materiality of the payments and tax deductions involved and the need for flexibility to address unforeseen circumstances. After considering these factors, the Committee may decide to authorize payments, all or part of which would be nondeductible for federal tax purposes.

Pension Benefits

We maintain a noncontributory defined benefit pension plan, which covers full-time employees hired prior to April 1, 2003, the date on which the pension plan was frozen. All participants in the pension plan are 100% vested.

Pension plan participants generally become entitled to retirement benefits upon their later attainment of age 65 or the fifth anniversary of participation in the plan, which is referred to as the normal retirement date. The normal retirement benefit is equal to 1.35% of the participant's average final compensation up to the average social security level, plus 2% of the participant's average final compensation in excess of the average social security level multiplied by the participant's years of credited service to a maximum of 30 years.

Vested retirement benefits generally are paid beginning on the participant's normal retirement date. Participants with accrued benefits in the pension plan prior to April 1, 2003 continued to vest in their pre-April 1, 2003 accrued benefit.

A participant may elect to retire prior to age 65 and receive early retirement benefits if retirement occurs after completion of at least five consecutive years of vested service and attainment of age 55. If an early retirement election is made by a participant, retirement benefits will begin on the first day of any month during the ten-year period preceding the participant's normal retirement date, as directed by the retiring participant. If a participant elects to retire prior to attaining age 65 and after completing five years of credited service, his or her accrued pension benefit will be reduced 3% per year for the first five years prior to age 65 and 5% per year thereafter to age 55. However, if a participant elects to retire early after both attaining age 60 and completing 25 years of credited service, his or her accrued pension benefit will be unreduced. Any participant who terminated employment prior to January 1, 2002, will receive an early pension benefit equal to the actuarial equivalent of the annual amount of the normal pension that would otherwise have been payable to the participant had he or she not elected to receive an early pension. If the termination of service occurs after the normal retirement date, the participant's benefits will begin on the participant's postponed retirement date.

These contributions are included in the Summary Compensation Table in the column All Other Compensation.
- (2) The amounts shown represent interest and dividends credited under the Non-Qualified Supplemental Defined Contribution Plan, and for Mr. Martin the amount includes interest and dividends on his balance in the First Savings Bank Directors' Deferred Fee Plan. The interest and dividends are not included in the Summary Compensation Table because they were not above market.

Table of Contents

for Messrs. Martin, Lyons, Blum, Kuntz and Nesci, respectively for 2012; and \$17,958, \$2,356, \$2,801 and \$2,482 for Messrs. Martin, Lyons, Blum and Kuntz, respectively for 2011. No contribution was made in 2011 for Mr. Nesci. We maintain a Non-Qualified Supplemental Defined Contribution Plan (the Supplemental Plan), which is a non-qualified plan that provides additional benefits to certain executives whose benefits under the 401(k) Plan and ESOP are limited by tax law limitations applicable to tax-qualified plans. The Supplemental Plan requires a contribution for each participant who also participates in the 401(k) Plan and ESOP equal to the amount that would have been contributed under the terms of the of the 401(k) Plan and ESOP but for the tax law limitations, less the amount actually contributed under the 401(k) Plan and ESOP. The Supplemental Plan provides for a phantom stock allocation for qualified contributions that may not be accrued in the qualified ESOP and for matching contributions that may not be accrued in the qualified 401(k) Plan due to tax law limitations. Vesting of these supplemental benefits is subject to the same terms and conditions as the benefits provided under the 401(k) Plan and ESOP. The 401(k) portion of the benefit under the Supplemental Plan is credited with interest at an annual rate equal to the bond-equivalent yield on United States Treasury Securities adjusted to a constant maturity of ten years. The ESOP portion of the benefit under the Supplemental Plan is credited with dividends payable on Provident common stock.

Benefits payable under the Supplemental Plan are payable to the participant in a lump sum during the calendar year immediately following the calendar year of the earliest to occur of: (i) separation from service; (ii) disability; or (iii) death of the participant. The 401(k) portion of the benefit under the Supplemental Plan is paid in cash and the ESOP portion of the benefit is paid in Provident common stock unless the committee administering the Supplemental Plan determines in its sole discretion to pay it in cash.

Potential Payments Upon Termination or Change in Control

Provident has entered into an employment agreement and a three-year change in control agreement with Mr. Martin and three-year change in control agreements with Messrs. Blum, Kuntz and Lyons and a two-year change in control agreement with Mr. Nesci. The following tables reflect the amount of compensation and benefits payable to each of the named executive officers of Provident at December 31, 2013 pursuant to such individual's employment agreement or change in control agreement, as applicable, in the event of termination of such executive's employment. No payments are required due to a voluntary termination under the employment agreement and the change in control agreements. The amount of compensation and benefits payable to each named executive officer upon an involuntary or good reason not-for-cause termination, termination following a change in control and in the event of disability (with respect to Mr. Martin's employment agreement) is shown in the following tables. The amounts shown assume that such termination was effective as of December 31, 2013, and thus include amounts earned through such time and are estimates of the amounts which would be paid out to the executive upon his termination. The amounts shown relating to unvested options and stock awards are based on the fair market value per share of our common stock on December 31, 2013 of \$19.32 per share. Using that fair market value, only certain unvested stock options had value at December 31, 2013. The actual amounts that may be paid out to each executive can only be determined at the time of such executive's separation from Provident. The amounts shown on the following tables do not take into account any reductions that may be required in order to comply with Internal Revenue Code Section 280G cutback provisions in each of the named executive officers' agreements. There is no such cutback provision in Mr. Martin's agreement.

Director Compensation*Elements of Director Compensation**Director Fees*

Director compensation discussed under this caption Director Compensation is paid to our non-management directors only. Mr. Martin receives no director compensation for his service on the board of directors.

Our board of directors establishes director compensation based on the recommendation of the Compensation Committee. Periodically, the Compensation Committee will engage the services of a third party and will consult external surveys to assist it in a review of director compensation.

Commencing in 2013, we paid annual director fees based on a fiscal year covering the period starting May 1 and ending on April 30 and we eliminated meeting fees. The current director fee schedule is as follows:

Board Annual Retainer	\$50,000
Lead Director Annual Retainer	\$20,000
Committee Annual Retainers	\$27,500 for Audit and Compensation Committee Chairs
	\$15,000 for each member of the Audit and Compensation Committees
	\$20,000 for Governance/Nominating and Risk Committee Chairs
	\$10,000 for each member of the Governance/Nominating and Risk Committees
Annual Equity Grant	

Shares equivalent to \$90,000 based on the grant date price with immediate vesting

Table of Contents

For the stub period covering January 1, 2013 to May 1, 2013 we paid meeting fees for attendance at board and committee meetings (no meeting fees were paid to the Audit Committee members who received a pro rata portion of their retainer) based on the following schedule:

Board Meeting Fee	\$1,250 per meeting
Committee Meeting Fee for:	
Compensation Committee	
Governance/Nominating Committee	\$2,000 for Chair per meeting
Risk Committee	\$1,000 for each member per meeting

Director Benefits

The Provident Bank makes available to each director an annual medical examination under an arrangement with a designated service provider. A director may also enroll in the health, dental and vision plans generally made available to The Provident Bank's employees, so long as the director pays the entire cost of the coverage.

Retirement Plan for the Board of Directors of The Provident Bank

The Retirement Plan for the Board of Directors of The Provident Bank was terminated in 2005 to eliminate the accrual of benefits for directors with less than ten years of service as of December 31, 2006. For directors having ten or more years of service as of December 31, 2006 (includes three current directors), the plan provides cash payments for up to ten years based on age and length of service requirements. The maximum payment under this plan to a board member who terminates service on or after the normal retirement age as defined in the plan with at least ten years of service on the board is 40 quarterly payments of \$1,250. We may suspend payments under this plan if The Provident Bank fails to meet Federal Deposit Insurance Corporation or New Jersey Department of Banking and Insurance minimum capital requirements. The plan further provides that, in the event of a change in control (as defined in the plan), the undistributed balance of a director's accrued benefit will be distributed to him or her within 60 days of a change in control.

Voluntary Fee Deferral Plans

Our directors may elect to defer the receipt of all or a portion of the cash compensation paid to them for service on the board of directors. Elections to defer fees and the scheduled distribution of amounts deferred and earnings on those amounts shall comply with the requirements of Section 409A of the Internal Revenue Code. Deferred fees are credited to a memorandum account established for the benefit of each participant, and credited amounts currently earn interest at the prevailing prime rate.

In connection with the acquisition of First Sentinel Bancorp, Inc., Provident assumed the First Savings Bank Directors' Deferred Fee Plan, which was frozen prior to the completion of the acquisition. This plan will be paid out in accordance with the provisions of its governing documents.

Table of Contents

The following table sets forth for the year ended December 31, 2013 certain information as to total remuneration paid to directors who served on the board of directors in 2013 other than Mr. Martin, who is not paid director fees. Compensation paid to Mr. Martin is included in Executive Compensation Summary Compensation Table.

PROPOSAL 2 ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

The Compensation Discussion and Analysis appearing earlier in this Proxy Statement describes our executive compensation program and the compensation decisions made by our Compensation Committee with respect to the Chief Executive Officer and other officers named in the Summary Compensation Table (who are referred to as the named executive officers). At the 2011 Annual Meeting of Stockholders, our board of directors recommended, and the stockholders approved, a non-binding vote in favor of holding an annual advisory vote on executive compensation. As a result, we determined to hold an annual advisory vote on executive compensation until the next required stockholder vote relating to the frequency of stockholder voting on executive compensation. Pursuant to Section 14A of the Securities Exchange Act of 1934, the board of directors is requesting stockholders to cast a non-binding advisory vote on the following resolution:

RESOLVED, that the stockholders of Provident Financial Services, Inc. (Provident) approve the compensation paid to Provident's named executive officers, as disclosed in this Proxy Statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and narrative accompanying the tables.

Our executive compensation program is based on a pay for performance philosophy that is designed to support our business strategy and align the interests of its executives with its stockholders. Our board of directors believes that the link between compensation and the achievement of its long- and short-term business goals has helped our company's financial performance over time, while not encouraging excessive risk-taking by management.

Table of Contents

For these reasons, the board of directors is recommending that stockholders vote **FOR** this proposal. While this advisory vote is non-binding, the Compensation Committee and the board of directors value the views of the stockholders and will consider the outcome of this vote in future executive compensation decisions.

PROVIDENT S BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF THE COMPENSATION PAID TO PROVIDENT S NAMED EXECUTIVE OFFICERS.

PROPOSAL 3 APPROVAL OF THE AMENDED AND RESTATED LONG-TERM EQUITY INCENTIVE PLAN

Our board of directors has determined to amend and restate the 2008 Long-Term Equity Incentive Plan (the Equity Incentive Plan), which was approved by stockholders at the Company s 2008 Annual Meeting. The purpose of the Equity Incentive Plan is to provide our key employees and directors with additional incentive to achieve the Provident s performance objectives. The primary purpose of amending and restating the Equity Incentive Plan is to increase the number of shares that can be granted as restricted stock awards or restricted stock units. However, the total number of shares that are reserved for issuance under the Equity Incentive Plan is not being increased. We believe that having more shares available for awards as restricted stock and restricted stock units is appropriate, due to share utilization trends where full-value awards are more prevalent than awards of stock options or stock appreciation rights.

The following is a summary of the material features of the amended and restated Equity Incentive Plan, which is qualified in its entirety by reference to the provisions of the amended and restated Equity Incentive Plan attached hereto as Appendix A.

Shares Subject to the Equity Incentive Plan

As initially approved by stockholders in 2008, the number of shares of common stock reserved for issuance under the 2008 Long-Term Equity Incentive Plan was equal to:

2,481,382 shares, of which 1,850,000 shares could be granted as restricted stock awards or restricted stock units; plus

up to 4,824,420 shares of common stock subject to then outstanding awards granted under prior equity plans, but that may have been subsequently forfeited or that subsequently expired unexercised. Of these shares, 4,464,782 shares were subject to outstanding option awards, and 359,638 shares were subject to outstanding restricted stock awards.

As of March 12, 2014, the Equity Incentive Plan had 3,501,095 shares remaining available for granting as stock options, and 185,415 shares remaining available for granting as restricted stock awards or restricted stock units, for a total of 3,686,510 shares. There are 850,969 shares subject to currently outstanding and unvested restricted stock awards and 1,382,378 shares subject to outstanding and unexercised stock options.

In connection with the amendment and restatement of the Equity Incentive Plan, we are proposing to increase the number of shares that can be granted as restricted stock awards or restricted stock units from the currently available 185,415 shares, to 2,100,000 shares. The total number of shares that are available for issuance under the Equity Incentive Plan will not increase.

The shares of common stock with respect to which awards may be made under the Equity Incentive Plan shall be shares currently authorized but unissued, currently held or, to the extent permitted by applicable law, subsequently acquired by Provident in the open market or in private transactions.

Table of Contents

Eligibility

Employees and outside directors of Provident and its subsidiaries are eligible to receive awards under the Equity Incentive Plan, except that non-employee directors may not be granted incentive stock options. Non-employee directors may receive in the aggregate up to 20% of the shares reserved for issuance under the Equity Incentive Plan.

Administration of the Equity Incentive Plan

The Equity Incentive Plan will be administered by the Compensation Committee of the board of directors (the Committee). The Committee has full and exclusive power within the limitations set forth in the Equity Incentive Plan to make all decisions and determinations regarding the selection of participants and the granting of awards; establishing the terms and conditions relating to each award; adopting rules, regulations and guidelines for carrying out the Equity Incentive Plan's purposes; and interpreting and otherwise construing the Equity Incentive Plan. The Equity Incentive Plan also permits the board of directors or the Committee to delegate to one or more officers of Provident the Committee's power to (i) designate officers and employees who will receive awards, and (ii) determine the number of awards to be received by them.

Types of Awards

The Committee may determine the type and terms and conditions of awards under the Equity Incentive Plan. Awards may be granted in a combination of incentive and non-statutory stock options, stock appreciation rights, restricted stock units or restricted stock awards, as follows. Awards will be evidenced by agreements approved by the Committee, which set forth the terms and conditions of each award.

Stock Options. A stock option gives the recipient or optionee the right to purchase shares of common stock at a specified price for a specified period of time. The exercise price may not be less than the fair market value on the date the stock option is granted. Fair market value for purposes of the Equity Incentive Plan means the final sales price of our common stock as reported on the New York Stock Exchange on the date the option is granted, or if our common stock was not traded on such date, then on the day prior to such date or on the next preceding day on which our common stock was traded, and without regard to after-hours trading activity.

Stock options are either incentive stock options or non-statutory stock options. Incentive stock options have certain tax advantages and must comply with the requirements of Section 422 of the Internal Revenue Code. Only employees are eligible to receive incentive stock options. Shares of common stock purchased upon the exercise of a stock option must be paid for in full at the time of exercise: (i) either in cash or with common stock of Provident which was owned by the participant for at least six months prior to delivery; or (ii) by reduction in the number of shares deliverable pursuant to the stock option; (iii) by a net settlement of the stock option using a portion of the shares obtained on exercise in payment of the exercise price of the stock option; or (iv) subject to a cashless exercise through a third party. Cash may be paid in lieu of any fractional shares under the Equity Incentive Plan. Stock options are subject to vesting conditions and restrictions as determined by the Committee.

Stock Appreciation Rights. Stock appreciation rights give the recipient the right to receive a payment in cash, our common stock, or a combination thereof, of an amount equal to the excess of the fair market value of a specified number of shares of our common stock on the date of the exercise of the stock appreciation rights over the fair market value of the common stock on the date of grant of the stock appreciation right, as set forth in the recipient's award agreement.

Restricted Stock Awards. Stock awards under the Equity Incentive Plan will be granted only in whole shares of our common stock. Stock awards will be subject to conditions established by the Committee which are set forth in the award agreement, and which may include the achievement of one or more performance measures. Any stock award granted under the Equity Incentive Plan will be subject to vesting as determined by the Committee. Prior to their vesting, unless otherwise determined by the Committee, the recipient of a restricted

Table of Contents

stock award may exercise any voting rights with respect to common stock subject to an award and receive any dividends and distributions with respect to the common stock. Notwithstanding the preceding sentence, no dividends or distributions will be paid if the awards are subject to performance-based vesting conditions unless and until the award becomes vested.

Restricted Stock Units. Restricted stock units give the recipient the right to receive a payment in cash, our common stock, or a combination thereof, of an amount equal to the fair market value of a specified number of shares of our common stock on the date of the exercise of the restricted stock unit award as set forth in the recipient's award agreement. Restricted stock units under the Equity Incentive Plan will be granted only in whole shares of common stock. The value of each restricted stock unit will be credited with deemed dividends at the same time and same manner as dividends are paid on shares of our common stock. Any restricted stock unit granted under the Equity Incentive Plan will be subject to vesting as determined by the Committee. Restricted stock units are not entitled to voting rights.

Prohibition Against Option Repricing

The Plan provides that neither the Committee nor the board of directors is authorized to make any adjustment or amendment that reduces or would have the effect of reducing the exercise price of a stock option or stock appreciation right previously granted.

Prohibition on Transfer

Generally, all awards, except non-statutory stock options, granted under the Equity Incentive Plan will be nontransferable except by will or in accordance with the laws of intestate succession. Stock awards and restricted stock units may be transferable pursuant to a qualified domestic relations order. At the Committee's sole discretion, non-statutory stock options may be transferred for valid estate planning purposes that are permitted by the Internal Revenue Code and the Securities Exchange Act of 1934. During the life of the participant, awards can only be exercised by him or her. The Committee may permit a participant to designate a beneficiary to exercise or receive any rights that may exist under the Equity Incentive Plan upon the participant's death.

Limitation on Awards Under The Equity Incentive Plan

The following limits apply to awards under the Equity Incentive Plan:

the maximum number of shares of stock that may be covered by options or stock appreciation rights that are intended to be performance-based compensation under a grant to any one participant in any one calendar year is 250,000 shares;

the maximum number of shares of stock that may be stock awards or restricted stock units that are intended to be performance-based compensation which are granted to any one participant during any calendar year is 75,000 shares; and

the maximum amount of cash settled stock appreciation rights or cash settled restricted stock units that are intended to be performance-based compensation payable to any one participant with respect to any calendar year shall equal \$1,500,000.

Adjustments for Corporate Transactions

In the event of a corporate transaction in which shares of common stock are changed into or exchanged for a different number of kind of shares or other securities of Provident on account of any recapitalization, reclassification, stock split, reverse split, combination of shares, exchange of shares, stock dividend or other distribution payable in capital stock, or other increase or decrease in such shares effected without receipt of consideration by Provident, the number and kinds of shares for which grants may be made under the Equity Incentive Plan shall be adjusted proportionately. In addition, the number and kind of shares for which grants are

Table of Contents

outstanding shall be adjusted proportionately and accordingly so that the proportionate interest of the grantee immediately following such event shall, to the extent practicable, be the same as immediately before such event. Any such adjustment in outstanding stock options shall not change the aggregate exercise price payable with respect to shares that are subject to the unexercised portion of the stock option outstanding.

Performance Features

Section 162(m) of the Internal Revenue Code. A federal income tax deduction for Provident will generally be unavailable for annual compensation in excess of \$1 million paid to the chief executive officer and the other executive officers named in the summary compensation table other than the chief financial officer (covered employees). However, amounts that constitute performance-based compensation are not counted toward the \$1 million limit. The Equity Incentive Plan is designed so that stock options will be considered performance-based compensation. The Committee may designate whether any stock appreciation rights, stock awards, or restricted stock units being granted to any participant are intended to be performance-based compensation as that term is used in section 162(m) of the Internal Revenue Code. Any such awards designated as intended to be performance-based compensation will be conditioned on the achievement of one or more performance measures, to the extent required by section 162(m) of the Internal Revenue Code.

Performance Measures. The performance measures that may be used for such awards will be based on any one or more of the following performance measures, as selected by the Committee: earnings; financial return ratios; capital; increase in revenue; operating or net cash flows; cash flow return on investment; total stockholder return; market share; net operating income; operating income or net income; debt load reduction; expense management; economic value added; stock price; assets; asset quality level; charge offs; loan reserves; non-performing assets; loans; deposits; growth of loans, deposits or assets; liquidity; interest sensitivity gap levels; regulatory compliance or safety and soundness; improvement of financial rating; administrative expenses; achievement of balance sheet or income statement objectives and strategic business objectives, consisting of one or more objectives based on meeting specific targets, such as business expansion goals and goals relating to acquisitions or divestitures.

Performance measures may be based on the performance of Provident as a whole or of any one or more subsidiaries or business units of Provident or a subsidiary and may be measured relative to a peer group, an index or a business plan. The terms of any award may provide that partial achievement of performance criteria may result in partial payment or vesting of the award. The Committee may adjust performance measures after they have been set, but only to the extent the Committee exercises negative discretion as permitted under applicable law for purposes of an exception to section 162(m) of the Internal Revenue Code. In establishing the performance measures, the Committee may provide for the inclusion or exclusion of certain items. Additionally, the grant of an award intended to be performance-based compensation and the establishment of any performance based measures shall be made during the period required by section 162(m) of the Internal Revenue Code.

Vesting of Awards

If the right to become vested in an award under the Equity Incentive Plan is conditioned on the completion of a specified period of service with Provident or its subsidiaries, without the achievement of performance measures or objectives, then unless otherwise determined by the Committee and evidenced in an award agreement, the required period of service for full vesting shall not be less than three years for an employee, and not less than one year for a director, subject in either case to acceleration in the event of death, disability, retirement, involuntary termination of employment of service following a change in control, or other enumerated events.

Change in Control

Outstanding options and stock appreciation rights held by a participant will become fully exercisable and all stock awards or restricted stock units shall be fully earned and vested upon an involuntary termination of

Table of Contents

employment following a change in control. For the purposes of the Equity Incentive Plan, a change in control occurs when: (a) stockholders approve a plan of reorganization, merger, consolidation or similar transaction, other than a transaction after which at least 51% of the equity ownership or voting interests resulting from such transaction are held by persons who immediately prior to such transaction held at least 51% of the equity or voting interests of Provident; (b) any person acquires beneficial owner (as defined in Rule 13d-3 under the Securities Exchange Act of 1934), directly or indirectly, of securities of Provident representing 20% or more of the combined voting power of Provident's then outstanding voting securities, or stockholder approval of a transaction that would result in such ownership; (c) a complete liquidation of Provident or the Bank, or stockholder approval of a plan of liquidation or dissolution; or (d) the Incumbent Directors (as defined in the Equity Incentive Plan) cease, for any reason, to constitute a majority of the Whole Board (as defined in the Equity Incentive Plan). In the event of a change in control, any performance measure attached to an award under the Equity Incentive Plan shall be deemed satisfied as of the date of the change in control.

Amendment and Termination

The board of directors may, at any time, amend or terminate the Equity Incentive Plan or any award granted under the Equity Incentive Plan, provided that, other than as provided in the Equity Incentive Plan, no amendment or termination may adversely impair the rights of an outstanding award without the participant's (or affected beneficiary's) written consent. The board of directors may not amend the provision of the Equity Incentive Plan related to repricing, materially increase the original number of securities which may be issued under the Equity Incentive Plan (other than as provided in the Equity Incentive Plan), materially increase the benefits accruing to a participant, or materially modify the requirements for participation in the Equity Incentive Plan without the approval of stockholders.

Duration of Plan

The amended and restated Equity Incentive Plan will become effective upon stockholder approval at this Annual Meeting. The Equity Incentive Plan will terminate in 10 years or, if sooner, when all shares reserved under the Equity Incentive Plan have been issued. At any time, the board of directors may terminate the Equity Incentive Plan. However, any termination of the Equity Incentive Plan will not affect outstanding awards.

Federal Income Tax Considerations

The following is a summary of the federal income tax consequences that may arise in conjunction with participation in the Equity Incentive Plan.

Non-Statutory Stock Options. The grant of a non-statutory option will not result in taxable income to the participant. A participant will realize ordinary income at the time of exercise in an amount equal to the excess of the fair market value of the shares acquired over the exercise price for those shares and Provident will be entitled to a corresponding deduction. Gains or losses realized by the participant upon disposition of such shares will be treated as capital gains and losses, with the basis in such shares equal to the fair market value of the shares at the time of exercise.

Incentive Stock Options. The grant of an incentive stock option will not result in taxable income to the participant. The exercise of an incentive stock option will not result in taxable income to the participant provided that the participant was, without a break in service, an employee of Provident or a subsidiary during the period beginning on the date of the grant of the option and ending on the date three months prior to the date of exercise (one year prior to the date of exercise if the participant is disabled, as that term is defined in the Internal Revenue Code).

The excess of the fair market value of the shares at the time of the exercise of an incentive stock option over the exercise price is an adjustment that is included in the calculation of the participant's alternative minimum taxable income for the tax year in which the incentive stock option is exercised. For purposes of determining the

Table of Contents

participant's alternative minimum tax liability for the year of disposition of the shares acquired pursuant to the incentive stock option exercise, the participant will have a basis in those shares equal to the fair market value of the shares at the time of exercise.

If the participant does not sell or otherwise dispose of the shares within two years from the date of the grant of the incentive stock option or within one year after the exercise of such stock, then, upon disposition of such shares, any amount realized in excess of the exercise price will be taxed as capital gain. A capital loss will be recognized to the extent that the amount realized is less than the exercise price.

If the foregoing holding period requirements are not met, the participant will generally realize ordinary income at the time of the disposition of the shares, in an amount equal to the lesser of (i) the excess of the fair market value of the shares on the date of exercise over the exercise price, or (ii) the excess, if any, of the amount realized upon disposition of the shares over the exercise price, and Provident will be entitled to a corresponding deduction. If the amount realized exceeds the value of the shares on the date of exercise, the excess will be capital gain. If the amount realized is less than the exercise price, the participant will recognize no income, and a capital loss will be recognized equal to the excess of the exercise price over the amount realized upon the disposition of the shares.

Stock Appreciation Rights. The grant of a stock appreciation right will not result in taxable income to the participant. Upon exercise of a stock appreciation right, the cash received or the fair market value of shares received will be taxable to the participant as ordinary income and Provident will be entitled to a corresponding deduction. Gains and losses realized by the participant upon disposition of any such shares will be treated as capital gains and losses, with the basis in such shares equal to the fair market value of the shares at the time of exercise.

Restricted Stock Awards. A participant who has been granted a restricted stock award will not realize taxable income at the time of grant, provided that the stock subject to the award is not delivered at the time of grant, or if the stock is delivered, it is subject to restrictions that constitute a substantial risk of forfeiture for federal income tax purposes. Upon the later of delivery or vesting of shares subject to an award, the holder will realize ordinary income in an amount equal to the then fair market value of those shares and Provident will be entitled to a corresponding deduction. Gains or losses realized by the participant upon disposition of such shares will be treated as capital gains or losses, with the basis in such shares equal to the fair market value of the shares at the time of delivery or vesting. Dividends paid to the holder during the restriction period, if so provided, will also be compensation income to the participant and Provident will be entitled to a corresponding deduction.

Restricted Stock Units. A participant who has been granted restricted stock units will not realize taxable income at the time of grant, provided that the grant does not allow the participant to demand payment for the shares until after a specified period of time. At the time the participant is entitled to demand payment, the participant will realize ordinary income in an amount equal to the then fair market value of the restricted stock units and Provident will be entitled to a corresponding deduction. If the restricted stock units are settled in stock, any gains or losses realized by the participant upon disposition of such shares will be treated as capital gains or losses, with the basis in such shares equal to the fair market value of the shares at the time of delivery. Deemed dividends paid to the participant during the restriction period will also be treated as compensation income to the participant at the time the participant is permitted to demand payment and Provident will be entitled to a corresponding deduction, at the same time and manner as income tax is recognized on the underlying restricted stock unit.

Withholding of Taxes. Provident may withhold amounts from participants to satisfy withholding tax requirements. Except as otherwise provided by the Committee, participants may have shares withheld from awards or may tender previously owned shares to Provident to satisfy tax withholding requirements.

Change in Control. Any acceleration of the vesting or payment of awards under the Equity Incentive Plan in the event of a change in control or termination of service following a change in control may cause part or all of

Table of Contents

the consideration involved to be treated as an excess parachute payment under the Internal Revenue Code, which may subject the participant to a 20% excise tax and preclude a deduction by Provident.

Deduction Limits. Section 162(m) of the Internal Revenue Code generally limits Provident's ability to deduct for tax purposes compensation in excess of \$1.0 million per year for covered employees. Restricted stock awards and other awards that are not subject to performance goals may be subject to this deduction limit if income recognized on the awards plus other compensation of the executive that is subject to the limit exceeds \$1.0 million. Performance-based compensation that meets the requirements of Section 162(m) (qualified performance-based compensation) is not subject to this limit and is fully deductible by Provident. Qualified performance-based compensation is compensation that is subject to a number of requirements such as stockholder approval of possible performance goals, and objective quantification of those goals in advance. Stock options available for award under the Equity Incentive Plan will be considered qualified performance-based compensation even if such awards vest solely due to the passage of time during the performance of services. Restricted stock awards or restricted stock units that vest upon the attainment of performance measurements may also qualify as qualified performance-based compensation. Accordingly, if an award is not exempt from Section 162(m), income recognized on such award by a covered employee will be subject to the \$1.0 million deduction limit on compensation.

Tax Advice. The preceding discussion is based on federal tax laws and regulations presently in effect, which are subject to change, and the discussion does not purport to be a complete description of the federal income tax aspects of the Equity Incentive Plan. A participant may also be subject to state and local taxes in connection with the grant of awards under the Equity Incentive Plan. Provident suggests that participants consult with their individual tax advisors to determine the applicability of the tax rules to the awards granted to them in their personal circumstances.

Accounting Treatment

Under Financial Accounting Standards Board Accounting Standards Codification Topic 718, Provident is required to recognize compensation expense on its income statement over the requisite service period based on the grant date fair value of options and other equity-based compensation (such as restricted stock, restricted stock units and stock appreciation rights).

Awards to be Granted

At the present time, no specific determination has been made as to specific grants of awards under the Equity Incentive Plan.

Required Vote and Recommendation of the Board

In order to approve the Equity Incentive Plan, the proposal must receive the affirmative vote of the majority of the shares present and voting, without regard to broker non-votes or proxies marked **ABSTAIN**.

PROPOSAL 4 RATIFICATION OF THE APPOINTMENT OF OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our independent registered public accounting firm for the year ended December 31, 2013 was KPMG LLP. Stockholder ratification of the appointment of KPMG LLP is not required by our Bylaws or otherwise. However, our board of directors is submitting the appointment of our independent registered public accounting firm to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the appointment of KPMG LLP, our Audit Committee will reconsider whether it should select another independent registered public accounting firm. Even if the selection is ratified, our Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change is in the best interests of Provident and its stockholders.

Audit Fees. The aggregate fees billed to Provident for professional services rendered by KPMG LLP for the audit of the annual financial statements, review of the financial statements included in our Quarterly Reports on Form 10-Q and services that are normally provided by KPMG LLP in connection with statutory and regulatory filings and engagements were \$788,500 and \$793,500 during the fiscal years ended December 31, 2013 and 2012, respectively.

These services included audits of our employee benefit plans.

Tax Fees. No fees were billed to Provident for professional services rendered by KPMG LLP for tax compliance, tax advice and tax planning during the fiscal years ended December 31, 2013 and 2012, as the Audit Committee has a policy that the independent registered public accounting firm shall not perform the preparation and filing of our corporate tax returns, tax compliance and other tax-related services.

All Other Fees. No fees were billed to Provident for other permissible services rendered by KPMG LLP during each of the fiscal years ended December 31, 2013 and 2012.

Pre-Approval Policy. Our Audit Committee has delegated to the Chair of the Audit Committee the authority to pre-approve audit and audit-related services up to a maximum amount of \$25,000 between meetings of the Audit Committee, provided the Chair reports any such approvals to the full Audit Committee at its next meeting. The full Audit Committee pre-approves all other services to be performed by the independent registered public accounting firm and the related fees.

AMENDED AND RESTATED

LONG-TERM EQUITY INCENTIVE PLAN

ARTICLE 1 GENERAL

Section 1.1 Purpose, Effective Date and Term. The purpose of this Amended and Restated Long-Term Equity Incentive Plan (the **Plan**) is to promote the long-term financial success of Provident Financial Services, Inc. (the **Company**), and its Subsidiaries, including The Provident Bank (the **Bank**), by providing a means to attract, retain and reward individuals who can and do contribute to such success and to further align their interests with those of the Company's stockholders.

The **Effective Date** of the Plan is the date the Plan is approved by the Company's stockholders. The Plan initially became effective on April 23, 2008 (**Initial Effective Date**) and was to remain in effect for ten years thereafter, unless sooner terminated by the Company's Board of Directors (the **Board**). The Plan, as amended and restated, is being submitted to stockholders, and is expected to be approved at the Company's 2014 annual shareholder meeting (**Restatement Effective Date**), in order to (i) reserve additional shares of common stock under the Plan for issuance as restricted stock awards or restricted stock units from the Plan's existing share pool; (ii) extend the term of the Plan for ten (10) years from the date of the Restatement Effective Date; and (iii) update the Plan with certain terms, conditions and features.

The Plan shall remain in effect as long as any awards under it are outstanding; *provided, however*, that no awards may be granted under the Plan after the day before the ten-year anniversary of the Restatement Effective Date.

Section 1.2 Administration. The Plan shall be administered by a committee of the Company's Board of Directors (the **Committee**), in accordance with **Section 6.1**.

Section 1.3 Participation. Each Employee or Director of the Company or any Subsidiary of the Company who is granted an award in accordance with the terms of the Plan shall be a **Participant** in the Plan. Awards under the Plan shall be limited to Employees and Directors of the Company or any Subsidiary; *provided, however*, that an award (other than an award of an incentive stock option) may be granted to an individual prior to the date on which he or she first performs services as an Employee or a Director, provided that such award does not become vested prior to the date such individual commences such services.

Section 1.4 Definitions. Capitalized terms in the Plan shall be defined as set forth in the Plan.

ARTICLE 3 AWARDS

Section 3.1 General. Any award under the Plan may be granted singularly or in combination with another award (or awards). Each award under the Plan shall be subject to the terms and conditions of the Plan and such additional terms, conditions, limitations and restrictions as the Committee shall provide with respect to such award and as evidenced in the Award Agreement. Subject to the provisions of **Section 3.7**, an award may be granted as an alternative to or replacement of an existing award under the Plan or any other plan of the Company or any Subsidiary or as the form of payment for grants or rights earned or due under any other compensation plan or arrangement of the Company or its Subsidiaries, including without limitation the plan of any entity acquired by the Company or any Subsidiary. The types of awards that may be granted under the Plan include:

- (a) *Stock Options.* A stock option represents the right to purchase shares of Stock at an Exercise Price established by the Committee. Any stock option may be either an incentive stock option (an **ISO**) that is intended to satisfy the requirements applicable to an incentive stock option described in Code Section 422(b), or a non-qualified option that is not intended to be an ISO, *provided, however*, that no ISOs may be:
 - (i) granted after the ten-year anniversary of the Effective Date; or
 - (ii) granted to a non-Employee. Unless otherwise specified in the Award Agreement or prohibited by statute, an option awarded to an Employee shall be an ISO. Any ISO granted under this Plan that does not qualify as an ISO for any reason (whether at the time of grant or as the result of a subsequent event) shall be deemed to be a non-qualified option. In addition, any ISO granted under this Plan may be unilaterally modified by the Committee to disqualify such option from ISO treatment such that it shall become a non-qualified option; provided, however, that any such modification shall be ineffective if it causes the Award to be subject to Code Section 409A (unless, as modified, the Award complies with Code Section 409A). Grants of stock options do not include any dividend equivalent rights.
- (b) *Stock Appreciation Rights.* A stock appreciation right (an **SAR**) is a right to receive, in cash, shares of Stock or a combination of both (as shall be reflected in the Award Agreement), an amount equal to or based upon the excess of: (i) the Fair Market Value of a share of Stock at the time of exercise; over (ii) an Exercise Price established by the Committee in accordance with **Section 3.2** hereof. Grants of SARs do not include any dividend equivalent rights.
- (c) *Restricted Stock Awards.* A Restricted Stock Award is a grant of shares of Stock, for no consideration or such minimum consideration as may be required by applicable law, either alone or in addition to other Awards granted under the Plan, subject to a vesting schedule or the satisfaction of market conditions or performance measures.
- (d) *Restricted Stock Unit Awards.* A Restricted Stock Unit means a grant denominated in shares of Stock that is similar to a Restricted Stock Award except no shares of Stock are actually awarded on the date of grant

Table of Contents

of a Restricted Stock Unit. A Restricted Stock Unit is subject to a vesting schedule or the satisfaction of market conditions or performance conditions and shall be settled in shares of Stock, provided, however, that in the sole discretion of the Committee, determined at the time of settlement, a Restricted Stock Unit may be settled in cash based on the Fair Market Value of a share of the Company's Stock multiplied by the number of Restricted Stock Units being settled.

Section 3.2 Exercise of Stock Options and SARs. A stock option or SAR shall be exercisable in accordance with such terms and conditions and during such periods as may be established by the Committee and set forth in the Award Agreement. In no event, however, shall a stock option or SAR be exercised later than ten (10) years after the date of its grant (or five (5) years with respect to ISOs granted to an Employee who is a 10% Stockholder). The **Exercise Price** of each stock option and SAR shall not be less than 100% of the Fair Market Value of a share of Stock on the date of grant (or, if greater, the par value of a share of Stock); *provided, however*, that the Exercise Price of an ISO shall not be less than 110% of Fair Market Value of a share of Stock on the date of grant if granted to a 10% Stockholder; *further, provided*, that the Exercise Price may be higher or lower in the case of options or SARs granted in replacement of existing awards held by an Employee or Director of an acquired entity. The payment of the Exercise Price of an option shall be by cash or, subject to limitations imposed by applicable law, by such other means as the Committee may from time to time permit, including: (a) by tendering, either actually or constructively by attestation, shares of Stock valued at Fair Market Value as of the day of exercise; (b) by irrevocably authorizing a third party, acceptable to the Committee, to sell shares of Stock (or a sufficient portion of the shares) acquired upon exercise of the option and to remit to the Company a sufficient portion of the sale proceeds to pay the entire Exercise Price and any tax withholding resulting from such exercise; (c) by a net settlement of the stock option, using a portion of the shares obtained on exercise in payment of the Exercise Price of the stock option (and if applicable, any minimum required tax withholding); (d) by personal, certified or cashiers' check; (e) by other property deemed acceptable by the Committee; or (f) by any combination thereof. The total number of shares that may be acquired upon the exercise of an option shall be rounded down to the nearest whole share, with cash-in-lieu paid by the Company, at its discretion, for the value of any fractional share. Applicable tax withholding shall be deducted in accordance with **Section 8.8**.

Section 3.3. Restricted Stock Awards and Restricted Stock Unit Awards.

(a) *General.* Each Restricted Stock Award and Restricted Stock Unit Award shall be evidenced by an Award Agreement, which shall: (a) specify the number of shares of Stock covered by the Restricted Stock Award or Restricted Stock Unit Award; (b) specify the date of grant of the Restricted Stock Award or Restricted Stock Unit Award; (c) specify the vesting period, and (d) contain such other terms and conditions not inconsistent with the Plan as the Committee may, in its discretion, prescribe, including, without limitation, restrictions based upon the achievement of specific performance goals, time-based restrictions on vesting following the attainment of the performance goals, time-based restrictions, and/or restrictions under applicable laws or under the requirements of any stock exchange or market upon which such shares of Stock are listed or traded, or holding requirements or sale restrictions placed on the shares by the Company upon vesting of such Restricted Stock or Restricted Stock Units or the effect of termination of a Participant's employment or Service with the Company.

All Restricted Stock Awards shall be in the form of issued and outstanding shares of Stock that shall be either: (x) registered in the name of the Participant and held by or on behalf of the Committee, together with a stock power executed by the Participant in favor of the Committee as may be required by the Committee, pending the vesting or forfeiture of the Restricted Stock Award; or (y) registered in the name of, and delivered to, the Participant or held in street name (book form). To the extent deemed appropriate by the Committee, the Company may retain the certificates representing shares of Restricted Stock in the Company's possession until such time as all conditions and/or restrictions applicable to such shares have been satisfied or lapse. In any event, the certificates evidencing the Restricted Stock Award shall at all times prior to the applicable vesting date bear the following legend:

The Common Stock evidenced hereby is subject to the terms of an Award Agreement between Provident Financial Services, Inc. and [Name of Participant] dated [Date], made pursuant to the terms of the Provident

Financial Services Amended and Restated Long-Term Equity Incentive Plan, copies of which are on file at the executive offices of Provident Financial Services, Inc., and may not be sold, encumbered, hypothecated or otherwise transferred except in accordance with the terms of such Plan and Agreement.

or such other restrictive legend as the Committee, in its discretion, may specify. Notwithstanding the foregoing, the Company may in its sole discretion issue Restricted Stock Awards in any other approved format (*e.g. electronically*) in order to facilitate the paperless transfer of such Awards. In the event Restricted Stock Awards are not issued in certificate form, the Company and/or the transfer agent shall maintain appropriate bookkeeping entries that evidence Participants' ownership of such Awards. Restricted Stock Awards that are not issued in certificate form shall be subject to the same terms and conditions of this Plan as certificated shares, including the restrictions on transferability, and the provision of a stock power executed by the Participant in favor of the Company as may be required by the Committee, until the satisfaction of the conditions to which the Restricted Stock Award is subject.

Each Restricted Stock Unit shall be evidenced by an Award Agreement that shall specify the Restriction Period (defined below), the number of Restricted Stock Units granted, and such other provisions, including the effect of termination of a Participant's employment or Service with the Company, as the Committee shall determine. Restricted Stock Unit Awards shall be paid in cash, shares of Stock or a combination of cash and shares of Stock as the Committee, in its sole discretion, shall determine. The Committee shall impose such other conditions and/or restrictions on any Restricted Stock Unit Award granted pursuant to the Plan as it may deem advisable including, without limitation, a requirement that Participants pay a stipulated purchase price for each Restricted Stock Unit, time-based restrictions and vesting following the attainment of stated performance measures, restrictions under applicable laws or under the requirements of any Exchange or market upon which such shares may be listed, or holding requirements or sale restrictions placed by the Company upon vesting of such Restricted Stock Units.

The Committee may, in connection with the grant of Restricted Stock Units, designate them as performance based compensation within the meaning of Code Section 162(m), in which event it shall condition the vesting thereof upon the attainment of one or more stated performance measures. Regardless of whether Restricted Stock Units are subject to the attainment of one or more performance measures, the Committee may also condition the vesting thereof upon the continued Service of the Participant. The conditions for grant or vesting and the other provisions of Restricted Stock Units (including without limitation any applicable performance measures) need not be the same with respect to each recipient. An Award of Restricted Stock Units shall be settled as and when the Restricted Stock Units vest or, in the case of Restricted Stock Units subject to performance measures, after the Committee has determined that the performance goals have been satisfied.

Subject to the provisions of the Plan and the applicable Award Agreement, during the period, if any, set by the Committee, commencing with the date of such Restricted Stock Unit for which such Participant's continued Service is required (the Restriction Period), and until the later of (A) the expiration of the Restriction Period and (B) the date the applicable performance measures (if any) are satisfied, the Participant shall not be permitted to sell, assign, transfer, pledge or otherwise encumber Restricted Stock Units.

(b) Dividends. Unless the Committee determines otherwise with respect to any Restricted Stock Award and specifies such determination in the relevant Award Agreement, any dividends or distributions declared and paid with respect to shares of Stock subject to the Restricted Stock Award, other than a stock dividend consisting of shares of Stock, but otherwise whether or not in cash, shall be immediately distributed to the Participant. If the Committee determines to delay the distribution of dividends to a Participant until the vesting of a Restricted Stock Award, the Committee shall cause the dividend (and any earnings thereon) to be distributed to the Participant no later than two and one-half months following the date on which the Restricted Stock Award vests. Notwithstanding the foregoing, no dividends shall be paid with respect to any Restricted Stock Awards subject to performance-based vesting conditions unless and until the Participant vests in such Restricted Stock Award. Upon the vesting of a performance-based Restricted Stock Award, any dividends declared but not paid during the vesting period shall be paid within thirty (30) days following the vesting date. No dividends shall be paid on Restricted Stock Units. In the sole discretion of the Committee, exercised at the time of grant, Dividend

Equivalent Rights may be paid on Restricted Stock Units. If a Restricted Stock Unit is intended to be performance-based in accordance with Code Section 162(m), payment of Dividend Equivalent Rights to the Award recipient will be conditioned on the satisfaction of the performance criteria. In such case, the Dividend Equivalent Right shall be paid at the same time as the shares subject to such Restricted Stock Unit are distributed to the Participant.

(c) *Voting Rights.* Unless the Committee determines otherwise with respect to any Restricted Stock Award and specifies such determination in the relevant Award Agreement, a Participant shall have voting rights related to the unvested, non-forfeited Restricted Stock and such voting rights shall be exercised by the Participant in his or her discretion. Restricted Stock Units are not entitled to vote any shares of Stock.

(d) *Tender Offers and Merger Elections.* Each Participant to whom a Restricted Stock Award is granted shall have the right to respond, or to direct the response, with respect to the related shares of Restricted Stock, to any tender offer, exchange offer, cash/stock merger consideration election, or other offer made to or elections made by the holders of shares of Stock. Such a direction for any such shares of Stock shall be given by proxy or ballot (if the Participant is the beneficial owner of the shares of Restricted Stock for voting purposes) or by completing and filing, with the inspector of elections, the trustee or such other person who shall be independent of the Company as the Committee shall designate in the direction (if the Participant is not such a beneficial owner), a written direction in the form and manner prescribed by the Committee. If no such direction is given, then the shares of Restricted Stock shall not be tendered.

Section 3.4 Performance-Based Compensation. The vesting of any Restricted Stock Award or Restricted Stock Unit Award under the Plan which is intended to be performance-based compensation within the meaning of Code Section 162(m) with respect to any Covered Employee shall be conditioned on the achievement of one or more objective performance measures set forth below, to the extent required by Code Section 162(m), as may be determined by the Committee. The grant of any award and the establishment of performance measures that are intended to be performance-based compensation within the meaning of Code Section 162(m) shall be made during the period required under Code Section 162(m) and shall comply with all applicable requirements of Code Section 162(m). At the discretion of the Committee, the vesting of any Stock Option also may be subject to the achievement of one or more objective performance measures, although such performance-based vesting is not necessary to satisfy the requirement of Code Section 162(m) with respect to Stock Options. Notwithstanding anything herein to the contrary, in the discretion of the Committee, Awards that do not comply with the requirements of Code Section 162(m) may be granted to Covered Employees and/or to persons other than Covered Employees.

(a) *Performance Measures.* Such performance measures may be based on any one or more of the following: earnings (*e.g.*, earnings before interest and taxes, earnings before interest, taxes, depreciation and amortization; or earnings per share); financial return ratios (*e.g.*, return on investment, return on invested capital, return on equity or return on assets); capital; increase in revenue, operating or net cash flows; cash flow return on investment; total stockholder return; market share; net operating income, operating income or net income; debt load reduction; expense management; economic value added; stock price; assets, asset quality level, charge offs, loan reserves, non-performing assets, loans, deposits, growth of loans, deposits or assets; liquidity; interest sensitivity gap levels; regulatory compliance or safety and soundness; improvement of financial rating; achievement of balance sheet or income statement objectives and strategic business objectives, consisting of one or more objectives, such as meeting specific cost, revenue or other targets, business expansion goals and goals relating to acquisitions or divestitures. Performance measures may be based on the performance of the Company as a whole or of any one or more Subsidiaries or business units of the Company or a Subsidiary and may be measured relative to a peer group, an index or a business plan and may be considered as absolute measures or changes in measures. The terms of an Award may provide that partial achievement of performance measures may result in partial payment or vesting of the award or that the achievement of the performance measures may be measured over more than one period or fiscal year. In establishing any performance measures, the Committee may provide for the exclusion of the effects of the following items, to the extent the exclusion is set forth in the Participant's Award Agreement and identified in the audited financial statements of the Company, including

Table of Contents

footnotes, or in the Management's Discussion and Analysis section of the Company's annual report or in the Compensation Discussion and Analysis section, if any, of the Company's annual proxy statement: (i) extraordinary, unusual, and/or nonrecurring items of gain or loss; (ii) gains or losses on the disposition of a business; (iii) changes in tax or accounting principles, regulations or laws; or (iv) expenses incurred in connection with a merger, branch acquisition or similar transaction. To the extent not specifically excluded, such effects shall be included in any applicable performance measure.

(b) Partial Achievement. The terms of any award may provide that partial achievement of the performance measures may result in a payment or vesting based upon the degree of achievement. In addition, partial achievement of performance measures shall apply toward a Participant's individual limitations as set forth in **Section 4.3**.

(c) Adjustments. Pursuant to this **Section 3.4**, in certain circumstances the Committee may adjust performance measures; *provided, however*, no adjustment may be made with respect to an award that is intended to be performance-based compensation within the meaning of Code Section 162(m) for a Covered Employee, except to the extent the Committee exercises such negative discretion as is permitted under applicable law for purposes of an exception under Code Section 162(m). Subject to the foregoing sentence, if the Committee determines that a change in the business, operations, corporate structure or capital structure of the Company or the manner in which the Company or its Subsidiaries conducts its business or other events or circumstances render current performance measures to be unsuitable, the Committee may modify such performance measures, in whole or in part, as the Committee deems appropriate, provided, that no Award intended to be subject to Code Section 162(m) is enhanced as a result of a modified performance measure. Notwithstanding anything to the contrary herein, performance measures relating to any Award hereunder will be modified, to the extent applicable, to reflect a change in the outstanding shares of Stock of the Company by reason of any stock dividend or stock split, or a corporate transaction, such as a merger of the Company into another corporation, any separation of a corporation or any partial or complete liquidation by the Company or a Subsidiary. If a Participant is promoted, demoted or transferred to a different business unit during a performance period, the Committee may determine that the selected performance measures or applicable performance period are no longer appropriate, in which case, the Committee, in its sole discretion, may: (i) adjust, change or eliminate the performance measures or change the applicable performance period; or (ii) cause to be made a cash payment to the Participant in an amount determined by the Committee.

(d) Termination of Employment/Service. Each Award Agreement shall set forth the extent to which the Participant shall have the right to retain performance-based Restricted Stock Unit Awards and/or performance-based Restricted Stock Units following termination of the Participant's employment with or provision of services to the Company, the Bank, and any of their affiliates and/or subsidiaries. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with each Participant, need not be uniform among all Awards Agreements and may reflect distinctions based on the reason for termination. Notwithstanding anything herein to the contrary, no Restricted Stock Award or Restricted Stock Unit that is intended to be considered performance-based compensation under Code Section 162(m) shall be granted under terms that will permit its accelerated vesting upon Retirement or other termination of Service (other than death or Disability). Notwithstanding anything to the contrary herein, in the sole discretion of the Committee exercised at the time of grant of an Award, in the event of Retirement of a Participant during the performance period, the Award Agreement may provide for the vesting of all or a portion of such Award, so long as the vesting is not accelerated but shall occur at the end of the performance period, and will be prorated, based on the period of the Participant's active employment and the level of achievement of the performance measures during the period of the Participant's active employment.

Section 3.5 Vesting of Awards. The Committee shall specify the vesting schedule or conditions of each Award. If the right to become vested in an award under the Plan (including the right to exercise an option) is conditioned on the completion of a specified period of service with the Company or its Subsidiaries, without achievement of performance measures or other performance objectives (whether or not related to the performance measures) being required as a condition of vesting, and without it being granted in lieu of, or in

Table of Contents

exchange for, other compensation, then, unless otherwise determined by the Committee and evidenced in the Award Agreement, the required period of service for full vesting shall be three (3) years (subject to acceleration of vesting, to the extent permitted by the Committee, including in the event of the Participant's death, Disability, Retirement, or Involuntary Termination of Employment following a Change in Control); *provided, however*, that unless otherwise determined by the Committee and evidenced in the Award Agreement, the required period of service for full vesting with respect to an award granted to Directors shall be one (1) year (subject to acceleration in such similar events as applied to Employee Participants, and providing that service as a director emeritus shall constitute service for purposes of vesting).

Section 3.6 Deferred Compensation. If any award would be considered deferred compensation as defined under Code Section 409A (**Deferred Compensation**), the Committee reserves the absolute right (including the right to delegate such right) to unilaterally amend the Plan or the Award Agreement, without the consent of the Participant, to maintain exemption from, or to comply with, Code Section 409A. Any amendment by the Committee to the Plan or an Award Agreement pursuant to this **Section 3.6** shall maintain, to the extent practicable, the original intent of the applicable provision without violating Code Section 409A. A Participant's acceptance of any award under the Plan constitutes acknowledgement and consent to such rights of the Committee, without further consideration or action. Any discretionary authority retained by the Committee pursuant to the terms of this Plan or pursuant to an Award Agreement shall not be applicable to an award which is determined to constitute Deferred Compensation, if such discretionary authority would contravene Code Section 409A.

Section 3.7 Prohibition Against Option Repricing. Except for adjustments pursuant to **Section 4.4**, and reductions of the Exercise Price approved by the Company's stockholders, neither the Committee nor the Board shall have the right or authority to make any adjustment or amendment that reduces or would have the effect of reducing the Exercise Price of a stock option or SAR previously granted under the Plan, whether through amendment, cancellation (including cancellation in exchange for a cash payment in excess of the Stock Option's in-the-money value or in exchange for Options or other Awards) or replacement grants, or other means.

Section 3.8. Effect of Termination of Service on Awards. The Committee shall establish the effect of a Termination of Service on the continuation of rights and benefits available under an Award or this Plan and, in so doing, may make distinctions based upon, among other things, the cause of Termination of Service and type of Award. Unless the Committee shall specifically state otherwise at the time an Award is granted, all Awards to an Employee or Director shall vest immediately upon such individual's death, Disability or Retirement. Unless otherwise provided in an Award Agreement, the following provisions shall apply to each award granted under this Plan:

(a) Upon the Termination of Service for any reason other than due to Disability, Retirement, death or Termination for Cause, stock options and SARs shall be exercisable only as to those shares that were immediately exercisable by such Participant at the date of termination, and stock options and SARs may be exercised only for a period of three months following termination, and any shares of Restricted Stock or Restricted Stock Units that have not vested as of the date of termination shall expire and be forfeited.

(b) In the event of a Termination of Service for Cause, all stock options, SARs and Restricted Stock Awards granted to a Participant under the Plan that have not been exercised and all Restricted Stock Awards or Restricted Stock Units granted to a Participant that have not vested shall expire and be forfeited.

(c) Upon the Termination of Service for reason of Disability, Retirement or death, all stock options and SARs shall be exercisable as to all shares subject to an outstanding award, whether or not then exercisable, and all Restricted Stock Awards and Restricted Stock Units shall vest as to all shares subject to an outstanding award, whether or not otherwise immediately vested, at the date of Termination of Service, and options and SARs may be exercised for a period of one year following Termination of Service due to death or Disability or the remaining unexpired term of the stock option, if less; provided, however, that no option shall be eligible for treatment as an ISO in the event such option is exercised more than one year following termination of

Table of Contents

employment due to death or Disability and provided further, in order to obtain ISO treatment for options exercised by heirs or devisees of an optionee, the optionee's death must have occurred while employed or within three (3) months of termination of employment. In the event of Termination of Service due to Retirement, a Participant's vested stock options shall be exercisable for one year following Termination of Service, provided that no stock option shall be eligible for treatment as an ISO in the event such stock option is exercised more than three months following Termination of Service due to Retirement and any stock option, Restricted Stock Award or Restricted Stock Unit that has not vested as of the date of Termination of Service shall expire and be forfeited.

(d) Notwithstanding anything herein to the contrary, no stock option shall be exercisable beyond the last day of the original term of such stock option.

(e) The effect of a Change in Control on the vesting/exercisability of stock options, SARs, Restricted Stock Awards and Restricted Stock Units is as set forth in **Article 5** hereof.

ARTICLE 4 SHARES SUBJECT TO PLAN

Section 4.1 Available Shares. The shares of Stock with respect to which awards may be made under the Plan shall be shares currently authorized but unissued, currently held or, to the extent permitted by applicable law, subsequently acquired by the Company, including shares purchased in the open market or in private transactions.

Section 4.2 Share Limitations.

(a) *Share Reserve.* As initially adopted, the Plan authorized a total of 2,481,382 Shares for issuance (subject to adjustment in the following provisions of this **Article**), all of which may be granted as stock options or SARs (and all of which may be granted as ISOs), but the maximum number of Shares that may be issued as Restricted Stock Awards or Restricted Stock Units was 1,850,000 Shares. With respect to the Shares originally reserved for issuance under the Plan, (i) the maximum number of shares that may be granted annually to any one Covered Employee of the Company as stock options or SARs was 250,000 shares; (ii) the maximum number of Shares that may be granted annually as Restricted Stock Awards or Restricted Stock Units to any one Covered Employee of the Company was 75,000 Shares; and (iii) the maximum annual dollar amount that may be payable to a Covered Employee pursuant to cash settled SARs was \$1,500,000. Of the Shares initially reserved under the Plan, 2,333,347 Shares are subject to awards that have been granted under the Plan as of March 12, 2014 and 3,686,510 Shares remain available for grant under the Plan.

In connection with the amendment and restatement of the Plan, no additional Shares are reserved for issuance under the Plan. However, of the 3,686,510 Shares that are available for grant under the Plan, 1,586,510 Shares will be available for grants as stock options or SARs (all of which may be granted as ISOs), and 2,100,000 Shares will be available for grants as Restricted Stock Awards or Restricted Stock Units. The aggregate number of shares available for grant under this Plan and the number of shares of Stock subject to outstanding awards shall be subject to adjustment as provided in **Section 4.4**.

(b) *Computation of Shares Available.* For purposes of this **Section 4.2** and in connection with the granting of a stock option, SAR, Restricted Stock Award, or Restricted Stock Unit, shares of Stock covered by an Award shall only be counted as used to the extent they are actually issued. Any shares of Stock related to Awards which terminate by expiration, forfeiture, cancellation, or otherwise without the issuance of such shares, are settled in cash in lieu of shares of Stock, or are exchanged with the Committee's permission, prior to the issuance of shares, for Awards not involving shares of Stock, shall be available again for grant under this Plan. However, the full number of Stock Appreciation Rights or Restricted Stock Units granted that are to be settled by the issuance of shares of Stock shall be counted against the number of shares available for award under the Plan, regardless of

Table of Contents

the number of shares of Stock actually issued upon settlement of such Stock Appreciation Rights or Restricted Stock Units. Further, any shares of Stock tendered or withheld to satisfy tax withholding obligations on Awards issued under the Plan, shares of Stock tendered to pay the exercise price of Awards under the Plan, and shares of Stock repurchased on the open market with the proceeds of an Option exercise will no longer be eligible to be returned as available shares of Stock under the Plan. To the extent shares are withheld to satisfy the exercise price of stock options in a net settlement of stock options, then the number of shares of Stock available shall be reduced by the gross number of stock options exercised rather than by the net number of shares of Stock issued. Any shares related to Awards which terminate by expiration, forfeiture, cancellation, or otherwise without the issuance of such shares, are settled in cash in lieu of shares of Stock, or are exchanged with the Committee's permission, prior to the issuance of shares, for Awards not involving shares of Stock, shall be available again for grant under this Plan. The shares of Stock available for issuance under this Plan may be authorized and unissued shares or treasury shares.

Section 4.3 Limitations on Grants to Individuals.

(a) Stock Options and SARs. The maximum number of shares of Stock that may be subject to stock options or SARs granted to any one Participant who is a Covered Employee during any calendar year and that are intended to be performance-based compensation (as that term is used for purposes of Code Section 162(m)) and then only to the extent that such limitation is required by Code Section 162(m), shall be two hundred fifty thousand shares (250,000).

(b) SARs and Restricted Stock Units Settled in Cash. The maximum annual dollar amount that may be payable to a Participant pursuant to cash settled SARs described under **Section 3.1(b)** which are granted to any one Participant during any calendar year and are intended to be performance-based compensation (as that term is used for purposes of Code Section 162(m)) and then only to the extent that such limitation is required by Code Section 162(m), shall be one million five hundred thousand dollars (\$1,500,000).

(c) Stock Awards or Restricted Stock Units. The maximum number of shares of Stock that may be subject to Restricted Stock Awards described under **Section 3.1(c)** or Restricted Stock Units described under **Section 3.1(d)** which are granted to any one Participant who is a Covered Employee during any calendar year and are intended to be performance-based compensation (as that term is used for purposes of Code Section 162(m)) and then only to the extent that such limitation is required by Code Section 162(m), shall be seventy five thousand (75,000).

(d) Director Awards. The maximum number of shares of Stock that may be covered by awards granted to all non-Employee Directors, in the aggregate, is 20% of the shares authorized under Plan. The foregoing limitations shall not apply to cash-based Director fees that a non-Employee Director elects to receive in the form of shares of Stock or with respect to enticement awards made to new Directors.

(e) Partial Performance. Notwithstanding the preceding provisions of this **Section 4.3**, if in respect of any performance period or restriction period, the Committee grants to a Participant awards having an aggregate number of shares less than the maximum number of shares that could be awarded to such Participant based on the degree to which the relevant performance measures were attained, the excess of such maximum number of shares over the number of shares actually subject to awards granted to such Participant shall be carried forward and shall increase the number of shares that may be awarded to such Participant in respect of the next performance period in respect of which the Committee grants to such Participant an award intended to qualify as performance-based compensation (as that term is used for purposes of Code Section 162(m)), subject to adjustment pursuant to **Section 4.4** hereof.

Section 4.4 Corporate Transactions.

(a) General. If the Shares are changed into or exchanged for a different number of kind of shares or other securities of the Company on account of any recapitalization, reclassification, stock split, reverse split,

Table of Contents

combination of shares, exchange of shares, stock dividend or other distribution payable in capital stock, or other increase or decrease in such shares effected without receipt of consideration by the Company occurring after the Restatement Effective Date, the number and kinds of Shares for which grants of stock options, Restricted Stock Awards or Restricted Stock Unit Awards may be made under the Plan shall be adjusted proportionately and accordingly by the Committee. In addition, the number and kind of Shares for which grants are outstanding shall be adjusted proportionately and accordingly so that the proportionate interest of the grantee immediately following such event shall, to the extent practicable, be the same as immediately before such event. Any such adjustment in outstanding stock options shall not change the aggregate stock option purchase price payable with respect to shares that are subject to the unexercised portion of the stock option outstanding but shall include a corresponding proportionate adjustment in the stock option purchase price per share. In addition, the Committee is authorized to make adjustments in the terms and conditions of, and the criteria included in, stock options, Restricted Stock Awards and Restricted Stock Units (including, without limitation, cancellation of stock options, Restricted Stock Awards and Restricted Stock Units in exchange for the in-the-money value, if any, of the vested portion thereof, or substitution or exchange of stock options, Restricted Stock Awards and Restricted Stock Units using stock of a successor or other entity) in recognition of unusual or nonrecurring events (including, without limitation, events described in the preceding sentence) affecting the Company or any parent or Subsidiary or the financial statements of the Company or any parent or Subsidiary, or in response to changes in applicable laws, regulations, or accounting principles. Unless otherwise determined by the Committee, any such adjustment to an Award intended to qualify as performance-based compensation shall conform to the requirements of Code Section 162(m) and the regulations thereunder then in effect.

(b) Merger in which Company is Not Surviving Entity. In the event of any merger, consolidation, or other business reorganization (including, but not limited to, a Change in Control) in which the Company is not the surviving entity, unless otherwise determined by the Committee at any time at or after grant and prior to the consummation of such merger, consolidation or other business reorganization, any stock options or SARs granted under the Plan which remain outstanding shall be converted into stock options to purchase voting common equity securities of the business entity which survives such merger, consolidation or other business reorganization or stock appreciation rights having substantially the same terms and conditions as the outstanding options under this Plan and reflecting the same economic benefit (as measured by the difference between the aggregate Exercise Price and the value exchanged for outstanding shares of Stock in such merger, consolidation or other business reorganization), all as determined by the Committee prior to the consummation of such merger, provided, however, that the Committee may, at any time prior to the consummation of such merger, consolidation or other business reorganization, direct that all, but not less than all, outstanding stock options and SARs be canceled as of the effective date of such merger, consolidation or other business reorganization in exchange for a cash payment per share of Stock equal to the excess (if any) of the value exchanged for an outstanding share of Stock in such merger, consolidation or other business reorganization over the Exercise Price of the option or SAR being canceled.

(c) The Committee may make adjustments in the terms and conditions of, and the criteria included in, Awards in recognition of unusual or nonrecurring events, other than those described above, affecting the Company or the financial statements of the Company or of changes in applicable laws, regulations, or accounting principles, whenever the Committee determines that such adjustments are appropriate in order to prevent unintended dilution or enlargement of the benefits or potential benefits intended to be made available under this Plan. The determination of the Committee as to the foregoing adjustments, if any, shall be conclusive and binding on the Participants under this Plan.

Section 4.5 Delivery of Shares. Delivery of shares of Stock or other amounts under the Plan shall be subject to the following:

(a) Compliance with Applicable Laws. Notwithstanding any other provision of the Plan, the Company shall have no obligation to deliver any shares of Stock or make any other distribution of benefits under the Plan unless such delivery or distribution complies with all applicable laws (including, the requirements of the Securities Act), and the applicable requirements of any securities exchange or similar entity.

Table of Contents

(b) *Certificates*. To the extent that the Plan provides for the issuance of shares of Stock, the issuance may be effected on a non-certificated basis, to the extent not prohibited by applicable law or the applicable rules of any stock exchange.

ARTICLE 5 CHANGE IN CONTROL

Section 5.1 Consequence of a Change in Control. Subject to the provisions of **Section 4.4** (relating to the adjustment of shares), and except as otherwise provided in the Plan or as determined by the Committee and set forth in the in terms of any Award Agreement:

(a) At the time of an Involuntary Termination of Employment (or as to a Director, Termination of Service as a Director) following a Change in Control, all stock options and SARs then held by the Participant shall become fully earned and exercisable (subject to the expiration provisions otherwise applicable to the option or SAR). All stock options may be exercised for a period of one year following the Participant's Involuntary Termination, provided, however, that no stock option shall be eligible for treatment as an ISO in the event such stock option is exercised more than three months following Involuntary Termination following a Change in Control.

(b) At the time of an Involuntary Termination of Employment (or as to a Director, Termination of Service as a Director) following a Change in Control, all Restricted Stock Awards described in **Section 3.1(c)** and Restricted Stock Units described in **Section 3.1(d)** shall be fully earned and vested immediately. Notwithstanding the above, any Awards, the vesting of which are based on satisfaction of performance-based conditions will be vested as specified in subsection (c) hereof.

(c) In the event of a Change in Control, any performance measure attached to an award under the Plan shall be deemed satisfied as of the date of the Change in Control.

Section 5.2 Definition of Change in Control. For purposes of the Plan, unless otherwise provided in an Award Agreement, a **Change in Control** shall be deemed to have occurred upon the earliest to occur of the following:

(a) approval by the shareholders of the Company of a transaction that would result and does result in the reorganization, merger or consolidation of the Company, with one or more other persons, other than a transaction following which:

(i) at least 51% of the equity ownership interests of the entity resulting from such transaction are beneficially owned (within the meaning of Rule 13d-3 promulgated under the Securities Exchange Act of 1934, as amended (Exchange Act)) in substantially the same relative proportions by persons who, immediately prior to such transaction, beneficially owned (within the meaning of Rule 13d-3 promulgated under the Exchange Act) at least 51% of the outstanding equity ownership interests in the Company; and

(ii) at least 51% of the securities entitled to vote generally in the election of directors of the entity resulting from such transaction are beneficially owned (within the meaning of Rule 13d-3 promulgated under the Exchange Act) in substantially the same relative proportions by persons who, immediately prior to such transaction, beneficially owned (within the meaning of Rule 13d-3 promulgated under the Exchange Act) at least 51% of the securities entitled to vote generally in the election of directors of the Company;

(b) the acquisition of all or substantially all of the assets of the Company or beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of 20% or more of the outstanding securities of the Company entitled to vote generally in the election of directors by any person or by any persons acting in concert, or approval by the shareholders of the Company of any transaction which would result in such an acquisition;

Table of Contents

(c) a complete liquidation or dissolution of the Company or the Bank, or approval by the shareholders of the Company of a plan for such liquidation or dissolution;

(d) the occurrence of any event if, immediately following such event, members of the Company's Board of Directors who belong to any of the following groups do not aggregate at least a majority of the Company's Board of Directors:

(i) individuals who were members of the Company's Board of Directors on the Effective Date of this Agreement; or

(ii) individuals who first became members of the Company's Board of Directors after the Effective Date of this Agreement either:

(A) upon election to serve as a member of the Company's Board of Directors by the affirmative vote of three-quarters of the members of such Board, or of a nominating committee thereof, in office at the time of such first election; or

(B) upon election by the shareholders of the Company to serve as a member of the Company's Board of Directors, but only if nominated for election by the affirmative vote of three-quarters of the members of such Board, or of a nominating committee thereof, in office at the time of such first nomination; provided that such individual's election or nomination did not result from an actual or threatened election contest or other actual or threatened solicitation of proxies or consents other than by or on behalf of the Company's Board of Directors; or

(e) any event which would be described in **Section 5.2(a), (b), (c) or (d)** if the term "Bank" were substituted for the term "Company" therein and the term "Bank's Board of Directors" were substituted for the term "Company's Board of Directors" therein. In no event, however, shall a Change in Control be deemed to have occurred as a result of any acquisition of securities or assets of the Company, the Bank or a subsidiary of either of them, by the Company, the Bank, any subsidiary of either of them, or by any employee benefit plan maintained by any of them. The term "person" shall include the meaning assigned to it under Sections 13(d)(3) or 14(d)(2) of the Exchange Act.

(f) In the event that an Award constitutes Deferred Compensation, and the settlement of, or distribution of benefits under, such Award is to be triggered solely by a Change in Control, then with respect to such Award, a Change in Control shall be defined as required under Code Section 409A, as in effect at the time of such transaction.

ARTICLE 6 COMMITTEE

Section 6.1 Administration. The Plan shall be administered by the members of the Compensation Committee of the Company who are Disinterested Board Members. If the Committee consists of fewer than two Disinterested Board Members, then the Board shall appoint to the Committee such additional Disinterested Board Members as shall be necessary to provide for a Committee consisting of at least two Disinterested Board Members. Any members of the Committee who do not qualify as Disinterested Board Members shall abstain from participating in any decision to make or administer Awards that are made to Participants who at the time of consideration for such Award (i) are persons subject to the short-swing profit rules of Section 16 of the Exchange Act, or (ii) are reasonably anticipated to be Covered Employees within the meaning of Code Section 162(m) during the term of the Award. The Board (or if necessary to maintain compliance with the applicable listing standards, those members of the Board who are independent directors under the corporate governance statutes of any national securities exchange on which the Company lists has listed or seeks to list its securities) may, in its discretion, take any action and exercise any power, privilege or discretion conferred on the Committee under the Plan with the same force and effect under the Plan as if done or exercised by the Committee.

Table of Contents

Section 6.2 Powers of Committee. The Committee's administration of the Plan shall be subject to the following:

(a) Subject to the provisions of the Plan, the Committee will have the authority and discretion to select from among the Company's and its Subsidiaries' Employees and Directors those persons who shall receive awards, to determine the time or times of receipt, to determine the types of awards and the number of shares covered by the awards, to establish the terms, conditions, features (including automatic exercise in accordance with Section 8.17 hereof), performance measures, restrictions (including without limitation, provisions relating to non-competition, non-solicitation and confidentiality), and other provisions of such awards (subject to the restrictions imposed by **Article 7**), to cancel or suspend awards, to grant awards as an alternative to, or as the form of payment for, grants or rights earned or due under compensation plans or similar arrangements of the Company, and to reduce, eliminate or accelerate any restrictions or vesting requirements applicable to an award at any time after the grant of the award or to extend the time period to exercise a Stock Option, provided that such extension is consistent with Code Section 409A.

(b) The Committee will have the authority and discretion to interpret the Plan, to establish, amend and rescind any rules and regulations relating to the Plan, and to make all other determinations that may be necessary or advisable for the administration of the Plan.

(c) The Committee will have the authority to define terms not otherwise defined herein.

(d) Any interpretation of the Plan by the Committee and any decision made by it under the Plan are final and binding on all persons.

(e) In controlling and managing the operation and administration of the Plan, the Committee shall take action in a manner that conforms to the certificate of incorporation and Bylaws of the Company and applicable state corporate law.

Section 6.3 Delegation by Committee. Except to the extent prohibited by applicable law, the applicable rules of an Exchange upon which the Company lists its shares or the Plan, or as necessary to comply with the exemptive provisions of Rule 16b-3 promulgated under the Exchange Act or Code Section 162(m), the Committee may allocate all or any portion of its responsibilities and powers to any one or more of its members and may delegate all or any part of its responsibilities and powers to any person or persons selected by it, including: (a) delegating to a committee of one or more members of the Board who are not outside directors within the meaning of Code Section 162(m), the authority to grant awards under the Plan to eligible persons who are either: (i) not then Covered Employees, within the meaning of Code Section 162(m) and are not expected to be Covered Employees at the time of recognition of income resulting from such award; or (ii) not persons with respect to whom the Company wishes to comply with Code Section 162(m); and/or (b) delegating to a committee of one or more members of the Board who are not non-employee directors, within the meaning of Rule 16b-3, the authority to grant awards under the Plan to eligible persons who are not then subject to Section 16 of the Exchange Act or (c) delegating to a committee of one or more members of the Board who would be eligible to serve on the Compensation Committee of the Company pursuant to the listing requirements imposed by any national securities exchange on which the Company lists, has listed or seeks to list its securities, the authority to grant awards under the Plan. The acts of such delegates shall be treated hereunder as acts of the Committee and such delegates shall report regularly to the Committee regarding the delegated duties and responsibilities and any awards so granted. Any such allocation or delegation may be revoked by the Committee at any time.

Section 6.4 Information to be Furnished to Committee. As may be permitted by applicable law, the Company and its Subsidiaries shall furnish the Committee with such data and information as it determines may be required for it to discharge its duties. The records of the Company and its Subsidiaries as to a Participant's employment, termination of employment, leave of absence, reemployment and compensation shall be conclusive on all persons unless determined by the Committee to be manifestly incorrect. Subject to applicable law, Participants and other persons entitled to benefits under the Plan must furnish the Committee such evidence, data or information as the Committee considers desirable to carry out the terms of the Plan.

Section 6.5 Committee Action. The Committee shall hold such meetings, and may make such administrative rules and regulations, as it may deem proper. A majority of the members of the Committee shall constitute a quorum, and the action of a majority of the members of the Committee present at a meeting at which a quorum is present, as well as actions taken pursuant to the unanimous written consent of all of the members of the Committee without holding a meeting, shall be deemed to be actions of the Committee. All actions of the Committee shall be final and conclusive and shall be binding upon the Company, Participants and all other interested parties. Any person dealing with the Committee shall be fully protected in relying upon any written notice, instruction, direction or other communication signed by a member of the Committee or by a representative of the Committee authorized to sign the same in its behalf.

ARTICLE 7 AMENDMENT AND TERMINATION

Section 7.1 General. The Board may, as permitted by law, at any time, amend or terminate the Plan, and may amend any Award Agreement, provided that no amendment or termination (except as provided in **Section 3.6**, **Section 4.4** and **Section 7.2**) may cause the Award to violate Code Section 409A, may cause the repricing of a Stock Option, or, in the absence of written consent to the change by the affected Participant (or, if the Participant is not then living, the affected beneficiary), adversely impair the rights of any Participant or beneficiary under any award granted which was granted under the Plan prior to the date such amendment is adopted by the Board; *provided, however*, that, no amendment may (a) materially increase the benefits accruing to Participants under the Plan; (b) increase the aggregate number of securities which may be issued under the Plan, other than pursuant to **Section 4.4**, or (c) materially modify the requirements for participation in the Plan, unless the amendment under (a), (b) or (c) above is approved by the Company's stockholders.

Section 7.2 Amendment to Conform to Law and Accounting Changes. Notwithstanding any provision in this Plan or any Award Agreement to the contrary, the Committee may amend the Plan or an Award Agreement, to take affect retroactively or otherwise, as deemed necessary or advisable for the purpose of (i) conforming the Plan or the Award Agreement to any present or future law relating to plans of this or similar nature (including, but not limited to, Code Section 409A), or (ii) avoiding an accounting treatment resulting from an accounting pronouncement or interpretation thereof issued by the Securities Exchange Commission or Financial Accounting Standards Board subsequent to the adoption of the Plan or the making of the award affected thereby, which, in the sole discretion of the Committee, may materially and adversely affect the financial condition or results of operations of the Company. By accepting an award under this Plan, each Participant agrees and consents to any amendment made pursuant to this **Section 7.2** or **Section 3.6** to any award granted under this Plan without further consideration or action.

ARTICLE 8 GENERAL TERMS

Section 8.1 No Implied Rights.

(a) No Rights to Specific Assets. Neither a Participant nor any other person shall by reason of participation in the Plan acquire any right in or title to any assets, funds or property of the Company or any Subsidiary whatsoever, including any specific funds, assets, or other property which the Company or any Subsidiary, in its sole discretion, may set aside in anticipation of a liability under the Plan. A Participant shall have only a contractual right to the shares of Stock or amounts, if any, payable or distributable under the Plan, unsecured by any assets of the Company or any Subsidiary, and nothing contained in the Plan shall constitute a guarantee that the assets of the Company or any Subsidiary shall be sufficient to pay any benefits to any person.

(b) No Contractual Right to Employment or Future Awards. The Plan does not constitute a contract of employment, and selection as a Participant will not give any participating Employee the right to be retained in the employ of the Company or any Subsidiary or any right or claim to any benefit under the Plan, unless such

right or claim has specifically accrued under the terms of the Plan. No individual shall have the right to be selected to receive an award under this Plan, or, having been so selected, to receive a future award under this Plan.

(c) *No Rights as a Stockholder.* Except as otherwise provided in the Plan, no award under the Plan shall confer upon the holder thereof any rights as a stockholder of the Company prior to the date on which the individual fulfills all conditions for receipt of such rights.

Section 8.2 Transferability. Except as otherwise so provided by the Committee, ISOs under the Plan are not transferable except (i) as designated by the Participant by will or by the laws of descent and distribution, (ii) to a trust established by the Participant, if under Code Section 671 and applicable state law, the Participant is considered the sole beneficial owner of the option while held in the trust, or (iii) between spouses incident to a divorce or pursuant to a domestic relations order, provided, however, in the case of a transfer within the meaning of this part (iii), the option shall not qualify as an ISO as of the day of such transfer. The Committee shall have the discretion to permit the transfer of vested non-qualified options under the plan; *provided, however*, that such transfers shall be limited to Immediate Family Members of Participants, trusts and partnerships established for the primary benefit of such family members or to charitable organizations, and; *provided, further*, that such transfers are not made for consideration to the Participant.

Awards of Restricted Stock shall not be transferable prior to the time that such Awards vest in the Participant. A Restricted Stock Unit Award is not transferable, except in the event of death, prior to the time that the Restricted Stock Unit Award vests and is earned and the property in which the Restricted Stock Unit is denominated is distributed to the Participant or the Participant's Beneficiary.

Section 8.3 Designation of Beneficiaries. A Participant hereunder may file with the Company a written designation of a beneficiary or beneficiaries under this Plan and may from time to time revoke or amend any such designation (**Beneficiary Designation**). Any designation of beneficiary under this Plan shall be controlling over any other disposition, testamentary or otherwise; *provided, however*, that if the Committee is in doubt as to the entitlement of any such beneficiary to any award, the Committee may determine to recognize only the legal representative of the Participant, in which case the Company, the Committee and the members thereof shall not be under any further liability to anyone.

Section 8.4 Non-Exclusivity. Neither the adoption of this Plan by the Board nor the submission of the Plan to the stockholders of the Company for approval shall be construed as creating any limitations on the power of the Board or the Committee to adopt such other incentive arrangements as either may deem desirable, including, without limitation, the granting of Restricted Stock Awards, Restricted Stock Units or stock options otherwise than under the Plan or an arrangement that is or is not intended to qualify under Code Section 162(m), and such arrangements may be either generally applicable or applicable only in specific cases.

Section 8.5 Award Agreement. Each award granted under the Plan shall be evidenced by an Award Agreement. A copy of the Award Agreement, in any medium chosen by the Committee, shall be provided (or made available electronically) to the Participant, and the Committee may but need not require that the Participant sign a copy of the Award Agreement.

Section 8.6 Form and Time of Elections. Unless otherwise specified herein, each election required or permitted to be made by any Participant or other person entitled to benefits under the Plan, and any permitted modification, or revocation thereof, shall be filed with the Company at such times, in such form, and subject to such restrictions and limitations, not inconsistent with the terms of the Plan, as the Committee shall require. Notwithstanding anything herein to the contrary, the Committee may, on the date of grant or at a later date, as applicable, prohibit an individual from making an election under Code Section 83(b). If the Committee has not prohibited an individual from making this election, an individual who makes this election shall notify the Committee of the election within ten (10) days of filing notice of the election with the Internal Revenue Service. This requirement is in addition to any filing and notification required under the regulations issued under the authority of Code Section 83(b).

Section 8.7 Evidence. Evidence required of anyone under the Plan may be by certificate, affidavit, document or other information which the person acting on it considers pertinent and reliable, and signed, made or presented by the proper party or parties.

Section 8.8 Tax Withholding. Where a Participant is entitled to receive cash or shares of Stock upon the vesting or exercise of an Award, the Company shall have the right to require such Participant to pay to the Company the amount of any tax which the Company is required to withhold with respect to such vesting or exercise, or, in lieu thereof, to retain, or to sell without notice, a sufficient number of shares of Stock to cover the minimum amount required to be withheld. To the extent determined by the Committee and specified in an Award Agreement, a Participant shall have the right to direct the Company to satisfy the minimum required federal, state and local tax withholding by, (i) with respect to a stock option or SAR settled in stock, reducing the number of shares of Stock subject to the stock option or SAR (without issuance of such shares of Stock to the option holder) by a number equal to the quotient of (a) the total minimum amount of required tax withholding divided by (b) the excess of the Fair Market Value of a share of Stock on the exercise date over the Exercise Price per share of Stock; (ii) with respect to Restricted Stock Award or Restricted Stock Unit, withholding a number of shares (based on the Fair Market Value on the vesting date) otherwise vesting that would satisfy the minimum amount of required tax withholding; or (iii) with respect to an SAR settled in cash, withholding an amount of cash. Provided there are no adverse accounting consequences to the Company (a requirement to have liability classification of an award under Financial Accounting Standards Board Accounting Standards Codification (ASC) Topic 718 is an adverse consequence), a Participant who is not required to have taxes withheld may require the Company to withhold in accordance with the preceding sentence as if the award were subject to minimum tax withholding requirements.

Section 8.9 Action by Company or Subsidiary. Any action required or permitted to be taken by the Company or any Subsidiary shall be by resolution of its board of directors, or by action of one or more members of the Board (including a committee of the Board) who are duly authorized to act for the Board, or (except to the extent prohibited by applicable law or applicable rules of the Exchange on which the Company lists its securities) by a duly authorized officer of the Company or such Subsidiary.

Section 8.10 Successors. All obligations of the Company under this Plan shall be binding upon and inure to the benefit of any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation or otherwise, of all or substantially all of the business, stock, and/or assets of the Company.

Section 8.11 Indemnification. To the fullest extent permitted by law and the Company's governing documents, each person who is or shall have been a member of the Committee, or of the Board, or an officer of the Company to whom authority was delegated in accordance with **Section 6.3**, or an Employee of the Company shall be indemnified and held harmless by the Company against and from any loss (including amounts paid in settlement), cost, liability or expense (including reasonable attorneys' fees) that may be imposed upon or reasonably incurred by him or her in connection with or resulting from any claim, action, suit, or proceeding to which he or she may be a party or in which he or she may be involved by reason of any action taken or failure to act under the Plan and against and from any and all amounts paid by him or her in settlement thereof, with the Company's approval, or paid by him or her in satisfaction of any judgment in any such action, suit, or proceeding against him or her, provided he or she shall give the Company an opportunity, at its own expense, to handle and defend the same before he or she undertakes to handle and defend it on his or her own behalf, unless such loss, cost, liability, or expense is a result of his or her own willful misconduct or except as expressly provided by statute. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's certificate of incorporation or bylaws, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless. The foregoing right to indemnification shall include the right to be paid by the Company the expenses incurred in defending any such proceeding in advance of its final disposition, provided, however, that, if required by applicable law, an advancement of expenses shall be made only upon delivery to the Company of an undertaking,

by or on behalf of such persons to repay all amounts so advanced if it shall ultimately be determined by final judicial decision from which there is no further right to appeal that such person is not entitled to be indemnified for such expenses.

Section 8.12 No Fractional Shares. Unless otherwise permitted by the Committee, no fractional shares of Stock shall be issued or delivered pursuant to the Plan or any award. The Committee shall determine whether cash or other property shall be issued or paid in lieu of fractional shares or whether such fractional shares or any rights thereto shall be forfeited or otherwise eliminated.

Section 8.13 Governing Law and Arbitration.

(a) The Plan, all awards granted hereunder, and all actions taken in connection herewith shall be governed by and construed in accordance with the laws of the State of Delaware without reference to principles of conflict of laws, except as superseded by applicable federal law. The federal and state courts located in Hudson County, New Jersey, shall have exclusive jurisdiction over any claim, action, complaint or lawsuit brought under the terms of the Plan. By accepting any award under this Plan, each Participant, and any other person claiming any rights under the Plan, agrees to submit himself, and any such legal action as he shall bring under the Plan, to the sole jurisdiction of such courts for the adjudication and resolution of any such disputes.

(b) Any dispute or controversy arising under or in connection with this Plan shall be settled exclusively by arbitration, conducted before a panel of three arbitrators sitting in a location selected by the Company within fifty (50) miles from the location of the Company's main office, in accordance with the rules of the American Arbitration Association then in effect. Judgment may be entered on the arbitrator's award in any court having jurisdiction.

Section 8.14 Benefits Under Other Plans. Except as otherwise provided by the Committee or as set forth in a Qualified Retirement Plan, awards to a Participant (including the grant and the receipt of benefits) under the Plan shall be disregarded for purposes of determining the Participant's benefits under, or contributions to, any Qualified Retirement Plan, non-qualified plan and any other benefit plans maintained by the Participant's employer. The term **Qualified Retirement Plan** means any plan of the Company or a Subsidiary that is intended to be qualified under Code Section 401(a).

Section 8.15 Validity. If any provision of this Plan is determined to be illegal or invalid for any reason, said illegality or invalidity shall not affect the remaining parts hereof, but this Plan shall be construed and enforced as if such illegal or invalid provision has never been included herein.

Section 8.16 Notice. Unless otherwise provided in an Award Agreement, all written notices and all other written communications to the Company provided for in the Plan, any Award Agreement, shall be delivered personally or sent by registered or certified mail, return receipt requested, postage prepaid (provided that international mail shall be sent via overnight or two-day delivery), or sent by facsimile or prepaid overnight courier to the Company at its principal executive office. Such notices, demands, claims and other communications shall be deemed given:

(a) in the case of delivery by overnight service with guaranteed next day delivery, the next day or the day designated for delivery;

(b) in the case of certified or registered U.S. mail, three (3) days after deposit in the U.S. mail; or

(c) in the case of facsimile, the date upon which the transmitting party received confirmation of receipt by facsimile, telephone or otherwise;

provided, however, that in no event shall any such communications be deemed to be given later than the date they are actually received, provided they are actually received. In the event a communication is not received, it shall

only be deemed received upon the showing of an original of the applicable receipt, registration or confirmation from the applicable delivery service. Communications that are to be delivered by the U.S. mail or by overnight service to the Company shall be directed to the attention of the Company's Chief Operating Officer and to the Corporate Secretary.

Section 8.17 Automatic Exercise. In the sole discretion of the Committee exercised in accordance with Section 6.2 above, any stock options that are exercisable but unexercised as of the day immediately before the tenth anniversary of the date of grant may be automatically exercised, in accordance with procedures established for this purpose by the Committee, but only if the exercise price is less than the Fair Market Value of a share of Stock on such date and the automatic exercise will result in the issuance of at least one (1) whole share of Stock to the Participant after payment of the exercise price and any applicable minimum tax withholding requirements. Payment of the exercise price and any applicable tax withholding requirements shall be made by a net settlement of the stock option whereby the number of shares of Stock to be issued upon exercise are reduced by a number of shares having a Fair Market Value on the date of exercise equal to the exercise price and any applicable minimum tax withholding.

Section 8.18 Regulatory Requirements. The grant and settlement of Awards under this Plan shall be conditioned upon and subject to compliance with Section 18(k) of the Federal Deposit Insurance Act, 12 U.S.C. 1828(k), and the rules and regulations promulgated thereunder.

Section 8.19 Forfeiture Events.

(a) The Committee may specify in an Award Agreement that the Participant's rights, payments, and benefits with respect to an Award shall be subject to reduction, cancellation, forfeiture or recoupment upon the occurrence of certain specified events, in addition to any otherwise applicable vesting or performance conditions of an Award. Such events include, but are not limited to, termination of employment for cause, termination of the Participant's provision of Services to the Company or any Subsidiary, violation of material Company or Subsidiary policies, breach of noncompetition, confidentiality, or other restrictive covenants that may apply to the Participant, or other conduct of the Participant that is detrimental to the business or reputation of the Company or any Subsidiary.

(b) If the Company is required to prepare an accounting restatement due to the material noncompliance of the Company, as a result of misconduct, with any financial reporting requirement under the federal securities laws, any Participant who is subject to automatic forfeiture under Section 304 of the Sarbanes-Oxley Act of 2002 shall reimburse the Company the amount of any payment in settlement of an Award earned or accrued during the twelve month period following the first public issuance or filing with the SEC (whichever first occurred) of the financial document embodying such financial reporting requirement.

In addition, Awards granted hereunder are subject to any clawback policy adopted by the Board from time to time.
