Dear Shareholder:

It is with pleasure that I tell you that since our last annual shareholder letter, I can confidently state that the Bank continues to operate from a position of balance and strength. The Bank was profitable in the 1st Quarter of 2014. Management and the Board of Directors expect the Bank to continue to be profitable throughout 2014.

The Bank has made incredible progress subsequent to the downturn in the real estate market five years ago. It is encouraging that we have the resources and infrastructure needed to keep the Bank moving forward. We will achieve the Bank's goals with your help and continued support.

The Bank faced several unique challenges during 2013 which were successfully managed. We took the following affirmative steps which strengthened the Bank's operating and financial condition:

We acquired new management including seasoned executives, Timothy Terry as Chief Executive Officer and Jeff Wagner as Chief Financial Officer, each with over 30 years of banking experience.

We reduced the Bank's dependence on interest rate sensitive liabilities by liquidating troubled loans and bank owned real estate.

We have restructured long term debt to current interest rates, which generated significant savings in annual interest expense. These steps resulted in the improvement of our net interest margin to a percentage that exceeds 3.5%, which surpasses our peer group of banks.

We have increased our lending pipeline and continue to procure new loans.

We engaged technology and core processing vendors to streamline banking operations which will provide requisite infrastructure to increase our financial product offerings.

We implemented a vendor management program which to date has reduced expenses in excess of \$200,000 annually with continued savings anticipated in 2014.

As our valued shareholder, be assured that our vigilance remains undimmed. Our principal challenge for the ensuing years will be to maximize profitability without sacrificing loan or credit quality while retaining our customer oriented banking culture.

We have identified strategic financial imperatives on which we will focus on in 2014. Our priority targets are aggressive but very realistic and provide for a real possibility of upside. Our strategy includes, but is not limited to the following:

We continue to offer competitive interest rates on deposits to attract new bank customers and funds for lending. The deposits provide the Bank with a very low cost of capital, enabling the Bank to provide new profitable loans to small business.

Management's efforts continue to focus on relationships rather than transactional banking with the goal of serving small business in Southern Florida and attracting core deposits.

Technology including remote deposit capture and mobile banking will be drivers for future growth.

Management is committed to unlocking the value in the Bank's balance sheet and moving to core profitability.

We continue to strengthen the Bank's liquidity through the purchase of pledgable securities, new lines of credit and other improved cash management processes.

Management has increased emphasis on talented associates. Attracting, retaining, retraining and developing them remain our biggest advantages and continuing challenges. Management continues to help our associates succeed and develop the skills needed to drive the company's growth.

In conclusion, on behalf of the Board of Directors, the Officers and staff of OptimumBank and OptimumBank Holdings, Inc., we thank you for your business and valued support. With your continued confidence, OptimumBank will progress with greater profitability that will unequivocally validate our mission to serve the community as a commercial bank and to increase our shareholder value.

If you have any questions concerning OptimumBank, please contact me either by telephone at 954-900-2813 or through email at mgubin@optimumbank.com.

Moishe Gubin

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

Why did I receive this proxy statement?

You received this proxy statement because you held shares of the Company's common stock on March 28, 2014 (the Record Date) and are entitled to vote at the annual meeting. The Board of Directors is soliciting your proxy to vote at the meeting.

You are being asked to vote on six items:

1. The election of three (3) Directors (see page 7);

How do I vote?

Shareholders of Record

If you are a shareholder of record, there are four ways to vote:

By toll free telephone at 1-866-894-0537;

By internet at <http://www.cstproxyvote.com>;

If you request printed copies of the proxy materials, you may vote by proxy by completing and returning your proxy card in the postage-paid envelope provided by the Company; or

By voting in person at the meeting.

Street Name Holders

Shares which are held in a brokerage account in the name of the broker are said to be held in street name.

If your shares are held in street name, you should follow the voting instructions provided by your broker. If you requested printed copies of the proxy materials, you may complete and return a voting instruction card to your broker, or, in many cases, your broker may also allow you to vote via the telephone or Internet. Check your notice from your broker for more information. If you hold your shares in street name and wish to vote at the meeting, you must obtain a legal proxy from your broker and bring that proxy to the meeting.

Regardless of how your shares are registered, if you request printed copies of the proxy materials, complete and properly sign the accompanying proxy card and return it to the address indicated, it will be voted as you direct.

What is the deadline for voting via Internet or telephone?

Internet and telephone voting is available through 11:59 p.m. (Eastern Daylight Time) on Monday, April 28, 2014 (the day before the annual meeting).

What are the voting recommendations of the Board of Directors?

The Board of Directors recommends that you vote in the following manner:

1. FOR each of the persons nominated by the Board of Directors to serve as Directors;
2. FOR the approval of the Amendment to the Amended and Restated Stock Purchase Agreement between the Company and Mr. Gubin in order to extend the outside closing date to April 30, 2015;
3. FOR the approval of the issuance of up to 5,000,000 shares of the Company's common stock in a proposed private offering;
4. FOR the ratification of the appointment of Hacker, Johnson & Smith, PA as independent registered public accounting firm for the 2014 fiscal year;
5. FOR the approval of the compensation of the Company's named executive officers as disclosed in the Executive Compensation section and accompanying compensation tables contained in this Proxy Statement; and
6. FOR the approval of a frequency of every THREE YEARS for future non-binding shareholder advisory votes on executive compensation.

Unless you give contrary instructions in your proxy, the persons named as proxies will vote your shares in accordance with the recommendations of the Board of Directors.

Will any other matters be voted on?

We do not know of any other matters that will be brought before the shareholders for a vote at the annual meeting. If any other matter is properly brought before the meeting, your proxy would authorize Moishe Gubin and Sam Borek of the Company to vote on such matters in their discretion.

Who is entitled to vote at the meeting?

Only shareholders of record at the close of business on the Record Date are entitled to receive notice of and to vote at the annual meeting. If you were a shareholder of record on that date, you will be entitled to vote all of the shares that you held on that date at the annual meeting, or any postponement or adjournment of the meeting.

How many votes do I have?

You will have one vote for each share of the Company's common stock that you owned on the Record Date.

How many votes can be cast by all shareholders?

The Company had 8,177,744 outstanding shares of common stock on the Record Date. Each of these shares is entitled to one vote. There is no cumulative voting.

How many votes must be present to hold the meeting?

The holders of a majority of the Company's common stock outstanding on the Record Date must be present at the meeting in person or by proxy in order to fulfill the quorum requirement necessary to hold the meeting. This means at least 4,088,873 shares must be present in person or by proxy.

If you vote, your shares will be part of the quorum. Abstentions and broker non-votes will also be counted in determining the quorum. A broker non-vote occurs when a bank or broker holding shares in street name submits a proxy that states that the broker does not vote for some or all of the proposals because the broker has not received instructions from the beneficial owners on how to vote on the proposals and does not have discretionary authority to vote in the absence of instructions.

We urge you to vote by proxy even if you plan to attend the meeting so that we will know as soon as possible that a quorum has been achieved.

What vote is required to approve each proposal?

For the election of Directors (Proposal No. 1), the affirmative vote of a plurality of the votes present in person or by proxy and entitled to vote at the meeting is required. A proxy that has properly withheld authority with respect to the election of one or more Directors will not be voted with respect to the Director or Directors indicated, although it will be counted for the purposes of determining whether there is a quorum.

For the approval of the Amendment to the Amended and Restated Stock Purchase Agreement between the Company and Mr. Gubin (Proposal No. 2), the affirmative vote of a majority of the shares represented in person or by proxy and entitled to vote at the meeting will be required for approval. An abstention with respect to this proposal will not be voted with respect to the amendment, although it will be counted for the purposes of determining whether there is a quorum.

For the approval of the issuance of up to 5,000,000 shares of the Company's common stock in a proposed private offering (Proposal No. 3), the affirmative vote of a majority of the shares represented in person or by proxy and entitled to vote at the meeting will be required for approval. An abstention with respect to this proposal will not be voted with respect to the proposal, although it will be counted for the purposes of determining whether there is a quorum.

For the ratification of the appointment of Hacker, Johnson & Smith, PA (Proposal No. 4), the affirmative vote of a majority of the shares represented in person or by proxy and entitled to vote at the meeting will be required for approval. An abstention with respect to this proposal will be counted for the purposes of determining the number of shares entitled to vote that are present in person or by proxy. Accordingly, an abstention will have the effect of a negative vote.

For the advisory vote on executive compensation (Proposal No. 5), the resolution will be approved if a majority of the shares represented in person or by proxy and entitled to vote at the meeting are cast in favor of the compensation. Because your vote is advisory, it will not be binding on the Board or the Company. However, the Board will review the voting results and take them into consideration when making future decisions regarding executive compensation.

For the advisory vote on the frequency of the advisory votes on executive compensation (Proposal No. 6), the frequency will be determined by a plurality of the votes cast. Because your vote is advisory, it will not be binding on the Board or the Company. However, the Board will review the voting results and take it into consideration when making future decisions regarding the frequency of the advisory vote on executive compensation.

Can I change my vote?

Yes. If you are a shareholder of record, you may change your vote at any time before your proxy is voted at the annual meeting. You can do this in one of three ways. First, you can send a written notice stating that you would like to revoke your proxy. Second, you can submit new proxy instructions either on a new proxy card, by telephone or via the Internet. Third, you can attend the meeting, and vote in person. Your attendance alone will not revoke your proxy. If you have instructed a broker to vote your shares, you must follow directions received from your broker to change those instructions.

Who can attend the annual meeting?

Any person who was a shareholder of the Company on March 28, 2014 may attend the meeting. If you own shares in street name, you should ask your broker or bank for a legal proxy to bring with you to the meeting. If you do not receive the legal proxy in time, bring your most recent brokerage statement so that we can verify your ownership of the Company's stock and admit you to the meeting. However, you will not be able to vote your shares at the meeting without a legal proxy.

What happens if I sign and return the proxy card but do not indicate how to vote on an issue?

If you return a proxy card without indicating your vote, your shares will be voted as follows:

FOR each of the nominees for Director named in this proxy statement;

FOR the approval of the Amendment to the Amended and Restated Stock Purchase Agreement between the Company and Mr. Gubin in order to extend the outside closing date to April 30, 2015;

FOR the approval of the issuance of up to 5,000,000 shares of the Company's common stock in a proposed private offering;

FOR ratification of the appointment of Hacker, Johnson & Smith, PA as the independent registered public accounting firm for the Company for the 2014 fiscal year;

FOR the approval of the compensation of the Company's named executive officers as disclosed in the Executive Compensation section and accompanying compensation tables contained in this Proxy Statement;

FOR the approval of a frequency of every THREE YEARS for future non-binding shareholder advisory votes on executive compensation.

Who can help answer my questions?

If you are a shareholder, and would like additional copies, without charge, of this proxy statement or if you have questions about the annual meeting, including the procedures for voting your shares, you should contact:

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR ALL DIRECTOR NOMINEES.

CORPORATE GOVERNANCE

Director Independence

The Board of Directors analyzed the independence of each director and determined that the following directors meet the standards of independence of the applicable listing standards of NASDAQ Stock Market (NASDAQ): Moishe Gubin, Sam Borek and Joel Klein.

The Board of Directors Meetings and Committees

OptimumBank Holdings Board of Directors met sixteen times during 2013. The independent directors did not meet in executive session without management during 2013. Each of the current members of the Board of Directors attended at least 75% of the meetings of the Board and committees on which he served. The Company s Board of Directors has established several standing committees, including the following:

Compensation Committee

The Compensation Committee currently consists of three directors: Moishe Gubin (Chairman), Sam Borek and Joel Klein, each of whom is independent under the NASDAQ listing standards. The Compensation Committee reviews and recommends to the Board of Directors the compensation arrangements for executive management and non-employee directors. The Compensation Committee met once during 2013 and operates under a written charter. A copy of the current Compensation Committee Charter can be viewed on the Company s website at www.optimumbank.com/information-center/corporate-governance.

In 2013, no executive officer had a role in determining or recommending the amount or form of outside director compensation. The Compensation Committee does not delegate its authority to any other persons. The Compensation Committee does not use consultants to determine or recommend the amount or form of compensation arrangements.

Nominating Committee

Prior to March 28, 2014, the Company had no formal nominating committee. Prior to that time, the independent directors of the Company performed the functions of a nominating committee. For 2013, these directors were Messrs. Gubin, Borek and Klein. The Company established a formal nominating committee and adopted a charter on March 28, 2014.

The new charter provides for the independent directors to evaluate new candidates and current directors, and recommend candidates to the Board to fill vacancies occurring between annual shareholder meetings. A copy of the charter for the Nominating Committee can be viewed on the Company s website at www.optimumbank.com/information-center/corporate-governance.

All of the director nominees of the Company set forth in the Proposal entitled Election of Directors were recommended by a majority of the independent directors of the Company. The independent directors in their capacity as the nominating committee held one meeting during 2014.

The Nominating Committee will initially look to nominating the Company s existing directors for re-election to the Board as appropriate or to other director nominees proposed, as appropriate, by the directors, and in doing so considers each director s independence, if required, share ownership, skills, performance and attendance at a minimum of 75% of the Board and

respective committee meetings. In evaluating any candidates for potential director nomination, the Nominating Committee will consider candidates that are independent, if required, who possess personal and professional integrity, have good business judgment, relevant experience and skills, including banking, financial, real estate and/or legal expertise, who would be effective as a director in conjunction with the full Board, who would commit to attend Board and committee meetings, and whose interests are aligned with the long-term interests of the Company's shareholders.

The Nominating Committee will consider director candidates recommended by shareholders, provided the recommendation is in writing and delivered to the Corporate Secretary of the Company at the principal executive offices of the Company not later than the close of business on the 120th day prior to the first anniversary of the date on which the Company first mailed its proxy materials to shareholders for the preceding year's annual meeting of shareholders. For the 2015 annual meeting, recommendations must be received by December 5, 2014. The nomination and notification must contain the nominee's name, address, principal occupation, total number of shares owned, consent to serve as a director, and all information relating to the nominee and the nominating shareholder as would be required to be disclosed in solicitation of proxies for the election of such nominee as a director pursuant to the SEC's proxy rules.

Audit Committee

The Audit Committee of the Board of Directors is responsible for the oversight of the Company's financial and accounting reporting processes and the audits of the Company's financial statements. The Audit Committee is currently composed of three non-employee directors consisting of Joel Klein (Chairman), Moishe Gubin, and Sam Borek. The Audit Committee operates under a written charter adopted and approved by the Board of Directors. A copy of the current Audit Committee Charter can be viewed on the Company's website at www.optimumbank.com/information-center/corporate-governance.

The Board has determined that each member of the Audit Committee is financially literate and independent in accordance with the more stringent NASDAQ listing standards applicable to audit committee members. The Board also has determined that Joel Klein is an audit committee financial expert as defined by SEC rules. The Audit Committee met seventeen times during 2013. A Report from the Audit Committee is included on page 23.

Attendance by Directors at Annual Shareholders' Meetings

The Company expects its directors to attend the annual meeting. All of the directors attended the 2013 annual meeting.

Shareholder Communications with the Board of Directors

The Board of Directors has adopted a formal process by which shareholders may communicate with the Board. Shareholders who wish to communicate with the Board may do so by sending written communications addressed to: Board of Directors, OptimumBank Holdings, Inc., at 2477 East Commercial Boulevard, Fort Lauderdale, Florida 33308, Attention: Anya Broadhurst. All communications will be compiled by the Corporate Secretary and submitted to the members of the Board. Concerns about accounting or auditing matters or possible violations of the Company's Senior Financial Officer Code of Ethics should be reported under the procedures outlined in the Company's Whistleblower Policy. Our Whistleblower Policy is available on the Company's website at www.optimumbank.com/information-center/corporate-governance.

Board Leadership Structure and Role in Risk Oversight

The roles of chairman and chief executive officer of the Company have been separate since December 2011. Mr. Gubin currently serves as Acting Chairman of the Board of the Company. Prior to February 2013, Richard Browdy served as the Company's chief executive officer. Mr. Browdy resigned in February 2013.

The Board believes that risk management is an important component of the Company's corporate strategy. While we assess specific risks at the Company's committee levels, the Board, as a whole, oversees the Company's risk management process, and discusses and reviews with management major policies with respect to risk assessment and risk management. The Board is regularly informed through committee reports about the Company's risks. The Audit Committee reviews and assesses the Company's processes to manage financial and financial reporting risk. It also reviews the Company's policies for risk assessment and assesses steps management has taken to control significant risks. The Compensation Committee oversees risks relating to compensation practices and policies.

Mr. Gubin currently serves as the Acting Chairman of the Company and the Bank.

The closing of the transactions contemplated by the Amended Stock Purchase Agreement (the Gubin Transaction) was subject to certain conditions, including approval of the transaction by the shareholders of the Company, the Federal Reserve and the State of Florida Office of Financial Regulation and the completion of the transaction by September 30, 2013.

If these conditions are fulfilled, the Company would receive proceeds from the transaction of \$2,200,000.

The Company will also grant Mr. Gubin certain registration rights in connection with the purchase of the shares pursuant to the terms of a registration rights agreement to be entered into at the closing. Substantially all the proceeds from the Gubin Transaction will be utilized by the Company to increase the capital of the Bank.

As of March 28, 2014, the Company had 8,177,744 outstanding shares of common stock, including 662,446 shares that were owned by Mr. Gubin. Upon the issuance of 1,833,333 additional shares of Company's common stock to Gubin, and assuming no other issuance of shares of Company common stock, Gubin would own approximately 2,495,779 shares of the Company's common stock, or 24.9% of the total shares then outstanding.

Subsequent to the execution of the Amended Stock Purchase Agreement, Mr. Gubin submitted applications to the Federal Reserve and the State of Florida Office of Financial Regulation in order to obtain approval for his purchase of shares under the agreement. At the request of these agencies, the applications were withdrawn. Mr. Gubin plans to file amended applications later in 2014. There can be no assurance that such applications will be approved.

Why We Are Seeking Shareholder Approval

The Amendment to the Amended Stock Purchase Agreement is being submitted to the shareholders at the annual meeting to comply with the shareholder approval requirements of NASDAQ Rule 5635.

Under NASDAQ Rule 5635(b), companies that have securities listed on NASDAQ must obtain shareholder approval prior to the issuance of common stock when the issuance or potential issuance would result in a change of control as defined by NASDAQ (the Change of Control Rule). NASDAQ generally characterizes a transaction whereby an investor or group of investors acquires, or obtains the right to acquire, 20% or more of the voting power of an issuer on a post-transaction basis as a change of control for purposes of Rule 5635(b).

Under NASDAQ Rule 5635(d), companies that have securities listed on NASDAQ must obtain shareholder approval prior to the issuance of common stock in a private offering at a price less than the greater of the book and market value per share of such common stock, if the issuance amounts to twenty percent (20%) or more of the common stock or twenty percent (20%) or more of the voting power of a company outstanding before the issuance (the 20% Rule).

The Company's Board of Directors has submitted this Proposal No. 2 to the Company's shareholders for approval because the Change of Control Rule and the 20% Rule apply to issuance of the Company's common stock in the Gubin Transaction. The extension of the outside closing date represents a material amendment to the Gubin Transaction which requires additional shareholder approval.

The Change of Control Rule applies because the number of shares to be purchased by Mr. Gubin exceeds 20% of the outstanding shares of the Company.

The 20% Rule applies because the shares to be sold to Mr. Gubin exceed twenty percent (20%) of the common stock of the shares of the Company outstanding before the issuance and the current closing price of the Company's common stock is greater than the offering price of \$1.20 per share in the Gubin Transaction.

The approval sought under this Proposal No. 2 will be effective to satisfy the shareholder approval required by the Change of Control Rule and the 20% Rule. Under the NASDAQ Rule 5635, the minimum vote which will constitute shareholder approval of this Proposal No. 2 is a majority of the total votes cast on the proposal in person or by proxy at the special meeting.

Background of the Transaction with Mr. Gubin

The principal reason for the issuance of shares under the Stock Purchase Agreement is to increase the capital of OptimumBank in order to assist it in meeting its regulatory capital requirements.

Starting in 2008 and continuing through 2013, the Bank has incurred substantial losses, primarily due to a high level of non-performing loans. The Company sustained net losses of \$11.5 million in 2009, \$8.5 million in 2010, \$3.7 million in 2011, \$4.7 million in 2012 and \$7.1 million in 2013. These net losses have significantly reduced shareholders' equity and the regulatory capital ratios for the Company and the Bank.

As a result of the losses incurred by the Bank and related operating issues, on April 14, 2010 the Bank consented to the issuance of an order (the Consent Order) by the Federal Deposit Insurance Corporation (the FDIC) and the State of Florida Office of Financial Regulation (the OFR). On February 28, 2014, the Bank agreed to the issuance of an Amended Consent Order by the FDIC and the OFR. On June 22, 2010 the Company entered into a written agreement with the Board of Governors of the Federal Reserve System (the Federal Reserve).

The Amended Consent Order requires, among other things, that the Bank achieve and maintain a tier 1 leverage capital ratio of at least 8.0% of the Bank's total average assets and a total risk-based capital ratio of at least 12.0% of its total risk-weighted assets. At December 31, 2013 the Bank's Tier 1 leverage and total risk-based capital ratios were 4.21% and 6.55%,

respectively. At December 31, 2013, the Bank would have needed approximately \$5.5 million in additional regulatory capital to meet the total risk-based capital ratio required by the Amended Consent Order.

On October 25, 2011, the Company and Mr. Gubin entered into a Stock Purchase Agreement for the purchase of 1,687,500 shares (calculated on a post split basis) for a price of \$1.60 per share. On March 22, 2013, the Company and Gubin agreed to amend this agreement by entering into the Amended Stock Purchase Agreement. The Amended Stock Purchase Agreement reduced the purchase price from \$1.60 per share to \$1.20 per share, increased the number of shares to be purchased from 1,687,500 to 1,833,333, and to extend the outside closing date to September 30, 2013.

Reason for the Gubin Transaction

The Company is seeking to complete the Gubin Transaction in order to assist the Bank in meeting the capital requirements of the Consent Order and to increase its lending and investment portfolio.

If the \$2.2 million proceeds of the Gubin Transaction had been contributed to the Bank as of December 31, 2013, the Bank's Tier 1 leverage and total risk-based capital ratios (on a pro forma basis) would have improved to 5.94% and 6.68%, respectively.

The actual improvement in the Bank's capital ratios after the Gubin Transaction is completed will depend on the closing date of the Gubin Transaction; the level of the Bank's assets and liabilities at that time, the amount of the Bank's losses between December 31, 2013 and the date of the closing, and the amount of any additional capital received from other sources.

The additional \$2.2 million in capital from Mr. Gubin is expected to provide the Company and the Bank with additional working capital to implement the Bank's business plan, including addressing non-performing loans and funding expanded lending and investment activities.

Reason for the Amended Gubin Transaction

The Board has agreed to extend the outside closing date for the Gubin Transaction to April 30, 2015. The Company has agreed to this change because of the continuing losses incurred by the Company in 2013 and its continuing need for additional capital. The Company agreed to extension to provide Mr. Gubin with additional time in which to obtain the regulatory approvals required for his purchase.

Transaction Documents

Amended Stock Purchase Agreement. The consummation of the Gubin Transaction is subject to the fulfillment of a number of conditions, including:

Gubin obtaining the requisite regulatory approval of the Federal Reserve and the State of Florida Office of Financial Regulation; and

The Company obtaining shareholder approval of the Gubin Transaction.

The Amended Stock Purchase Agreement may be terminated by the Company or Gubin if the closing does not occur by April 30, 2015, but not by any party whose failure to perform any obligations under the agreement required to be performed on or prior to such date has been the cause of, or results in, the failure of the transaction to close on or before such date. The Stock Purchase Agreement contains customary representation and warranties.

Registration Rights Agreement. Under the terms of the Stock Purchase Agreement, the Company has agreed to provide Gubin with certain limited registration rights. The Company has agreed to file a registration statement on Form S-3 as soon as practicable after the closing with respect to the shares sold to Mr. Gubin, and to use reasonable best efforts to make such registration statement become effective. The Company is required to maintain this registration statement continuously in effect until all such shares have been sold or become eligible for sale without restrictions under Rule 144 promulgated under the Securities Act of 1933, as amended. The registration rights are subject to the right of the Company to delay registration to avoid disclosure of material nonpublic information. The holder of registrable securities must comply with certain standard provisions facilitating the filing and effectiveness of the registration statement as well.

Purchase Price of the Gubin Transaction

In approving the Amendment to the Stock Purchase Agreement, the Board considered the fairness, from a financial point of view, regarding the decrease in the price from \$1.60 to \$1.20 per share. The Board determined that the price was fair in light of the following factors:

The book value of the Company's common stock at December 31, 2013, which was (\$.03) per share;

The Company's losses of \$7.1 million in 2013;

The Company's need to raise capital to allow the Bank to meet the requirements of the Consent Order and implement its business plan; and

The limited ability of the Company to obtain additional capital from other sources.

The Board did not engage any third parties to assist the Board in its determination of the offering price due to the Company's limited resources.

Vote Required and Recommendation of Board of Directors

Assuming the existence of a quorum, this proposal will be approved if the number of shares voted in favor of this Proposal No. 2 exceeds the number of shares voted against the proposal. As such, abstentions and broker non-votes will not affect the outcome of the vote, but will be counted for determining the existence of a quorum.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE APPROVAL OF THE AMENDMENT TO THE AMENDED AND RESTATED STOCK PURCHASE AGREEMENT BETWEEN THE COMPANY AND MR. GUBIN IN ORDER TO EXTEND THE OUTSIDE CLOSING DATE TO APRIL 30, 2015.

PROPOSAL NO. 3

APPROVAL FOR PURPOSES OF THE NASDAQ RULE 5635 OF THE ISSUANCE OF UP TO 5,000,000 SHARES OF THE COMPANY'S COMMON STOCK IN A PROPOSED PRIVATE OFFERING

The Company is seeking shareholder approval for the issuance of up to 5,000,000 shares of Company's common stock in a proposed private offering (the Offering).

On March 31, 2014, the Company's Board of Directors approved the proposed Offering of up to 5,000,000 shares at a price equal to no less than 85% of the weighted average closing price of the Company's common stock for the 30 trading days preceding the commencement of the Offering.

The Offering will not be contingent upon the sale of any minimum number of shares.

Based on the weighted average closing price of the Company's common stock for the 30 trading days preceding the date of this proxy statement, the price would have been no lower than \$1.09 per share. If the Company had sold all 5,000,000 shares in the Offering at this price, the company would have received proceeds of \$5,450,000.

Why We Are Seeking Shareholder Approval

The issuance of shares in the Offering is being submitted to the shareholders at the special meeting to comply with the shareholder approval requirements of NASDAQ Rule 5635.

Under NASDAQ Rule 5635(d), companies that have securities listed on NASDAQ must obtain shareholder approval prior to the issuance of common stock in a private offering at a price less than the greater of the book and market value per share of such common stock, if the issuance amounts to twenty percent (20%) or more of the common stock or twenty percent (20%) or more of the voting power of a company outstanding before the issuance (the 20% Rule).

The Company's Board of Directors has submitted this Proposal No. 3 to the Company's shareholders for approval because the 20% Rule may apply to issuance of the Company's common stock in the Offering.

As of the date of this proxy statement, the Company had issued and outstanding 8,177,744 shares of common stock. If the Company were to sell all 5,000,000 shares in the Offering, the investors in the Offering would acquire shares representing approximately 37.9% of the outstanding shares of the Company.

The executive officers and directors of the Company and the Bank will not purchase any shares in the Offering.

The approval sought under this Proposal No. 3 will be effective to satisfy the shareholder approval required by the 20% Rule. Under the NASDAQ Rule 5635, the minimum vote which will constitute shareholder approval of this Proposal No. 3 for the purposes of the 20% Rule is a majority of the total votes cast on the proposal in person or by proxy at the special meeting.

Background and Reasons for the Offering

The reason for the Offering is to raise the capital for the Company's bank subsidiary, Optimum Bank (the Bank).

Starting in 2008 and continuing through 2013, the Bank has incurred substantial losses, primarily due to a high level of non-performing loans. The Company sustained net losses of \$11.5 million in 2009, \$8.5 million in 2010, \$3.7 million in 2011, \$4.7 million in 2012 and \$7.1 million in 2013. These net losses have significantly reduced shareholders' equity and the regulatory capital ratios for the Company and the Bank.

The Company's financial condition and results of operations are discussed in detail in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2013.

As a result of the losses incurred by the Bank and related operating issues, on April 14, 2010 the Bank consented to the issuance of an order (the Consent Order) by the Federal Deposit Insurance Corporation (the FDIC) and the State of Florida Office of Financial Regulation (the OFR). On February 28, 2014, the Bank agreed to the issuance of an Amended Consent Order by the FDIC and the OFR. On June 22, 2010 the Company entered into a written agreement with the Board of Governors of the Federal Reserve System (the Federal Reserve).

The Amended Consent Order requires, among other things, that the Bank to achieve and maintain a Tier 1 leverage capital ratio of at least 8.0% of the Bank's total average assets and a total risk-based capital ratio of at least 12.0% of its total risk-weighted assets. At December 31, 2013 the Bank's tier 1 leverage and total risk-based capital ratios were 4.21% and 6.55%, respectively. At December 31, 2013, the Bank would have needed approximately \$5.5 million in additional regulatory capital to meet the total risk-based capital ratio required by the Amended Consent Order.

The failure of the Bank to comply with the Amended Consent Order could result in the initiation of further enforcement actions by the FDIC or OFR, including the imposition of civil monetary penalties, the imposition of further operating restrictions and, ultimately, the closing of the Bank.

During the last two years, the Company has taken a number of actions to strengthen the Company's balance sheet, including the sale of assets and the reduction of certain operating expenses. These efforts have been partially successful in reducing the level of the Bank's losses, but the Bank still requires additional capital in order to meet the capital requirements of the Consent Order and to return to profitability.

On March 31, 2014, the Board of Directors of the Company determined that the proposed Offering through direct sales to non-affiliates and non-directors, was the most viable alternative to increase the capital of the Bank.

If the Offering is successfully completed, the Company will receive approximately \$5,450,000 in gross proceeds (assuming the price is \$1.09 per share). If all of these proceeds had been contributed to the Bank as of December 31, 2013, the Bank's Tier 1 leverage and total risk-based capital ratios (on a pro forma basis) would have been 8.48% and 11.79%, respectively.

The actual improvement in the capital ratios will depend on the actual price for the shares to be sold in the offering, the actual number of shares sold in the Offering, the closing date of the

Offering and the level of the Bank's losses between December 31, 2013 and the date of the closing, if any. In any case, the completion of the Offering is expected to provide the Bank with enough capital to continue in operation for at least the next twelve months, assuming that the level of the Bank's losses does not increase. This should provide the Company and the Bank with the opportunity to implement additional actions to improve the capital and profitability of the Bank, such as raising additional capital and modifying the Bank's business plan.

The Board of Directors therefore believes that it is crucial for the Company to complete the Offering.

Purchase Price of the Offering

The purchase price in the Offering will be equal to not less than 85% of the weighted average closing price of the Company's common stock for the 30 trading days preceding the commencement of the Offering, or the previous day's closing price. The Board of Directors established this pricing formula based the following factors:

The Company's urgent need for the proceeds of the offering.

The ongoing losses and deteriorating financial condition of the Company and the Bank.

The limited trading volume of the Company's common stock.

After considering these factors, the Board concluded that the pricing formula for the shares was fair and in the best interests of the Company and its shareholders.

Maximum Purchase

None of the investors will be permitted to purchase shares that would result in such shareholder owning more than 9.9% of the Company's common stock after the Offering.

Plan of Distribution

The Shares will be offered on behalf of the Company by the officers, directors and employees of the Company and the Bank.

Investors

The Company currently plans to sell the shares in the Offering exclusively to investors who are accredited investors under Rule 501 of Regulation D promulgated by the SEC under the Securities Act. This proxy statement does not constitute an offer to sell or a solicitation to buy any of the shares.

Use of Proceeds

The Company will use the proceeds of the Offering for the following purposes:

to make capital contributions to the Bank to increase the capital of the Bank.

to establish a capital reserve at the Company to support the future operation and growth of the Company and the Bank.

The Bank will utilize the amounts received from the Company to make loans and purchase investment securities.

Impact of the Issuance of Common Stock on Existing Shareholders

If this Proposal No. 3 is approved and the Company sells all of the shares in the Offering, these shares would represent 37.9% of the shares of the Company's common stock then outstanding. If this occurred, the Company's existing shareholders would hold 62.1% of the Company's outstanding capital stock and would have relatively little influence over the Company's affairs.

The issuance of the shares may result in a change in ownership as defined by Section 382 of the Internal Revenue Code of 1986, as amended (the "Code"). Pursuant to Sections 382 and 383 of the Code, the annual use of the Company's net operating losses (NOLs) will be limited if there is a cumulative change of ownership (as that term is defined in Section 382(g) of the Code) of greater than 50% in the past three years. If a Section 382 ownership change occurs, there would be a substantial limitation on the Company's ability to utilize its NOLs to offset future taxable income. At December 31, 2013, the Company had approximately \$24.2 million of NOL carryforwards for federal income tax purposes, and approximately \$35.1 million of NOL carryforwards for Florida state income tax purposes. Currently, approximately \$14.2 million and \$25.1 of the above net operating loss carryforwards are subject to a Section 382 limitation as a result of the capital raised during 2011. There is no assurance, however, that the Company will generate taxable income in the future against which the NOLs could be applied.

Dissenters' Rights

Under Florida law, shareholders are not entitled to dissenters' rights with respect to the transactions contemplated by this Proposal No. 3.

Impact if Proposal No. 3 is Not Approved

The sale of the Shares is contingent upon the approval of the Company's shareholders of this Proposal No. 3.

If the Company is unable to complete the sale of the shares in the Offering, then the Company intends to seek alternative funding for the Bank. However, the Company is uncertain whether the alternative funding would be available, or even if available, whether it would be on terms less favorable to the Company. If the Company is unsuccessful in obtaining additional funding, then the Bank could be closed by the FDIC.

Vote Required

Under the NASDAQ Rules, the minimum vote which will constitute shareholder approval of this Proposal No. 3 for the purposes of the NASDAQ Rule 5635 is the affirmative vote of a majority of the total votes cast on this Proposal No. 3.

Assuming the existence of a quorum, Proposal No. 3 will be approved if the number of shares voted in favor of the proposal to approve the issuance of shares of common stock in the Offering exceeds the number of shares voted against the proposal. As such, abstentions and broker non-votes will not affect the outcome of the vote but will be counted for determining the existence of a quorum.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR PROPOSAL NO. 3.

PROPOSAL NO. 4

RATIFICATION OF INDEPENDENT AUDITOR

The Audit Committee has selected Hacker, Johnson & Smith PA (Hacker Johnson) as the Company's independent auditor for fiscal year 2014, and the Board asks shareholders to ratify that selection. Although current law, rules, and regulations, as well as the charter of the Audit Committee, require the Audit Committee to engage, retain, and oversee the Company's independent auditor, the Board considers the selection of the independent auditor to be an important matter of shareholder concern and is submitting the selection of Hacker Johnson for ratification by shareholders as a matter of good corporate practice.

The affirmative vote of holders of a majority of the shares of common stock cast in person or by proxy at the meeting is required to approve the ratification of the selection of Hacker Johnson as the Company's independent auditor for the current fiscal year.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR PROPOSAL NO. 4.

PROPOSAL 5

ADVISORY VOTE ON EXECUTIVE COMPENSATION

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act enacted in July 2010 (the Dodd-Frank Act), the shareholders of the Company are entitled to vote at the annual meeting on the compensation of the Company's named executive officers, as disclosed in the Executive Compensation section and accompanying compensation tables contained in this Proxy Statement. Pursuant to the Dodd-Frank Act, the shareholder vote on executive compensation is an advisory vote only, and it is not binding on Company or the Board of Directors.

Although the vote is non-binding, the Board of Directors values the opinions of the shareholders and will consider the outcome of the vote when making future compensation decisions.

The Company's current executive compensation program is designed to provide a competitive level of annual cash compensation that will allow the Company to attract, motivate and retain individuals with the skills required to achieve the Company's performance goals. At the present time, the Company is not utilizing any equity based compensation or other long term compensation for the Company's executive officers due to the Company's financial difficulties. The Company plans to consider the use of equity based compensation or other long term compensation after the Company's financial condition is stabilized.

The advisory vote regarding the compensation of the named executive officers shall be approved if the votes cast in favor of the proposal exceed the votes cast against the proposal. Abstentions will not be counted as either votes cast for or against the proposal.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE APPROVAL OF THE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THE EXECUTIVE COMPENSATION SECTION AND ACCOMPANYING COMPENSATION TABLES CONTAINED IN THIS PROXY STATEMENT.

PROPOSAL 6

ADVISORY VOTE ON FREQUENCY OF SHAREHOLDER VOTE ON EXECUTIVE COMPENSATION

Under the Dodd-Frank Act, the shareholders of the Company are entitled to vote at the annual meeting regarding whether the advisory vote on executive compensation should occur every one, two or three years. Under proposed regulations issued by the SEC (the Proposed Regulations), shareholders shall also have the option to abstain from voting on the matter. Pursuant to the Dodd-Frank Act, the shareholder vote on the frequency of the advisory vote on executive compensation is an advisory vote only, and it is not binding on Company or the Board of Directors.

Although the vote is non-binding, the Board values the opinions of the shareholders and will consider the outcome of the vote when determining the frequency of the shareholder vote on executive compensation.

The Board of Directors has determined that an advisory shareholder vote on executive compensation every three years is the best approach for Company and its shareholders for following reasons:

A three-year cycle will provide investors with sufficient time to evaluate the effectiveness of the Company's incentive programs, compensation strategies and the total Company performance; and

A three-year cycle provides the Board of Directors with sufficient time to thoughtfully evaluate and respond to shareholder input and effectively implement any desired changes to Company's executive compensation program.

In accordance with the Proposed Regulations, the advisory vote regarding the frequency of the shareholder vote described in this Proposal No. 6 shall be determined by a plurality of the votes cast. Abstentions will not be counted as either votes cast for or against the proposal.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR THREE YEARS ON PROPOSAL NO. 6 REGARDING THE FREQUENCY OF THE SHAREHOLDER VOTE TO ON EXECUTIVE COMPENSATION. NOTE: SHAREHOLDERS ARE NOT VOTING TO APPROVE OR DISAPPROVE THE BOARD OF DIRECTORS' RECOMMENDATION REGARDING THIS PROPOSAL NO. 6.
