of
this
communication.
Forward
looking
statements
generally
will
be
accompanied
by
words
such as anticipate,
believe,
plan,
could,
should,
estimate,
expect,
forecast,
outlook,
guidance,
intend,
may,
might,
will,
possible,
potential,
predict,
project,
or
other
similar
words,
phrases
or
expressions.
It
is
important
to
note
that
these

goals
and
expectations
are

not predictions of actual performance. Actual results may differ materially from current expectations depending upon a number of factors, including: Medtronic's business, Covidien's business and risks associated with the proposed transactions. These factors include, among others, the inherent uncertainty associated with financial projections; restructuring in connection with, and successful close of, the subsequent integration of the Covidien acquisition and the ability to recognize the anticipated synergies and benefits of the Covidien acquisition; that the required regulatory approvals for the proposed transactions are not obtained, are delayed or are subject to conditions that may affect the anticipated size of the markets and continued demand for Medtronic's and Covidien's products; the impact of competitive pricing and access

to
available
financing
(including
financing
for
the
acquisition
or
refinancing
of
Medtronic
or
Covidien
debt)

on
a
timely
basis
and
on
reasonable

terms; the risks of fluctuations in foreign currency exchange rates; the risks and uncertainties normally incident to the medical device industry; competition in the medical device industry; product liability claims; the difficulty of predicting the timing or outcome of pending government investigations; variability of trade buying patterns;

the timing and success of product launches; the difficulty of predicting the timing or outcome of product development efforts and regulatory agency approvals or actions, if any; potential for adverse pricing movements; the ability to defend or enforce intellectual property rights; difficulties or delays in manufacturing; reduction or interruption in supply; product availability and pricing of third party sourced products and materials; risks associated with self-insurance and commercial insurance; compliance with governmental regulations applicable to New Medtronic's, Medtronic's and Covidien's facilities, products and the

laws
and
regulations,
affecting
among
other
things,
pricing

and
reimbursement
of
pharmaceutical
products;
health
care
policy
changes;
risks
associated
with
international
operations;
changes
in
tax
laws
or
interpretations
that
could
increase
New
Medtronic's,
Medtronic s
and/or
Covidien s
consolidated tax liabilities, including, if the transaction is consummated, changes in tax laws that would result in New Medtron
domestic
corporation
for
United
States
federal
tax
purposes;
the
loss
of
key
senior
management
or
scientific
staff;
and
such
other
risks

and
uncertainties
detailed in Medtronic's periodic public filings with the Securities and Exchange Commission, including but not limited to Medtronic's
Form 10-K for the fiscal year ended April 25, 2014, in Covidien's periodic public filings with the Securities and Exchange Commission, but not limited
to
Covidien's
Annual
Report
on

Statement Required by the Irish Takeover Rules

The directors of Medtronic accept responsibility for the information contained in this document. To the best of the knowledge of Medtronic (who have taken

all
reasonable
care
to
ensure
that
such
is
the
case),
the
information
contained
in
this
document
is
in
accordance
with
the

facts and does not omit anything likely to affect the import of such information.

The synergy statements should not be construed as a profit forecast or interpreted to mean that New Medtronic's earnings in the
the acquisition, or in any subsequent period, would necessarily match or be greater than or be less than those of Medtronic and

relevant
preceding
financial
period
or
any
other
period.

The
estimate
of
synergies
