LETTER TO SHAREHOLDERS

December 19, 2014

Dear Fellow Shareholder:

The Current Municipal Market Environment and Your Fund:

We begin our discussion of the performance of DTF Tax-Free Income Inc. (the DTF Fund) with a review of the municipal market environment in which the DTF Fund operates.

The municipal bond market experienced strong performance over the twelve months ended October 31, 2014 as tax-free interest rates decreased by 65 basis points on bonds with 10-year maturities and by 112 basis points on bonds with 30-year maturities, according to the Bloomberg L.P. Municipal Benchmark Curve. This decline in tax-free interest rates mostly reversed the increase in rates the market had experienced over the previous 12 month period ended October 31, 2013. The result of this decline in rates was an increase in the principal value of tax-free municipal bonds, including bonds held by the DTF Fund. Several factors contributed to this decline in tax-free interest rates over the past year:

- declining U.S. Treasury bond yields driven by economic concerns and geopolitical risks around the world;
- the associated increase in inflows into open-end municipal bond mutual funds due to the general decline in U.S. Treasury yields; and
- lower issuance levels of municipal bonds compared to recent years.

These market conditions have persisted for much of the year, helping the municipal bond market easily reverse last year's negative performance. Year-to-date through October 31, 2014, the municipal market has produced an 8.32% total return, as measured by the Barclays Municipal Bond Index.

According to the Investment Company Institute (ICI), open-end municipal bond mutual funds have experienced net inflows every month in 2014 through October, totaling approximately \$21 billion. In addition to this strong flow of money into open-end funds, banks have continued to increase their involvement in the asset class by purchasing bonds and lending directly to municipalities. Their steady demand for bonds and direct lending to municipalities has also helped drive bond valuations higher. The effect on the DTF Fund and other closed-end funds has been an increase in the market price of their common shares as the underlying municipal bonds held in their portfolios increased in value.

While there have been several highly publicized events in the municipal market, like Detroit's bankruptcy filing, Puerto Rico's growing credit problems, and the bankruptcies of the cities of San Bernardino and Stockton, California, we do not believe this reflects the broader credit profile of the market or an expectation that bankruptcies will materially increase. Through the first three quarters of 2014, there were nine Chapter 9 municipal bankruptcy filings out of over 45,000 issuers of municipal bonds. Over the past 30 years, there has been an average of 18 Chapter 9 bankruptcy filings each year, with 1991 experiencing the highest number of filings at 30. This compares quite favorably to the 7,660 businesses that filed for Chapter 11 bankruptcy in 2013. We believe that municipal bonds remain one of the lowest risk asset classes, with credit metrics for the majority of municipalities continuing to improve as the economy improves and tax revenues recover. Most of the country's states and largest cities have experienced improvements in their underlying credit metrics since 2008. In fact, Moody's recently reported that 34 of the 50 largest

Edgar Filing: DTF TAX-FREE INCOME INC - Form N-CSR

U.S. cities have increased or stabilized their credit quality since the beginning of the Great Recession. This improvement is mostly due to a healthier tax base and improved financial management, which has translated into higher revenues and replenished reserves. The median taxable property base of these more successful cities has increased by 6.6% since 2008, much better than the aggregate 3.6% decline seen nationally.

In managing the DTF Fund, we continue to emphasize an investment strategy of owning mostly AA and A rated revenue bonds. As of October 31, 2014, the DTF Fund held over 84% of its total assets in AA and A rated municipal bonds across multiple sectors. Transportation, education, and water & sewer revenue bonds represented the DTF Fund's three largest exposures, while the allocation to general obligation bonds remains low as we favor the predictable revenue streams and sound legal structure afforded by revenue bonds. The DTF Fund continues to be well diversified geographically, with exposure to 32 states and Washington, D.C. We continue to be invested along the entire yield curve in order to moderate the portfolio's risk from potential changes in interest rates or to the shape of the yield curve that could result from future Fed actions or changing investor sentiment.

Outlook: Clearly, 2014 has been beneficial to investors in the municipal bond market as supply/demand technical conditions have been mostly favorable, while the underlying credit fundamentals for the majority of municipalities continue to improve. Over the final months of 2014 and into early 2015, we anticipate that these beneficial technical and fundamental conditions will persist, as we expect municipalities to remain fiscally prudent, thereby limiting the levels of issuance of municipal bonds. While municipal interest rates have declined throughout the year, taxable equivalent yields are still considered reasonable compared to other fixed income alternatives for investors looking for income. We expect that this reasonable level of taxable equivalent yields will help maintain the current demand for tax-exempt income as we move into 2015.

While fundamental conditions are expected to steadily improve across the country, the same is not expected for Puerto Rico. In fact, Puerto Rico will likely be in the news in early 2015 as the forbearance agreement between the Puerto Rico Electric Power Authority and the banks providing its lines of credit is set to expire. Should the lenders and the power authority fail to reach an extension or an agreement on the repayment of the lines of credit, there could be a default on the outstanding debt obligations. Were this to occur, the overall municipal bond market could experience a period of disruption, as the fear of default might extend to other highly indebted Puerto Rico issuers. The DTF Fund does not own any bonds issued from Puerto Rico due to this risk and our expectation that the island's economy will remain very weak with ongoing credit challenges that will likely continue into the foreseeable future.

Fund Performance:

The following table compares the DTF Fund's total return to its Lipper peer group and the Barclays Municipal Bond Index:

Total Return¹			
For the period indicated through October 31, 2014			
	One Year	Three Years (annualized)	Five Years (annualized)
DTF Tax-Free Income Inc.			
Market Value ²	13.2%	4.8%	7.1%
Net Asset Value ³	11.8%	6.3%	6.6%
Lipper Peer Group Average Return			
Market Value ⁴	16.3%	6.9%	8.4%
Net Asset Value ⁴	17.4%	9.4%	9.2%
Barclays Municipal Bond Index ⁵	7.8%	4.9%	5.3%

1. Past performance is not indicative of future results. Current performance may be lower or higher than the performance in historical periods.

2. Total return on market value assumes a purchase of common stock at the opening market price on the first business day and a sale at the closing market price on the last business day of each period shown in the table and assumes reinvestment of dividends at the actual reinvestment prices obtained under the terms of the DTF Fund's dividend reinvestment plan. In addition, when buying or selling stock, you would ordinarily pay brokerage expenses. Because brokerage expenses are not reflected in the above calculations, your total return net of brokerage expenses would be lower than the total returns on market value shown in the table. Source: Administrator of the DTF Fund.

3. Total return on NAV uses the same methodology as is described in note 2, but with use of NAV for beginning, ending and reinvestment values. Because the DTF Fund's expenses (detailed on page 12 of this report) reduce the DTF Fund's NAV, they are already reflected in the DTF Fund's total return on NAV shown in the table. NAV represents the underlying value of the DTF Fund's net assets, but the market price per share may be higher or lower than the NAV. Source:

Edgar Filing: DTF TAX-FREE INCOME INC - Form N-CSR

Administrator of the DTF Fund.

4. General Municipal Debt Funds (Leveraged) peer group average return. The peer group consists of closed-end funds that invest primarily in municipal debt issues rated in the top four credit ratings. These funds can be leveraged via use of debt, preferred equity, and/or reverse repurchase agreements. Source: Lipper Inc.

5. The index is a market capitalization-weighted index that is designed to measure the long-term tax-exempt bond market. The index is calculated on a total return basis with dividends reinvested. The index is unmanaged, its returns do not reflect any fees, expenses, or sales charges, and it is not available for direct investment. Source: Barclays.

As presented in the performance chart above, although the DTF Fund produced a solid return compared to the overall municipal bond market as measured by the Barclays Municipal Bond Index, it was unable to keep pace with the average return of its Lipper peer group, as many funds in this peer group are able to purchase below investment grade (high yield) bonds, which have experienced higher returns over the last year. Through the ten months ending October 31, 2014, the Barclays High Yield Municipal Bond Index produced a 12.1% total return, with several of the sub-sectors of this index up over 16%. This exceptionally strong performance has been driven by steady inflows into high yield municipal bond funds resulting in increased demand for these bonds and from limited issuance of high yield bonds throughout the year creating scarcity value.

As of October 31, 2014, the DTF Fund was paying an \$0.84 per share annualized dividend and had a closing price of \$15.15 per share. The DTF Fund has maintained its \$0.07 per share monthly dividend since January 2012, despite generational low yields available in the tax-exempt bond market for extended periods over the past few years. This monthly dividend translates into a taxable equivalent annualized distribution of 9.8% for an individual subject to the top federal tax bracket of 39.6% and the 3.8% Medicare tax. This equates to almost 750 basis points above the yield available on a 10-year taxable U.S. Treasury bond as of October 31, 2014.

We continue to appreciate your interest in the DTF Fund and look forward to being of continued service in the future.

SCHEDULE OF INVESTMENTS (Continued)

October 31, 2014

The percentage shown for each investment category is the total value of that category as a percentage of the net assets applicable to common stock of the Fund.

The Fund's investments are carried at fair value which is defined as the price that the Fund would receive upon selling an investment in a timely transaction to an independent buyer in the principal or most advantageous market of the investment. The three-tier hierarchy of inputs established to classify fair value measurements for disclosure purposes is summarized in the three broad levels listed below.

Level 1 quoted prices in active markets for identical securities.

Level 2 other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risks, etc.).

Level 3 significant unobservable inputs (including the Fund's own assumptions in determining fair value of investments).

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in these securities. The following is a summary of the inputs used to value each of the Fund's investments at October 31, 2014.

* Individual ratings are grouped based on the lower rating of Standard & Poor's Financial Services LLC (S&P) or Moody's Investors Service, Inc. (Moody's) and are expressed using the S&P ratings scale. If a particular security is rated by either S&P or Moody's, but not both, then the single rating is used. If a particular security is not rated by either S&P or Moody's, then a rating from Fitch Ratings, Inc. is used, if available. The Fund does not evaluate these ratings but simply assigns them to the appropriate credit quality category as determined by the ratings agencies, as applicable. Securities that have not been rated by S&P, Moody's or Fitch totaled 2.0% of the portfolio at the end of the reporting period.

⁽³⁾ Total return on market value assumes a purchase of common stock at the opening market price on the first business day and a sale at the closing market price on the last business day of each year shown in the table and assumes reinvestment of dividends at the actual reinvestment prices obtained under the terms of the Fund's dividend reinvestment plan. Total return on net asset value uses the same

methodology, but with use of net asset value for beginning, ending and reinvestment values.

The accompanying notes are an integral part of these financial statements.

DTF TAX-FREE INCOME INC.

NOTES TO FINANCIAL STATEMENTS

October 31, 2014

Note 1. Organization

DTF Tax-Free Income Inc. (the Fund) was incorporated under the laws of the State of Maryland on September 24, 1991 as a diversified, closed-end management investment company registered under the Investment Company Act of 1940, as amended (the 1940 Act). The Fund commenced operations on November 29, 1991. The Fund's investment objective is current income exempt from regular federal income tax consistent with preservation of capital.

Note 2. Significant Accounting Policies

The following are the significant accounting policies of the Fund.

A. Investment Valuation: Debt securities are generally valued based on the evaluated bid using prices provided by one or more dealers regularly making a market in that security, an independent pricing service, or quotes from broker-dealers, when such prices are believed to reflect the fair value of such securities and are generally classified as Level 2. The relative liquidity of some securities in the Fund's portfolio may adversely affect the ability of the Fund to accurately value such securities. Any securities for which it is determined that market prices are unavailable or inappropriate are valued at a fair value using a procedure determined in good faith by the Board of Directors and are classified as Level 2 or 3 based on the valuation inputs.

B. Investment Transactions and Investment Income: Securities transactions are recorded on the trade date. Realized gains and losses from sales of securities are determined on the identified cost basis. Interest income is recorded on the accrual basis. The Fund amortizes premiums and accretes discounts on securities using the effective interest method.

C. Federal Income Taxes: It is the Fund's intention to comply with requirements of Subchapter M of the Internal Revenue Code applicable to regulated investment companies and to distribute substantially all of its taxable income and capital gains to its shareholders. Therefore, no provision for federal income or excise taxes is required. Management of the Fund has concluded that there are no significant uncertain tax positions that would require recognition in the financial statements. Since tax authorities can examine previously filed tax returns, the Fund's tax returns filed for the tax years 2011 to 2014 are subject to review.

D. Dividends and Distributions: The Fund declares and pays dividends on its common stock monthly from net investment income. Net long-term capital gains, if any, in excess of loss carryforwards are expected to be distributed annually. Dividends and distributions are recorded on the ex-dividend date. Dividends on the Fund's Variable Rate MuniFund Term Preferred Shares (VMTP Shares) are accrued on a daily basis and paid on a monthly basis and are determined as described in Note 8.

Edgar Filing: DTF TAX-FREE INCOME INC - Form N-CSR

The amount and timing of distributions are generally determined in accordance with federal tax regulations, which may differ from U.S. generally accepted accounting principles.

E. Use of Estimates: The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

F. Accounting Standards: The Fund is an investment company that follows accounting and reporting guidance in the Financial Accounting Standards Board's Accounting Standards Codification Topic 946, *Financial Services - Investment Companies*.

DTF TAX-FREE INCOME INC.

NOTES TO FINANCIAL STATEMENTS (Continued)

October 31, 2014

The Fund adopted Accounting Standards Update (ASU) No. 2013-01, *Clarifying the Scope of Disclosures about Offsetting Assets and Liabilities* which amended ASU No. 2011-11, *Disclosures about Off-setting Assets and Liabilities*, which required an entity to disclose information about offsetting and related arrangements for assets and liabilities, financial instruments and derivatives that are either currently offset in accordance with current requirements or are subject to enforceable master netting arrangements or similar agreements. ASU 2013-01 limits the scope of the new balance sheet disclosures to derivatives, repurchase agreements and securities lending transactions to the extent that they are (i) offset in the financial statements or (ii) subject to an enforceable master netting arrangement or similar agreement.

Note 3. Agreements and Management Arrangements

A. Adviser: The Fund has an Advisory Agreement with Duff & Phelps Investment Management Co. (the Adviser), an indirect, wholly owned subsidiary of Virtus Investment Partners, Inc. (Virtus). The investment advisory fee is payable monthly at an annual rate of 0.50% of the Fund s average weekly managed assets, which is defined as the average weekly value of the total assets of the Fund minus the sum of all accrued liabilities of the Fund (other than the aggregate amount of any outstanding borrowings or other indebtedness constituting financial leverage).

B. Administrator: The Fund has an Administration Agreement with J.J.B. Hilliard, W.L. Lyons, LLC (Hilliard). The administration fee is payable quarterly at an annual rate of 0.14% of the Fund s average weekly net assets, which is defined as the average weekly value of the total assets of the Fund minus the sum of all accrued liabilities of the Fund (including aggregate amount of any outstanding borrowings or other indebtedness constituting financial leverage).

C. Directors: The Fund pays each director not affiliated with the Adviser an annual fee plus a fee for certain meetings of the board or committees of the board attended. Total fees paid to directors for the year ended October 31, 2014 were \$97,502.

D. Affiliated Shareholder: At October 31, 2014, Virtus Partners, Inc. (a wholly owned subsidiary of Virtus) held 28,508 shares of the Fund which represent 0.33% of shares of common stock outstanding. These shares may be sold at any time.

Note 4. Investment Transactions

Purchases and sales of investment securities (excluding short-term investments) for the year ended October 31, 2014 were \$24,331,084 and \$18,190,980, respectively.

Note 5. Distributions and Tax Information

Edgar Filing: DTF TAX-FREE INCOME INC - Form N-CSR

At October 31, 2014, the federal tax cost and aggregate gross unrealized appreciation (depreciation) were as follows:

Federal Tax Cost	Unrealized Appreciation	Unrealized Depreciation	Net Unrealized Appreciation
<u>\$186,821,378</u>	<u>\$ 16,083,389</u>	<u>(\$ 165,064)</u>	<u>\$ 15,918,325</u>

The difference between the book-basis and tax-basis of unrealized appreciation (depreciation) is primarily attributable to the difference between book and tax amortization methods for premiums and discounts on fixed income securities.

DTF TAX-FREE INCOME INC.**NOTES TO FINANCIAL STATEMENTS (Continued)****October 31, 2014**

The tax character of distributions paid during the fiscal year ended October 31, 2014 and 2013 were as follows:

	<u>2014</u>	<u>2013</u>
<i>Distributions paid from:</i>		
Tax-exempt income	\$ 8,101,607	\$ 7,320,131
Ordinary income	91,284	49,196
Long-term capital gains		
Total distributions	<u>\$ 8,192,891</u>	<u>\$ 7,369,327</u>

At October 31, 2014, the components of distributable earnings on a tax basis were as follows:

Undistributed net tax-exempt income	\$ 6,051,160
Undistributed net ordinary income	
Other accumulated loss	(286,929)
Other ordinary timing differences-dividend payable	(79,496)
Unrealized net appreciation (depreciation)	15,918,325
	<u>\$ 21,603,060</u>

At October 31, 2014, the Fund had a short-term capital loss carryover of \$286,929 not subject to expiration.

Note 6. Reclassification of Capital Accounts

Due to inherent differences in the recognition and distribution of income and realized gains (losses) under U.S. generally accepted accounting principles and for federal income tax purposes, permanent differences between book and tax basis reporting have been identified and appropriately reclassified on the Statement of Assets and Liabilities. At October 31, 2014, the following reclassifications were recorded:

<u>Paid-in Capital</u>	<u>Undistributed net investment income</u>
(\$86,957)	\$ 86,957

The reclassifications are attributable to expenses related to the VMTP Shares offering. These reclassifications have no impact on the net asset value of the fund.

Note 7. Remarketed Preferred Stock

In 1992, the Fund issued 1,300 Remarketed Preferred (RP) shares with a liquidation value of \$50,000 per share plus any accumulated but unpaid dividends. On September 20, 2013, the Fund redeemed all of its outstanding RP. The outstanding RP was redeemed at a redemption price of \$50,000 per share plus accrued but unpaid dividends. The redemption was funded with proceeds received from the issuance of VMTP Shares.

Note 8. Variable Rate MuniFund Term Preferred Shares

On August 22, 2013, the Fund issued 650 VMTP Shares with a liquidation preference of \$100,000 per share. Proceeds from the issuance of VMTP Shares were used to redeem all of the Fund's outstanding RP shares. VMTP Shares are a floating-rate form of preferred shares with a mandatory redemption date. The Fund is required to redeem all

DTF TAX-FREE INCOME INC.

NOTES TO FINANCIAL STATEMENTS (Continued)

October 31, 2014

outstanding VMTP Shares on August 21, 2018, unless earlier redeemed, repurchased or extended. VMTP Shares are subject to optional and mandatory redemption by the Fund in certain circumstances. The redemption price per share is equal to the sum of the liquidation value per share plus any accumulated but unpaid dividends and a redemption premium, if any.

The Fund incurred costs in connection with the issuance of the VMTP Shares. These costs were recorded as a deferred charge and are being amortized over the 5 year life of the VMTP Shares. Amortization of these costs is included under the caption Amortization of offering costs on the Statement of Operations and the unamortized balance is included under the caption Deferred offering costs on the Statement of Assets and Liabilities.

Dividends paid on the VMTP Shares (which are treated as interest expense for financial reporting purposes) are accrued daily and paid monthly. The dividend rate for each weekly period will be the sum of the Applicable Spread of 1.40% per annum (subject to adjustment in the event of a ratings downgrade of the VMTP Shares) plus the Securities Industry and Financial Markets Association Municipal Swap Index (the SIFMA Index). The average liquidation value outstanding and the average dividend rate of the VMTP Shares during the year ended October 31, 2014, were \$65,000,000 and 1.46%, respectively.

The Fund is subject to certain restrictions relating to the VMTP Shares, such as maintaining certain asset coverage, effective leverage ratio and overcollateralization ratio requirements. Failure to comply with these restrictions could preclude the Fund from declaring any distributions to common shareholders or purchasing common shares and/or could trigger the mandatory redemption of the VMTP Shares at liquidation value.

For financial reporting purposes, the liquidation value of the VMTP Shares, which are considered debt of the Fund, is recorded as a liability under the caption Variable Rate MuniFund Term Preferred Shares on the Statement of Assets and Liabilities. Unpaid dividends on VMTP Shares are shown under the caption Accrued interest on the Statement of Assets and Liabilities. Dividends paid on VMTP Shares are recognized as a component of Interest on the Statement of Operations.

Note 9. Indemnifications

Under the Fund's organizational documents, its officers and directors are indemnified against certain liabilities arising out of the performance of their duties to the Fund. In addition, in the normal course of business, the Fund enters into contracts that provide general indemnifications to other parties. The Fund's maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Fund that have not occurred. However, the Fund has not had prior claims or losses pursuant to these arrangements and expects the risk of loss to be remote.

Note 10. Subsequent Events

Edgar Filing: DTF TAX-FREE INCOME INC - Form N-CSR

Management has evaluated the impact all subsequent events on the Fund through the date the financial statements were issued and has determined that, other than those described above, there were no subsequent events requiring recognition or disclosure in these financial statements.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Shareholders and Board of Directors of

DTF Tax-Free Income Inc.:

We have audited the accompanying statement of assets and liabilities, including the schedule of investments, of DTF Tax-Free Income Inc. (the Fund) as of October 31, 2014, and the related statement of operations and cash flows for the year then ended, the statements of changes in net assets for each of the two years in the period then ended and the financial highlights for each of the five years in the period then ended. These financial statements and financial highlights are the responsibility of the Fund s management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. We were not engaged to perform an audit of the Fund s internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and financial highlights, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of October 31, 2014, by correspondence with the custodian and brokers or by other appropriate auditing procedures where replies from brokers were not received. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of DTF Tax-Free Income Inc. at October 31, 2014, the results of its operations and its cash flows for the year then ended, the changes in its net assets for each of the two years in the period then ended and the financial highlights for each of the five years in the period then ended, in conformity with U.S. generally accepted accounting principles.

ADDITIONAL INFORMATION (Unaudited)

Since October 31, 2013: (i) there have been no material changes in the Fund's investment objectives or policies that have not been approved by the shareholders; (ii) there have been no changes in the Fund's charter or by-laws that would delay or prevent a change in control of the Fund which have not been approved by the shareholders; (iii) there have been no material changes in the principal risk factors associated with an investment in the Fund; and (iv) there have been no changes in the persons who are primarily responsible for the day-to-day management of the Fund's portfolio.

Additional information, if any, relating to the Fund's directors and officers, in addition to such information as is found elsewhere in the Annual Report, may be requested by contacting the Fund at the address provided in this report.

Notice is hereby given in accordance with Section 23(c) of the 1940 Act that the Fund may from time to time purchase its shares of common stock in the open market.

INFORMATION ABOUT DIRECTORS AND OFFICERS OF THE FUND (Unaudited)

Set forth below are the names and certain biographical information about the directors of the Fund. Directors are divided into three classes and are elected to serve staggered three-year terms. All of the directors are elected by the holders of the Fund's common stock, except for Mr. Genetski and Mr. Pollard, who are elected by the holders of the Fund's preferred stock. All of the current directors of the Fund, with the exception of Mr. Partain, are classified as independent directors because none of them are interested persons of the Fund, as defined in the 1940 Act. Mr. Partain is an interested person of the Fund by reason of his position as President and Chief Executive Officer of the Fund and President, Chief Investment Officer and employee of the Adviser. The term "Fund Complex" refers to the Fund and all the other investment companies advised by affiliates of Virtus.

The address for all directors is c/o Duff & Phelps Investment Management Co., 200 South Wacker Drive, Suite 500, Chicago, Illinois 60606. All of the Fund's directors currently serve on the Board of Directors of three other registered closed-end investment companies that are advised by Duff & Phelps Investment Management Co.: DNP Select Income Fund Inc. ("DNP"), Duff & Phelps Global Utility Income Fund Inc. ("DPG") and Duff & Phelps Utility and Corporate Bond Trust Inc. ("DUC").

DIVIDEND REINVESTMENT AND CASH PURCHASE PLAN (Unaudited)

Pursuant to the Fund's Dividend Reinvestment Plan (the "Plan"), common shareholders may elect to have all distributions of dividends and capital gains automatically reinvested by American Stock Transfer & Trust Company (the "Plan Agent") in shares of common stock of the Fund ("Fund Shares") pursuant to the Plan; provided that such election is subject to the power of the Board of Directors to declare capital gains distributions in the form of stock (if such a declaration is made by the Board of Directors, all shareholders who do not elect to receive cash will receive the distribution in the form of stock whether or not they elect to participate in the Plan). Common shareholders who do not participate in the Plan will receive all distributions in cash (except as described above) paid by check in United States dollars mailed directly to the shareholder of record (or if the shares are held in street or other nominee name, then to the nominee) by the Custodian, as dividend disbursing agent. Common shareholders who wish to participate in the Plan should contact the Fund at 6201 15th Avenue, Brooklyn, New York, 11219 or call toll free (800) 937-5449.

The Plan Agent serves as agent for the common shareholders in administering the Plan. After the Fund declares a dividend or determines to make a capital gain distribution, if (1) the market price is lower than net asset value, the participants in the Plan will receive the equivalent in Fund Shares valued at the market price determined as of the time of purchase (generally, the payment date of the dividend or distribution); or if (2) the market price of Fund Shares on the payment date of the dividend or distribution is equal to or exceeds their net asset value, participants will be issued Fund Shares at the higher of net asset value or 95% of the market price. This discount reflects savings in underwriting and other costs that the Fund otherwise will be required to incur to raise additional capital. If net asset value exceeds the market price of Fund Shares on the payment date or the Fund declares a dividend or other distribution payable only in cash (i.e., if the board of directors precludes reinvestment in Fund Shares for that purpose), the Plan Agent will, as agent for the participants, receive the cash payment and use it to buy Fund Shares in the open market, on the New York Stock Exchange, other national securities exchanges on which the Fund's common stock is listed or elsewhere, for the participants' accounts. If, before the Plan Agent has completed its purchases, the market price exceeds the net asset value of a Fund Share, the average per share purchase price paid by the Plan Agent may exceed the net asset value of Fund Shares, resulting in the acquisition of fewer shares than if the dividend or distribution had been paid in shares issued by the Fund. The Fund will not issue shares under the Plan below net asset value.

Participants in the Plan may withdraw from the Plan upon written notice to the Plan Agent and will receive certificates for whole Fund Shares and a cash payment will be made for any fraction of a Fund Share.

There is no charge to participants for reinvesting dividends or capital gain distributions, except for certain brokerage commissions, as described below. The Plan Agent's fees for the handling of the reinvestment of dividends and distributions will be paid by the Fund. There will be no brokerage commissions charged with respect to shares issued directly by the Fund. However, each participant will pay a pro rata share of brokerage commissions incurred with respect to the Plan Agent's open market purchases in connection with the reinvestment of dividends and distributions. The automatic reinvestment of dividends and distributions will not relieve participants of any federal income tax that may be payable on such dividends or distributions.

Experience under the Plan may indicate that changes are desirable. Accordingly, the Fund reserves the right to amend or terminate the Plan as applied to any dividend or distribution paid subsequent to written notice of the change sent to all shareholders of the Fund at least 90 days before the record date for the dividend or distribution. The Plan also may be amended or terminated by the Plan Agent upon at least 90 days written notice to all common shareholders of the Fund. All correspondence concerning the Plan should be directed to the Fund at the address on the front of this report.

The Plan permits Plan participants to periodically purchase additional shares of common stock through the Plan by delivering to the Plan Agent a check for at least \$100, but not more than \$5,000, in any month. The Plan Agent will use the funds to purchase shares in the open market or in private transactions as described above with respect to reinvestment of dividends and distributions. Purchases made pursuant to this feature of

Edgar Filing: DTF TAX-FREE INCOME INC - Form N-CSR

the Plan will be made commencing at the time of the first dividend or distribution payment following the second business day after receipt of the funds for additional purchases, and may be aggregated with purchases of shares for reinvestment of the dividends and distributions.

Shares will be allocated to the accounts of participants purchasing additional shares at the average price per share, plus a service charge imposed by the Plan Agent and brokerage commissions (or equivalent purchase costs) paid by the Plan Agent for all shares purchased by it, including for reinvestment of dividends and distributions. Checks drawn on a foreign bank are subject to collection and collection fees, and will be invested at the time of the next distribution after funds are collected by the Plan Agent.

The Plan Agent will make every effort to invest funds promptly, and in no event more than 30 days after the Plan Agent receives a dividend or distribution, except where postponement is deemed necessary to comply with applicable provisions of the federal securities laws.

Funds sent to the Plan Agent for voluntary additional share investment may be recalled by the participant by written notice received by the Plan Agent not later than two business days before the next distribution payment date. If for any reason a regular monthly distribution is not paid by the Fund, funds for voluntary additional share investment will be returned to the participant, unless the participant specifically directs that they continue to be held by the Plan Agent for subsequent investment.

ITEM 2. CODE OF ETHICS.

As of the end of the period covered by this report, the registrant has adopted a code of ethics that applies to the registrant's principal executive officer and principal financial officer (the Code of Ethics). The registrant's principal financial officer also performs the functions of principal accounting officer.

The text of the Code of Ethics is posted on the registrant's web site at <http://www.dtfund.com>. In the event that the registrant makes any amendment to or grants any waiver from the provisions of the Code of Ethics, the registrant intends to disclose such amendment or waiver on its web site within five business days.

ITEM 3. AUDIT COMMITTEE FINANCIAL EXPERT.

The registrant's board of directors has determined that two members of its audit committee, Philip R. McLoughlin and Carl F. Pollard, are audit committee financial experts and that each of them is independent for purposes of this Item.

ITEM 4. PRINCIPAL ACCOUNTANT FEES AND SERVICES.

The following table sets forth the aggregate audit and non-audit fees billed to the registrant for each of the last two fiscal years for professional services rendered by the registrant's principal accountant Ernst & Young LLP, an independent registered public accounting firm (the Independent Auditor).

	Fiscal year ended October 31, 2014	Fiscal year ended October 31, 2013
Audit Fees (1)	\$ 51,000	\$ 51,000
Audit-Related Fees (2)(6)	0	0
Tax Fees (3)(6)	7,850	7,850
All Other Fees (4)(6)	0	0
Aggregate Non-Audit Fees (5)(6)	7,850	7,850

- (1) Audit Fees are fees billed for professional services rendered by the Independent Auditor for the audit of the registrant's annual financial statements and for services that are normally provided by the Independent Auditor in connection with statutory and regulatory filings or engagements.
- (2) Audit-Related Fees are fees billed for assurance and related services by the Independent Auditor that are reasonably related to the performance of the audit of the registrant's financial statements and are not reported under the caption Audit Fees.
- (3) Tax Fees are fees billed for professional services rendered by the Independent Auditor for tax compliance, tax advice and tax planning. In both years shown in the table, such services consisted of preparation of the registrant's annual federal and state income tax returns and excise tax returns.
- (4) All Other Fees are fees billed for products and services provided by the Independent Auditor, other than the services reported under the captions Audit Fees, Audit-Related Fees and Tax Fees.
- (5) Aggregate Non-Audit Fees are non-audit fees billed by the Independent Auditor for services rendered to the registrant, the registrant's investment adviser (the Adviser) and any entity controlling, controlled by or under common control with the Adviser that provides ongoing services to the registrant (collectively, the Covered Entities). During both years shown in the table, no portion of such fees related to services rendered by the Independent Auditor to the Adviser or any other Covered Entity.
- (6) No portion of these fees was approved by the registrant's audit committee after the beginning of the engagement pursuant to the waiver of the pre-approval requirement for certain *de minimis* non-audit services described in Section 10A of the Securities Exchange Act of 1934 (the Exchange Act) and applicable regulations.

The audit committee of the board of directors of the registrant (the Audit Committee), jointly with the audit committee of the board of directors of DNP Select Income Fund Inc. (DNP), Duff & Phelps Global Utility Income Fund Inc. (DPG) and Duff & Phelps Utility and Corporate Bond Trust Inc. (DUC), has adopted a Joint Audit Committee Pre-Approval Policy to govern the provision by the Independent Auditor of the following services: (i) all engagements for audit and non-audit services to be provided by the Independent Auditor to the registrant and (ii) all engagements for non-audit services to be provided by the Independent Auditor to the Adviser or any other Covered Entity, if the engagement relates directly to the operations and financial reporting of the registrant. With respect to non-audit services rendered by the Independent Auditor to the Adviser or any other Covered Entity that were not required to be pre-approved by the Audit Committee because they do not relate directly to the operations and financial reporting of the registrant, the Audit Committee has nonetheless considered whether the provision of such services is compatible with maintaining the independence of the Independent Auditor.

Set forth below is a copy of the Joint Audit Committee Pre-Approval Policy (omitting data in the appendices relating to DNP, DPG and DUC).

AUDIT COMMITTEE

AUDIT AND NON-AUDIT SERVICES PRE-APPROVAL POLICY

(adopted on February 17, 2014 and amended June 19, 2014)

I. Statement of Principles

Under the Sarbanes-Oxley Act of 2002 (the Act), the Audit Committee of the Board of Directors of each of DNP Select Income Fund Inc., Duff & Phelps Global Utility Income Fund Inc., Duff & Phelps Utility and Corporate Bond Trust Inc. and DTF Tax-Free Income Inc. (each a Fund and, collectively, the Funds) is responsible for the appointment, compensation and oversight of the work of the independent auditor. As part of this responsibility, the Audit Committee is required to pre-approve the audit and non-audit services performed by the independent auditor in order to assure that they do not impair the auditor's independence from the Fund. To implement these provisions of the Act, the Securities and Exchange Commission (the SEC) has issued rules specifying the types of services that an independent auditor may not provide to its audit client, as well as the Audit Committee's administration of the engagement of the independent auditor. Accordingly, the Audit Committee has adopted this Audit and Non-Audit Services Pre-Approval Policy (this Policy), which sets forth the procedures and the conditions pursuant to which services proposed to be performed by the independent auditor may be pre-approved.

The SEC's rules establish two different approaches to pre-approving services, which the SEC considers to be equally valid. Proposed services either: may be pre-approved without consideration of specific case-by-case services by the Audit Committee (general pre-approval); or require the specific pre-approval of the Audit Committee (specific pre-approval). The Audit Committee believes that the combination of these two approaches in this Policy will result in an effective and efficient procedure to pre-approve services performed by the independent auditor. As set forth in this Policy, unless a type of service has received general pre-approval, it will require specific pre-approval by the Audit Committee if it is to be provided by the independent auditor. Any proposed services exceeding pre-approved cost levels or budgeted amounts will also require specific pre-approval by the Audit Committee.

(1) This Joint Audit Committee Pre-Approval Policy has been adopted by the Audit Committee of each Fund. Solely for the sake of clarity and simplicity, this Joint Audit Committee Pre-Approval Policy has been drafted as if there is a single Fund, a single Audit Committee and a single Board. The terms Audit Committee and Board mean the Audit Committee and Board of each Fund, respectively, unless the context otherwise requires. The Audit Committee and the Board of each Fund, however, shall act separately and in the best interests of its respective Fund.

For both types of pre-approval, the Audit Committee will consider whether such services are consistent with the SEC's rules on auditor independence. The Audit Committee will also consider whether the independent auditor is best positioned to provide the most effective and efficient service, for reasons such as its familiarity with the Fund's business, people, culture, accounting systems, risk profile and other factors, and whether the service might enhance the Fund's ability to manage or control risk or improve audit quality. All such factors will be considered as a whole, and no one factor should necessarily be determinative.

Under the SEC's rules, the Audit Committee must pre-approve non-audit services provided not only to the Fund but also to the Fund's investment adviser and other affiliated entities that provide ongoing services to the Fund if the independent accountant's services to those affiliated entities have a direct impact on the Fund's operations or financial reporting.

The Audit Committee is also mindful of the relationship between fees for audit and non-audit services in deciding whether to pre-approve any such services and may determine, for each fiscal year, the appropriate ratio between the total amount of fees for audit, audit-related and tax services (including any audit-related or tax service fees for affiliates that are subject to pre-approval) and the total amount of fees for certain permissible non-audit services classified as all other services (including any such services for affiliates that are subject to pre-approval).

The appendices to this Policy describe the audit, audit-related, tax and all other services that have the general pre-approval of the Audit Committee. The term of any general pre-approval is 12 months from the date of pre-approval, unless the Audit Committee considers a different period and states otherwise. The Audit Committee will annually review and pre-approve the services that may be provided by the independent auditor without obtaining specific pre-approval from the Audit Committee. The Audit Committee will add to or subtract from the list of general pre-approved services from time to time, based on subsequent determinations.

The purpose of this Policy is to set forth the procedures by which the Audit Committee intends to fulfill its responsibilities. It does not delegate the Audit Committee's responsibilities to pre-approve services performed by the independent auditor to management.

The independent auditor has reviewed this Policy and believes that implementation of this Policy will not adversely affect the auditor's independence.

II. Delegation

As provided in the Act and the SEC's rules, the Audit Committee may delegate either type of pre-approval authority to one or more of its members who are independent directors. Any member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting. In accordance with the foregoing provisions, the Audit Committee has delegated pre-approval authority to its chairman, since under the Audit Committee's charter each member of the Audit Committee, including the chairman, is required to be an independent director.

III. Audit Services

The annual audit services engagement terms and fees will be subject to the specific pre-approval of the Audit Committee. Audit services include the annual financial statement audit and other procedures required to be performed by the independent auditor to be able to form an opinion on the Fund's financial statements. These other procedures include information systems and procedural reviews and testing performed in order to understand and place reliance on the systems of internal control, and consultations relating to the audit. The Audit Committee will monitor the audit services engagement as necessary, but no less than on a semiannual basis, and will also approve, if necessary, any changes in terms, conditions and fees resulting from changes in audit scope, Fund structure or other items.

In addition to the annual audit services engagement approved by the Audit Committee, the Audit Committee may grant general pre-approval to other audit services, which are those services that only the independent auditor reasonably can provide. Other audit services may include statutory audits and services associated with SEC registration statements (on Forms N-1A, N-2, N-3, N-4, etc.), periodic reports and other documents filed with the SEC or other documents issued in connection with securities offerings.

The Audit Committee has pre-approved the audit services in Appendix A. All other audit services not listed in Appendix A must be specifically pre-approved by the Audit Committee.

IV. Audit-Related Services

Audit-related services are assurance and related services that are reasonably related to the performance of the audit or review of the Fund's financial statements or that are traditionally performed by the independent auditor. Because the Audit Committee believes that the provision of audit-related services does not impair the independence of the auditor and is consistent with the SEC's rules on auditor independence, the Audit Committee may grant general pre-approval to audit-related services. Audit-related services include, among others, accounting consultations related to accounting, financial reporting or disclosure matters not classified as audit services; assistance with understanding and implementing new accounting and financial reporting guidance from rulemaking authorities; agreed-upon or expanded audit procedures related to accounting and/or billing records required to respond to or comply with financial, accounting or regulatory reporting matters; and assistance with internal control reporting requirements under Form N-SAR.

The Audit Committee has pre-approved the audit-related services in Appendix B. All other audit-related services not listed in Appendix B must be specifically pre-approved by the Audit Committee.

V. Tax Services

The Audit Committee believes that the independent auditor can provide tax services to the Fund such as tax compliance, tax planning and tax advice without impairing the auditor's independence, and the SEC has stated that the independent auditor may provide such services. Hence, the Audit Committee believes it may grant general pre-approval to those tax services that have historically been provided by the auditor, that the Audit Committee has reviewed and believes would not impair the independence of the auditor, and that are consistent with the SEC's rules on auditor independence. The Audit Committee will not permit the retention of the independent auditor in connection with a transaction initially recommended by the independent auditor, the sole business purpose of which may be tax avoidance and the tax treatment of which may not be supported in the Internal Revenue Code and related regulations. The Audit Committee will consult with the Fund's Administrator or outside counsel to determine that the tax planning and reporting positions are consistent with this Policy.

Pursuant to the preceding paragraph, the Audit Committee has pre-approved the tax services in Appendix C. All tax services involving large and complex transactions not listed in Appendix C must be specifically pre-approved by the Audit Committee, including: tax services proposed to be provided by the independent auditor to any executive officer or director of the Fund, in his or her individual capacity, where such services are paid for by the Fund.

VI. All Other Services

The Audit Committee believes, based on the SEC's rules prohibiting the independent auditor from providing specific non-audit services, that other types of non-audit services are permitted. Accordingly, the Audit Committee believes it may grant general pre-approval to those permissible non-audit services classified as all other services that it believes are routine and recurring services, would not impair the independence of the auditor and are consistent with the SEC's rules on auditor independence.

The Audit Committee has pre-approved the all other services in Appendix D. Permissible all other services not listed in Appendix D must be specifically pre-approved by the Audit Committee.

A list of the SEC's prohibited non-audit services is attached to this Policy as Appendix E. The SEC's rules and relevant guidance should be consulted to determine the precise definitions of these services and the applicability of exceptions to certain of the prohibitions.

VII. Pre-Approval Fee Levels or Budgeted Amounts

Pre-approval fee levels or budgeted amounts for all services to be provided by the independent auditor will be established annually by the Audit Committee. (Note that separate amounts may be specified for services to the Fund and for services to other affiliated entities that are subject to pre-approval.) Any proposed services exceeding these levels or amounts will require specific pre-approval by the Audit Committee. The Audit Committee is mindful of the overall relationship of fees for audit and non-audit services in determining whether to pre-approve any such services. For each fiscal year, the Audit Committee may determine the appropriate ratio between the total amount of fees for audit, audit-related and tax services for the Fund (including any audit-related or tax services fees for affiliates that are subject to pre-approval), and the total amount of fees for services classified as all other services (including any such services for affiliates that are subject to pre-approval).

VIII. Procedures

All requests or applications for services to be provided by the independent auditor that do not require specific approval by the Audit Committee will be submitted to the Fund's Administrator and must include a detailed description of the services to be rendered. The Administrator will determine whether such services are included within the list of services that have received the general pre-approval of the Audit Committee. The Audit Committee will be informed on a timely basis of any such services rendered by the independent auditor.

Requests or applications to provide services that require specific approval by the Audit Committee will be submitted to the Audit Committee by both the independent auditor and the Fund's Administrator, and must include a joint statement as to whether, in their view, the request or application is consistent with the SEC's rules on auditor independence.

The Audit Committee has designated the Fund's Administrator to monitor the performance of all services provided by the independent auditor and to determine whether such services are in compliance with this Policy. The Administrator will report to the Audit Committee on a periodic basis on the results of its monitoring. Both the Administrator and any member of management will immediately report to the Chairman of the Audit Committee any breach of this Policy that comes to their attention.

IX. Additional Requirements

The Audit Committee has determined to take additional measures on an annual basis to meet its responsibility to oversee the work of the independent auditor and to assure the auditor's independence from the Fund, such as reviewing a formal written statement from the independent auditor delineating all relationships between the independent auditor and the Fund, consistent with applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and discussing with the independent auditor its methods and procedures for ensuring independence.

PROXY VOTING POLICIES AND PROCEDURES

Last Revised June 19, 2014

I. **Definitions.** As used in these Policies and Procedures, the following terms shall have the meanings ascribed below:

A. **Adviser** refers to Duff & Phelps Investment Management Co.

B. **Advisers Act** refers to the Investment Advisers Act of 1940, as amended.

- C. **corporate governance matters** refers to changes involving the corporate ownership or structure of an issuer whose voting securities are within a portfolio holding, including changes in the state of incorporation, changes in capital structure, including increases and decreases of capital and preferred stock issuance, mergers and other corporate restructurings, and anti-takeover provisions such as staggered boards, poison pills, and supermajority voting provisions.
- D. **Delegate** refers to the Adviser, any proxy committee to which the Adviser delegates its responsibilities hereunder and any qualified, independent organization engaged by the Adviser to vote proxies on behalf of the Fund.
- E. **executive compensation matters** refers to stock option plans and other executive compensation issues. F. **Fund** refers to DTF Tax-Free Income Inc.
- G. **Investment Company Act** refers to the Investment Company Act of 1940, as amended.
- H. **portfolio holding** refers to any company or entity whose voting securities are held within the investment portfolio of the Fund as of the date a proxy is solicited.
- I. **proxy contests** refer to any meeting of shareholders of an issuer for which there are at least two sets of proxy statements and proxy cards, one solicited by management and the others by a dissident or group of dissidents.
- J. **social issues** refers to social, political and environmental issues.
- K. **takeover** refers to hostile or friendly efforts to effect radical change in the voting control of the board of directors of a company.
- II. **General policy.** It is the intention of the Fund to exercise voting stock ownership rights in portfolio holdings in a manner that is reasonably anticipated to further the best economic interests of shareholders of the Fund. Accordingly, the Fund or its Delegate (s) shall endeavor to analyze and vote all proxies that are considered likely to have financial implications, and, where appropriate, to participate in corporate governance, shareholder proposals, management communications and legal proceedings. The Fund and its Delegate(s) must also identify potential or actual conflicts of interests in voting proxies and address any such conflict of interest in accordance with these Policies and Procedures.
- III. **Factors to consider when voting.**
- A. The Delegate may abstain from voting when it concludes that the effect on shareholders' economic interests or the value of the portfolio holding is indeterminable or insignificant.
- B. In analyzing **anti-takeover measures**, the Delegate shall vote on a case-by-case basis taking into consideration such factors as overall long-term financial performance of the target company relative to its industry competition. Key measures which shall be considered include, without limitation, five-year annual compound growth rates for sales, operating income, net income, and total shareholder returns (share price appreciation plus dividends). Other financial indicators that will be considered include margin analysis, cash flow, and debt levels.

- C. In analyzing **proxy contests for control**, the Delegate shall vote on a case-by-case basis taking into consideration such factors as long-term financial performance of the target company relative to its industry; management's track record; background to the proxy contest; qualifications of director nominees (both slates); evaluation of what each side is offering shareholders; strategic plan of dissident slate and quality of critique against management; as well as the likelihood that the proposed objectives and goals can be met; and stock ownership positions.
- D. In analyzing **contested elections for director**, the Delegate shall vote on a case-by-case basis taking into consideration such factors as the qualifications of all director nominees. The Delegate shall also consider the independence and attendance record of board and key committee members. A review of the corporate governance profile shall be completed highlighting entrenchment devices that may reduce accountability.
- E. In analyzing **corporate governance matters**, the Delegate shall vote on a case-by-case basis taking into consideration such factors as tax and economic benefits associated with amending an issuer's state of incorporation, dilution or improved accountability associated with changes in capital structure, management proposals to require a supermajority shareholder vote to amend charters and bylaws and bundled or conditioned proxy proposals.
- F. In analyzing **executive compensation matters and management matters**, the Delegate shall vote on a case-by-case basis, taking into consideration a company's overall pay program and demonstrated pay-for-performance philosophy, and generally disfavoring such problematic pay practices as (i) repricing or replacing of underwater stock options, (ii) excessive perquisites or tax gross-ups and (iii) change-in-control payments that are excessive or are payable based on a single trigger (i.e. without involuntary job loss or substantial diminution of duties). With respect to the advisory vote on the frequency of say on pay votes, the Delegate shall vote in favor of the option that received majority support from shareholders in the most recent advisory vote. If no option received majority support and the board implemented an option that is less frequent than that which received a plurality, but not majority, of votes cast, additional factors will be taken into consideration on a case-by-case basis, including the board's rationale for implementing a less recurring say on pay vote, ownership structure, compensation concerns and say on pay support level from the prior year.
- G. The Delegate shall generally vote against shareholder proposals on **social issues**, except where the Delegate determines that a different position would be in the clear economic interests of the Fund and its shareholders.

IV. *Responsibilities of Delegates.*

- A. In the absence of a specific direction to the contrary from the Board of Directors of the Fund, the Adviser will be responsible for voting proxies for all portfolio holdings in accordance with these Policies and Procedures, or for delegating such responsibility as described below.
- B. The Adviser may delegate the administration of proxy activities hereunder to a proxy committee established from time to time by the Adviser and may engage one or more qualified, independent organizations to vote proxies on behalf of the Fund. The Adviser shall be responsible for the ensuring that any such Delegate is informed of and complies with these Policies and Procedures.
- C. In voting proxies on behalf of the Fund, each Delegate shall have a duty of care to safeguard the best interests of the Fund and its shareholders and to act in accordance with these Policies and Procedures.

- D. No Delegate shall accept direction or inappropriate influence from any other client or third party, or from any director, officer or employee of any affiliated company, and shall not cast any vote inconsistent with these Policies and Procedures without obtaining the prior approval of the Board of Directors of the Fund or its duly authorized representative.

V. *Conflicts of interest*

- A. The Fund and its Delegate(s) seek to avoid actual or perceived conflicts of interest in the voting of proxies for portfolio holdings between the interests of Fund shareholders, on the one hand, and those of the Adviser or any affiliated person of the Fund or the Adviser, on the other hand. The Board of Directors may take into account a wide array of factors in determining whether such a conflict exists, whether such conflict is material in nature, and how to properly address or resolve the same.
- B. While each conflict situation varies based on the particular facts presented and the requirements of governing law, the Board of Directors or its duly authorized representative may take the following actions, among others, or otherwise give weight to the following factors, in addressing material conflicts of interest in voting (or directing Delegates to vote) proxies pertaining to portfolio holdings: (i) vote pursuant to the recommendation of the proposing Delegate; (ii) abstain from voting; or (iii) rely on the recommendations of an established, independent third party with qualifications to vote proxies, such as Institutional Shareholder Services.
- C. The Adviser shall notify the Board of Directors of the Fund promptly after becoming aware that any actual or potential conflict of interest exists and shall seek the Board of Directors' recommendations for protecting the best interests of Fund's shareholders. The Adviser shall not waive any conflict of interest or vote any conflicted proxies without the prior written approval of the Board of Directors or its duly authorized representative.

VI. *Miscellaneous.*

- A. A copy of the current Proxy Voting Policies and Procedures and the voting records for the Fund, reconciling proxies with portfolio holdings and recording proxy voting guideline compliance and justification, shall be kept in an easily accessible place and available for inspection either physically or through electronic posting on an approved website.
- B. In the event that a determination, authorization or waiver under these Policies and Procedures is requested at a time other than a regularly scheduled meeting of the Board of Directors, the Chairman of the Audit Committee shall be the duly authorized representative of the Board of Directors with the authority and responsibility to interpret and apply these Policies and Procedures and shall provide a report of his or her determinations at the next following meeting of the Board of Directors.
- C. The Adviser shall present a report of any material deviations from these Policies and Procedures at every regularly scheduled meeting of the Board of Directors and shall provide such other reports as the Board of Directors may request from time to time. The Adviser shall provide to the Fund or any shareholder a record of its effectuation of proxy voting pursuant to these Policies and Procedures at such times and in such format or medium as the Fund shall reasonably request. The Adviser shall be solely responsible for complying with its disclosure and reporting requirements under applicable laws and regulations, including, without limitation, Rule 206(4)-6 under the Advisers Act as amended. The Adviser shall gather, collate and present information relating to its proxy voting activities and those of each Delegate in such format and medium as the Fund shall determine from time to time in order for the Fund to discharge its disclosure and reporting obligations pursuant to Rule 30b1-4 under the Investment Company Act.

- D. The Adviser shall pay all costs associated with proxy voting for portfolio holdings pursuant to these Policies and Procedures and assisting the Fund in providing public notice of the manner in which such proxies were voted, except that the Fund shall pay the costs associated with any filings required under the Investment Company Act.
- E. In performing its duties hereunder, any Delegate or authorized committee may engage the services of a research and/or voting adviser, the cost of which shall be borne by such Delegate. The Adviser may delegate its voting responsibilities hereunder to a Proxy Committee established by the Adviser.
- F. These Policies and Procedures shall be presented to the Board of Directors annually for their amendment and/or approval.

ITEM 8. PORTFOLIO MANAGERS OF CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

In this Item 8, the term Fund refers to the registrant, DTF Tax-Free Income Inc.

The Fund's Portfolio Managers

A team of investment professionals employed by Duff & Phelps Investment Management Co., the Fund's investment adviser (the Adviser), is responsible for the day-to-day management of the Fund's portfolio. The members of that investment team and their respective roles, as of December 29, 2014, are as follows:

Timothy M. Heaney, CFA, has been Chief Investment Officer of the Fund since 2004 and Vice President since 1997 (Portfolio Manager 1997-2004). He has been a Senior Managing Director of the Adviser since 2014 (Senior Vice President from 2004 to 2014 and Vice President 1997-2004). He has been a Senior Portfolio Manager in the Fixed Income unit of Newfleet Asset Management, LLC since 2011 and was Senior Managing Director in the Fixed Income unit of the Adviser's affiliate, Virtus Investment Advisers, Inc. (and predecessor firms) (VIA) 2006-2011 (Managing Director 1997-2006, Director, Fixed Income Research 1996-1997, Investment Analyst 1992-1996). Mr. Heaney is the head of the municipal bond product area for the Adviser and Newfleet Asset Management, LLC.

Lisa H. Leonard has been Vice President of the Fund since 2006. She has been managing Director of the Adviser since 2014 (Vice President from 2006 to 2014). She has also been a Portfolio Manager in the Fixed Income unit of Newfleet Asset Management, LLC since 2011 and was Portfolio Manager in the Fixed Income unit of VIA 1998-2011 (Director, Investment Operations 1994-1998, Fixed Income Trader 1987-1993). Ms. Leonard assists Mr. Heaney in the management of the Fund's portfolio in her capacity as a portfolio manager in the municipal bond product area for the Adviser and Newfleet Asset Management, LLC.

Other Accounts Managed by the Fund's Portfolio Managers

The following table provides information as of October 31, 2014 regarding the other accounts besides the Fund that are managed by the portfolio managers of the Fund. As noted in the table, portfolio managers of the Fund may also manage or be members of management teams for other mutual funds within the same fund complex or other similar accounts. For purposes of this disclosure, the term fund complex includes the Fund and all other investment companies advised by affiliates of Virtus Investment Partners, Inc. (Virtus), the Adviser's ultimate parent company. As of October 31, 2014, the Fund's portfolio managers did not manage any accounts with respect to which the advisory fee is based on the performance of the account, nor do they manage any hedge funds.

Name of	Registered Investment Companies (1)		Other Pooled Investment Vehicles (2)		Other Accounts (3)	
	Number of Accounts	Total Assets	Number of Accounts	Total Assets	Number of Accounts	Total Assets

Lisa H. Leonard	10	\$ 10,718 ⁽⁴⁾	N/A	N/A	25	\$ 1,608

- (1) Registered Investment Companies include all open and closed-end mutual funds. For Registered Investment Companies, assets represent net assets of all open-end investment companies and gross assets of all closed-end investment companies.
- (2) Other Pooled Investment Vehicles include, but are not limited to, securities of issuers exempt from registration under Section 3 (c) of the Investment Company Act of 1940, such as private placements and hedge funds.
- (3) Other Accounts include, but are not limited to, individual managed accounts, separate accounts, institutional accounts, pension funds and collateralized bond obligations.
- (4) Mr. Heaney and Ms. Leonard are Portfolio Managers for several open-end and closed-end registered investment companies with \$10.718 billion in assets of which \$242 million are municipal securities

There may be certain inherent conflicts of interest that arise in connection with the portfolio managers' management of the Fund's investments and the investments of any other accounts they manage. Such conflicts could include aggregation of orders for all accounts managed by a particular portfolio manager, the allocation of purchases across all such accounts, the allocation of IPOs and any soft dollar arrangements that the Adviser may have in place that could benefit the Fund and/or such other accounts. The Adviser has adopted policies and procedures designed to address any such conflicts of interest to ensure that all management time, resources and investment opportunities are allocated equitably. There have been no material compliance issues with respect to any of these policies and procedures during the Fund's most recent fiscal year.

Compensation of the Fund's Portfolio Managers

The following is a description of the compensation structure of the Fund's portfolio managers.

The Adviser is a wholly-owned indirect subsidiary of Virtus Investment Partners, Inc. (Virtus). Virtus and its affiliated investment management firms, including the Adviser, believe that their compensation programs are adequate and competitive to attract and retain high caliber investment professionals. The portfolio managers receive a base salary, an incentive bonus opportunity, and a benefits package, as detailed below. Highly-compensated individuals participate in a long-term incentive compensation program, including potential awards of Virtus restricted stock units (RSUs) with multi-year vesting, subject to Virtus board approval, and may also take advantage of opportunities to defer their compensation and potentially defer their current tax liability.

Base Salary: Each portfolio manager is paid a fixed base salary, which is determined by Virtus and the Adviser and is designed to be competitive in light of the individual's experience and responsibilities. Virtus management utilizes results of investment industry compensation surveys conducted by an independent third party in evaluating competitive market compensation for its investment management professionals.

Incentive Bonus: Incentive bonus pools are based on firm profits. The short-term incentive payment is generally paid in cash, but a portion may be made in Virtus RSUs. Individual payments are assessed using comparisons of actual investment performance with specific peer group or index measures established at the beginning of each calendar year. Performance of the Fund managed is measured over one-, three- and five-year periods. Generally, an individual manager's participation is based on the performance of each fund managed as weighted roughly by total assets in each of these funds. Incentive bonus compensation of the Fund's portfolio managers is currently comprised of two main components:

First, 70% of the incentive is based on: (i) the pre-tax performance of the Fund, as measured by total return over one-, three-, and five- year periods against specified benchmarks and/or peer groups; (ii) the success of the individual manager in achieving assigned goals; and (iii) a subjective assessment of the manager's contribution to the efforts of the team. The total return component of the performance portion of portfolio managers' incentive bonus compensation is compared to the Lipper General & Insured Municipal Debt Funds (Leveraged) average NAV return. Portfolio managers who manage more than one product may have other components in their formulaic calculation that are appropriate to the other products, weighted according to the proportion of the manager's time that is allocated to each specific product.

Second, 30% of the target incentive is based on financial measures of Virtus. These financial measures include: adjusted earnings before interest, tax, depreciation and amortization; gross inflows, and product investment performance. A portion of the total incentive bonus can be paid in Virtus RSUs that vest over three years.

The performance portion of portfolio managers' incentive bonus compensation is not based on the value of assets held in the Fund's portfolio (except to the extent that the level of assets in the Fund's portfolio affects the advisory fee received by the Adviser and, thus indirectly, the profitability of Virtus).

Other Benefits: Portfolio managers are eligible to participate in a 401(k) plan, health insurance, and other benefits offered generally to the firm's employees that could include granting of RSUs in Virtus stock.

Equity Ownership of Portfolio Managers

The following table sets forth the dollar range of equity securities in the Fund beneficially owned, as of October 31, 2014, by each of the portfolio managers identified above.

Name of Portfolio Manager	Dollar Range of Equity Securities in the Fund
Timothy M. Heaney	\$100,001-\$500,000
Lisa H. Leonard	None

ITEM 9. PURCHASES OF EQUITY SECURITIES BY CLOSED-END MANAGEMENT INVESTMENT COMPANY AND AFFILIATED PURCHASERS.
