This proxy statement summarizes the information that holders of shares of our common stock need to vote at our annual meeting. Unless stated otherwise herein or the context requires otherwise, references to shares means shares of our common stock, and stockholder means a holder of our common stock.

We will begin mailing this proxy statement, along with the proxy card and the other materials listed below, on or about December 30, 2014. To ensure that your proxy is voted at our annual meeting, your proxy should be received no later than 5:00 p.m., Eastern Time, on February 10, 2015, if given by mail, or by 11:59 p.m., Eastern Time, on February 10, 2015, if submitted over the Internet.

We have requested that banks, brokerage firms and other nominees who hold shares on behalf of the beneficial owners of our shares as of the close of business on December 15, 2014, forward these materials, together with a proxy card or voting instruction card, to those beneficial owners. We have agreed to pay the reasonable expenses of the banks, brokerage firms and other nominees for forwarding these materials.

**What materials am I receiving?**

You are receiving:

1. this proxy statement for our annual meeting;
2. a proxy card or voting instruction form for our annual meeting; and
3. our annual report to stockholders for the fiscal year ended September 30, 2014 ( *Fiscal 2014* ), which includes our Annual Report on Form 10-K, as filed with the Securities and Exchange Commission (the *SEC* ), on November 19, 2014.

**What is the purpose of the annual meeting?**

At our annual meeting, including any adjournment or postponement thereof, our stockholders will be asked to consider and vote upon the following proposals:

Edgar Filing: Fidelity & Guaranty Life - Form DEF 14A

2. To ratify the appointment of KPMG LLP ( *KPMG* ) as our company's independent registered public accounting firm for the fiscal year ending September 30, 2015 ( *Fiscal 2015* );
3. To conduct an advisory vote on the compensation of our named executive officers;
4. To conduct an advisory vote on the frequency of future advisory votes on executive compensation;
5. To approve the Fidelity & Guaranty Life Section 162(m) Employee Incentive Plan, which approval is necessary to qualify performance awards payable in cash for the performance-based compensation exemption under Section 162(m) of the Internal Revenue Code; and
6. To approve the Fidelity & Guaranty Life 2013 Stock Incentive Plan, as amended, which approval is necessary to permit members of the compensation committee to receive awards under the plan and which approval is necessary to qualify performance awards for the performance-based compensation exemption under Section 162(m) of the Internal Revenue Code.

## **Table of Contents**

You may also be asked to consider and vote upon other business as may come before our annual meeting or any adjournment or postponement thereof. Other than matters incident to the conduct of our annual meeting and those set forth in this proxy statement, we do not know of any business or proposals to be considered at our annual meeting. If any other business is proposed and properly presented at our annual meeting, the proxies received from our stockholders give the proxy holders the authority to vote on any other matters in their discretion.

### **Who are the nominees for election and what would be the size and composition of the board and its standing committees following their election?**

The nominees for election as Class I directors at our annual meeting are Messrs. Benson, Cheliotis, Gass and Gregson. See Proposal 1 Election of Directors Nominees for Election as Directors for our nominees' biographical information. Messrs. Asali, Launer, and Melchionni will continue as Class II directors and Messrs. Bawden, Tweedie and Williams will continue as Class III directors. See Proposal 1 Election of Directors Continuing Directors.

Messrs. Bawden, Benson, Gregson and Melchionni are independent directors under the applicable SEC rules, the NYSE Listed Company Manual and related rules ( *NYSE Rules* ) and our Corporate Governance Guidelines. As of December 15, 2014, our audit committee is comprised of Messrs. Bawden, Gregson and Melchionni. Mr. Bawden qualifies as an audit committee financial expert, as defined by Item 407(d)(5)(ii) of Regulation S-K. As of December 15, 2014, our compensation committee is comprised of Messrs. Cheliotis, Gregson and Melchionni. As of December 15, 2014, our nominating and corporate governance committee is comprised of Messrs. Cheliotis, Gass and Tweedie. The chairpersons of the audit, compensation, and nominating and corporate governance committees are Messrs. Bawden, Cheliotis and Gass, respectively.

As of December 15, 2014, Harbinger Group Inc. ( *HGI* ) owned approximately 80.1% of our common stock. As a result, we are a controlled company within the meaning of the NYSE corporate governance standards. Accordingly, we are presently relying on, and intend to continue to rely on exemptions from certain corporate governance requirements. Specifically, as a controlled company, we are not required to have (1) a majority of independent directors, (2) a nominating and corporate governance committee composed entirely of independent directors or (3) a compensation committee composed entirely of independent directors.

Following the election of the Class I directors, our board will be comprised of ten directors and there will be no vacancies on our board.

### **What does our board recommend?**

The board recommends a vote as follows:

FOR each of the nominees;

FOR the ratification of the appointment of our independent registered public accounting firm;

FOR the approval, on an advisory basis, of the compensation of our named executive officers;

Edgar Filing: Fidelity & Guaranty Life - Form DEF 14A

FOR an advisory vote on executive compensation to be held EVERY THREE YEARS;

FOR the approval of the Fidelity & Guaranty Life Section 162(m) Employee Incentive Plan; and

FOR the approval of the Fidelity & Guaranty Life 2013 Stock Incentive Plan, as amended.

**Who can vote?**

Our board has fixed the close of business on December 15, 2014, as the date to determine the stockholders who are entitled to attend and vote at our annual meeting. On the record date, our outstanding capital stock

## **Table of Contents**

consisted of 58,691,200 shares of common stock, which was held by approximately 22 holders of record including persons who hold shares for an indeterminate number of beneficial owners. Each share of common stock is entitled to one vote in the election of directors and on each matter submitted for stockholder approval.

### **Can I obtain a list of stockholders entitled to vote at the annual meeting?**

At our annual meeting, and at least ten days prior to our annual meeting, a complete list of stockholders entitled to vote at the meeting will be available at our principal office, Two Ruan Center, 601 Locust Street, 14th Floor, Des Moines, IA 50309, during regular business hours. Stockholders of record may inspect the list for proper purposes during normal business hours.

### **What is the difference between a stockholder of record and a beneficial owner of shares held in street name ?**

*Stockholder of record.* You are a stockholder of record if at the close of business on the record date your shares were registered directly in your name with our transfer agent, American Stock Transfer & Trust. Our proxy materials were sent directly to you by our company and you can vote your shares as instructed on the accompanying proxy card.

*Beneficial owner of shares held in street name.* You are a beneficial owner if at the close of business on the record date your shares were held in the name of your bank, brokerage firm or other nominee. Being a beneficial owner means that your shares are held in street name. Our proxy materials were forwarded to you by that organization, and their instructions for voting your shares should accompany this proxy statement.

### **How do I attend the annual meeting?**

All stockholders at the close of business on the record date are invited to attend our annual meeting. For admission, stockholders should come to our annual meeting check-in area no less than 15 minutes before our annual meeting is scheduled to begin. Stockholders of record should bring a form of photo identification so their share ownership can be verified. A beneficial owner holding shares in street name must also bring an account statement or letter from his or her bank or brokerage firm showing that he or she beneficially owns shares as of the close of business on the record date, along with a form of photo identification. Registration will begin at 10:30 a.m., Central Time, and our annual meeting will begin at 11:00 a.m., Central Time. Please note that the use of cameras and other recording devices will not be allowed at our annual meeting.

### **If I am a stockholder of record, how do I vote and what are the voting deadlines?**

If you are a stockholder of record, there are several ways for you to vote your shares:

By mail. You may submit your vote by completing, signing and dating the proxy card received and returning it in the prepaid envelope by following the instructions that appear on the proxy card. Proxy cards submitted by mail must be received no later than 5:00 p.m., Eastern Time, on February 10, 2015, to be voted at our annual meeting.

Via Internet. You may vote your shares via the Internet by following the instructions provided in the proxy card. If you vote via the Internet, you do not need to return a proxy card by mail. Internet voting is available 24 hours a day, 7 days a week. Votes submitted through the Internet must be received by 11:59 p.m., Eastern

Time, on February 10, 2015, to be voted at our annual meeting.

In person at the Annual Meeting. You may vote your shares in person at our annual meeting. Even if you plan to attend our annual meeting in person, we recommend that you also submit your proxy card or vote via the Internet by the applicable deadline so that your vote will be counted if you later decide not to attend the meeting. Details regarding requirements for admission to our annual meeting are described in this proxy statement under the heading How do I attend the annual meeting?

## **Table of Contents**

### **I hold my shares in street name, how do I vote and what are the voting deadlines?**

If you are a beneficial owner of your shares, you should have received voting instructions from the bank, brokerage firm or other nominee holding your shares. You should follow such instructions in order to instruct your bank, brokerage firm or other nominee on how to vote your shares. The availability of Internet voting will depend on the voting process of the bank, brokerage firm or other nominee holding your shares. Shares held beneficially may be voted in person at our annual meeting only if you obtain a legal proxy from the broker or nominee giving you the right to vote the shares. Details regarding requirements for admission to our annual meeting are described in this proxy statement under the heading *How do I attend the annual meeting?*

### **Can I revoke or change my vote after I submit my proxy?**

*Stockholders of record.* If you are a stockholder of record, you may revoke your vote at any time before the final vote at our annual meeting by:

signing and returning a new proxy card with a later date, since only your latest proxy card, received no later than 5:00 p.m., Eastern Time, on February 10, 2015, will be counted;

submitting a later-dated vote via the Internet, since only your latest Internet vote received by 11:59 p.m., Eastern Time, on February 10, 2015, will be counted;

attending our annual meeting in person and voting again; or

delivering a written revocation to Eric L. Marhoun, Executive Vice President, General Counsel and Secretary, at Fidelity & Guaranty Life, Two Ruan Center, 601 Locust Street, 14th Floor, Des Moines, IA 50309, by 5:00 p.m., Central Time, on February 10, 2015.

*Beneficial owners of shares held in street name.* If you are a beneficial owner of your shares, you must contact the broker or other nominee holding your shares and follow its instructions for changing your vote.

### **What is a quorum ?**

We may hold our annual meeting only if a quorum is present, either in person or by proxy. A quorum is a majority of our outstanding shares entitled to vote on the record date. Your shares will be counted towards establishing a quorum if you vote by mail, over the Internet or if you vote in person at our annual meeting. Abstentions and broker non-votes are counted for purposes of determining whether a quorum exists. If a quorum is not present at our annual meeting, we may adjourn the meeting from time to time until we have established a quorum.

### **What if I do not give specific instructions?**

*Stockholders of record.* If you are a record holder of shares and you do not give specific voting instructions, the proxy holders will vote your shares as recommended by our board on all matters presented in this proxy statement, and as the proxy holders determine in their discretion with respect to any other matters properly presented for a vote at our annual meeting.

Edgar Filing: Fidelity & Guaranty Life - Form DEF 14A

*Beneficial owners of shares held in street name.* If your shares are held in street name and you do not give specific voting instructions to your nominee, then, under the NYSE Rules, your nominee generally may vote on routine matters but cannot vote on non-routine matters. If you do not give instructions on how to vote your shares on a non-routine matter, your nominee will inform the inspector of election that it does not have the authority to vote on this matter with respect to your shares; this is generally referred to as a broker non-vote.

## Table of Contents

### **Which ballot measures are routine or non-routine ?**

Proposal 1 (election of directors), Proposal 3 (advisory vote on executive compensation), Proposal 4 (advisory vote on frequency of executive compensation voting), Proposal 5 (approval of the Section 162(m) Employee Incentive Plan) and Proposal 6 (approval of the 2013 Stock Incentive Plan, as amended) are considered non-routine matters under applicable rules. A brokerage firm or other nominee cannot vote without instructions on non-routine matters. Therefore, if you hold your shares in street name, it is critical that you give instructions on how to cast your vote with respect to these non-routine matters if you want your votes to count. If you do not instruct your bank, brokerage firm or other nominee how to vote on these non-routine matters, no votes will be cast on your behalf.

Proposal 2 (the ratification of the appointment of KPMG as our independent registered public accounting firm for Fiscal 2015) is considered routine under applicable rules. A broker or other nominee generally may vote on routine matters, and therefore no broker non-votes are expected in connection with this proposal.

### **What vote is required to approve the proposals?**

Each director nominee who receives an affirmative vote by the holders of a plurality of the votes cast will be elected a director (Proposal 1).

The vote on the frequency of holding a future advisory vote on executive compensation (Proposal 4) is advisory and non-binding, and if none of the frequency options receive a majority of the votes cast, the option receiving the greatest number of votes will be considered the frequency recommended by the stockholders.

The affirmative vote of the holders of a majority of the votes represented at our annual meeting in person or by proxy is required to ratify our board's appointment of KPMG as our independent registered public accounting firm for Fiscal 2015 (Proposal 2), to approve, on an advisory basis, the compensation of our named executives (Proposal 3), to approve the Section 162(m) Employee Incentive Plan (Proposal 5), and to approve the 2013 Stock Incentive Plan, as amended (Proposal 6).

With regards to Proposal 1 (election of directors), shares represented by proxies that are marked **WITHHOLD** and shares that are present in person or proxy but not voted will be excluded entirely from the vote and will have no effect on the outcome of this vote because the directors are elected by a plurality vote. With regards to Proposal 2 (ratification of KPMG's appointment as auditor), Proposal 3 (advisory vote on executive compensation), Proposal 5 (approval of the Section 162(m) Employee Incentive Plan), and Proposal 6 (approval of the 2013 Stock Incentive Plan, as amended), shares marked **ABSTAIN** and shares that are present in person or by proxy but not voted will be considered present at the Annual Meeting and will have the effect of a vote against each of these proposals because approval of each of these proposals requires the affirmative vote of the holders of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote. With regards to Proposal 4 (advisory vote on the frequency of a future advisory vote on executive compensation), shares represented by proxies that are marked **ABSTAIN** and shares which are not voted will be excluded entirely from the vote and will have no effect on the outcome of this vote because the stockholders' recommendation with respect to Proposal 4 is determined by a plurality vote.

HGI, which as of the record date held approximately 80.1% of the voting power entitled to vote at our annual meeting, has notified us that it intends to vote all of its shares at our annual meeting in accordance with our board's recommendations.

### **How are broker non-votes and abstentions treated?**

Edgar Filing: Fidelity & Guaranty Life - Form DEF 14A

Broker non-votes and shares held as of the record date by holders who are present in person or represented by proxy at our annual meeting but who have abstained from voting or have not voted with respect to some or all of such shares on any proposal to be voted on at our annual meeting will be counted as present for purposes of establishing a quorum.

## **Table of Contents**

Broker non-votes and abstentions will: (i) have no effect on the outcome of the votes on Proposal 1 and Proposal 4 because each of these proposals is determined by a plurality vote and (ii) have the effect of a vote against Proposal 2, Proposal 3, Proposal 5 and Proposal 6 because approval of each of these proposals requires the affirmative vote of a majority of the shares present in person or represented by proxy at our annual meeting and entitled to vote.

### **Who will count the votes and serve as the inspector of election?**

We have engaged American Stock Transfer & Trust as our independent inspector of election to tabulate stockholder votes at our annual meeting.

### **Who is making and paying for this proxy solicitation?**

This proxy is solicited on behalf of our board. Certain officers, directors and other employees may also solicit proxies on our behalf by mail, telephone, fax, Internet or in person. Our company is paying for the cost of preparing, assembling and mailing this proxy soliciting material. We have engaged Georgeson to assist us in the distribution of proxy materials and the solicitation of votes described above. We will bear the costs of the fees for the solicitation agent, which are not expected to exceed \$10,000. Brokers, nominees, fiduciaries and other custodians have been requested to forward soliciting material to the beneficial owners of common shares held of record by them, and these custodians will be reimbursed for their reasonable charges and expenses to forward our proxy materials to their customers or principals.

### **What is the deadline to propose actions for consideration at the 2016 annual meeting of stockholders?**

We expect to hold our 2016 annual meeting of stockholders in February 2016. For a stockholder's proposal to be considered timely for inclusion in our proxy statement and form of proxy relating to the 2016 annual meeting, such proposal should be received by us not later than the close of business on the later of October 14, 2015, or the tenth day following the day on which public announcement of the 2016 annual meeting is first made by the company.

Our by-laws establish an advance notice procedure for stockholders to make nominations of candidates for election as directors or to bring other business before an annual meeting of our stockholders. The by-laws provide that any stockholder wishing to nominate persons for election as directors at, or bring other business before, an annual meeting must deliver to our corporate secretary a written notice of the stockholder's intention to do so. To be timely, the stockholder's notice must be delivered to our corporate secretary at our principal executive offices not fewer than 90 days nor more than 120 days before the first anniversary date of the annual meeting for the preceding year; provided, however, that in the event that the annual meeting is set for a date that is more than 30 days before or more than 70 days after the first anniversary date of the preceding year's annual meeting, a stockholder's notice must be delivered to our corporate secretary (x) not earlier than 120 days prior to the meeting or (y) no later than the close of business on the later of the 90<sup>th</sup> day prior to such annual meeting or the 10<sup>th</sup> day following the day on which a public announcement of the date of such meeting is first made by us.

### **Where can I find voting results?**

We will publish the final voting results from our annual meeting in a Current Report on Form 8-K within four business days of the date of our annual meeting.

### **How can stockholders communicate with our board?**

Edgar Filing: Fidelity & Guaranty Life - Form DEF 14A

**Table of Contents****PROPOSAL 1****ELECTION OF DIRECTORS**

Our certificate of incorporation provides for the division of our board into three classes of as nearly equal number of directors as possible. Class I is comprised of four directors and Classes II and III are comprised of three directors each. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of the directors.

The term of each class of directors is three years, with the term for one class expiring each year in rotation. As a result, one class of directors is elected at each annual stockholders meeting for a term of three years, to hold office until their successors are elected and qualified or until their earlier death, removal or resignation. The term of the current Class I directors expires at our annual meeting.

\* Independent director.

Our nominating and corporate governance committee proposes nominees for election to our board and such nominees are reviewed and approved by the entirety of our board. Our nominating and corporate governance committee and our board recommend that each nominee for director be elected at our annual meeting. The nominees are Messrs. Benson, Cheliotis, Gass and Gregson. The nominees have consented to continue to serve as directors if elected. Mr. Benson has served as a director since October 2014. Mr. Cheliotis has served as a director since 2012. Mr. Gass has served as a director since 2011 and as Chairman since 2013. Mr. Gregson has served as a director since 2011. Under our certificate of incorporation, our board of directors consists of such number of directors as may be determined from time to time by resolution of our board. Any vacancies or newly created directorships may be filled only by the affirmative vote of a majority of our directors then in office, even if less than a quorum, or by a sole remaining director and the elected person will serve the remainder of the term of the class to which he or she is appointed. Each director will hold office until his or her successor has been duly elected and qualified or until his or her earlier death, resignation or removal. In addition, if a nominee becomes unavailable for any reason or should a vacancy occur before the election, which we do not anticipate, the proxies will be voted for the election, as director, of such other person as

our board may recommend. Proxies cannot be voted for a greater number of persons than are included in the class of directors this year that number is four.

Our board of directors is led by our non-executive Chairman, Mr. Gass. Our board of directors has determined that Messrs. Bawden, Benson, Gregson and Melchionni are independent within the meaning of the federal securities laws and the NYSE Rules.

**PROPOSAL 2**

**RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Our audit committee has approved the engagement of KPMG as the company's independent registered public accounting firm to audit our consolidated financial statements for Fiscal 2015. Our board and audit committee believes that the appointment of KPMG as our company's independent registered public accounting firm is in the best interests of our stockholders and our company.

Although stockholder ratification of the appointment of KPMG as our independent registered public accounting firm is not required by any applicable law or regulation, stockholder views are being solicited and will be considered by our audit committee and our board. Even if the selection is ratified, our audit committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the fiscal year if it is determined that such a change would be in the best interests of our company and its stockholders. We expect that a representative of KPMG will be present at our annual meeting, with the opportunity to make a statement if he or she so desires and to be available to answer appropriate questions.

To the company's knowledge, neither KPMG nor any of its partners has any direct financial interest or any indirect financial interest in our company other than as the company's independent registered public accounting firm.

For information about the professional services rendered by KPMG to us for Fiscal 2014, please see the section of this proxy statement captioned "Principal Accountant Fees and Services."

**Vote Required**

The affirmative vote of the holders of a majority of the votes represented at our annual meeting in person or by proxy is required to ratify our appointment of KPMG as our independent registered public accounting firm for Fiscal 2015.

**PROPOSAL 3**

**ADVISORY VOTE ON EXECUTIVE COMPENSATION**

In accordance with the Dodd-Frank Wall Street Reform and Consumer Protection Act (the *Dodd-Frank Act*) and the related rules of the SEC, we are including this resolution to enable our stockholders to approve, on a discretionary and non-binding basis, the compensation of our named executive officers.

This proposal, commonly known as a *say-on-pay* proposal, gives our stockholders the opportunity to express their views on our named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. Accordingly, you are asked to vote on the following resolution at our annual meeting:

Resolved, that the stockholders approve, on an advisory basis, the compensation of the company's named executive officers as disclosed in the Compensation Discussion and Analysis, the accompanying compensation tables, and the related narrative disclosure in the proxy statement for this meeting.

This vote is advisory, and therefore non-binding. In considering their vote, stockholders are encouraged to read the Compensation Discussion and Analysis, the accompanying compensation tables, and the related narrative disclosure included in this proxy statement. Our compensation committee regularly reviews our executive compensation program to ensure that compensation is closely tied to aspects of our performance that our executive officers can impact and that are likely to have an impact on stockholder value. We believe that our continued strong financial performance demonstrates the effectiveness of our compensation program. Our board and our compensation committee expect to take into account the outcome of the vote when considering future executive compensation decisions to the extent they can determine the cause or causes of any significant negative voting results.

**Vote Required**

The affirmative vote of the holders of a majority of the votes represented at our annual meeting in person or by proxy is required to approve, on an advisory basis, the compensation of our named executive officers.

**OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.**

**PROPOSAL 4**

**ADVISORY VOTE ON THE FREQUENCY OF A FUTURE ADVISORY VOTE ON EXECUTIVE  
COMPENSATION**

In addition to providing stockholders with the opportunity to cast an advisory vote on executive compensation, in accordance with the requirements of the Dodd-Frank Act and the related rules of the SEC, we are including in this proxy statement a separate resolution to enable our stockholders to recommend, on a discretionary and non-binding basis, whether a non-binding stockholder vote on executive compensation should occur every one, two or three years.

After careful consideration, our board of directors believes that a frequency of every three years for the advisory vote on executive compensation is the optimal interval for conducting and responding to a say-on-pay vote. We believe that this frequency is appropriate as a triennial vote would provide our company with sufficient time to engage with stockholders to understand and respond to the say-on-pay vote results. Stockholders who have concerns about executive compensation during the interval between say-on-pay votes are welcome to bring their specific concerns to the attention of our board of directors. Please refer to *Communications with Board Members* in this proxy statement for information about communicating with our board.

The proxy card and the Internet proxy submission procedures each provide stockholders with the opportunity to choose among four options (holding the vote every one, two or three years, or abstaining) and, therefore, stockholders will not be voting to approve or disapprove our board's recommendation.

Although this advisory vote on the frequency of the say-on-pay vote is non-binding, our board of directors and the compensation committee expect to take into account the outcome of the vote when considering the frequency of future advisory votes on executive compensation.

You may cast your vote on your preferred voting frequency by choosing the option of every one, two or three years, or abstaining from voting, when you vote in response to the resolution set forth below:

Resolved, that the option of once every one year, two years or three years that receives the highest number of votes cast for this resolution will be determined to be the preferred frequency with which our company is to hold a stockholder vote to approve, on an advisory basis, the compensation of the named executive officers, as disclosed at the time.

**Vote Required**

Generally, the affirmative vote of the holders of a majority of the votes represented at our annual meeting in person or by proxy is required to approve matters presented to the stockholders. However, because the vote is advisory and non-binding, if none of the frequency options receive a majority of the votes cast, the option receiving the greatest number of votes will be considered the frequency recommended by the stockholders.

**OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE APPROVAL, ON AN  
ADVISORY BASIS, OF THE OPTION OF EVERY THREE YEARS FOR HOLDING A FUTURE  
ADVISORY VOTE ON EXECUTIVE COMPENSATION.**

**PROPOSAL 5**

**APPROVAL OF THE FIDELITY & GUARANTY LIFE SECTION 162(m) EMPLOYEE INCENTIVE**

**PLAN**

At our annual meeting, stockholders will be asked to approve the Fidelity & Guaranty Life Section 162(m) Employee Incentive Plan (the *162(m) Plan*), which was approved by the compensation committee on February 25, 2014, subject to stockholder approval. If approved by our stockholders, the 162(m) Plan would become effective for the performance periods beginning as of January 1, 2014. This approval is necessary to qualify performance awards payable in cash to our executives for the performance-based compensation exemption under Section 162(m) of the U.S. Internal Revenue Code of 1986, as amended (*Section 162(m)*).

Our board recommends a vote for the approval of the 162(m) Plan because it believes the plan is in the best interests of our company and its stockholders. It is designed to promote the growth and profitability of our company by (i) providing incentives to contribute to our growth and financial success, and (ii) enabling us to attract, retain and reward the best available persons for positions of substantial responsibility.

**Background**

Section 162(m) generally provides that compensation provided by a publicly held corporation to its chief executive officer, or any of its three most highly paid named executive officers (other than its chief executive officer and chief financial officer) (*Covered Employees*) is not deductible by the corporation for U.S. federal income tax purposes for any taxable year to the extent it exceeds \$1 million.

This limitation does not apply to compensation that qualifies as exempt performance-based compensation by meeting certain requirements under Section 162(m), including the requirement that the material terms of the related performance goals be disclosed to and approved by the corporation's stockholders not less frequently than every five years. Under Section 162(m), the material terms include the class of eligible employees, a description of the business criteria on which the performance goals may be based and the maximum amount that can be paid to any participant for a specified period. Although stockholder approval is one of the requirements for exemption under Section 162(m), even with stockholder approval, there can be no guarantee that compensation will be treated as exempt performance-based compensation under Section 162(m).

We seek approval of the material terms of the 162(m) Plan, including the performance goals thereunder, to afford us the opportunity to provide exempt performance-based compensation under the 162(m) Plan. The rules and regulations promulgated under Section 162(m) are complicated, however, and may change from time to time, sometimes with retroactive effect. As such, there can be no guarantee that any award intended to qualify as performance-based compensation within the meaning of Section 162(m) will so qualify. Further, the compensation committee will continue to have authority and discretion to provide for compensation that is not exempt from the limits on deductibility under Section 162(m).

If the 162(m) Plan is not approved at our annual meeting, the 162(m) Plan will not be effective. The compensation committee, however, will have the discretion to pay annual cash bonuses to our executive officers and other key employees with respect to the periods that would otherwise have been covered under the 162(m) Plan. To the extent that any such bonuses are paid, they will not qualify as performance-based compensation and therefore may not be fully deductible by us due to the compensation limit imposed by Section 162(m).

**Summary of Material Features of the Plan**

The following is a summary of the material features of the 162(m) Plan. The summary is qualified in its entirety by reference to the complete text of the 162(m) Plan attached as Annex B to this proxy statement.

**Administration.** A sub-committee (for purposes of this proposal, the *Committee* ) of the compensation committee comprised of at least two outside directors shall administer the 162(m) Plan and will have sole and absolute discretion to grant awards thereunder.

---

## **Table of Contents**

**Participation.** Participation in the Plan will be open to all of our Covered Employees or individuals who are expected to be Covered Employees when a performance award becomes payable.

**Performance Awards.** The Committee will have discretion to: i) determine the participants ii) establish performance goals for selected participants, and iii) authorize payments to participants in cash upon achievement of performance goals. The performance goals and methods for computing the amount that will be paid will be set at a time when the outcome is substantially uncertain and prior to the earlier of: i) 90 days after commencement of the applicable performance period or ii) the lapse of 25% of the applicable performance period.

**Business Criteria for the Plan Performance Goals.** Each award granted under the 162(m) Plan that is intended to qualify as Section 162(m) performance-based compensation will be subject to performance goals set by the Committee. Such performance goals may include one or more of the following criteria:

Pre-tax adjusted operating income, return on equity, after-tax adjusted operating income, operating efficiency; adjusted EBITDA; EBITDA excluding capital expenditures; other financial return measures (e.g., return on invested capital, investments, investment income generated by underwriting or other operations or on the float from such operations, equity, or revenue); cash flow return on equity; cash flow return on investment; dividends paid, productivity ratios (e.g., measuring liquidity, profitability or leverage); enterprise value; statutory capital levels; risk-based capital levels; revenue levels; expense/cost management targets (e.g., improvement in or attainment of expense levels, capital expenditure levels, and/or working capital levels); other margins (e.g., operating margin, underwriting margins, net income margin, cash margin, net or operating profit margins, EBITDA margins, adjusted EBITDA margins); market share or market penetration; customer targets (e.g., customer growth or customer satisfaction); working capital targets or improvements; profit measures (e.g., gross profit, net profit, operating profit, investment profit and/or underwriting profit), including or excluding charges for share compensation, fee income and/or other specified items; certain balance sheet metrics (e.g., inventory, inventory turns, receivables turnover, net asset turnover, debt reduction, retained earnings, year-end cash, cash conversion cycle, ratio of debt to equity or to EBITDA, book value); workforce targets (e.g., diversity goals, employee engagement or satisfaction, employee retention, and workplace health and safety goals); implementation, completion or attainment of measurable objectives with respect to risk management, research and development, key products or key projects, lines of business, acquisitions and divestitures and strategic plan development and/or implementation; and/or comparisons with various stock market indices, peer companies or industry groups or classifications with regard to one more of these criteria.

**Maximum amount of compensation under the 162(m) Plan.** The maximum amount payable to an individual participant for any performance period shall not exceed \$2,000,000.

**Clawback of compensation.** Awards under the 162(m) Plan are subject to clawback by our company where required by law, regulation, exchange rule or any policy adopted by our company pursuant to law, regulation or exchange rule.

**Amendment or Termination.** The Committee shall be authorized to make minor or administrative amendments to the Plan as well as amendments to the Plan that may be dictated by requirements of federal or state laws or that may be authorized or made desirable by such laws. The board may amend or terminate the 162(m) Plan, however, no amendment shall become effective without prior approval of our stockholders, if stockholder approval is required under the terms of the 162(m) Plan or is necessary to comply with any tax, regulatory or exchange rule.

## **U.S. Federal Income Tax Consequences**

The following discussion summarizes certain federal income tax consequences of the awards under the 162(m) Plan under the law as in effect on the date of this proxy statement. The summary does not purport to cover all federal

employment tax or other federal tax consequences that may be associated with the 162(m) Plan, nor does it cover state, local, or non-U.S. taxes.

**Table of Contents**

Under present federal income tax law, a 162(m) Plan participant will be taxed at ordinary income rates on an award in the year in which cash payment under the award, if any, is received. Generally, and subject to Section 162(m), our company will receive a federal income tax deduction on the amount of income recognized by the participants, and at the same time such income is recognized by participants. The failure of any aspect of the 162(m) Plan to satisfy Section 162(m) shall not void any action taken by the compensation committee under the 162(m) Plan.

**New Plan Benefits**

Except as set forth below, it is not possible to determine the benefits or amounts that will be received by or allocated to participants under the 162(m) Plan because awards under the 162(m) Plan will be made at the discretion of our compensation committee, or sub-committee thereof, if necessary for Section 162(m) or Section 16 of the Securities Exchange Act of 1934 (the *Exchange Act* ), and are subject to achievement of the relevant performance goals.

Our executive officers have a financial interest in this proposal because our compensation committee has selected and may in the future select one or more of our executive officers as eligible to receive grants under the 162(m) Plan.

The following table shows the amounts that will be received by participants under awards that have been granted under the 162(m) Plan for the 2014 stub year, subject to stockholder approval of the 162(m) Plan. For more information on the 162(m) Plan and awards granted under the plan, see *Executive Compensation Compensation Discussion and Analysis Elements of Our Executive Compensation Program Short-Term Incentives 162(m) Plan*.

**PROPOSAL 6**

**APPROVAL OF THE FIDELITY & GUARANTY LIFE 2013 STOCK INCENTIVE PLAN, AS**

**AMENDED**

At our annual meeting, stockholders will be asked to approve the Fidelity & Guaranty Life 2013 Stock Incentive Plan, as amended (the *Omnibus Plan*). Such plan is administered by the company's compensation committee, which has authority to make awards under the plan. Under the currently operative plan, members of the compensation committee may not receive awards. The amended plan will remove this restriction and permit the compensation committee to receive awards thereunder. In addition, the board is asking stockholders to approve the Omnibus Plan, including the performance goals thereunder, which approval is necessary to qualify performance awards for the performance-based compensation exemption under Section 162(m).

After careful consideration, the board believes that approving the Omnibus Plan is in the company's best interests. The Omnibus Plan promotes ownership in the company by the entire board and company employees, and aligns incentives between the board, company employees, and stockholders by permitting the entire board and company employees to receive compensation in the form of plan awards.

Our board has recommended that our stockholders approve the Omnibus Plan to permit members of our compensation committee to receive part of their annual compensation in company equity under the plan and for purposes of Section 162(m). The currently operative plan was originally approved on November 19, 2013, by HGI, our sole stockholder at the time. A copy of the Omnibus Plan, including the first amendment thereto, is attached as Annex A to this proxy statement.

**Summary of the Omnibus Plan**

The following is a summary of the material features of the Omnibus Plan. The summary is qualified in its entirety by reference to the complete text of the Omnibus Plan attached as Annex A to this proxy statement.

***Purpose; Types of Awards.*** The purpose of the Omnibus Plan is to promote our long-term growth and profitability by (i) providing incentives to improve stockholder value and to contribute to our growth and financial success, and (ii) enabling us to attract, retain and reward the best available persons for positions of substantial responsibility. To accomplish this purpose, the Omnibus Plan permits the granting of awards in the form of qualified stock options (also known as incentive stock options), non-qualified stock options (also known as non-statutory stock options), restricted stock, restricted stock units, stock appreciation rights, unrestricted stock, performance-based awards, dividend equivalents and any combination of the foregoing.

***Shares Subject to the Omnibus Plan.*** A total of 2,837,500 shares, have been reserved and are available for issuance under the Omnibus Plan. If a stock award granted under the plan is forfeited, expires, terminates, or otherwise lapses, the shares of common stock underlying that award will again become available for issuance under the plan. The aggregate number of shares of common stock that may be granted under the Omnibus Plan to any single individual who is a Covered Employee during a fiscal year may not exceed 851,250 shares. The maximum number of shares of common stock that may be issued in respect of qualified stock options is 2,350,000.

***Administration of the Omnibus Plan.*** The Omnibus Plan is administered by our compensation committee. Subject to the terms of the Omnibus Plan and any necessary board authorization, our compensation committee may approve grants to employees and directors under the plan, and determine the participants, the dates of grant, the numbers and

types of awards to be granted, the exercise or purchase price of each award, and the terms and conditions of the stock awards, including the period of their exercisability and vesting and the fair market value applicable to a stock award. In addition, our compensation committee may interpret the Omnibus Plan and may adopt any administrative rules, regulations, procedures and guidelines governing the plan or any awards granted

under the plan as it deems to be appropriate. Our compensation committee may also delegate certain of its powers, responsibilities or duties in respect of the plan to our Chief Executive Officer or our other senior officers if permitted by law. In addition, a sub-committee has been established under the terms of the Omnibus Plan to comply with Section 162(m) and Rule 16b-3 under the Exchange Act.

**Participation.** Participation in the Omnibus Plan shall be open to all officers, employees, directors and consultants of the company, or of any subsidiary or affiliate of the company, as may be selected from time to time by the compensation committee. Awards of qualified stock options, however, shall be limited to employees of the company or any subsidiary of the company.

**Types of Awards.** The types of awards that may be made under the Omnibus Plan are described below. These awards may be made singly or in combination, as part of compensation awards or performance awards, or both. All of the awards described below are subject to the conditions, limitations, restrictions, vesting and forfeiture provisions determined by our compensation committee, in its sole discretion subject to certain limitations provided in the Omnibus Plan. Each award will be evidenced by an award agreement, which will govern that award's terms and conditions.

**Performance Awards.** An award may be conditioned on satisfaction of certain performance measures. Such awards may take the form of qualified stock options, non-qualified stock options, restricted stock, restricted stock units, stock appreciation rights or unrestricted stock.

**Performance Measure.** Performance awards may be based on one or more of the following criteria, or such other operating objectives, selected by the compensation committee and set forth in a grant agreement, to measure performance of the company or any subsidiary or affiliate or other business division of same for a performance period, whether in absolute or relative terms:

Pre-tax adjusted operating income, return on equity, after-tax adjusted operating income, operating efficiency; adjusted EBITDA; EBITDA excluding capital expenditures; other financial return measures (e.g., return on invested capital, investments, investment income generated by underwriting or other operations or on the float from such operations, equity, or revenue); cash flow return on equity; cash flow return on investment; productivity ratios (e.g., measuring liquidity, profitability or leverage); enterprise value; expense/cost management targets (e.g., improvement in or attainment of expense levels, capital expenditure levels, and/or working capital levels); other margins (e.g., operating margin, underwriting margins, net income margin, cash margin, net or operating profit margins, EBITDA margins, adjusted EBITDA margins); market share or market penetration; customer targets (e.g., customer growth or customer satisfaction); working capital targets or improvements; profit measures (e.g., gross profit, net profit, operating profit, investment profit and/or underwriting profit), including or excluding charges for share compensation, fee income and/or other specified items; certain balance sheet metrics (e.g., inventory, inventory turns, receivables turnover, net asset turnover, debt reduction, retained earnings, year-end cash, cash conversion cycle, ratio of debt to equity or to EBITDA); workforce targets (e.g., diversity goals, employee engagement or satisfaction, employee retention, and workplace health and safety goals); implementation, completion or attainment of measurable objectives with respect to risk management, research and development, key products or key projects, lines of business, acquisitions and divestitures and strategic plan development and/or implementation; and/or comparisons with various stock market indices, peer companies or industry groups or classifications with regard to one more of these criteria.

**Restricted Stock.** A restricted stock award is an award of outstanding shares of our common stock that is subject to transfer and/or forfeiture restrictions for a period of time. During the period that any restrictions apply, the transfer of restricted shares is generally prohibited. Participants holding restricted shares will generally have the same voting and dividend rights as any other stockholder.

***Restricted Stock Units.*** A restricted stock unit is an unfunded, unsecured contractual right to receive shares of our common stock or cash at a future date, subject to such terms and conditions as our compensation committee may determine.

---

**Table of Contents**

***Non-Qualified Stock Options.*** A non-qualified stock option entitles the recipient to purchase shares of our common stock at a fixed exercise price. The exercise price per share will be determined by the compensation committee but will not be less than 100% of the fair market value of our common stock on the date of grant. Fair market value will generally be the closing price of our common stock on the NYSE on the date of grant. Non-qualified stock options under the Omnibus Plan generally must be exercised within ten years from the date of grant. A non-qualified stock option is an option that does not meet the qualifications of a qualified stock option as described below.

***Qualified Stock Option.*** A qualified stock option is a stock option that meets the requirements of Section 422 of the Internal Revenue Code. Qualified stock options may be granted only to employees and the aggregate fair market value of common stock determined at the time of grant with respect to qualified stock options that are exercisable for the first time by a participant during any calendar year may not exceed \$100,000. No qualified stock option may be granted to any person who, at the time of the grant, owns or is deemed to own stock possessing more than 10% of our total combined voting power or that of any of our affiliates unless (i) the option exercise price is at least 110% of the fair market value of the stock subject to the option on the date of grant and (ii) the term of the qualified stock option does not exceed five years from the date of grant.

***Stock Appreciation Rights.*** A stock appreciation right ( *SAR* ) entitles the recipient to receive an amount equal to the difference between the fair market value of our common stock on the exercise date and the exercise price of the *SAR* (which may not be less than 100% of the fair market value of a share of our common stock on the grant date), multiplied by the number of shares of common stock subject to the stock appreciation right. *SARs* may be granted to a recipient in tandem with non-qualified options (or, in the case of qualified stock options, with consent from the participant) or on a free-standing basis. Tandem stock appreciation rights will generally have substantially similar terms and conditions as the options with which they are granted. The participant has none of the rights of a stockholder with respect to any stock represented by a *SAR* prior to the exercise of the *SAR*.

***Unrestricted Shares.*** We may grant or sell to any participant unrestricted shares of our common stock under the Omnibus Plan.

***Dividend Equivalents.*** A dividend equivalent is a right to receive payments, based on dividends with respect to shares of our common stock. Dividend equivalents may be granted to participants in tandem with another award or as freestanding awards.

***Adjustments.*** In the event of a reclassification, recapitalization, stock split, reverse stock split, stock dividend, combination of shares or other similar event, the maximum number and kind of shares of common stock reserved for issuance or with respect to which awards may be granted under the Omnibus Plan will be adjusted to reflect such event, and our compensation committee will make such adjustments as it deems appropriate and equitable in the number, kind and price of shares of common stock covered by outstanding awards made under the Omnibus Plan, and in any other matters that relate to awards and that are affected by the changes in the shares referred to in this section.

***Change in Control.*** In the event of any proposed change in control (as defined in the Omnibus Plan), our compensation committee will take any action as it deems appropriate and equitable to effectuate the purposes of the Omnibus Plan and to protect the participants who hold outstanding awards under the plan, which action may include, without limitation, any one or more of the following to the extent permitted by Section 409A of the Internal Revenue Code: (i) acceleration of vesting; (ii) acceleration or change of the exercise and/or expiration dates of any award to require that settlement be made, if at all, prior to the change in control; (iii) cancellation of any award upon payment to the holder in cash of the fair market value of the stock subject to such award as of the date of (and, to the extent applicable, as established for purposes of) the change in control, less the aggregate exercise price, if any, of the award; and (iv) in any case where equity securities of another entity are proposed to be delivered in exchange for or with

respect to our common stock, arrangements to have such other entity replace the awards granted hereunder with awards with respect to such other securities, with appropriate adjustments in the number of shares subject to, and the exercise prices under, the award.

**Table of Contents**

***Clawback/Recoupment.*** Awards under the Omnibus Plan may be subject to recoupment or clawback as may be required by applicable law, or any recoupment or clawback policy we may institute.

***Amendment and Termination.*** The board of directors, without further approval of the stockholders, may amend or terminate the Omnibus Plan or any portion of the plan at any time and from time to time; however, no amendment will become effective without prior approval of our stockholders to increase the number of shares of common stock subject to the Omnibus Plan or if stockholder approval is required under the terms of the Omnibus Plan or is necessary to comply with any tax or regulatory requirement or rule of any exchange or national automated quotation system upon which our common stock is listed or quoted (including for this purpose stockholder approval that is required for continued compliance with Rule 16b-3) or stockholder approval that is required to enable the compensation committee to grant qualified stock options under the Omnibus Plan. Our compensation committee may make minor or administrative amendments to the Omnibus Plan as well as amendments that may be dictated by requirements of U.S. federal or state laws applicable to us or that may be authorized or made desirable by such laws. Our compensation committee may amend any outstanding award in any manner as provided in the Omnibus Plan and to the extent that the compensation committee would have had the authority to make such award as so amended. No amendment to the Omnibus Plan or any award may adversely affect the right of any participant with respect to a previously granted award without the participant's written consent.

**U.S. Federal Income Tax Consequences**

The following is a general summary of the material U.S. federal income tax consequences of the grant and exercise and vesting of awards under the Omnibus Plan and the disposition of shares acquired pursuant to the exercise or settlement of such awards and is intended to reflect the current provisions of the Code and the regulations thereunder. This summary is not intended to be a complete statement of applicable law, nor does it address foreign, state, local and payroll tax considerations. Moreover, the U.S. federal income tax consequences to any particular participant may differ from those described herein by reason of, among other things, the particular circumstances of such participant.

***Stock Options.*** The Code requires that, for treatment of an option as a qualified stock option, shares of common stock acquired through the exercise of a qualified stock option cannot be disposed of before the later of (i) two years from the date of grant of the option, or (ii) one year from the date of exercise. Holders of qualified stock options will generally incur no federal income tax liability at the time of grant or upon exercise of those options. However, the spread at exercise will be an item of tax preference, which may give rise to alternative minimum tax liability for the taxable year in which the exercise occurs. If the holder does not dispose of the shares before two years following the date of grant and one year following the date of exercise, the difference between the exercise price and the amount realized upon disposition of the shares will constitute long-term capital gain or loss, as the case may be. Assuming both holding periods are satisfied, no deduction will be allowed to us for federal income tax purposes in connection with the grant or exercise of the qualified stock option. If, within two years following the date of grant or within one year following the date of exercise, the holder of shares acquired through the exercise of a qualified stock option disposes of those shares, the participant will generally realize taxable compensation at the time of such disposition equal to the difference between the exercise price and the lesser of the fair market value of the share on the date of exercise or the amount realized on the subsequent disposition of the shares, and that amount will generally be deductible by us for federal income tax purposes, subject to the possible limitations on deductibility under Sections 280G and 162(m) of the Code for compensation paid to executives designated in those Sections. Finally, if a qualified stock option becomes first exercisable in any one year for shares having an aggregate value in excess of \$100,000 (based on the grant date value), the portion of the qualified stock option in respect of those excess shares will be treated as a non-qualified stock option for federal income tax purposes. No income will be realized by a participant upon grant of an option that does not qualify as a qualified stock option. Upon the exercise of a non-qualified stock option, the participant will recognize ordinary compensation income in an amount equal to the excess, if any, of the

fair market value of the underlying exercised shares over the option exercise price paid at the time of exercise. We will be able to

## **Table of Contents**

deduct this same amount for U.S. federal income tax purposes, but such deduction may be limited under Sections 280G and 162(m) of the Code for compensation paid to certain executives designated in those Sections.

**SARs.** No income will be realized by a participant upon grant of a SAR. Upon the exercise of a SAR, the participant will recognize ordinary compensation income in an amount equal to the fair market value of the payment received in respect of the SAR. We will be able to deduct this same amount for U.S. federal income tax purposes, but such deduction may be limited under Sections 280G and 162(m) of the Code for compensation paid to certain executives designated in those Sections.

**Restricted Stock.** A participant will not be subject to tax upon the grant of an award of restricted stock unless the participant otherwise elects to be taxed at the time of grant pursuant to Section 83(b) of the Code. On the date an award of restricted stock becomes transferable or is no longer subject to a substantial risk of forfeiture, the participant will have taxable compensation equal to the difference between the fair market value of the shares on that date over the amount the participant paid for such shares, if any, unless the participant made an election under Section 83(b) of the Code to be taxed at the time of grant. If the participant made an election under Section 83(b), the participant will have taxable compensation at the time of grant equal to the difference between the fair market value of the shares on the date of grant over the amount the participant paid for such shares, if any. Special rules apply to the receipt and disposition of restricted shares received by officers and directors who are subject to Section 16(b) of the Exchange Act. We will be able to deduct, at the same time as it is recognized by the participant, the amount of taxable compensation to the participant for U.S. federal income tax purposes, but such deduction may be limited under Sections 280G and 162(m) of the Code for compensation paid to certain executives designated in those Sections.

**Restricted Stock Units.** A participant will not be subject to tax upon the grant of a restricted stock unit award. Rather, upon the delivery of shares or cash pursuant to a restricted stock unit award, the participant will have taxable compensation equal to the fair market value of the number of shares (or the amount of cash) the participant actually receives with respect to the award. We will be able to deduct the amount of taxable compensation to the participant for U.S. federal income tax purposes, but the deduction may be limited under Sections 280G and 162(m) of the Code for compensation paid to certain executives designated in those Sections.

**Section 162(m).** Section 162(m) generally provides that compensation provided by a publicly held corporation to any Covered Employee is not deductible by the corporation for U.S. federal income tax purposes for any taxable year to the extent it exceeds \$1 million.

This limitation does not apply to compensation that qualifies as exempt performance-based compensation by meeting certain requirements under Section 162(m), including the requirement that the material terms of the related performance goals be disclosed to and approved by the corporation's shareholders not less frequently than every five years. Under Section 162(m), the material terms include the class of eligible employees, a description of the business criteria on which the performance goals may be based and the maximum amount that can be paid to any participant for a specified period. Although shareholder approval is one of the requirements for exemption under Section 162(m), even with shareholder approval, there can be no guarantee that compensation will be treated as exempt performance-based compensation under Section 162(m). The rules and regulations promulgated under Section 162(m) are complicated and may change from time to time, sometimes with retroactive effect. Therefore, there can be no guarantee that any award intended to qualify as performance-based compensation within the meaning of Section 162(m) will so qualify. Further, the compensation committee will continue to have authority and discretion to provide for compensation that is not exempt from the limits on deductibility under Section 162(m).

## **New Plan Benefits**

Except as set forth below, it is not possible to determine the benefits or amounts that will be received by or allocated to participants under the Omnibus Plan because awards under the Omnibus Plan will be made at the discretion of our compensation committee (or a sub-committee thereof, if necessary for Section 162(m) or Rule 16b-3 promulgated under the Exchange Act).

**AUDIT COMMITTEE REPORT**

*The information contained in this report shall not be deemed to be soliciting material or filed or incorporated by reference in future filings with the SEC or subject to the liabilities of Section 18 of the Exchange Act, except to the extent that we specifically incorporate it by reference into a document filed under the Securities Act of 1933 (the Securities Act ) or the Exchange Act.*

Our audit committee operates under, and has the responsibility and authority set forth in, the written charter adopted by our board of directors, which can be viewed on our website, [www.fglife.com](http://www.fglife.com) under Corporate Governance.

Our audit committee was established in accordance with Section 3(a)(58)(A) of the Exchange Act. Our audit committee charter adopted by our board incorporates requirements mandated by Sarbanes-Oxley Act of 2002 ( *Sarbanes-Oxley* ) and NYSE Rules. As described above, all members of our audit committee are independent as defined by SEC rules and NYSE Rules. At least one member of our audit committee is an audit committee financial expert as defined by SEC rules.

Management is responsible for our internal controls and the financial reporting process. Our independent registered public accounting firm, KPMG, is responsible for performing an independent audit of our consolidated financial statements in accordance with generally accepted auditing standards in the United States of America and for auditing the company's internal control over financial reporting and issuing their reports thereon. Our audit committee's responsibility is to monitor and oversee these processes.

In this context, our audit committee has reviewed and discussed with management and KPMG the audited financial statements for Fiscal 2014, management's assessment of the effectiveness of the company's internal control over financial reporting and KPMG's audit of our company's internal control over financial reporting. Our audit committee has discussed with KPMG the matters that are required to be discussed by Statement on Auditing Standards No. 61, as amended (Communication with Audit Committees). In addition, KPMG has provided our audit committee with the written disclosures and the letter required by the applicable requirements of the Public Company Accounting Oversight Board ( *PCAOB* ) regarding our independent accountant's communications with our audit committee concerning independence and our audit committee has discussed with KPMG their firm's independence. Our audit committee has concluded that KPMG's provision of audit and non-audit services to our company and its affiliates is compatible with KPMG's independence.

In reliance on the reviews and discussions referred to above, our audit committee recommended to our board that the audited consolidated financial statements for the Fiscal 2014 be included in our Annual Report on Form 10-K filed with the SEC for that year. The audit committee also recommended to our board of directors that KPMG be appointed as our independent registered public accounting firm for Fiscal 2015.

**Compensation Discussion and Analysis**

This compensation discussion and analysis provides an overview and analysis of our executive compensation program, including a discussion of our compensation philosophy. The discussion below is intended to help you understand the detailed information in the compensation tables and related narrative disclosure below. We discuss the material elements of our compensation program and the material factors considered by the compensation committee in making compensation decisions. Our analysis focuses on the compensation of the following individuals, who are our named executive officers ( *NEOs* ), as defined by SEC regulations:

<b>Officer</b>	<b>Position</b>
Leland C. Launer, Jr.	Chief Executive Officer and Director
Rajesh Krishnan	Executive Vice President and Chief Investment Officer
Eric L. Marhoun	Executive Vice President, General Counsel and Secretary
John P. O' Shaughnessy	Senior Vice President and Chief Actuary
Dennis R. Vigneau	Senior Vice President and Chief Financial Officer
Wendy J.B. Young <sup>(1)</sup>	Senior Vice President and Chief Risk Officer

<sup>(1)</sup> Ms. Young served as Chief Financial Officer until February 12, 2014, when she assumed the role of Chief Risk Officer.

**Philosophy and Objectives**

Our compensation programs are based on the following objectives:

Attract and retain highly qualified executives and employees;

Align our incentives with stockholder interests;

Drive performance and results; and

Support our culture.

To meet these objectives, our compensation programs include:

Base salary;

Short-term cash incentives;

Long-term equity incentives;

Opportunities for career development; and

Competitive benefits.

Market and industry practices are taken into account when developing compensation programs. Third-party market industry surveys and compensation data from other public companies are utilized when reviewing compensation. We consider our peer group to be companies that operate in markets in which we compete for customers, labor and capital and are similar to our company not only in industry and business model, but also in size which is appropriate for compensation comparisons.

Our goal is to align total compensation to the competitive market within our peer group while being mindful of internal equity. Salaries are reviewed annually in a process correlated to our performance management program and a competitive base salary market review. Incentives are the primary motivators to achieve business goals and strong business or individual performance can result in above-market incentives.

### Process

**Our Compensation Committee.** Our compensation committee is responsible for reviewing and approving the compensation and benefits strategy for our employees, including our NEOs, authorizing and ratifying equity grants and other incentive arrangements, and authorizing employment and related agreements. The compensation committee has the full authority of the board of directors to make compensation decisions relating to our NEOs.

**Role of Executive Officers.** Although our compensation committee has the authority to make final decisions with respect to executive compensation, our Senior Vice President, Human Resources in partnership with our Chief Executive Officer, drive the design and implementation of all executive compensation programs. The goal is to ensure that the design of our compensation programs supports our overall strategy. Except for his own compensation, the Chief Executive Officer has final management-level review of any compensation program or individual element of compensation for our NEOs before they are reviewed by the compensation committee. The Chief Executive Officer and our other NEOs do not participate in discussions regarding their own compensation.

**Review and Assessment of Compensation Policies.** During Fiscal 2014, we reviewed our executive compensation policies and practices in light of our emergence as a newly public company. While no changes were made to the current compensation structure, the compensation committee and our management will be involved in an on-going assessment of our compensation structure. We retained Mercer to serve as our executive compensation consultant and to assist and advise the compensation committee in connection with executive compensation policies and practices. Mercer conducted a comprehensive overview of the market compensation levels for similarly situated executives operating in a similar environment to our company. In order to obtain a complete view of the competitive market for talent, Mercer considered data from publicly available peer company proxy statements, and, as a secondary view of the market, considered data from published survey sources, which includes industry peers from privately held and publicly traded organizations. In particular, Mercer analyzed two key elements: pay magnitude and pay practices. Pay magnitude relates to overall base pay delivery, base salaries, annual and long-term incentive targets and payouts. Pay practices is the assessment of the design attributes of other organizations' incentive plans that provide perspectives on performance measurement, the mix of long-term incentive vehicles, vesting and stockholding requirements.

**Comparison Group.** To benchmark the competitiveness of our executive compensation programs, the compensation committee established a comparison group of peer companies (the *Comparison Group*), with the assistance and advice of the company's management and Mercer. The Comparison Group is used as a reference to address key areas of executive compensation, including pay magnitude, pay practices and the design of incentive plans. We analyze the performance and compensation data of the Comparison Group to ensure that our executive pay is appropriately aligned with results and consistent with the performance of our peers.

In establishing the Comparison Group, we selected peers that operate in markets in which we compete for customers, labor and capital. For Fiscal 2014, the Comparison Group used by the compensation committee consisted of the following companies:

American Equity Investment Life

American Financial Group

Assurant, Inc.

American National Insurance

CNO Financial Group Inc.

FBL Financial Group Inc.

National Western Life

Phoenix Companies Inc.

**Table of Contents**

Protective Life Corp.

Stancorp Financial Group Inc.

Symetra Financial Corp.

Torchmark Corp.

Mercer produced a report comparing the compensation of our executive officers to similarly situated executives in the Comparison Group. In addition to market and compensation data about the Comparison Group, Mercer took into account industry surveys that include private peer companies. These surveys included the following:

Mercer US Executive Remuneration Suite

Mercer US Compensation Planning Report

LOMA Executive Compensation Survey

Towers Watson Top Management Compensation Survey Report.

Mercer also uses ISS and Glass-Lewis peer groups as reference points to understand how our company may be benchmarked from a governance perspective.

**Elements of Our Executive Compensation Program**

In connection with our initial public offering completed in December 2013, we adopted the Omnibus Plan and began sponsorship of various other benefit plans and compensation arrangements for our executive officers. Prior to November 2013, our wholly owned subsidiary, Fidelity & Guaranty Life Holdings, Inc. ( *FGLH* ), sponsored the employee benefit plans and compensation arrangements for our executives, under the direction of FGLH's board of directors and compensation committee.

For Fiscal 2014, the compensation program for our NEOs consisted of the following key elements:

Base salary;

Short-term incentive compensation;

Long-term incentive compensation; and

Benefits and perquisites.

Each of these elements is considered critical to our executive compensation program. Set forth below is a discussion of each element of compensation, the rationale for each element, and how each element fits into our overall compensation philosophy.

**Base Salary.** We provide a base salary to our NEOs to compensate them for their services rendered on a day-to-day basis during the year. Base salaries are set to attract and retain executives with qualities necessary to ensure our short-term and long-term financial success. We strive to set base salary levels that are competitive to the salaries of executives in similar positions with similar responsibilities at companies in the Comparison Group. We target our base salaries to be competitive with our market relative to the Comparison Group. The determination of any particular NEOs base salary is based on market compensation rates and individual factors, including personal performance and contribution, experience in the role, scope of responsibility and overall impact on the business. The base salaries of our NEOs are reviewed annually and adjusted when necessary to reflect market conditions as well as individual roles and performance.

**Table of Contents**

The table below shows increases to base salaries for Fiscal 2014. We increased Mr. Marhoun's base salary in recognition of his promotion to Executive Vice President. We increased Ms. Young's base salary in recognition of her promotion to Senior Vice President and Chief Risk Officer.

<b>Name</b>	<b>Fiscal 2014 Base Salary</b>	<b>Percentage Increase from Fiscal 2013</b>
Leland C. Launer, Jr.	\$ 700,000	0%
Rajesh Krishnan	350,000	0%
Eric L. Marhoun	350,000	7.7%
John P. O' Shaughnessy	325,000	0%
Dennis R. Vigneau	400,000	N/A
Wendy J.B. Young	300,000	36%

**Short-Term Incentives.** In order to promote our pay for performance culture, we pay annual cash incentives to our NEOs for achieving performance targets that support our corporate goals. The Chief Executive Officer and our executive team develop an annual business plan that includes objectives for the next year to drive short- and long-term business performance. The compensation committee reviews these objectives and establishes performance targets. Performance against plan objectives are reviewed and approved by the compensation committee to establish the bonus pool for each performance period. Short-term incentive payouts require that minimum targets are satisfied and allow for recognition of individual performance and contribution against those goals.

Prior to our initial public offering, eligible employees were covered under the Fidelity & Guaranty Life Employee Incentive Plan (the *EICP*), an annual, cash-based bonus plan. Effective January 1, 2014, the EICP was amended and restated, and will continue to be used for awards not intended to qualify as performance-based compensation under Section 162(m). Also effective January 1, 2014, the company established the 162(m) Plan for cash awards intended to qualify as performance-based compensation. The 162(m) Plan was created to attract and retain the best available executive officers to be responsible for the management, growth, and success of the company's business and to provide an incentive for such individuals to exert their best efforts on behalf of the company and its stockholders. The 162(m) Plan is subject to stockholder approval, as set forth in Proposal 5.

Until December 31, 2013, we operated the EICP on a calendar-year basis. The EICP and 162(m) Plan operated on a stub year for the period of January 1, 2014 to September 30, 2014. Going forward, the EICP and 162(m) Plan will be measured on our fiscal year (October 1 to September 30), with the bonus payouts scheduled for the following January.

*2013 Calendar Year EICP*

For the 2013 calendar year, the EICP included two performance components: one based on achievement of certain specified financial and operational objectives, which we refer to as the corporate performance component, and the other based upon achievement of certain measurable individual objectives, which we refer to as the individual performance component. Each of the corporate performance component and the individual performance component is weighted at 50% of the NEO's bonus calculation.

The corporate performance component for the 2013 calendar year included the following metrics:

<b>2013 Objectives</b>	<b>Weighting</b>
Achieve the Financial Plan	60%
Achieve the Sales/Product Development Plan	15%
Implement Corporate Strategy	10%
Implement Investment Strategy	10%
Implement People Strategy	5%
Weighting Total	100%

**Table of Contents**

Depending on actual performance, bonus payments could range from 50% to 150% of the target. As a result of the performance against our goals in calendar year 2013, the bonus pool for determining individual executive incentive awards under our EICP resulted in an overall award of 111.6% of target for each of our NEOs for the 2013 calendar year, which was paid out in March 2014.

<b>Name</b>	<b>2013 Target Bonus (% of Base Salary Earnings)</b>	<b>Actual Bonus Earned (% of Base Salary Earnings)</b>
Leland C. Launer, Jr.	100%	112%
Rajesh Krishnan	50%	55%

Dennis R. Vigneau <sup>(1)</sup>	N/A	N/A
Wendy J.B. Young	36%	40%

<sup>(1)</sup> Mr. Vigneau began his employment with our company in January 2014.

**2014 Stub Year EICP**

The 2014 stub year EICP included a corporate performance component and an individual performance component, each weighted at 50%. The corporate performance component of the EICP included the following metrics:

<b>2014 Objectives</b>	<b>Weighting</b>
Achieve the Financial Plan	60%
Transition to a Public Company	10%
Implement Corporate Strategy	12%
Implement Investment Strategy	10%
Implement People Strategy	8%
<b>Weighting Total</b>	<b>100%</b>

The compensation committee approved the percentage of base salary paid for performance at the target levels depicted below. Depending on actual performance, bonus payments could range from 50% to 150% of target. As a result of the performance against our goals in stub year 2014, the bonus pool for determining individual executive incentive awards to be paid in January 2015 under the EICP resulted in an overall award of 112% of target.

<b>Name</b>	<b>2014 Target Bonus (% of Base Salary Earnings)</b>	<b>Actual Bonus Earned (% of Base Salary Earnings)</b>
Leland C. Launer, Jr. <sup>(1)</sup>	N/A	N/A

*162(m) Plan*

The compensation committee, in its sole discretion, has the authority to select the officers (including officers who are directors) to participate in the 162(m) Plan, to establish the performance goals, and to determine the amounts of incentive compensation bonus payable to any participant. Awards will be paid to a participant as a result of the satisfaction of performance goals in each performance period, which may consist of one or more fiscal years designated by the compensation committee in which a performance goal must be satisfied in order

for the award or a portion thereof to be payable. Prior to each performance period, the compensation committee will establish a performance goal or goals for each participant and the payout formula for purposes of determining the award payable to such participant upon the attainment of the performance goal. At the time the performance goals are approved by the compensation committee, their outcome must be substantially uncertain. Neither the performance goals nor the payout formula may be changed following their establishment, except that the compensation committee has the authority to adjust such goals and formulas during a performance period for such reasons as it deems equitable to the extent permitted while still satisfying the requirements for qualified performance based compensation under Section 162(m).

The performance goals for the 2014 stub year approved by the compensation committee included the following measures:

After-Tax Adjusted Operating Income

Return on Equity

Sales

RBC Ratio

Lifetime New Business Return on Equity

New Business Internal Rate of Return

For the 2014 stub year, the target percentages of base salary to be paid for performance are as depicted in the table below.

<b>Name</b>	<b>2014 Target Bonus (% of Base Salary Earnings)</b>	<b>Actual Bonus Earned (% of Base Salary Earnings)</b>
Leland C. Launer, Jr.	150%	110%
Rajesh Krishnan	75%	56%

Wendy J.B. Young <sup>(1)</sup>	N/A	N/A

(1) Mr. Marhoun and Ms. Young are participants in our EICP.

(2) Our Chief Financial Officer is not a Covered Employee for Section 162(m) purposes and therefore Mr. Vigneau remains a participant under our EICP.

The compensation committee approved the performance of the 162(m) Plan metrics at 108%. Incentive payments under the 162(m) Plan are scheduled to be paid out in January 2015.

**Long-Term Incentives.** We believe that equity-based awards link compensation levels with performance results and ensure sustained alignment with stockholder interests. Additionally, we believe equity awards provide an important retention tool for our NEOs, because the awards are subject to multi-year vesting. In furtherance of these objectives, we grant equity-based awards, including stock options, restricted stock and performance restricted stock units ( *Performance RSUs* ) to our NEOs and other employees.

The target long-term incentive awards are based on relative percentage of base salary as well as the number of options or shares offered to be granted. This target is based on the executive's position and level in the organization. For our NEOs, the targets are as follows:

<b>Position Title</b>	<b>LTI Award (% of Base Salary)</b>
Chief Executive Officer	100%
Executive Vice President	50%
Senior Vice President	40%

**Table of Contents***Options and Restricted Shares*

For the 2014 stub year, our compensation committee approved the grant of options and restricted shares to our NEOs under the Omnibus Plan, as set forth in the table below. The amounts approved for grants were calculated as a percentage of base salary, which was determined based on the NEO's position, plus a supplemental option award to Mr. Krishnan. In addition, our CEO received supplementary equity awards for services in his role as director of our company.

<b>Name and Position</b>	<b>Percentage of Base Salary</b>	<b>Total Dollar Value of Equity Grant</b>	<b>Options Granted(#)</b>	<b>Restricted Shares Granted(#)</b>
Leland C. Launer, Jr. <sup>(1)</sup>	100%	\$ 700,000	109,470	24,339
Rajesh Krishnan	50%	195,410	14,142 <sup>(2)</sup>	8,751
Eric L. Marhoun	50%	175,000	7,956	8,751
John P. O. Shaughnessy	40%	130,000	5,910	6,501
Dennis R. Vigneau				
Wendy J.B. Young	40%	120,000	5,454	6,000

(1) Reported amounts exclude director grants. See Director Compensation below.

(2) Includes supplemental option grant.

*Performance RSUs*

Our compensation committee approved grants of Performance RSUs under the Omnibus Plan to all of our NEOs and select other senior executives. We believe the grant of Performance RSUs will further incentivize our NEOs to increase stockholder value and will align the compensation of our NEOs with the long-term growth and profitability of our company. In addition, the Performance RSUs have retentive value, because recipients will be required to remain employed by us in order to realize the value of the awards at the end of the three-year performance period. The agreements governing the Performance RSUs contain a three-year performance period and performance metrics, which include a minimum threshold target, and stretch goals and maximum earnings for two key metrics of annual operating income (AOI) and return on equity (ROE) for the October 1, 2013 through September 30, 2016 performance period. The payout percentage for reaching these achievement levels are as follows:

<b>Achievement Level Against Target</b>	<b>Payout Percentage</b>
Minimum	50%
Target	100%
Stretch	175%
Maximum	200%

The performance measures will be evaluated by the independent sub-committee of our compensation committee. The sub-committee will determine the extent to which the performance measures have been met following the end of the performance period, and the number of Performance RSUs earned and vested. Performance RSUs will not be deemed to have been earned until the sub-committee has completed its determination and certification that the performance measures have been attained. The committee or sub-committee may exercise discretion to reduce or eliminate any

payment otherwise due under the Performance RSUs.

For Fiscal 2014, the independent sub-committee approved the following achievement against target:

Annual Operating Income (AOI)	Percentage Achieved: 43.6%
Return on Equity (ROE)	Percentage Achieved: 81.0%
Total Combined 2014	Percentage Achieved: 124.6%

**Table of Contents**

Performance RSUs which are earned will become vested on September 30, 2016, provided that the NEO remains in our continuous employment from the grant date through such date. On an involuntary termination of employment by us without cause, the NEO will become vested in his or her Performance RSUs through the fiscal year prior to the fiscal year in which the termination of employment occurred and will forfeit the remaining Performance RSUs. If the NEO terminates employment with us for any other reason prior to September 30, 2016, the NEO will forfeit all of the Performance RSUs.

For each of the three years in the performance period, the number of Performance RSUs as of the grant date will be multiplied by 33-1/3%, multiplied by the applicable percentage based on attained AOI and ROE, and will be credited to the NEO's account. At the end of the three-year performance period, the number of Performance RSUs in the NEOs account will be adjusted so that the total number of Performance RSUs is determined as the sum of the following:

<b>Fiscal Year</b>	<b>Percentage of Credited Performance RSUs based on AOI</b>	<b>Percentage of Credited Performance RSUs based on ROE</b>	<b>Percentage of Credited Performance RSUs Each Year</b>
2014	50%	50%	33 1/3%
2015	50%	50%	33 1/3%
2016	50%	50%	33 1/3%

For Fiscal 2014, our compensation committee approved grants of Performance RSUs to our NEOs set forth in the table below.

<b>Name and Position</b>	<b>Performance RSU Grants</b>
Leland C. Launer, Jr.	108,225
Rajesh Krishnan	72,150
Eric L. Marhoun	72,150
John P. O' Shaughnessy	72,150
Dennis R. Vigneau	72,150
Wendy J.B. Young	72,150

*Modification of FGL Awards Granted Prior to our IPO*

In preparation for our IPO in December 2013, our compensation committee approved certain changes to the outstanding equity awards in respect of FGLH common stock under various FGLH equity incentive plans. The effect of these changes was to convert the awards into cash settled equity awards, so that FGLH would continue to remain our wholly owned subsidiary after the IPO. The modification also ensures that our NEOs and other employees will realize the value of their current equity holdings, which may not otherwise be possible, because there is no public market for FGLH common stock. The modifications to the outstanding FGLH equity awards were as follows:

All vested options to purchase Class A common stock of FGLH granted in November 2011 to our NEOs and in April 2012 to our directors will be cash settled upon exercise. Upon exercise, the holder will receive a

cash payment equal to the excess of the fair market value of a share of Class A common stock of FGLH over the exercise price of the option.

All vested options to purchase Class B common stock of FGLH granted in January 2013 to our NEOs and in May 2013 to our directors will be cash settled upon exercise. Upon exercise, the holder will receive a cash payment equal to the excess of the fair market value of a share of Class B common stock of FGLH over the exercise price of the option.

All outstanding restricted shares of Class B common stock of FGLH held by our NEOs and directors were canceled. For each canceled share, we issued a restricted stock unit, which will vest on the same dates as set forth in the restricted stock agreement and will be settled in cash upon vesting based on the fair market value of a share of Class B common stock of FGLH.

## **Table of Contents**

We amended the 2012 FGLH Dividend Equivalent Plan to eliminate the performance vesting criteria associated with the dividend equivalent awards granted under the plan. The dividend equivalents awarded to our NEOs and directors will vest and pay out if the holder continues in our employment or to provide services as a director through March 31, 2016.

**Benefits and Perquisites.** Our NEOs are eligible to participate in our tax-qualified 401(k) defined contribution plan and our health and welfare plans on the same basis as our other salaried employees. Our NEOs also participate in a limited number of perquisite programs.

**401(k) Plan.** Under the 401(k) Plan, our company will match 100% of a participant's contributions up to five percent of compensation, subject to the limits specified in the Internal Revenue Code. For years prior to calendar year 2013, the employer match vests ratably over three years of employment. Effective January 1, 2013, the employer match vests immediately. The 401(k) plan also allows for annual discretionary profit sharing contributions, which historically have been 2% of earnings, subject to Internal Revenue Code limits. Any profit sharing contributions are immediately vested.

**Nonqualified Deferred Compensation Arrangements.** We permit our NEOs to defer on an elective basis a specified portion of their base salaries and performance-based bonus compensation, if any. See the narrative description following the table entitled "Nonqualified Deferred Compensation" below for more information surrounding the terms of the nonqualified deferred compensation plan.

**Health and Welfare Benefits.** We also offer a package of insurance benefits to all salaried employees, including our NEOs, including health, vision and dental insurance, basic life insurance, accidental death and dismemberment insurance and short- and long-term disability insurance.

**Limited Executive Perquisites.** All of our NEOs are eligible to participate in the Executive Life Insurance Plan. Under this plan, the beneficiary of a participant who dies while employed by us is entitled to a lump sum payment equal to three times his or her annual base salary at the time of hire. Our NEOs are also offered executive physicals at our cost once biannually. The value of these executive perquisites is reflected in the "All Other Compensation" column of the Summary Compensation Table below.

We maintain no defined benefit pension plans or retiree medical plans.

## **Employment Agreements**

Each of Messrs. Launer, Krishnan, Marhoun, O' Shaughnessy, and Vigneau and Ms. Young is party to an employment agreement. In November 2013, we entered into amended and restated employment agreements with Messrs. Krishnan and O' Shaughnessy, and new employment agreements with Mr. Marhoun and Ms. Young. In January 2014, we entered into an employment agreement with Mr. Vigneau. These employment agreements include the specific terms set forth in greater detail below in "Narrative to Summary Compensation Table and Grants of Plan-Based Awards Table." We believe that having employment agreements with our NEOs is beneficial to us because it provides retentive value, subjects the executives to key restrictive covenants, and generally provides us with a competitive advantage in the recruiting process over a company that does not offer employment agreements.

## **Stock Ownership Guidelines**

During Fiscal 2014, the compensation committee approved stock ownership guidelines that require certain of our executive officers to acquire and retain a minimum number of shares of our common stock. The purpose of the guidelines is to align the interests of the executive officers with the interests of our stockholders and to

**Table of Contents**

promote our commitment to sound corporate governance. Under the guidelines, executive officers have three years to accumulate the minimum holding amount, which is a multiple of base salary, as follows:

<b>Participant</b>	<b>Multiple of Base Salary</b>
Chief Executive Officer	4x
President	2x
Executive Vice President	2x
Chief Actuary	1x
Chief Distribution Officer	1x
Chief Financial Officer	1x
Chief Risk Officer	1x

Participants are required to maintain the minimum holding amount so long as they serve in an executive position covered by the guidelines. Shares of common stock that count toward the minimum holding amount include:

shares owned outright by the participant or his or her immediate family members residing in the same household,

shares of restricted stock, whether vested or not,

shares earned as part of a Performance RSU under a plan that pays out in shares,

shares acquired upon option exercises, and

other shares granted under the Omnibus Plan or similar equity award plan.

The compensation committee may, in its discretion, amend, waive or suspend the guidelines to take into account changes in our common stock, our compensation philosophy, or other factors it deems relevant.

**Impact of Tax Considerations**

With respect to taxes, Section 162(m) imposes a \$1 million limit on the deduction that a company may claim in any tax year with respect to compensation paid to any Covered Employee, unless certain conditions are satisfied. Certain types of performance-based compensation are generally exempted from the \$1 million limit. Performance-based compensation can include income from stock options, performance-based restricted stock, and certain formula-driven compensation that meets the requirements of Section 162(m). One of the factors that we may consider in structuring the compensation for our NEOs is the deductibility of such compensation under Section 162(m), to the extent applicable. However, this is not the driving or most influential factor. Our compensation committee may approve non-deductible compensation arrangements after taking into account several factors, including our ability to utilize deductions based on projected taxable income, and specifically reserves the right to do so.

## **Relationship of Compensation Policies and Practices to Risk Management**

The company adheres to compensation policies and practices that are designed to support a strong risk management culture. We have reviewed the company's compensation programs, policies and practices for employees and have determined that those programs, policies and practices do not encourage excessive risk taking and are not reasonably likely to have a material adverse effect on the company.

**Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table**

***Employment Agreements with Named Executive Officers***

*Mr. Launer's Amended and Restated Employment Agreement*

On March 21, 2013, we entered into an amended and restated employment agreement with Mr. Launer, which amended and restated his prior employment agreement (dated as of June 27, 2011 and subsequently amended on November 1, 2012). The employment agreement had an initial term commencing on May 1, 2013 and ending on April 30, 2014, provided that the agreement will automatically renew each year for an additional one-year period unless either party provides prior written notice of non-renewal. The employment agreement provides for an annual base salary of \$700,000. During the initial term of the employment agreement, Mr. Launer was eligible for an annual target bonus opportunity in an amount equal to 100% of his base salary, depending on company and individual performance during the performance period. Except upon certain qualified terminations (as described below), Mr. Launer must be actively employed by the employer on the date the bonus is scheduled to be paid in order to receive the annual bonus.

The amended and restated employment agreement also provides for future equity grants. For each additional term in which Mr. Launer is employed by the employer as of the first day of each additional term (May 1 of each year starting in 2014), Mr. Launer will be granted by the following December 31 stock options, restricted stock or both with a grant date fair market value of \$700,000. Each equity grant will vest and become exercisable in equal annual installments on the first three anniversaries of the grant date.

On any termination of employment, Mr. Launer will receive base salary through the termination date, accrued but unused vacation days as of the termination date and any earned and unpaid bonuses for any previously completed bonus years. The employment agreement also provides, in general terms, for the following severance benefits: (i) if Mr. Launer's employment is terminated because of death or disability, a pro rata annual bonus for the year in which the termination occurs; (ii) if Mr. Launer's employment is terminated by the employer without cause (and not as a result of death or disability) or if Mr. Launer terminates his employment for good reason, a pro rata annual bonus for the year in which the termination occurs and continued payment of base salary through the remainder of the term (including any additional term) or, if for longer, for six months following his termination; and (iii) if Mr. Launer's employment is terminated as the result of a non-renewal of the term by the employer, base salary for a period of three months from the date the employer notifies Mr. Launer of its election to not renew the term. As a condition to receiving any severance payments, Mr. Launer (or the executor or administrator of his estate in the event of his death) must execute and not revoke a general release agreement in a form provided by the employer within thirty days following his separation from service.

Mr. Launer will be deemed terminated for cause under the amended and restated employment agreement if the employer terminates his employment in writing after Mr. Launer (i) has been convicted, indicted for, or entered a plea of nolo contendere to, any felony or any other act involving fraud, theft, misappropriation, dishonesty or embezzlement, (ii) has committed intentional and willful acts of misconduct that materially impair the goodwill or business of the employer or (iii) has willfully refused to, or willfully failed to, perform in any material respect his duties under the agreement, provided that the employer had given written notice of his refusal or failure and Mr. Launer had not cured the refusal or failure within ten days.

Good reason under Mr. Launer's employment agreement generally means one of the following events: (i) any material diminution in his title, responsibilities or authorities, (ii) the assignment of duties that are materially

**Table of Contents**

inconsistent with his duties as President and Chief Executive Officer of the employer, (iii) any change in the reporting structure so that he reports to any person or entity other than the board of directors of FGLH, (iv) a breach by the employer of any material terms of the employment agreement or (v) any failure of the employer to obtain the assumption of its obligations under the employment agreement by any successor to all or substantially all of its business or assets upon the consummation of a corporate transaction, in each case above, without either (x) Mr. Launer's express prior written consent or (y) full cure by the employer within 30 days after Mr. Launer gives written notice requesting cure (provided that his written notice is given within 60 days after he first learns the event has occurred). To constitute good reason, Mr. Launer must terminate his employment no later than four months following the date he learns of the event constituting good reason.

In November 2013, Mr. Launer executed a written letter agreement in which he acknowledged the existence of and consented to the change in the reporting structure such that he will report to our board of directors, rather than FGLH, and waived the change in reporting structure as a condition on which he could terminate his employment for good reason under his amended and restated employment agreement.

The employment agreements also provide that in the event that any payments and benefits payable pursuant to the employment agreement or any other agreement in connection with a change in control would be subject to the golden parachute excise tax, (1) such payments and benefits will be reduced to the amount that would result in no portion of the payments or benefits being subject to the excise tax and (2) if any portion of the payments or benefits that would be reduced pursuant to clause (1) would not be so reduced if the stockholder approval requirements of Section 280G(b)(5) of the Code are satisfied, then the employer will use commercially reasonable efforts to cause such portion of the payments and benefits to be submitted for approval prior to giving rise to the payments.

Mr. Launer is subject to a non-competition covenant and a non-solicitation covenant during employment and six and twelve months thereafter for the non-competition covenant and the non-solicitation covenant, respectively.

The amended and restated employment agreement also provides that the employer may elect, in its sole discretion, on or before the thirtieth day following Mr. Launer's termination of employment (i) by the employer without cause, (ii) by reason of non-renewal of the term by the employer or (iii) by reason of a resignation by Mr. Launer with good reason, to pay to Mr. Launer his continued base salary for an additional period not to exceed 270 days beyond the expiration of the expiring term, provided that Mr. Launer agrees (x) to comply with the requirements of the non-competition and non-solicitation covenants for the duration of the extended period and (y) to comply with each of his other obligations under the employment agreement, including the requirements related to confidentiality and non-disparagement and his obligation to release the company.

In connection with Mr. Launer's amended and restated employment agreement, FGLH amended Mr. Launer's employee stock option agreements and restricted stock agreement governing his outstanding equity awards. The amendments are described above under Long Term Incentives Options and Restricted Stock.

In light of Mr. Littlefield joining the company as President on October 6, 2014, Mr. Launer executed an amendment to his amended and restated employment agreement to change his title from President and Chief Executive Officer to Chief Executive Officer. In addition, this amendment provides for future equity grants from FGL in lieu of FGLH grants which will satisfy the original requirement for FGLH grants for each additional term in which Mr. Launer is employed by the employer as of the first day of each additional term with a grant date fair market value of \$700,000. Each equity grant will vest and become exercisable in equal annual installments on the first three anniversaries of the grant date.

predecessor entity of FGL Services. We have noted below the terms where the amended and restated employment agreements of Messrs. Krishnan and O Shaughnessy differ from their prior employment agreements in effect as of fiscal year end 2013. In addition, in November 2013, FGL Services entered into new employment agreements with Mr. Marhoun and Ms. Young. In January 2014, FGL Services entered into a new employment agreement with Mr. Vigneau. Entry into the amended and restated and new employment agreements was approved by our compensation committee in November 2013. Mr. Vigneau's employment agreement was approved by our compensation committee in January 2014. The amended and restated employment agreements with each of Messrs. Krishnan and O Shaughnessy and the new employment agreements with Messrs. Vigneau and Marhoun and Ms. Young are referred to herein together as the employment agreements.

The employment agreements do not have a fixed term and provide for compensation and benefits at our sole discretion. Under the employment agreements, we may terminate the executive's employment for cause at any time. Either we or the executive may terminate the executive's employment (other than in cases of cause, death or disability) by giving the other party three months' written notice. In the event that either party provides notice, for the duration of the three-month notice period, the executive will continue to receive the base salary that he received immediately prior to the notice and will continue to be eligible for benefits. Except as provided below, the executive will not be eligible for any bonus (either in full or pro rata) otherwise payable after the date on which notice is given, nor be eligible for any benefits after the termination date. Upon a termination of employment, the executive will have the right to elect COBRA continuation coverage at his expense.

Under any termination, the executive will be entitled to salary, accrued and unused vacation time and accrued benefits through the termination date. Upon a termination by us other than for cause, provided the executive signs and delivers, and does not revoke, a general release in a form acceptable to us, the executive will be entitled to receive the following severance benefits in a lump sum following the expiration of any revocation period in the release agreement: (i) severance payment equal to two weeks of base salary for every year of employment (counting service to the predecessor entity and its affiliates), subject to a minimum payment of, for Messrs. Vigneau, Krishnan, Marhoun and O Shaughnessy, 26 weeks, and for Ms. Young, 39 weeks' base salary and a maximum payment of 52 weeks' base salary, and (ii) if the executive properly elects COBRA coverage, we will make payments to the insurance provider equal to the amount due for the executive's COBRA coverage payments for a period of time equal to the number of weeks of severance payments (or, if sooner, until the executive is eligible to receive health benefits under another medical plan).

Upon a termination for disability, the executive will receive a pro rata bonus for the period when the executive was performing his or her regular duties on a full-time basis. Upon the executive's death, the executive's estate shall be eligible to receive the executive's bonus, if any, for the period up through the executive's death (and in the event the executive's death is prior to the end of a compensation year, the bonus will be prorated).

For purposes of the employment agreements, cause means, generally, our determination that (i) the executive has breached his obligations under the employment agreement; (ii) the executive has failed to perform duties assigned to him in a manner satisfactory to us, subject to our obligation to provide the executive with prior notice providing reasonable detail of the bases for the unsatisfactory performance and an opportunity to correct the performance deficiencies; (iii) the executive has engaged in acts of dishonesty or moral turpitude, or any unlawful conduct; or (iv) the executive has engaged in conduct that is likely to affect adversely our business and/or reputation.

Under the employment agreements, during the executive's employment and for 18 months following any termination of employment, the executive is subject to a non-solicitation covenant related to clients and employees. In addition, during employment and for six months following any termination of employment, each executive is subject to a non-competition restrictive covenant under the employment agreements.

(1) Amounts reported in this column are included in the Summary Compensation Table in the Salary and Non-Equity Incentive Plan Compensation columns for Fiscal 2014.

(2) Amounts reported in this column are not reported as compensation in the Summary Compensation Table. The Deferred Compensation Plan permits our participating NEOs and certain other employees to elect to defer up to 50% of their base salary and up to 100% of any performance-based non-equity incentive plan compensation. Any deferral elections are made under the Deferred Compensation Plan pursuant to a participation agreement with the NEO. We have eliminated the annual discretionary grant to each active participating NEO effective January 2013. Past employer contributions vest 20% for each year of service and are fully vested after five years of service. Deferred amounts and employer contributions are contributed to individual accounts in the FGLH Executive Deferred Compensation Plan Trust. The participants self-direct the notional investment of deferred contribution accounts in investment funds from a selection made available by our retirement committee.

## **Table of Contents**

The vested balance of the deferred compensation accounts will be distributed to each participating NEO upon his or her death, disability or separation from service (including retirement). Participants may elect upon initial enrollment to have accounts distributed upon a change in control event, although none of our NEOs have so elected. In-service hardship and education account withdrawals are permitted under the plan with respect to participant deferrals and employer credits.

### **Potential Payments upon Termination or Change in Control**

#### ***Effect of Termination or Change in Control under the Employment Agreements***

For a description of the potential payments upon a termination pursuant to the employment agreements with our NEOs, see Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table Employment Agreements with Named Executive Officers.

#### ***Effect of Termination or Change in Control on Company Options***

*Termination of Employment.* Under the grant agreements, upon termination of employment for any reason other than for cause (as defined in the grant agreements), non-vested options are forfeited, and vested options remain exercisable for up to 30 days. Upon termination of employment for cause, all unexercised options, whether vested or nonvested, are forfeited.

*Change in Control.* Upon a proposed change in control (as defined in the Omnibus Plan), the plan provides that compensation committee shall take such action as it deems appropriate and equitable to effectuate the purposes of the plan and to protect participants, which action may include, without limitation, any one or more of the following to the extent permitted by Section 409A of the Code: (i) acceleration of vesting; (ii) acceleration or change of the exercise and/or expiration dates of any award to require that settlement be made, if at all, prior to the change in control; (iii) cancellation of any award upon payment to the holder in cash of the fair market value of the stock subject to such award as of the date of (and, to the extent applicable, as established for purposes of) the change in control, less the aggregate exercise price, if any, of the award; and (iv) in any case where equity securities of another entity are proposed to be delivered in exchange for or with respect to stock of the company, arrangements to have such other entity replace the awards granted hereunder with awards with respect to such other securities, with appropriate adjustments in the number of shares subject to, and the exercise prices under, the award.

The grant agreements provide that no cancellation, acceleration, vesting, lapse of restrictions or other payments shall occur in connection with a change in control if the compensation committee determines that the options will be honored or assumed, or materially similar (or more favorable) new awards will be granted, in connection with the change in control. If the compensation committee determines that the options will not be honored or assumed, and materially similar (or more favorable) awards will not be granted, in connection with the change in control, then the outstanding nonvested options shall vest, and all outstanding options shall remain exercisable for 30 days following the change in control, unless the compensation committee decides to cash out the options (based on the current spread) or take other actions permitted by the plan (as described above). If an amount payable would result in imposition of the excise tax under Section 4999 of the Code, then the payment shall be reduced in order to provide the maximum after-tax benefit to the grantee.

#### ***Effect of Termination or Change in Control on Company Restricted Stock***

*Termination of Employment.* Under the grant agreements, upon termination of employment for any reason, nonvested restricted stock is forfeited.

*Change in Control.* Upon a proposed change in control (as defined in the Omnibus Plan), the plan provides that compensation committee shall take such action as it deems appropriate and equitable to effectuate the purposes of the plan and to protect participants, which action may include, without limitation, any one or more of the following to the extent permitted by Section 409A of the Code: (i) acceleration of vesting;

**Table of Contents**

(ii) acceleration or change of the exercise and/or expiration dates of any award to require that settlement be made, if at all, prior to the change in control; (iii) cancellation of any award upon payment to the holder in cash of the fair market value of the stock subject to such award as of the date of (and, to the extent applicable, as established for purposes of) the change in control, less the aggregate exercise price, if any, of the award; and (iv) in any case where equity securities of another entity are proposed to be delivered in exchange for or with respect to stock of the company, arrangements to have such other entity replace the awards granted hereunder with awards with respect to such other securities, with appropriate adjustments in the number of shares subject to, and the exercise prices under, the award.

The grant agreements provide that no acceleration of vesting shall occur in connection with a change in control if the compensation committee determines that the restricted stock agreements will be honored or assumed, or materially similar (or more favorable) new awards will be granted, in connection with the change in control. If the compensation committee determines that the restricted stock agreements will not be honored or assumed, and materially similar (or more favorable) awards will not be granted in connection with the change in control, then the outstanding restricted stock shall vest. If an amount payable would result in imposition of the excise tax under Section 4999 of the Code, then the payment shall be reduced in order to provide the maximum after-tax benefit to the grantee.

***Effect of Termination or Change in Control on Company Performance RSUs***

*Termination of Employment.* Under the grant agreements, upon termination of employment due to death or disability (as defined in the grant agreements), Performance RSUs are forfeited unless the compensation committee, in its discretion, provides for accelerated vesting in full or in part. Upon involuntary termination of employment without cause (as defined in the grant agreements), the portion of the Performance RSUs pertaining to fiscal years before termination of employment become vested, and the remainder of the Performance RSUs are forfeited. Upon voluntary termination of employment or termination for cause, nonvested Performance RSUs are forfeited.

*Change in Control.* Upon a proposed change in control (as defined in the Omnibus Plan), the plan provides that compensation committee shall take such action as it deems appropriate and equitable to effectuate the purposes of the plan and to protect participants, which action may include, without limitation, any one or more of the following to the extent permitted by Section 409A of the Code: (i) acceleration of vesting; (ii) acceleration or change of the exercise and/or expiration dates of any award to require that settlement be made, if at all, prior to the change in control; (iii) cancellation of any award upon payment to the holder in cash of the fair market value of the stock subject to such award as of the date of (and, to the extent applicable, as established for purposes of) the change in control, less the aggregate exercise price, if any, of the award; and (iv) in any case where equity securities of another entity are proposed to be delivered in exchange for or with respect to stock of the company, arrangements to have such other entity replace the awards granted hereunder with awards with respect to such other securities, with appropriate adjustments in the number of shares subject to, and the exercise prices under, the award.

The grant agreements provide that if an amount payable would result in imposition of the excise tax under Section 4999 of the Code, then the payment shall be reduced in order to provide the maximum after-tax benefit to the grantee.

***Effect of Termination or Change in Control on FGLH Options***

*Termination of Employment.* In the case of a termination for cause (as defined in the applicable FGLH stock incentive plan), the optionee's unvested and vested FGLH stock options will be canceled as of the effective date of the termination. For our NEOs who hold FGLH options (other than Mr. Launer), upon a termination of employment by us other than for cause (as defined in the executive's employment agreement, or, in the absence of an employment agreement, by the applicable FGLH stock incentive plan), any unvested FGLH options granted on November 2, 2011

will immediately vest as of the effective date of the termination, and any

---

**Table of Contents**

unvested FGLH options granted on January 29, 2013 will be immediately forfeited and canceled; upon any other termination of employment (including by reason of death, disability or a voluntary resignation), all unvested FGLH options will be immediately forfeited and canceled. For Mr. Launer, upon a termination of employment by us other than for cause or by Mr. Launer for good reason (each as defined in his employment agreement), all unvested FGLH options held by him will immediately vest as of the effective date of the termination; upon any other termination of employment (including by reason of death, disability or a voluntary resignation without good reason), all unvested FGLH options will be immediately forfeited and canceled. All vested FGLH options (including as a result of accelerated vesting described above) will be settled in cash following the next scheduled valuation date of FGLH. In the event the aggregate exercise price of the vested FGLH options equals or exceeds the fair market value of the common stock underlying the options, the underwater vested options will be terminated without payment.

*Change in Control.* If FGLH experiences a change in control (as defined in the applicable FGLH stock incentive plan), any outstanding FGLH options will accelerate and be canceled in exchange for a cash payment equal to the change-in-control price per share minus the exercise price of the applicable FGLH option, unless our compensation committee determines to allow alternative awards in lieu of acceleration and payment or to provide for alternative treatment of the options.

***Effect of Termination or Change in Control on FGLH Restricted Stock and Restricted Stock Units***

*Termination of Employment.* Upon a termination for any reason, any unvested restricted shares of FGLH stock or restricted stock units held by an NEO (other than Mr. Launer) will be immediately forfeited and canceled.

If Mr. Launer's employment is terminated without cause or if he resigns for good reason (each as defined in his employment agreement), any unvested restricted shares of FGLH stock or restricted stock units will become vested as of the date of termination. Upon a termination for cause or by Mr. Launer without good reason, or as the result of Mr. Launer's death or disability, any unvested restricted shares of FGLH stock or restricted stock units will be forfeited as of the termination date.

*Change in Control.* In the event of a change in control of FGLH, any restricted shares of FGLH stock or restricted stock units will immediately vest and be settled as set forth in the applicable FGLH stock incentive plan, unless our compensation committee decides to allow alternative awards in lieu of acceleration and payment or to provide for alternative treatment of the awards.

***Effect of Termination or Change in Control on Dividend Equivalents***

*Termination of Employment.* If an executive's employment terminates for any reason, (i) any dividend equivalents held by a participant that have not vested on or before the termination date will be forfeited and terminate immediately and (ii) any vested dividend equivalents on the termination date will be settled such that we will deliver to the executive a payment in cash equal to the amount of the dividend equivalent on or as soon as practicable following the termination date. Upon settlement, the dividend equivalent will immediately terminate.

*Change in Control.* In the event of a change in control of FGLH (as defined in the applicable dividend equivalent plan), unless our compensation committee determines otherwise, if the applicable minimum net dividend value has been achieved, all outstanding dividend equivalents will vest immediately prior to the change in control and be settled such that FGLH will deliver to the executive a payment in cash equal to the amount of the dividend equivalent on or as soon as practicable following the vesting date. Net Dividend Value means the aggregate value of cash dividends declared and paid by FGLH to HGI (including for this purpose Indebtedness Repayments) minus the aggregate value of all cash contributions from HGI to FGLH in a particular period. Indebtedness Repayments means payments made

to HGI for repayment of indebtedness with the value

**Table of Contents**

per share of common stock determined by dividing such loan repayment amount by the number of outstanding shares of Class A and Class B common stock. With respect to the dividend equivalents granted under the FGLH 2012 Dividend Equivalent Plan only, unless otherwise determined by our compensation committee, the dividend equivalents will immediately vest upon a change in control without regard to any performance vesting criteria.

***Effect of Termination or Change in Control on Nonqualified Deferred Compensation***

For any participating NEO in our deferred compensation plan, the vested balance of the deferred compensation accounts will be distributed upon death, disability or separation from service, and, if elected upon initial enrollment, upon a change-in-control event. None of our participating NEOs have elected to have vested account balances distributed upon a change-in-control event without a separation from service. For more information on our nonqualified deferred compensation plan, see the narrative description entitled Nonqualified Deferred Compensation.

***Effect of Termination under Our General Severance Policy***

Our general severance policy is available to all of our employees (who are not otherwise party to an employment agreement) and does not discriminate in favor of our NEOs. Our general severance policy is a discretionary policy that provides for a lump sum severance payment equal to two weeks base salary for each full year of continuous service, with a minimum payment of four weeks base salary upon an involuntary termination as a result of position elimination or restructuring.

**Table of Contents****Potential Payments Table**

The following table sets forth the estimated amount of compensation each of our NEOs would receive under the termination or change in control situations, as applicable, discussed above. The table assumes that such termination or change in control event occurred on September 30, 2014. The table excludes (i) amounts accrued through the termination date that would be paid in the normal course of continued employment, such as accrued but unpaid salary, (ii) vested account balances under our 401(k) plan that are generally available to all of our employees and (iii) except as indicated in the footnotes below, any post-employment benefit that is available to all of our employees and does not discriminate in favor of our NEOs. In the case of a change in control situation, we assume that the vesting of all options, restricted stock, Performance RSUs and dividend equivalents will be accelerated, even though our compensation committee has the discretion to provide for alternative treatment of the awards upon a change in control.

- (1) Entitlements in this table for each event are as set forth in (i) employment agreements in effect as of the relevant date; (ii) the Omnibus Plan and FGLH legacy plans; and (iii) participation agreements under the Deferred Compensation Plan.
- (2) Under the terms of Mr. Launer's employment agreement, severance is payable in the form of salary continuation. For Mr. Launer, amounts in this column assume that the company elected to pay Mr. Launer his continued base salary for an additional period of 270 days provided that Mr. Launer agreed with the restrictive covenants in his employment agreement for the duration of the additional period. Under the terms of the employment agreements with the other NEOs, severance pays out in a lump sum. Amounts payable in this column are subject to the executive executing and not revoking a release of claims against the company. See Narrative to Summary Compensation Table and Grants of Plan-Based Awards Table Employment Agreements with Named Executive Officers.

- (3) Amounts in this column include, if provided in an employment agreement with the NEO, a pro rata bonus for the year of termination upon certain types of terminations.
- (4) For certain qualifying terminations and a change-in-control event, (i) the value of stock options is calculated by multiplying the number of vested options (including any unvested options that would accelerate on a qualifying termination or change-in-control event) by the excess of the fair market value of the underlying common stock on September 30, 2014 over the applicable exercise price per share and (ii) the value of restricted stock is calculated based on the fair market value of the underlying common stock on September 30, 2014. On September 30, 2014, the fair market value of a share of our common stock was \$21.35 and the fair market value of a share of FGLH common stock was \$98.28. The following table details the valuations of the outstanding unvested equity awards determined using the fair market value of the applicable stock on September 30, 2014 for qualifying terminations and/or a change in control event, assuming the accelerated vesting of all unvested awards:

Name	Company Restricted

- (5) For any participating NEO, the vested balance of the deferred compensation accounts will be distributed upon death, disability or separation from service.
- (6) Amounts include any accrued vacation as of September 30, 2014, which would be paid out upon a termination. For Messrs. Krishnan, and O Shaughnessy, this amount also includes payments by us to the insurance provider equal to the amount due for COBRA coverage payments for a period of time equal to the number of weeks of severance payments.
- (7) Our stock incentive plans and dividend equivalent plans do not provide for accelerated vesting on death, disability or retirement.
- (8) As of September 30, 2014, none of our NEOs were retirement eligible.
- (9) In the case of a change in control, we assume that the vesting of all options, restricted stock, Performance RSUs and dividend equivalents will be accelerated, although our compensation committee has the discretion to provide for alternative treatment of the awards.

(10) Amounts include severance under our general severance policy, which is available to all of our employees (who are not otherwise party to an employment agreement) and does not discriminate in favor of our NEOs. Our general severance policy is a discretionary policy that provides for a lump sum severance payment equal to two weeks base salary for each full year of continuous service, with a minimum payment of four weeks base salary upon an involuntary termination as a result of position elimination or restructuring.

**CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS**

In addition to the compensation arrangements with directors and executive officers described above in the section entitled Executive Compensation, the following is a description of each transaction since October 1, 2013 and each currently proposed transaction in which (i) we have been or are to be a participant, (ii) the amount involved exceeded or will exceed \$120,000 and (iii) any of our directors, nominees for director, executive officers, holders of more than 5% of our common stock, or any member of their immediate families or person sharing their household had or will have a direct or indirect material interest.

**Policies and Procedures for Related Person Transactions**

We have adopted a related person transactions policy pursuant to which our executive officers, directors and principal stockholders, including their immediate family members, are not permitted to enter into a related person transaction with us without the consent of an independent committee of our board. This policy provides procedures for the approval of transactions with related persons as set forth in the rules and regulations of the SEC as well as Affiliate Transactions that require approval pursuant to the covenants set forth in the indenture governing our company's senior notes.

**Related Person Transactions*****Harbinger Ownership; Indemnification***

As of December 15, 2014, HGI owned approximately 80.1% of our common stock and has four representatives, Phillip J. Gass, Omar M. Asali, Kostas Cheliotis and Thomas A. Williams, on our board of directors (the *HGI*

*directors* ). The HGI directors are considered related persons in the transactions involving HGI described below as a result of their affiliation with HGI and us. Other than as described below, the HGI

**Table of Contents**

directors do not have any direct interest in any of the transactions. In addition, our by-laws provide for the indemnification of our directors, including the HGI directors, to the fullest extent permitted by law against liabilities and expenses incurred in connection with any threatened, pending or completed claim or proceeding, whether brought by or in the right of the company or otherwise, in which a director is involved because he or she is or has been a director. Our amended and restated certificate of incorporation provides that we renounce any interest or expectancy in corporate opportunities that are presented to HGI.

Since our inception in 2011, we have utilized the services of the management and staff of HGI and also share office space with HGI. We recorded approximately \$1.0 million as contributed capital for such services for Fiscal 2014. We believe this allocation was made on a reasonable basis; however, it does not necessarily represent the costs that we could incur on a stand-alone basis.

**Reinsurance Transactions**

On December 31, 2012, following regulatory approval, Fidelity & Guaranty Life Insurance Company ( *FGLIC* ), a wholly owned subsidiary of the company, entered into a coinsurance agreement with FSRCI, now an indirectly wholly owned subsidiary of HGI. Pursuant to the agreement, FSRCI reinsured a 10% quota share percentage of certain FGLIC annuity liabilities of approximately \$1.4 billion. As of September 30, 2014, ceded reserves are \$1.3 billion. Under the terms of the agreement, FSRCI paid an initial ceding allowance of \$15.0 million, which was determined to be fair and reasonable according to an independent third-party actuarial firm. The agreement is on a funds withheld basis, meaning that funds are withheld by FGLIC from the coinsurance premium owed to FSRCI as collateral for FSRCI's payment obligations. Accordingly, the collateral assets remain under the ultimate ownership of FGLIC.

Effective September 17, 2014, FGLIC entered into a second reinsurance treaty with FSRCI whereby FGLIC ceded 30% of any new business of its multi-year guaranteed annuity block business on a funds withheld basis. Under the September 30, 2014, FGLIC has written \$50.7 million of new business under this treaty.

***Loan Participations and Debt Financing Agreement***

FGLIC participates in loans to third parties originated by Salus, an affiliated, limited liability company indirectly owned by HGI. Salus originates senior secured asset-based loans to unaffiliated third-party borrowers. FGLIC also participates in collateralized loan obligations managed by Salus. In addition to participating in loans originated or managed by Salus, FGLIC also agreed to provide Salus with financing in the form of a revolving loan and promissory note. In January 2014, FGLIC acquired from FSRCI preferred equity interests in Salus which have a 10.0% per annum return and a total par value of \$30.0 million which is included in the FSRCI

funds withheld portfolio. Accordingly all income on this asset is ceded to FSRCI. The company's maximum exposure to loss as a result of its investments in Salus is limited to the carrying value of the preferred equity interests, the promissory note and any amounts owed under the revolving loan, which totaled \$303.6 million as of September 30, 2014.

In connection with the acquisition by HGI Energy Holdings, LLC, a subsidiary of HGI, of EXCO Resources, Inc., on February 14, 2013, FGLIC and FSRCI loaned \$100.0 million to the HGI subsidiary, of which \$20.0 million is part of the FSRCI funds withheld account investments. The loan was rated B- by Fitch, matures on February 14, 2021 and pays interest at a rate of 9.0% annually. In accordance with Maryland insurance law, FGLIC's state of domicile at the time, the terms of the loan were determined to be fair and reasonable to FGLIC.

The company's related party investments as of September 30, 2014 are summarized as follows (in millions):

**Investment Management Agreements**

The company has investment management agreements with Salus, CorAmerica Capital, LLC, and Energy & Infrastructure Capital, LLC, all indirect subsidiaries of HGI Asset Management Holdings, LLC, an affiliate of HGI. The company pays management fees to these entities for the services provided under these agreements which are usual and customary for these types of services.

**Special Dividend and Registration Rights Agreement**

On December 18, 2013, the company received net proceeds from its initial public offering ( IPO ) of \$172.5 million. A portion of the proceeds were used to pay a dividend of \$43.0 million to HGI. Also in connection with our IPO, we entered into a registration rights agreement with HGI. The registration rights agreement grants HGI specified demand registration rights with respect to our common stock. As a result, HGI may require us to use reasonable best efforts to effect the registration under the Securities Act of the shares of our common stock which they own, at our own expense. The registration rights agreement also provides that we will indemnify HGI in connection with the registration of our common stock.

**Table of Contents*****Tax Sharing Agreement***

We have entered into a customary tax sharing agreement with HGI pursuant to which we will compensate HGI for the discharge of our (and those of our consolidated subsidiaries) tax obligations and be compensated for the use of our (and those of our consolidated subsidiaries) favorable tax attributes.

**DIRECTOR INDEPENDENCE**

Our board has determined that Messrs. Bawden, Benson, Gregson and Melchionni are independent directors under NYSE Rules. Under NYSE Rules, no director qualifies as independent unless our board affirmatively determines that the director has no material relationship with our company. Based upon information requested from and provided by each director concerning their background, employment and affiliations, including commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships, our board has determined that each of the independent directors named above has no material relationship with our company, nor has any such person entered into any material transactions or arrangements with our company or its subsidiaries, either directly or as a partner, stockholder or officer of an organization that has a relationship with our company, and is therefore independent under NYSE Rules.

**PRINCIPAL ACCOUNTANT FEES AND SERVICES**

In accordance with Sarbanes-Oxley, our audit committee charter provides that our board's audit committee has the sole authority and responsibility to pre-approve all audit services, audit-related tax services and other permitted services to be performed for our company by our independent registered public accounting firm and the related fees. Pursuant to its charter and in compliance with rules of the SEC and the PCAOB, our audit committee has established a pre-approval policy and procedures that require the pre-approval of all services to be performed by our independent registered public accounting firm. The independent registered public accounting firm may be considered for other services not specifically approved as audit services or audit-related services and tax services so long as the services are not prohibited by SEC or PCAOB rules and would not otherwise impair the independence of our independent registered public accounting firm.
