- .. Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

**Item 1.02. Termination of a Material Definitive Agreement.**

On April 2, 2015, Regional Management Corp. (the Company ) and DHI Computing Service, Inc. d/b/a GOLDPoint Systems ( GPS ) entered into a Termination Agreement and Mutual Release (the Termination Agreement ). The Termination Agreement provides for the payment of \$376,500 by GPS to the Company and the termination of that certain On-Line Computer Service Agreement (the Service Agreement ), dated October 25, 2013, between the Company and GPS, pursuant to which GPS was (i) to provide to the Company a limited, non-exclusive, and non-assignable license to use certain data processing software in connection with the Company s loan origination, loan servicing, and accounting and finance functions, and (ii) to deliver to the Company certain data processing and related services. The Company had not yet begun to utilize the software and services described in the Service Agreement in the ordinary course of the Company s business. Pursuant to the Termination Agreement, the Service Agreement is terminated and neither party shall have any further right, liability, duty, or obligation under the Service Agreement.

The Company incurred approximately \$620,000 in expenses in the first quarter of 2015 associated with its performance under and termination of the Service Agreement. The Company does not believe that the termination of the Service Agreement will have a material effect on its operations, and it plans to continue to use its currently-installed loan management system in the near-term. The Company now intends to reevaluate loan management system capabilities available in today s market.

The foregoing description of the Termination Agreement does not purport to be complete and is qualified in its entirety by reference to the full text of the Termination Agreement, which is attached as Exhibit 10.1 to this Current Report on Form 8-K and incorporated by reference into this Item 1.02.
