In April 2015, the Financial Accounting Standards Board, or FASB issued ASU 2015-05, *Intangibles Goodwill and Other Internal-Use Software (Subtopic 350-40), Customer s Accounting for Fees Paid in a Cloud Computing Arrangement.* ASU 2015-05 provides guidance to customers about whether a cloud computing arrangement includes a software license. If a cloud computing arrangement includes a software license, then the customer should account for the software license element of the arrangement consistent with the acquisition of other software licenses. If a cloud computing arrangement does not include a software license, the customer should account for the arrangement does not include a software license, the customer should account for the arrangement as a service contract. The guidance will not change GAAP for a customer s accounting for service contracts. The ASU aims to reduce complexity and diversity in practice. The standard is effective for the Company on January 1, 2016, with early adoption permitted. The Company is currently evaluating the impact of the adoption of ASU 2015-03 on its consolidated financial statements.
