ARRIS ANNOUNCES PRELIMINARY AND UNAUDITED

SECOND QUARTER 2015 RESULTS

Suwanee, Ga. (July 29, 2015) ARRIS Group, Inc. (NASDAQ:ARRS) today announced preliminary and unaudited financial results for the second quarter 2015.

Second Quarter 2015 Financial Highlights

Revenues were \$1,260.1 million

GAAP net income was \$0.11 per diluted share

Adjusted net income (a non-GAAP measure) was \$0.53 per diluted share

End-of-quarter cash resources were \$622.8 million

Order backlog was \$651.3 million

Book-to-bill ratio was 0.94

Sales, margins, and Non-GAAP earnings were all up quarter over quarter, although not as much as we originally thought. These results, as expected, are down compared with the second quarter of last year when we were launching an unprecedented number of new products. As we have highlighted, we are encountering headwinds which we expect to continue through 2015, in particular those related to industry consolidations and the strong US dollar. With respect to the third quarter 2015, we expect revenues will be in the range of \$1,210 million to \$1,260 million, with adjusted net income per diluted share in the range of \$0.52 to \$0.58 and GAAP net income per diluted share in the range of \$0.17 to \$0.23, said Bob Stanzione, ARRIS Chairman and CEO. I remain confident about our future business prospects and the pending Pace acquisition. The combination is proceeding as expected and we continue to anticipate closing the transaction in the fourth quarter of 2015.

Revenues in the second quarter 2015 of \$1,260.1 million were down \$169.0 million, or 11.8% as compared to second quarter 2014 revenues of \$1,429.1 million. Second quarter revenues were up \$44.9 million or 3.7%, as compared to first quarter 2015 revenues of \$1,215.2 million.

Through the first two quarters of 2015, revenues of \$2,475.2 million were down \$178.9 million, or 6.7% as compared to the first two quarters of 2014 revenues of \$2,654.1 million.

Adjusted net income (a non-GAAP measure) in the second quarter 2015 was \$0.53 per diluted share, as compared to \$0.70 per diluted share for the second quarter 2014, a decrease of \$0.17 per diluted share, or 24.3%. Adjusted net income increased \$0.09 per diluted share, or 20.5% as compared to the first quarter 2015 adjusted net income of \$0.44 per diluted share.

Year to date, adjusted net income of \$0.97 per diluted share for 2015 is a decrease of \$0.20, or 17.1%, as compared to the first six months of 2014 adjusted net income of \$1.17 per diluted share.

A reconciliation of adjusted net income per diluted share to GAAP net income per diluted share is attached to this release and also can be found on the Company's website (www.arris.com).

GAAP net income in the second quarter 2015 was \$0.11 per diluted share, as compared to the second quarter 2014 GAAP net income of \$0.26 per diluted share, a decrease of \$0.15 per diluted share, or 57.7%. GAAP net income decreased \$0.02 per diluted share, or 15.4%, as compared to the first quarter 2015 GAAP net income of \$0.13 per diluted share. Year to date, GAAP net income of \$0.24 per diluted share for 2015 is a decrease of \$0.30, or 55.6%, as compared to the first six months of 2014 GAAP net income of \$0.54 per diluted share. A reconciliation of adjusted net income to GAAP income per diluted share is attached to this release and also can be found on the Company's website (www.arris.com).

Cash & Cash Equivalents - The Company ended the second quarter 2015 with \$622.8 million of cash resources, which includes \$619.8 million of cash, cash equivalents and short-term investments, and \$3.0 million of long-term marketable securities, as compared to \$631.6 million at the end of the first quarter 2015, in the aggregate. The Company generated \$69.2 million of cash from operating activities during the second quarter 2015, as compared to \$220.3 million generated during the second quarter 2014. Through the first six months of 2015, the Company generated \$5.9 million of cash from operating activities. This compares to \$247.3 million generated during the same period in 2014.

Order backlog at the end of the second quarter 2015 was \$651.3 million as compared to \$787.6 million and \$725.7 million at the end of the second quarter 2014 and the first quarter 2015, respectively. The Company's book-to-bill ratio in the second quarter 2015 was 0.94 as compared to the second quarter 2014 of 0.85 and the first quarter 2015 of 1.08.

No Offer or Solicitation

This release is provided for informational purposes only and does not constitute an offer to sell, or an invitation to subscribe for, purchase or exchange any securities or the solicitation of any vote or approval in any jurisdiction, nor shall there be any sale, issuance, exchange or transfer of the securities referred to in this document in any jurisdiction in contravention of applicable law.

Forward-Looking Statements

Statements made in this press release, including those related to:

growth expectations and business prospects;

revenues and net income for the third quarter 2015, and beyond;

expected sales levels and acceptance of new ARRIS products; and

the general market outlook and industry trends are forward-looking statements. These statements involve risks and uncertainties that may cause actual results to differ materially from those set forth in these statements. Among other things,

projected results for the third quarter 2015 as well as the general outlook for 2015 and beyond are based on preliminary estimates, assumptions and projections that management believes to be reasonable at this time, but are largely beyond management's control;

ARRIS may fail to realize the expected benefits of announced transactions, including the Active Video joint venture and the acquisition of Pace; there may be negative effects relating to the announcement of the transactions or any further announcements relating to the transactions; and ARRIS may incur significant transaction costs and/or unknown liabilities;

completion of the Pace acquisition is subject to satisfaction of a number of conditions outside of ARRIS control, including receipt of necessary regulatory approvals, and the approval of the shareholders of ARRIS and Pace;

the strengthening U.S. Dollar may adversely impact ARRIS' international customer's ability or willingness to purchase products and the pricing of ARRIS products;

ARRIS' customers operate in a capital intensive consumer based industry, and volatility in the capital markets or changes in customer spending may adversely impact their ability or willingness to purchase the products that the Company offers;

because the market in which ARRIS operates is volatile, actions taken and contemplated may not achieve the desired impact relative to changing market conditions and the success of these strategies will be dependent on the effective implementation of those plans while minimizing organizational disruption; and

termination of the previously proposed acquisition of Time Warner by Comcast and the announced transactions within our customer base, including the acquisition of DIRECTV by AT&T, the proposed acquisition by Frontier Communications of several properties owned by Verizon, the proposed acquisition of Suddenlink by Altice, and the announced acquisition of Time Warner by Charter may have an impact on the amount and/or timing of customer's spending.

In addition to the factors set forth elsewhere in this release, other factors that could cause results to differ from current expectations include: the impact of rapidly changing technologies; the impact of competition on product development and pricing; the ability of ARRIS to react to changes in general industry and market conditions including regulatory developments; rights to intellectual property; market trends and the adoption of industry standards. These factors are not intended to be an all-encompassing list of risks and uncertainties that may affect the Company's business.

Additional information regarding these and other factors can be found in ARRIS' reports filed with the Securities and Exchange Commission, including its Form 10-Q for the year ended March 31, 2015. In providing forward-looking statements, the Company expressly disclaims any obligation to update publicly or otherwise these statements, whether as a result of new information, future events or otherwise, except as required by law.

Important Additional Information Regarding the Pace Transaction Filed With the SEC

In connection with the proposed acquisition of Pace, it is expected that the shares of New ARRIS to be issued by New ARRIS to Pace shareholders under the scheme will be issued in reliance upon the exemption from the registration

requirements of the Securities Act of 1933, as amended, provided by Section 3(a)(10) thereof. In connection with the issuance of New ARRIS shares to ARRIS stockholders pursuant to the merger that forms a part of the transaction, New ARRIS has filed with the SEC a preliminary registration statement on Form S-4 that contains a prospectus of New ARRIS as well as a proxy statement of ARRIS relating to the merger that forms a part of the combination, which we refer to together as the Preliminary Form S-4/Proxy Statement. The Preliminary Form S-4/Proxy Statement is not complete and will be further amended.

INVESTORS AND SECURITY HOLDERS ARE URGED TO READ THE PRELIMINARY FORM S-4/PROXY STATEMENT AND OTHER DOCUMENTS FILED WITH THE SEC IN CONNECTION WITH THE TRANSACTION CAREFULLY AND IN THEIR ENTIRETY, BECAUSE THEY WILL CONTAIN IMPORTANT INFORMATION ABOUT THE TRANSACTION, THE PARTIES TO THE TRANSACTION AND THE RISKS ASSOCIATED WITH THE TRANSACTION. Those documents, if and when filed, as well as ARRIS and New ARRIS other public filings with the SEC may be obtained without charge at the SEC's website at www.sec.gov and at ARRIS website at <http://ir.arris.com>. Security holders and other interested parties will also be able to obtain, without charge, a copy of the Preliminary Form S-4/Proxy Statement and other relevant documents by directing a request by mail to ARRIS Investor Relations, 3871 Lakefield Drive, Suwanee, GA 30024 or at <http://ir.arris.com>. Security holders may also read and copy any reports, statements and other information filed with the SEC at the SEC public reference room at 100 F Street N.E., Room 1580, Washington, D.C. 20549. Please call the SEC at (800) 732-0330 or visit the SEC's website for further information on its public reference room.

Participants in the Solicitation

ARRIS, its directors and certain of its executive officers may be considered participants in the solicitation of proxies in connection with the transactions contemplated by the Preliminary Form S-4/Proxy Statement. Information about the directors and executive officers of ARRIS is set forth in its Annual Report on Form 10-K for the year ended December 31, 2014, which was filed with the SEC on February 27, 2015, and its proxy statement for its 2015 annual meeting of shareholders, which was filed with the SEC on April 9, 2015. Other information regarding potential participants in the proxy solicitations and a description of their direct and indirect interests, by security holdings or otherwise, is contained in the Preliminary Form S-4/Proxy Statement.

Pace and New ARRIS are each organized under the laws of England and Wales. Some of the officers and directors of Pace and New ARRIS are residents of countries other than the United States. As a result, it may not be possible to sue Pace, New ARRIS or such persons in a non-US court for violations of US securities laws. It may be difficult to compel Pace, New ARRIS and their respective affiliates to subject themselves to the jurisdiction and judgment of a US court or for investors to enforce against them the judgments of US courts.

Notes to GAAP to Adjusted Non-GAAP Financial Measures

The Company reports its financial results in accordance with accounting principles generally accepted in the United States (GAAP or referred to herein as reported). However, management believes that certain non-GAAP financial measures provide management and other users with additional meaningful financial information that should be considered when assessing our ongoing performance. Our management regularly uses our supplemental non-GAAP financial measures internally to understand, manage and evaluate our business and make operating decisions. These non-GAAP measures are among the factors management uses in planning for and forecasting future periods. Non-GAAP financial measures should be viewed in addition to, and not as an alternative to, the Company's reported results prepared in accordance with GAAP. Our non-GAAP financial measures reflect adjustments based on the following items, as well as the related income tax effects:

Acquisition Accounting Impacts Related to Deferred Revenue: In connection with our acquisitions of Motorola Home, business combination rules require us to account for the fair values of arrangements for which acceptance has not been obtained, and post contract support in our purchase accounting. The non-GAAP adjustment to our sales and cost of sales is intended to include the full amounts of such revenues. We believe the adjustment to these revenues is useful as a measure of the ongoing performance of our business. We have historically experienced high renewal rates related to our support agreements and our objective is to increase the renewal rates on acquired post contract support agreements; however, we cannot be certain that our customers will renew our contracts.

Stock-Based Compensation Expense: We have excluded the effect of stock-based compensation expenses in calculating our non-GAAP operating expenses and net income measures. Although stock-based compensation is a key incentive offered to our employees, we continue to evaluate our business performance excluding stock-based compensation expenses. We record non-cash compensation expense related to grants of options and restricted stock. Depending upon the size, timing and the terms of the grants, the non-cash compensation expense may vary significantly but will recur in future periods.

Integration, Acquisition, Restructuring and Other Costs: We have excluded the effect of acquisition, integration, and other expenses and the effect of restructuring expenses in calculating our non-GAAP operating expenses and net income measures. We incurred expenses in connection with the Active Video Joint Venture, the Motorola Home acquisition, the anticipated Pace acquisition and, which we generally would not otherwise incur in the periods presented as part of our continuing operations. Acquisition and integration expenses consist of transaction costs, costs for transitional employees, other acquired employee related costs, and integration related outside services. Restructuring expenses consist of employee severance, abandoned facilities, and other exit costs. We believe it is useful to understand the effects of these items on our total operating expenses.

Amortization of Intangible Assets: We have excluded the effect of amortization of intangible assets in calculating our non-GAAP operating expenses and net income measures. Amortization of intangible assets is non-cash, and is inconsistent in amount and frequency and is significantly affected by the timing and size of our acquisitions. Investors should note that the use of intangible assets contributed to our revenues earned during the periods presented and will contribute to our future period revenues as well. Amortization of intangible assets will recur in future periods.

Noncontrolling Interest share of Non-GAAP Adjustments: In the second quarter of 2015, ARRIS and Charter formed a joint venture that acquired Active Video Networks, Inc.. ARRIS and Charter own 65% and 35%, respectively, of the joint venture. The joint venture is accounted for by ARRIS under the consolidation method. As a result, the consolidated statement of operations include the revenues, expenses, and gains and losses of the noncontrolling interest. The amount of net income (loss) related to the noncontrolling interest are reported and presented separately in the consolidated statement of operations. We have excluded the noncontrolling share of any non GAAP adjusted measures recorded by the joint venture, as we believe it is useful to understand the effect of excluding this item when evaluating our ongoing performance.

Impairment of Investment: We have excluded the effect of an other-than-temporary impairment of a cost method investment in calculating our non-GAAP financial measures. We believe it is useful to understand the effect of this non-cash item in our other expense (income).

Debt Amendment Fees: In the second quarter of 2015, the Company amended its credit agreement. This debt modification allowed us to improve the terms and conditions of the credit agreement, extend the maturities of certain loan facilities, increase the amount of the revolving credit facility, and add a new term A-1 loan facility. It is our intent that the new term A-1 loan facility be funded upon the closing of the Pace Acquisition. If the Pace acquisition does not close, the entire facility is available to ARRIS so long as the first \$400 million drawn is used to reduce other debt; the remaining \$400 million can be used for general corporate purposes. Certain fees related to the debt modification have already been paid, and other fees related to the new term A-1 loan facility will be paid upon funding. We believe it is useful to understand the effect of this on our other expense (income).

Asset Held for Sale Impairment: In the second quarter of 2014, we entered into a contract to facilitate the sale of a building at less than its carrying value. The asset has been reclassified as held for sale and was measured at the lower of its carrying amount or fair value less cost to sell. We have recorded an initial impairment charge to reduce the assets carrying amount to its fair value less costs to sell in the period the held for sale criteria were met. We have excluded the effect of the asset held for sale impairment in calculating our non-GAAP financial measures. We believe it is useful to understand the effect of this non-cash item in our other expense (income).

Foreign Exchange Contract Gains Related to Cash Consideration of Pace Acquisition: In the second quarter of 2015, the Company announced its intent to acquire Pace plc in exchange for stock and cash. We subsequently entered into foreign exchange forward contracts in order to hedge the foreign currency risk associated with the cash consideration of the Pace Acquisition. These foreign exchange forward contracts were not designated as hedges, and accordingly, all changes in the fair value of these instruments are recognized as a loss (gain) on foreign currency in the Consolidated Statements of Operations. We believe it is useful to understand the effect of this on our other expense (income).

Loss on Sale of Building: In the first quarter of 2015, the Company sold land and a building that qualified for sale-leaseback accounting and was classified as an operating lease. A loss has been recorded on the sale. We have excluded the effect of the loss on sale of property in calculating our non-GAAP financial measures. We believe it is useful to understand the effect of excluding this item when evaluating our ongoing performance.

Income Tax Expense (Benefit): We have excluded the tax effect of the non-GAAP items mentioned above. Additionally, we have excluded the effects of certain tax adjustments related to tax and legal restructuring, state valuation allowances, research and development tax credits and provision to return differences.
