Additional unknown risks and uncertainties, or those that we deem immaterial, may also impair our business, financial condition, results of operations and prospects.

Additional Risks Related to the Debt Securities

There can be no assurance as to the liquidity of the trading market for the debt securities or that a trading market for the debt securities will develop.

There is no public market for the debt securities and, unless otherwise specified in the applicable prospectus supplement, we do not intend to apply for listing of the debt securities on any securities exchanges. If the debt securities are traded after their initial issue, they may trade at a discount from their initial offering prices depending on prevailing interest rates, the market for similar securities and other factors, including general economic conditions and our financial condition. There can be no assurance as to the liquidity of the trading market for the debt securities or that a trading market for the debt securities will develop.

Credit ratings may not reflect all risks of an investment in the debt securities and may change.

Credit ratings may not reflect all risks associated with an investment in the debt securities. Any credit ratings applied to the debt securities will be an assessment of our ability to pay our obligations. Consequently, real or anticipated changes in the credit ratings will generally affect the market value of the debt securities. The credit ratings, however, may not reflect the potential impact of risks related to structure, market or other factors discussed herein on the value of the debt securities. There is no assurance that any credit rating assigned to the debt securities will remain in effect for any given period of time or that any rating will not be lowered or withdrawn entirely by the relevant rating agency.

Changes in interest rates may cause the value of the debt securities to decline.

Prevailing interest rates will affect the market price or value of the debt securities. The market price or value of the debt securities may decline as prevailing interest rates for comparable debt instruments rise, and increase as prevailing interest rates for comparable debt instruments decline.

The debt securities and guarantee will be structurally subordinated to certain indebtedness of our and CPRL's corporate and partnership subsidiaries.

Unless otherwise provided with respect to a series of debt securities, the debt securities will be our unsubordinated and unsecured obligation and will rank equally with all of our other unsecured, unsubordinated

The debt securities will be issued under a trust indenture (the **Indenture**) entered into between us and Wells Fargo Bank, National Association, as trustee on September 11, 2015 (the **Trustee**). The Indenture has been filed with the SEC, and is incorporated by reference as an exhibit hereto. Wherever particular sections or defined terms of the Indenture are referred to, these sections or defined terms are incorporated herein by reference as part of the statement made, and the statement is qualified in its entirety by this reference. The Securities offered pursuant to this prospectus will be issued in an amount up to US\$1,500,000,000 or the equivalent in other currency or units based on other foreign currencies. The Indenture also permits us to increase the principal amount of any series of Securities previously issued and to issue that increased principal amount.

whether the Offered Securities will be issuable in the form of one or more global securities and, if so, the identity of the depositary for those global securities;

whether and under what circumstances we will pay Additional Amounts on the Offered Securities of such series in respect of certain taxes (and the terms of any such payment) and, if so, whether we will have the option to redeem the Offered Securities of such series rather than pay the Additional Amounts (and the terms of any such option);

Securities may be issued under the Indenture bearing no interest and may be offered and sold at a discount below their stated principal amount. The Canadian and U.S. federal income tax consequences and other special considerations applicable to those discounted Securities or other Securities offered and sold at par which are treated as having been issued at a discount for Canadian and/or U.S. federal income tax purposes will be described in the prospectus supplement relating thereto.

Table of Contents

portion of our business through corporate and partnership subsidiaries. The debt securities will be structurally subordinated to all existing and future liabilities, including trade payables and other indebtedness, of any of our corporate or partnership subsidiaries.

The guarantee will be CPRL's unsubordinated and unsecured obligation and, unless otherwise provided with respect to a series of debt securities, will rank equally with all of CPRL's other unsecured, unsubordinated obligations. CPRL's obligations under the guarantee will be structurally subordinate to all existing and future indebtedness and liabilities of any of CPRL's corporate and partnership subsidiaries.

Debt Securities in Global Form

Unless otherwise indicated in the applicable prospectus supplement, debt securities of a particular series will be issued in the form of one or more global securities which will be registered in the name of and be deposited with a depository, or its nominee, each of which will be identified in the prospectus supplement relating to that series. Unless and until exchanged, in whole or in part, for Securities in definitive form, a global security may not be transferred except as a whole by the depository for a global security to a nominee of that depository, by a nominee of that depository to that depository or another nominee of that depository or by that depository or any nominee of that depository to a successor of that depository or a nominee of a successor of that depository.

The specific terms of the depository arrangement with respect to any portion of a particular series of Securities to be represented by a global security will be described in the prospectus supplement relating to that series. We anticipate that the following provisions will apply to all depository arrangements.

Upon the issuance of a global security, the depository therefor or its nominee will credit, on its book entry and registration system, the respective principal amounts of the Securities represented by that global security to the accounts of those persons having accounts with that depository or its nominee (participants) as shall be designated by the underwriters, investment dealers or agents participating in the distribution of those Securities or by us if those Securities are offered and sold directly by us. Ownership of beneficial interests in a global security will be limited to participants or persons that may hold beneficial interests through participants. Ownership of beneficial interests in a global security will be shown on, and the transfer of the ownership of those beneficial interests will be effected only through, records maintained by the depository therefor or its nominee (with respect to beneficial interests of participants) or by participants or persons that hold through participants (with respect to interests of persons other than participants). The laws of some states in the United States require certain purchasers of securities to take physical delivery thereof in definitive form. These depository arrangements and these laws may impair the ability to transfer beneficial interests in a global security.

So long as the depository for a global security or its nominee is the registered owner thereof, that depository or its nominee, as the case may be, will be considered the sole owner or holder of the Securities represented by that global security for all purposes under the Indenture. Except as provided below, owners of beneficial interests in a global security will not be entitled to have Securities of the series represented by that global security registered in their names, will not receive or be entitled to receive physical delivery of Securities of that series in definitive form and will not be considered the owners or holders of those Securities under the Indenture.

Principal, premium, if any, and interest payments on a global security registered in the name of a depository or its nominee will be made to that depository or nominee, as the case may be, as the registered owner of that global security. None of us, the Trustee or any paying agent for Securities of the series represented by that global security will have any responsibility or liability for any aspect of the records relating to or payments made on account of

beneficial interests in that global security or for maintaining, supervising or reviewing any records relating to those beneficial interests.

Table of Contents

We expect that the depository for a global security or its nominee, upon receipt of any payment of principal, premium or interest, will immediately credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of that global security as shown on the records of that depository or its nominee. We also expect that payments by participants to owners of beneficial interests in that global security held through those participants will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers registered in street name, and will be the responsibility of those participants.

If the depository for a global security representing Securities of a particular series is at any time unwilling or unable to continue as depository, or if the depository is no longer eligible to continue as depository, and a successor depository is not appointed by us within 90 days, or if an Event of Default described in clauses (a) or (b) of the first sentence under Events of Default below with respect to a particular series of Securities has occurred and is continuing, we will issue securities of that series in definitive form in exchange for that global security. In addition, we may at any time and in our sole discretion determine not to have the Securities of a particular series represented by one or more global securities and, in that event, will issue securities of that series in definitive form in exchange for all of the global securities representing securities of that series.

Debt Securities in Definitive Form

If indicated in the applicable prospectus supplement, the Securities may be issued in fully registered form without coupons and in denominations of US\$1,000 or any integral multiple thereof. Securities may be presented for exchange and debt securities may be presented for registration of transfer in the manner, at the places and, subject to the restrictions set forth in the Indenture and in the applicable prospectus supplement, without service charge, but upon payment of any taxes or other governmental charges due in connection therewith. We have appointed the Trustee as Security Registrar. Securities in bearer form and the coupons appertaining thereto, if any, will be transferable by delivery.

Unless otherwise indicated in the applicable prospectus supplement, payment of the principal of and any premium and interest on Securities (other than a global security) will be made at the office or agency of the Trustee at 150 East 42nd Street, 40th Floor, New York, New York, 10017, except that, at our option, payment of any interest may be made (a) by cheque mailed to the address of the Person entitled thereto as that Person's address will appear in the Security Register or (b) by wire transfer to an account maintained by the Person entitled thereto as specified in the Security Register.

Or if CPRL is not required to file information, documents or reports pursuant to either of Section 13 or Section 15(d), then we will file with the Trustee and the SEC, in accordance with rules and regulations prescribed from time to time by the SEC, such of the supplementary and periodic information, documents and reports which may be required pursuant to Section 13 of the U.S. Exchange Act in respect of a debt security listed and registered on a national securities exchange as may be prescribed from time to time in such rules and regulations.

- (b)

default by us in payment of any interest due on any of the Securities of that series and continuance of that default for a period of 30 days;

Indebtedness is, by its terms, non recourse to us or the Railroad Subsidiaries, it shall not be considered an Event of Default; or (B) if such accelerated Indebtedness is recourse to us or the Railroad Subsidiaries, any requirement in connection with such failure to pay or event of default for the giving of notice or the lapse of time or the happening of any further condition, event or act under such other indenture or instrument in connection with such failure to pay principal or an event of default shall be applicable together with an additional seven days before being considered an Event of Default;

- (e) certain events of bankruptcy, insolvency, winding up, liquidation or dissolution relating to us or any Significant Subsidiary as provided in the Indenture; or

- (f) any other event of default provided with respect to that series.

If an Event of Default described in clause (a) or (b) above occurs and is continuing with respect to Securities of any series, unless the principal of all of the Securities of that series shall have already become due and payable, the Trustee shall upon request in writing made by the holders of not less than 25% in aggregate principal amount of the Securities of that series then outstanding, declare the principal of (and premium, if any, on) all the Securities of that series then outstanding and the interest accrued thereon and all other money, if any, owing under the provisions of the Indenture in respect of those Securities to be due and payable immediately on demand. If an Event of Default described in clause (c) or (f) above occurs and is continuing with respect to the Securities of one or more series, unless the principal of all of the Securities of the affected series shall have already become due and payable, the Trustee shall upon request in writing made by the holders of not less than 25% in aggregate principal amount of the Securities of all such affected series then outstanding (voting as one class), declare the principal of (and premium, if any, on) all the Securities of all the affected series then outstanding and the interest accrued thereon and all other money, if any, owing under the provisions of the Indenture in respect of those Securities to be due and payable immediately on demand. If an Event of Default described in clause (d) or (e) above occurs and is continuing, unless the principal of all Securities then outstanding shall have already become due and payable, the Trustee shall upon request in writing made by the holders of not less than 25% in aggregate principal amount of all the Securities then outstanding (voting as one class), declare the principal of (and premium, if any, on) all the Securities then outstanding and the interest accrued thereon and all other money, if any, owing under the provisions of the Indenture in respect of those Securities to be due and payable immediately on demand. Upon certain conditions, any declaration of this kind may be cancelled if all Events of Default with respect to the Securities of all those affected series then outstanding shall have been cured or

waived as provided in the Indenture by the holders of not less than a majority in aggregate principal amount of the Securities of the affected series then outstanding (voting as one

class, except in the case of Events of Default described in clauses (a) and (b) of the first sentence of the preceding paragraph, as to which each series so affected will vote as a separate class). See **Modification and Waiver** below.

Reference is made to the applicable prospectus supplement or supplements relating to any series of original issue discount Securities for the particular provisions relating to the acceleration of a portion of the principal amount thereof upon the occurrence and continuance of an Event of Default with respect thereto.

The Indenture provides that the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request or direction of the holders, unless those holders shall have provided to the Trustee indemnity satisfactory to it, acting reasonably. Subject to those provisions for indemnity and certain other limitations contained in the Indenture, the holders of a majority in aggregate principal amount of the Securities of all affected series then outstanding (voting as one class) will have the right to sanction or direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred on the Trustee, with respect to the Securities of those affected series.

The Indenture provides that no holder of the Securities of any series will have any right to institute any proceeding with respect to the Indenture or for any remedy thereunder, unless (a) that holder shall have previously given to the Trustee written notice of a continuing Event of Default with respect to the Securities of that series, (b) the holders of not less than 25% in aggregate principal amount of the Securities of all affected series then outstanding shall have made written request, and offered to the Trustee indemnity reasonably satisfactory to it to institute that proceeding, (c) the Trustee shall not have received from the holders of a majority in aggregate principal amount of the Securities of all affected series then outstanding a direction inconsistent with that request and (d) the Trustee shall have failed to institute that proceeding within 60 days after that notification, request and offer of indemnity. However, the holder of any Security will have an absolute right to receive payment of the principal of and any premium and interest on that Security on or after the due dates expressed in that Security and to institute suit for the enforcement of any of these payments. The Indenture requires us to furnish to the Trustee annually an officers' certificate as to our compliance with certain covenants, conditions or other requirements contained in the Indenture and as to any non-compliance therewith.

The Indenture provides that the Trustee may withhold notice to the holders of the Securities of one or more series of any default affecting those series (except defaults as to payment of principal or interest) if it, in good faith, considers that withholding to be in the best interests of the holders of the Securities of those series.

Additional Amounts

All payments made by us under or with respect to the debt securities will be made free and clear of and without withholding or deduction for or on account of any present or future tax, duty, levy, impost, assessment or other governmental charge (including penalties, interest and other liabilities related thereto) imposed or levied by or on behalf of the Government of Canada or of any province or territory thereof or by any authority or agency therein or thereof having power to tax (hereinafter **Canadian Taxes**), unless we are required to withhold or deduct Canadian Taxes by law or by the interpretation or administration thereof. If we are so required to withhold or deduct any amount for or on account of Canadian Taxes from any payment made under or with respect to the debt securities, we will pay as additional interest such additional amounts (**Additional Amounts**) as may be necessary so that the net amount received by each holder after such withholding or deduction (and after deducting any Canadian Taxes on such **Additional Amounts**) will not be less than the amount the holder would have received if such Canadian Taxes had not been withheld or deducted. However, no **Additional Amounts** will be payable with respect to a payment made to a holder (such holder, an **Excluded Holder**) in respect of the beneficial owner thereof:

- (a) with which we do not deal at arm's length (within the meaning of the Income Tax Act (Canada)) at the time of making such payment;

Table of Contents

- (b) which is subject to such Canadian Taxes by reason of the holder being a resident, domicile or national of, or engaged in business or maintaining a permanent establishment or other physical presence in or otherwise having some connection with Canada or any province or territory thereof otherwise than by the mere holding of debt securities or the receipt of payments thereunder;
- (c) which is subject to such Canadian Taxes by reason of the holder's failure to comply with any certification, identification, information, documentation or other reporting requirements if compliance is required by law, regulation, administrative practice or an applicable treaty as a precondition to exemption from, or a reduction in the rate of deduction or withholding of, such Canadian Taxes;
- (d) by reason of such Holder or beneficial owner being a specified shareholder (within the meaning of subsection 18(5) of the Income Tax Act (Canada)) of us at the time of payment or deemed payment, or by reason of such Holder or beneficial owner not dealing at arm's length for the purposes of the Income Tax Act (Canada) with a specified shareholder of us at the time of payment or deemed payment; or
- (e) if the Holder or beneficial owner of, or person ultimately entitled to obtain any interest in, the Securities is not the sole beneficial owner of such payments, or is a fiduciary or partnership, to the extent that any beneficial owner, beneficiary or settlor with respect to such fiduciary or any partner or member of such partnership would not have been entitled to such Additional Amounts with respect to such payments had such beneficial owner, beneficiary, settlor, partner or member received directly its beneficial or distributive shares of such payments.

We will also:

- (a) make such withholding or deduction; and

(b) remit the full amount deducted or withheld to the relevant authority in accordance with applicable law. We will furnish to the Trustee and the holders of the debt securities, within 30 days after the date the payment of any Canadian Taxes is due pursuant to applicable law, certified copies of tax receipts or other documents evidencing such payment by us.

We will indemnify and hold harmless each holder (other than an Excluded Holder) and upon written request reimburse each such holder for the amount of:

- (a) any Canadian Taxes so levied or imposed and paid by such holder as a result of payments made under or with respect to the debt securities;
- (b) any liability (including penalties, interest and expenses) arising therefrom or with respect thereto; and

- (c) any Canadian Taxes imposed with respect to any reimbursement under clause (a) or (b) above, but excluding any such Canadian Taxes on such holder's net income.

In any event, no Additional Amounts or indemnity will be payable with respect to taxes imposed directly or indirectly under FATCA and no Additional Amounts or indemnity will be payable in excess of the Additional Amounts or indemnity which would be required if the holder of the debt security was a resident of the United States for purposes of, and entitled to claim the benefits under, the Canada-United States Income Tax Convention (1980), as amended.

Table of Contents

Wherever in the Indenture there is mentioned, in any context, the payment of principal (and premium, if any), interest or any other amount payable under or with respect to a Security, such mention shall be deemed to include mention of the payment of Additional Amounts to the extent that, in such context, Additional Amounts are, were or would be payable in respect thereof.

Tax Redemption

The debt securities will be subject to redemption in whole, but not in part, at our option, at any time, on not less than 30 nor more than 60 days prior written notice, at 100% of the principal amount, together with accrued interest thereon to the redemption date, in the event we determine that it is probable that we have become or would become obligated to pay, on the next date on which any amount would be payable with respect to the debt securities, any Additional Amounts as a result of an amendment to or change in the laws (including any regulations promulgated thereunder) of Canada (or any political subdivision or taxing authority thereof or therein), or any amendment to or change in any official position regarding the application or interpretation of such laws or regulations, which change is announced or becomes effective on or after the date of this prospectus.

Modification and Waiver

The Indenture permits us and the Trustee to enter into supplemental indentures without the consent of the holders of the Securities to, among other things: (a) secure the Securities of one or more series, (b) evidence the assumption by the Successor of our covenants and obligations, under the Indenture and the Securities then outstanding, (c) add covenants or Events of Default for the benefit of the holders of one or more series of the Securities or surrender any right or power conferred upon us by the Indenture, (d) cure any ambiguity or correct or supplement any defective provision in the Indenture which correction will not be prejudicial to the interests of the holders of the Securities in any material respect, (e) establish the form and terms of the Securities of any series, (f) evidence the acceptance of appointment by a successor Trustee, and (g) make any other modifications which will not be prejudicial to the interests of the holders of the Securities in any material respect.

The Indenture also permits us and the Trustee, with the consent of the holders of a majority in aggregate principal amount of the Securities of each series then outstanding and affected (voting as one class), to add any provisions to, or change in any manner or eliminate any of the provisions of, the Indenture or modify in any manner the rights of the holders of the Securities of each such affected series; provided, however, that we and the Trustee may not, among other things, without the consent of the holder of each Security then outstanding and affected thereby: (a) change the stated maturity of the principal amount of, or any installment of the principal of or the interest on, that Security; (b) reduce the principal amount of or the rate of interest on or any premium payable upon the redemption of that Security; (c) reduce the amount of principal of an original issue discount Security payable upon acceleration of the maturity thereof; (d) change the place or currency of payment of the principal of or any premium or interest on that Security; (e) impair the right to institute suit for the enforcement of payment of this kind with respect to that Security on or after the stated maturity thereof; or (f) reduce the percentage in principal amount of the outstanding Securities of the affected series, the consent of whose holders is required for modification or amendment of the Indenture, or for any waiver with respect to defaults, breaches, Events of Default or declarations of acceleration.

The holders of a majority in aggregate principal amount of the Securities of all series at the time outstanding with respect to which a default or breach or an Event of Default shall have occurred and be continuing (voting as one class) may on behalf of the holders of all such affected Securities waive any past default or breach or Event of Default and its consequences, except a default in the payment of the principal of or premium or interest on any Security of any series or an Event of Default in respect of a covenant or provision of the Indenture or of any Security which cannot be modified or amended without the consent of the holder of each Security affected.

Table of Contents**Defeasance**

The Indenture provides that, at our option, we will be discharged from any and all obligations with respect to the Securities of any series (except for certain obligations to execute and deliver definitive Securities of that series, to register the transfer or exchange of the Securities of that series, to replace mutilated, destroyed, lost or stolen Securities of that series, to maintain paying agencies, to compensate and indemnify the Trustee and to maintain the trust described below) (hereinafter called a defeasance) upon the irrevocable deposit with the Trustee, in trust, of money, and/or securities of the government which issued the currency in which the Securities of that series are payable or securities backed by the full faith and credit of that government which, through the payment of the principal thereof and the interest thereon in accordance with their terms, will provide money, in an amount sufficient, in the opinion of a nationally recognized firm of independent chartered accountants, to pay all the principal of and any premium and interest on the Securities of that series on the stated maturity of those payments in accordance with the terms of the Securities of that series. Such a defeasance may be effected only if, among other things, (a) we have delivered to the Trustee an opinion of counsel (who may be our independent counsel) stating that we have received from, or there has been published by, the Internal Revenue Service a ruling or there has been a change in the applicable laws or regulations, in either case to the effect that the holders of the Securities of that series should not recognize income, gain or loss for United States federal income tax purposes as a result of that defeasance and should be subject to United States federal income tax on the same amounts, in the same manner and at the same times as would have been the case if that defeasance had not occurred, and (b) we have delivered to the Trustee an opinion of counsel in Canada (who may be our independent counsel) or a ruling from the Canada Revenue Agency to the effect that the holders of the Securities of that series should not recognize income, gain or loss for Canadian federal or provincial income or other Canadian tax purposes as a result of that defeasance and should be subject to Canadian federal or provincial income and other Canadian tax on the same amounts, in the same manner and at the same times as would have been the case if that defeasance had not occurred (and for the purposes of such opinion, such Canadian counsel shall assume that holders of the Securities include holders who are not resident in Canada). In addition, we may obtain a discharge of the Indenture with respect to the Securities of all series issued under the Indenture by depositing with the Trustee, in trust, an amount of money and government securities as shall be sufficient, in the opinion of a nationally recognized firm of independent chartered accountants, to pay, at stated maturity or upon redemption, all of those Securities, provided that those Securities are by their terms to become due and payable within one year or are to be called for redemption within one year.

The Indenture also provides that we may omit to comply with the restrictive covenants described under the caption Negative Pledge and certain other covenants and no Event of Default shall arise with respect to the Securities of that series by reason of this failure to comply (hereinafter called a covenant defeasance), upon the irrevocable deposit with the Trustee, in trust, of money and/or securities of the government which issued the currency in which the Securities of that series are payable or securities backed by the full faith and credit of that government which, through the payment of the principal thereof and the interest thereon in accordance with their terms, will provide money, in an amount sufficient, in the opinion of a nationally recognized firm of independent chartered accountants, to pay all the principal of and any premium and interest on the Securities of that series on the stated maturity of those payments in accordance with the terms of the Securities of that series. Our other obligations with respect to the Securities of that series would remain in full force and effect. A covenant defeasance may be effected only if, among other things, (a) we have delivered to the Trustee an opinion of counsel (who may be our independent counsel) to the effect that the holders of Securities of that series should not recognize income, gain or loss for United States federal income tax purposes as a result of the covenant defeasance and should be subject to United States federal income tax on the same amounts, in the same manner and at the same times as would have been the case if that covenant defeasance had not occurred, and (b) we have delivered to the Trustee an opinion of counsel in Canada (who may be our independent counsel) or a ruling from the Canada Revenue Agency to the effect that the holders of the Securities of that series should not recognize income, gain or loss for Canadian federal or provincial income or other Canadian tax purposes as

a result of that defeasance and should be subject to Canadian federal or provincial income and other Canadian tax on the same amounts, in the same manner and at the same times as would have been the case if that defeasance had not

Table of Contents

occurred (and for the purposes of such opinion, such Canadian counsel shall assume that holders of the Securities include holders who are not resident in Canada).

In the event that we exercise our option to effect a covenant defeasance with respect to the Securities of any series and the Securities of that series are thereafter declared due and payable because of the occurrence of another Event of Default, the amount of money and securities on deposit with the Trustee would be sufficient to pay the amounts due on the Securities of that series at their respective stated maturities, but may not be sufficient to pay the amounts due on the Securities of that series at the time of the acceleration resulting from that Event of Default. However, we would remain liable for this deficiency.

Consent to Service

We have designated C T Corporation System, 111 Eighth Avenue, New York, New York, 10011 as our authorized agent for service of process in the United States in any action, suit or proceeding arising out of or relating to the Indenture or the Securities and for actions brought under federal or state securities law in any federal or state court located in the Borough of Manhattan, New York, New York and irrevocably submit to the non-exclusive jurisdiction of any such court.

Governing Law

The Indenture and the Securities will be governed by and construed in accordance with the laws of the State of New York.

PLAN OF DISTRIBUTION

We may sell debt securities (i) to underwriters purchasing as principal; (ii) directly to one or more purchasers in accordance with applicable securities laws; or (iii) through agents. The debt securities may be sold at fixed prices or non-fixed prices, such as prices determined by reference to the prevailing price of the debt securities in a specified market, at market prices prevailing at the time of sale or at prices to be negotiated with purchasers, which prices may vary as between purchasers and during the period of distribution of the debt securities.

The prospectus supplement relating to each offering of debt securities will set forth the terms of the offering of those debt securities and the related guarantees by CPRL, including the name or names of any underwriters or agents, the purchase price of the debt securities, the proceeds to us, any underwriters or agents fees or other compensation, any public offering price, and any discounts or concessions allowed or re-allowed or paid. Only underwriters or agents named in the relevant prospectus supplement are deemed to be underwriters or agents in connection with the debt securities offered by that prospectus supplement.

If underwriters purchase debt securities as principal, the debt securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The obligations of the underwriters to purchase those debt securities will be subject to certain conditions precedent, and the underwriters will be obligated to purchase all the debt securities offered by the prospectus supplement if any of such debt securities are purchased. Any public offering price and any discounts or concessions allowed or re-allowed or paid may be changed from time to time.

The debt securities may also be sold directly by us at prices and upon terms agreed to by the purchaser and us or through agents designated by us from time to time. Any agent involved in the offering and sale of the debt securities

pursuant to a particular prospectus supplement will be named, and any commissions payable by us to that agent will be set forth, in such prospectus supplement. Unless otherwise indicated in the prospectus supplement, any agent would be acting on a reasonable commercial efforts basis for the period of its appointment.

We may agree to pay the underwriters a commission for various services relating to the issue and sale of any debt securities offered by this prospectus. Any such commission will be paid out of general funds.

Table of Contents

Underwriters, dealers and agents who participate in the distribution of the debt securities may be entitled under agreements to be entered into with us to indemnification by us against certain liabilities, including liabilities under the U.S. Securities Act or to contribution with respect to payments which those underwriters, dealers or agents may be required to make in respect thereof. Those underwriters, dealers and agents may be customers of, engage in transactions with or perform services for us in the ordinary course of business.

Each series of the debt securities will be a new issue of securities with no established trading market. Unless otherwise specified in an applicable prospectus supplement relating to a series of debt securities, the debt securities will not be listed on any securities exchange or on any automated dealer quotation system. Some broker-dealers may make a market in the debt securities, but they will not be obligated to do so and may discontinue any market-making activities at any time without notice. No assurance can be given as to the liquidity of the trading market for the debt securities of any series or that an active public market for the debt securities of any series will develop. If an active public trading market for the debt securities of any series does not develop, the market price and liquidity of such series of debt securities may be adversely affected.

The prospectus supplement will set forth the intention of any underwriters or agents who participate in the distribution of the debt securities to over-allot or effect transactions which stabilize the debt securities price at a higher level than that which might exist in the open market. Such transactions may be commenced, interrupted or discontinued at any time.

MATERIAL FEDERAL INCOME TAX CONSEQUENCES

The applicable prospectus supplement will describe certain U.S. federal income tax consequences of the purchase, ownership and disposition of the debt securities by an investor who is a United States person, including, to the extent applicable, certain relevant U.S. federal income tax rules pertaining to capital gains and ordinary income treatment, original issue discount, backup withholding and the foreign tax credit, and any consequences relating to debt securities payable in a currency other than U.S. dollars, issued at an original discount for U.S. federal income tax purposes or containing early redemption provisions or other special terms.

The applicable prospectus supplement will also describe the material Canadian federal income tax consequences to investors of purchasing, owning and disposing of debt securities, including, in the case of an investor who is not a resident of Canada, whether payments of principal, premium, if any, and interest will be subject to Canadian non-resident withholding tax.

LEGAL MATTERS

The validity of the debt securities offered hereby and the related guarantee by CPRL and certain other United States legal matters related to the securities being offered hereby will be passed upon for us and CPRL by Paul, Weiss, Rifkind, Wharton & Garrison LLP, New York, New York. Certain legal matters relating to Canadian law will be passed upon on behalf of us by Norton Rose Fulbright Canada LLP, Calgary, Alberta.

ENFORCEABILITY OF CIVIL LIABILITIES

We and CPRL are incorporated and governed by the laws of Canada. A substantial portion of our and CPRL's assets are located outside the United States and some or all of the directors and officers and some or all of the experts named herein are residents of Canada. As a result, it may be difficult for investors to effect service within the United States upon us and CPRL and upon those directors, officers and experts, or to realize in the United States upon judgments of courts of the United States predicated upon our and CPRL's civil liability and the civil liability of our and CPRL's

directors, officers or experts. We and CPRL have also been advised by Norton Rose Fulbright Canada LLP that there is some doubt as to the enforceability in Canada by a court in original actions, or in actions to enforce judgments of United States courts, of liabilities predicated upon United States federal securities laws.

ITEM 8. INDEMNIFICATION OF DIRECTORS AND OFFICERS

Section 124 of the Canada Business Corporations Act (the "CBCA") provides as follows:

124. (1) Indemnification. A corporation may indemnify a director or officer of the corporation, a former director or officer of the corporation or another individual who acts or acted at the corporation's request as a director or officer, or an individual acting in a similar capacity, of another entity, against all costs, charges and expenses, including an amount paid to settle an action or satisfy a judgment, reasonably incurred by the individual in respect of any civil, criminal, administrative, investigative or other proceeding in which the individual is involved because of that association with the corporation or other entity.

(2) Advance of Costs. A corporation may advance moneys to a director, officer or other individual for the costs, charges and expenses of a proceeding referred to in subsection (1). The individual shall repay the moneys if the individual does not fulfil the conditions of subsection (3).

(3) Limitation. A corporation may not indemnify an individual under subsection (1) unless the individual

(a) acted honestly and in good faith with a view to the best interests of the corporation, or, as the case may be, to the best interests of the other entity for which the individual acted as director or officer or in a similar capacity at the corporation's request; and

(b) in the case of a criminal or administrative action or proceeding that is enforced by a monetary penalty, the individual had reasonable grounds for believing that the individual's conduct was lawful.

(4) Indemnification in derivative actions. A corporation may with the approval of a court, indemnify an individual referred to in subsection (1), or advance moneys under subsection (2), in respect of an action by or on behalf of the corporation or other entity to procure a judgment in its favour, to which the individual is made a party because of the individual's association with the corporation or other entity as described in subsection (1) against all costs, charges and expenses reasonably incurred by the individual in connection with such action, if the individual fulfils the conditions set out in subsection (3).

(5) Right to indemnity. Despite subsection (1), an individual referred to in that subsection is entitled to indemnity from the corporation in respect of all costs, charges and expenses reasonably incurred by the individual in connection with the defence of any civil, criminal, administrative, investigative or other proceeding to which the individual is subject because of the individual's association with the corporation or other entity as described in subsection (1), if the individual seeking indemnity

(a) was not judged by the court or other competent authority to have committed any fault or omitted to do anything that the individual ought to have done; and

(b) fulfils the conditions set out in subsection (3).

(6) Insurance. A corporation may purchase and maintain insurance for the benefit of an individual referred to in subsection (1) against any liability incurred by the individual

- (a) in the individual's capacity as a director or officer of the corporation; or
- (b) in the individual's capacity as a director or officer, or similar capacity, of another entity, if the individual acts or acted in that capacity at the corporation's request.

(7) Application to court. A corporation, an individual or an entity referred to in subsection (1) may apply to a court for an order approving an indemnity under this section and the court may so order and make any further order that it sees fit.

(8) Notice to Director. An applicant under subsection (7) shall give the Director notice of the application and the Director is entitled to appear and be heard in person or by counsel.

(9) Other notice. On an application under subsection (7) the court may order notice to be given to any interested person and the person is entitled to appear and be heard in person or by counsel.

The by-laws of each Registrant provide that such Registrant shall indemnify a director or officer of such Registrant, a former director or officer of such Registrant, or a person who acts or acted at such Registrant's request as a director or officer of a body corporate of which such Registrant is or was a shareholder or creditor, and the heirs and legal representatives thereof, to the extent permitted by the CBCA or otherwise by law.

Insofar as indemnification for liabilities arising under the Securities Act of 1933, as amended, may be permitted to directors, officers or persons controlling the Registrants pursuant to the foregoing provisions, the Registrants have been informed that in the opinion of the U.S. Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933, as amended, and is therefore unenforceable.

Reference is made to Item 10 for the undertakings of the Registrants with respect to indemnification for liabilities arising under the Securities Act.

ITEM 10. UNDERTAKINGS

- (a) The undersigned Registrants hereby undertake:
- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this Registration Statement:
 - (i) to include any prospectus required by Section 10(a)(3) of the Securities Act;
 - (ii) to reflect in the prospectus any facts or events arising after the effective date of this Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in this Registration Statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b), if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective Registration Statement; and
 - (iii) to include any material information with respect to the plan of distribution not previously disclosed in this Registration Statement or any material change to such information in this Registration Statement;

provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the Registrants pursuant to section 13 or section 15(d) of the U.S. Exchange Act that are incorporated by reference in the Registration Statement, or is contained in the form of prospectus filed pursuant to Rule 424(b) that is part of the Registration Statement.
 - (2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new Registration Statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
 - (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
 - (4)

To file a post-effective amendment to this Registration Statement to include any financial statements required by Item 8.A of Form 20-F at the start of any delayed offering or throughout a continuous offering. Notwithstanding the foregoing, a post-effective amendment need not be filed to include financial statements and information required by Section 10(a)(3) of the Securities Act or Item 8.A of Form 20-F if such financial statements and information are contained in periodic reports filed with or furnished to the Commission by the Registrants pursuant to section 13 or section 15(d) of the Exchange Act and incorporated by reference in this Registration Statement.

- (5) That, for the purpose of determining liability under the Securities Act to any purchaser:
- (iv) Each prospectus filed by the Registrants pursuant to Rule 424(b)(3) shall be deemed to be part of this Registration Statement as of the date the filed prospectus was deemed part of and included in this Registration Statement; and
 - (v) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a Registration Statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act shall be deemed to be part of and included in this Registration Statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of this Registration Statement relating to the securities in this Registration Statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. *Provided, however,* that no statement made in a Registration Statement or prospectus that is part of this Registration Statement or made in a document incorporated or deemed incorporated by reference into this Registration Statement or prospectus that is part of this Registration Statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in this Registration Statement or prospectus that was part of this Registration Statement or made in any such document immediately prior to such effective date.
- (6) That, for the purpose of determining liability of the Registrants under the Securities Act to any purchaser in the initial distribution of the securities, the undersigned Registrants undertake that in a primary offering of securities of the undersigned Registrants pursuant to this Registration Statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned Registrants will be sellers to the purchaser and will be considered to offer or sell such securities to such purchaser:
- (vi) Any preliminary prospectus or prospectus of the undersigned Registrants relating to the offering required to be filed pursuant to Rule 424;
 - (vii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned Registrants or used or referred to by the undersigned Registrants;
 - (viii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned Registrants or their securities provided by or on behalf of the undersigned Registrants; and

- (ix) Any other communication that is an offer in the offering made by the undersigned Registrants to the purchaser.

- (b) The undersigned Registrants hereby undertake that, for purposes of determining any liability under the Securities Act, each filing of the Registrant's annual report pursuant to section 13(a) or section 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the Registration Statement shall be deemed to be a new Registration Statement relating to the securities

offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

- (c) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrants pursuant to the foregoing provisions, or otherwise, the Registrants have been advised that in the opinion of the Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrants of expenses incurred or paid by a director, officer or controlling person of the Registrants in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrants will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
