GAMCO Global Gold, Natural Resources & Income Trust (the Fund, we, or our) has entered into a sales agreement with G.research, LLC (the Sales Manager), dated November 20, 2014, relating to the common shares of beneficial interest, par value \$0.001 per share, (common shares) offered by this prospectus supplement and the accompanying prospectus. In accordance with the terms of the sales agreement, we may offer and sell up to 4,000,000 of our common shares from time to time through the Sales Manager, as our agent for the offer and sale of the common shares. Under the Investment Company Act of 1940, as amended (the 1940 Act), the Fund may not sell any common shares at a price below the current net asset value of such common shares, exclusive of any distributing commission or discount. The Fund is a non-diversified, closed-end management investment company registered under the 1940 Act. The Fund's primary investment objective is to provide a high level of current income. The Fund's secondary investment objective is to seek capital appreciation consistent with the Fund's strategy and its primary objective. The Fund's investment adviser is Gabelli Funds, LLC (the Investment Adviser). An investment in the Fund is not appropriate for all investors. We cannot assure you that the Fund's objectives will be achieved.

Our common shares are listed on the NYSE MKT LLC (the NYSE MKT) under the symbol GGN. As of May 6, 2016, the last reported sale price for our common shares on the NYSE MKT was \$6.57 per share. Sales of our common shares, if any, under this prospectus supplement and the accompanying prospectus may be made in negotiated transactions or transactions that are deemed to be at the market as defined in Rule 415 under the Securities Act of 1933, as amended (the 1933 Act), including sales made directly on the NYSE MKT or sales made to or through a market maker other than on an exchange.

The Sales Manager, G.research, LLC, will be entitled to compensation at a commission rate of 1.00% of the gross sale price per share for daily trading amounts up to 100,000 common shares and a commission rate of 0.75% of the gross sale price per share for daily trading amounts in excess of 100,000 common shares sold under the sales agreement, as may be further agreed upon by the Fund and the Sales Manager from time to time. In connection with the sale of the common shares on our behalf, the Sales Manager may be deemed to be an underwriter within the meaning of the 1933 Act and the compensation of the Sales Manager may be deemed to be underwriting commissions or discounts.

The Sales Manager is not required to sell any specific number or dollar amount of common shares, but will use its reasonable efforts to sell the common shares offered by this prospectus supplement. There is no arrangement for common shares to be received in an escrow, trust, or similar arrangement. The offering of common shares pursuant to the sales agreement will terminate upon the earlier of (i) the sale of all common shares subject to the sales agreement and (ii) the termination of the sales agreement by either the Sales Manager or the Fund.

We may offer and sell up to 4,000,000 of our common shares from time to time through the Sales Manager, as our agent for the offer and sale of the common shares. There is no guaranty that there will be any sales of our common shares pursuant to this prospectus supplement and the accompanying prospectus. The table below assumes that we will sell 4,000,000 common shares, at a price of \$6.57 per share (the last reported sales price per share of our common shares on May 6, 2016). Actual sales, if any, of our common shares under this prospectus supplement and the accompanying prospectus may be less than as set forth in the table below. In addition, the price per share of any such sale may be greater or less than \$6.57, depending on the market price of our common shares at the time of any such sale. To the extent that the market price per share of our common shares on any given day is less than the net asset value per share on such day plus the per share amount of the commission to be paid to the Sales Manager, we will instruct the Sales Manager not to make any sales on such day.

The following table sets forth the unaudited capitalization of the Fund as of December 31, 2015, and its adjusted capitalization assuming the common shares offered in this prospectus supplement had been issued.

Table of Contents**TABLE OF FEES AND EXPENSES**

The following tables are intended to assist you in understanding the various costs and expenses directly or indirectly associated with investing in our common shares as a percentage of net assets attributable to common shares. Amounts are for the current fiscal year after giving effect to anticipated net proceeds of the offering, assuming that we incur the estimated offering expenses, including any preferred share offering expenses.

Shareholder Transaction Expenses

Sales Load (as a percentage of offering price)	1.00%
Offering Expenses Borne by the Fund (as a percentage of offering price)	0.06%
Dividend Reinvestment Plan Fees	None(1)

	Percentage of Net Assets Attributable to Common Shares
Annual Expenses	
Management Fees	1.12%(2)
Interest on Borrowed Funds	None
Other Expenses	0.18%(2)
Total Annual Expenses	1.30%(2)
Dividends on preferred shares	0.61%(3)
Total Annual Expenses and Dividends on Preferred Shares	1.91%

- (1) You will be charged a \$1.00 service charge and pay brokerage charges if you direct the plan agent to sell your common shares held in a dividend reinvestment account.
- (2) The Investment Adviser's fee is 1.00% annually of the Fund's average weekly net assets, with no deduction for the liquidation preference of any outstanding preferred shares. Consequently, inasmuch as the Fund has preferred shares outstanding, the investment management fees and other expenses as a percentage of net assets attributable to common shares are higher than if the Fund did not utilize a leveraged capital structure. Other Expenses are based on estimated amounts for the current year assuming completion of the proposed issuances.
- (3) The Dividends on preferred shares represent distributions on the preferred shares outstanding.

Example

The following example illustrates the expenses you would pay on a \$1,000 investment in common shares, assuming a 5% annual portfolio total return.*

	1 Year	3 Years	5 Years	10 Years
Total Expenses Incurred	\$ 29	\$ 69	\$ 112	\$ 231

* **The example should not be considered a representation of future expenses.** The example assumes that the amounts set forth in the Annual Expenses table are accurate and that all distributions are reinvested at net asset value. Actual expenses may be greater or less than those assumed. Moreover, the Fund's actual rate of return may be greater or less than the hypothetical 5% return shown in the example. The example includes Dividends on Preferred Shares. If Dividends on Preferred Shares were not included in the example calculation, the estimated expenses (based on the same assumptions as above) for the 1, 3, 5 and 10 year periods would have been \$23, \$51, \$81 and \$165, respectively.

USE OF PROCEEDS

Sales of our common shares, if any, under this prospectus supplement and the accompanying prospectus may be made in negotiated transactions or transactions that are deemed to be at the market as defined in Rule 415 under the 1933 Act, including sales made directly on the NYSE MKT or sales made to or through a market maker other than on an exchange. There is no guaranty that there will be any sales of our common shares pursuant to this prospectus supplement and the accompanying prospectus. Actual sales, if any, of our common shares under this prospectus supplement and the accompanying prospectus may be less than as set forth in this paragraph. In addition, the price per share of any such sale may be greater or less than the price set forth in this paragraph, depending on the market price of our common shares at the time of any such sale. As a result, the actual net proceeds we receive may be more or less than the amount of net proceeds estimated in this prospectus supplement. Assuming the sale of all of our common shares offered under this prospectus supplement and the accompanying prospectus at \$6.57 per share (the last reported sales price per share of our common shares on May 6, 2016), we estimate that the net proceeds of this offering will be approximately \$26,017,200 after deducting the estimated underwriting discount.

The Investment Adviser anticipates that the investment of the proceeds will be made in accordance with the Fund's investment objectives and policies as appropriate investment opportunities are identified, which is expected to substantially be completed within three months; however, changes in market conditions could result in the Fund's anticipated investment period extending to as long as six months.

RISK FACTORS AND SPECIAL CONSIDERATIONS

Investing in our common shares involves risk, including the risk that you may receive little or no return on your investment or even that you may lose part or all of your investment. Therefore, before investing in our common shares you should consider carefully the risk factors described in the accompanying prospectus in addition to the risk factors described in this prospectus supplement.

Purchase at a Premium to Net Asset Value

Our common shares have in recent times traded at a premium to net asset value per share which may not be sustainable. If our common shares are trading at a premium to net asset value at the time you purchase shares, you will experience an immediate reduction in the net asset value of the shares you purchase in comparison with the market price of the shares. Please see **Price Range of Common Shares** on page S-7 for further information about our historical common share prices and premium or discount to net asset value.

PLAN OF DISTRIBUTION

Under the sales agreement among the Fund, the Investment Adviser and the Sales Manager, upon written instructions from the Fund, the Sales Manager will use its commercially reasonable efforts consistent with its sales and trading practices, to solicit offers to purchase the common shares under the terms and subject to the conditions set forth in the sales agreement. The Sales Manager's solicitation will continue until we instruct the Sales Manager to suspend the solicitations and offers. We will instruct the Sales Manager as to the amount of common shares to be sold by the Sales Manager. We may instruct the Sales Manager not to sell common shares if the sales cannot be effected at or above the price designated by the Fund in any instruction. We or the Sales Manager may suspend the offering of common shares upon proper notice and subject to other conditions.

The Sales Manager will provide written confirmation to the Fund not later than the opening of the trading day on the NYSE MKT following the trading day on which common shares are sold under the sales agreement. Each confirmation will include the number of shares sold on the preceding day, the net proceeds to the Fund and the compensation payable by the Fund to the Sales Manager in connection with the sales.

We will pay the Sales Manager commissions for its services in acting as agent in the sale of common shares. The Sales Manager will be entitled to compensation at a commission rate of 1.00% of the gross sale price per share for daily trading amounts up to 100,000 common shares and a commission rate of 0.75% of the gross sale price per share for daily trading amounts in excess of 100,000 common shares sold under the sales agreement, as may be further agreed upon by the Fund and the Sales Manager from time to time.

There is no guaranty that there will be any sales of our common shares pursuant to this prospectus supplement and the accompanying prospectus. Actual sales, if any, of our common shares under this prospectus supplement and the accompanying prospectus may be less than as set forth in this paragraph. In addition, the price per share of any such sale may be greater or less than the price set forth in this paragraph, depending on the market price of our common shares at the time of any such sale. Assuming 4,000,000 of our common shares offered hereby are sold at a price of \$6.57 per share, we estimate that the total expenses for this offering, including compensation payable to the Sales Manager under the terms of the sales agreement, would be approximately \$278,800.

Settlement for sales of common shares will occur on the third trading day following the date on which such sales are made, or on some other date that is agreed upon by the Fund and the Sales Manager in connection with a particular transaction, in return for payment of the net proceeds to the Fund. There is no arrangement for funds to be received in an escrow, trust or similar arrangement.

In connection with the sale of the common shares on our behalf, the Sales Manager may, and will with respect to sales effected in an at the market offering, be deemed to be an underwriter within the meaning of the 1933 Act, and the compensation of the Sales Manager may be deemed to be underwriting commissions or discounts. We have agreed to provide indemnification and contribution to the Sales Manager against certain civil liabilities, including liabilities under the 1933 Act.

The offering of our common shares pursuant to the sales agreement will terminate upon the earlier of (i) the sale of all common shares subject the sales agreement or (ii) the termination of the sales agreement. The sales agreement may be terminated by the Fund in our sole discretion under the circumstances specified in the sales agreement by giving notice to the Sales Manager. In addition, the Sales Manager may terminate the sales agreement under the circumstances specified in the sales agreement by giving notice to the Fund.
