- \* The underwriters expect to deliver the notes to purchasers on or about December 3, 2018, which will be the third business day following the pricing of the notes (such settlement cycle being herein referred to as "T + 3"). Under Rule 15c6-1 under the Securities Exchange Act of 1934, as amended, trades in the secondary market generally are required to settle in two business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade notes on the date of pricing will be required, by virtue of the fact that the notes initially will settle T + 3, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement. Purchasers of the notes who wish to trade the notes on the date of pricing of the notes should consult their own advisor.**
- \*\* A securities rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time.**
