Item 6. Contracts, Arrangements; Understandings or Relationships with Respect to Securities of the Issuer

The information provided or incorporated by reference in Items 3 and 4 is hereby incorporated by reference herein.

The Partnership Agreement

The General Partner, as the sole general partner of the Partnership, and NBL Midstream, as the organizational limited partner of the Partnership, are party to the Partnership Agreement.

Cash Distributions

The Partnership intends to make a minimum quarterly distribution to the holders of Common Units and Subordinated Units of \$0.3750 per unit, or \$1.5000 per unit on an annualized basis, to the extent the Partnership has sufficient cash after the establishment of cash reserves and the payment of costs and expenses, including reimbursements of expenses to the General Partner. The amount of distributions the Partnership will pay and the decision to make any distribution is determined by the General Partner, taking into consideration the terms of the Partnership Agreement. Additionally, certain restrictions in the Partnership's new revolving credit facility may restrict the Partnership's ability to make distributions.

The Partnership Agreement requires that, within 45 days after the end of each quarter, beginning with the quarter ending December 31, 2016, the Partnership distribute all of its available cash to unitholders of record on the applicable record date, less reserves established by the General Partner. The Partnership refers to this amount as available cash.

The Partnership Agreement provides that, during the subordination period, the Common Units will have the right to receive distributions of available cash from operating surplus each quarter in an amount equal to \$0.3750 per Common Unit, plus any arrearages in the payment of the minimum quarterly distribution on the Common Units from prior quarters, before any distributions of available cash from operating surplus may be made on the Subordinated Units. Furthermore, no arrearages will accrue or be payable on the Subordinated Units.

The Partnership Agreement requires that the Partnership distribute all of its available cash from operating surplus for any quarter during the subordination period in the following manner:

first, 100% to the common unitholders, pro rata, until the Partnership distributes for each outstanding Common Unit an amount equal to the minimum quarterly distribution for that quarter;

second, 100% to the Common Unitholders, pro rata, until we distribute for each outstanding Common Unit an amount equal to any arrearages in payment of the minimum quarterly distribution on the Common Units for any prior quarters during the subordination period;

third, 100% to the Subordinated Unitholders, pro rata, until we distribute for each outstanding Subordinated Unit an amount equal to the minimum quarterly distribution for that quarter; and

thereafter, in the manner described in the Partnership Agreement taking into account the General Partner's incentive distribution rights.

If cash distributions to the unitholders exceed \$0.4313 per unit in any quarter, Noble will receive increasing percentages, up to 50%, of the cash the Partnership distributes in excess of that amount. These distributions are referred to as incentive distributions.

The Partnership Agreement requires that the Partnership distribute all of its available cash from operating surplus for any quarter after the subordination period in the following manner:

first, 100% to all Common Unitholders, pro rata, until we distribute for each outstanding Common Unit an amount equal to the minimum quarterly distribution for that quarter; and

thereafter, in the manner described in the Partnership Agreement taking into account the General Partner's incentive distribution rights.

Conversion of Subordinated Units

The subordination period will extend until the first business day following the distribution of available cash in respect of any quarter beginning with the quarter ending September 30, 2019, that each of the following tests are met:

distributions of available cash from operating surplus on each of the outstanding Common Units and Subordinated Units equaled or exceeded \$1.5000 (the annualized minimum quarterly distribution), for each

of the three consecutive, non-overlapping four-quarter periods immediately preceding that date;

the adjusted operating surplus (as defined below) generated during each of the three consecutive, nonoverlapping four-quarter periods immediately preceding that date equaled or exceeded the sum of \$1.5000 (the annualized minimum quarterly distribution) on all of the outstanding Common Units and Subordinated Units during those periods on a fully diluted basis; and

there are no arrearages in payment of the minimum quarterly distribution on the Common Units. Notwithstanding the foregoing, the subordination period will automatically terminate on the first business day following the distribution of available cash in respect of any quarter, beginning with the quarter ending September 30, 2017, that each of the following tests are met:

distributions of available cash from operating surplus on each of the outstanding Common Units and Subordinated Units equaled or exceeded \$2.2500 (150% of the annualized minimum quarterly distribution), for the four-quarter period immediately preceding that date;

the adjusted operating surplus (as defined below) generated during the four-quarter period immediately preceding that date equaled or exceeded the sum of (i) \$2.2500 (150% of the annualized minimum quarterly distribution) on all of the outstanding Common Units and Subordinated Units during that period on a fully diluted basis and (ii) the corresponding distributions on the incentive distribution rights; and

there are no arrearages in payment of the minimum quarterly distribution on the Common Units. When the subordination period ends, each outstanding Subordinated Unit will convert into one Common Unit and will thereafter participate pro rata with the other Common Units in distributions of available cash.

Issuance of Additional Units

The Partnership Agreement authorizes the Partnership to issue an unlimited number of additional partnership interests for the consideration and on the terms and conditions determined by the General Partner without the approval of the unitholders.

Limited Voting Rights

The General Partner will manage and operate the Partnership. Unlike the holders of common stock in a corporation, unitholders will have only limited voting rights on matters affecting the Partnership's business. The Partnership's unitholders will have no right to elect the General Partner or its directors on an annual or other continuing basis. The General Partner may not be removed except by a vote of the holders of at least 66 2/3% of the outstanding units, including any units owned by the General Partner and its affiliates, voting together as a single class. NBL Midstream owns an aggregate of 45.2% of the Partnership's Common and Subordinated Units. This gives NBL Midstream the ability to prevent the involuntary removal of the General Partner.

Limited Call Right

If at any time the General Partner and its affiliates own more than 80% of the then-issued and outstanding limited partner interests of any class, the General Partner will have the right, which it may assign in whole or in part to any of its affiliates or to the Partnership, to acquire all, but not less than all, of the limited partner interests of such class held by unaffiliated persons as of a record date to be selected by the General Partner, on at least 10, but not more than 60, days' written notice. The purchase price in the event of this purchase is the greater of:

the highest cash price paid by either the General Partner or any of its affiliates for any limited partner interests of the class purchased within the 90 days preceding the date on which the General Partner first mails notice of its election to purchase those limited partner interests; and

the current market price calculated in accordance with the Partnership Agreement as of the date three business days before the date the notice is mailed.

Registration Rights

Under the Partnership Agreement, the Partnership has agreed to register for resale under the Securities Act of 1933, as amended, and applicable state securities laws any Common Units, Subordinated Units or other partnership interests proposed to be sold by the General Partner or any of its affiliates or their assignees if an exemption from the registration requirements is not otherwise available. These registration rights will continue for two years following any withdrawal or removal of the General Partner as general partner. The Partnership is obligated to pay all expenses incidental to the registration, excluding underwriting discounts and commissions.

The General Partner's Limited Liability Company Agreement

Under the First Amended and Restated Limited Liability Company Agreement of the General Partner (the **General Partner LLC Agreement**), NBL Midstream has the right to elect the members of the board of directors of the General Partner.

To the Reporting Persons' knowledge, there are no other contracts, arrangements, understandings or relationships (legal or otherwise) among the persons named in Item 2 and between such persons and any person with respect to any securities of the Partnership.
