In accordance with our Corporate Governance Guidelines, our Nominating and Corporate Governance Committee reviews annually the composition and size of the Board. We recognize the importance of Board refreshment to continually maintain a group of directors with a balanced mix of institutional knowledge and fresh perspectives. We seek directors who have diverse and extensive experience and skills that match our needs, and who can provide independent oversight of our operations.

[Table of Contents](#)

CORPORATE GOVERNANCE

[Board Composition](#)

[Board Leadership Structure](#)

Since 2009, the Board has annually elected a non-executive Chairman. In May 2017, the Board elected Harvey P. Perry as our Chairman and lead director. In early May 2018, the Board re-elected Mr. Perry as Chairman and named W. Bruce Hanks as lead independent director.

The Chairman's responsibilities include presiding over Board meetings, overseeing the management, development and functioning of the Board, and in consultation with the CEO, planning and organizing the activities of the Board and the schedule and agendas for Board meetings.

Our lead independent director's responsibilities include coordinating and developing an agenda for each meeting of non-management directors. With regard to information from management that is necessary for the non-management directors to perform their duties effectively and responsibly, the lead independent director also provides guidance to the CEO on the quality, quantity, and timeliness of

the flow of information, with the understanding that the non-management directors will receive any information requested on their behalf by the lead independent director.

The Board believes that the separation of the Chairman and CEO positions has functioned effectively over the past several years. Separating these positions has allowed our CEO to have primary responsibility for the operational leadership and strategic direction of our business, while allowing our Chairman to lead the Board in its fundamental role of providing guidance to and separate oversight of management.

Our Board periodically reviews its leadership structure and may make such changes in the future as it deems appropriate. The Board believes that its programs for overseeing risk would be effective under a variety of top leadership structures, and, accordingly, this factor has not materially affected its current choice of leadership structure.

[Director Independence](#)

On an annual basis, our Board evaluates the independence of each director nominee, based on the independence standards of our Corporate Governance Guidelines and applicable NYSE standards. Based on its review, the Board has affirmatively determined that all but three of our directors Messrs. Storey, Perry and Post qualify as independent directors.

In making these determinations, the Board considered all known commercial, banking, consulting, legal, accounting, charitable, familial or other relationships any director may have with us. Some of our independent directors are employed by or affiliated with companies with which we do

business in the ordinary course, either as a service provider, a customer or both. In all cases the amounts spent under these transactions fell well below the materiality thresholds established in the NYSE listing standards and in our Corporate Governance Guidelines. Consequently, our Board concluded that the amounts spent under these transactions did not create a material relationship with us that would interfere with the exercise of independent judgment by any of these directors.

As noted further below, our Audit Committee, Human Resources and Compensation Committee, and Nominating and Corporate Governance Committee are composed solely of independent directors.

CORPORATE GOVERNANCE

Shareholder Engagement

Shareholder Engagement

We believe regular communication with our shareholders is critical to ensure that management and the Board are aware of our shareholders' priorities. The Board strives to be responsive and to ensure that shareholders' concerns and observations are appropriately addressed. Through our communications with shareholders over the years, we have strived to improve our governance practices and view obtaining this feedback as a priority.

Our senior management team, including our CEO, CFO and members of our Investor Relations team, maintain regular contact with a broad base of investors, including through investor meetings, conferences and quarterly earnings calls. For years, we have supplemented this engagement with annual outreach efforts.

In 2018, we established a more formal corporate governance outreach process to receive feedback from our large institutional investors, pension funds and the two largest proxy advisory firms, for their perspectives on our governance practices, board

diversity and composition, compensation philosophy and other topics. The outreach efforts are managed by a cross-functional team that includes the Human Resources/Executive Compensation, Legal and Investor Relations departments and the Board of Directors. In 2018, in more than one of these outreach meetings, at least one member of the Board teamed with senior management to facilitate in-depth discussions of these issues. Appropriate members of the Board were provided summaries of the feedback received.

We intend to continue with a regular and robust communication cycle throughout the year, including reviewing results from our most recent annual meeting of shareholders in the second quarter; engaging in active outreach with investors to understand corporate governance priorities and compensation practices in the third and fourth quarters; and sharing feedback with our Human Resources and Compensation Committee, Nominating and Governance Committee and full Board throughout the year.

Communicating with Your Board

If you would like to provide feedback to the Board, you may contact either our Chairman, lead independent director or any other director by writing a letter addressed specifically to them, c/o Post Office Box 5061, Monroe, Louisiana 71211, or by sending an email to boardinquiries@centurylink.com.

Board's Role in Setting Strategy

Our Board oversees and provides guidance to senior management on the development and implementation of the Company's strategic plans. This occurs year-round at quarterly Board meetings through presentations and discussion of the strategies to be pursued by the Company as a whole or by its lines of business. Each year, we schedule an extended meeting to enable a comprehensive review of our strategy and long-term plan.

From time-to-time at these strategy sessions, we invite outside experts or consultants to share their

views on issues impacting our strategic options, industry trends and technological developments. As discussed further under Compensation Discussion and Analysis, our Human Resources and Compensation Committee reviews our strategies annually to ensure that the performance metrics used in our executive compensation programs appropriately incentivize the pursuit of our short and long-term strategic goals. In addition, our Board's sharp focus on risk management oversight (discussed in detail below) plays a key role in our strategic planning process.

Board Education

We strive to educate our Board on industry, technological and regulatory conditions impacting us, principally through the Board presentations and strategy sessions described immediately above. We also actively encourage our directors to attend educational conferences or seminars to supplement

their knowledge base. Our directors also have access to our internal technology advisory Board, including invitations to attend the advisory Board's periodic educational update meetings, which is especially helpful in connection with on-boarding new directors.

Oversight of Risk Management

Oversight of Risk Management

Role of the Board. While senior management has primary responsibility for managing risk on a day-to-day basis, our Board is responsible for overseeing our risk management processes. These processes are a coordinated effort among our business units, senior leadership, risk management personnel and internal auditors.

Directors typically monitor our risk profile by receiving from management periodic briefing and educational presentations. The Board works with senior management to assess our key short- and long-term business risks, including an enterprise risk management reporting process designed to identify critical risks and formulate risk mitigation strategies.

The Board oversees the management of our critical risks by using several different levels of review. The

Board addresses the primary risks associated with our business units and corporate functions in connection with receiving periodic operational reports. The Board also reviews the risks associated with our strategic plan at an annual strategic planning session and periodically throughout the year. In addition, our non-executive chairman and lead independent director regularly meet and discuss with our chief executive officer a variety of matters, including our business strategies, opportunities, key challenges and key risks, as well as management's risk mitigation strategies. Finally, the Board assesses risks in connection with authorizing major transactions or initiatives, such as acquisitions, operating or capital budgets, new product development or strategic investments, as well as through regular communications with its committees.

For additional information on these committees, see [Committees of the Board](#).

Role of Third Parties. From time to time, we retain third party firms to assist the Board in various capacities, including risk assessment. Over the past three years, we retained two different firms to conduct detailed reviews of our cybersecurity programs. These reviews were discussed with our directors and enabled us to further strengthen our cybersecurity programs. We also periodically retain consultants to assess with our Board the risks of our current or proposed business strategies.

[Board Evaluation Process](#)

Our Nominating and Corporate Governance Committee oversees the annual performance evaluation of the Board as a whole and each committee of the Board. Annually, each director completes an evaluation of the full Board and of each committee on which the director serves. The evaluations are intended to provide an opportunity to evaluate performance, with the goal of improving Board and committee processes and effectiveness.

Although questionnaires are used to frame issues, our process typically focuses primarily on in-depth director interviews by the chair of the Nominating and Corporate Governance Committee (or the appropriate committee chair in the case of committee evaluations). The process is designed to elicit both specific and general comments on various key areas of Board practices, and to ask each director to evaluate how well the Board and committees operate. Directors are also asked to assess the performance of the Chairman, lead independent director and each committee chair. Management input is also received and assessed. The Nominating

and Corporate Governance Committee reviews the results and the overall assessment is presented to the full Board. Each committee chair reviews the results of the committee reviews and presents those results to the committee. The results are typically used in connection with assessing Board recruitment strategies, committee assignments and changes in Board or committee procedures, among other things.

The Nominating and Corporate Governance Committee annually assesses its evaluation protocols to determine if changes are warranted. In addition to these annual self-assessments, the Board and its committees typically evaluate and modify their functions on an ongoing basis in executive sessions.

When evaluating candidates for nomination as new directors, our Corporate Governance Guidelines provide that our Nominating and Corporate Governance Committee will consider a pool of candidates that includes women and individuals from minority groups.

[Board of Directors Meetings](#)

During 2018, the Board held seven meetings and all of our directors attended at least 75% of the aggregate number of all Board meetings and all meetings of Board committees on which they served. In addition, each of our directors attended the 2018 annual shareholders meeting.

All Board and committee members are actively encouraged to suggest agenda items to be discussed at upcoming meetings. Directors are generally free to attend all committee meetings. No less than quarterly, our non-management

directors and our independent directors meet in executive session, and our committees also periodically meet in executive session, in all cases without management present.

Committees of the Board

Nominating and Corporate Governance Committee. The Board's Nominating and Corporate Governance Committee (which in most instances is hereinafter referred to as the Nominating Committee) is currently composed of five independent directors. It met six times during 2018. The Nominating Committee is responsible for, among other things, (i) recommending to the Board nominees to serve as directors and officers, (ii) monitoring the composition and size of the Board and its committees, (iii) periodically reassessing our Corporate Governance Guidelines described above, (iv) leading the Board in its annual review of the Board's performance, (v) reviewing shareholder proposals and making recommendations to the Board regarding how to respond, (vi) conducting an intensive annual review of the performance of our Chief Executive Officer, including interviewing each of our other senior officers, and (vii) reporting to the Board on succession planning for executive officers and appointing an interim CEO if the Board does not make such an appointment within 72 hours of the CEO dying or becoming disabled.

Risk and Security Committee. The Board maintains a Risk and Security Committee, which met four times during 2018.

Finance Committee. The Board also maintains a Finance Committee, which formerly operated as the Pricing Committee with the power to approve the terms under which we sell our securities or borrow money. During 2018, this committee was renamed and its ambit was enlarged to include the finance oversight responsibilities described above under the heading Oversight of Risk Management.

Each of the committees listed above is composed solely of independent directors, except for the Risk and Security Committee, which includes Messrs. Perry, Post and Storey, and the Finance Committee, which includes Messrs. Perry and Post.

Additional information on the responsibilities of these committees can be found elsewhere herein and in the committees' respective charters, which can be obtained in the manner described on page 8.

Succession Planning and Development

The Board is focused on ensuring that we have short- and long-term succession plans in place for our key senior executives. Our long-term succession plan is intended to develop a pipeline of qualified

talent for key roles. The planning process includes a discussion of succession candidates, an assessment of their relevant strengths and skills, and corrective steps where necessary to address gaps in skill sets. Multiple succession candidates may be identified for a specific position and provided with relevant growth opportunities. Where possible, the Board evaluates internal succession candidates based upon their presentations to the Board and participation in other Board activities. Board members also participate in annual 360° peer reviews of senior executives, which provides additional information on internal succession candidates.

The Nominating Committee is responsible for overseeing the succession planning process for our Chief Executive Officer and other key senior executives. The committee provides periodic updates on succession planning to the independent directors. During 2018, the committee retained a nationally-recognized executive search firm to assist it with its succession planning activities, including the identification of future internal and external succession

candidates.

[Stock Ownership Guidelines](#)

We require our executive officers to beneficially own CenturyLink stock equal in market value to specified multiples of their annual base salary. See [Compensation Discussion and Analysis Our Policies, Processes and Guidelines Related to Executive Compensation Stock Ownership Guidelines](#) for information on the executive ownership multiples and the holding percentages currently in effect. All executive officers have three years from the date they first become subject to a particular ownership level to attain that target.

We require our outside directors to beneficially own CenturyLink stock equal in market value to five times their annual cash retainer. Outside directors have five years from their election or appointment date to attain that target.

The Human Resources and Compensation Committee administers the guidelines, and may modify their terms and grant hardship exceptions in its discretion. For any year during which an executive or director does not meet his or her ownership target, the executive or director is required to hold a specified percentage of the CenturyLink stock that the executive or director acquires through our equity compensation programs, excluding shares sold to

pay taxes associated with the acquisition thereof. As of December 31, 2018, all of our outside directors and executive officers exceeded their stock ownership thresholds.

[Director Nomination Process](#)

General. Nominations for the election of directors at our annual shareholders' meetings may be made by the Board (upon the receipt of recommendations of the Nominating Committee) or by any shareholder of record who complies with our bylaws. For the meeting this year, the Board has nominated the 13 nominees listed above under "Election of Directors" to stand for re-election as directors. For further information on procedures governing the submission of shareholder proposals, see "Frequently Asked Questions."

Role of Nominating Committee. The Nominating Committee will consider candidates properly and timely nominated by shareholders in accordance with our bylaws. Upon receipt of any such nominations, the Nominating Committee will review the submission for compliance with our bylaws, including determining if the proposed nominee meets the bylaw qualifications for service as a director.

From time to time, we have added to our Board directors who previously served as directors of companies we acquired. For instance, in connection with acquiring Embarq in 2009, Qwest in 2011 and Level 3 in 2017, we added several new directors to our Board who previously served as directors of those companies, seven of whom are nominees to be re-elected at the meeting.

Except as provided by our Corporate Governance Guidelines, the Nominating Committee has not established any specific minimum qualifications for director candidates. Under our Corporate Governance Guidelines, the Nominating Committee assesses director candidates based on their independence, diversity, character, skills and experience in the context of the needs of the Board. Further, our Corporate Governance Guidelines provide that no director may be appointed or nominated to a new term as a director if he or she would be age 75 or older at the time of the election or appointment. The committee evaluates each individual in the context of the Board as a whole, with the objective of recommending nominees who can best contribute to the success of the business and best represent shareholder interests through the exercise of their particular experience and skill set.

Waivers of Governance Requirements. Our directors are subject to our Corporate Governance Guidelines, which, among other things, prohibit a director from serving on more than two additional unaffiliated public company boards. In addition to serving on our Board, Martha H. Bejar serves on the board of directors of more than two unaffiliated public companies. In connection with her re-nomination to serve as a director on our Board at the meeting, the Board waived compliance with the above-described service limitation, subject to the understanding that this waiver permits Ms. Bejar to serve only on the boards of the unaffiliated companies on which she was serving on the date of the waiver, unless and until she is permitted to accept a new directorship under our Corporate Governance Guidelines.

Agreements to Nominate Certain Directors. In connection with the Level 3 Combination, on October 31, 2016 we entered into a Shareholder Rights Agreement with STT Crossing Ltd. ("STT Crossing"), which was Level 3's largest shareholder as of such date. In early 2018, STT Crossing assigned its rights under this agreement (the "Shareholder Rights Agreement") to two of its affiliates, Everitt Investments Pte. Ltd and Aranda Investments Pte. Ltd. (the "STT

Affiliates). Pursuant to the Shareholder Rights Agreement, the Nominating Committee is currently obligated to nominate the individual designated by the STT Affiliates for election to the Board, subject to (i) the fiduciary duties of the members of that committee, (ii) any applicable regulation or listing requirement of the New York Stock Exchange and (iii) any applicable provisions of any network security agreement between us, STT Crossing and a government agency. Following the execution of the Shareholder Rights Agreement, STT Crossing or the STT Affiliates in each instance have designated Steven T. Clontz as their designee. The Board is required to recommend that the shareholders vote in favor of the STT Affiliates' designee and we are required to use all reasonable efforts to cause the individual to be elected as a member of the Board. In making its recommendation to the full Board regarding the nominee for election to our Board at the meeting, the Nominating Committee considered, among other things, Mr. Clontz's extensive experience in the telecommunications industry. For additional information about the Shareholder Rights Agreement, please see the full copy of the agreement that we have filed as an exhibit to our prior SEC reports.

Table of Contents**RATIFICATION OF THE SELECTION OF THE INDEPENDENT AUDITOR****(Item 2 on Proxy or Voting Instruction Card)**

The Audit Committee of the Board has appointed KPMG LLP as our independent auditor for the fiscal year ending December 31, 2019, and we are submitting that appointment to our shareholders for ratification on an advisory basis at the meeting. Although shareholder ratification of KPMG's appointment is not legally required, we are submitting this matter to the shareholders, as in the past, as a matter of good corporate practice. In determining whether to reappoint KPMG as our independent auditor, the Audit Committee considered a number of factors, including, among others, the firm's qualifications, industry expertise, prior performance, control procedures, proposed staffing and the reasonableness of its fees on an absolute basis and as compared with fees paid by comparable companies.

If the shareholders fail to vote on an advisory basis in favor of the appointment, the Audit Committee will reconsider whether to retain KPMG, and may appoint that firm or another without re-submitting the matter to the shareholders. Even if the shareholders ratify the appointment, the Audit Committee may, in its discretion, select a different independent auditor at any time during the year if it determines that such a change would be in the Company's best interests.

In connection with the audit of the 2019 financial statements, we entered into an engagement letter with KPMG which sets forth the terms by which KPMG will provide audit services to us. Any future disputes between KPMG and us under that letter will be subject to certain specified alternative dispute resolution procedures, none of which are intended to restrict the remedies that our shareholders might independently pursue against KPMG.

The following table lists the aggregate fees and costs billed to us by KPMG and its affiliates for the 2017 and 2018 services identified below:

	Amount Billed	
	2017	2018
Audit Fees ⁽¹⁾	\$ 12,245,495	\$ 15,229,014
Audit-Related Fees ⁽²⁾	207,554	106,528
Tax Fees ⁽³⁾	2,121,869	1,318,798
Other		
Total Fees	\$ 14,574,918	\$ 16,654,340

(1) Includes the cost of services rendered in connection with (i) auditing our annual consolidated financial statements, (ii) auditing our internal control over financial reporting in accordance with Section 404 of the Sarbanes-Oxley Act of 2002, (iii) reviewing our quarterly financial statements, (iv) auditing the financial statements of several of our subsidiaries, (v) reviewing our registration statements and issuing related comfort letters, (vi) statutory audits for

certain of our foreign subsidiaries, and (vii) consultations regarding accounting standards. Additionally, the amounts billed in 2017 (i) include \$702,000 for services rendered in connection with auditing separate carve-out financial statements related to divestiture-related transactions and (ii) exclude \$3,515,000 of fees paid to KPMG by Level 3 prior to its acquisition by CenturyLink.

- (2) Includes the cost of preparing agreed upon procedures reports and providing general accounting consulting services. Amounts billed in 2017 exclude \$172,000 of fees paid to KPMG by Level 3 prior to its acquisition by CenturyLink.
- (3) Includes costs associated with (i) general tax planning, consultation and compliance (which were approximately \$900,000 in 2017 and \$1,300,000 in 2018) and (ii) tax planning and consultation related to transactions and divestitures (which were approximately \$1,200,000 in 2017).

Table of Contents

RATIFICATION OF THE SELECTION OF THE INDEPENDENT AUDITOR

(Item 2 on Proxy or Voting Instruction Card)

The Audit Committee maintains written procedures that require it to annually review and pre-approve the scope of all services to be performed by our independent auditor. This review includes an evaluation of whether the provision of non-audit services by our independent auditor is compatible with maintaining the auditor's independence in providing audit and audit-related services. The Committee's procedures prohibit the independent auditor from providing any non-audit services unless the service is permitted under applicable law and is pre-approved by the Audit Committee or its Chairman. The Chairman is authorized to pre-approve projects if the total anticipated cost of all projects pre-approved by him during any fiscal quarter does not exceed \$250,000. The Audit Committee has pre-approved the Company's independent auditor to provide up to \$75,000 per quarter of miscellaneous permitted tax services that

do not constitute discrete and separate projects. The Chairman and the Chief Financial Officer are required periodically to advise the full Committee of the scope and cost of services not pre-approved by the full Committee. Although applicable regulations waive these pre-approval requirements in certain limited circumstances, the Audit Committee did not use these waiver provisions in either 2017 or 2018.

KPMG has advised us that one or more of its partners will be present at the meeting. We understand that these representatives will be available to respond to appropriate questions and will have an opportunity to make a statement if they desire to do so.

Ratification of KPMG's appointment as our independent auditor for 2019 will require the affirmative vote of the holders of a majority of the votes cast on the proposal at the meeting.

**THE BOARD UNANIMOUSLY RECOMMENDS A VOTE FOR
THIS PROPOSAL.**

AUDIT COMMITTEE REPORT

Management is responsible for our internal controls and financial reporting process. Our independent auditor is responsible for performing an independent audit of our consolidated financial statements and the effectiveness of our internal control over financial reporting, and to issue reports thereon. Management represented to the Committee that our consolidated financial statements were prepared in accordance with generally accepted U.S. accounting principles. The Committee reviewed and discussed with management and KPMG the consolidated financial statements, and management's report and KPMG's report and attestation on internal control over financial reporting in accordance with applicable law. The Committee also discussed with KPMG matters required to be discussed by Auditing Standard No. 1301, Communications with Audit Committees.

Among other matters, over the course of the past year, the Committee also:

u received a report with regard to any hiring of former employees of KPMG; and

u as discussed in greater detail under Corporate Governance Oversight of Risk Management, coordinated with other committees of the Board to oversee the Company's risk management function, especially with respect to financial reporting, tax and accounting risks.

KPMG also provided to the Committee the written disclosures required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditor's communications with audit committees concerning independence. The Committee discussed with KPMG that firm's independence, and considered the effects that the provision of non-audit services may have on KPMG's independence.

Based on and in reliance upon the reviews and discussions referred to above, and subject to the limitations on the role and responsibilities of the Committee referred to in its charter, the Committee recommended that the Board include the audited consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2018.

In addition to the Company's corporate compliance program and hotline, the Audit Committee has established procedures for the receipt and evaluation, on a confidential basis, of any complaints or concerns regarding our accounting, auditing, financial reporting or related matters. PROPOSAL TO AMEND OUR ARTICLES OF INCORPORATION TO INCREASE AUTHORIZED SHARES OF COMMON STOCK

(Item 3 on Proxy or Voting Instruction Card)

The Board has adopted, subject to shareholder approval, an amendment to our restated articles of incorporation to increase the number of shares of common stock authorized for issuance from

1,600,000,000 to 2,200,000,000. As of the record date, the Company had [] Common Shares issued and outstanding, and approximately [] Common Shares reserved for issuance.

Purpose for Adopting the Amendment

The Board believes that the increase in the number of authorized Common Shares is necessary to provide the Company with a sufficient number of authorized Common Shares available for general corporate purposes including, but not limited to: (i) issuing Common Shares to attract and retain employees and consultants and (ii) retaining the flexibility to pursue future potential strategic transactions requiring share issuances. Our reserve of authorized but unissued Common Shares was substantially reduced when we issued over 517 million shares in connection with acquiring Level 3 in late 2017. In addition, as discussed in

more detail in [Ratification of the NOL Rights Plan](#) below, we could potentially issue Common Shares in connection with the NOL Rights Plan under certain specified circumstances.

The Board believes that having such authorized Common Shares available for issuance in the future will give the Company greater flexibility and may allow such Common Shares to be issued without the expense and delay of an additional special meeting of shareholders unless such approval is expressly required by applicable law.

Effects

The terms of the additional Common Shares will be identical to those of the currently outstanding Common Shares and will not affect the relative voting power or equity interest of any shareholder, except for such effects as may be attendant to any future issuance of Common Shares. This amendment to increase the authorized Common Shares will not change the current number of issued Common Shares.

We do not have any current plans, proposals or arrangements, written or otherwise, to issue any of the additional authorized shares of common stock other than as disclosed in the Company's filings with the SEC, including potential issuance of Common Shares in connection with the NOL Rights Plan. However, we may decide to seek additional financing through equity or debt issuances to provide additional capital to sustain our operations. The issuance of any

shares of common stock, or securities convertible into common stock, in connection with any such financing, may dilute the proportionate ownership and voting power of existing shareholders and depress the market price of our common stock. Although the future issuance of additional Common Shares would dilute the relative ownership interests of existing shareholders, the Board believes that having the flexibility to issue additional shares in appropriate circumstances could increase the overall value of the Company to its shareholders.

No further shareholder approval would be required prior to the issuance of the additional shares of common stock authorized by the amendment except as may be required in particular cases by our articles of incorporation, the Louisiana Business Corporations Act or other applicable law, regulatory agencies or NYSE rules. There are no cumulative

voting, preemptive, subscription or conversion rights associated with our Common Shares, which means that current shareholders do not have a right to purchase any new issue of common stock, or securities that are convertible into common stock, in order to maintain their proportionate ownership interests in the Company.

Although this proposal to increase the authorized common stock has been prompted by business and financial considerations and not by the threat of any hostile takeover attempt, the additional shares of common stock that would become available for issuance if this proposed amendment is approved could also be used by us, subject to our fiduciary duties, to oppose a hostile takeover attempt or to delay or prevent changes in control.

If adopted, the amendment to our articles will become effective upon the filing of amended and restated articles of incorporation with the Secretary of State of the State of Louisiana, which we intend to do promptly after shareholder approval is obtained.

The description of the amendment to the articles of incorporation is qualified in its entirety by the complete text of the proposed amendment to our articles of incorporation set forth in *Appendix B*.

Approval of this proposal will require the affirmative vote of the holders of a majority of the votes entitled to be cast with respect to this matter.

RATIFICATION OF THE NOL RIGHTS PLAN

(Item 4 on Proxy or Voting Instruction Card)

On February 13, 2019, the Company entered into a Section 382 Rights Agreement (the NOL Rights Plan). Pursuant to the NOL Rights Plan, the Board declared a dividend of one preferred share purchase right (each, a Right) for each outstanding share of common stock, par value \$1.00, of the Company. The dividend was distributed to shareholders of record as of the close of business on February 25, 2019. At the meeting, the Board will seek the ratification by our shareholders of the NOL Rights Plan.

The Board adopted the NOL Rights Plan to diminish the risk that the Company could experience an ownership change as defined under Section 382 of the Internal Revenue Code of 1986, which could substantially limit the Company's ability to use its net operating loss carryovers (collectively, the NOLs) to reduce anticipated future tax liabilities. At December 31, 2018, we had \$7.3 billion of NOLs available for use to offset our future federal taxable

income. Under the Code and the regulations promulgated thereunder by the U.S. Treasury Department, these NOLs may be carried forward in certain circumstances to offset any current and future taxable income and thus reduce federal income tax liability, subject to certain requirements and restrictions. While the amount and timing of the Company's future taxable income cannot be predicted with any certainty and, accordingly, the Company cannot predict the amount of these NOLs that will ultimately be used to reduce its income tax liability, to the extent that the NOLs do not otherwise become limited, these NOLs are a valuable asset to the Company. The NOL Rights Plan has not been adopted as an anti-takeover measure.

If our shareholders do not ratify the NOL Rights Plan at the meeting, by its terms the NOL Rights Plan will expire on February 13, 2020.

Description of the NOL Rights Plan

The NOL Rights Plan is intended to act as a deterrent to any person or group acquiring beneficial ownership of 4.9% or more of the Company's outstanding shares of common stock, without the approval of the Board. The following description of the NOL Rights Plan is qualified in its entirety by reference to the text of the NOL Rights Plan, which is attached to this Proxy Statement as *Appendix C*. We urge you to read the NOL Rights Plan carefully in its entirety as the discussion below is only a summary.

General. Under the NOL Rights Plan, from and after the record date of February 25, 2019, each of our Common Shares will carry with it one Right, until the earlier of the Distribution Date (as defined below) or expiration of the Rights, as described below. In general, any person that, together with all Affiliates and Associates (each as defined in the NOL Rights Plan), acquires 4.9% or more of our outstanding common stock after February 13, 2019, or entry into the NOL Rights Plan, will be subject to significant potential dilution. Shareholders who own 4.9% or more of the

outstanding common stock as of the close of business on February 13, 2019, will not trigger the Rights so long as they do not (i) acquire

additional shares of common stock representing one-half of one percent (0.5%) or more of the Common Shares outstanding at the time of such acquisition or (ii) fall under 4.9% ownership of the Common Shares but then re-acquire Common Shares that in the aggregate equal 4.9% or more of the Common Shares. A person will not trigger the Rights solely as a result of any transaction that the Board determines, in its sole discretion, is an exempt transaction for purposes of triggering the Rights. STT Crossing Ltd. and its Affiliates and Associates will be exempt shareholders for the purposes of the NOL Rights Plan, unless and until STT Crossing (or any Affiliates of STT Crossing) acquires any common stock other than (x) in a transaction that is permitted under Section 4 of the Stockholder Rights Agreement, dated as of October 31, 2016, by and among the Company and STT Crossing Ltd. (the Shareholder Rights Agreement) or (y) any transfers of common stock or other Company equity interests between STT Crossing and its Affiliates. A person to whom STT Crossing transfers any amount of common stock pursuant to and as permitted by Section 4.2 of the Shareholder Rights Agreement will be exempt for purposes of the NOL Rights Plan,

RATIFICATION OF THE NOL RIGHTS PLAN

Description of the NOL Rights Plan

unless and until such person (or any Affiliates or Associates of such person) acquires any additional common stock.

The Board may, in its sole discretion prior to the Distribution Date, exempt any person or group for purposes of the NOL Rights Plan if it determines the acquisition by such person or group will not jeopardize tax benefits or is otherwise in the Company's best interests. Any person that acquires shares of common stock in violation of these limitations is known as an Acquiring Person. Notwithstanding the foregoing, a Person shall not be an Acquiring Person if the Independent Directors (as defined in the NOL Rights Plan) determine at any time that a Person who would otherwise be an Acquiring Person, has become such without intending to become an Acquiring Person, and such Person divests as promptly as practicable (or within such period of time as the Independent Directors determine is reasonable) a sufficient number of shares of common stock of the Company so that such Person would no longer be an Acquiring Person, as defined pursuant to the NOL Rights Plan. The NOL Rights Plan is not expected to interfere with any merger or other business combination approved by our Board.

The Rights. From the record date of February 25, 2019, until the Distribution Date or earlier expiration of the Rights, the Rights will trade with, and will be inseparable from, the common stock. New Rights will also accompany any new shares of common stock that we issue after February 13, 2019, until the Distribution Date or earlier expiration of the Rights.

Exercise Price. Each Right will allow its holder to purchase from our Company one ten-thousandth of a share of Series CC Junior Participating Preferred Stock (NOL Preferred Share) for \$28, subject to adjustment (the Exercise Price), once the Rights become exercisable. This fraction of a NOL Preferred Share will give the shareholder approximately the same dividend, voting, and liquidation rights as would one share of common stock. Prior to exercise, the Right does not give its holder any dividend, voting, or liquidation rights.

We refer to the date when the Rights become exercisable as the Distribution Date. Until that date or earlier expiration of the Rights, the common stock certificates will also evidence the Rights, and any transfer of shares of common stock will constitute a transfer of Rights. After that date, the Rights will

separate from the common stock and be evidenced by book-entry credits or by Rights certificates that we will mail to all eligible holders of common stock. Any Rights held by an Acquiring Person, or any Affiliates or Associates of the Acquiring Person, are void and may not be exercised.

Consequences of a Person or Group Becoming an Acquiring Person. If a person or group becomes an Acquiring Person, all holders of Rights except the Acquiring Person, or any Affiliates or Associates of the Acquiring Person, may, upon payment of the Exercise Price, purchase Common Shares with an aggregate market value of twice the Exercise Price, based on the current per share market price of the common stock (as defined in the NOL Rights Plan) on the date of the acquisition that resulted in such person or group becoming an Acquiring Person.

Exchange. After a person or group becomes an Acquiring Person, our Independent Directors in their sole discretion may extinguish the Rights by exchanging one share of common stock or an equivalent security for each Right, other than Rights held by the Acquiring Person or any Affiliates or Associates of the Acquiring Person.

Preferred Share Provisions. Each one ten-thousandth of a NOL Preferred Share, if issued:

will not be redeemable.

will entitle holders to dividends equal to the dividends, if any, paid on one share of common stock.

will entitle holders upon liquidation either to receive \$1.00 per share or an amount equal to the payment made on one share of common stock, whichever is greater.

will vote together with the common stock as one class on all matters submitted to a vote of shareholders of the Company and will have the same voting power as one share of common stock, except as otherwise provided by law.

will entitle holders to a per share payment equal to the payment made on one share of common stock, if shares of our common stock are exchanged via merger, consolidation, or a similar transaction.

Exercisability. The Rights will not be exercisable until 10 business days (as may be extended in the discretion of the Independent Directors) after the public announcement that a person or group has become an Acquiring Person unless the NOL Rights Plan is theretofore terminated or the Rights are theretofore redeemed (as described below).

Table of Contents

RATIFICATION OF THE NOL RIGHTS PLAN

[Description of the NOL Rights Plan](#)

Redemption. Our Board may redeem the Rights for \$0.0001 per Right at any time before the Distribution Date. If our Board redeems any Rights, it must redeem all of the Rights. Once the Rights are redeemed, the only right of the holders of Rights will be to receive the redemption price of \$0.0001 per Right. The redemption price will be adjusted if we have a stock split or stock dividends of our common stock.

Expiration. The Rights will expire on the earliest of (i) December 1, 2020, (ii) the time at which the Rights are redeemed, (iii) the time at which the Rights are exchanged, (iv) the time at which the Board determines that the Company's NOLs are utilized in all material respects or that an ownership change under Section 382 of the Code would not adversely impact in any material respect the time period in which the Company could use the NOLs, or materially impair the amount of the NOLs that could be used by the Company in any particular time period, for applicable tax purposes, (v) the first anniversary of the execution of the NOL Rights Plan

if approval of the NOL Rights Plan by the affirmative vote of a majority of the votes cast at a duly called meeting has not been obtained prior to such date, or (vi) a determination by the Board, prior to the Distribution Date, that the NOL Rights Plan and the Rights are no longer in the best interests of the Company and its shareholders.

Anti-Dilution Provisions. Our Board may adjust the Exercise Price, the number of NOL Preferred Shares issuable and the number of outstanding Rights to prevent dilution that may occur from a stock dividend, a stock split, or a reclassification of the NOL Preferred Shares or common stock.

Amendments. The terms of the NOL Rights Plan may be amended by our Board without the consent of the holders of the Rights. After the Distribution Date, our Board may not amend the agreement in a way that adversely affects holders of the Rights (other than an Acquiring Person, or an Affiliate or Associate of an Acquiring Person).

[Certain Factors Shareholders Should Consider](#)

Our Board believes that taking measures to safeguard the Company's NOLs is in our shareholders' best interests. However, you should consider the factors below when making your decision with respect to the ratification of the NOL Rights Plan.

Continued Risk of Ownership Change. Although the NOL Rights Plan is a deterrent measure intended to reduce the likelihood of an ownership change, we cannot assure you that it will be effective. The amount by which an ownership interest may change in the future could be affected by many factors, including purchases and sales of shares by shareholders holding 5% or more of our outstanding common stock notwithstanding the deterrent effects of the NOL Rights Plan, decisions over which we have little or no effective control.

Anti-Takeover Effect. While the NOL Rights Plan is not intended to prevent, or even discourage, a

proposal to acquire the Company, it may have a potential anti-takeover effect because an Acquiring Person may have his ownership interest diluted upon the occurrence of a triggering event. Accordingly, the overall effects of the NOL Rights Plan may be to render more difficult or discourage a merger, tender offer, or assumption of control by a substantial holder of our securities. However, as is the case with traditional shareholder rights plans, the NOL Rights Plan should not interfere with any merger or other business combination approved by the Board.

Potential Impact on Value. The NOL Rights Plan could have a negative impact on the trading price and intrinsic value of our common stock by deterring persons or groups of persons from acquiring our common stock, including in acquisitions for which some shareholders might receive a premium above market value.

Table of Contents

RATIFICATION OF THE NOL RIGHTS PLAN

Certain Factors Shareholders Should Consider

Potential Effects on Liquidity. The NOL Rights Plan is intended to deter persons or groups of persons from acquiring beneficial ownership of our common stock in excess of the specified limitations. A shareholder's ability to dispose of our common stock may be limited if the NOL Rights Plan reduces the number of persons willing to acquire our common stock or the amount they are willing to acquire. A shareholder may become an Acquiring Person upon actions taken by persons related to, or affiliated with, them.

Shareholders are advised to carefully monitor their ownership of our common stock and consult their own legal advisors and/or us to determine whether their ownership of the shares approaches the proscribed level.

Approval of this proposal will require the affirmative vote of the holders of a majority of the votes cast on the proposal at the meeting.

ADVISORY VOTE ON EXECUTIVE COMPENSATION

(Item 5 on Proxy or Voting Instruction Card)

Each year, we provide our shareholders the opportunity to vote on a non-binding, advisory resolution to approve the compensation of our named executive officers as disclosed in our annual proxy statements pursuant to the rules of the SEC.

Under our executive compensation programs, our named executive officers are rewarded for achieving specific annual and long-term goals, as well as increased shareholder value. We believe this structure aligns executive pay with our financial performance and the creation of sustainable shareholder value. The Compensation Committee of our Board continually reviews our executive compensation programs to ensure they achieve the goals of aligning our compensation with both current market practices and your interests as shareholders.

The last two years have been transformative ones in our Company's history, given the consummation of the Level 3 Combination and the ensuing senior leadership transitions, presenting us with unique compensatory challenges and opportunities. As discussed in greater detail elsewhere in this proxy statement, the Compensation Committee spent considerable time and effort during 2018 to ensure that not only do we have the right leadership in place, but that our executive compensation programs continue to appropriately incentivize and reward each key member of the team in a manner that aligns with shareholder interests. For additional information on our executive compensation programs generally and our 2018 compensation actions specifically, we urge you to read the Compensation Discussion and Analysis and Executive Compensation sections of this proxy statement.

At the meeting, we will ask you to vote, in an advisory manner, to approve the overall compensation of our named executive officers, as described in this proxy statement, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosures. This proposal, commonly known as a say-on-pay proposal, gives you the opportunity to express your views. This advisory vote is not intended to address any specific element of compensation, but rather relates to the overall compensation of our named executive officers and our executive compensation policies and practices as described in this proxy statement. Accordingly, your vote will not directly affect or otherwise limit any existing compensation or award arrangement of any of our named executive officers.

While this say-on-pay vote is advisory and will not be binding on our Company or the Board, it will provide valuable information for future use by our Compensation Committee regarding shareholder sentiment about our executive compensation. We understand that executive compensation is an important matter for our shareholders. Accordingly, we invite shareholders who wish to communicate with our Board on executive compensation or any other matters to contact us as provided under Corporate Governance Shareholder Engagement.

Approval of this proposal will require the affirmative vote of the holders of a majority of the votes cast on the proposal at the meeting.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS****Introduction**

As we noted in last year's proxy statement, our November 1, 2017 combination with Level 3 transformed our Company into the second largest domestic communications provider serving global enterprise customers. During 2018, as we moved into the integration phase of the Level 3 combination, we took critical steps to restructure our leadership team, network and workforce to pursue our vision of delivering the most technologically-advanced suite of communications products and services in the industry.

As described in greater detail below, during 2018, our Board and its Human Resources and Compensation Committee (the Committee) spent considerable time and effort assembling the right senior leadership team and recalibrating our existing executive compensation programs to support the challenges and opportunities of the Company going forward.

As a result of that process, we had a few senior leadership changes during 2018, including a change in both our Chief Executive Officer (CEO) and Chief Financial Officer (CFO) positions. Therefore, this 2018 Compensation Discussion and Analysis (the CD&A) addresses the compensation of both current and former executive officers. For 2018, we had seven named executive officers (NEOs), consisting of four current executives and three former executives:

Current Executives (or Current NEOs):

Jeffrey K. Storey	<i>CEO and President</i>
Indraneel Dev	<i>Executive Vice President and CFO</i>
Stacey W. Goff	<i>Executive Vice President, General Counsel and Secretary</i>
Scott A. Trezise	<i>Executive Vice President, Human Resources</i>

Former Executives (or Former NEOs):

Glen F. Post, III	<i>Former CEO, currently serving as a non-management director</i>
Sunit S. Patel	<i>Former CFO</i>
Aamir Hussain	<i>Former Executive Vice President</i>

COMPENSATION DISCUSSION AND ANALYSIS

[I. Executive Summary](#)

[I. Executive Summary](#)

As described further below, the central goals of our executive compensation program are:

- (1) to incentivize our executives to attain objectives that we believe will create shareholder value,
- (2) to reward performance that contributes to the execution of our business strategies, and
- (3) to attract and retain the right executives for our business.

[2018 Highlights](#)

Business Highlights. During 2018, we achieved and exceeded several significant financial and operational goals that the Committee had previously selected as short-term and equity compensation targets, including the following:

Raised guidance outlook in second quarter of 2018 for Adjusted Earnings Before Interest Taxes Depreciation and Amortization (Adjusted EBITDA) and Free Cash Flow and achieved full year results that met and exceeded the raised guidance.

Generated Adjusted EBITDA of \$9.040 billion.

Expanded Adjusted EBITDA margin to 39.8% from 35.5% since the close of the Level 3 Combination.

Generated Free Cash Flow of \$4.215 billion.

Achieved targeted \$850 million of annualized run-rate Adjusted EBITDA synergies in approximately one year, rather than 80% in three years as initially projected.

Executive Compensation Highlights. As described in greater detail below, given the transformative nature of the Level 3 Combination, our Board and the Committee spent considerable time and effort during 2018 ensuring that we have the right senior leadership team in place for the Company and that our executive compensation programs continue to appropriately incentivize, retain, and reward each key member of the team.

We believe that our 2018 compensation decisions are well aligned with driving long-term value and are in the best long-term interest of our shareholders. The following timeline provides an overview of the major executive transitions and compensation milestones that occurred during the year:

- (1) Immediately after the Closing, the new senior leadership team for the combined company included the following named executive officers: Mr. Post as CEO, Mr. Storey as COO, Mr. Patel as CFO, Mr. Goff as General Counsel and Mr. Hussain as CTO. See 2018 proxy statement for additional details.

- (2) For a discussion of the modifications of the executive compensation programs, see the discussion below under the heading, *Recalibrating Our Existing Executive Compensation Programs*.

For details regarding the payout of Mr. Storey's initial PBRs grant, which was awarded to him at Closing in November 2017 (although it is reported in our 2018 compensation tables based on its accounting grant date), see the discussion below *Link Between Operating Performance and Our Executive Compensation*.

Recalibrating our Existing Executive Compensation Programs

Over a four-month period following the Closing, we conducted a rigorous process to recalibrate our existing executive compensation programs for 2018 to better align with the combined company's profile and our business strategy of profitable growth. As a result, for our 2018 incentive programs, performance is measured on Adjusted EBITDA, Free Cash Flow and customer experience (for our STI plan) and two-year Adjusted EBITDA growth run rate (for PBRs grants).

As previously described in our 2018 proxy statement, following the Closing, the Committee adopted a new compensation peer group, which better reflected the increased size and complexity of the combined company.

Our executive compensation programs for 2018 continued to be highly performance-based and emphasize variable at risk compensation. The majority of each named executive officer's total target compensation is structured as a combination of short- and long-term performance-driven incentives (which, for both our former and current CEO, represented 90% of his total target compensation).

Our annual LTI grants to our named executives consisted of a combination of performance-based awards (60% of the target grant value) and time-vested awards (40% of the target grant value). Most executive officers received their LTI grants in February 2018 as shares of restricted stock. As discussed in greater detail below, Mr. Storey's annual LTI grant was awarded to him as restricted stock units in May 2018.

[Link Between Operating Performance and Our Executive Compensation](#)

As in prior years, the Committee set challenging performance targets under our incentive programs to ensure that payouts track corporate performance.

For the first time since 2013, we met and exceeded our pre-established goals for our STI plan and our external guidance provided to shareholder, achieving an **adjusted company performance of 107%** for 2018. Specifically, we:

Met our target for Adjusted EBITDA, comprising 65% of our STI plan, at a 112% attainment level;

Exceeded our target for Free Cash Flow, comprising 25% of our STI plan, at a 200% attainment level; and

Partially met of our Customer Experience goals, comprising 10% of our STI plan, resulting in a 75% attainment level.

After an assessment of the Company's overall performance against our pre-established goals and consideration of revenue performance which was not a performance metric in our STI plan, the Committee determined it was appropriate to use its **discretion to reduce** the calculated performance for the 2018 STI plan from 130% to adjusted company performance of 107%.

PBRS accounted for 60% of the LTI awards originally granted to our named executives in 2016 and approximately 79% of the performance-based restricted shares vested based upon our actual performance over the three-year performance period ending December 31, 2018. Specifically, our:

Three-year cumulative revenue, comprising half the performance-shares, achieved 98.8% of target for a 82.4% payout; and

I. Executive Summary

Three-year relative total shareholder return (TSR), comprising half the performance-shares, achieved 38th percentile for a 76.19% payout.

As initially described in our 2018 proxy statement, Mr. Storey received an initial LTI award upon Closing, 60% of which consisted of PBRS. Vesting of these PBRS was contingent upon our actual performance of Adjusted EBITDA growth run rate target of 3.8% (from fourth quarter of 2017 to fourth quarter of 2018) against certain pre-established targets. Actual performance over that period was 4.9%, which exceeded maximum target for a 200% payout. Although the Committee approved most of the terms and conditions of this award prior to Closing, the accounting grant date of this award did not occur until early 2018 when the targets were finalized, and therefore the grant of this award appears in the 2018 compensation tables of this proxy statement, rather than 2017 compensation tables in last year's proxy statement.

Accelerated CEO Succession

Following the announcement of our proposed combination with Level 3 in 2016, the Board conducted a thorough review of its succession plan, after carefully considering feedback provided by shareholders of both companies (including principal shareholders of each) and investment analysts.

In June 2017, the Board approved and we publicly announced a CEO succession plan in which Mr. Storey would succeed Mr. Post as CEO at the end of 2018, following a transition period as President and COO.

Following the Closing in late 2017, we continued to engage in a dialogue with our shareholders, several of whom expressed the view that the CEO transition period should be shorter than announced. Considering these factors and its own assessment of the effectiveness of the senior leadership team, the Board decided that it would be in the best interests of the Company and its shareholders to complete the CEO succession earlier than initially planned.

By March 2018, we announced that we were accelerating our previously-announced CEO succession plan by approximately 7 months, with the transition occurring immediately after our annual shareholders' meeting on May 23, 2018. Following the meeting, Mr. Storey would be the new CEO and, contingent upon his reelection at the 2018 annual meeting, Mr. Post would continue to serve the Company as a non-management director. The accelerated timeline required a unique and thoughtful approach to addressing compensation actions with respect to our new CEO and our retiring CEO.

Mr. Post, who served as our CEO for 26 years and was employed by the Company for a total of 42 years, received the standard retirement benefits to which he was entitled under our long-standing programs and plans (including a pro-rata STI payout for 2018). Although he did not receive any severance, in consideration for his long tenure, the

Committee did approve the acceleration of most, but not all, of his outstanding time-based equity awards and waived the continued service requirements for a portion of his outstanding performance-based equity awards (vesting of which remains subject to achievement of the original performance conditions). For more information, please see Section III Our Compensation Program Objectives and Components of Pay for further discussion.

In connection with negotiating Mr. Storey's CEO compensation package, the Board and Committee endeavored to:

create a package that would be, on the one hand, sufficient to entice Mr. Storey to agree to the accelerated succession plan and, on the other hand, aligned with our shareholders' interests;

weight the package heavily towards performance-based compensation; and

complete the package in a timely manner to ensure a successful transition and to compensate Mr. Storey as CEO from the first day he assumed the role.

In crafting Mr. Storey's CEO package, we also listened to the opinions of our shareholders and analysts. These shareholders expressed the view that Mr. Storey possessed superior leadership skills and experience that merited pay that was competitive to the market benchmarks for our peer group. Although, historically, CenturyLink has been very conservative with respect to pay levels, we had to modify our approach in this instance in order to secure Mr. Storey as our new CEO and respond to shareholder feedback. Further, as noted previously, the Committee had adopted a new post-Level 3 Combination peer group to better reflect the increased size and complexity of our combined company, which resulted in increased CEO market benchmarks versus the prior peer group.

COMPENSATION DISCUSSION AND ANALYSIS

I. Executive Summary

In March 2018, we focused on the key principles and weighed shareholder feedback and our ongoing dialogue with Mr. Storey, as we began a robust and thoughtful process that involved numerous meetings that transpired over two months. In addition to multiple meetings between Mr. Storey and the Chair of the Committee, the non-management directors and the Committee formally met six times to discuss Mr. Storey's CEO pay package. The directors were advised by its independent outside compensation consultant, Meridian Compensation Partners, LLC (Meridian), and outside counsel, Jones Walker LLP.

In May 2018, in conjunction with his promotion to CEO, the Committee approved to increase Mr. Storey's annual total target compensation to \$18 million and awarded him two LTI grants (one annual grant for 2018 and one special promotion grant), as described in greater detail below.

The approved annual total target compensation package of \$18 million was comprised of \$1.5 million salary, 200% short-term incentive opportunity and \$12.6 million long-term incentive awards. His annual total target compensation is aligned with the long-term interest of our shareholders with 90% of pay at risk and slightly above the 50th percentile of market for our peers.

The structure of Mr. Storey's annual LTI grant is substantially similar to the annual LTI awards granted to other senior officers in 2018. His annual LTI grant consisted of 40% time-based restricted stock units (RSUs) and 60% performance-based RSUs, with the number of shares vesting ranging from 0-200% depending upon the Company's performance as measured against an Adjusted EBITDA run rate growth goal over a two-year period.

The second LTI grant was a one-time promotion award with a grant date value of \$7,400,000, consisting of 40% time-vested restricted shares and 60% performance-based restricted shares. For the PBRS, payout is determined on a two-step process: (1) between 0% to 100% may be earned on the Company's cumulative Adjusted EBITDA results for a three-year period and (2) contingent upon target performance being met or exceeded in step 1, Mr. Storey may earn between 100% to 200% based on relative TSR performance over same three-year period against peer group.

Other Executive Leadership Changes

By the second quarter of 2018, we became concerned around the retention risk of Mr. Patel, who had only been our CFO since Closing in November 2017. In June 2018, the Committee granted Mr. Patel a one-time performance-based retention award with a grant date award value of \$2,000,000. The performance metrics applicable to this retention award were substantially similar to those included in the performance-based portion of Mr. Storey's promotion grant (3-year cumulative Adjusted EBITDA targets and relative TSR performance).

Despite our efforts to retain Mr. Patel, on September 28, 2018, he resigned to pursue other opportunities. As a result, Mr. Patel forfeited all outstanding unvested equity grants (including the June 2018 retention grant). However, per his April 2017 offer letter, we continue to pay him certain deferred compensation payments related to legacy Level 3 equity awards that were outstanding and converted at the Closing. For additional details on these amounts, see Section III Our Compensation Program Objectives and Components of Pay.

Upon Mr. Patel's departure, Mr. Dev was named interim CFO until a longer-term replacement could be named. We did not make any adjustments to Mr. Dev's compensation upon his appointment as interim CFO.

With the assistance of an external executive search firm, we conducted an extensive search (both internally and externally) and Mr. Dev was named as CFO on November 6, 2018. For details regarding his compensation package, see Section III Our Compensation Program Objectives and Components of Pay for further discussion.

In November 2018, Aamir Hussain, who had served as Executive Vice President and Chief Technology Officer, departed from the Company as part of a planned restructuring of his responsibilities among other senior officers. Mr. Hussain received a standard severance package, including a cash severance payment, and certain other benefits to which he was entitled under long-standing programs and plans (including a pro-rata STI payout for 2018). In addition, the Committee approved the acceleration of some, but not all, of his outstanding time-based equity awards and waived the continued service requirements for a portion of his outstanding performance-based equity awards (vesting of

which remains subject to achievement of the original performance conditions). Please see Section III Our Compensation Program Objectives and Components of Pay for further discussion.

Assessment of Say-on-Pay Voting Results and Shareholder Outreach

In May 2016, 2017 and 2018, our shareholders cast approximately 89%, 88% and 79%, respectively, of their votes in favor of our say-on-pay proposal. The Committee is committed to taking the results of these votes into consideration when making executive compensation decisions.

Throughout 2018, our senior management continued our shareholder outreach program with our top institutional investors, a process we first began in 2014. We remain committed to providing our shareholders with an opportunity for open dialogue on compensation matters and other issues relevant to our business, and we plan to continue to engage in outreach efforts in the future. In late 2018, the Chairman of our Board of Directors, the Chairman of the Committee, and members of management met with representatives from ISS and Glass Lewis to discuss the company's compensation programs and governance practices.

We believe that the positive say-on-pay vote of 79% in 2018, although reduced somewhat from prior years, indicates that our shareholders remain generally satisfied with the scope and structure of our annual executive compensation programs. However, we recognize that a source of some concern for shareholders, as expressed in the somewhat lower 2018 say-on-pay vote, has been our decisions to grant one-time awards as well as certain supplemental severance payments in connection with executive transitions in prior years.

In general, we do not have a practice of one-time items or excessive severance. However, in 2017 and in the first half of 2018, the Compensation Committee decided to make special grants to incentivize and retain the best executive team to lead the integration and transformation of the Company following the Level 3 Combination. In addition, as a result of the Level 3 Combination, we assumed certain retention awards originally granted by Level 3, many of which were paid out over a one-year period following the Closing in order to ensure continued employment of key executives through the critical integration period.

Many of these grants were disclosed in the 2018 proxy statement, with the remainder disclosed in this 2019 proxy statement. We believe that these one-time sign-on, integration, and retention awards are common in large transactions like the Level 3 Combination and, in our specific case, are necessary (i) to incentivize top talent of the acquired company to continue in key positions post-closing, (ii) to reward the level of effort that must be sustained over an extended period in order to execute a transaction of this size and critical post-close integration and synergy goals, and (iii) to retain critical members of the executive team and assuage their concerns following the announcement of our CEO and CFO succession plan.

We do not have a practice of excessive severance in the event that the senior officer is involuntarily terminated by us without cause in the absence of a change of control. Other than the unique situation disclosed in our 2018 proxy statement, the Committee has approved severance in accordance with our executive severance plan (which is described in greater detail under Other Benefits Severance Benefits below) for previous terminations, such as Mr. Douglas and Mrs. Puckett as disclosed in our 2018 and 2016 proxy statements, respectively, and for Mr. Hussain as discussed in this proxy statement.

As discussed in this CD&A, during 2018, we awarded a one-time promotion LTI grant to Mr. Storey upon his appointment as CEO, 60% of which is performance-based (see Section III, Our Compensation Program Objectives and Components of Pay). In addition, in an attempt to retain our CFO, who was being actively recruited by other companies, we awarded a one-time retention LTI grant to Mr. Patel, of which 100% was performance-based, although this award along with all of his other unvested LTI were ultimately forfeited following his resignation in 2018.

Notwithstanding our general disinclination to use one-time awards or make supplemental severance payments, we believe that the extraordinary opportunities and challenges associated with the Level 3 Combination necessitated these actions and were in the best long-term interest of the Company for all the reasons noted in this and our 2018 proxy statement. We believe that the use of special one-time awards in future years will diminish significantly as we have stabilized our leadership structure following the Level 3 Combination.

II. Our Compensation Philosophy and Linkage to Pay for Performance

Our Compensation Philosophy

We compensate our senior management through a mix of programs designed to be market-competitive and fiscally responsible. More specifically, our executive compensation programs are designed to:

provide an **appropriate mix of fixed and variable compensation** to attract, retain and motivate key executives,

ensure that a majority of our executive compensation is **performance-based** to support **creation of long-term shareholder value** without encouraging excessive risk taking and to **reward performance over multiple time horizons**,

generally target **compensation at the 50th percentile of market levels**, when targeted levels of performance are achieved, for similarly-situated and comparably-skilled executives at a select group of peer companies approved by the Committee,

recognize and reward outstanding contributions and results, both on an individual basis and a company or divisional basis, compared to peer compensation and performance benchmark levels,

promote internal equity by offering comparable pay to executives whom we expect to make roughly equivalent contributions, while differentiating executives' compensation arrangements when appropriate, and

monitor share dilution.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS****II. Our Compensation Philosophy and Linkage to Pay for Performance****Overview of Pay Elements and Linkage to Compensation Philosophy and Objectives**

Given the ongoing integration of the two companies during 2018, the Committee recalibrated our incentive programs to align them with the size, market, operations and strategic imperatives of the combined company. The Committee believes the following core elements of our compensation program help us to realize our compensation philosophy and objectives and support our strategic and cultural priorities for 2018 as described below:

	Characteristics	Compensation Philosophy and Objectives	Corporate Strategy
Base Salary	Annual fixed cash compensation	Provides a competitive and stable component of income to our executives	Attract and retain key talent
Short-Term Incentive Bonus	Annual variable cash compensation based on the achievement of annual performance measures	Provides competitive short-term incentive opportunities for our executives to earn annual cash bonuses based on performance objectives that, if attained, can reasonably be expected to (i) promote our business and strategic objectives and (ii) correspond to those paid to similarly-situated and comparably skilled executives at peer companies	<p>STI annual performance measures were selected to align to our corporate strategy for profitable growth:</p> <p>Adjusted EBITDA (65% of STI plan)</p> <p>- enables us to, among other things, (i) fund strategic capital investments designed to expand our business opportunities, (ii) return cash to our shareholders through dividends or periodic share repurchases, (iii) meet our debt and pension commitments, and (iv) attain our Level 3 Combination synergies</p> <p>Free Cash Flow (25% of STI plan)</p> <p>- critical measure that enable us to provide dividends to our shareholders and pay down our debt</p>

Customer Experience (10% of STI plan)

- critical to maintain and grow our revenue base. This performance measure includes operational goals and metrics that measure how well we are serving our customers as well as their perceptions of our service

Individual Performance

- for each senior officer, the Committee has an opportunity to make a positive or negative adjustment based on line of sight to each senior officer's performance regarding their specific areas of responsibility and individual objectives

Performance-Based Restricted Shares

(60% of LTI grant value)

- Adjusted EBITDA growth run rate based on achieving profitable growth over a two-year period

Time-Vested Restricted Shares

(40% of LTI grant value)

- amount of time-vested restricted share compensation that is ultimately realized depends on how well we successfully execute our strategic plans and overall our stock performance

Annual long-term variable equity awards that vest over three years from the date of grant with 60% based on the achievement measured against pre-established performance measures and 40% based on three years of service.

Fosters a culture of ownership, aligns the long-term interests of our executives with our shareholders and rewards or penalizes executives based on our performance of Adjusted EBITDA growth over two-year period and helps to retain executives through stock price growth and the creation of long-term value

COMPENSATION DISCUSSION AND ANALYSIS

II. Our Compensation Philosophy and Linkage to Pay for Performance

The following chart illustrates the approximate allocation of the total target compensation opportunity for 2018 our current CEO and our current executive officers (shown as CEO and NEO, respectively, below) between elements that are fixed and variable or performance-based pay that is at risk :

A fixed annual salary (base) represents 10% of our CEO s total target compensation and 19% of our other NEOs average target total compensation.

Variable pay is comprised of a short-term incentive (STI) bonus, time-vested restricted stock awards (TBRS) and performance-based restricted stock awards (PBRS), which represents 90% of our CEO s total target compensation and 81% of our other current NEOs average target total compensation. This portion of pay is considered at risk since the receipt or value of the award is subject to the attainment of certain performance goals, vesting requirements and overall stock performance.

Significant Stock Ownership. Stock ownership guidelines further align the interests of executives and shareholders while focusing our executives on our long-term success. We established our executive stock ownership guidelines after review of executive compensation best practices. Under our stock ownership guidelines as of December 31, 2018:

Mr. Storey held over \$44 million in stock (including restricted shares and unvested restricted shares or units and excluding 400,655 target shares of unvested performance-based restricted stock units), which was 24.5 times his base salary and approximately 4.1 times greater than his target ownership level of six times base salary.

Our other current NEOs held an aggregate of over \$13 million in stock (including restricted shares and unvested restricted shares or units), which was, on average, 7.5 times their respective base salaries and nearly 2.5 times greater than their respective target ownership levels of three times base salary.

Even though our CEO and other NEOs already exceeded their stock ownership guidelines, in March 2019, Messrs. Storey and Dev acquired 83,000 and 50,000 shares, respectively, which demonstrates their alignment with shareholders.

Pay-For-Performance Alignment

As illustrated by the data below, we believe our executive pay over the past several years has been well aligned with Company performance.

Short-Term Incentive Performance. The Committee sets target levels of performance-based on a variety of factors, including its assessment of the difficulty of achieving such levels and the potential impact of such achievement on enhancing shareholder value.

The percentages in the table below represent the actual payouts to our senior officers under our STI program for each of the past three years as a percentage of the target opportunity set for each of them by the Committee for that performance year.

Performance Year	Actual Payout as a % of Target Opportunity
2016	80.2%
2017	73.0%
2018	107.0%
3-year Average	86.7%

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS****II. Our Compensation Philosophy and Linkage to Pay for Performance**

Long-Term Incentive Performance. Since 2014, 60% of our LTI grants have consisted of performance-based equity with the remaining 40% in the form of time-based equity, with PBRs payouts contingent upon the Company's performance as measured against certain pre-established criteria. In order to further align our pay with performance, our performance-based equity awards are granted at target performance levels, but the ultimate payout of those awards can range between 0% to 200%, depending on our actual performance as determined at the end of the two- or three-year performance period. Due to the transformative nature of the Level 3 combination and the continuing evolution of our business strategy as we integrate the two companies, the Committee believed that a two-year performance period was most appropriate to achieve our business goals. The Committee intends to return to three-year performance period when we are no longer

in integration phase and we can solidly project performance for three years as a combined entity.

In 2014 through 2017, our annual grants of performance-based restricted stock were based on two different performance metrics, with vesting of one-half of the performance-based award being tied to a relative TSR metric (our three-year total shareholder return relative to a select peer group), and vesting of the remaining one-half being tied to a cumulative core revenue metric (the sum of our annual revenue results over three-year performance periods as measured against pre-established targets set annually over three-years). For greater detail on how targets and performance for these two performance metrics were determined, please see "Long-Term Equity Incentive Compensation" in our 2018 proxy statement.

The payout percentages in the tables below represent the percentage of the target number of performance-based restricted stock granted to our senior officers that ultimately vested, with all remaining shares being forfeited. To further enhance the pay for performance linkage, any dividends paid on these shares of performance-based restricted stock (or dividend equivalents on performance-based RSUs) are not paid currently, but rather accumulate during the restricted period and vest or are forfeited in tandem with the related shares or units. The average target number of performance-based restricted stock that ultimately vested for LTI grants from 2014 through 2016 (most recently completed performance period) is 62.3%.

Stock Performance. As mentioned throughout this section, our LTI program is designed to align the interests of the executives with our shareholders and therefore reward and incent superior performance. Since these awards are grants of restricted stock or RSUs (representing the right to receive shares of stock in the future), the actual value of our LTI awards (both time-vested and performance-based) fluctuates with the change in stock price. In making LTI grants, our Committee typically approves a target LTI value and the actual number of shares or units in each grant is determined by dividing that target value by the volume-weighted average closing price of a share of our common stock over the 15-trading-day period ending five trading days prior to the grant date (VWAP), rounding to the nearest whole share. The chart below reflects the VWAP used to calculate each of our 2016, 2017, and 2018 LTI grants, the closing share price on any vesting dates that have occurred for each grant between the applicable grant date and the end of fiscal 2018, and the change in value of a share of our common stock from the grant date VWAP to the last trading day of fiscal 2018.

(4) Represents the stock performance (based on the change in value, but disregarding dividends) of the 2016, 2017 and 2018 LTI grants from the grant date through the end of fiscal 2018, determined by dividing the \$15.15 closing price on the last day of trading in 2018 by the grant date VWAP.

Realizable Pay for our CEO. The chart below illustrates the realizable pay for our CEO, most of which was at risk variable compensation. We calculate realizable pay for a given year by adding together the (i) actual salary paid during the year, (ii) STI bonus that was ultimately paid out for performance during that year, (iii) the value of time- and performance-based LTI grants that vested during the year and (iv) the value of time- and performance-based LTI grants that are projected to vest based on actual performance through the end of the year. The value of the shares or units is based on the closing price of our common stock on the last business day of the year (all figures are in millions).

For 2018, Normal Course includes Mr. Storey's salary, STI bonus, and other compensation as shown in the Summary Compensation Table, time- and performance-based LTI granted as part of his annual grant. One-time awards include the assumed Level 3 integration bonus that paid out in 2018, as well as both his time- and performance-based LTI granted as part of his promotion to CEO on May 23, 2018.

Our Compensation Practices

To assist us in achieving our broad compensation goals, we apply the following practices (many of which are described further elsewhere in this CD&A):

ü <i>What We Do...</i>	<ul style="list-style-type: none"> ü Focus on performance-based compensation weighted heavily towards long-term incentive awards ü Benchmark generally against 50th percentile peer compensation levels ü Maintain robust stock ownership guidelines applicable to our executive officers and outside directors ü Annually review our compensation programs to avoid encouraging excessively risky behavior ü Conduct annual say-on-pay votes ü Seek input annually from shareholders on our executive compensation program ü Maintain a compensation clawback policy ü Impose compensation forfeiture covenants broader than those mandated by law ü Review the composition of our peer groups at least annually ü Conduct independent and intensive performance reviews of our senior officers ü Cap the number of relative TSR performance-based shares that may vest if our own TSR is negative ü Review realizable pay of our senior officers and total compensation tally sheets ü Require shareholders to approve any future severance agreements valued at more than 2.99 times the executive's target cash compensation

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS****III. Our Compensation Program Objectives and Components of Pay****Summary of 2018 Compensation for our Named Executive Officers**

Historically, we have had considerable success in attracting and retaining talent with fiscally prudent market-based pay packages. As our Company continues to evolve into a leading technology company, the pool of individuals that we compete to hire has severely constricted, making recruitment more challenging. The individuals in that limited candidate pool, who have unique talents and expertise, are able to command much higher levels of compensation than what we have paid historically. The resignation of Mr. Patel (discussed earlier)

illustrates the intense competition for talent that we face.

The remaining sections outline why we believe the compensation packages awarded to our executives are in the best interests of our shareholders. For more information on how we determined specific pay levels in 2018, see further discussion under the heading **Our Compensation Decision-Making Process** and **Use of Benchmarking Data Compensation Benchmarking** in Subsection IV below.

As of December 31, 2018, the total target compensation for our named executive officers was as follows.

Salary

General. Early each year, the Committee takes a number of steps in connection with setting annual salaries, including reviewing compensation tally sheets and benchmarking data, reviewing each senior officer's pay and performance relative to other senior officers, and considering when the officer last received a pay increase. More information on how we determined specific pay levels in 2018, see further discussion under the heading **Our Compensation Decision-Making Process and Use of Benchmarking Data Compensation Benchmarking** in Subsection IV below.

Annual Review Process (February 2018). During its annual review of executive compensation in February 2018, the Committee reviewed the compensation benchmarking data for each senior

officer, comparing the officer's pay to our peer group for the combined company. Following this review and discussion, the Committee did not change the target total compensation for any of our senior officers. See further discussion under the heading **Use of Benchmarking Data Compensation Benchmarking** in Subsection IV below.

Mid-Year Salary Adjustments. After its annual review process, the Committee updated the compensation benchmarking assessment to inform its decisions with respect to the mid-year compensation and base salary increases for Mr. Storey and Mr. Dev. Following the acceleration of our CEO succession plan, Mr. Storey was named CEO and President with an annual salary of \$1,800,000 effective as of the promotion date of May 23, 2018.

Mr. Dev, who was appointed to serve as Interim CFO upon Mr. Patel's departure on September 21, 2018, was named Executive Vice President and CFO with an annual base salary of \$650,000 effective November 6, 2018.

Recent Actions (February 2019). In February 2019, the Committee reviewed the compensation benchmarking data for all executive officers and increased Mr. Trezise's annual salary to \$500,011 and left unchanged the salary for our other NEOs. See further discussion under the heading **Use of Benchmarking Data Compensation Benchmarking** in Subsection IV below.

Short-Term Incentive Bonuses

General. With the assistance of its compensation consultant and management, the Committee approves STI bonus target percentages each year. Typically, in the first quarter of each year, with the assistance of management, the Committee evaluates our STI program and approves (i) the performance objectives for prospective bonuses, (ii) the threshold, target and maximum performance levels, (iii) the weighting of the performance objectives, (iv) the amount of bonus payable if the target level of performance is attained and (v) the finally determined amount of bonus payments attributable to performance for the prior year.

STI Performance Objectives and Target Setting Process. Each year, over the course of several meetings, the Committee reviews the alignment of our STI performance objectives with our business goals and objectives for the current year.

STI Performance Objectives. In February 2018, the Committee revised the STI performance objectives for our 2018 STI program, comprised of the below-listed financial and operational metrics, to better align with the corporate strategy.

Adjusted EBITDA. As used in our 2018 STI plan, adjusted earnings before interest, taxes, depreciation and amortization (Adjusted EBITDA) is a non-GAAP measure that excludes non-cash compensation and includes total STI bonus expense for eligible employees and approved payout level. Adjusted EBITDA is our largest financial performance objective, weighted at 65%, and, as noted further above, is critical to our 2018 corporate objective of focusing our operations on profitable growth.

Free Cash Flow. Free Cash Flow is a non-GAAP measure of net cash from operating activities less capital expenditures and before dividends. Free Cash Flow performance similarly aligns with our 2018 corporate objective of focusing on profitable growth.

Customer Experience. While we exceeded our Adjusted EBITDA target, this was mostly achieved through exceptional synergy achievements in 2018, of \$850 million in the first year of integration, versus our target of achieving 80% of the \$850 million over a three-year period, which overcame a decline in revenue of nearly \$700 million in 2018 compared to pro forma 2017. Revenue growth was not a financial performance metric for our 2018 STI program but is important to our future and the Committee felt it was important to consider this and apply

discretion.

Individual Performance Objectives. The Committee evaluates the degree to which each senior officer achieves their individual performance objectives, comprised of certain specific objectives and benchmarks, as well as qualitative assessments of each officer's performance during 2018 and reserves the right to increase or decrease the bonus payout level based on these assessments. Additional information about our views on discretionary adjustments is included below in this Subsection.

See the further discussion under the heading "Overview of Pay Elements and Linkage to Compensation Philosophy and Objectives" in Subsection II above, "2018 Performance Results and Calculation of Bonuses" below.

STI Target Setting Process. Similar to prior years, in 2018, the Company employed a rigorous process to establish its budget, which directly supported the Company's strategic objectives and was the basis for developing the 2018 STI performance targets.

First, the annual budget was built up from business unit and department levels to create a consolidated corporate budget reviewed and approved by the Board and publicly-released financial guidance.

In February 2018, the Committee approved the previously-described STI performance objectives including threshold, target, and maximum performance levels derived from the Board-approved budget and external guidance. The Committee, in collaboration with our CEO, also approved the above-described guidelines designed to enable the

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS****III. Our Compensation Program Objectives and Components of Pay**

Committee, in its discretion, to increase or decrease the bonus of each senior officer based on the officer's individual performance during 2018.

Upon completion of each fiscal year, our actual financial performance results may be adjusted up or down, as appropriate, in accordance with the Committee's long-standing guidelines that are designed to eliminate the effects of extraordinary or non-recurring transactions that were not known, anticipated or quantifiable on the date the performance goals were established. The Committee did not make any adjustments to our actual financial performance results for 2018.

2018 Performance Results and Calculation of Bonuses. During 2018, the Committee monitored

interim performance through quarterly updates to assess projected bonus payout levels. In February 2019, the Committee reviewed audited results of the Company's performance as compared to the financial performance targets established for 2018 and certified the achieved company performance composite score. As explained below, the Committee determined that the adjusted company performance was 107.0% of the target bonus opportunity for our named executives.

The table below illustrates the weighting of each performance objective, the target and achieved performance for 2018. For a more detailed description of our performance under each of the performance objectives, please see Calculation of Bonuses under this section

COMPENSATION DISCUSSION AND ANALYSIS

III. Our Compensation Program Objectives and Components of Pay

- (1) The achieved payout percentage is calculated for each financial performance objective based on a corresponding payout scale. If the threshold performance level with respect to any particular financial performance objective under our STI program is not attained, the bonus payable to the participating officer with respect to that portion of his or her targeted bonus opportunity will be calculated as zero. If threshold performance is met on any particular metric, each participating officer will earn a reduced portion of his or her target bonus amount for that portion of the award. If the maximum performance level with respect to any particular metric is met or exceeded, each participating officer will earn 200% of his or her target bonus amount. Measurement of the attainment of any particular metric will be interpolated if actual performance is between (i) the threshold and the target performance levels or (ii) the target and the maximum performance levels.
- (2) The achieved payout percentage is determined based on the Committee's qualitative review of certain criteria and performance metrics, as described under *Customer Experience Performance* below.
- (3) The Committee's decision to exercise this discretion was based on its review of other criteria as described under *Committee Discretion on Performance* below.

Customer Experience Performance. Our overall customer satisfaction is not at our desired level and we fell short of our provisioning, customer satisfaction and service levels for our Business segment. However, we saw positive trends for our Consumer segment in 2018. Additionally, we completed several initiatives as part of our transformation that we believe will drive improved customer experience in future years, which included a refreshed global marketing campaign, the launch of Cloud Connect Dynamic Connections and self-service capabilities to expand the digital experience for our customers. As a result of these results, the Committee awarded 75% for the customer experience performance objective.

Committee Discretion on Company-Wide Performance. The Committee believes that exercising discretion (positive and negative) is an important supplemental component of our pay-for-performance philosophy, which is designed to reach balanced compensation decisions that are consistent with our strategy and reward our executives for both current year performance and sustained long-term value creation. By applying discretion, the Committee seeks to mitigate the risks associated with a rigid and strictly formulaic compensation program, which could unintentionally create incentives for our executives to focus only on certain performance metrics, encourage imprudent risk taking, and not provide the best results for shareholders. In addition, the use of discretion allows the Committee to respond to changes in economic conditions, our operating environment, and other significant factors that may affect the long-term performance of our business that are not directly reflected in the year's financial results. The use of discretion also allows the Committee to adjust compensation based on factors that would not be appropriately reflected by a strictly formulaic approach, such as reducing risk or championing company values. Notwithstanding the foregoing, the

Committee firmly believes that quantitative factors should play the central role in determining performance-based payouts, and that positive discretionary adjustments should be used sparingly.

For 2018, the Committee elected to use its discretion to reduce the actual payouts by 23.2%, after considering our company-wide performance for revenue and Free Cash Flow as described further below:

While we exceeded our Adjusted EBITDA target, by achieving the originally projected annualized run-rate Adjusted EBITDA synergy savings of \$850 million related to the acquisition of Level 3 as of the end of 2018, which was approximately two years earlier than expected, we fell short of our internal expectations for revenue. Revenue was not a financial performance metric for our 2018 STI program, but is important to our future and the Committee felt it was important to consider this and apply discretion.

For similar reasons, we thought it appropriate to apply discretion regarding our Free Cash Flow performance.

While our Free Cash Flow for 2018 was well in excess of our target, it also benefitted from strong synergy savings. In addition, in 2018, we achieved positive Free Cash Flow from lower capital expenditure spending and the benefit of the receipt of large tax refunds partially offset by incremental pension funding.

Discretionary Adjustment for Individual Performance. For 2018, the Committee elected to make individual performance adjustments for four of our named executive officers as discussed below.

The Committee discussed at great length the financial accomplishments achieved in 2018, including Adjusted EBITDA and Free Cash Flow results above raised guidance outlook and internal targets and placed emphasis on achieving targeted \$850 million of annualized run-rate Adjusted EBITDA

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS****III. Our Compensation Program Objectives and Components of Pay**

synergies in approximately one year, rather than 80% in three years as initially projected. As a result of these achievements, the Committee rewarded Mr. Storey with a 110% discretionary adjustment for his individual performance. Mr. Dev's leadership and fiscal oversight was pivotal to achievement of annualized run-rate Adjusted EBITDA synergy savings ahead of schedule, positive capital management and Free Cash Flow results above guidance. In consideration of these achievements, the Committee rewarded him with a 115% discretionary adjustment for individual performance. Mr. Goff exceeded expectations through the long-term corporate strategy for the Level 3 Combination as well as strong management of complex legal issues and the Committee rewarded him with a 110% discretionary adjustment for individual performance. Mr. Trezise exceeded expectations for the Human Resources related integration work, specifically the organization design and talent assessment process, integration and harmonization of compensation structure and programs, shaping the culture for the combined company and increasing employee

engagement. Based on these achievements, the Committee rewarded Mr. Trezise with a 115% discretionary adjustment for individual performance.

Calculation of Bonuses. For 2018, the STI bonuses paid to our named executives were calculated under a two-step process.

In step one, the Committee calculated the company performance composite score by weighting the company's achieved performance against the financial and operational performance objectives described in the table above. After our internal audit personnel have reviewed these determinations and calculations, they are provided in writing to the Committee for its review and approval.

In step two, the Committee authorized actual STI bonuses for our named executives, which were consistent with Committee approved company payout level, which includes discretion on performance and certain discretionary adjustments for individual performance as discussed above.

Actual STI Bonus Amounts Authorized. The actual amounts of the named executive officers' 2018 bonuses were calculated as follows:

- g) Mr. Patel resigned on September 28, 2018 and therefore did not receive a 2018 STI bonus.

(2) Calculated or determined as discussed above under 2018 Performance Results.

(3) Determined based on achievement of individual performance objectives as described further above in this Subsection.

Committee Discretion to Pay in Cash or Shares. The Committee may authorize the payment of annual bonuses in cash or shares of common stock. Since 2000, the Committee has paid these bonuses entirely in cash, principally to diversify our compensation mix and to conserve shares in our equity plans.

Final Installments of Cash Bonuses Related to Level 3 Combination. As disclosed in our 2018 proxy statement, prior to the Closing, Level 3 implemented certain retention programs in order to address its own transaction-related incentive and retentive concerns. The majority of these awards were paid out by Level 3 upon Closing. However, at the Closing, we assumed any unpaid balances of those cash awards, which were to be paid out over the one-year period following the Closing, and for which payout was contingent on the executive's continued employment through the payment date. Specifically, each of Messrs. Storey, Dev, and Patel received payments in 2018 under this assumed retention bonus program (totaling \$2,542,000, \$227,027, and \$1,214,500, respectively), although Mr. Patel forfeited an additional payment of \$214,500 as he was not employed with us on November 1, 2018. In addition, in Mr. Storey's original offer letter, which was effective at the Closing, we agreed to pay him a cash signing bonus, with payment of one-half of that bonus deferred until the first anniversary of the Closing and contingent upon his continuous employment with us through that date. Under that arrangement, Mr. Storey received a cash payment of \$3,300,000. All of these amounts are reported in the Bonus column of the Summary Compensation Table.

Recent Actions (February 2019). In connection with establishing targets for the 2019 STI program, the Committee increased Mr. Trezise's STI Target Bonus Percentage to 90% and made no changes to the target bonus percentage for any of our other NEOs and kept the same overall design and weighting of performance objectives as our 2018 STI plan.

Grants of Long-Term Incentive Compensation

General. Our long-term incentive compensation plans authorize the Committee to grant a variety of stock-based incentive awards to key personnel. We strive to provide equity compensation in forms that (1) create appropriate incentives to optimize performance at reasonable cost, (2) minimize enterprise risk, (3) align the interests of our officers and shareholders, (4) foster our long-term financial and strategic objectives and (5) are competitive with incentives offered by other companies.

For the last eleven years, the Committee has elected to grant all of our LTI awards in the form of restricted stock (and, in limited situations, in restricted stock units or RSUs) for a variety of reasons, including:

the Committee's recognition of the prevalent use of restricted stock by our peers,

the Committee's desire to minimize the dilution associated with our LTI awards, and

the retentive value of restricted stock under varying market conditions.

Consistent with past practice, in February 2018, the Committee granted 60% of our senior officers' target LTI in the form of performance-based shares of restricted stock, which is ultimately payable only if we attain certain specified goals. The remaining 40% of each of our senior officer's LTI award was granted in the form of time-vested shares of restricted stock, the value of which is dependent on our performance over an extended vesting period. Due to the unique vesting acceleration provisions of Mr. Storey's annual LTI awards, Mr. Storey received his 2018 annual LTI grant in the form of RSUs rather than shares of restricted stock.

Generally, our equity awards accelerate upon death and disability. The Committee has the discretion to accelerate outstanding equity awards following a retirement or not-for-cause termination. Following a change-in-control of the Company, outstanding equity awards would accelerate only after a double-

trigger termination. As part of Mr. Storey's amended and restated offer letter, he is entitled to acceleration of certain awards, subject to certain length of service and notice period requirements. For more information, please see Potential Payments upon Termination or a Change of Control.

2018 Annual LTI Grants. On an annual basis, the Committee evaluates our LTI program and reviews the relevance of our performance benchmarks for alignment with our long-term strategic plan.

As a result of the transformative effects of the Level 3 Combination on the Company's long-term strategies, the Committee revised the performance benchmarks for our 2018 annual LTI grants from those used in prior years. The 2018 performance-based LTI grants are described in further detail below and under the heading Overview of Pay Elements and Linkage to Compensation Philosophy and Objectives in Subsection II above.

Our 2018 LTI program and grants for our senior officers consisted of 40% in time-vested restricted shares or RSUs and 60% in performance-based restricted shares or RSUs measured on an absolute Adjusted EBITDA growth run rate performance

benchmark, which is described in further detail below:

Performance Benchmark: Our benchmark is an absolute Adjusted EBITDA growth run rate target over the below-described two-year performance period. Adjusted EBITDA is defined as consolidated earnings before interest, taxes, and depreciation and amortization, applying the same adjustments that were approved in setting the target (which include the exclusion of integration and transaction costs, inclusion of synergy savings, exclusion of stock based compensation, adjustments to reflect a 100% bonus accrual for the given quarter, and adjustments to exclude one-time or non-recurring charges or credits), in each case defined in the same manner as the Company reported such amounts in its earnings release for the year ended December 31, 2017.

Performance Period: January 1, 2018 through December 31, 2019.

Performance Vesting: The ultimate number of our performance-based restricted shares or RSUs that vest will be based on our achievement of the absolute Adjusted EBITDA growth run rate target (measured from fourth quarter of 2017 to fourth quarter of 2019), as illustrated in the table below.

	Adjusted EBITDA	Payout as % of
Performance Level	Growth Run Rate ⁽¹⁾	Target Award ⁽²⁾
Maximum	³ 8.2%	200%

Target	6.8%	100%
Threshold	5.5%	50%
Below Threshold	< 5.5%	0%

- (1) Determined by dividing (i) the Adjusted EBITDA actually attained for the fourth quarter of 2019 minus the Adjusted EBITDA actually attained for the fourth quarter of 2017 by (ii) the Adjusted EBITDA actually attained for the fourth quarter of 2017.
- (2) Linear interpolation is used when our Adjusted EBITDA growth run rate performance is between the threshold, target and maximum amounts to determine the corresponding percentage of target award earned.

Vesting Dates: One-half of the restricted shares or RSUs earned under these performance-based LTI grants will vest on two-year anniversary of the grant date with the remainder vesting on three-year anniversary of the grant date, subject to continued employment through the applicable vesting date.

Except for Mr. Storey, the Committee granted annual LTI awards to our named executives in February 2018 at amounts substantially similar to the awards granted to them in 2017.

As previously disclosed, the Committee granted Mr. Storey's annual LTI award in May 2018 at an amount commensurate with market benchmarking for CEOs and on substantially the same terms as annual LTI awards to the rest of our senior officers. When we retained Mr. Storey on November 1, 2017 as our Chief Operating Officer, we granted him a sign-on LTI award (60% performance-based, 40% time-based) with the mutual expectation of next granting him an annual LTI award in 2019 after he assumed

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS****III. Our Compensation Program Objectives and Components of Pay**

the CEO position on December 31, 2018 under our original CEO succession plan. When we accelerated our CEO succession plan by approximately seven months, however, the Committee determined that it was appropriate and, in the Company's best interest,

to incentivize Mr. Storey with an equity grant extending further into the future and with a comprehensive pay package commensurate with his expanded responsibilities.

In 2018, the Committee granted our named executives the following number of (i) restricted shares or RSUs that will vest over a three-year period principally in exchange for continued service (time-vested restricted shares or RSUs), (ii) performance-based restricted shares or RSUs that will vest in two equal installments on February 21 of each of 2020 and 2021 based on attainment during the period beginning on January 1, 2018 and ending on December 31, 2019 (the Performance Period) of an Adjusted EBITDA growth run rate of 6.8% (the Performance-Vested Shares or RSUs), as described further above:

(1) Represents the number of restricted shares or RSUs granted in 2018.

- (2) As discussed further above, the actual number of shares that vest in the future may be lower or higher, depending on the level of performance achieved.
- (3) Dividends on the shares of restricted stock (or, with respect to RSUs, dividend equivalents) will not be paid currently, but will accrue and vest or be forfeited in tandem with the related shares or RSUs.
- (4) For purposes of these grants, we determined both the number of time-vested and performance-based restricted shares or RSUs by dividing the total fair value granted to the executive by the volume-weighted average closing price of a share of our common stock over the 15-trading-day period ending five trading days prior to the grant date (VWAP), rounding to the nearest whole share. However, as noted previously, for purposes of reporting these awards in the Summary Compensation Table, our shares of time-vested restricted stock or RSUs are valued based on the closing price of our common stock on the date of grant and our shares of performance-based restricted stock or RSUs are valued as of the grant date based on probable outcomes, as required by applicable accounting and SEC disclosure rules. See footnote 2 to the Summary Compensation Table for more information.
- (5) Mr. Storey s annual grant was in the form of RSUs.
- (6) Mr. Dev s grant value based on his role prior to assuming CFO, and he received his fair value in 50% time-vested and 50% performance-based restricted shares, consistent with other participants at that executive level (compared to 40% and 60% respectively for our senior officers).
- (7) Mr. Post forfeited one-half of these restricted shares upon his retirement in May 2018.
- (8) Mr. Patel forfeited all of these restricted shares upon his resignation in September 2018.
- (9) Mr. Hussain forfeited all of these restricted shares upon his termination in November 2018.

Recent Actions (February 2019). At its February 2019 meeting, the Committee granted LTI awards to our senior officers with the same mix of 60% performance-based and 40% time-vested restricted stock awards or RSUs and based on similar performance goal of Adjusted EBITDA growth run rate with a two-year performance period that will vest over three years. Mr. Dev's 2019 LTI target was increased to \$2,700,000, as previously approved by the Committee upon his promotion to CFO in November 2018. The Committee reviewed the compensation benchmarking data for all executive officers and increased Mr. Trezise's LTI target to \$800,000 and left unchanged the LTI target for our other NEOs. See further discussion under the heading [Use of Benchmarking Data](#) [Compensation Benchmarking](#) in Subsection IV below.

Special Grants

Performance-Based Portion of Initial LTI Grants Awarded in 2017. As disclosed in our 2018 proxy statement, we awarded each of Messrs. Storey and Patel certain LTI grants at the Closing (late 2017). However, the Committee did not finalize the terms and conditions of the performance-based portion of these awards until February 2018. Consequently, as the SEC disclosure rules on reporting compensation generally follow the accounting rules, the performance-based portion of those LTI grants were not reported as compensation in the Summary Compensation Table or any of the other compensation tables in last year's proxy statement but rather are reported as 2018 compensation in this proxy statement. Vesting of these initial grants to each of Messrs. Storey and Patel were contingent upon our performance as measured against an Adjusted EBITDA run rate target over a specified period (one year, for Mr. Storey, and two years, for Mr. Patel), with the number of shares earned ranging between 0-200% of target shares granted. Additional details regarding these awards was disclosed in our 2018 proxy statement.

With respect to the performance-based portion of Mr. Storey's initial LTI award, following the end of 2018, the Committee determined that our actual Adjusted EBITDA run rate was 4.8%, exceeding the maximum of 4.6%, and therefore this award would pay out at 200%. See further discussion under the heading, [Long-Term Incentive Performance](#) in Subsection II. With respect to Mr. Patel's initial LTI award, the entirety of it (both time- and performance-based portions) were forfeited upon his resignation

effective September 28, 2018. For more information, see [Compensation Forfeited by our Former CFO](#) below.

Promotion Grant for Mr. Storey. We believe that, in most cases, a new CEO has the greatest impact on a company during the first few years of his or her service. As such, our Board and Committee felt it was important to retain and adequately incentivize him during this critical period, in part through the use of a one-time promotion grant. The Committee also considered Mr. Storey's request for a promotion grant, recent on-boarding pay packages for other CEOs, and the views of certain shareholders about the critical importance of retaining Mr. Storey (summarized above in Subsection I). Based on these and other factors, the Committee concluded that it was in the Company's best interest to offer a promotion grant that was highly performance-based. See further discussion under the heading [Overview of Pay Elements and Linkage to Compensation Philosophy and Objectives](#) in Subsection II above.

In May 2018, the Committee approved a one-time promotion grant with a grant date value of \$7,400,000, which consisted of 60% performance-vested restricted stock and 40% time-based restricted stock. Vesting of the PBRs shares is contingent upon achievement of a three-year cumulative Adjusted EBITDA target and relative total shareholder return (TSR) performance benchmark, each of which is described in further detail below:

Performance Benchmarks: As described further under performance vesting below, our two-step process utilizes two performance benchmarks in order to determine the ultimate payout.

Absolute Cumulative Adjusted EBITDA: Our first benchmark is an absolute cumulative Adjusted EBITDA target over the below-described three-year performance period, which is equal to the sum of three annual absolute Adjusted EBITDA targets separately established or to be established by the Committee during the first quarter of the years 2018, 2019 and 2020. Adjusted EBITDA is defined each year in a manner designed to correspond to our annual guidance as reported in our earnings release for consolidated earnings before interest, taxes, and depreciation and amortization, applying the same adjustments that were approved in setting the target (which include the exclusion of integration and transaction costs, inclusion of

synergy savings, exclusion of stock based compensation, adjustments to reflect a 100% bonus accrual for the given quarter, and adjustments to exclude one-time or non-recurring charges or credits), in each case defined in the same manner as the Company reported such amounts in its earnings release for the year ended December 31, 2017.

Relative TSR: Our second benchmark is our percentile rank versus the Company TSR peer group. See further discussion under the heading **Use of Benchmarking Data Performance Benchmarking** in Subsection IV below.

Performance Period: January 1, 2018 through December 31, 2020.

Performance Vesting: The ultimate number of our performance-based restricted shares that vest will be determined on a two-step payout calculation, with the ultimate payout ranging from 0-200% as illustrated in the table below:

Step 1 Absolute Cumulative Adjusted EBITDA:

From 0% to 100% of the target number of performance-based restricted shares may be earned based on cumulative Adjusted EBITDA for the three-year performance period.

Step 2 Relative TSR:

Provided that the cumulative Adjusted EBITDA target is met or exceeded, Mr. Storey has an opportunity to earn between 100% to 200% of the target number of performance-based restricted shares based on CenturyLink's TSR performance for the three-year performance period relative to the Company TSR peer group. No additional incremental payout under Step 2 is possible unless (1) the cumulative Adjusted EBITDA target is met or exceeded and (2) CenturyLink's TSR performance exceeds the 50th percentile.

Vesting Dates: The ultimate number of our performance-based restricted shares will vest in full on the three-year anniversary of the grant date, subject to Mr. Storey's continued employment through such date, although vesting will accelerate upon certain specified terminations of employment.

Special Award for Mr. Patel. As a highly-negotiated component of the Level 3 Combination, Mr. Patel replaced Mr. Ewing as our CFO effective November 1, 2017. For further information, see our 2018 proxy statement.

Mr. Patel is a highly-regarded CFO who was periodically recruited by other companies. In early 2018, the Company became concerned that he was

a retention risk. In June 2018, the Committee, in consultation with members of management, other members of the Board, and its compensation consultant, took two compensation actions to address this retention concern:

First, the Committee approved an increase to his LTI target from \$3,000,000 to \$4,000,000, effective in 2019 as part of his next annual LTI grant.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS****III. Our Compensation Program Objectives and Components of Pay**

Second, in order to further align Mr. Patel's interests with those of our shareholders and incentivize him during this critical integration period, the Committee awarded him a special LTI grant with a grant date value of \$2,000,000, all of which was performance-based, using the same incentive design as Mr. Storey's promotion award (see Promotion Grant for Mr. Storey section).

Despite our best efforts, in September 2018, Mr. Patel resigned to pursue other opportunities.

Upon his resignation, Mr. Patel forfeited this \$2,000,000 retention award, his 2018 annual LTI grant (which had a grant date value of \$3,000,000), and all other unvested LTI grants. In addition, he did not receive any STI bonus for 2018. However, under the terms of his April 2017 offer letter, Mr. Patel is entitled to receive certain deferred compensation payments related to legacy Level 3 equity awards that were outstanding and converted at the Closing. For more information, please see further discussion Deferred Compensation .

CEO Top Talent Award for Mr. Dev. In August of 2018, the Committee granted a limited number of performance-based equity awards to retain certain key employees (non-Senior Officers) who are essential to executing our long-term strategy. Prior to his appointment as an executive officer, Mr. Dev received one of these special performance-based equity awards. This award is divided into two equal tranches, with payout under each tranche ranging from 0 to 200% depending upon our achievement against a two-year Adjusted EBITDA run rate target. The first tranche is defined and calculated in the same manner as the performance-based portion of our 2018 annual grants and the performance period covers fiscal years 2018 and 2019, while the second tranche is defined in the same manner as the performance-based portion of our 2019 annual grants and covers fiscal years 2019 and 2020. In addition to the performance condition, the employee must be continuously employed with us through the applicable vesting date (February 28, 2020 for the first tranche and August 7, 2021 for the second tranche).

These special LTI grants are reported in the Summary Compensation Table under the column "Stock Awards" and also in the Grant of Plan-Based Awards Table.

[Retirement Compensation Paid to our Former CEO](#)

In connection with the previously discussed accelerated timing of our CEO succession plan and announcement of Mr. Post's decision to retire at the shareholders' meeting on May 23, 2018, the Committee's objective for Mr. Post's retirement was to base his retirement pay package principally upon contractually-committed retirement payments. However, the Committee also felt it necessary to also recognize the benefits of Mr. Post's agreement to voluntarily retire ahead of schedule and his critical role in transforming CenturyLink from a small rural local exchange telephone company into an internationally-recognized communications company over his total of 42 years of service.

To that end, the Committee approved certain changes to his outstanding equity awards. Specifically, vesting of all outstanding time-based restricted shares granted to Mr. Post before 2018 and one-half of such shares granted to him in fiscal 2018 accelerated as of his retirement date, with the remaining one-half of his fiscal 2018 time-based restricted shares forfeited as of the same date. In addition, Mr. Post was permitted to retain all outstanding performance-based restricted shares granted to him prior to 2018 and one-half of such shares granted to him in fiscal 2018, all of which remain subject to their original performance conditions. The remaining one-half of Mr. Post's fiscal 2018 performance-based restricted shares was forfeited as of his retirement date. Finally, with respect to the equity portion of the special integration award granted to Mr. Post in June 2017, the Committee approved a 100% payout of those shares, which vested on Mr. Post's retirement date.

In addition to the compensation Mr. Post earned while an employee and amounts or broad-based retention benefits paid or payable to him under our existing programs, under the terms of our STI program, he was entitled to a pro-rated annual bonus for 2018 based on actual performance. As this was a voluntary retirement, Mr. Post did not receive any severance benefits following his separation of service from the Company on May 23, 2018.

As he was re-elected as a director of the Company at the 2018 annual meeting, Mr. Post began to receive compensation as a non-employee director as of that date, including an annual director equity grant. For more information regarding our director compensation program, please see the section entitled "Director Compensation."

[Compensation Paid to our Former CTO](#)

As previously disclosed, Mr. Hussain was involuntarily terminated on November 6, 2018. Mr. Hussain earned compensation and broad-based benefits while an employee and he was entitled to certain compensation and benefits payable to him under our existing programs. The Committee determined that he qualified for payments under our executive severance plan (which is described in greater detail under "Other Benefits" "Severance Benefits" below), of which 52 weeks of severance benefits was contractually due to Mr. Hussain (\$1,320,039). Pursuant to the terms of our STI program, Mr. Hussain earned a pro-rated annual bonus for 2018 based on actual performance and per the terms of previously-disclosed restricted share award agreement, Mr. Hussain received the automatic acceleration of certain

special equity awards granted to him on June 1, 2017. As such, these amounts are reflected in the Summary Compensation Table.

The Committee approved certain adjustments to some, but not all, of Mr. Hussain's outstanding annual equity awards. Specifically, the Committee accelerated vesting of the shares of time-vested restricted stock granted to Mr. Hussain during fiscal 2016 and 2017 (a total of 27,720 shares) effective as of November 6, 2018. With respect to his 86,518 outstanding shares of performance-based restricted stock granted to him in fiscal 2016 and 2017, Mr. Hussain will continue to hold those awards subject to their original performance conditions. As noted above under this section Grants of Long-Term Incentive Compensation 2018 Annual LTI Grants the shares of time-vested and performance-based restricted stock granted to him in February 2018 were forfeited upon his departure. Mr. Hussain signed an agreement to waive any claims against us and refrain from competing against us for a year.

Compensation Forfeited by our Former CFO

Upon Mr. Patel's resignation on September 28, 2018, pursuant to the terms of our compensation plans and restricted stock award agreements, Mr. Patel forfeited all unvested LTI (521,098 shares), including his initial LTI grants (both time- and performance-based portions), 2018 annual LTI grant, and special retention grant. Mr. Patel also forfeited the balance of his retention bonus, originally granted by Level 3 and assumed by us in the Level 3 Combination, which was unearned as of the date of his resignation (\$214,500). In addition, he was not eligible to receive an annual bonus under our 2018 STI program. Pursuant to the terms of Mr. Patel's April 2017 offer letter, he is entitled to certain deferred compensation payments in 2019 and 2020. See further discussion under "Executive Compensation - Deferred Compensation."

Other Benefits

As a final component of executive compensation, we provide a broad array of benefits designed to be competitive, in the aggregate, with similar benefits provided by our peers. We summarize these additional benefits below.

Retirement Plans. We maintain traditional broad-based qualified defined benefit and defined contribution retirement plans for our employees who meet certain eligibility requirements. With respect to these qualified plans, we maintain nonqualified plans that permit our officers to receive or defer supplemental amounts in excess of federally-imposed caps that limit the amount of benefits highly-

compensated employees are entitled to receive under qualified plans. Additional information regarding our retirement plans is provided in the tables and accompanying discussion included below under the heading "Executive Compensation."

Change of Control Arrangements. We have agreed to provide cash and other severance benefits to each of our executive officers who is terminated under certain specified circumstances following a change of control of CenturyLink. If triggered, benefits under these change of control agreements include payment of (i) a lump sum cash severance payment equal to a multiple of the officer's annual cash compensation, (ii) the officer's annual bonus, based on actual performance and the portion of the year served, (iii) certain welfare benefits are continued for a limited period, and (iv) the value or benefit of any long-term equity incentive compensation, if and to the extent that the exercisability, vesting or payment thereof is accelerated or otherwise enhanced upon a change of control pursuant to the terms of any applicable long-term equity incentive compensation plan or agreement.

Under these agreements, change of control benefits are payable to our executive officers if within a certain specified period following a change in control (referred to as the "protected period") the officer is terminated without cause or resigns with "good reason," which is defined to include a diminution of responsibilities, an assignment of inappropriate duties, and a transfer of the officer exceeding 50 miles.

The table below shows (i) the length of the protected period afforded to officers following a change of control and (ii) the multiple of salary and bonus payment and years of welfare benefits to which officers will be entitled if change of control benefits become payable under our agreements and related policies:

	Protected Period	Multiple of Annual Cash Compensation	Years of Welfare Benefits
CEO	2 years	3 times	3 years
Other Executives	1.5 years	2 times	2 years
Other Officers	1 year	1 time	1 year

For more information on change of control arrangements applicable to our executives, including our rationale for providing these benefits, see Executive Compensation Potential Termination Payments Payments Made Upon a Change of Control. For information on change of control severance benefits payable to our junior officers and

managers, see Severance Benefits in the next subsection below.

Severance Benefits. Our executive severance plan provides cash severance payments equal to two years of total targeted cash compensation (defined as salary plus the targeted amount of annual

incentive bonus) for our CEO or one year of total targeted cash compensation for any other senior officer in the event that the senior officer is involuntarily terminated by us without cause in the absence of a change of control.

Payments to senior officers terminated in connection with a change of control are separately governed by the change of control arrangements discussed immediately above under the heading **Change of Control Arrangements**.

Under our executive severance plan, subject to certain conditions and exclusions, more junior officers or managers receive certain specified cash payments and other benefits if they are either (i) involuntarily terminated without cause in the absence of a change of control or (ii) involuntarily terminated without cause or resign with good reason in connection with a change of control. Our full-time non-union employees not covered by our executive severance plan may, subject to certain conditions, be entitled to certain specified cash severance payments in connection with certain qualifying terminations.

Under a policy that we adopted in 2012, we are required to seek shareholder approval of any future senior executive severance agreements providing for cash payments, perquisites and accelerated health or welfare benefits with a value greater than 2.99 times the sum of the executive's base salary plus target bonus.

Level 3 Key Executive Severance Plan. CenturyLink assumed various benefit plans as part of the Level 3 Combination, including the Level 3 Key Executive Severance Plan (the **KESP**). The KESP will remain in effect through October 31, 2019 and certain employees who joined us in connection with the Level 3 Combination will continue to participate in it through that date. Once the KESP is no longer in effect, severance rights and benefits for current participants of KESP will be governed by CenturyLink's executive severance plan and change of control arrangements discussed above.

Mr. Dev is currently a participant in the KESP, which provides for the severance benefits described below upon a qualifying termination. In consideration for the severance benefits under the KESP, the executive officers are required to execute a release of claims and are subject to restrictive covenants concerning noncompetition and non-solicitation of employees,

customers and business partners, in each case for 24 months following his termination date.

Upon a qualifying termination, a KESP participant would be entitled to receive certain payments and benefits, including (i) a lump sum cash severance payment equal to a two times the sum of the participant's base salary and most recent target annual bonus, (ii) a pro-rated annual bonus for the year of termination, (iii) a lump sum cash payment equal the total of certain welfare benefit premium payments that the company would have been obliged to cover over a 24-month period, and (iv) reimbursement of up to \$10,000 for the cost of outplacement services.

Life Insurance Benefits. We sponsor a long-standing supplemental life insurance premium reimbursement plan that has been closed to new participants for nearly a decade. Under this plan, three of our current or former senior officers hold supplemental life insurance policies for which we are obligated to pay the premiums. We paid no premiums to fund these benefits from 2012 to 2016, and therefore no premium reimbursement amounts were reported in the Summary Compensation Table for any of those years. Over the past several years, we began to assist our officers in

converting older life insurance policies into newer, lower-cost policies. Most recently, in December 2016, we converted the last of these policies and were able to fix the cost of future annual premiums, resulting in reductions ranging from 33% to 91% from premiums paid in 2011. In 2017, the Committee approved the resumption of premium payments on behalf of our four grandfathered senior executives, and the Company paid premium for years 2016 and 2017. As such, the 2017 premium amount reflected in the Summary Compensation Table represents twice the annual premium cost paid in 2018 and future years. In consultation with the Committee, we plan to continue to evaluate other options to control the cost of providing these benefits to the three grandfathered plan participants.

Perquisites. Officers are entitled to be reimbursed for the cost of an annual physical examination, plus related travel expenses.

Our aircraft usage policy permits the CEO to use our aircraft for personal travel up to \$250,000 per year in personal travel without reimbursing us, and permits each other executive officer to use our aircraft for personal travel only if he or she pays for cost in

COMPENSATION DISCUSSION AND ANALYSIS

advance of flight. In all such cases, personal travel is permitted only if aircraft is available and not needed for superseding business purposes. Periodically, the Committee reviews the cost associated with the personal use of aircraft by senior management, and determines whether or not to alter our aircraft usage policy. In connection with electing to retain this policy, the Committee has determined that the policy (i) provides valuable and cost-effective benefits to our executives that reside or frequently travel into our corporate headquarters that is located in a small city with limited commercial airline service, (ii) enables our executives to travel in a manner that we believe is more expeditious than commercial airline service, and (iii) is being implemented responsibly by the executives.

For purposes of valuing and reporting the use of our aircraft, we determine the incremental cost of aircraft usage on an hourly basis, calculated in accordance with applicable guidelines of the SEC. The incremental cost of this usage, which may be substantially different than the cost as determined under alternative calculation methodologies, is reported in the Summary Compensation Table appearing below.

From time to time, we have scheduled one of our annual regular board meetings and related committee meetings over a multi-day period. These meetings are often held in an area where we conduct operations, and in such cases include site visits that enable our directors and senior officers to meet with local personnel. The spouses of our directors and executive officers are invited to attend these retreats, and we typically schedule recreational activities for those who are able and willing to participate.

For more information on the items under this heading, see the Summary Compensation Table appearing below.

Other Employee Benefits. We maintain certain broad-based employee welfare benefit plans in which the executive officers are generally permitted to participate on terms that are either substantially similar to those provided to all other participants or which provide our executives with enhanced benefits upon their death or disability.

COMPENSATION DISCUSSION AND ANALYSIS

IV. Our Policies, Processes and Guidelines Related to Executive Compensation

Role of Human Resources and Compensation Committee. Subject to the Board's oversight, the Committee establishes, evaluates and monitors our executive compensation programs and oversees our human resources strategies. Specifically, the Committee approves:

the compensation payable to each executive officer, as well as any other senior officer;

for our STI and performance-based LTI programs, (i) the performance objectives, (ii) the threshold, target and maximum threshold levels of performance, (iii) the weighting of the performance objectives, (iv) the amount of bonus payable or shares to vest if the target level of performance is attained and (v) the finally determined amount of cash bonus payments or fully-vested shares;

the peer group for compensation benchmarking and the peer group for performance benchmarking; and

a delegation of authority to the CEO for LTI grants to our non-senior officers.

Among other things, the Committee also establishes, implements, administers and monitors our director cash and equity compensation programs. For more information, see [Director Compensation](#).

Role of Compensation Consultants. The Committee engages the services of a compensation consultant to assist in the design and review of executive compensation programs, to determine whether the Committee's philosophy and practices are reasonable and compatible with prevailing practices, and to provide guidance on specific compensation levels based on industry trends and practices.

The Committee has used Meridian as its compensation consultant since August 2015. During 2018, representatives of Meridian actively participated in the design and development of our executive compensation programs, assisted in the development of special non-recurring compensation grants and attended all of the Committee's meetings. Meridian provides no other services to the Company, and, to our knowledge, has no prior relationship with any of our named executive officers. As required by SEC rules and NYSE listing standards, the Committee has assessed the independence of Meridian and concluded that its work has not raised any conflicts of interest.

Role of CEO and Management. Although the Compensation Committee is responsible for all

executive compensation decisions, each year it solicits and receives the CEO's recommendations, particularly with respect to senior officers' salaries and performance in the key areas outlined above in [Our Compensation Decision-Making Process](#).

Senior Officers. The CEO and the executive management team, in consultation with the compensation consultant, recommend to the Committee business goals to be used in establishing incentive compensation performance targets and awards for our senior officers. In addition, our Executive Vice President, Human Resources, works closely with the Committee and its compensation consultant to ensure that the Committee is provided with appropriate information to discharge its responsibilities.

Non-Senior Officers. The Committee oversees our processes and receives an annual report from the CEO on the compensation programs for our non-senior officers. The CEO, in consultation with the executive management team, is responsible for approval of:

the total cash compensation paid to our non-senior officers; and

all LTI awards to the non-senior officers, acting under authority delegated to him by the Committee in accordance with our shareholder-approved equity plans.

Timing of Long-Term Incentive Awards. The Committee typically makes annual LTI grants to executives during the first quarter after we publicly release our earnings. However, the Committee may defer grants for a variety of reasons, including to request additional information or conduct further reviews of management's performance. In addition, the Committee may grant special awards at different times during the year, when and as merited by the circumstances. LTI grants to newly-hired executive officers are typically made at the next regularly-scheduled Committee meeting following their hire date.

Tally Sheets. Each year, we compile lists of compensation data relating to each of our executives. These tally sheets include annual compensation data for each executive, including his or her salary, STI award, LTI award, and realizable pay. These tally sheets also contain performance highlights on results and behaviors for each of our executives. The Committee uses these tally sheets to (i) review the total annual compensation of the executive officers

and (ii) ensure that the Committee has a comprehensive understanding of all elements of our compensation programs.

Risk Assessment. As part of its duties, the Committee assesses risks arising out of our employee compensation policies and practices. Based on its most recent assessment, the Committee does not believe that the risks arising from our compensation policies and practices are reasonably likely to materially adversely affect us. In reaching this determination, we have taken into account the risk exposures of our operations and the following design elements of our compensation programs and policies:

our balance of annual and long-term compensation elements at the executive and management levels,

our use in most years of a diverse mix of performance metrics that create incentives for management to attain goals well aligned with the shareholders' interests,

the multi-year vesting of LTI awards, which promotes focus on our long-term performance and mitigates the risk of undue focus on our short-term results,

clawback policies and award caps that provide safeguards against inappropriate behavior, and

bonus arrangements that generally permit either the Committee (for compensation payable to senior officers) or senior management (for compensation payable to other key employees) to exercise discretion to reduce the amount of certain incentive awards.

We believe these features, as well as the stock ownership requirements for our executive officers, result in a compensation program that aligns our executives' interests with those of our shareholders and does not promote excessive risk-taking on the part of our executives or other employees.

Use of Benchmarking Data

General. Each year, with assistance from its consultant, the Committee reviews peer groups of other companies comparable to CenturyLink for purposes of assessing our comparative compensation and performance. We typically perform this analysis in the second half of each year in order to ensure the data remains well-suited for its intended purposes and uses during the upcoming year.

Compensation Benchmarking. The Committee, based on input from its compensation consultant, reviewed peer group and survey data in support of pay decisions for our senior officers in order to benchmark compensation levels for our executives against peer executives at companies that are comparable to ours based on revenue size, market cap, industry and business model.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS****IV. Our Policies, Processes and Guidelines Related to Executive Compensation**

For our named executive officers, our compensation consultant compiled the compensation data publicly disclosed by the companies included within the peer companies identified below. As noted in our 2018 proxy statement, we constructed in mid-2017 a revised 16-company peer group that reflected the increased size and sophistication of our operations in anticipation of the pending closing of the Level 3 Combination. The Committee used that same peer group in connection with its 2018 executive compensation decisions. Once established, we believe that a well-selected peer group for compensation benchmarking should remain fairly stable for several years to help inform reliable and consistent market positioning, longer-term pay trends and market practices. Listed below are the 16 companies that make up our primary peer group:

Telecommunication Services 7 peers	AT&T Inc. BCE Inc. Frontier Communications Corp. Sprint Corporation	Telus Corporation T-Mobile US Inc. Verizon
Cable & Satellite 4 peers	Charter Communications, Inc. Comcast Corporation	DISH Network Corporation Liberty Global PLC
Various Technology Industries 5 peers	CISCO Systems Inc. DXC Technology Company ⁽¹⁾ HP, Inc.	Motorola Solutions, Inc. QUALCOMM Incorporated

(1) Computer Sciences Corporation was included in peer group for 2017 benchmarking. In early April 2017, CSC completed its merger with the Enterprise Services business of Hewlett Packard Enterprise and formed DXC Technology.

In order to provide additional information in support of their compensation decisions, the Committee developed a secondary High Tech peer group. It includes companies representing a broad array of high-tech fields, including IT services, Software, Hardware, Consulting, Distributors and Semiconductors. This group serves as a supplement to the primary 16-company peer group and provides an additional perspective on pay levels and practices for the technology industry sector. Listed below are the 14 companies that make up our secondary high tech peer group:

Overlap with 2018 Peer Group ⁽²⁾	CISCO Systems Inc. DXC Technology Company HP, Inc.	Motorola Solutions, Inc. QUALCOMM Incorporated
---	--	---

5 peers		
Various High-Tech Industries	Accenture PLC Cognizant Tech Solutions Facebook Inc. Flex LTD Netflix Inc.	Oracle Corp. Seagate Technology PLC Tech Data Corp. Western Digital Corp
9 peers		

(2) Also included in the Committee's above-listed primary peer group.

In addition to the peer groups described above, the Committee's compensation consultant utilized, to a lesser degree, survey data containing compensation information for companies in the telecommunications industry and general industry that are generally similar in size to us for executive positions where needed.

During the second half of 2018, the Committee, based on input from its compensation consultant, reviewed the two compensation benchmarking peer groups outlined above and recommended a consolidated peer group in support of pay decisions for our senior officers in 2019.

For additional information about how we set pay levels, see [Our Compensation Decision-Making Process](#).

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS****IV. Our Policies, Processes and Guidelines Related to Executive Compensation**

TSR Peer Group Performance Benchmarking. With the aid of its compensation consultant, the Committee set a TSR Peer Group for purposes of benchmarking our relative performance based upon our historical three-year TSR in performance determination of Mr. Storey's one-time promotion grant (see further discussion under Special Grants Promotion Grant for Mr. Storey and section III above). This peer group is focused principally on telecommunications, cable and other communications companies that are generally comparable to us in terms of size, markets and operations. Our 2018 peer groups for compensation benchmarking were somewhat constrained by the number of companies and revenue and market cap size. In contrast, the TSR peer group is comprised of a broader universe of companies we believe investors are considering when they decide whether to invest in us or our industry.

Forfeiture of Prior Compensation

For approximately 20 years, all recipients of our LTI grants have been required to contractually agree to forfeit certain of their awards (and to return to us any cash, securities or other assets received by them upon the sale of Common Shares they acquired through certain prior equity awards) if at any time during their employment with us or within 18 months after termination of employment they engage in activity contrary or harmful to our interests. The Committee is authorized to waive these forfeiture provisions if it determines in its sole discretion that such action is in our best interests. Our STI plan contains substantially similar forfeiture provisions.

Our Corporate Governance Guidelines authorize the Board to recover, or clawback, compensation from an executive officer if the Board determines that any bonus, incentive payment, equity award or other

compensation received by the executive was based on any financial or operating result that was impacted by the executive's knowing or intentional fraudulent or illegal conduct. Certain provisions of the Sarbanes-Oxley Act of 2002 would require our CEO and CFO to reimburse us for incentive compensation paid or trading profits earned following the release of financial statements that are subsequently restated due to material noncompliance with SEC reporting requirements caused by misconduct. In addition, provisions of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 will, upon the completion of related rulemaking, require all of our current or former executive officers to make similar reimbursement payments in connection with certain financial statement restatements, irrespective of whether such executives were involved with the mistake that caused the restatement.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS****IV. Our Policies, Processes and Guidelines Related to Executive Compensation****Stock Ownership Guidelines**

Under our current stock ownership guidelines, our executive officers are required to beneficially own CenturyLink stock in market value equal to a multiple of their annual salary, as outlined in the table below, and each outside director must beneficially own CenturyLink stock equal in market value to five times the annual cash retainer payable to outside directors. Each executive officer and outside director has three and five years, respectively, to attain these targets.

Executive Officer	Stock Ownership Guidelines	Stock Ownership Guidelines
CEO	6 times base salary	\$10.8 million ⁽¹⁾
All Other Executive Officers	3 times base salary	\$1.7 million ⁽²⁾
Outside Directors	5 times annual cash retainer	\$375,000

(1) Based on annual salary as of December 31, 2018.

(2) Based on average annual salary for all other executive officers as of December 31, 2018.

For any year during which an executive or outside director does not meet his or her ownership target, the executive or director is required to hold 65% of the CenturyLink stock that he or she acquires through our equity compensation programs, excluding shares sold to pay related taxes.

As of December 31, 2018, all of our executive officers and all of our outside directors were in compliance with, and in most cases significantly exceeded, our stock ownership guidelines. For additional information on our stock ownership guidelines, see Governance Guidelines.

Use of Employment Agreements

We have a long-standing practice of not providing traditional employment agreements to our officers, and none of our executives has an employment agreement. However, we do from time to time enter into initial employment offer letters with prospective new employees, including executive officers, some of which include future commitments on our part. In connection with the Level 3 Combination, we entered into an offer letter with each of our newly named executives, Messrs. Storey and Patel. In connection with accelerating our CEO succession plan, we amended and restated Mr. Storey's letter, which does contain future commitments by the Company. In addition, we entered into a standard offer letter with Mr. Dev in connection with promoting him to full-time (from interim) CFO, which set his initial compensation but does not provide any future commitments by the Company.

Tax Gross-ups

We do not provide tax gross-up benefits for our executive compensation programs; however, there are a few broad-based compensation programs in which we provide for tax gross-ups. These programs include our relocation policy, which provides for a tax gross-up to any employee who qualifies for relocation expense reimbursement. Mr. Trezise, who relocated from our Monroe, Louisiana corporate offices to our Broomfield, Colorado corporate offices during 2018, participated in this program and the applicable relocation expense is reported in the Summary Compensation Table appearing below. In addition, we provide tax gross-ups in limited situations where spouses attend business functions and accompany our senior officers on corporate aircraft. We do not intend to provide tax gross-up benefits in any new executive compensation programs.

Anti-Hedging and Anti-Pledging Policies

Under our insider trading policy, our employees and directors may not:

purchase or sell short-term options with respect to CenturyLink shares,

engage in short sales of CenturyLink shares, or

engage in hedging transactions involving CenturyLink shares which allow employees to fix the value of their CenturyLink shareholdings without all the risks of ownership or cause them to no longer have the same interests or objectives as our other shareholders.

COMPENSATION DISCUSSION AND ANALYSIS

IV. Our Policies, Processes and Guidelines Related to Executive Compensation

In addition, under our insider trading policy, our senior officers and directors are prohibited from holding our securities in a margin account or otherwise pledging our securities as collateral.

To our knowledge, all of our senior officers and directors are currently in compliance with our anti-hedging and anti-pledging policies.

Deductibility of Executive Compensation

Section 162(m) of the Code limits the amount of compensation paid to certain covered officers that we may deduct for federal income tax purposes to \$1 million per covered officer per year.

Historically, compensation that qualified as performance-based compensation within the meaning of Section 162(m) was not subject to the \$1 million limitation. As recently as 2017, largely due to the availability of this performance-based exemption, the deductibility of various payments and benefits was one factor among many considered by the Committee in determining executive compensation. However, federal tax reform legislation passed in December 2017 included significant changes to Section 162(m). Among these changes were an expansion of the scope of covered officers subject to the Section 162(m) deduction

limitation and the elimination of the performance-based compensation exemption.

For taxable years beginning after December 31, 2017, compensation paid to a covered officer in excess of \$1 million will not be deductible unless it qualifies for transition relief applicable to certain performance-based arrangements in place as of November 2, 2017. Among other things, this means that all compensation paid to each covered officer in 2018 and beyond will be subject to the \$1 million deduction limitation, regardless of whether it is structured as performance-based compensation, unless the transition relief applies.

Section 162(m) is highly technical and complex. Because of ambiguities as to the application and interpretation of Section 162(m), including the uncertain scope of the transition relief for grandfathered performance-based compensation, we can give no assurance that compensation intended to satisfy the requirements for performance-based exemption from the Section 162(m) deduction limit will, in fact, satisfy the exemption. Further, the Committee reserves the right to modify compensation that was initially intended to be exempt from Section 162(m) if it determines that such modifications are consistent with the company's business needs.

(1) For 2018, the amounts shown in this column reflect:

the final installments of certain cash retention bonuses, originally granted by Level 3, that we assumed in the Level 3 Combination (\$2,542,000 to Mr. Storey, \$227,027 to Mr. Dev, and \$1,214,500 to Mr. Patel), payout of which were contingent upon continued employment through the payment date; and

the final installment of a cash signing bonus due to Mr. Storey under his original offer letter, payout of which was contingent upon his continued employment through the first anniversary of the Closing (\$3,300,000).

Due to his resignation effective September 28, 2018, Mr. Patel forfeited the right to receive a final payment of \$214,500. For additional information about these cash bonuses, see Compensation Discussion and Analysis Our Compensation Program Objectives and Components of Pay Final Installments of Cash Bonuses Related to Level 3 Combination.

(2) For 2018, the amounts shown in this column reflect:

the fair value of annual grants of restricted stock or restricted stock unit awards made to our named executives under our long-term incentive compensation program (and the additional restricted grant that Mr. Post received for his service as an outside director, which was granted following his retirement from all employment positions with the Company);

Table of Contents

EXECUTIVE COMPENSATION

Overview

the fair value of initial performance-based restricted stock grants made to each of Messrs. Storey and Patel at the Closing but which were not granted for accounting purposes until February 21, 2018;

the fair value of the promotion restricted stock awards made to Mr. Storey on May 24, 2018 in accordance with his amended and restated offer letter;

the fair value of a special performance-based restricted stock award granted to Mr. Patel, which was subsequently forfeited upon his resignation from all positions with the Company effective September 28, 2018;

the fair value of a special performance-based restricted stock award that was granted to Mr. Dev prior to his appointment as an executive officer; and

For additional information about these equity grants, see Compensation Discussion and Analysis Our Compensation Program Objectives and Components of Pay Grants of Long-Term Incentive Compensation and Special Grants.

The fair value of the awards presented in the table above has been determined in accordance with FASB ASC Topic 718. For purposes of this table, in accordance with SEC disclosure rules we determined the fair value of shares of:

time-vested restricted stock and restricted stock units including the time-vested portion of annual grants, the time-vested portion of Mr. Storey's promotion grant, and the director grant to Mr. Post based on the closing trading price of our Common Shares on the day of grant; and

performance-based restricted stock and restricted stock units including the performance-based portion of annual grants, the initial performance-based restricted stock grants to Messrs. Storey and Patel, the performance-based portion of Mr. Storey's promotion grant, and the special grant to Mr. Patel, using Monte-Carlo simulations.

The aggregate value of the equity awards granted to each named executive in 2018, based on the grant date closing trading price of our Common Shares and assuming maximum payout of his performance-based restricted shares, would be as follows: Mr. Storey, \$43,062,809, Mr. Dev, \$2,803,084, Mr. Goff, \$3,312,628, Mr. Trezise, \$1,159,437, Mr. Post, \$14,078,690, Mr. Patel, \$10,085,099, and Mr. Hussain, \$4,472,387. See Note 11 titled Share-based Compensation of the notes to our audited financial statements included in *Appendix A* for an explanation of material assumptions that we used to calculate the fair value of these stock awards.

The amounts shown in this column reflect cash payments made under our short-term incentive program for actual performance in the respective years. For additional information, see Incentive Compensation and Other Awards 2018 Awards.

- (4) Reflects the net change during each of the years reflected in the present value of the named executives accumulated benefits under the defined benefit plans discussed below under the heading Pension Benefits. The present value of Mr. Goff's accumulated benefits actually decreased by \$56,010 between fiscal 2017 and 2018; however, as required by SEC disclosure rules, we have reported a change of \$0 in the table above.
- (5) For fiscal 2018, the amounts shown in this column are comprised of (i) reimbursements for the cost of an annual physical examination; (ii) personal use of our aircraft; (iii) contributions or other allocations to our defined contribution plans; (iv) for Mr. Trezise, costs related to his relocation from Monroe, Louisiana to Boulder, Colorado, including temporary housing, closing costs on the purchase and sale of his primary residence, the costs of moving goods, and a related tax gross-up payment, all as provided under the terms of our broad-based employee relocation policy; (v) payments of life insurance premiums under a legacy reimbursement plan; and (vi) certain post-employment payments, specifically, for Mr. Post, cash fees paid to him as an outside director following his retirement from employment with the Company and, for Mr. Hussain, cash severance payments and other post-employment benefits pursuant to our executive severance plan, in each case for and on behalf of the named executives as follows:

Incentive Compensation and Other Awards

(2) For purposes of this column:

Annual Bonus means the bonuses that our named executives were eligible to earn under the CenturyLink STI Program for 2018;

Annual TVRS means our time-vested restricted stock or restricted stock units awarded under our annual long-term incentive program to certain named executives on February 21, 2018 (each named executive other than Mr. Storey) or on May 24, 2018 (Mr. Storey);

Annual PBRS means our performance-based restricted stock or restricted stock units awarded under our annual long-term incentive program to certain named executives on February 21, 2018 (each named executive other than Mr. Storey) or on May 24, 2018 (Mr. Storey);

Promotion TVRS means a grant of time-vested restricted stock granted to Mr. Storey on May 24, 2018 per his amended and restated offer letter;

Promotion PBRS means a grant of performance-based restricted stock granted to Mr. Storey on May 24, 2018 per his amended and restated offer letter;

Initial PBRS means the performance-based portion of initial restricted stock grants awarded to Messrs. Storey and Patel in connection with the Level 3 Combination, which was consummated on November 1, 2017, as provided in their original offer letters, but which were not granted for accounting purposes until February 2018 when the performance conditions were finalized;

Director TVRS means a grant of time-vested restricted stock awarded to Mr. Post under our director compensation program once he became an outside director following his May 23, 2018 retirement; and

Special PBRS means a grant of performance-based restricted stock awarded to Mr. Patel on June 1, 2018 and Mr. Dev on August 7, 2018.

With respect to Mr. Patel's awards, all of these were subsequently forfeited upon his resignation from all positions with the Company effective September 28, 2018. For more information on these awards, see Compensation Discussion and Analysis Our Compensation Program Objectives and Components of Pay Short-Term Incentive Bonuses, Grants of Long-Term Incentive Compensation and Special Grants.

- (3) These columns provide information on the potential payouts under the annual bonus program for 2018 for our legacy named executives (the CenturyLink STI Plan). The actual amounts paid for 2018 performance are reported in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table. Failure to meet the threshold level of performance would result in no payout to the executive.
- (4) Calculated in accordance with FASB ASC Topic 718 in the manner described in Note 2 to the Summary Compensation Table above.

Short-Term Incentive Compensation. Our legacy named executives participated in the CenturyLink short-term incentive program for 2018. For more information regarding these programs, including the specific performance metrics applicable to the CenturyLink STI program, see Compensation Discussion and Analysis Our Compensation Program Objectives and Components of Pay Short-Term Incentive Bonuses.

Annual Grants of Long-Term Incentive Compensation. We make annual grants of long-term incentive awards to our executive officers. For the past several years, these awards have been 40% time-vested and 60% performance-based. In February 2018, each of our named executives other than Mr. Storey was granted both time- and performance-based shares of restricted stock under this program. The time-vested shares will vest one-third per year over the first three anniversaries of the date of grant and the performance-based shares will vest in two equal installments on February 21 of 2020 and 2021, depending upon our achievement of a two-year Adjusted EBITDA run rate target. On

May 24, 2018, Mr. Storey received a restricted stock unit award substantially similar to the February 2018 annual grants to executive officers, including 60% performance-based and 40% time-based, as his annual grant for 2018. For more information, see Compensation Discussion and Analysis Our Compensation Program Objectives and Components of Pay Grants of Long-Term Incentive Compensation. For information regarding LTI grants made in prior years, see the disclosure in our proxy statement for the year following the date of grant.

Initial Performance-Based Restricted Stock Grants to Messrs. Storey and Patel. As disclosed in our 2018 proxy statement, we made certain initial equity grants to Messrs. Storey and Patel when they joined us in 2017 following the Closing of the Level 3 Combination. Although these initial grants were awarded at the Closing, the performance-based portion of these initial grants were not granted for accounting purposes until February 2018, when the performance conditions were finalized by our Compensation Committee. As such, these performance-based awards were not reported in our

Table of Contents**EXECUTIVE COMPENSATION****Incentive Compensation and Other Awards**

2017 Summary Compensation Table but appear in our 2018 Summary Compensation Table. The number of shares earned would range between 0 to 200% of the number granted, depending on our achievement of an Adjusted EBITDA run rate target. Mr. Storey's award had a one-year target (fiscal 2018) while Mr. Patel's award had a two-year target (fiscal years 2018 and 2019). Mr. Patel's award was forfeited following his resignation from employment on September 28, 2018. Based on our fiscal 2018 performance, Mr. Storey's award vested at 200% in March of 2019. For more information on these initial grants, see Compensation Discussion and Analysis Our Compensation Program Objectives and Components of Pay Special Grants.

Special Grants. In connection with Mr. Storey's promotion to Chief Executive Officer, he received the annual grant described above and also a one-time promotion grant that consisted of 60% performance-based restricted stock and 40% time-based restricted stock. The number of shares earned on the performance-based portion will range between 0 to 200% of the number granted, with the number earned determined using a two-step process: (1) between 0 to 100% of target will be earned depending on the Company's cumulative Adjusted EBITDA results for the three-year period from 2018 to 2020 and (2) provided that target performance is met or exceeded under step (1), Mr. Storey may earn above target (up to a maximum 200% of target) based on the Company's relative total shareholder return over the same period against the performance of a peer group of companies in the telecommunications industry. In June 2018, Mr. Patel received a retention grant with the same performance conditions, which was forfeited in its entirety following his resignation in September 2019. In August 2018, prior to his appointment as executive officer, Mr. Dev received a retention grant comprised of performance-based restricted stock, which is divided into two equal tranches, with payout under each tranche ranging from 0 to 200% depending upon our achievement against a two-year Adjusted EBITDA run rate target. For more information on these equity grants, see Compensation Discussion and Analysis Our Compensation Program Objectives and Components of Pay Special Grants.

Acceleration of Vesting of Equity Awards. All of the equity awards granted in 2018 will vest upon the death or disability of the named officer. In addition, the Compensation Committee may, in its discretion, vest or waive the continued service requirement for a

named executive's outstanding equity awards upon his or her retirement (at early or normal retirement age), in whole or in part. However, Mr. Storey's equity awards may accelerate under certain additional scenarios, as memorialized in his amended and restated offer letter. For more information on these vesting acceleration triggers, see Potential Termination Payments Equity Acceleration Provisions of Mr. Storey's Amended and Restated Offer Letter. In addition, we have entered into change of control agreements with each named officer, which provide that, upon certain terminations of employment following a change of control of the Company, the time-vested portions of outstanding equity awards will vest and performance-based portions may remain outstanding subject to future vesting, all as described in greater detail below under Potential Termination Payments Payments Made Upon a Change of Control.

Dividends and Voting Rights. All dividends related to shares of the above-described time-vested and performance-based restricted stock (or dividend equivalents, in the case of time- or performance-based restricted stock units) will be paid to the holder only upon the vesting of such shares or units. Unless and until forfeited, any shares of restricted stock may be voted by the named executive officers. However, holders of restricted stock units will have no voting rights unless and until they are issued shares in settlement of those awards.

Forfeiture. All of these above-described equity awards are subject to forfeiture if the officer competes with us or engages in certain other activities harmful to us, all as specified further in the forms of incentive agreements that we have filed with the SEC. For more information, see Potential Termination Payments.

Outstanding Awards. The following table summarizes information about all outstanding unvested equity awards held by our named executives at December 31, 2018. Mr. Patel is not included in this chart because he did not have any unvested equity awards as of such date, as all such awards were forfeited upon his termination date of September 28, 2018.

The number of shares earned could range between 0 to 200% of the number granted, depending on our achievement of an Adjusted EBITDA run rate target for fiscal 2018. Pension Benefits

Amount of Benefits. The following table and discussion summarize pension benefits payable to the named officers under (i) the CenturyLink Component of the CenturyLink Combined Pension Plan, qualified under Internal Revenue Code Section 401(a), which permits eligible participants (including officers) who have completed at least five years of service to receive a pension benefit upon attaining early or normal retirement age, and (ii) our nonqualified supplemental defined benefit plan, which is designed to pay supplemental retirement benefits to certain officers in amounts equal to the benefits such officers would otherwise forego due to federal limitations on compensation and benefits under qualified plans. We refer to these particular defined benefit plans below as our **Qualified Plan** and our **Supplemental Plan**, respectively, and as our **Pension Plans**, collectively.

Name ⁽¹⁾	Plan Name	Number of Years of Credited Service	Present	
			Value of Accumulated Benefit ⁽²⁾	Payments During Last Fiscal Year

Former Executive:

	Supplemental Plan	20	2,961,465	110,054

(1) Each of Messrs. Storey, Dev and Trezise are, and Messrs. Patel and Hussain were, ineligible to participate in these plans since they joined us after both of our Pension Plans were closed to new participants.

Table of Contents**EXECUTIVE COMPENSATION****Incentive Compensation and Other Awards**

- (2) These figures represent accumulated benefits as of December 31, 2018 based on several assumptions, including the assumption that the executive remains employed by us and begins receiving retirement benefits at the normal retirement age of 65, with such accumulated benefits being discounted from the normal retirement age to December 31, 2018 using discount rates ranging between 4.29% and 4.40%. No adjustments have been made to reflect reductions required under any qualified domestic relations orders. See Note 9 titled "Employee Benefits" of the notes to our audited financial statements included in *Appendix A* for additional information.
- (3) As described elsewhere herein in greater detail, Mr. Post retired immediately following the 2018 annual meeting of our shareholders on May 23, 2018. Following his retirement, Mr. Post began receiving payouts under these plans in accordance with the terms of the applicable plan and his previous elections.

Pension Plans. With limited exceptions specified in the Pension Plans, we froze our Qualified Plan and Supplemental Plan as of December 31, 2010, which means that no additional monthly pension benefits have accrued under such plans since that date (although service after that date continues to count towards vesting and benefit eligibility and a limited transitional benefit for eligible participants continued to accrue through 2015).

Prior to this freezing of benefit accruals, the aggregate amount of these named officers' total monthly pension benefit under the Qualified Plan and Supplemental Plan was equal to the participant's years of service since 1999 (up to a maximum of 30 years) multiplied by the sum of (i) 0.5% of his final average pay plus (ii) 0.5% of his final average pay in excess of his Social Security covered compensation, where "final average pay" was defined as the participant's average monthly compensation during the 60 consecutive month period within his last ten years of employment in which he received his highest compensation. Effective December 31, 2010, the Qualified Plan and Supplemental Plan were amended to cease all future benefit accruals under the above formula (except where a collective bargaining agreement provides otherwise). In lieu of additional accruals under the above-described formula, each affected participant's accrued benefit as of December 31, 2010 were increased 4% per year, compounded annually through the earlier of December 31, 2015 or the termination of the participant's employment.

Under both Pension Plans, "average monthly compensation" is determined based on the participant's salary plus annual cash incentive bonus. Although the retirement benefits described above are provided through separate plans, we have in the past transferred benefits from the Supplemental Plan to the Qualified Plan, and reserve the right to make

further similar transfers to the extent allowed under applicable law. The value of benefits transferred to the Qualified Plan, which directly offset the value of benefits in the Supplemental Plan, will be payable to the recipients in the form of enhanced annuities or supplemental benefits and are reflected in the table above under the "Present Value of Accumulated Benefits" column.

The normal form of benefit payment under both of our Pension Plans is (i) in the case of unmarried participants, a monthly annuity payable for the life of the participant, and (ii) in the case of married participants, an actuarially

equivalent monthly annuity payable for the lifetime of the participant and a survivor annuity payable for the lifetime of the spouse upon the participant's death. Participants may elect optional forms of annuity benefits under each Pension Plan and, in the case of the Qualified Plan, an annuity that guarantees ten years of benefits, all of which are actuarially equivalent in value to the normal form of benefit. The enhanced annuities described in the prior paragraph may be paid in the form of a lump sum, at the participant's election.

The normal retirement age is 65 under both of the Pension Plans. Participants may receive benefits under both of these plans upon early retirement, which is defined as attaining age 55 with five years of service. Under both of these plans, the benefit payable upon early termination is calculated under formulas that pay between 60% to 100% of the base plan benefit and 48% to 92% of the excess plan benefit, in each case with the lowest percentage applying to early retirement at age 55 and proportionately higher percentages applying to early retirement after age 55. For additional information on early retirement benefits, please see the applicable early retirement provisions of the Pension Plans, copies of which are filed with the SEC.

Deferred Compensation

The following table and discussion provides information on (i) our Supplemental Dollars & Sense Plan, under which certain named officers may elect to defer a portion of their salary in excess of the amounts that may be deferred under federal law governing qualified 401(k) plans, and (ii) the deferred compensation arrangements we have with each of Messrs. Storey and Patel, which are described in more detail in the text following the table below. For 2018, only Messrs. Goff and Post have elected to participate in our Supplemental Dollars & Sense Plan.

(1) For each of Messrs. Goff and Post, this figure represents the aggregate balance of his Supplemental Dollars & Sense Plan account. For Mr. Storey, this figure represents the value of RSUs that were converted to CenturyLink RSUs and accelerated immediately following the Level 3 Combination but which continue to pay out in Common Shares according to their original payout schedule (the Deferred RSUs), as of December 31, 2017. For Mr. Patel, this figure represents the balance, as of December 31, 2017, of the deferred cash award he received upon the acceleration and cash out of certain Level 3 RSUs that were converted to CenturyLink RSUs as result of the Level 3 Combination (the Deferred Cash Award).

(2) For participants in the Supplemental Dollars & Sense Plan, the amounts in this column reflect contributions under the Supplemental Dollars & Sense Plan by the officer of salary paid in 2018 and reported as 2018 salary compensation in the Summary Compensation Table.

- (3) For participants in the Supplemental Dollars & Sense Plan, this column includes our partial match of the officer's contribution under the terms of that plan, all of which were included as 2018 compensation in the column of the Summary Compensation Table labeled All Other Compensation.
- (4) For participants in the Supplemental Dollars & Sense Plan, this column represents aggregate earnings in 2018 including interest, dividends and distributions earned with respect to deferred compensation invested by the officers in the manner described in the text below. For Mr. Storey, this figure represents the change in value of his Deferred RSUs during 2018 (realized gain or loss on Deferred RSUs paid out during 2018 and unrealized gain or loss on his remaining Deferred RSUs as of December 31, 2018).
- (5) For Mr. Storey, this figure represents the value of Deferred RSUs paid out to him during 2018 (valued based on the closing price of a Common Share on the scheduled payout date). For Mr. Patel, this figure represents the amount of the Deferred Cash Award paid out to him during 2018.

Supplemental Dollars & Sense Plan. Under this plan, certain of our senior officers may defer up to 50% of their salary in excess of the federal limit on annual contributions to a qualified 401(k) plan. For every dollar that an eligible participant contributes to this plan up to 6% of his or her excess salary, we add an amount equal to the total matching percentage then in effect for matching contributions made by us under our qualified 401(k) plan (which for 2018 equaled the sum of all of the initial 1% contributed and half of the next 5% contributed). All amounts contributed under this supplemental plan by the participants or us are allocated among deemed investments that follow the performance of the same broad array of funds offered under our qualified 401(k) plan. This is

reflected in the market value of each participant's account. Participants may change their deemed investments in these funds at any time. We reserve the right to transfer benefits from the Supplemental Dollars & Sense Plan to our qualified 401(k) or retirement plans to the extent allowed under Treasury regulations and other guidance. The value of benefits transferred to our qualified plans directly offsets the value of benefits in the Supplemental Dollars & Sense Plan. Participants in the Supplemental Dollars & Sense Plan normally receive payment of their account balances in a lump sum once they cease working full-time for us, subject to any deferrals mandated by federal law.

Deferred Compensation

Deferred Cash Award for Mr. Patel. As provided in Mr. Patel's offer letter, all RSUs that had been granted to him by Level 3 before 2017 were cancelled and converted to a deferred cash award, which will be paid to Mr. Patel in cash on the same schedule that the now-cancelled awards would have otherwise settled and paid out in shares. In accordance with that schedule, Mr. Patel received or will receive the following approximate amounts on the following dates: \$936,661 on February 1, 2019; \$664,323 on July 1, 2019; and \$312,161 on July 1, 2020.

Deferred RSUs for Mr. Storey. As provided in Mr. Storey's original offer letter, upon the closing of the Level 3 Combination, we accelerated the vesting of a portion of his outstanding RSUs (which had originally been granted to him by Level 3 and were converted to CenturyLink RSUs in the Level 3 Combination), although they will continue to pay out in shares in accordance with its original payment schedule. In accordance with that schedule, the following vested and deferred RSUs held by Mr. Storey settled or will settle in Common Shares on the following dates: 117,229 RSUs on February 1, 2019; 54,462 RSUs on March 1, 2019; 83,146 RSUs on July 1, 2019; 54,460 RSUs on March 1, 2020; and 39,075 RSUs on July 1, 2020.

Potential Termination Payments

The materials below discuss payments and benefits that our officers are eligible to receive if they (i) resign or retire, (ii) are terminated by us, with or without cause, (iii) die or become disabled, or (iv) become entitled to termination benefits following a change of control of CenturyLink. The amounts actually paid to Messrs. Post, Patel and Hussain in connection with the termination of their employment with us in 2018 are detailed below under [Amounts Paid to Former Executives](#).

Notwithstanding the information appearing below, you should be aware that our officers have agreed to forfeit their equity compensation awards (and profits derived therefrom) if they compete with us or engage in other activity harmful to our interests while employed with us or within 18 months after termination. Certain other compensation might also be recoverable by us under certain circumstances after termination of employment. See [Compensation Discussion and Analysis Our Policies, Processes and Guidelines Related to Executive Compensation Forfeiture of Prior Compensation](#) for more information.

Payments Made Upon All Terminations. Regardless of the manner in which our employees' employment terminates prior to a change of control, they are entitled to receive amounts earned during their term of employment (subject to the potential forfeitures discussed above). With respect to each such terminated employee, such amounts include his or her:

salary and earned but unused vacation pay through the date of termination, payable immediately following termination in cash;
annual incentive bonus, but only if such employee served for the entire bonus period or through the date such bonus is payable (unless this service requirement is waived or more favorable treatment is applicable in the case of retirement, death or disability);

equity awards that have vested;

benefits accrued and vested under our qualified and supplemental defined benefit pension plans, with payouts generally occurring at early or normal retirement age;

vested account balance held in our qualified and supplemental defined contribution plans, which the employee is generally free to receive at the time of termination; and

rights to continued health care benefits to the extent required by law.

Payments Made Upon Voluntary or Involuntary Terminations. In addition to benefits described under the heading immediately above, employees involuntarily terminated by us without cause prior to a change of control are also entitled, subject to certain conditions, to:

payment of their annual incentive bonus or a *pro rata* portion thereof, depending on their termination date;

if approved by our Compensation Committee in its discretion, accelerated vesting of all, or a portion of, unvested time-vested equity awards and/or to permit an employee to retain all or a portion of his or her unvested performance-based restricted stock for the remainder of the applicable performance period; and

a cash severance payment in the amount described under Compensation Discussion and Analysis Our Compensation Program Objectives and Components of Pay Other Benefits Severance Benefits plus the receipt of any short-term incentive bonus payable under their applicable bonus plan and outplacement assistance benefits. None of the benefits listed immediately above are payable if the employee resigns or is terminated for cause.

Payments Made Upon Retirement. Employees who retire in conformity with our retirement plans and policies are entitled, subject to certain conditions, to:

payment of their annual incentive bonus or a *pro rata* portion thereof, depending on their retirement date;

post-retirement life, health and welfare benefits; and

all of the benefits described under the heading Payments Made Upon All Terminations.

In addition, the Committee has discretion to accelerate the vesting of all, or a portion of, unvested time-vested equity awards and/or to permit an employee who retires from the Company to retain all or a portion of his or her unvested performance-based equity awards for the remainder of the applicable performance period.

Payments Made Upon Death or Disability. Upon death or disability, officers (or their estates) are generally entitled to (without duplication of benefits):

payments under our disability or life insurance plans, as applicable;

keep all of their time-vested equity awards, whether vested or unvested;

retain a *pro rata* portion of their performance-based equity awards, which would remain subject to performance conditions and original payout timing;

payment of their annual incentive bonus or a *pro rata* portion thereof, depending on their date of death or disability;

continued rights to receive (i) life, health and welfare benefits at early or normal retirement age, in the event of disabilities of employees with ten years of prior service, or (ii) health and welfare benefits payable to surviving

eligible dependents, in the event of death of employees meeting certain age and service requirements; and all of the benefits described under the heading **Payments Made Upon All Terminations**, except that (i) upon death benefits under our retirement plans are generally available only to surviving spouses and (ii) benefits payable to mentally disabled employees under our nonqualified defined benefit retirement plans may be paid prior to retirement age.

Equity Acceleration Provisions of Mr. Storey's Amended and Restated Offer Letter. In conjunction with appointing Mr. Storey as our CEO, we amended and restated our offer letter with him that provides that certain outstanding, unvested equity awards will accelerate upon a qualifying termination or, subject to certain conditions, his retirement. A qualifying termination is defined in his amended and restated offer letter to include death, disability, termination by us without cause, or termination by Mr. Storey with good reason (each as further defined in the offer letter). Upon a qualifying termination, vesting of all unvested time-vested awards is accelerated and, with respect to performance-based awards, Mr. Storey will be permitted to retain all such awards although they will remain subject to their original performance conditions and payout schedule (except upon his death, when the awards would pay out at target). In addition, upon his retirement, provided that he has given us 90 days notice of his intent to retire, Mr. Storey is entitled to receive full service vesting as well with respect to his annual LTI grants (not including the promotion grant he was awarded upon his appointment as CEO), with any performance-based awards remaining subject to their original performance conditions and payout schedule. However, his 2018 annual LTI grant is not eligible for this retirement treatment until the first anniversary of the date of grant.

Payments Made Upon a Change of Control. We have entered into agreements that entitle each of our executive officers who are terminated without cause or resign under certain specified circumstances within certain specified periods following any change in control of CenturyLink to (i) receive a lump sum cash severance payment equal to a multiple of such officer's annual cash compensation (defined as salary plus the average annual incentive bonus over the past three years), (ii) receive such officer's currently pending bonus or *pro rata* portion thereof, depending on the date of termination, and (iii) continue to receive, subject to certain exceptions, certain welfare benefits for certain specified periods. See **Compensation Discussion and Analysis** Our

Compensation Program Objectives and Components of Pay Other Benefits Change of Control Arrangements for a description of the benefits under our change of control agreements.

Under CenturyLink's above-referenced agreements, a change in control of CenturyLink would be deemed to occur upon (i) any person (as defined in the Securities Exchange Act of 1934) becoming the beneficial owner of 30% or more of the outstanding Common Shares, (ii) a majority of our directors being replaced, (iii) consummation of certain mergers, substantial asset sales or similar business combinations, or (iv) approval by the shareholders of a liquidation or dissolution of CenturyLink.

The above-referenced agreements provide the benefits described above if we terminate the officer's employment without cause or the officer resigns with good reason, which we describe further under the heading Compensation Discussion and Analysis Our Compensation Program Objectives and Components of Pay Other Benefits Change of Control Arrangements. We have filed copies or forms of these agreements with the SEC.

Participants in our supplemental defined benefit plan whose service is terminated within two years of the change in control of CenturyLink will receive a cash payment equal to the present value of their plan benefits (after providing age and service credits of up to three years if the participant is terminated by us without cause or resigns with good reason), determined in accordance with actuarial assumptions specified in the plan. Certain account balances under our qualified retirement plans will also fully vest upon a change of control of CenturyLink.

Under the terms of our equity incentive plans, incentives granted under those plans will not vest, accelerate, become exercisable or be deemed fully paid unless otherwise provided in a separate agreement, plan or instrument. None of our equity award agreements since 2011 have provided for any such accelerated recognition of benefits solely upon a change of control. Instead, our current award agreements provide that any holder of incentives who is terminated by us or our successor without cause or resigns with good reason following a change of control will be entitled to receive full vesting of his or her time-vested restricted shares and continued rights under his or her performance-based restricted shares (on the same terms as if he or she had not been terminated).

We believe the above-described change of control benefits enhance shareholder value because:

prior to a takeover, these protections help us to recruit and retain talented officers and to help maintain the productivity of our workforce by alleviating concerns over economic security, and

during or after a takeover, these protections (i) help our personnel, when evaluating a possible business combination, to focus on the best interests of CenturyLink and its shareholders, and (ii) reduce the risk that personnel will accept job offers from competitors during takeover discussions.

Estimated Potential Termination Payments. The table below provides estimates of the value of payments and benefits that would become payable if our current named executives were terminated in the manner described below, in each case based on various assumptions, the most significant of which are described in the table's notes.

(1) All data in the table reflects our estimates of the value of payments and benefits assuming the named officer was terminated on December 31, 2018. The closing price of the Common Shares on such date was \$15.15. The table reflects only estimates of amounts earned or payable through or at such date based on various assumptions. Actual amounts can be determined only at the time of termination. If a named officer voluntarily resigns or is terminated with cause, he will not be entitled to any special or accelerated benefits, but will be entitled to receive various payments or benefits that vested before the termination date. The table reflects potential payments based upon a physical disability; additional benefits may be payable in the event of a mental disability.

- (2) As further described above, upon termination of employment, the named officers may become entitled to receive certain special, accelerated or enhanced benefits, including, subject to certain exceptions, the right to receive payment of their annual cash incentive bonus, an acceleration under certain circumstances of the vesting of their outstanding equity awards, current or enhanced pension and welfare benefits, or cash severance payments. The table excludes (i) payments or benefits made under broad-based plans or arrangements generally available to all salaried full-time employees and (ii) benefits, awards or amounts that the officer was entitled to receive prior to termination of employment.
- (3) The amounts listed in this column reflect payments to which the named officer would be entitled to under our executive severance plan if involuntarily terminated by us without cause (or, for Mr. Storey, by him with good reason, as provided in his amended and restated offer letter) prior to a change of control. The amounts listed in this column would not be payable if the officer voluntarily resigns (for Mr. Storey, without good reason) or is terminated for cause.
- (4) The information in this column assumes each named officer became entitled at December 31, 2018 to the benefits under CenturyLink's agreements in existence on such date described above under "Payments Made Upon a Change of Control" upon an involuntary termination without cause or resignation with good reason. All amounts are based on several assumptions.

- (5) The information in this row (i) reflects the benefit to the named officer arising out of the accelerated vesting of some or all of his restricted stock triggered by the termination of employment and (ii) assumes that the Compensation Committee would not approve the acceleration of the restricted stock of any named officer in the event of an involuntary termination.
- (6) The information in this row reflects only the incremental benefits that accrue upon an event of termination, and excludes benefits that were vested on December 31, 2018. For information on the present value of the named officers' accumulated benefits under our defined benefit pension plans, see Pension Benefits, and for information on the aggregate balances of the named officers' non-qualified deferred compensation, see Deferred Compensation. As indicated above, the named officer would also be entitled to receive a distribution of his or her 401(k) benefits and various other broad-based benefits.
- (7) The information in this row excludes, in the case of disability or death, payments made by insurance companies.

Amounts Paid to Former Executives.

Three of our named officers terminated employment with us prior to December 31, 2018, and therefore none of them (Messrs. Post, Patel, and Hussain) are included in the above table. The amounts paid or

payable to these officers upon their termination are detailed in Compensation Discussion and Analysis Our Compensation Program Objectives and Components of Pay Retirement Compensation Paid to our Former CEO, Compensation paid to our former CTO and compensation formatted by our former CFO.

Pay Ratio Disclosure

As mandated by federal law and related SEC rules, we are required to disclose a ratio of the pay of our CEO to that of our median employee. For 2018, the total compensation of our CEO, Mr. Storey (as reported in the Summary Compensation Table but annualized as noted below), was \$36,218,812, while the annual total compensation for our median employee was \$68,674. As a result, the ratio of CEO pay to median employee pay was approximately 527 to 1.

We calculated our 2018 pay ratio using the following assumptions:

Median employee determination. The median employee was determined by reviewing the annual total target compensation (the sum of base salary, target short-term incentive and target long-term incentive awards) as of December 31, 2018 for approximately 45,000 active employees employed on that date, excluding our CEO. No other employees were excluded from that calculation.

Median employee identification. The median employee was identified as a network technician, located in Portland, Oregon and with the company for four years.

Median employee total compensation calculation. To determine the median pay ratio, we calculated the median employee's pay using the same pay elements and calculation methodology as used in determining the CEO's pay for purposes of disclosure in the Summary Compensation Table.

Because Mr. Storey was not serving as CEO for the full year, we annualized certain compensation items that he received for his services as CEO during 2018 (specifically, using his CEO salary for the full year and for calculation of his STI payout). As a result, the compensation figure we used for purposes of calculating our pay ratio differs from the total of his 2018 compensation as reported in the Summary Compensation Table, as detailed in the middle column of the table appearing below.

In addition, Mr. Storey's 2018 annualized compensation, excluding special one-time events associated with the Level 3 combination, would have been \$18,714,772 (as detailed in the final column of the table below), which would have yielded a ratio of CEO pay to median employee pay of approximately 273 to 1.

Table of Contents**DIRECTOR COMPENSATION****Overview**

The Board believes that each director who is not employed by us (whom we refer to as outside directors or non-management directors) should be compensated through a mix of cash and equity-based compensation, which most recently has been granted in the form of restricted stock. The Compensation Committee, consisting entirely of independent directors, has primary responsibility for periodically reviewing and considering any revisions to director compensation. In recent years, the Committee has reviewed director compensation annually with assistance from its compensation consultant, including conducting annual benchmarking to help assess the appropriateness and competitiveness of our director compensation programs. The Board reviews the Compensation

Committee's recommendations, discussing those recommendations among themselves and with the compensation consultant, and determines the amount of director compensation.

The table and the discussion below summarize how we compensated our outside directors in 2018. This table does not include compensation paid to either Mr. Storey, who currently serves as Chief Executive Officer and President as well as a director, or to Mr. Post, who was Mr. Storey's predecessor in those roles and who has served as an outside director since the date of the management transition (May 23, 2018). Please see the Summary Compensation Table above for details regarding all compensation paid to each of them during fiscal 2018.

- (1) For purposes of determining the number of restricted shares to grant on May 24, 2018 to each outside director, the Compensation Committee valued each of these stock awards to equal \$165,000, plus an additional grant valued at \$20,000 to Ms. Siegel (as described in greater detail below), in each case, based upon the volume-weighted average closing price of our Common Shares over a 15-day trading period ending prior to the grant date. For purposes of reporting the fair value of these awards in the table above, however, we valued each grant based upon the closing stock price of our Common Shares on the grant date in accordance with FASB ASC Topic 718. These awards vest on May 24, 2019 (subject to accelerated vesting or forfeiture in certain limited circumstances). See Cash and Stock Payments.
- (2) As of December 31, 2018, Ms. Siegel held 9,804 unvested shares of restricted stock and each of our other outside directors held 8,744 unvested shares of restricted stock, which constituted the only unvested equity-based awards held by our outside directors as of such date. For further information on our directors' stock ownership, see Ownership of Our Securities Executive Officers and Directors, and for information on certain deferred fee arrangements pertaining to Mr. Roberts, see Other Benefits.
- (3) Includes (i) reimbursements for the cost of annual physical examinations and related travel of \$4,181 for Mr. Hanks and \$5,000 for Mr. Perry, (ii) the value of personal use of our aircraft in the amount of \$468 for Mr. Perry and (iii) payments related to the attendance of the NACD Global Board Leaders Summit of \$6,000 for each of Ms. Landrieu and Messrs. Hanks and Perry. Except as otherwise noted

DIRECTOR COMPENSATION

[Overview](#)

in the prior sentence, the table above does not reflect (i) reimbursements for travel expenses or (ii) any benefits associated with the directors or their family members participating in recreational activities scheduled during board retreats or meetings (as described further under the heading Compensation Discussion and Analysis Our Compensation Program Objectives and Components of Pay Other Benefits Perquisites).

[Cash and Stock Payments](#)

Each outside director is paid an annual fee of \$65,000 plus \$2,000 for attending each regular board meeting, special board meeting (including each day of the Board's annual planning session), committee meeting and separate director education program.

During 2018, Harvey P. Perry, in his capacity as the non-executive Chairman of the Board, received supplemental board fees of \$200,000 payable in cash. The Chairman's duties are set forth in our Corporate Governance Guidelines. See Corporate Governance.

During 2018, W. Bruce Hanks, in his capacity as non-executive Vice Chairman of the Board and Lead Independent Director, received supplemental board fees of \$100,000 cash. Under our Bylaws, the Vice Chairman is charged with the responsibility of assisting the Chairman and performing such other duties as may be assigned to him by the Board or the Bylaws.

We also pay annual supplemental board fees to the chairs of each of the following committees as follows: (i) the chair of the Audit Committee receives \$25,000,

(ii) the chair of the Compensation Committee receives \$18,750, (iii) the chair of the Nominating Committee receives \$15,000 and (iv) the chair of the Risk and Security Committee receives \$12,500.

During 2018, the Compensation Committee awarded to each outside director an annual grant of shares of time-vested restricted stock valued at \$165,000 on the terms and conditions specified in Note 1 of the table appearing above under Overview, plus a special incremental grant of time-vested shares of restricted stock valued at \$20,000 to Ms. Siegel. The Compensation Committee, with Ms. Siegel abstaining, awarded her this grant in recognition of her leadership of the Compensation Committee in its successful negotiations of a series of complex executive compensation arrangements over the preceding year, including those related to the senior management transition. The Compensation Committee currently expects to grant a comparable annual award to each outside director who is serving as a director on the day after our 2019 annual meeting (not including the special incremental grant to Ms. Siegel).

[Other Benefits](#)

Each outside director is entitled to be reimbursed (i) for expenses incurred in attending board and committee meetings, (ii) for expenses incurred in attending director education programs and (iii) up to \$5,000 per year for the cost of an annual physical examination, plus related travel expenses.

In connection with our 2011 merger with Qwest, we assumed the Qwest Deferred Compensation Plan for Non-Employee Directors. Under this plan, Qwest outside directors could elect to defer all or a portion of their cash directors' fees, which were then converted to a number of phantom units based the value of a share of Qwest stock, with credit for dividends paid to shareholders reinvested in additional phantom units. Certain plan balances were distributed to participants at the close of the merger,

but plan balances attributable to amounts deferred on or after January 1, 2005 by Qwest directors who joined our Board following the merger were converted, based on the merger exchange ratio, to phantom units based on the value of one of our Common Shares. Other than the crediting and reinvestment of dividends for outstanding phantom units, CenturyLink does not make any contributions to, and no additional elective deferrals are permitted under this plan. Subject to the terms of the plan, each participant's account will be distributed as a lump sum in cash as soon as practicable following the end of his or her service as a director. As of December 31, 2018, Michael J. Roberts was the only remaining participant in this plan, with a balance of 6,945 phantom units with an aggregate value of approximately \$105,217 as of such date.

We supply company-owned tablets to our outside directors for use in reviewing materials posted to a dedicated portal that permits management to communicate with the Board.

Directors may use our aircraft in connection with company-related business. However, we generally do not permit either our directors or their family members to use our aircraft for personal trips (except when such use can be accommodated at no incremental cost to us or on terms generally available

to all of our employees in connection with a medical emergency).

Our bylaws require us to indemnify our directors and officers so that they will be free from undue concern about personal liability in connection with their service to CenturyLink. We have signed agreements with each of those individuals contractually obligating us to provide these indemnification rights. We also provide our directors with customary directors and officers liability insurance.

Review Procedures

Early each year, our management distributes to the Audit Committee a written report listing our payments to vendors, including a list of transactions with our directors, officers or employees. This annual report permits the independent directors to assess and discuss our related party transactions. Although we have no formal written pre-approval procedure governing related party transactions, our CEO typically seeks approval of the Board before engaging in any new related party transaction involving significant sums or risks.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The Securities Exchange Act of 1934 requires our executive officers and directors, among others, to file certain beneficial ownership reports with the SEC. To our knowledge, based solely on our review of copies of reports received by us and written representations by certain reporting persons, we believe that all such reports were timely filed during fiscal year 2018, except for a Form 4 report for Steven T. Clontz, a director of the Company, to disclose one transaction that occurred on May 25, 2018, which was subsequently disclosed on a Form 5 report.

SHAREHOLDER PROPOSAL

(Item 6 on Proxy or Voting Instruction Card)

We periodically receive suggestions from our shareholders, some as formal shareholder proposals. We give careful consideration to all suggestions, and assess whether they promote the best long-term interests of CenturyLink and its shareholders.

We expect Item 6 to be presented by shareholders at the meeting. Following SEC rules, we are reprinting the proposal and supporting statement as it was

submitted to us, other than minor formatting changes. We take no responsibility for it. On request to the Secretary at the address listed under Other Matters Annual Financial Report, we will provide information about the sponsor's shareholdings. Adoption of this proposal requires the affirmative vote of the holders of a majority of the votes cast on the proposal at the meeting.

**THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU
VOTE AGAINST ITEM 6 FOR THE REASONS WE GIVE
BELOW.**

The following proposal was submitted by the AFL-CIO Reserve Fund, located at 815 16th Street, NW, Washington, D.C., 20006, as a lead filer, and Friends Fiduciary Corporation, located at 1650 Arch Street, Suite 1904, Philadelphia, Pennsylvania, 19103, as a co-filer.

Whereas, we believe in full disclosure of CenturyLink's direct and indirect lobbying activities and expenditures to assess whether CenturyLink's lobbying is consistent with its expressed goals and in the best interests of shareholders.

Resolved, the shareholders of CenturyLink request the preparation of a report, updated annually, disclosing:

1. Company policy and procedures governing lobbying, both direct and indirect, and grassroots lobbying communications.

- 2.

Payments by CenturyLink used for (a) direct or indirect lobbying or (b) grassroots lobbying communications, in each case including the amount of the payment and the recipient.

3. CenturyLink's membership in and payments to any tax-exempt organization that writes and endorses model legislation.

4. Description of management's decision making process and the Board's oversight for making payments described in sections 2 and 3 above.

For purposes of this proposal, a grassroots lobbying communication is a communication directed to the general public that (a) refers to specific legislation or

regulation, (b) reflects a view on the legislation or regulation and (c) encourages the recipient of the communication to take action with respect to the legislation or regulation. Indirect lobbying is lobbying engaged in by a trade association or other organization of which CenturyLink is a member.

Both direct and indirect lobbying and grassroots lobbying communications include efforts at the local, state and federal levels.

The report shall be presented to the Audit Committee or other relevant oversight committees and posted on CenturyLink's website.

Supporting Statement

We encourage transparency and accountability in the use of funds to lobby. CenturyLink spent \$23,070,486 from 2010–2017 on federal lobbying (opensecrets.org). This figure does not include lobbying expenditures to influence legislation in states, where CenturyLink also lobbies in 38 states (Amid Federal Gridlock, Lobbying Rises in the States, *Center for Public Integrity*, February 11, 2016), but disclosure is uneven or absent. A study found CenturyLink spent \$1,552,902 lobbying in six states from 2012–2015 (How Leading U.S. Corporations Govern and Spend on State Lobbying, *Sustainable Investments Institute*, March 2017).

CenturyLink serves on the board of USTelecom, which spent \$42.13 million on lobbying from 2010–2017. USTelecom's lobbying against net neutrality has attracted attention (AT&T/Verizon Lobbyists to

Table of Contents

SHAREHOLDER PROPOSAL

(Item 6 on Proxy or Voting Instruction Card)

Aggressively Sue States that Enact Net Neutrality, *Ars Technica*, March 27, 2018). CenturyLink does not comprehensively disclose its memberships in trade associations nor the amounts of its payments used for lobbying. And CenturyLink is a member of the American Legislative Exchange Council (ALEC).

We are concerned that our company's lack of lobbying and trade association disclosure presents reputational risks. For example, CenturyLink's ALEC membership has drawn press scrutiny (AT&T Drops ALEC for Hosting Hate Speech, *PR Watch*, November 30, 2018), and over 110 companies have publicly left ALEC, including peers AT&T, Sprint, T-Mobile and Verizon. And CenturyLink was included in a 2018 list of America's 20 most hated companies (*Bad Reputation: America's Top 20 Most-hated Companies*, *24/7 Wall Street*, January 22, 2018).

The Board recommends that you vote AGAINST this proposal for the following reasons:

We believe our continued success and long-term profitability are substantially dependent upon our ability to actively engage in political, legislative and regulatory processes to advocate in favor of laws and policies that are in the best interests of our company, shareholders and customers. The proponent's proposal this year is substantially similar to the proposal it submitted last year, which received less than 21.5% support of the shares voted at last year's annual meeting.

For the reasons discussed further below, we continue to believe that (i) we currently disclose a substantial amount of detailed information on the cost and scope of our lobbying activities and (ii) the preparation and publication of the report contemplated by this proposal is neither necessary nor an efficient use of our resources.

Information regarding our participation in the political process is set forth in our semi-annual Political Contributions Reports (the Semi-Annual Reports), which are available for review on our website. Our Semi-Annual Reports outline the core principles governing our political participation.

In addition to furnishing our Semi-Annual Reports, we file substantial amounts of information about our lobbying activity under federal, state and local laws. At the federal level, we file quarterly reports under the Lobbying Disclosure Act disclosing our lobbying expenditures and detailing the entities we lobbied and the subject matter of our lobbying efforts. This includes quarterly reporting to the Federal Election Commission regarding our employee political action committee. Any lobbying firms hired by us file similar reports, and trade associations to which we contribute are separately subject to strict public disclosure requirements regarding their lobbying activities. We and our in-house and external lobbyists also file reports disclosing political contributions and related payments. Furthermore, we file all lobbying reports required by state laws, which in some cases have broader disclosure requirements than federal law. Shareholders can access this information through websites maintained by the U.S. House of Representatives, the U.S. Senate, the Federal Election Commission, and various state governmental bodies, or through various commercial websites that aggregate similar data.

Our policies and procedures governing lobbying and political activities are subject to rigorous internal controls designed to ensure, among other things, that our applicable disclosures are full and complete. As noted in our Semi-Annual Reports, our Senior Vice President, Public Policy and Government Relations, together with senior management, the Board, and various public policy and legal personnel, oversees and manages our corporate political activities in an effort to attain our public policy objectives and comply with all applicable laws. We have a policy of not contributing to Super PACs .

We believe we significantly benefit by participating in a number of industry and trade associations, which provide us with access to valuable industry data and expertise. These groups are independent organizations that represent the diverse interests of their members, and deal with a wide range of issues. These organizations frequently make expenditures or take action contrary to our preferences, often without our knowledge. As such, we do not believe that our membership in these organizations should be viewed as an endorsement of any particular organization or policy. Disclosure of the information contemplated by the proposal could be used to unfairly suggest that we support every position taken by organizations to which we contribute. For these reasons, we do not believe that additional disclosures regarding our contributions to such organizations would be helpful to shareholders.

We believe the information that we currently furnish in our Semi-Annual Reports and file with state and federal agencies strikes an appropriate

Table of Contents

SHAREHOLDER PROPOSAL

(Item 6 on Proxy or Voting Instruction Card)

balance between transparency and avoiding excessive burden and cost. We believe that requiring us to gather and disclose additional information would result in an unproductive use of valuable time and corporate resources by tracking insignificant activities without materially enhancing existing disclosures.

We also oppose the proposal because many of its aspects are vague or unworkable, and may create confusion. We believe the proposal's definition of lobbying and lobbying expenditures are ambiguous and could, depending on the jurisdiction, include items such as office rent, business travel expenses, and even employee salaries. As a result, the disclosures required by the proposal could be inconsistent and confusing, because a particular expenditure might be lobbying-related in one jurisdiction, but not in another.

The proposal seeks to impose unnecessary line-item disclosures on lobbying expenditures that are not required by law and are not standard among other companies, including our competitors. Complying with the requirements of this proposal could put us at a relative disadvantage to our competitors. Any new requirements should be addressed by lawmakers and uniformly imposed on all entities.

Finally, you should be aware that the proponent's Supporting Statement cites figures and information that we cannot verify.

The Board is confident that the Company's current lobbying activities are effective and fully aligned with the shareholders' long-term interests. For the reasons set forth above, the Board believes that this proposal is overly burdensome, would result in an unproductive use of our resources, and is not in the best interests of our shareholders.

FREQUENTLY ASKED QUESTIONS

What is the difference between holding shares as a shareholder of record and as a beneficial owner?

If shares are registered in your name with our transfer agent, Computershare Investor Services L.L.C., you are the shareholder of record of those shares and you may directly vote these shares, together with any shares credited to your account if you are a participant in our automatic dividend reinvestment and stock purchase service.

If your shares are held on your behalf in a stock brokerage account or by a bank or other nominee, you are the beneficial owner of shares held in street name. We have requested that our proxy materials be made available to you by your broker, bank or nominee, who is considered the shareholder of record of those shares.

If I am a shareholder of record, how do I vote?

If you are a shareholder of record, you may vote in person at the meeting or by proxy in any of the following three ways:

call 1-800-690-6903 and follow the instructions provided;

log on to the Internet at www.proxyvote.com and follow the instructions at that site; or

request a paper copy of our proxy materials and, following receipt thereof, mark, sign and date your proxy card and return it to Broadridge Financial Solutions, Inc.

If you need additional help with this year's proxy, control numbers or using ProxyVote.com, please call proxy support at 866-232-3037 (Toll-free) or 720-358-3640 (Int'l Toll).

Please note that you may not vote by telephone or the Internet after 11:59 p.m. Eastern Time on May 21, 2019.

If I am a beneficial owner of shares held in street name, how do I vote?

As the beneficial owner, you have the right to instruct your broker, bank or nominee how to vote your shares by using any voting instruction card supplied by them or by following their instructions for voting by telephone, the Internet, or in person.

If I am a benefit plan participant, how do I vote?

If you beneficially own any of our Common Shares by virtue of participating in any retirement plan of CenturyLink, then you will receive a separate voting instruction card that will enable you to direct the voting of these shares. This voting instruction card entitles you, on a confidential basis, to instruct the trustees how to vote the shares allocated to your plan account. The plans require you to act as a named fiduciary, which requires you to exercise your voting rights prudently and in the interests of all plan participants. Plan participants who wish to vote should complete and return the voting instruction card in accordance with its instructions. If you elect not to vote the shares allocated to

your accounts, your shares will be voted in the same proportion as voted shares regarding each of the items submitted to a vote at the meeting. Plan participants that wish to revoke their voting instructions must contact the trustee and follow its procedures.

If you beneficially own any of our Common Shares by virtue of previously participating in an employee stock purchase plan formerly maintained by us or a company that we have acquired, we have made arrangements for our proxy materials to be made available to you by the record owner of those shares. Consequently, you will be afforded the opportunity to vote those shares in the same manner as any other shares held in street name.

FREQUENTLY ASKED QUESTIONS

Can I revoke or change my voting instructions after I deliver my proxy?

Shareholders of record may revoke their proxy or change their votes at any time before their proxy is voted at the meeting by giving a written revocation notice to our secretary, by timely delivering a proxy bearing a later date or by voting in person at the meeting. Beneficial shareholders may revoke or change their voting instructions by contacting the broker, bank or nominee that holds their shares.

Who pays the cost of soliciting proxies?

We will pay all expenses of soliciting proxies for the meeting. Proxies may be solicited personally, by mail, by telephone or by facsimile by our directors, officers and employees, who will not be additionally compensated therefor. We will also request persons holding Voting Shares in their names for others, such as brokers, banks and other nominees, to forward materials to their principals and request authority for the execution of proxies, and we will reimburse them for their expenses incurred in connection therewith. We have retained Innisfree M&A Incorporated, New York, New York, to assist in the solicitation of proxies, for which we will pay Innisfree fees anticipated to be \$22,500 and will reimburse Innisfree for certain of its out-of-pocket expenses.

Could other matters be considered and voted upon at the Meeting?

Our Board does not expect to bring any other matter before the Meeting. Further, management has not timely received any notice that a shareholder desires to present any matter for action at the meeting in accordance with our bylaws (which are described below under **Frequently Asked Questions** **What is the deadline to propose actions for consideration at the 2020 Annual Meeting of Shareholders or to nominate individuals to serve as directors?**) other than the shareholder proposal described in this proxy statement, and is otherwise unaware of any matter to be considered by shareholders at the meeting other than those matters specified in the accompanying notice of the meeting. Our proxy and voting instruction cards, however, will confer discretionary voting authority with respect to any other matter that may properly come before the meeting. It is the intention of the persons named therein to vote in accordance with their best judgment on any such matter.

This authority includes establishing rules for shareholders who wish to address the meeting. Copies of these rules will be available at the meeting. The Chairman may also exercise broad discretion in recognizing shareholders who wish to speak and in determining the extent of discussion on each item of business. [What information needs to be included in a shareholder notice nominating a director or proposing other action?](#)

If timely notice is provided, our bylaws permit shareholders to nominate a director or bring other matters before a shareholders meeting. The written notice required to be sent by any shareholder nominating a director must include various information, including, as to the shareholder giving the notice and the beneficial owner, if any, on whose behalf the nomination is being made, (i) the name and address of such shareholder, any such beneficial owner, and any other parties affiliated, associated or acting in concert therewith, (ii) their beneficial ownership interests in our Voting Shares, including disclosure of arrangements that might cause such person's voting, investment or economic interests in our Voting Shares to differ from those of our other shareholders, (iii) certain additional information concerning such parties required under the federal proxy rules, (iv) a description of all agreements with respect to the nomination among the nominating shareholder, any beneficial owner, any person acting in concert with them, each proposed nominee and certain other persons, and (v) a representation whether any such person intends to solicit proxies or votes in support of their proposed nominees. With respect to each proposed nominee, the written notice must also, among other things, (i) set forth biographical and other data required under the federal proxy rules and a description of various compensation or other arrangements or relationships between each proposed nominee and the nominating shareholder and its affiliated parties and (ii) furnish both a completed and duly executed questionnaire and a duly executed agreement designed to disclose various aspects of the proposed nominee's background, qualifications and certain specified arrangements with other persons, as well as to receive the proposed nominee's commitment to abide by certain specified agreements and undertakings. We may require a proposed nominee to furnish other reasonable information or certifications. Shareholders interested in bringing before a shareholders meeting any matter other than

a director nomination should consult our bylaws for additional procedures governing such requests. We may disregard any nomination or submission of any other matter that fails to comply with these bylaw procedures.

In addition, our bylaws provide that under certain circumstances a shareholder or group of shareholders may include director candidates that they have nominated in our annual meeting proxy materials. These proxy access provisions of our bylaws provide, among other things, that a shareholder or group of up to ten shareholders seeking to include director candidates in our annual meeting proxy materials must own 3% or more of our

outstanding Common Shares continuously for at least the previous three years. The number of shareholder-nominated candidates appearing in any of our annual meeting proxy materials cannot exceed 20% of the number of directors then serving on the Board. If 20% is not a whole number, the maximum number of shareholder-nominated candidates would be the closest whole number below 20%. Based on the current board size of 13, two is the maximum number of proxy access candidates that we would be required to include in our 2020 proxy materials for the 2020 annual meeting. The nominating shareholder or group of shareholders also must deliver the information required by our bylaws, and each nominee must meet the qualifications required by our bylaws.

Shareholder requests to nominate directors or to bring any other matter before our 2020 annual shareholders meeting, whether or not they wish to include their candidate or proposal in our proxy materials, must be received by our Secretary by the deadlines specified in the response to the preceding question.

Section 382 Rights Agreement, dated as of February 13, 2019, between CenturyLink, Inc., a Louisiana corporation (the Company), and Computershare Trust Company, N.A., as rights agent (the Rights Agent).

The Company has generated net operating loss carryovers and tax credit carryovers for United States federal income tax purposes (NOLs), which are expected to provide valuable tax benefits to the Company. The ability to use the NOLs may be impaired or destroyed by an ownership change within the meaning of Section 382 (as such term is hereinafter defined). The Company desires to avoid such an ownership change and thereby preserve the ability to use the NOLs without limitation.

The Board of Directors of the Company has authorized and declared a dividend of one preferred share purchase right (a Right) for each Common Share (as hereinafter defined) of the Company outstanding on February 25, 2019 (the Record Date), each Right representing the right to purchase one ten-thousandth of a Preferred Share (as hereinafter defined), upon the terms and subject to the conditions herein set forth, and has further authorized and directed the issuance of one Right with respect to each Common Share that shall become outstanding between the Record Date and the earliest of the Distribution Date, the Redemption Date, the Early Expiration Date and the Final Expiration Date (as such terms are hereinafter defined).

Accordingly, in consideration of the premises and the mutual agreements herein set forth, the parties hereby agree as follows:

Section 1. Definitions. For purposes of this Agreement, the following terms have the meanings indicated:

(a) Acquiring Person shall mean any Person (other than any Exempt Person) who or which, together with all Affiliates and Associates of such Person, shall be the Beneficial Owner of 4.9% or more of the Common Shares of the Company then outstanding, but shall not include the Company, any Subsidiary of the Company, any employee benefit plan of the Company or any Subsidiary of the Company, or any entity holding Common Shares for or pursuant to the terms of any such plan; provided, however, that, (i) any Person who or which would otherwise be an Acquiring Person as of the date of this Agreement will not be deemed to be an Acquiring Person for any purpose of this Agreement prior to or after the date of this Agreement unless and until such time as (A) such Person or any Affiliate or Associate of such Person thereafter becomes, individually or in the aggregate, by reason of a transaction or transactions after the date of this Agreement the Beneficial Owner of additional Common Shares representing one-half of one percent (0.5%) or more of the Common Shares outstanding at the time of such acquisition, other than (1) pursuant to any agreement or regular-way purchase order for Common Shares that is in effect on or prior to the date of this Agreement and consummated in accordance with its terms after the date of this Agreement, or (2) as a result of a stock dividend, rights dividend, stock split or similar transaction effected by the Company in which all holders of Common Shares are treated equally, or (B) any other Person who is the Beneficial Owner of Common Shares becomes an Affiliate or Associate of such Person after the date of this Agreement; provided, however, that the foregoing exclusion in this clause (i) shall cease to apply with respect to any Person at such time as such Person, together with all Affiliates and Associates of such Person, Beneficially Owns less than 4.9% of the then-outstanding Common Shares; (ii) a Person will not be deemed to have become an Acquiring Person solely as a result of a reduction in the number of Common Shares outstanding unless and until such time as (A) such Person or any Affiliate or Associate of such Person thereafter becomes the Beneficial Owner of any additional Common Shares, other than as a result of a stock dividend, stock split or similar transaction effected by the Company in which all holders of Common Shares are treated equally, or (B) any other Person who is the Beneficial Owner of Common Shares becomes an Affiliate or Associate of such Person after the date of this Agreement; and (iii) a Person will not be deemed to have become an Acquiring Person solely as a result of an Exempted Transaction, provided, however, that the foregoing exclusion in this clause (iii) shall cease to apply with respect to any Person at such time as such Person (or any Affiliates or Associates of such Person) acquires any additional Common Shares.

In addition, notwithstanding the foregoing, and notwithstanding anything to the contrary provided in this Agreement, a Person shall not be an Acquiring Person if the Independent Directors determine at any time prior to the Distribution Date that a Person who would otherwise be an Acquiring Person, has become such inadvertently or without intending to become an Acquiring Person, and such Person divests as promptly as practicable (or within such period of time as the Independent Directors determine is reasonable) a sufficient

number of Common Shares so that such Person would no longer be an Acquiring Person, as defined pursuant to the foregoing.

(b) Affiliate shall have the meaning ascribed to such term in Rule 12b-2 of the General Rules and Regulations under the Exchange Act, as in effect on the date of this Agreement and, to the extent not included within the foregoing, will also include, with respect to any Person, any other Person (other than an Exempt Person) whose Common Shares would be deemed constructively owned by such first Person pursuant to the provisions of Section 382; provided, however, that a Person will not be deemed to be the Affiliate or Associate of another Person solely because either or both Persons are or were directors or officers of the Company; provided, that with respect to STT, Affiliate shall have the meaning set forth in the Stockholder Rights Agreement.

(d) Associate shall have the meaning ascribed to such term in Rule 12b-2 of the General Rules and Regulations under the Exchange Act as in effect on the date of this Agreement.

(e) A Person shall be deemed the Beneficial Owner of and shall be deemed to beneficially own any securities:

(i) which such Person or any of such Person's Affiliates or Associates has the right to acquire (whether such right is exercisable immediately or only after the passage of time) pursuant to any agreement, arrangement or understanding (other than customary agreements with and between underwriters and selling group members with respect to a bona fide public offering of securities), or upon the exercise of conversion rights, exchange rights, rights (other than these Rights), warrants or options, or otherwise; provided, however, that a Person shall not be deemed the Beneficial Owner of, or to beneficially own, securities tendered pursuant to a tender or exchange offer made by or on behalf of such Person or any of such Person's Affiliates or Associates until such tendered securities are accepted for purchase or exchange; or

(ii) which such Person or any of such Person's Affiliates or Associates has the right to vote pursuant to any agreement, arrangement or understanding; provided, however, that a Person shall not be deemed the Beneficial Owner of, or to beneficially own, any security if the agreement, arrangement or understanding to vote such security (1) arises solely from a revocable proxy or consent given to such Person in response to a public proxy or consent solicitation made pursuant to, and in accordance with, the applicable rules and regulations promulgated under the Exchange Act and (2) is not also then reportable on Schedule 13D under the Exchange Act (or any comparable or successor report); or

(iii) which are beneficially owned, directly or indirectly, by any other Person with which such Person or any of such Person's Affiliates or Associates has any agreement, arrangement or understanding (other than customary agreements with and between underwriters and selling group members with respect to a bona fide public offering of securities) for the purpose of acquiring, holding, voting (except to the extent contemplated by the proviso to Section 1(e)(ii) hereof) or disposing of any securities of the Company; or

(iv) which such Person would be deemed to constructively own or which otherwise would be aggregated with shares owned by such Person pursuant to Section 382.

Notwithstanding anything in this definition of Beneficial Ownership to the contrary, the phrase then outstanding, when used with reference to a Person's Beneficial Ownership of securities of the Company, shall mean the number of such securities then issued and outstanding together with the number of such securities not then actually issued and outstanding which such Person would be deemed to beneficially own hereunder.

(e) Business Day shall mean any day other than a Saturday, a Sunday, or a day on which banking institutions in New York are authorized or obligated by law or executive order to close.

(f) Close of Business on any given date shall mean 5:00 P.M., New York time, on such date; provided, however, that, if such date is not a Business Day, it shall mean 5:00 P.M., New York time, on the next succeeding Business Day.

(g) Common Shares when used with reference to the Company shall mean the shares of common stock, par value \$1.00 per share, of the Company. Common Shares when used with reference to any Person other than

The Company may from time to time appoint such co-Rights Agents as it may deem necessary or desirable; provided that the Company shall notify the Rights Agent in writing ten (10) Business Days prior to such appointment. In the event the Company appoints one or more co-Rights Agents, the respective duties of the Rights Agent and any co-Rights Agents under the provisions of this Agreement shall be as the

Company reasonably determines, and the Company shall notify, in writing, the Rights Agent and any co-Rights Agents of such duties. The Rights Agent shall have no duty to supervise, and shall in no event be liable for, the acts or omissions of any such co-Rights Agents.

Section 3. Issue of Right Certificates. (a) Until the tenth Business Day after the Shares Acquisition Date (including any such Shares Acquisition Date which is after the date of this Agreement and prior to the issuance of the Rights) (or such later day, if any, as the Independent Directors determine in their discretion to be no longer than a 15 Business Day extension) (the Distribution Date), (i) the Rights will be evidenced (subject to the provisions of Section 3(b) hereof) by the certificates for Common Shares of the Company or book entry

Table of Contents

Common Shares of the Company registered in the names of the holders thereof (which certificates or book entry shares shall also be deemed to be Right Certificates) and not by separate Right Certificates, and (ii) the right to receive Right Certificates will be transferable only in connection with the transfer of Common Shares of the Company. As soon as practicable after the Distribution Date, the Company will prepare and execute, the Rights Agent will countersign, and the Company will send or cause to be sent (and the Rights Agent will, if requested to do so by the Company and provided with all necessary information and documentation, in form and substance reasonably satisfactory to the Rights Agent, send) by first-class, insured, postage-prepaid mail, to each record holder of Common Shares of the Company as of the Close of Business on the Distribution Date (other than any Acquiring Person or any Associate or Affiliate of any Acquiring Person), at the address of such holder shown on the records of the Company, a Right Certificate, in substantially the form of Exhibit B hereto (a Right Certificate), evidencing one Right for each Common Share so held (other than with respect to Rights that have become void pursuant to Section 11(a)(ii) hereof or that have been exchanged pursuant to Section 24 hereof). As of the Distribution Date, the Rights will be evidenced solely by such Right Certificates, and the Rights Certificates and the Rights shall be transferable separately from the transfer of Common Shares. The Company shall promptly notify the Rights Agent in writing upon the occurrence of the Distribution Date and, if such notification is given orally, the Company shall confirm the same in writing on or prior to the Business Day next following. Until such written notice is received by the Rights Agent, the Rights Agent may presume conclusively for all purposes that the Distribution Date has not occurred.

(b) On the Record Date, or as soon as practicable thereafter, the Company will send (directly or, at the expense of the Company, through the Rights Agent or its transfer agent if the Rights Agent or transfer agent is directed by the Company and provided with all necessary information and documents) a copy of a Summary of Rights to Purchase Preferred Shares, in substantially the form of Exhibit C hereto (the Summary of Rights), to each record holder of Common Shares as of the Close of Business on the Record Date (other than any Acquiring Person or any Associate or Affiliate of any Acquiring Person), at the address of such holder shown on the records of the Company or transfer agent or register for Common Shares. With respect to certificates for Common Shares (or book-entry Common Shares) outstanding as of the Record Date, until the Distribution Date, the Rights will be evidenced by such certificates registered in the names of the holders thereof together with a copy of the Summary of Rights attached thereto and not by separate Rights Certificates. With respect to book-entry Common Shares outstanding as of the Record Date, until the Distribution Date (or the earliest of the Redemption Date, the Early Expiration Date or the Final Expiration Date), the Rights shall be evidenced by the balances indicated in the book-entry account system of the transfer agent for the Common Shares together with the Summary of Rights. Until the Distribution Date (or the earliest of the Redemption Date, the Early Expiration Date or the Final Expiration Date), the surrender for transfer of any Common Shares outstanding on the Record Date (whether represented by certificates or evidenced by the balances indicated in the book-entry account system of the transfer agent for the Common Shares, and, in either case, regardless of whether a copy of the Summary of Rights is submitted with the surrender or request for transfer), shall also constitute the transfer of the Rights associated with the Common Shares of the Company represented thereby.

(c) Certificates for Common Shares (or confirmation or account statements sent to holders of Common Shares in book-entry form) which become outstanding (including, without limitation, reacquired Common Shares referred to in the last sentence of this paragraph (c)) after the Record Date but prior to the earliest of the Distribution Date, the Redemption Date, the Early Expiration Date or the Final Expiration Date shall bear the following legend:

This certificate also evidences and entitles the holder hereof to certain rights as set forth in an Agreement between CenturyLink, Inc. (the Company) and Computershare Trust Company, N.A., or any successor rights agent, dated as of February 13, 2019, as it may be amended from time to time (the Agreement), the terms of which are hereby incorporated herein by reference and a copy of which is on file at the principal executive offices of the Company. Under certain circumstances, as set forth in the Agreement, such Rights (as defined in the Agreement) will be evidenced by separate certificates and will no longer be evidenced by this certificate. The Company will mail to the

holder of this certificate a copy of the Agreement without charge after receipt of a written request therefor. As set forth in the Agreement, Rights beneficially owned by any Person (as defined in the Agreement) who becomes an Acquiring Person (as defined in the Agreement) become null and void.

Table of Contents

With respect to such certificates bearing the foregoing legend, until the earliest of the Distribution Date, the Redemption Date, the Early Expiration Date or the Final Expiration Date, the Rights associated with the Common Shares of the Company represented by such certificates shall be evidenced by such certificates alone, and the surrender for transfer of any such certificate shall also constitute the transfer of the Rights associated with the Common Shares of the Company represented thereby. In the event that the Company purchases or acquires any Common Shares of the Company after the Record Date but prior to the Distribution Date, any Rights associated with such Common Shares of the Company shall be deemed cancelled and retired so that the Company shall not be entitled to exercise any Rights associated with the Common Shares of the Company which are no longer outstanding.

With respect to Common Shares in book entry form for which there has been sent a confirmation or account statement containing the foregoing legend in substantially similar form, until the earliest of the Distribution Date, the Redemption Date, the Early Expiration Date or the Final Expiration Date, the Rights associated with the Common Shares shall be evidenced by such Common Shares alone and registered holders of Common Shares shall also be the registered holders of the associated Rights, and the transfer of any such Common Shares shall also constitute the transfer of the Rights associated with such Common Shares.

Notwithstanding this paragraph (c), the omission of the legend or the failure to send, deliver or provide the registered owner of Common Shares a copy of the Summary of Rights shall not affect the enforceability of any part of this Agreement or the rights of any holder of the Rights.

Section 4. Form of Right Certificates. The Right Certificates (and the forms of election to purchase Preferred Shares and of assignment to be printed on the reverse thereof) shall be substantially the same as Exhibit B hereto, and may have such changes or marks of identification or designation and such legends, summaries or endorsements printed thereon as the Company may deem appropriate (but which do not affect the rights, duties, liabilities, protections or responsibilities of the Rights Agent hereunder) and as are not inconsistent with the provisions of this Agreement, or as may be required to comply with any applicable law or with any applicable rule or regulation made pursuant thereto or with any applicable rule or regulation of any stock exchange or the Financial Industry Regulatory Authority, or to conform to usage. Subject to the provisions of Section 22 hereof, the Right Certificates shall entitle the holders thereof to purchase such number of one ten-thousandths of a Preferred Share as shall be set forth therein at the price per one ten-thousandth of a Preferred Share set forth therein (the Purchase Price), but the number of such one ten-thousandths of a Preferred Share and the Purchase Price shall be subject to adjustment as provided herein.

Section 5. Countersignature and Registration. The Right Certificates shall be executed on behalf of the Company by its Chief Executive Officer, Chief Financial Officer, President, General Counsel, Corporate Secretary, any of its Senior Vice Presidents or its Treasurer, either manually or by facsimile or other electronic signature (e.g., PDF), shall have affixed thereto the Company's seal or a copy by facsimile or electronic means, if necessary, and shall be attested by the Secretary or an Assistant Secretary of the Company, either manually or by facsimile or other electronic signature. The Right Certificates shall be countersigned manually or by facsimile or other electronic means (e.g., PDF) by an authorized signatory of the Rights Agent and shall not be valid for any purpose unless countersigned. In case any officer of the Company who shall have signed any of the Right Certificates shall cease to be such officer of the Company before countersignature by the Rights Agent and issuance and delivery by the Company, such Right Certificates, nevertheless, may be countersigned by the Rights Agent and issued and delivered by the Company with the same force and effect as though the individual who signed such Right Certificates had not ceased to be such officer of the Company; and any Right Certificate may be signed on behalf of the Company by any individual who, at the actual date of the execution of such Right Certificate, shall be a proper officer of the Company to sign such Right Certificate, although at the date of the execution of this Agreement any such individual was not such an officer.

Following the Distribution Date, upon receipt by the Rights Agent of notice to that effect and all other relevant information and documents referred to in Section 3(a), the Rights Agent will keep or cause to be kept, at its office(s) designated for such purpose, books for registration and transfer of the Right Certificates issued hereunder. Such books shall show the names and addresses of the respective holders of the Right Certificates,

the number of Rights evidenced on its face by each of the Right Certificates and the date of each of the Right Certificates.

Section 6. Transfer, Split Up, Combination and Exchange of Right Certificates; Mutilated, Destroyed, Lost or Stolen Right Certificates. Subject to the provisions of Section 14 hereof, at any time after the Close of Business on the Distribution Date, and at or prior to the Close of Business on the earliest of the Redemption Date, the Early Expiration Date or the Final Expiration Date, any Right Certificate or Right Certificates (other than Right Certificates representing Rights that have become void pursuant to Section 11(a)(ii) hereof, that have been redeemed pursuant to Section 23, or that have been exchanged pursuant to Section 24 hereof) may be transferred, split up, combined or exchanged for another Right Certificate or Right Certificates entitling the registered holder to purchase a like number of one ten-thousandths of a Preferred Share as the Right Certificate or Right Certificates surrendered then entitled such holder to purchase. Any registered holder desiring to transfer, split up, combine or exchange any Right Certificate or Right Certificates shall make such request in writing delivered to the Rights Agent, and shall surrender, together with any required form of assignment duly executed and properly completed, the Right Certificate or Right Certificates to be transferred, split up, combined or exchanged at the office(s) of the Rights Agent designated for such purpose, along with a signature guarantee (if required) and such other and further documentation as the Company or the Rights Agent may reasonably request.. The Rights Certificates are transferable only on the books and records of the Rights Agent. Neither the Rights Agent nor the Company shall be obligated to take any action whatsoever with respect to the transfer of any such surrendered Right Certificate until the registered holder has properly completed and duly executed the certificate set forth in the form of assignment on the reverse side of such Rights Certificate and has provided such additional evidence of the identity of the Beneficial Owner (or former Beneficial Owner) of the Rights represented by such Rights Certificate as the Company or the Rights Agent may reasonably request. Thereupon the Rights Agent shall countersign and deliver to the Person entitled thereto a Right Certificate or Right Certificates, as the case may be, as so requested. The Company or the Rights Agent may require payment by the holder of the Rights of a sum sufficient to cover any tax or governmental charge that may be imposed in connection with any transfer, split up, combination or exchange of Right Certificates. If and to the extent the Company does require payment of any such taxes or governmental charges, the Company shall give the Rights Agent prompt written notice thereof and the Rights Agent shall not deliver any Rights Certificate unless and until it is satisfied that all such payments have been made, and the Rights Agent shall forward any such sum collected by it to the Company or to such Persons as the Company specifies by written notice. The Rights Agent shall have no duty or obligation to take any action under any Section of this Agreement which requires the payment of applicable taxes and/or governmental charges unless and until it is satisfied that all such taxes and/or governmental charges have been paid.

Upon receipt by the Company and the Rights Agent of evidence reasonably satisfactory to them of the loss, theft, destruction or mutilation of a Right Certificate, and, in case of loss, theft or destruction, of indemnity or security reasonably satisfactory to them, along with such other and further documentation as the Company or the Rights Agent may reasonably request and, at the Company's request, reimbursement to the Company and the Rights Agent of all reasonable expenses incidental thereto, and upon surrender to the Rights Agent and cancellation of the Right Certificate if mutilated, the Company will execute and deliver a new Right Certificate of like tenor to the Rights Agent for countersignature and delivery to the registered holder in lieu of the Right Certificate so lost, stolen, destroyed or mutilated.

Notwithstanding any other provision hereof, the Company and the Rights Agent may amend this Agreement to provide for uncertificated Rights in addition to or in lieu of Rights evidenced by Right Certificates, to the extent permitted by applicable law.

Section 7. Exercise of Rights; Purchase Price; Expiration Date of Rights. (a) The registered holder of any Right Certificate may exercise the Rights evidenced thereby (except as otherwise provided herein), in whole or in part, at

any time after the Distribution Date, upon surrender of the Right Certificate, with the form of election to purchase and the certificate on the reverse side thereof properly completed and duly executed (with such signature duly guaranteed, if required), to the Rights Agent at the office or offices of the Rights Agent designated for such purpose, together with payment of the Purchase Price for each one ten-thousandth of a Preferred Share as to which the Rights are exercised, at or prior to the earliest of (i) December 1, 2020 (the Final

Expiration Date), (ii) the time at which the Rights are redeemed as provided in Section 23 hereof (the Redemption Date), (iii) the time at which such Rights are exchanged as provided in Section 24 hereof, (iv) the time at which the Independent Directors determine that the NOLs are utilized in all material respects or that an ownership change under Section 382 would not adversely impact in any material respect the time period in which the Company could use the NOLs, or materially impair the amount of the NOLs that could be used by the Company in any particular time period, for applicable tax purposes, (v) the first anniversary of the execution of this Agreement if Stockholder Approval has not been obtained prior to such date, (vi) a determination by the Independent Directors, prior to the Distribution Date, that this Agreement and the Rights are no longer in the best interests of the Company and its stockholders (the earliest of the dates set forth in clauses (iv), (v) and (vi) the Early Expiration Date).

(b) The Purchase Price for each one ten-thousandth of a Preferred Share purchasable pursuant to the exercise of a Right shall initially be \$28, and shall be subject to adjustment from time to time as provided in Section 11 hereof, and shall be payable in lawful money of the United States of America in accordance with paragraph (c) below.

(c) Upon receipt of a Right Certificate representing exercisable Rights, with the form of election to purchase properly completed and duly executed, accompanied by payment of the Purchase Price for the shares to be purchased and an amount equal to any applicable transfer tax required to be paid by the holder of such Right Certificate in accordance with Section 9 hereof by certified check, cashier's check or money order payable to the order of the Company, the Rights Agent shall thereupon promptly (i) (A) requisition from any transfer agent of the Preferred Shares certificates for the number of Preferred Shares to be purchased and the Company hereby irrevocably authorizes any such transfer agent to comply with all such requests, or (B) requisition from the depositary agent depositary receipts representing such number of one ten-thousandths of a Preferred Share as are to be purchased (in which case certificates for the Preferred Shares represented by such receipts shall be deposited by the transfer agent of the Preferred Shares with such depositary agent) and the Company shall direct such depositary agent to comply with such request; (ii) when necessary to comply with this Rights Agreement, requisition from the Company the amount of cash to be paid in lieu of issuance of fractional shares in accordance with Section 14 hereof; (iii) promptly after receipt of such certificates or depositary receipts, cause the same to be delivered to or upon the order of the registered holder of such Right Certificate, registered in such name or names as may be designated by such holder; and (iv) when necessary to comply with this Rights Agreement, after receipt, promptly deliver such cash to or upon the order of the registered holder of such Right Certificate.

(d) In case the registered holder of any Right Certificate shall properly exercise less than all the Rights evidenced thereby, a new Right Certificate evidencing Rights equivalent to the Rights remaining unexercised shall be issued by the Rights Agent to registered holder of such Right Certificate or to such holder's duly authorized assigns, subject to the provisions of Section 14 hereof.

(e) Notwithstanding anything in this Agreement or any Right Certificate to the contrary, neither the Rights Agent nor the Company shall be obligated to take any action with respect to a registered holder upon the occurrence of any purported transfer or exercise as set forth in this Section 7 by such registered holder unless such registered holder has (i) properly completed and duly executed the certificate following the form of election to purchase set forth on the reverse side of the Right Certificate surrendered for such exercise, and (ii) provided such additional evidence of the identity of the Beneficial Owner (or former Beneficial Owner) of the Rights represented by such Rights Certificate as the Company or the Rights Agent reasonably requests.

(g) Except for those provisions herein that expressly survive the termination of this Agreement, this Agreement shall terminate upon the earlier of the Redemption Date, Early Expiration Date or Final Expiration Date and such time as all outstanding Rights have been exercised, redeemed or exchanged hereunder.

Section 8. Cancellation and Destruction of Right Certificates. All Right Certificates surrendered for the purpose of exercise, transfer, split up, combination or exchange shall, if surrendered to the Company or to any of its agents, be delivered to the Rights Agent for cancellation or in cancelled form, or, if surrendered to the Rights Agent, shall be cancelled by it, and no Right Certificates shall be issued in lieu thereof except as expressly

permitted by any of the provisions of this Agreement. The Company shall deliver to the Rights Agent for cancellation and retirement, and the Rights Agent shall so cancel and retire, any other Right Certificate purchased or acquired by the Company otherwise than upon the exercise thereof. Subject to applicable law and regulation, the Rights Agent shall maintain in a retrievable database electronic records of all cancelled or destroyed stock certificates which have been canceled or destroyed by the Rights Agent. The Rights Agent shall deliver all cancelled Rights Certificates to the Company, or shall, at the written request of the Company, destroy or cause to be destroyed such cancelled Rights Certificates, and in such case shall deliver a certificate of destruction thereof to the Company.

Section 9. Availability of Preferred Shares. The Company covenants and agrees that it will cause to be reserved and kept available out of its authorized and unissued Preferred Shares or any Preferred Shares held in its treasury the number of Preferred Shares that will be sufficient to permit the exercise in full of all outstanding Rights in accordance with Section 7 hereof. The Company covenants and agrees that it will take all such action as may be necessary to ensure that all Preferred Shares delivered upon exercise of Rights shall, at the time of delivery of the certificates for such Preferred Shares (subject to payment of the Purchase Price), be duly and validly authorized and issued and fully paid and nonassessable shares.

The Company further covenants and agrees that it will pay when due and payable any and all federal and state transfer taxes and charges which may be payable in respect of the issuance or delivery of the Right Certificates or of any Preferred Shares upon the exercise of Rights. The Company shall not, however, be required to pay any transfer tax which may be payable in respect of any transfer or delivery of Right Certificates to a Person other than, or the issuance or delivery of certificates or depositary receipts for the Preferred Shares in a name other than that of, the registered holder of the Right Certificate evidencing Rights surrendered for exercise or to issue or to deliver any certificates or depositary receipts for Preferred Shares upon the exercise of any Rights until any such tax shall have been paid (any such tax being payable by the holder of such Right Certificate at the time of surrender) or until it has been established to the Company's reasonable satisfaction that no such tax is due.

Section 10. Preferred Shares Record Date. Each Person in whose name any certificate for Preferred Shares is issued upon the exercise of Rights shall for all purposes be deemed to have become the holder of record of the Preferred Shares represented thereby on, and such certificate shall be dated, the date upon which the Right Certificate evidencing such Rights was duly surrendered and payment of the Purchase Price (and any applicable transfer taxes) was made; provided, however, that, if the date of such surrender and payment is a date upon which the Preferred Shares transfer books of the Company are closed, such Person shall be deemed to have become the record holder of such shares on, and such certificate shall be dated, the next succeeding Business Day on which the Preferred Shares transfer books of the Company are open. Prior to the exercise of the Rights evidenced thereby, the holder of a Right Certificate shall not be entitled to any rights of a holder of Preferred Shares for which the Rights shall be exercisable, including, without limitation, the right to vote, to receive dividends or other distributions or to exercise any preemptive rights, and shall not be entitled to receive any notice of any proceedings of the Company, except as provided herein.

Section 11. Adjustment of Purchase Price, Number of Shares or Number of Rights. The Purchase Price, the number of Preferred Shares covered by each Right and the number of Rights outstanding are subject to adjustment from time to time as provided in this Section 11.

(a) (i) In the event the Company shall at any time after the date of this Agreement (A) declare a dividend on the Preferred Shares payable in Preferred Shares, (B) subdivide the outstanding Preferred Shares, (C) combine the outstanding Preferred Shares into a smaller number of Preferred Shares or (D) issue any shares of its capital stock in a reclassification of the Preferred Shares (including any such reclassification in connection with a consolidation or merger in which the Company is the continuing or surviving corporation), except as otherwise provided in this

Section 11(a), the Purchase Price in effect at the time of the record date for such dividend or of the effective date of such subdivision, combination or reclassification, and the number and kind of shares of capital stock issuable on such date, shall be proportionately adjusted so that the holder of any Right exercised after such time shall be entitled to receive the aggregate number and kind of shares of capital stock which, if such Right had been exercised immediately prior to such date and at a time when the Preferred Shares transfer

books of the Company were open, such holder would have owned upon such exercise and been entitled to receive by virtue of such dividend, subdivision, combination or reclassification; provided, however, that in no event shall the consideration to be paid upon the exercise of one Right be less than the aggregate par value of the shares of capital stock of the Company issuable upon exercise of one Right.

(ii) Subject to Section 24 hereof, in the event any Person becomes an Acquiring Person after the date of this agreement (including becoming such prior to the Record Date), each holder of a Right (other than an Acquiring Person or an Affiliate or Associate of an Acquiring Person) shall thereafter have a right to receive, upon exercise thereof at a price equal to the then current Purchase Price multiplied by the number of one ten-thousandths of a Preferred Share for which a Right is then exercisable, in accordance with the terms of this Agreement and in lieu of Preferred Shares, such number of Common Shares of the Company as shall equal the result obtained by (A) multiplying the then current Purchase Price by the number of one ten-thousandths of a Preferred Share for which a Right is then exercisable and dividing that product by (B) 50% of the then current per share market price of the Common Shares of the Company (determined pursuant to Section 11(d) hereof) on the date of the occurrence of such event. In the event that any Person shall become an Acquiring Person and the Rights shall then be outstanding, the Company shall not take any action which would eliminate or diminish the benefits intended to be afforded by the Rights.

From and after the occurrence of such event, any Rights that are or were acquired or beneficially owned by any Acquiring Person (or any Associate or Affiliate of such Acquiring Person) shall be void, and any holder of such Rights shall thereafter have no right to exercise such Rights under any provision of this Agreement. No Right Certificate shall be issued pursuant to Section 3 hereof that represents Rights beneficially owned by an Acquiring Person whose Rights would be void pursuant to the preceding sentence or any Associate or Affiliate thereof; no Right Certificate shall be issued at any time upon the transfer of any Rights to an Acquiring Person whose Rights would be void pursuant to the preceding sentence or any Associate or Affiliate thereof or to any nominee of such Acquiring Person, Associate or Affiliate; and any Right Certificate delivered to the Rights Agent for transfer to an Acquiring Person whose Rights would be void pursuant to the preceding sentence shall be cancelled.

(iii) In the event that there shall not be sufficient Common Shares issued but not outstanding or authorized but unissued to permit the exercise in full of the Rights in accordance with subparagraph (ii) above, the Company shall take all such action as may be necessary to authorize additional Common Shares for issuance upon exercise of the Rights. In the event the Company shall, after good faith effort, be unable to take all such action as may be necessary to authorize such additional Common Shares, the Company shall, to the extent permitted by applicable law and any agreements or instruments then in effect to which the Company is a party, (A) determine the excess of (1) the value of the Common Shares issuable upon the exercise of a Right (the Current Value) over (2) the Purchase Price (such excess being the Spread), and (B) with respect to each Right, make adequate provision to substitute, for each Common Share that would otherwise be issuable upon exercise of a Right, upon exercise of a Right and payment of the applicable Purchase Price, (1) cash; (2) Preferred Shares or fractions of Preferred Shares or other equity securities of the Company (including, without limitation, shares, or units of shares, of Preferred Shares which the Board has determined to have the same value as the Common Shares) (such shares of equity securities being herein called Common Share Equivalents); (3) debt securities of the Company; (4) other assets; or (5) any combination of the foregoing, in each case having an aggregate value equal to the Current Value, as determined by the Board based upon the advice of a financial advisor selected by the Board.

(b) In case the Company shall fix a record date for the issuance of rights, options or warrants to all holders of Preferred Shares entitling them (for a period expiring within 45 calendar days after such record date) to subscribe for or purchase Preferred Shares (or shares having the same rights, privileges and preferences as the Preferred Shares (equivalent preferred shares)) or securities convertible into Preferred Shares or equivalent preferred shares at a price per Preferred Share or equivalent preferred share (or having a conversion price per share, if a security convertible into

Preferred Shares or equivalent preferred shares) less than the then current per share market price of the Preferred Shares (as defined in Section 11(d)) on such record date, the Purchase Price to be in effect after such record date shall be determined by multiplying the Purchase Price in effect immediately prior to such record date by a fraction, the numerator of which shall be the number of Preferred

Shares outstanding on such record date plus the number of Preferred Shares which the aggregate offering price of the total number of Preferred Shares and/or equivalent preferred shares so to be offered (and/or the aggregate initial conversion price of the convertible securities so to be offered) would purchase at such current market price and the denominator of which shall be the number of Preferred Shares outstanding on such record date plus the number of additional Preferred Shares and/or equivalent preferred shares to be offered for subscription or purchase (or into which the convertible securities so to be offered are initially convertible); provided, however, that in no event shall the consideration to be paid upon the exercise of one Right be less than the aggregate par value of the shares of capital stock of the Company issuable upon exercise of one Right. In case such subscription price may be paid in a consideration part or all of which shall be in a form other than cash, the value of such consideration shall be as determined in good faith by the Board of Directors of the Company, whose determination shall be described in a statement filed with the Rights Agent and shall be binding and conclusive for all purposes on the Rights Agent and holders of the Rights. Preferred Shares owned by or held for the account of the Company shall not be deemed outstanding for the purpose of any such computation. Such adjustment shall be made successively whenever such a record date is fixed; and, in the event that such rights, options or warrants are not so issued, the Purchase Price shall be adjusted to be the Purchase Price which would then be in effect if such record date had not been fixed.

(c) In case the Company shall fix a record date for the making of a distribution to all holders of the Preferred Shares (including any such distribution made in connection with a consolidation or merger in which the Company is the continuing or surviving corporation) of evidences of indebtedness or assets (other than a regular quarterly cash dividend or a dividend payable in Preferred Shares) or subscription rights or warrants (excluding those referred to in Section 11(b) hereof), the Purchase Price to be in effect after such record date shall be determined by multiplying the Purchase Price in effect immediately prior to such record date by a fraction, the numerator of which shall be the then-current per share market price of the Preferred Shares on such record date, less the fair market value (as determined in good faith by the Board of Directors of the Company, whose determination shall be described in a statement filed with the Rights Agent and shall be binding on the Rights Agent and holders of the Rights) of the portion of the assets or evidences of indebtedness so to be distributed or of such subscription rights or warrants applicable to one Preferred Share and the denominator of which shall be such then-current per share market price of the Preferred Shares on such record date; provided, however, that in no event shall the consideration to be paid upon the exercise of one Right be less than the aggregate par value of the shares of capital stock of the Company to be issued upon exercise of one Right. Such adjustments shall be made successively whenever such a record date is fixed; and, in the event that such distribution is not so made, the Purchase Price shall again be adjusted to be the Purchase Price which would then be in effect if such record date had not been fixed.

(d) (i) For the purpose of any computation hereunder, the current per share market price of any security (a Security for the purpose of this Section 11(d)(i)) on any date shall be deemed to be the average of the daily closing prices per share of such Security for the 30 consecutive Trading Days immediately prior to such date; provided, however, that, in the event that the current per share market price of the Security is determined during a period following the announcement by the issuer of such Security of (A) a dividend or distribution on such Security payable in shares of such Security or Securities convertible into such shares, or (B) any subdivision, combination or reclassification of such Security and prior to the expiration of 30 Trading Days after the ex-dividend date for such dividend or distribution, or the record date for such subdivision, combination or reclassification, then, and in each such case, the current per share market price shall be appropriately adjusted to reflect the current market price per share equivalent of such Security. The closing price for each day shall be the last sale price, regular way, reported at or prior to 4:00 P.M. Eastern time or, in case no such sale takes place on such day, the average of the bid and asked prices, regular way, reported as of 4:00 P.M. Eastern time, in either case, as reported on the national securities exchange with respect to securities listed or admitted to trading on the NYSE or NASDAQ or, if the Security is not listed or admitted to trading on any national securities exchange, the last quoted price reported at or prior to 4:00 P.M. Eastern time or, if not so quoted, the average of the high bid and low asked prices in the over-the-counter market, as reported as of 4:00 P.M. Eastern time

by the OTC Bulletin Board or such other system then in use, or, if on any such date the Security is not quoted by any such organization, the average of the closing bid and asked prices as furnished by a professional market maker making a market in the Security selected by the Board of Directors of the Company. The term Trading

Table of Contents

Day shall mean a day on which the principal national securities exchange on which the Security is listed or admitted to trading is open for the transaction of business, or, if the Security is not listed or admitted to trading on any national securities exchange, a Business Day.

(ii) For the purpose of any computation hereunder, the current per share market price of the Preferred Shares shall be determined in accordance with the method set forth in Section 11(d)(i). If the Preferred Shares are not publicly traded, the current per share market price of the Preferred Shares shall be conclusively deemed to be the current per share market price of the Common Shares as determined pursuant to Section 11(d)(i) hereof (appropriately adjusted to reflect any stock split, stock dividend or similar transaction occurring after the date hereof), multiplied by one hundred. If neither the Common Shares nor the Preferred Shares are publicly held or so listed or traded, current per share market price shall mean the fair value per share as determined in good faith by the Board of Directors of the Company, whose determination shall be described in a statement filed with the Rights Agent.

(e) No adjustment in the Purchase Price shall be required unless such adjustment would require an increase or decrease of at least 1% in the Purchase Price; provided, however, that any adjustments which by reason of this Section 11(e) are not required to be made shall be carried forward and taken into account in any subsequent adjustment. All calculations under this Section 11 shall be made to the nearest cent or to the nearest one one-millionth of a Preferred Share or one ten-thousandth of any other share or security as the case may be. Notwithstanding the first sentence of this Section 11(e), any adjustment required by this Section 11 shall be made no later than the earlier of (i) three years from the date of the transaction which requires such adjustment or (ii) the date of the expiration of the right to exercise any Rights.

(f) If, as a result of an adjustment made pursuant to Section 11(a) hereof, the holder of any Right thereafter exercised shall become entitled to receive any shares of capital stock of the Company other than Preferred Shares, thereafter the number of such other shares so receivable upon exercise of any Right shall be subject to adjustment from time to time in a manner and on terms as nearly equivalent as practicable to the provisions with respect to the Preferred Shares contained in Section 11(a) through (c) hereof, inclusive, and the provisions of Sections 7, 9 and 10 hereof with respect to the Preferred Shares shall apply on like terms to any such other shares.

(g) All Rights originally issued by the Company subsequent to any adjustment made to the Purchase Price hereunder shall evidence the right to purchase, at the adjusted Purchase Price, the number of one ten-thousandths of a Preferred Share purchasable from time to time hereunder upon exercise of the Rights, all subject to further adjustment as provided herein.

(h) Unless the Company shall have exercised its election as provided in Section 11(i) hereof, upon each adjustment of the Purchase Price as a result of the calculations made in Sections 11(b) and (c) hereof, each Right outstanding immediately prior to the making of such adjustment shall thereafter evidence the right to purchase, at the adjusted Purchase Price, that number of one ten-thousandths of a Preferred Share (calculated to the nearest one one-millionth of a Preferred Share) obtained by (A) multiplying (x) the number of one ten-thousandths of a share covered by a Right immediately prior to this adjustment by (y) the Purchase Price in effect immediately prior to such adjustment of the Purchase Price and (B) dividing the product so obtained by the Purchase Price in effect immediately after such adjustment of the Purchase Price.

(i) The Company may elect, on or after the date of any adjustment of the Purchase Price, to adjust the number of Rights in substitution for any adjustment in the number of one ten-thousandths of a Preferred Share purchasable upon the exercise of a Right. Each of the Rights outstanding after such adjustment of the number of Rights shall be exercisable for the number of one ten-thousandths of a Preferred Share for which a Right was exercisable immediately prior to such adjustment. Each Right held of record prior to such adjustment of the number of Rights shall become that

number of Rights (calculated to the nearest one ten-thousandth) obtained by dividing the Purchase Price in effect immediately prior to adjustment of the Purchase Price by the Purchase Price in effect immediately after adjustment of the Purchase Price. The Company shall make a public announcement (with simultaneous written notice to the Rights Agent) of its election to adjust the number of Rights, indicating the record date for the adjustment, and, if known at the time, the amount of the adjustment to

Table of Contents

be made. This record date may be the date on which the Purchase Price is adjusted or any day thereafter, but, if the Right Certificates have been issued, shall be at least 10 days later than the date of the public announcement. If Right Certificates have been issued, upon each adjustment of the number of Rights pursuant to this Section 11(i), the Company shall, as promptly as practicable, cause to be distributed to holders of record of Right Certificates on such record date Right Certificates evidencing, subject to Section 14 hereof, the additional Rights to which such holders shall be entitled as a result of such adjustment, or, at the option of the Company, shall cause to be distributed to such holders of record in substitution and replacement for the Right Certificates held by such holders prior to the date of adjustment, and upon surrender thereof, if required by the Company, new Right Certificates evidencing all the Rights to which such holders shall be entitled after such adjustment. Right Certificates so to be distributed shall be issued, executed and countersigned in the manner provided for herein, and shall be registered in the names of the holders of record of Right Certificates on the record date specified in the public announcement.

(j) Irrespective of any adjustment or change in the Purchase Price or in the number of one ten-thousandths of a Preferred Share issuable upon the exercise of the Rights, the Right Certificates theretofore and thereafter issued may continue to express the Purchase Price and the number of one ten-thousandths of a Preferred Share which were expressed in the initial Right Certificates issued hereunder.

(k) Before taking any action that would cause an adjustment reducing the Purchase Price below one ten-thousandth of the then par value, if any, of the Preferred Shares issuable upon exercise of the Rights, the Company shall take any corporate action which may, in the opinion of its counsel, be necessary in order that the Company may validly and legally issue fully paid and nonassessable Preferred Shares at such adjusted Purchase Price.

(l) In any case in which this Section 11 shall require that an adjustment in the Purchase Price be made effective as of a record date for a specified event, the Company may elect to defer (with prompt written notice thereof to the Rights Agent; and until such written notice is received by the Rights Agent, the Rights Agent may presume conclusively that no such election has occurred) until the occurrence of such event the issuing to the holder of any Right exercised after such record date of the Preferred Shares and other capital stock or securities of the Company, if any, issuable upon such exercise over and above the Preferred Shares and other capital stock or securities of the Company, if any, issuable upon such exercise on the basis of the Purchase Price in effect prior to such adjustment; provided, however, that the Company shall deliver to such holder a due bill or other appropriate instrument evidencing such holder's right to receive such additional shares upon the occurrence of the event requiring such adjustment.

(m) Anything in this Section 11 to the contrary notwithstanding, the Company shall be entitled to make such reductions in the Purchase Price, in addition to those adjustments expressly required by this Section 11, as and to the extent that it, in its sole discretion, shall determine to be advisable in order that any consolidation or subdivision of the Preferred Shares, issuance wholly for cash of any Preferred Shares at less than the current market price, issuance wholly for cash of Preferred Shares or securities which by their terms are convertible into or exchangeable for Preferred Shares, dividends on Preferred Shares payable in Preferred Shares or issuance of rights, options or warrants referred to in Section 11(b) hereof, hereafter made by the Company to holders of the Preferred Shares shall not be taxable to such stockholders.

(n) In the event that, at any time after the date of this Agreement and prior to the Distribution Date, the Company shall (i) declare or pay any dividend on the Common Shares payable in Common Shares, or (ii) effect a subdivision, combination or consolidation of the Common Shares (by reclassification or otherwise than by payment of dividends in Common Shares) into a greater or lesser number of Common Shares, then, in any such case, (A) the number of one ten-thousandths of a Preferred Share purchasable after such event upon proper exercise of each Right shall be determined by multiplying the number of one ten-thousandths of a Preferred Share so purchasable immediately prior to such event by a fraction, the numerator of which is the number of Common Shares outstanding immediately before

such event and the denominator of which is the number of Common Shares outstanding immediately after such event, and (B) each Common Share outstanding immediately after such event shall have issued with respect to it that number of Rights which each Common Share outstanding immediately prior to such event had issued with respect to it. The adjustments provided for in

Table of Contents

this Section 11(n) shall be made successively whenever such a dividend is declared or paid or such a subdivision, combination or consolidation is effected.

Section 12. Certificate of Adjusted Purchase Price or Number of Shares. Whenever an adjustment is made as provided in Section 11 hereof, the Company shall promptly (a) prepare a certificate setting forth such adjustment and a brief statement of the facts accounting for such adjustment, (b) file with the Rights Agent and with each transfer agent for the Common Shares or the Preferred Shares and the Securities and Exchange Commission a copy of such certificate and (c) if such adjustment occurs at any time after the Distribution Date, mail a brief summary thereof to each holder of a Right Certificate in accordance with Section 25 hereof. The Rights Agent is protected in relying on any such certificate and on any adjustments or statements therein contained and shall not be deemed to have knowledge of any such adjustment or event unless and until it shall have received such certificate.

Section 13. Reserved.

Section 14. Fractional Rights and Fractional Shares. (a) The Company shall not be required to issue fractions of Rights or to distribute Right Certificates which evidence fractional Rights. In lieu of such fractional Rights, there shall be paid to the registered holders of the Right Certificates with regard to which such fractional Rights would otherwise be issuable, an amount in cash equal to the same fraction of the current market value of a whole Right. For the purposes of this Section 14(a), the current market value of a whole Right shall be the closing price of the Rights for the Trading Day immediately prior to the date on which such fractional Rights would have been otherwise issuable. The closing price for any day shall be the last sale price, regular way, or, in case no such sale takes place on such day, the average of the closing bid and asked prices, regular way, in either case, as reported on the national securities exchange with respect to securities listed or admitted to trading on the NYSE or NASDAQ or, if the Rights are not listed or admitted to trading on any national securities exchange, the last quoted price or, if not so quoted, the average of the high bid and low asked prices in the over-the-counter market, as reported by the OTC Bulletin Board or such other system then in use or, if on any such date the Rights are not quoted by any such organization, the average of the closing bid and asked prices as furnished by a professional market maker making a market in the Rights selected by the Board of Directors of the Company. If on any such date no such market maker is making a market in the Rights, the fair value of the Rights on such date as determined in good faith by the Board of Directors of the Company shall be used.

(b) The Company shall not be required to issue fractions of Preferred Shares (other than fractions which are integral multiples of one ten-thousandth of a Preferred Share) upon exercise of the Rights or to distribute certificates which evidence fractional Preferred Shares (other than fractions which are integral multiples of one ten-thousandth of a Preferred Share). Fractions of Preferred Shares in integral multiples of one ten-thousandth of a Preferred Share may, at the election of the Company, be evidenced by depositary receipts, pursuant to an appropriate agreement between the Company and a depositary selected by it; provided that such agreement shall provide that the holders of such depositary receipts shall have all the rights, privileges and preferences to which they are entitled as beneficial owners of the Preferred Shares represented by such depositary receipts. In lieu of fractional Preferred Shares that are not integral multiples of one ten-thousandth of a Preferred Share, the Company shall pay to the registered holders of Right Certificates at the time such Rights are exercised as herein provided an amount in cash equal to the same fraction of the current market value of one Preferred Share. For the purposes of this Section 14(b), the current market value of a Preferred Share shall be the closing price of a Preferred Share (as determined pursuant to the second sentence of Section 11(d)(i) hereof) for the Trading Day immediately prior to the date of such exercise.

(c) Following the occurrence of one of the events specified in Section 11 hereof giving rise to the right to receive Common Shares or other securities upon the exercise of a Right, the Company will not be required to issue fractions of Common Shares or other securities upon exercise of the Rights or to distribute certificates which evidence

fractional Common Shares or other securities. In lieu of fractional Common Shares or other securities, the Company may pay to the registered holders of Rights Certificates at the time such Rights are exercised as herein provided an amount in cash equal to the same fraction of the current market value of one share of a Common Share or other securities. For purposes of this Section 14(c), the current market value of one share of

Table of Contents

a Common Shares is the Closing Price of one share of a Common Share for the Trading Day immediately prior to the date of such exercise.

(d) The holder of a Right, by the acceptance of the Right, expressly waives such holder's right to receive any fractional Rights or any fractional shares upon exercise of a Right (except as provided above).

(e) Whenever a payment for fractional Rights or fractional shares is to be made by the Rights Agent under this Agreement, the Company shall (i) promptly prepare and deliver to the Rights Agent a certificate setting forth in reasonable detail the facts related to such payments and the prices and formulas utilized in calculating such payments; and (ii) provide sufficient monies to the Rights Agent in the form of fully collected funds to make such payments. The Rights Agent shall be fully protected in relying upon such a certificate and has no duty with respect to, and will not be deemed to have knowledge of, any payment for fractional Rights or fractional shares under any Section of this Agreement relating to the payment of fractional Rights or fractional shares unless and until the Rights Agent has received such a certificate and sufficient monies.

Section 15. Rights of Action. All rights of action in respect of this Agreement, excepting the rights of action given to the Rights Agent hereunder, are vested in the respective registered holders of the Right Certificates (and, prior to the Distribution Date, the registered holders of the Common Shares); and any registered holder of any Right Certificate (or, prior to the Distribution Date, of the Common Shares), without the consent of the Rights Agent or of the holder of any other Right Certificate (or, prior to the Distribution Date, of the Common Shares), may, in such holder's own behalf and for such holder's own benefit, enforce, and may institute and maintain any suit, action or proceeding against the Company to enforce, or otherwise act in respect of, such holder's right to exercise the Rights evidenced by such Right Certificate in the manner provided in such Right Certificate and in this Agreement. Without limiting the foregoing or any remedies available to the holders of Rights, it is specifically acknowledged that the holders of Rights would not have an adequate remedy at law for any breach of this Agreement by the Company will be entitled to specific performance of the obligations hereunder, and injunctive relief against actual or threatened violations by the Company of the obligations of any Person (including, without limitation, the Company) subject to, this Agreement.

Section 16. Agreement of Right Holders. Every holder of a Right, by accepting the same, consents and agrees with the Company and the Rights Agent and with every other holder of a Right that:

(a) prior to the Distribution Date, the Rights shall be evidenced by the balances indicated in the book entry account system of the transfer agent for the Common Shares registered in the names of the holders of Common Shares (which Common Shares shall also be deemed to represent certificates for Rights) or, in the case of certificated shares, the certificates for the Common Shares registered in the names of the holders of the Common Shares (which certificates for Common Shares also constitute certificates for Rights) and each Right is transferable only in connection with the transfer of the Common Shares;

(b) after the Distribution Date, the Right Certificates are transferable only on the registry books of the Rights Agent if surrendered at the office(s) of the Rights Agent designated for such purpose, duly endorsed or accompanied by a proper instrument of transfer and with the appropriate forms and certificates properly completed and duly executed, as determined in the sole discretion of the Rights Agent;

(c) the Company and the Rights Agent may deem and treat the person in whose name the Right Certificate (or, prior to the Distribution Date, the associated balance indicated in the book entry account system of the transfer agent for the Common Shares, or in the case of certificated shares, by the associated Common Shares certificate) is registered as the absolute owner thereof and of the Rights evidenced thereby (notwithstanding any notations of ownership or writing on the Right Certificate or the associated balance indicated in the book entry account system of the transfer agent for the

Common Shares, or in the case of certificated shares, by the associated Common Shares certificate made by anyone other than the Company or the Rights Agent) for all purposes whatsoever, and neither the Company nor the Rights Agent shall be affected by any notice to the contrary; and

(d) notwithstanding anything in this Agreement to the contrary, neither the Company nor the Rights Agent has any liability to any holder of a Right or any other Person as a result of the inability of the Company or the Rights

Agent to perform any of its or their obligations under this Agreement by reason of any preliminary or permanent injunction or other order, decree, judgment or ruling (whether interlocutory or final) issued by a court of competent jurisdiction or by a governmental, regulatory, self-regulatory or administrative agency or commission, or any statute, rule, regulation or executive order promulgated or enacted by any governmental authority, prohibiting or otherwise restraining performance of such obligation; provided, however, the Company shall use its commercially reasonable efforts to have any such injunction, order, decree, judgment or ruling lifted or otherwise overturned as promptly as practicable.

Section 17. Right Certificate Holder Not Deemed a Stockholder. No holder, as such, of any Right Certificate shall be entitled to vote, receive dividends or be deemed for any purpose the holder of the Preferred Shares or any other securities of the Company which may at any time be issuable on the exercise of the Rights represented thereby, nor shall anything contained herein or in any Right Certificate be construed to confer upon the holder of any Right Certificate, as such, any of the rights of a stockholder of the Company or any right to vote for the election of directors or upon any matter submitted to stockholders at any meeting thereof, or to give or withhold consent to any corporate action, or to receive notice of meetings or other actions affecting stockholders (except as provided in Section 25 hereof), or to receive dividends or subscription rights, or otherwise, until the Right or Rights evidenced by such Right Certificate shall have been exercised in accordance with the provisions hereof.

Section 18. Concerning the Rights Agent.

(a) The Company agrees to pay to the Rights Agent reasonable compensation for all services rendered by it hereunder and from time to time, on demand of the Rights Agent, to reimburse the Rights Agent for all of its reasonable and documented expenses and counsel fees and other disbursements incurred in the preparation, negotiation, delivery, amendment, administration and execution of this Agreement and the exercise and performance of its duties hereunder. The Company also agrees to indemnify the Rights Agent and its affiliates, employees, officers, directors, representatives and advisors for, and to hold it harmless against, any loss, liability, damage, demand, judgment, fine, penalty, claim, settlement, cost or expense (including the reasonable and documented fees and expenses of legal counsel) for any action taken, suffered or omitted to be taken by the Rights Agent pursuant to or arising from this Agreement or in connection with the acceptance, administration, exercise and performance of its duties under this Agreement, including the reasonable and documented costs and expenses of defending against any claim of liability arising therefrom, directly or indirectly. The reasonable costs and expenses incurred in enforcing this right of indemnification shall also be paid by the Company.

(b) The Rights Agent shall be authorized and protected and shall incur no liability for or in respect of any action taken, suffered or omitted to be taken by it in connection with its acceptance and administration of this Agreement and the exercise and performance of its duties hereunder in reliance upon any Rights Certificate or book entry for Common Shares or other securities of the Company, instrument of assignment or transfer, power of attorney, endorsement, affidavit, letter, notice, direction, consent, certificate, statements or other paper or document believed by it to be genuine and to be signed, executed and shall not be obligated to verify the accuracy or completeness of such instrument, power of attorney, endorsement, affidavit, letter, notice, direction, consent, certificate, statements or other paper or document and, where necessary, guaranteed, verified or acknowledged, by the proper Person or Persons, or upon any written instructions or statements from the Company with respect to any matter relating to its acting as Rights Agent hereunder without further inquiry or examination on its part, or otherwise upon the advice or opinion of counsel as set forth in Section 20(a) hereof. The Rights Agent shall not be deemed to have knowledge of any event of which it was supposed to receive notice thereof hereunder, and the Rights Agent shall be fully protected and shall incur no liability for failing to take action in connection therewith unless and until it has received such notice in writing.

(c) Notwithstanding anything in this Agreement to the contrary, in no case shall the Company be liable with respect to any action, proceeding, suit or claim against the Rights Agent unless the Rights Agent shall have notified the Company hereof of the assertion of such action, proceeding, suit or claim against the Rights Agent, promptly after the Rights Agent shall have notice of such assertion of an action, proceeding, suit or claim or have been served with the summons or other first legal process giving information as to the nature and basis of the action, proceeding, suit or claim; provided that the failure to provide such notice promptly shall not affect the

rights of the Rights Agent hereunder and shall not relieve the Company of any liability to the Rights Agent, except to the extent that such failure actually prejudices the Company. The Company shall be entitled to participate at its own expense in the defense of any such action, proceeding, suit or claim, and, if the Company so elects, the Company shall assume the defense of any such action, proceeding, suit or claim, unless such action, proceeding, suit or claim is (a) brought by the Rights Agent or (b) the Rights Agent reasonably determines that there may be a conflict of interest between the Company and the Rights Agent in the defense of an action and the Rights Agent does in fact assume the defense. In the event that the Company assumes such defense, the Company shall not thereafter be liable for the fees and expenses of any counsel retained by the Rights Agent, so long as the Company shall retain counsel satisfactory to the Rights Agent, in the exercise of its reasonable judgment, to defend such action, proceeding, suit or claim, and provided that the Rights Agent does not have defenses that are adverse to or different from any defenses of the Company. The Rights Agent agrees not to settle any litigation in connection with any action, proceeding, suit or claim with respect to which it may seek indemnification from the Company without the prior written consent of the Company, which shall not be unreasonably withheld.

(d) The provisions of this Section 18 and Section 20 hereof shall survive the termination or expiration of this Agreement, the resignation, replacement or removal of the Rights Agent and the exercise, termination or expiration of the Rights. Notwithstanding anything in this Agreement to the contrary, in no event shall the Rights Agent be liable for special, punitive, incidental, indirect or consequential loss or damage of any kind whatsoever (including but not limited to lost profits), even if the Rights Agent has been advised of the likelihood of such loss or damage and regardless of the form of the action; and the Company agrees to indemnify the Rights Agent and its affiliates, directors, employees, representatives and advisors and hold them harmless to the fullest extent permitted by law against any loss, liability or expense incurred as a result of claims for special, punitive, incidental, indirect or consequential loss or damages of any kind whatsoever. Any liability of the Rights Agent under this Agreement shall be limited to the amount of annual fees paid by the Company to the Rights Agent during the 12 months immediately preceding the event for which recovery from the Rights Agent is being sought.

Section 19. Merger or Consolidation or Change of Name of Rights Agent.

(a) Any Person into which the Rights Agent or any successor Rights Agent is merged or with which the Rights Agent or any successor Rights Agent is consolidated, or any Person resulting from any merger or consolidation to which the Rights Agent or any successor Rights Agent is a party, or any Person succeeding to the corporate trust, stock transfer or other stockholder services business of the Rights Agent or any successor Rights Agent, shall be the successor to the Rights Agent under this Agreement without the execution or filing of any paper or any further act on the part of any of the parties hereto; but only if such Person would be eligible for appointment as a successor Rights Agent under the provisions of Section 21 hereof. The purchase of all or substantially all of the Rights Agent's assets employed in the performance of transfer agent activities shall be deemed a merger or consolidation for purposes of this Section 19. In case at the time such successor Rights Agent shall succeed to the agency created by this Agreement, any of the Rights Certificates have been countersigned but not delivered, any such successor Rights Agent may adopt the countersignature of a predecessor Rights Agent and deliver such Rights Certificates so countersigned; and in case at that time any of the Rights Certificates have not been countersigned, any successor Rights Agent may countersign such Rights Certificates either in the name of the predecessor or in the name of the successor Rights Agent; and in all such cases such Rights Certificates shall have the full force provided in the Rights Certificates and in this Agreement.

(b) In case at any time the name of the Rights Agent shall be changed and at such time any of the Rights Certificates shall have been countersigned but not delivered, the Rights Agent may adopt the countersignature under its prior name and deliver Rights Certificates so countersigned; and in case at that time any of the Rights Certificates shall not have been countersigned, the Rights Agent may countersign such Rights Certificates either in its prior name or in its changed name; and in all such cases such Rights Certificates shall have the full force provided in the Rights

Certificates and in this Agreement.

Section 20. Duties of Rights Agent. The Rights Agent undertakes the duties and obligations expressly imposed by this Agreement (and no implied duties or obligations) upon the following terms and conditions, by all of which the Company and the holders of Right Certificates, by their acceptance thereof, shall be bound:

(a) The Rights Agent may consult with legal counsel (who may be legal counsel for the Rights Agent or the Company or an employee of the Rights agent), and the advice or opinion of such counsel shall be full and complete authorization and protection to the Rights Agent, and the Rights Agent will have no liability for or in respect of, any action taken or omitted by it in good faith and in accordance with such opinion.

(b) Whenever in the performance of its duties under this Agreement the Rights Agent shall deem it necessary or desirable that any fact or matter be proved or established by the Company prior to taking or suffering any action hereunder, such fact or matter (unless other evidence in respect thereof be herein specifically prescribed) may be deemed to be conclusively proved and established by a certificate signed by any one of the Chief Executive Officer, Chief Financial Officer, the President, General Counsel, any Senior Vice President, the Treasurer or the Secretary of the Company and delivered to the Rights Agent; and such certificate shall be full authorization to the Rights Agent for any action taken or suffered in good faith by it under the provisions of this Agreement in reliance upon such certificate. The Rights Agent shall have no duty to act without such a certificate from an officer of the Company as set forth in the preceding sentence.

(c) The Rights Agent shall be liable hereunder to the Company and any other Person only for its own gross negligence, bad faith, or willful misconduct (which gross negligence, bad faith or willful misconduct must be determined by a court of competent jurisdiction in a final non-appealable order, judgment, decree or ruling). Anything to the contrary notwithstanding, in no event shall the Rights Agent be liable for special, punitive, indirect, consequential or incidental loss or damage of any kind whatsoever (including but not limited to lost profits), even if the Rights Agent has been advised of the likelihood of such loss or damage and regardless of the form of the action; and the Company agrees to indemnify the Rights Agent and its affiliates, directors, employees, representatives and advisors and to hold them harmless to the fullest extent permitted by law against any loss, liability or expense incurred as a result of claims for special, punitive, incidental, indirect or consequential loss or damage of any kind whatsoever. Any liability of the Rights Agent under this Agreement will be limited to the amount of annual fees paid by the Company to the Rights Agent during the twelve (12) months immediately preceding the event for which recovery from the Rights Agent is being sought.

(d) The Rights Agent shall not be liable for or by reason of any of the statements of fact or recitals contained in this Agreement or in the Right Certificates (except its countersignature thereof) or be required to verify the same, but all such statements and recitals are and shall be deemed to have been made by the Company only.

(e) The Rights Agent shall not have any liability nor be under any responsibility in respect of the validity of this Agreement or the execution and delivery hereof (except the due execution hereof by the Rights Agent) or in respect of the validity or execution of any Right Certificate (except its countersignature thereof); nor shall it be responsible for any breach by the Company of any covenant or condition contained in this Agreement or in any Right Certificate; nor shall it be responsible for any change in the exercisability of the Rights (including the Rights becoming void pursuant to Section 11(a)(ii) hereof) or any adjustment in the terms of the Rights (including the manner, method or amount thereof) provided for in Section 3, 11, 23 or 24 hereof, or the ascertaining of the existence of facts that would require any such change or adjustment (except with respect to the exercise of Rights evidenced by Right Certificates after actual notice that such change or adjustment is required); nor shall it by any act hereunder be deemed to make any representation or warranty as to the authorization or reservation of any Preferred Shares to be issued pursuant to this Agreement or any Right Certificate or as to whether any Preferred Shares will, when issued, be validly authorized and issued, fully paid and nonassessable.

(f) The Company agrees that it will perform, execute, acknowledge and deliver or cause to be performed, executed, acknowledged and delivered all such further and other acts, instruments and assurances as may reasonably be required by the Rights Agent for the carrying out or performing by the Rights Agent of the provisions of this Agreement.

(g) The Rights Agent is hereby authorized and directed to accept verbal or written instructions with respect to the performance of its duties hereunder from any one of the Chief Executive Officer, Chief Financial Officer, the President, General Counsel, any Senior Vice President, the Secretary or the Treasurer of the Company, and to apply to such officers for advice or instructions in connection with its duties, and such advice or instruction shall be full authorization and protection to the Rights Agent and the Rights Agent shall have no duty to independently verify the accuracy or completeness of such advice or such instructions and it shall not be liable for any action taken or suffered by it in good faith in accordance with instructions of any such officer or for any delay in acting while waiting for those instructions. The Rights Agent will not be held to have notice of any change of authority of any person until its receipt of written notice thereof from the Company in accordance with this Agreement. Any application by the Rights Agent for written instructions from the Company may, at the option of the Rights Agent, set forth in writing any action proposed to be taken or omitted to be taken by the Rights Agent under this Agreement and the date on and/or after which such action shall be taken or such omission shall be effective. The Rights Agent shall be fully authorized and protected in relying upon the most recent verbal or written instructions received from any such officer, and shall not be liable for any action taken, suffered or omitted to be taken by the Rights Agent in accordance with a proposal included in any such application on or after the date specified in such application (which date shall not be less than five (5) Business Days after the date any officer of the Company actually receives such application unless any such officer shall have consented in writing to an earlier date) unless, prior to taking any such action (or the effective date in the case of an omission), the Rights Agent shall have received written instructions in response to such application specifying the action to be taken, suffered or omitted to be taken.

(h) The Rights Agent and any stockholder, director, officer or employee of the Rights Agent may buy, sell or deal in any of the Rights or other securities of the Company or become pecuniarily interested in any transaction in which the Company may be interested, or contract with or lend money to the Company or otherwise act as fully and freely as though it were not Rights Agent under this Agreement. Nothing herein shall preclude the Rights Agent from acting in any other capacity for the Company or for any other legal entity.

(i) The Rights Agent may execute and exercise any of the rights or powers hereby vested in it or perform any duty hereunder either itself (through its directors, officers and/or employees) or by or through its attorneys or agents, and the Rights Agent shall not be liable for any act, omission, default, neglect or misconduct of any such attorneys or agents or for any loss to the Company, any holder of Rights or any other Person resulting from any such act, omission, default, neglect or misconduct, absent gross negligence, bad faith or willful misconduct (which gross negligence, bad faith or willful misconduct must be determined by a final, non-appealable order, judgment, decree or ruling of a court of competent jurisdiction) in the selection and continued employment thereof.

(j) No provision of this Agreement shall require the Rights Agent to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties hereunder or in the exercise of any of its rights or powers if there are reasonable grounds for believing that repayment of such funds or adequate indemnification against such risk or liability is not reasonably assured to it.

(k) If, with respect to any Rights Certificate surrendered to the Rights Agent for exercise or transfer, either (i) the certificate attached to the form of assignment or form of election to purchase, as the case may be, has either not been completed or indicates an affirmative response to clause 1 and/or 2 thereof, or (ii) any other actual or suspected irregularity exists, the Rights Agent shall not take any further action with respect to such requested exercise or transfer without first consulting with the Company, and the Rights Agent shall not be liable for any delays arising from the duties under this Section 20(k).

(l) In the event that the Rights Agent reasonably believes any ambiguity or uncertainty exists hereunder or in any notice, instruction, direction, request or other communication, paper or document received by the Rights Agent

hereunder, the Rights Agent shall, as soon as practicable, inform the Company or such Person seeking clarification and may, in its sole discretion, refrain from taking any action, and will be fully protected and will not be liable or responsible in any way to the Company or other Person or entity for refraining from taking such action, unless the Rights Agent receives written instructions signed by the Company which eliminates such ambiguity or uncertainty to the reasonable satisfaction of the Rights Agent.

(m) The Rights Agent shall have no responsibility to the Company, any holders of Rights or any holders of Common Shares for interest or earnings on any moneys held by the Rights Agent pursuant to this Agreement.

(n) The Rights Agent shall not be required to take notice or be deemed to have notice of any event or condition hereunder, including any event or condition that may require action by the Rights Agent, unless the Rights Agent shall be specifically notified in writing of such event or condition by the Company, and all notices or other instruments required by this Agreement to be delivered to the Rights Agent must, in order to be effective, be received by the Rights Agent, and in the absence of such notice so delivered, the Rights Agent may conclusively assume no such event or condition exists.

Section 21. Change of Rights Agent. The Rights Agent or any successor Rights Agent may resign and be discharged from its duties under this Agreement upon at least 30 days' notice in writing to the Company in accordance with Section 26 hereof, and in the event that the Rights Agent or one of its Affiliates is not also the transfer agent for the Company, to each transfer agent of the Common Shares or Preferred Shares by first class mail or by recognized overnight delivery in which case the Company will give or cause to be given written notice to the holders of the Right Certificates by first-class mail. In the event the transfer agency relationship in effect between the Company and the Rights Agent terminates, the Rights Agent will be deemed to have resigned automatically and be discharged from its duties under this Agreement as of the effective date of such termination, and the Company shall be responsible for sending any required notice. The Company may remove the Rights Agent or any successor Rights Agent upon at least 30 days' notice in writing, mailed to the Rights Agent or successor Rights Agent, as the case may be, and to each transfer agent of the Common Shares or Preferred Shares by registered or certified mail, and, if such removal occurs after the Distribution Date, to the holders of the Right Certificates by first-class mail. If the Rights Agent resigns or is removed or otherwise becomes incapable of acting, the Company shall appoint a successor to the Rights Agent. If the Company fails to make such appointment within a period of 30 days after giving notice of such removal or after it has been notified in writing of such resignation or incapacity by the resigning or incapacitated Rights Agent or by the holder of a Right Certificate (which holder shall, with such notice, submit such holder's Right Certificate for inspection by the Company), then the registered holder of any Right Certificate may apply to any court of competent jurisdiction for the appointment of a new Rights Agent. Any successor Rights Agent, whether appointed by the Company or by such a court, shall be (a) a Person organized and doing business under the laws of the United States or of the any State, in good standing, which is authorized under such laws to exercise corporate trust, stock transfer, or stockholder services powers and is subject to supervision or examination by federal or state authority and which at the time of its appointment as Rights Agent has, along with its Affiliates, a combined capital and surplus of at least \$50 million, or (b) an affiliate of a Person described in clause (a) of this sentence. After appointment, the successor Rights Agent shall be vested with the same powers, rights, duties and responsibilities as if it had been originally named as Rights Agent under this Agreement without further act or deed; but the predecessor Rights Agent shall deliver and transfer to the successor Rights Agent any property at the time held by it hereunder, and execute and deliver any further assurance, conveyance, act or deed necessary for the purpose, in each case at the sole expense of the Company. Not later than the effective date of any such appointment, the Company shall file notice thereof in writing with the predecessor Rights Agent and each transfer agent of the Common Shares or Preferred Shares, and mail a notice thereof in writing to the registered holders of the Right Certificates. Failure to give any notice provided for in this Section 21, however, or any defect therein, shall not affect the legality or validity of the resignation or removal of the Rights Agent or the appointment of the successor Rights Agent, as the case may be.

Section 22. Issuance of New Right Certificates. Notwithstanding any of the provisions of this Agreement or of the Rights to the contrary, the Company may, at its option, issue new Right Certificates evidencing Rights in such form as may be approved by the Board of Directors of the Company to reflect any adjustment or change made in accordance with the provisions of this Agreement in the Purchase Price and the number or kind or class of shares or other securities or property purchasable under the Right Certificates made in accordance with the provisions of this

Agreement. In addition, in connection with the issuance or sale of Common Shares following the Distribution Date (other than upon exercise of a Right) and prior to the earlier of the Redemption Date, Early Expiration Date or Final Expiration Date, the Company (a) shall, with respect to Common Shares so issued or sold pursuant to the exercise of stock options or under any employee plan or arrangement, or upon the exercise,

Table of Contents

conversion or exchange of securities hereinafter issued by the Company, and (b) may, in any other case, if deemed necessary or appropriate by the Board, issue Rights Certificates representing the appropriate number of Rights in connection with such issuance or sale; provided, however, that (i) no such Rights Certificate may be issued if, and to the extent that, the Company, in its sole discretion, determines that such issuance would jeopardize or endanger the value or availability to the Company of the NOLs or otherwise create a significant risk of material adverse tax consequences to the Company or the Person to whom such Rights Certificate would be issued, and (ii) no such Rights Certificate may be issued if, and to the extent that, appropriate adjustment shall otherwise have been made in lieu of the issuance thereof.

Section 23. **Redemption**. (a) The Independent Directors may, at their option, at any time prior to the Distribution Date, redeem all but not less than all the then outstanding Rights at a redemption price of \$0.0001 per Right, appropriately adjusted to reflect any stock split, stock dividend or similar transaction occurring after the date hereof (such redemption price being hereinafter referred to as the **Redemption Price**). The redemption of the Rights by the Independent Directors may be made effective at such time, on such basis and with such conditions as the Independent Directors, in their sole discretion, may establish.

(b) Immediately upon the action of the Independent Directors ordering the redemption of the Rights pursuant to paragraph (a) of this Section 23, and without any further action and without any notice, the right to exercise the Rights will terminate and the only right thereafter of the holders of Rights shall be to receive the Redemption Price. The Company shall promptly give (i) written notice to the Rights Agent of any such redemption (and until such written notice is received by the Rights Agent, the Rights Agent may presume conclusively that no such redemptions have occurred); and (ii) public notice of any such redemption; **provided, however**, that the failure to give, or any defect in, any such notice shall not affect the validity of such redemption. Within ten (10) days after such action of the Independent Directors ordering the redemption of the Rights, the Company shall mail a notice of redemption to all the holders of the then outstanding Rights at their last addresses as they appear upon the registry books of the Rights Agent or, prior to the Distribution Date, on the registry books of the transfer agent for the Common Shares. Any notice which is mailed in the manner herein provided shall be deemed given, whether or not the holder receives the notice. Each such notice of redemption will state the method by which the payment of the Redemption Price will be made. Neither the Company nor any of its Affiliates or Associates may redeem, acquire or purchase for value any Rights at any time in any manner other than that specifically set forth in this Section 23 or in Section 24 hereof, and other than in connection with the purchase of Common Shares prior to the Distribution Date.

Section 24. **Exchange**. (a) The Independent Directors may, at its option, at any time after any Person becomes an Acquiring Person, exchange all or part of the then outstanding and exercisable Rights (which shall not include Rights that have become void pursuant to the provisions of Section 11(a)(ii) hereof) for Common Shares at an exchange ratio of one Common Share per Right, appropriately adjusted to reflect any adjustment in the number of Rights pursuant to Section 11(i) (such exchange ratio being hereinafter referred to as the **Exchange Ratio**).

(b) Immediately upon the action of the Independent Directors ordering the exchange of any Rights pursuant to paragraph (a) of this Section 24 and without any further action and without any notice, the right to exercise such Rights shall terminate and the only right thereafter of a holder of such Rights shall be to receive that number of Common Shares equal to the number of such Rights held by such holder multiplied by the Exchange Ratio. The Company shall promptly give (i) written notice to the Rights Agent of any such exchange, and (ii) public notice of any such exchange; **provided, however**, that the failure to give, or any defect in, such notice shall not affect the validity of such exchange (and until such written notice is received by the Rights Agent, the Rights Agent may presume conclusively that no such exchange has occurred). The Company promptly shall mail a notice of any such exchange to all of the holders of such Rights at their last addresses as they appear upon the registry books of the Rights Agent. Any notice which is mailed in the manner herein provided shall be deemed given, whether or not the holder receives the

notice. Each such notice of exchange will state the method by which the exchange of the Common Shares for Rights will be effected, and, in the event of any partial exchange, the number of Rights which will be exchanged. Any partial exchange shall be effected pro rata based on the number of Rights (other than Rights which have become void pursuant to the provisions of Section 11(a)(ii) hereof) held by each holder of Rights.

Table of Contents

(c) In the event that there shall not be sufficient Common Shares issued but not outstanding or authorized but unissued to permit any exchange of Rights as contemplated in accordance with this Section 24, the Company shall take all such action as may be necessary to authorize additional Common Shares for issuance upon exchange of the Rights. In the event the Company shall, after good faith effort, be unable to take all such action as may be necessary to authorize such additional Common Shares, the Company shall substitute, for each Common Share that would otherwise be issuable upon exchange of a Right, a number of Preferred Shares or fraction thereof such that the current per share market price of one Preferred Share multiplied by such number or fraction is equal to the current per share market price of one Common Share as of the date of issuance of such Preferred Shares or fraction thereof.

(d) The Company shall not be required to issue fractions of Common Shares or to distribute certificates which evidence fractional Common Shares. In lieu of such fractional Common Shares, the Company shall pay to the registered holders of the Right Certificates with regard to which such fractional Common Shares would otherwise be issuable an amount in cash equal to the same fraction of the current market value of a whole Common Share. For the purposes of this paragraph (d), the current market value of a whole Common Share shall be the closing price of a Common Share (as determined pursuant to the second sentence of Section 11(d)(i) hereof) for the Trading Day immediately prior to the date of exchange pursuant to this Section 24.

Section 25. **Notice of Certain Events.** (a) In case the Company shall, at any time after the Distribution Date, propose (i) to pay any dividend payable in stock of any class to the holders of the Preferred Shares or to make any other distribution to the holders of the Preferred Shares (other than a regular quarterly cash dividend), (ii) to offer to the holders of the Preferred Shares rights or warrants to subscribe for or to purchase any additional Preferred Shares or shares of stock of any class or any other securities, rights or options, (iii) to effect any reclassification of the Preferred Shares (other than a reclassification involving only the subdivision of outstanding Preferred Shares), (iv) to effect any consolidation or merger into or with, or to effect any sale or other transfer (or to permit one or more of its Subsidiaries to effect any sale or other transfer), in one or more transactions, of 50% or more of the assets or earning power of the Company and its Subsidiaries (taken as a whole) to, any other Person, (v) to effect the liquidation, dissolution or winding up of the Company, or (vi) to declare or pay any dividend on the Common Shares payable in Common Shares or to effect a subdivision, combination or consolidation of the Common Shares (by reclassification or otherwise than by payment of dividends in Common Shares), then, in each such case, the Company shall give to each holder of a Right Certificate, in accordance with Section 26 hereof, a notice of such proposed action, which shall specify the record date for the purposes of such stock dividend, or distribution of rights or warrants, or the date on which such reclassification, consolidation, merger, sale, transfer, liquidation, dissolution, or winding up is to take place and the date of participation therein by the holders of the Common Shares and/or Preferred Shares, if any such date is to be fixed, and such notice shall be so given in the case of any action covered by clause (i) or (ii) above at least 10 days prior to the record date for determining holders of the Preferred Shares for purposes of such action, and, in the case of any such other action, at least 10 days prior to the date of the taking of such proposed action or the date of participation therein by the holders of the Common Shares and/or Preferred Shares, whichever shall be the earlier.

(b) In case the event set forth in Section 11(a)(ii) hereof shall occur, then the Company shall, as soon as practicable thereafter, give to each holder of a Right Certificate, in accordance with Section 26 hereof, a notice of the occurrence of such event, which notice shall describe such event and the consequences of such event to holders of Rights under Section 11(a)(ii) hereof.

Section 26. **Notices.** Notices or demands authorized by this Agreement to be given or made by the Rights Agent or by the holder of any Right Certificate to or on the Company shall be sufficiently given or made if by electronic transmission or sent by first-class or express United States mail, or recognized overnight delivery, postage prepaid, addressed (until another address is filed in writing with the Rights Agent) as follows:

Section 27. Supplements and Amendments. Upon the delivery of a certificate from an appropriate officer of the Company that states that the proposed supplement or amendment is in compliance with the terms of this Section 27, the Rights Agent shall execute such supplement or amendment; provided, however, that the Rights Agent may, but shall not be obligated to, enter into any supplement or amendment that affects the Rights Agent's own rights, duties, obligations or immunities under this Agreement.

Section 28. Successors. All the covenants and provisions of this Agreement by or for the benefit of the Company or the Rights Agent shall bind and inure to the benefit of their respective successors and assigns hereunder.

Section 29. Benefits of this Agreement. Nothing in this Agreement shall be construed to give to any Person other than the Company, the Rights Agent and the registered holders of the Right Certificates (and, prior to the Distribution Date, the Common Shares) any legal or equitable right, remedy or claim under this Agreement; but this Agreement shall be for the sole and exclusive benefit of the Company, the Rights Agent and the registered holders of the Right Certificates (and, prior to the Distribution Date, the Common Shares).

Section 30. Severability. If any term, provision, covenant or restriction of this Agreement is held by a court of competent jurisdiction or other authority to be invalid, null and void or unenforceable, the remainder of the terms, provisions, covenants and restrictions of this Agreement will remain in full force and effect and will in no way be affected, impaired or invalidated; provided, however, that notwithstanding anything in this Agreement to the contrary, if any such term, provision, covenant or restriction is held by such court or authority to be invalid, null and void or unenforceable and the Board determines in good faith judgment that severing the invalid language from this Agreement would materially and adversely affect the purpose or effect of this Agreement, the right of redemption set forth in Section 23 hereof shall be reinstated and will not expire until the close of business on the tenth (10th) Business Day following the date of such determination by the Board; provided, further, that if any such severed term,

provision, covenant or restriction shall adversely affect the rights, immunities, duties or obligations of the Rights Agent, then the Rights Agent shall be entitled to resign immediately.

Section 31. Governing Law. This Agreement, each Right, and each Right Certificate issued hereunder shall be deemed to be a contract made under the laws of the State of Delaware and for all purposes shall be governed by and construed in accordance with the laws of such state applicable to contracts to be made and performed entirely within such state, except that the rights, duties and obligations of the Rights Agent shall be governed by and construed in accordance with the laws of the State of New York applicable to contracts to be made and performed entirely within such State.

Section 32. Counterparts. This Agreement may be executed in one or more counterparts and each of such counterparts shall for all purposes be deemed to be an original, and all such counterparts shall together constitute but one and the same instrument. Delivery of an executed signature page of Agreement by facsimile or other customary shall mean of electronic transmission (e.g., pdf) shall be effective as delivery of a manually executed counterpart hereof.

Section 33. Descriptive Headings. Descriptive headings of the several Sections of this Agreement are inserted for convenience only and shall not control or affect in any way the meaning or construction of any of the provisions hereof.

Section 34. Determinations and Actions by the Independent Directors. For all purposes of this Agreement, any calculation of the number of Common Shares outstanding at any particular time, including for purposes of determining the particular percentage of such outstanding Common Shares of which any Person is the Beneficial Owner, will be made in accordance with, as the Independent Directors deems to be applicable, the last sentence of Rule 13d-3(d)(1)(i) of the General Rules and Regulations under the Exchange Act or the provisions of Section 382. The Independent Directors will have the exclusive power and authority to administer this Agreement and to exercise all rights and powers specifically granted to the Independent Directors or to the Company, or as may be necessary or advisable in the administration of this Agreement, including without limitation the right and power to (i) interpret the provisions of this Agreement (including without limitation Section 27, this Section 34 and other provisions hereof relating to its powers or authority hereunder) and (ii) make all determinations deemed necessary or advisable for the administration of this Agreement (including without limitation any determination contemplated by Section 1(a) or any determination as to whether particular Rights shall have become void). All such actions, calculations, interpretations and determinations (including, for purposes of clause (y) below, any omission with respect to any of the foregoing) which are done or made by the Independent Directors in good faith will (x) be final, conclusive and binding on the Company, the Rights Agent, the holders of the Rights and all other parties and (y) not subject any member of the Board to any liability to any Person, including without limitation the Rights Agent and the holders of the Rights.

Section 35. Process to Seek Exemption. Any Person who desires to effect any acquisition of Common Shares that would, if consummated, result in such Person (together with its Affiliates and Associates) beneficially own 4.9% or more of the then outstanding Common Shares (or, in the case of a person excluded from the definition of Acquiring Person in clause (1) of such definition, such applicable percentage) (a Requesting Person) may, prior to the Shares Acquisition Date, and in accordance with this Section 35, request that the Independent Directors grant an exemption with respect to such acquisition under this Agreement (an Exemption Request). An Exemption Request shall be in proper form and shall be delivered by registered mail, return receipt requested, to the Secretary of the Company at the principal executive office of the Company. To be in proper form, an Exemption Request shall set forth (a) the name and address of the Requesting Person, (b) the number and percentage of Common Shares then Beneficially Owned by the Requesting Person, together with all Affiliates and Associates of the Requesting Person, (c) a reasonably detailed description of the transaction or transactions by which the Requesting Person would propose to acquire Beneficial Ownership of Common Shares aggregating 4.9% or more of the then outstanding Common Shares (or, in the case of a person excluded from the definition of Acquiring Person in clause (1) of such definition, such applicable percentage) and the maximum number and percentage of Common Shares that the Requesting Person proposes to acquire and (d) a reasonably detailed statement of the benefits such Requesting Person expects to be received the Company and the other stockholders of the Company were the exemption to be granted. The Independent Directors shall make a determination whether to grant an exemption in response to an Exemption Request as promptly as practicable (and, in any event, within ten Business Days) after receipt thereof; provided, that the failure of the Independent Directors to make a determination within such period shall be deemed to constitute the denial by the Independent Directors of the Exemption Request. The Independent Directors may deny an Exemption Request if the Independent Directors determine, in their sole discretion, that the acquisition of Beneficial Ownership of Common Shares by the Requesting Person could jeopardize or endanger the availability to the Company of the NOLs or for whatever other reason they

deem reasonable, desirable or appropriate. Any exemption granted hereunder may be granted in whole or in part, and may be subject to limitations or conditions (including a requirement that the Requesting Person agree that it will not acquire

Beneficial Ownership of Common Shares in excess of the maximum number and percentage of shares approved by the Independent Directors or that it will not make another Exemption Request), in each case as and to the extent the Independent Directors shall determine necessary, desirable or appropriate.

Section 36. Tax Compliance and Withholding. The Company hereby authorizes the Rights Agent to deduct from all payments disbursed by the Rights Agent to the holders of the Rights, if applicable, the tax required to be withheld pursuant to Sections 1441, 1442, 1445, 1471 through 1474, and 3406 of the Internal Revenue Code of 1986, as amended, or by any federal or state statutes subsequently enacted, and to make the necessary returns and payments of such tax to the relevant taxing authority. The Company will provide withholding and reporting instructions to the Rights Agent from time to time as relevant, and upon request of the Rights Agent. The Rights Agent shall have no responsibilities with respect to tax withholding, reporting, or payment except as specifically instructed by the Company.

Section 37. Force Majeure. Notwithstanding anything to the contrary contained herein, the Rights Agent will not have any liability for not performing, or a delay in the performance of, any act, duty, obligation or responsibility by reason of any occurrence beyond the reasonable control of the Rights Agent (including, without limitation, any act or provision of any present or future law or regulation or governmental authority, any act of God, war, civil or military disobedience or disorder, riot, rebellion, terrorism, insurrection, fire, earthquake, storm, flood, strike, work stoppage, interruptions or malfunctions of computer facilities, loss of data due to power failures or mechanical difficulties with information, labor dispute, accident or failure or malfunction of any utilities, communication or computer (software or hardware) services or similar occurrence).

ARTICLES OF AMENDMENT

to the

ARTICLES OF INCORPORATION

of

CENTURYLINK, INC.

(Pursuant to Sections 1--602, 1005(8) and 1006 of the

Louisiana Business Corporation Act)

These articles of amendment (**Articles of Amendment**) to the articles of incorporation (**Articles of Incorporation**) of CENTURYLINK, INC., a Louisiana business corporation (**Corporation**), have been prepared for filing with the Secretary of State of Louisiana pursuant to Sections 12:1-602, 1005(8) and 1006 of the Louisiana Business Corporation Act (the **Act**), R.S. 12:1-101 et seq., to set forth the following:

FIRST: At a meeting duly called and held on February 13, 2019, the Board of Directors of the Corporation unanimously approved and adopted the following amendment of the Articles of Incorporation of the Corporation, as set forth below. Shareholder approval was not required for this amendment.

SECOND: ARTICLE III of the Articles of Incorporation of the Corporation is hereby amended to add Section F, Series CC Junior Participating Preferred Shares. The text of this amendment is as follows:

F. Series CC Junior Participating Preferred Shares:

(1) Designation and Amount. The shares of such series shall be designated as Series CC Junior Participating Preferred Shares (the Series CC Shares) and the number of shares constituting the Series CC Shares shall be 150,000. Such number of shares may be increased or decreased by resolution of the Board of Directors; provided, that no decrease shall reduce the number of Series CC Shares to a number less than the number of shares then outstanding plus the number of shares reserved for issuance upon the exercise of outstanding options, rights or warrants or upon the conversion of any outstanding securities issued by the Corporation convertible into Series CC Shares.

(2) Dividends and Distributions.

(a) Subject to the rights of the holders of any shares of any series of Preferred Stock (or any similar stock) ranking prior and superior to the Series CC Shares with respect to dividends, the holders of Series CC Shares shall be entitled to receive, when, as and if declared by the Board of Directors out of funds legally available for the purpose, quarterly dividends payable in cash on the dividend date declared on the Common Stock, par value \$1.00 per share (the Common Stock) in each year (each such date being referred to herein as a Quarterly Dividend Payment Date), commencing on the first Quarterly Dividend Payment Date after the first issuance of a share or fraction of a share of Series CC Shares, in an amount per share (rounded to the nearest cent), subject to the provision for adjustment hereinafter set forth, equal to 10,000 times the aggregate per share amount of all cash dividends, and 10,000 times the aggregate per share amount (payable in kind) of all non-cash dividends or other distributions, declared on the

Common Stock of the Corporation since the immediately preceding Quarterly Dividend Payment Date or, with respect to the first Quarterly Dividend Payment Date, since the first issuance of any share or fraction of a share of Series CC Shares, other than, in each case, a dividend payable in shares of Common Stock or a subdivision of the outstanding shares of Common Stock (by reclassification or otherwise). In the event the Corporation shall at any time declare or pay any dividend on the Common Stock payable in shares of Common Stock, or effect a subdivision or combination or consolidation of the outstanding shares of Common Stock (by reclassification or otherwise than by payment of a dividend in shares of Common Stock) into a greater or lesser number of shares of Common Stock, then in each such case the amount to which holders of Series CC Shares were entitled immediately prior to such event under the preceding sentence shall be adjusted by multiplying such amount by a fraction, the numerator of which is the number of shares of Common Stock outstanding immediately after such event and the denominator of which is the number of shares of Common Stock that were outstanding immediately prior to such event.

Table of Contents

(b) The Corporation shall declare a dividend or distribution on the Series CC Shares as provided in paragraph (a) of this Section immediately after it declares a dividend or distribution on the Common Stock (other than a dividend payable in shares of Common Stock).

(c) Dividends, to the extent payable as provided in paragraphs (a) and (b) of this Section, shall begin to accrue and be cumulative on outstanding Series CC Shares from the Quarterly Dividend Payment Date next preceding the date of issue of such shares, unless the date of issue of such shares is prior to the record date for the first Quarterly Dividend Payment Date, in which case dividends on such shares shall begin to accrue from the date of issue of such shares, or unless the date of issue is a Quarterly Dividend Payment Date or is a date after the record date for the determination of holders of Series CC Shares entitled to receive a quarterly dividend and before such Quarterly Dividend Payment Date, in either of which events such dividends shall begin to accrue and be cumulative from such Quarterly Dividend Payment Date. Accrued but unpaid dividends shall not bear interest. Dividends paid on the Series CC Shares in an amount less than the total amount of such dividends at the time accrued and payable on such shares shall be allocated pro rata on a share-by-share basis among all such shares at the time outstanding. The Board of Directors may fix a record date for the determination of holders of Series CC Shares entitled to receive payment of a dividend or distribution declared thereon, which record date shall be not more than 60 days prior to the date fixed for the payment thereof.

(3) **Voting Rights.** The holders of Series CC Shares shall have the following voting rights:

(a) Subject to the provision for adjustment hereinafter set forth, each share of Series CC Shares shall entitle the holder thereof to 10,000 votes on all matters submitted to a vote of the stockholders of the Corporation. In the event the Corporation shall at any time declare or pay any dividend on the Common Stock payable in shares of Common Stock, or effect a subdivision or combination or consolidation of the outstanding shares of Common Stock (by reclassification or otherwise than by payment of a dividend in shares of Common Stock) into a greater or lesser number of shares of Common Stock, then in each such case the number of votes per share to which holders of Series CC Shares were entitled immediately prior to such event shall be adjusted by multiplying such number by a fraction, the numerator of which is the number of shares of Common Stock outstanding immediately after such event and the denominator of which is the number of shares of Common Stock that were outstanding immediately prior to such event.

(b) Except as otherwise provided herein, in any other articles of amendment creating a series of Preferred Stock or any similar stock, or by law, the holders of Series CC Shares and the holders of shares of Common Stock and any other capital stock of the Corporation having general voting rights shall vote together as one class on all matters submitted to a vote of stockholders of the Corporation.

(c) Except as set forth herein, or as otherwise provided by law, holders of Series CC Shares shall have no special voting rights and their consent shall not be required (except to the extent they are entitled to vote with holders of Common Stock as set forth herein) for taking any corporate action.

(4) **Certain Restrictions.**

(a) Whenever quarterly dividends or other dividends or distributions payable on the Series CC Shares as provided in Article III.F.(2) are in arrears, thereafter and until all accrued and unpaid dividends and distributions, whether or not declared, on Series CC Shares outstanding shall have been paid in full, the Corporation shall not:

(i) declare or pay dividends, or make any other distributions, on any shares of stock ranking junior (either as to dividends or upon liquidation, dissolution or winding up) to the Series CC Shares;

(ii) declare or pay dividends, or make any other distributions, on any shares of stock ranking on a parity (either as to dividends or upon liquidation, dissolution or winding up) with the Series CC Shares, except dividends paid ratably on the Series CC Shares and all such parity stock on which dividends are payable or in arrears in proportion to the total amounts to which the holders of all such shares are then entitled;

(iii) redeem or purchase or otherwise acquire for consideration shares of any stock ranking junior (either as to dividends or upon liquidation, dissolution or winding up) to the Series CC Shares, provided that

Table of Contents

the Corporation may at any time redeem, purchase or otherwise acquire shares of any such junior stock in exchange for shares of any stock of the Corporation ranking junior (either as to dividends or upon dissolution, liquidation or winding up) to the Series CC Shares; or

(iv) redeem or purchase or otherwise acquire for consideration any Series CC Shares, or any shares of stock ranking on a parity with the Series CC Shares, except in accordance with a purchase offer made in writing or by publication (as determined by the Board of Directors) to all holders of such shares upon such terms as the Board of Directors, after consideration of the respective annual dividend rates and other relative rights and preferences of the respective series and classes, shall determine in good faith will result in fair and equitable treatment among the respective series or classes.

(b) The Corporation shall not permit any subsidiary of the Corporation to purchase or otherwise acquire for consideration any shares of stock of the Corporation unless the Corporation could, under paragraph (a) of this Articles III.F.(4), purchase or otherwise acquire such shares at such time and in such manner.

(5) Reacquired Shares. Any Series CC Shares purchased or otherwise acquired by the Corporation in any manner whatsoever shall be retired and cancelled promptly after the acquisition thereof. All such shares shall upon their cancellation become authorized but unissued shares of Preferred Stock and may be reissued as part of a new series of Preferred Stock subject to the conditions and restrictions on issuance set forth herein, in the Articles of Incorporation, or in any other Articles of Amendment to the Articles of Incorporation creating a series of Preferred Stock or any similar stock or as otherwise required by law.

(6) Liquidation, Dissolution or Winding Up. Upon any liquidation, dissolution or winding up of the Corporation, no distribution shall be made (1) to the holders of shares of stock ranking junior (either as to dividends or upon liquidation, dissolution or winding up) to the Series CC Shares unless, prior thereto, the holders of Series CC Shares shall have received \$10,000 per share, plus an amount equal to accrued and unpaid dividends and distributions thereon, whether or not declared, to the date of such payment, provided that the holders of Series CC Shares shall be entitled to receive an aggregate amount per share, subject to the provision for adjustment hereinafter set forth, equal to 10,000 times the aggregate amount to be distributed per share to holders of shares of Common Stock, or (2) to the holders of shares of stock ranking on a parity (either as to dividends or upon liquidation, dissolution or winding up) with the Series CC Shares, except distributions made ratably on the Series CC Shares and all such parity stock in proportion to the total amounts to which the holders of all such shares are entitled upon such liquidation, dissolution or winding up. In the event the Corporation shall at any time declare or pay any dividend on the Common Stock payable in shares of Common Stock, or effect a subdivision or combination or consolidation of the outstanding shares of Common Stock (by reclassification or otherwise than by payment of a dividend in shares of Common Stock) into a greater or lesser number of shares of Common Stock, then in each such case the aggregate amount to which holders of Series CC Shares were entitled immediately prior to such event under the proviso in clause (1) of the preceding sentence shall be adjusted by multiplying such amount by a fraction the numerator of which is the number of shares of Common Stock outstanding immediately after such event and the denominator of which is the number of shares of Common Stock that were outstanding immediately prior to such event.

(7) Consolidation, Merger, etc. In case the Corporation shall enter into any consolidation, merger, combination or other transaction in which the shares of Common Stock are exchanged for or changed into other stock or securities, cash and/or any other property, then in any such case each share of Series CC Shares shall at the same time be similarly exchanged or changed into an amount per share, subject to the provision for adjustment hereinafter set forth, equal to 10,000 times the aggregate amount of stock, securities, cash and/or any other property (payable in kind), as the case may be, into which or for which each share of Common Stock is changed or exchanged. In the event the Corporation shall at any time declare or pay any dividend on the Common Stock payable in shares of Common Stock,

or effect a subdivision or combination or consolidation of the outstanding shares of Common Stock (by reclassification or otherwise than by payment of a dividend in shares of Common Stock) into a greater or lesser number of shares of Common Stock, then in each such case the amount set forth in the preceding sentence with respect to the exchange or change of Series CC Shares shall be adjusted by multiplying such amount by a fraction, the numerator of which is the number of shares of Common Stock outstanding immediately after such event and the denominator of which is the number of shares of Common Stock that were outstanding immediately prior to such event.

Table of Contents

(8) No Redemption. The Series CC Shares shall not be redeemable.

(9) Rank. The Series CC Shares shall rank, with respect to the payment of dividends and the distribution of assets, junior to all series of any other class of the Corporation's Preferred Stock.

(10) Amendment. The Articles of Incorporation of the Corporation shall not be amended in any manner which would materially alter or change the powers, preferences or special rights of the Series CC Shares so as to affect them adversely without the affirmative vote of the holders of at least two-thirds of the outstanding Series CC Shares, voting together as a single class.

IN WITNESS WHEREOF, CenturyLink, Inc. has caused this Articles of Amendment of Articles of Incorporation relating to the establishment of rights and preferences of Series CC Junior Participating Preferred Stock to be duly executed by its President this 13th day of February, 2019.

SUMMARY OF RIGHTS TO PURCHASE

PREFERRED SHARES

Introduction

Our Company, CenturyLink, Inc., a Louisiana corporation, has entered into a Rights Agreement with Computershare Trust Company, N.A., as Rights Agent, dated as of February 13, 2019 (the Rights Agreement). Our Board of Directors (the Board) approved the Rights Agreement in an effort to deter acquisitions of our common stock that would potentially limit our ability to use our built in losses and any resulting net loss carryforwards to reduce potential future federal income tax obligations.

For those interested in the specific terms of the Rights Agreement, we provide the following summary description. Please note, however, that this description is only a summary, and is not complete, and should be read together with the entire Rights Agreement, which has been filed with the Securities and Exchange Commission as an exhibit to our Current Report on Form 8-K, dated February 14, 2019. A copy of the agreement is available free of charge from our Company.

General. Under the Rights Agreement, from and after the record date of February 25, 2019, each share of our common stock will carry with it one preferred share purchase right (a Right), until the Distribution Date (as defined below) or earlier expiration of the Rights, as described below. In general, any person that, together with all Affiliates and Associates (each as defined in the Rights Agreement), acquires 4.9% or more of our outstanding common stock after February 13, 2019, or entry into the Rights Agreement, will be subject to significant potential dilution. Stockholders who own 4.9% or more of the outstanding common stock as of the close of business on February 13, 2019, will not trigger the Rights so long as they do not (i) acquire additional shares of common stock representing one-half of one percent (0.5%) or more of the shares of common stock outstanding at the time of such acquisition or (ii) fall under 4.9% ownership of common stock and then re-acquire shares that in the aggregate equal 4.9% or more of the common stock. A person will not trigger the Rights solely as a result of any transaction that the Board determines, in its sole discretion, is an exempt transaction for purposes of triggering the Rights. STT Crossing Ltd. and its Affiliates and Associates will be exempt stockholders for the purposes of the Rights Agreement, unless and until STT Crossing Ltd. (or any Affiliates of STT Crossing Ltd.) acquires any common stock other than (x) in a transaction that is permitted under Section 4 of the Stockholder Rights Agreement, dated as of October 31, 2016, by and among the Company and STT Crossing Ltd. (the Stockholder Rights Agreement) or (y) any transfers of common stock or other Company equity interests between STT Crossing Ltd. and its Affiliates. A person to whom STT Crossing Ltd. transfers any amount of common stock pursuant to and as permitted by Section 4.2 of the Stockholder Rights Agreement will be exempt for purposes of the Rights Agreement, unless and until such person (or any Affiliates or Associates of such person) acquires any additional common stock.

The Board may, in its sole discretion prior to the Distribution Date, exempt any person or group for purposes of the Rights Agreement if it determines the acquisition by such person or group will not jeopardize tax benefits or is otherwise in the Company's best interests. Any person that acquires shares of common stock in violation of these limitations is known as an Acquiring Person. Notwithstanding the foregoing, a Person shall not be an Acquiring Person if the Independent Directors determines at any time that a Person who would otherwise be an Acquiring Person, has become such without intending to become an Acquiring Person, and such Person divests as promptly as

practicable (or within such period of time as the Independent Directors determine is reasonable) a sufficient number of shares of Common Stock of the Company so that such Person would no longer be an Acquiring Person, as defined pursuant to The Rights Agreement is not expected to interfere with any merger or other business combination approved by our Board.

The Rights. From the record date of February 25, 2019, until the Distribution Date or earlier expiration of the Rights, the Rights will trade with, and will be inseparable from, the common stock. New Rights will also accompany any new shares of common stock that we issue after February 13, 2019, until the Distribution Date or earlier expiration of the Rights.

Table of Contents

Exercise Price. Each Right will allow its holder to purchase from our Company one ten-thousandth of a share of Series CC Junior Participating Preferred Stock (Preferred Share) for \$28, subject to adjustment (the Exercise Price), once the Rights become exercisable. This fraction of a Preferred Share will give the stockholder approximately the same dividend, voting, and liquidation rights as would one share of common stock. Prior to exercise, the Right does not give its holder any dividend, voting, or liquidation rights.

Exercisability. The Rights will not be exercisable until 10 business days (as may be extended in the discretion of the Independent Directors) after the public announcement that a person or group has become an Acquiring Person unless the Rights Agreement is theretofore terminated or the Rights are theretofore redeemed (as described below).

We refer to the date when the Rights become exercisable as the Distribution Date. Until that date or earlier expiration of the Rights, the common stock certificates will also evidence the Rights, and any transfer of shares of common stock will constitute a transfer of Rights. After that date, the Rights will separate from the common stock and be evidenced by book-entry credits or by Rights certificates that we will mail to all eligible holders of common stock. Any Rights held by an Acquiring Person, or any Affiliates or Associates of the Acquiring Person, are void and may not be exercised.

Consequences of a Person or Group Becoming an Acquiring Person. If a person or group becomes an Acquiring Person, all holders of Rights except the Acquiring Person, or any Affiliates or Associates of the Acquiring Person, may, upon payment of the Exercise Price, purchase shares of our common stock with a market value of twice the Exercise Price, based on the current per share market price of the common stock (as defined in the Rights Agreement) on the date of the acquisition that resulted in such person or group becoming an Acquiring Person.

Exchange. After a person or group becomes an Acquiring Person, our Independent Directors in their sole discretion may extinguish the Rights by exchanging one share of common stock or an equivalent security for each Right, other than Rights held by the Acquiring Person or any Affiliates or Associates of the Acquiring Person.

Preferred Share Provisions. Each one ten-thousandth of a Preferred Share, if issued:

will not be redeemable.

will entitle holders to dividends equal to the dividends, if any, paid on one share of common stock.

will entitle holders upon liquidation either to receive \$1.00 per share or an amount equal to the payment made on one share of common stock, whichever is greater.

will vote together with the common stock as one class on all matters submitted to a vote of stockholders of the Company and will have the same voting power as one share of common stock, except as otherwise provided by law.

will entitle holders to a per share payment equal to the payment made on one share of common stock, if shares of our common stock are exchanged via merger, consolidation, or a similar transaction.

The value of one ten-thousandth interest in a Preferred Share is expected to approximate the value of one share of common stock.

Expiration. The Rights will expire on the earliest of (i) December 1, 2020, (ii) the time at which the Rights are redeemed, (iii) the time at which the Rights are exchanged, (iv) the time at which the Board determines that the Net Operating Losses of the Company (the NOLs) are utilized in all material respects or that an ownership change under Section 382 of the Internal Revenue Code would not adversely impact in any material respect the time period in which the Company could use the NOLs, or materially impair the amount of the NOLs that could be used by the Company in any particular time period, for applicable tax purposes, (v) the first anniversary of the execution of the Rights Plan if approval of the Rights Plan by the affirmative vote of a majority of the votes cast at a duly called meeting has not been obtained prior to such date, or (vi) a determination by the Board, prior to the Distribution Date, that the Rights Agreement and the Rights are no longer in the best interests of the Company and its stockholders.

Redemption. Our Board may redeem the Rights for \$0.0001 per Right at any time before the Distribution Date. If our Board redeems any Rights, it must redeem all of the Rights. Once the Rights are redeemed, the only right of the holders of Rights will be to receive the redemption price of \$0.0001 per Right. The redemption price will be adjusted if we have a stock split or stock dividends of our common stock.

Anti-Dilution Provisions. Our Board may adjust the Exercise Price, the number of Preferred Shares issuable and the number of outstanding Rights to prevent dilution that may occur from a stock dividend, a stock split, or a reclassification of the Preferred Shares or common stock.

Amendments. The terms of the Rights Agreement may be amended by our Board without the consent of the holders of the Rights. After the Distribution Date, our Board may not amend the agreement in a way that adversely affects holders of the Rights (other than an Acquiring Person, or an Affiliate or Associate of an Acquiring Person).
