THE INTERGROUP CORPORATION NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

1. General

The consolidated financial statements included herein are unaudited; however, in the opinion of The InterGroup Corporation ("InterGroup" or the "Company"), the interim financial information contains all adjustments, including normal recurring adjustments, necessary to present fairly the results for the interim period. These consolidated financial statements include the accounts of the Company and its subsidiaries and should be read in conjunction with the Company's June 30, 2005 audited consolidated financial statements and notes thereto.

As of March 31, 2006, the Company had the power to vote 78%, of the voting shares of Santa Fe Financial Corporation ("Santa Fe"), a public company (OTCBB: SFEF). Santa Fe's revenue is primarily generated through the management of its 68.8% owned subsidiary, Portsmouth Square, Inc. ("Portsmouth"), a public company (OTCBB: PRSI), which derives its revenue primarily as a general partner and a 49.8% limited partner in Justice Investors, a California limited partnership ("Justice" or the "Partnership"). Justice owns the land, improvements and leaseholds now known as the Hilton San Francisco Financial District, a 549-room hotel in San Francisco, California (the "Hotel"). Both Santa Fe and Portsmouth are consolidated into the Company's financial statements.

Edgar Filing: INTERGROUP CORP - Form 10QSB

Certain prior year balances have been reclassified to conform with the current year presentation.

The results of operations for the three and nine months ended March 31, 2006 are not necessarily indicative of results to be expected for the full fiscal year ending June 30, 2006.

Earnings Per Share

Basic earnings per share is computed by dividing net income available to common stockholders by the weighted average number of common shares outstanding. The computation of diluted earnings per share is similar to the computation of basic earnings per share except that the weighted-average number of common shares is increased to include the number of additional common shares that would have been outstanding if potential dilutive common shares had been issued. The Company's only potentially dilutive common shares are stock options. Stock options are included in diluted earnings per share by application of the treasury stock method. As of March 31, 2006, the Company had 369,000 stock options that were considered potentially dilutive common shares and 36,000 stock options that were considered anti-dilutive. As of March 31, 2005, the Company had 367,500 stock options that were considered potentially dilutive common shares and 25,500 stock options that were considered anti-dilutive. These amounts were included in the calculation for diluted earnings per share.

Stock-Based Compensation Plans

Effective December 15, 2005, the FASB revised FAS No. 123, Share-Based Payment ("SFAS 123R"). FAS 123R requires companies to recognize compensation expense equal to the fair value of stock options or other share-based payments. During the nine months ended March 31, 2006 and March 31, 2005, the Company granted 12,000 and 15,000 stock options, respectively.

-9-

Marketable securities are stated at market value as determined by the most recently traded price of each security at the balance sheet date. Marketable securities are classified as trading with net change in unrealized gains or losses included in earnings.

As part of the investment strategies, the Company may assume short positions in marketable securities. Short sales are used by the Company to potentially offset normal market risks undertaken in the course of its investing activities or to provide additional return opportunities. 4. Investment in Justice Investors:

The consolidated accounts include a 49.8% interest in Justice Investors, a California limited partnership ("Justice" or the "Partnership"), in which Portsmouth serves as one of the two general partners. The other general partner, Evon Corporation ("Evon"), serves as the managing general partner. Justice owns the land, improvements and leaseholds now known as the Hilton San Francisco Financial District, a 549-room hotel in San Francisco, California (the "Hotel"). The Company's investment in Justice is recorded on the equity basis.

The Company amortizes the step up in the asset values which represents the excess purchase price over the underlying book value and is allocable to the depreciable assets of its investment in Justice over 40 years, which approximates the remaining life of the primary asset, the hotel building.

As a general and limited partner, Portsmouth has significant control over the management and operation of the assets of Justice. All significant partnership decisions require the active participation and approval of both general partners. The Company and Evon jointly consult and determine the amount of partnership reserves and the amount of cash to be distributed to the limited partners.

-10-

Pursuant to the terms of the partnership agreement, voting rights of the partners are determined according to the partners' entitlement to share in the net profit and loss of the partnership. The Company is not entitled to any additional voting rights by virtue of its position as a general partner.

The partnership agreement also provides that no portion of the partnership real property can be sold without the written consent of the general and limited partners entitled to more than 72% of the net profit.

Historically, Justice's most significant income source was a lease between the Partnership and Felcor Lodging Trust, Inc. ("Felcor") for the Hotel portion of the property. Pursuant to a Settlement Agreement entered into on May 3, 2004, Felcor agreed to terminate its lease and surrender possession of the Hotel to

Edgar Filing: INTERGROUP CORP - Form 10QSB

Justice, on June 30, 2004. Effective July 1, 2004, Justice became the owner-operator of the Hotel, with the assistance of a Management Agreement with Dow Hotel Company, LLC. ("Dow") to perform the day-to day management functions of the Hotel. The Partnership also derives income from the lease of the garage portion of the property to Evon and from a lease on the lobby level of the Hotel to Tru Spa. The Company also derives revenue from management fees from Justice for actively managing the hotel as a general partner.

On December 10, 2004, Justice entered into a Franchise License Agreement for the right to operate the Hotel property as a Hilton brand hotel. Prior to operating the hotel as a Hilton, the Partnership was required to make substantial renovations to the hotel to meet Hilton standards in accordance with a product improvement plan agreed upon by Hilton and the Partnership, as well as complying with other brand standards. The Agreement required that those renovations be complete and the Hotel commence operations as a Hilton hotel no later than June 1, 2006. The term of the Agreement is for a period of 15 years commencing on the opening date, with an option to extend the license term for another five years, subject to certain conditions.

On March 15, 2005, the Partnership announced its decision to close down its Hotel operations on or about June 1, 2005 to complete renovations of the Hotel as required by the Hilton Agreement. The below ground parking garage and Tru Spa located on the lobby level of the Hotel, both of which are lessees of the Partnership, remained open during the renovation work. The Hotel renovation work was substantially completed on January 12, 2006 at which time the Partnership obtained approval from Hilton to open the Hotel as the "Hilton San Francisco Financial District". The Hotel opened with a limited number of rooms available to rent, which increased as the Hotel transitioned into full operations. All of the guest rooms, suites and amenities were completed by the end of February 2006.

The total cost of the renovation project of the Hotel is currently expected to be approximately \$43 million. That amount includes approximately \$35 million for the actual cost of the renovations and approximately \$8 million for estimated carrying costs of operations during the renovation period and for the first four months of operations after the hotel opens. As of March 31, 2006, the Partnership has expended approximately \$31,864,000 in construction costs related to the renovation and approximately \$7,700,000 in carrying costs, which includes approximately \$636,000 in interest costs incurred during the construction phase that was capitalized. For the nine months ended March 31, 2006, the Partnership had an operating loss of approximately \$6,632,000.

On July 14, 2005, the Financial Accounting Standards Board directed Staff Position (FSP) SOP 78-9-1, "Interaction of AICPA Statement of Position 78-9 and EITF Issue No. 04-5" to amend the guidance in AICPA Statement of Position 78-9, "Accounting for Investments in Real Estate Ventures" (SOP 78-9) to be

-11-

consistent with the consensus in Emerging Issues Task Force Issue No. 04-5 "Determining Whether a General Partner, or General Partners as a Group, Controls a Limited Partnership or Similar Entity When the Limited Partners Have Certain Rights" (Issue 04-5). FSP SOP 78-9-1 eliminated the concept of "important rights" in paragraph .09 of SOP 78-9 and replaces it with the concepts of "kick out rights" and "substantive participating rights" as defined in Issue 04-5.

Under the amendment to paragraph .09 of SOP 78-9 the general partners of a limited partnership should be deemed to control a limited partnership; however, the rights of the limited partners may overcome that presumption of control.

Edgar Filing: INTERGROUP CORP - Form 10QSB

The guidance in EITF Issue No. 04-5 should be used to determine whether the rights of the limited partners overcome the presumption of control by the general partners. The presumption of control is not overcome by the rights of the limited partners and if a single general partner controls the limited partnership, that general partner should consolidate the limited partnership and apply the principles of accounting applicable for investments in subsidiaries. For existing partnership agreements such as Justice Investors, the guidance should be applied in financial statements issued for the first reporting period in the fiscal years beginning after December 15, 2005 and early application is encouraged.

During the fiscal quarter ended March 31, 2006, Portsmouth conducted an assessment of its general and limited interest in Justice Investors under the new guidance provided by SOP 78-9-1. The Company determined that, under the limited partnership agreement, the limited partners of Justice do not have either "kick out rights" to remove Portsmouth as a general partner or "substantive participating rights" to direct the business of the Partnership. Significant in that assessment is the fact that the limited partners of Justice do not have the ability to dissolve (liquidate) the Partnership and effectively remove the general partners without the participation and consent of Portsmouth's 49.8% limited partnership interest since any action to sell the Partnership real property and dissolve the Partnership requires the approval of partners entitled to more than 72% of the net profit of the Partnership. Based on its assessment, Portsmouth has concluded that rights of the limited partners under the Partnership agreement do not overcome the presumption that Portsmouth, as a general partner and a significant limited partner, controls the Partnership in accordance with guidance set forth in FSP SOP 78-9-1. Thus, Portsmouth should consolidate Justice and apply the principles of accounting applicable for investments in subsidiaries due to its substantial limited partnership interest and general partnership rights.

Portsmouth will apply the guidance of FSP SOP 78-9-1 no later than in its financial statements issued for the first reporting period of its fiscal year beginning July 1, 2006.

("JPI") for property management services for five of its properties located in: Irving, Texas; San Antonio, Texas; Parsippany, New Jersey; Florissant, Missouri; and Florence, Kentucky. The Agreements provide for a management fee equal to three and one-half percent of the gross monthly receipts of each property and are for a term of one year, but can be terminated by either party upon thirty days written notice.

In August 2005, the Company sold its 112-unit apartment complex located in Austin, Texas for \$4,400,000 and realized a net loss on the sale real estate of \$24,000. The Company received net proceeds of \$1,664,000 after selling costs and attorney's fees and the repayment of the mortgage note in the amount of \$2,186,000.

As of January 12, 2006 the Hotel renovation work was substantially completed, at which time the Partnership obtained approval from Hilton to open the Hotel as the "Hilton San Francisco Financial District". The Hotel opened with a limited number of rooms available to rent, which increased as the Hotel transitioned into full operations by the end of February 2006.

The newly opened Hilton hotel has 549 well appointed guestrooms and luxury suites with bay or city views, featuring large working desks, ergonomic chairs, wired and wireless high-speed Internet access, and "The Suite Dreams" beds by Hilton, complete with duvet, down comforter and jumbo size pillows. The newly redesigned meeting rooms and ballroom will accommodate meetings and events for up to 500 people with video conferencing and premium audio/visual equipment. A new business center and fitness center are additional amenities. The new Hilton hotel also has the only hotel day spa (Tru Spa) in the Financial District. A

-17-

redesigned entry way is integrated into the lobby and management expects the new restaurant "Seven Fifty" and lounge, with a dramatic fireplace treatment, will bring a new level of excitement and service to the guests of the hotel. Management believes that the new Hilton hotel will now be able to directly compete with all hotels in the Financial District.

On January 20, 2006, the Partnership obtained a \$4,500,000 increase in its existing line of credit capacity with United Commercial Bank, raising the total amount available to the Partnership pursuant to that line of credit to \$14,500,000. The increase in the credit line is on the same terms as the existing line of credit with additional loan and documentation fees of \$4,000. As of March 31, 2006, the balance on this line was \$10,109,000.

Effective February 23, 2006, Justice Investors entered into an amended and restated compensation agreement with its general partners, Evon and Portsmouth. Pursuant to that agreement, Evon and Portsmouth are each to receive a total of \$377,500 in repositioning fees as compensation for their services rendered to Justice with respect to repositioning the Hotel and restructuring its business and management subject to certain performance criteria. As of March 31, 2006, a total of \$187,500 in repositioning fees had been paid to Portsmouth, with \$118,750 having been received in current quarter. An additional \$100,000 in repositioning fees has been earned by Portsmouth and accrued by Justice but not yet paid.

RESULTS OF OPERATIONS

For the Three Months Ended March 31, 2006 Compared to the Three Months Ended March 31, 2005

The Company had net income of \$982,000 for the three months ended March 31, 2006 compared to a net loss of \$4,915,000 for the three months ended March 31, 2005. As discussed below, the substantial change was primarily due to the significant improvement in the performance of the Company's investment portfolio partially offset by the significantly higher loss related to the Company's equity investment in Justice Investors.

The loss from real estate operations increased to \$534,000 for the three months ended March 31, 2006 from \$343,000 for the three months March 31, 2005 primarily as the result of higher property operating expenses. Property operating expenses increased to \$1,620,000 from \$1,269,000 as the result of management's continual effort to improve the real operations and provide a higher quality product and service to our tenants and to improve economic occupancy of our properties. As the result, the Company incurred higher repairs and maintenance, salary, cleaning and decorating, and leasing expenses. These increases were partially offset by lower property insurance expenses. During quarter ended March 31, 2006, the Company sold 5.4 acres of unimproved land in Pasadena, Texas for \$467,000 and recognized a gain on the sale of \$160,000. This gain is presented under discontinued operations. Additionally, in March 2006, the Company listed its 224 unit apartment complex located in Irving, Texas for sale. The revenues and expenses for this property are excluded from real estate operations and are presented under discontinued operations. The amortization expense of \$167,000 during the three months ended March 31, 2005 was related to the amortization of the intangible asset acquired along with the purchase of the Las Colinas, Texas property purchased in April 2004.

The loss from the Company's equity investment in Justice Investors increased to \$1,624,000 for the three months ended March 31, 2006 from \$509,000 for the three months ended March 31, 2005. The increased Partnership loss was primarily

-18-

attributable to approximately \$794,000 in one time start up costs for the reopening of the hotel in January 2006 as well as higher interest expenses, depreciation and amortization, property taxes, insurance costs and general and administrative expenses related to the renovation and repositioning of the Hotel. Partnership operating revenues for the three months ended March 31, 2006 were approximately \$3,471,000 compared to approximately \$3,001,000 for the three months ended March 31, 2005. Of that amount, \$3,158,000 was attributable to the operations of the Hotel, which commenced operations on a limited basis on January 12, 2006, compared to \$2,903,000 in hotel revenues for the same three month period in fiscal 2005. Average Hotel occupancy rates for the three months ended March 31, 2006 were approximately 37% (based on 549 rooms) with an average daily room rate of approximately \$146, compared to an average occupancy rate of approximately 60% and an average daily room rate of approximately \$85 for the three months ended March 31, 2005. Garage rental income increased to approximately \$279,000 from approximately \$245,000 for the same period in the prior fiscal year.

While the Partnership believes that the Hotel is now positioned to compete with the other hotels in the Financial District, it is expected that it will be several months before the Hotel operations begin to reach its stabilization level after being closed for more than 7 months. Management understands that such a ramp up period is typical in the industry for hotels that shut down

Edgar Filing: INTERGROUP CORP - Form 10QSB

operations for major renovations, especially for those hotels that reopen as a different brand. As a general partner of Justice, Portsmouth will continue to work diligently with Evon, Dow and Hilton to improve the operations of the Hotel.

Included in other income are monthly management fees and repositioning fees from Justice earned by the Company for its services as a general partner related to the repositioning of the hotel. The increase in other income to \$232,000 for the three months ended March 31, 2006 from \$18,000 for the three months ended March 31, 2005 was primarily the result of \$218,000 in repositioning fees earned by the Company during the current period.

The Company had net gains on marketable securities of \$4,439,000 for the three months ended March 31, 2006 compared to net losses on marketable securities of \$8,203,000 for the three months ended March 31, 2005 as the result of the significant improvement in the performance of the Company's investment portfolio. For the three months ended March 31, 2006, the Company had net unrealized gains of \$4,623,000 and net realized losses of \$184,000. For the three months ended March 31, 2005, the Company had net unrealized losses of \$10,941,000 and net realized gains of \$2,738,000. Gains and losses on marketable securities may fluctuate significantly from period to period in the future and could have a significant impact on the Company's net income. However, the amount of gain or loss on marketable securities for any given period may have no predictive value and variations in amount from period to period may have no analytical value. For a more detailed description of the composition of the Company's marketable securities please see the Marketable Securities section below.

The provision for income tax benefit(expense) changed to a tax expense of \$668,000 for the three months ended March 31, 2006 from a tax benefit of \$3,999,000 for the three months ended March 31, 2005 primarily due to the pre-tax income generated by the Company during current quarter as compared a substantial to pre-tax loss of incurred during the quarter ended March 31, 2005.

Minority interest benefit(expense) changed to a minority expense of \$135,000 from a minority expense of \$1,081,000 as the result of the income generated by the Company's subsidiary, Santa Fe, in the current quarter as compared a significant loss incurred in the comparable quarter.

-19-

For the Nine Months Ended March 31, 2006 Compared to the
Nine Months Ended March 31, 2005

The Company had a net loss of \$233,000 for the nine months ended March 31, 2006 compared to a net loss of \$2,190,000 for the nine months ended March 31, 2005. As discussed below, the substantial decrease in the net loss was primarily due to the significant improvement in the performance of the Company's investment portfolio partially offset by the significantly higher loss related to the Company's equity investment in Justice Investors and the decrease in the gain from sale of real estate.

The loss from real estate operations increased to \$1,647,000 for the nine months ended March 31, 2006 from \$1,419,000 for the nine months March 31, 2005. Property operating expenses increased to \$4,777,000 from \$3,812,000 partially due to \$250,000 in consulting fees for professional services provided during the nine months ended March 31, 2006 to assist management with the improvement of the Company's real estate operations and to help with the sale of certain non-strategic real estate properties. Additionally, as the result of management's continual effort to improve the real estate operations and provide

Edgar Filing: INTERGROUP CORP - Form 10QSB

a higher quality product and service to our tenants and to improve the economic occupancy of our properties, the Company incurred higher property related operating expenses which include repairs and maintenance, salary, cleaning and decorating, and leasing expenses. These increases were partially offset by lower property insurance expenses. Utilities expense also increased as the result of higher energy prices.

During nine months ended March 31, 2006, the Company sold three apartment properties and a parcel of land and realized gains on the sale of real estate of totaling \$1,321,000. In February 2006, the Company sold 5.4 acres of unimproved land in Pasadena, Texas for \$467,000 and recognized a gain on the sale of \$160,000. In December 2005, the Company sold its 54-unit apartment complex located in Irving, Texas for \$3,100,000 and realized a gain on the sale of real estate of \$598,000. In November 2005, the Company sold its 5-unit apartment complex located in Los Angeles, California for \$1,620,000 and realized a gain on the sale of real estate of \$587,000. In August 2005, the Company sold its 112-unit apartment complex located in Austin, Texas for \$4,400,000 and realized a net loss on the sale real estate of \$24,000. During the nine months ended March 31, 2005, the Company sold a 442-unit apartment complex located in Houston, Texas and realized a gain of \$6,006,000 from the sale of real estate. The gain on the sale of these properties and the related revenues and expenses are excluded from the real estate operations and are presented under discontinued operations. During the nine months ended March 31, 2005, the Company incurred a loss on early termination of debt of \$133,000 as the result of the repayment of \$1,180,000 mortgage on 54-unit apartment complex located in Irving, Texas that was eventually sold in December 2005. The amortization expense of \$500,000 during the nine months ended March 31, 2005 was related to the amortization of the intangible asset acquired along with the purchase of the Las Colinas, Texas property purchased in April 2004.

The loss from the Company's equity investment in Justice Investors increased to \$3,482,000 for the nine months ended March 31, 2006 from \$789,000 for the nine months ended March 31, 2005. Effective, May 31, 2005, the Partnership elected to close down its Hotel operations to complete the renovations of the Hotel as required by the Hilton Franchise Agreement. Since the Hotel did not reopen until January 12, 2006, less than three months of operating results from the Hotel are included in the nine months ended March 31, 2006 while the nine months ended March 31, 2005 include the full operations of the Hotel for that period. For the nine months ended March 31, 2006 the Partnership sustained a net loss of \$6,632,000 compared to a net loss of \$1,224,000 for the same period

-20-

in fiscal 2005. The increase in the net loss was primarily attributable to hotel revenue of only \$3,158,000 for the nine months ended March 31, 2006 compared to \$10,709,000 for the nine months ended March 31, 2005 and increased costs in the current period related to the reopening of the hotel, higher interest expenses, property taxes, insurance costs, general and administrative expenses, professional fees, security personnel and other costs for the repositioning of the Hotel. The Partnership also had a decrease in garage rent to \$604,000 from \$794,000 for the comparable period in fiscal 2005, primarily due to the closing of the Hotel.

The Company had net gains on marketable securities of \$5,735,000 for the nine months ended March 31, 2006 compared to net losses of \$6,125,000 for the nine months ended March 31, 2005 as the result of the significant improvement in the performance of the Company's investment portfolio. For the nine months ended March 31, 2006, the Company had net unrealized gains of \$6,042,000 and net realized losses of \$307,000. For the nine months ended March 31, 2005, the Company had net unrealized losses of \$9,368,000 and net realized gains of

Edgar Filing: INTERGROUP CORP - Form 10QSB

\$3,243,000. Gains and losses on marketable securities may fluctuate significantly from period to period in the future and could have a significant impact on the Company's net income. However, the amount of gain or loss on marketable securities for any given period may have no predictive value and variations in amount from period to period may have no analytical value. For a more detailed description of the composition of the Company's marketable securities please see the Marketable Securities section below.

Margin interest and trading expenses decreased to \$1,848,000 from \$2,119,000 primarily as the result of the decrease in margin interest to \$524,000 from \$774,000 due to the maintenance of lower margin balances during the nine months ended March 31, 2006.

General and administrative expenses increased to \$1,145,000 from \$1,022,000 as the result of the increase in accounting related expenses, tax consulting and preparation fees and the expense of improving the Company's corporate computer and communications systems.

The provision for income tax benefit decreased to \$393,000 from \$2,214,000 as the result of the significantly smaller pre-tax loss incurred by the Company during the nine months ended March 31, 2006 as compared to the nine months ended March 31, 2005.

Minority interest benefit decrease to \$379,000 from \$1,130,000 is as the result of the smaller losses incurred by the Company's subsidiary, Santa Fe, during the nine months ended March 31, 2006 as compared to the nine months ended March 31, 2005.

MARKETABLE SECURITIES

The Company's investment portfolio is diversified with 99 different equity positions. The portfolio contains five individual equity securities that are more than 5% of the equity value of the portfolio with the largest security being 9.9% of the value of the portfolio. The amount of the Company's investment in any particular issuer may increase or decrease, and additions or deletions to its securities portfolio may occur, at any time. While it is the internal policy of the Company to limit its initial investment in any single equity to less than 5% of its total portfolio value, that investment could eventually exceed 5% as a result of equity appreciation or reduction of other positions. Marketable securities are stated at market value as determined by the most recently traded price of each security at the balance sheet date.

-21-

As of March 31, 2006, the Company had approximately 26.2% of its marketable securities portfolio invested in the telecommunications and media industry group. While such concentration could be considered a risk factor, that industry grouping includes telecommunications and media companies that operate in different sectors of telecommunications and media industries, which the Company believes is consistent with its diversification policies.

FINANCIAL CONDITION AND LIQUIDITY

The Company's cash flows are generated primarily from its real estate activities, sales of investment securities and borrowings related to both. During the nine months ended March 31, 2006, operating activities used cash of \$1,979,000, investing activities provided cash of \$5,735,000 and financing activities used cash of \$3,986,000.

During the nine months ended March 31, 2006, the Company made property improvements in the aggregate amount of \$2,283,000. Management believes the improvements to its properties will enhance market values, maintain the competitiveness of the Company's properties and potentially enable the Company to obtain a higher yield through higher rents.

In February 2006, the Company sold 5.4 acres of unimproved land in Pasadena, Texas for \$467,000 and recognized a gain on the sale of \$160,000. The Company received net proceeds of \$434,000 after selling costs and attorney's fees.

Edgar Filing: INTERGROUP CORP - Form 10QSB

In December 2005, the Company sold its 54-unit apartment complex located in Irving, Texas for \$3,100,000 and realized a gain on the sale of real estate of \$598,000. The Company received net proceeds of \$2,931,000 after selling costs and attorney's fees.

In November 2005, the Company sold its 5-unit apartment complex located in Los Angeles, California for \$1,620,000 and realized a gain on the sale of real estate of \$587,000. The Company received net proceeds of \$870,000 after selling costs and attorney's fees and the repayment of the mortgage note in the amount of \$660,000.

In August 2005, the Company sold its 112-unit apartment complex located in Austin, Texas for \$4,400,000 and realized a net loss on the sale real estate of \$24,000. The Company received net proceeds of \$1,664,000 after selling costs and attorney's fees and the repayment of the mortgage note in the amount of \$2,186,000. A portion of the net proceeds from the sale was used to pay down the Company's line of credit by \$255,000.

Prior to operating the hotel as a Hilton, the Partnership was required to make substantial renovations to the hotel to meet Hilton standards in accordance with a product improvement plan agreed upon by Hilton and the Partnership, as well as complying with other brand standards. The Partnership currently estimates that the total cost of the renovation project will be approximately \$43 million. That amount includes approximately \$35 million for the actual cost of the renovations and approximately \$8 million for estimated carrying costs of operations during the renovation period and for the first four months of operations after the hotel opens. That amount reflects an increase in the Partnership's prior estimates primarily due to increased start up costs related to the reopening of the Hotel and higher than anticipated operating costs in relation to revenues due to opening the Hotel on a limited basis on January 12, 2006.

To meet its substantial financial commitments for the renovation project, Justice has relied on additional borrowings to meet its obligations. On July 27, 2005, Justice entered into a first mortgage loan (the "Prudential Loan") with The Prudential Insurance Company of America in a principal amount of \$30,000,000. The term of the Loan is for 120 months at a fixed interest rate of 5.22% per annum. The Loan calls for monthly installments of principal and interest in the amount of approximately \$165,000, calculated on a 360 month amortization schedule. The Loan is collateralized by a first deed of trust on the Partnership's Hotel property, including all improvements and personal property thereon and an assignment of all present and future leases and rents. The Loan is without recourse to the limited and general partners of Justice.

-23-

On July 27, 2005, Justice also obtained a \$10,000,000 Revolving Line of Credit ("LOC") from United Commercial Bank. The term of the LOC is for 60 months at an annual interest rate based on the index selected by Justice at the time of the request for each advance. The interest rate will either be a variable rate equal to The Wall Street Journal Prime Rate or the Libor Rate plus 2%, fixed for the period selected by the Partnership. The LOC is collateralized by a second deed of trust on the Hotel property. Interest only is payable monthly with principal and accrued interest due at maturity. On January 20, 2006, the Partnership obtained a \$4,500,000 increase in its existing line of credit capacity with United Commercial Bank, raising the total amount available to the Partnership pursuant to that line of credit to \$14,500,000. The increase in the credit line is on the same terms as the existing line of credit with additional loan and documentation fees of \$4,000. As of March 31, 2006, approximately \$10,109,000 of the \$14,500,000 total LOC was utilized by the Partnership.

Edgar Filing: INTERGROUP CORP - Form 10QSB

Prudential Loan and the LOC have provided Justice with sufficient financial resources for the Partnership to complete the substantial renovations to the Hotel required by its Franchise License Agreement with Hilton and to meet its debt service requirements and operating capital needs through the reopening of the Hotel and anticipates that those resources will be sufficient to sustain its operating cash needs until the Hotel begins generating net income which the Partnership expects to be in the late Spring of 2006. The Partnership also believes that there is sufficient equity in the Hotel assets to support future borrowings if necessary. The Partnership believes that the revenues expected to be generated from the Hotel operations after stabilization will be sufficient to meet all of its current and future obligations and financial requirements.

That additional amount of leverage related to the Prudential Loan and the utilization of the LOC and the associated debt service will create additional risk for the Partnership and its ability to generate cash flows in the future since the Hotel asset has been virtually debt free for many years. The Partnership does not anticipate paying any partnership distributions until some time after operations commence under the Hilton brand and net income and capital requirements warrant such distributions. As a result, the Company may have to depend more on the revenues generated from the investment of its cash and securities assets during that transition period.

The Company has invested in short-term, income-producing instruments and in equity and debt securities when deemed appropriate. The Company's marketable securities are classified as trading with unrealized gains and losses recorded through the statement of operations.

Management believes that the net cash flow generated from future operating activities and its capital resources will be adequate to meet its current and future obligations.

OFF-BALANCE SHEET ARRANGEMENTS

The Company has no off balance sheet arrangements.

The Company also does not have any material contractual obligations or commercial commitments.

IMPACT OF INFLATION

The Company's residential and commercial rental properties provide income from short-term operating leases and no lease extends beyond one year. Rental increases are expected to offset anticipated increased property operating expenses.

-24-

Hotel room rates are typically impacted by supply and demand factors, not inflation, since rental of a hotel room is usually for a limited number of nights. Room rates can be, and usually are, adjusted to account for inflationary cost increases. To the extent that the hotel lessee is able to adjust room rates, there should be minimal impact on partnership revenues due to inflation. Partnership revenues are also subject to interest rate risks, which may be influenced by inflation. For the two most recent fiscal years, the impact of inflation on the Company's income is not viewed by management as material.

Edgar Filing: INTERGROUP CORP - Form 10QSB

CRITICAL ACCOUNTING POLICIES

The Company reviews its long-lived assets and other investments for impairment when circumstances indicate that a potential loss in carrying value may have occurred. To the extent that projected future undiscounted cash flows from the operation of the Company's hotel property, owned through the Company's investment in Justice Investors, and rental properties are less than the carrying value of the asset, the carrying value of the asset is reduced to its fair value. For other investments, the Company reviews the investment's operating results, financial position and other relevant factors to determine whether the estimated fair value of the asset is less than the carrying value of the asset.

Marketable securities are stated at market value as determined by the most recently traded price of each security at the balance sheet date. Marketable securities are classified as trading with net unrealized gains or losses included in earnings.
