Use of Proceeds

The Company used \$228,922,400 of the net available proceeds of the 2018 Credit Facility to retire all of the debt under that certain Credit Agreement, dated as of July 27, 2015 (as amended and restated), among the Company, Vonage America Inc., the lenders party thereto and JPMorgan Chase Bank, N.A., as administrative agent. Remaining proceeds from the senior secured term loan and the undrawn revolving credit facility under the 2018 Credit Facility will be used for general corporate purposes.

2018 Credit Facility Terms

The following description summarizes the material terms of the 2018 Credit Facility:

The loans under the 2018 Credit Facility mature on July 31, 2023. Principal amounts under the 2018 Credit Facility are repayable in quarterly installments of \$2.5 million for the senior secured term loan. The unused portion of the Company's revolving credit facility incurs a 0.30% per annum commitment fee. Such commitment fee will be reduced to 0.25% per annum if the Company's consolidated leverage ratio is less than 0.75 to 1.00, and will be increased to 0.35% per annum if the Company's consolidated leverage ratio is greater than or equal to 1.50 to 1.00 and less than 2.50 to 1.00, and to 0.40% per annum if the Company's consolidated leverage ratio is greater than or equal to 2.50 to 1.00.

Outstanding amounts under the 2018 Credit Facility, at the Company's option, will bear interest at:

LIBOR (applicable to one-, two-, three-, six-, or twelve-month periods) plus an applicable margin equal to 2.00% per annum if the Company's consolidated leverage ratio is less than 0.75 to 1.00, 2.25% per annum if the Company's consolidated leverage ratio is greater than or equal to 0.75 to 1.00 and less than 1.50 to 1.00, 2.50% per annum if the Company's consolidated leverage ratio is greater than or equal to 1.50 to 1.00 and less than 2.50 to 1.00 and 2.75% per annum if the Company's consolidated leverage ratio is greater than or equal to 2.50 to 1.00, payable on the last day of each relevant interest period or, if the interest period is longer than three months, each day that is three months after the first day of the interest period, or the base rate determined by reference to the highest of (a) the rate of interest last quoted by the Wall Street Journal as the “Prime Rate” in the U.S., (b) the federal funds effective rate from time to time plus 0.50%, and (c) the adjusted LIBO rate applicable to one month interest periods plus 1.00%, plus an applicable margin equal to 1.00% per annum if the Company's consolidated leverage ratio is less than 0.75 to 1.00, 1.25% per

annum if the Company's consolidated leverage ratio is greater than or equal to 0.75 to 1.00 and less than 1.50 to 1.00, 1.50% per annum if the Company's consolidated leverage ratio is greater than or equal to 1.50 to 1.00 and less than 2.50 to 1.00 and 1.75% per annum if the Company's consolidated leverage ratio is greater than or equal to 2.50 to 1.00, payable on the last business day of each March, June, September, and December and the maturity date of the 2018 Credit Facility.

The 2018 Credit Facility provides greater flexibility to the Company in funding acquisitions and restricted payments, such as stock buybacks and dispositions between guarantors and non-loan parties, than the 2015 Credit Facility.

The Company may prepay the 2018 Credit Facility at its option at any time without premium or penalty. The 2018 Credit Facility is subject to mandatory prepayments in amounts equal to:

100% of the net cash proceeds from any non-ordinary course sale or other disposition of Company property and assets for consideration in excess of a certain amount subject to customary reinvestment provisions and certain other exceptions and

- 100% of the net cash proceeds received in connection with other non-ordinary course transactions, including insurance proceeds not otherwise applied to the relevant insurance loss.

Subject to certain restrictions and exceptions, the 2018 Credit Facility permits the Company to obtain one or more uncommitted incremental term loans and/or revolving credit facilities in an aggregate principal amount of up to \$150 million plus an amount equal to repayments of the senior secured term loan upon providing documentation reasonably satisfactory to the administrative agent. The 2018 Credit Facility includes customary representations and warranties and affirmative covenants of the borrowers. In addition, the 2018 Credit Facility contains customary negative covenants, including, among other things, restrictions on the ability of the Company and its subsidiaries to consolidate or merge, create liens, incur additional indebtedness, dispose of assets, consummate acquisitions, make investments, and pay dividends and other distributions. The Company must also comply with the following financial covenants: Prior to the issuance of certain permitted qualifying indebtedness, the maintenance of a consolidated leverage ratio of no greater than 3.00 to 1.00, with the option, at the election of the Company in connection with an acquisition, for two step-ups to 3.50 to 1.00, each for a period of four consecutive quarters, provided that at least one quarter tested at 3.00 to 1.00 shall occur before the second step-up may be elected.

- After the issuance of certain permitted qualifying indebtedness and subject to the election of the Company, the maintenance of a consolidated leverage ratio of no greater than 4.50 to 1.00 and a consolidated senior secured leverage ratio of no greater than 2.75 to 1.00.

• The maintenance of a consolidated interest charge ratio of no less than 3.00 to 1.00.

The 2018 Credit Facility contains customary events of default that may permit acceleration of the debt. During the continuance of a payment default, interest will accrue on overdue amounts at a default interest rate of 2% above the interest rate which would otherwise be applicable, in the case of loans, and at a rate equal to the rate applicable to base rate loans plus 2%, in the case of all other amounts.
