PART I

This report contains forward-looking statements within the meaning of Section 27A of the *Securities Act of 1933* and Section 21E of the *Securities Exchange Act of 1934*. Actual results could differ materially from those projected in the forward-looking statements if assumptions upon which the forward-looking statements are based do not turn out to be true. The assumptions upon which the forward-looking statements are based include without limitation:

•

We will obtain funding sufficient to execute its business plan.

•

We will be successful competing in a competitive market.

•

Our key personnel will remain with the Company.

•

We will be able to hire skilled personnel for key positions as needed and within our budgetary constraints.

ITEM 1. Description of Business

We were incorporated on November 20, 2002 under the laws of the state of Nevada. Our principal offices are located at Suite 1219, 1450 Chestnut Street, Vancouver, BC V6J 3K3. Our phone number is 604-221-4988.

Through our subsidiary, Oasis Wireless ("*Oasis*"), we provide secure high speed wireless internet access to the public via public hot spots. A hot spot is a location that is typically positioned in an area of high public traffic such as a downtown core; train, bus, ferry, or subway locations; hotel lobbies; coffee shops and similar venues. A subscriber can access the internet with his or her wireless device when located at one of these hot spots. This is a prepaid service and the subscriber has a choice of paying with a credit card online through a secure server or with a pre-paid card with an access code. These cards are made available to the hot spot venue for sale to their customers. Oasis owns a proprietary access solution that consists of an access point which is located at a venue and software hosted at our server which handles billing, security, authentication and merchant account services. The hardware device communicates with the end users' laptop or PDA with a wireless protocol commonly known as Wi-Fi. The end users' wireless device must be equipped with the appropriate Wi-Fi network interface cards. This is a card that fits in a slot in a laptop or other device and allows the user to actually communicate with our server and

use the service.

Operations and Twelve month Plan

Oasis installed working hot spots in a cafe called *Pane from Heaven* and at the Jericho Sailing Club, both in Vancouver, British Columbia. Later the company installed a hot spot at West 1st Avenue and Cypress Street in Vancouver, British Columbia in a private residence. Two of these hot spots have been dismantled for lack of adequate revenue generation. Oasis recently installed a new hot spot in another private residence near West 8th Avenue and Burrard Street, which sits on a hill overlooking one of the most densely populated areas in Vancouver, British Columbia. Our negotiations with the Blenz Coffee chain in British Columbia have been terminated.

Financing

We have been meeting our financial needs more recently through loans from our President, Mr. Machula. To June 30, 2005 he has lent to us \$67,760 on a unsecured interest free no terms basis. While there is no guarantee that this will continue, Mr. Machula has continued to lend money to us since June 30, 2005. It is hoped that should we gain a public listing we will be able to more easily access public financing, although there is no assurance of this possibility.

We are currently in the development stage and have not yet generated any significant revenues. At June 30, 2005 our accumulated deficit is \$214,353. Our cash was \$6,179. Our total revenue for the year was \$462.

Hardware and Software

We do not have any planned expenditures in the area of hardware over the next twelve months as some of the servers that have been dismantled will be redeployed for other hot spot locations once we are able to secure new locations.

Current and New Employment

When our budget allows, we anticipate we will hire a marketing person to assist us to gain new customers. We have identified a person for this job, but will not initiate the position until we erect two more hot spot locations. This marketing person will earn \$2,800 per month. Mr. Machula has not recently collected any salary and Mr. Lepage has been paid far less than the \$36,000 per annum as originally agreed as a result of our lack of financing.

New Business and Marketing

Mr. Lepage has recently made headway in opening a new hot spot for us and Oasis, but we are now trying to open new locations in the downtown core of Vancouver, British Columbia, where marketing dollars will then be better spent more efficiently.

Professional Fees

We expect that we will require approximately \$20,000 to \$25,000 over the next twelve months to satisfy our legal and accounting requirements.

Including miscellaneous expenses, we will require at least \$285,000 over the next twelve months to satisfy our operating expenses. We will continue to pursue equity and debt financing.

We Carry No Insurance Policies.

We currently carry no policies of insurance to cover any type of risk to our business.

Reliance on Key Personnel.

Our success depends to a significant extent on the continued service of Robert Lepage. The loss or interruption of services from Robert Lepage for whatever reason, could have a material adverse effect on our business. In the event of the loss of services of Mr. Lepage no assurances can be given that we will be able to obtain the services of adequate replacement personnel.

Operating Results Are Difficult to Predict.

We plan to run at a loss for at least 12 months. This means that we will rely on our continued fund raising efforts for an indefinite period of time.

ITEM 2. Description of Property

We maintain our principal office at Suite 1219, 1450 Chestnut St., Vancouver, British Columbia, Canada V6K 3K3.

ITEM 3. Legal Proceedings

We are not a party to any material legal proceedings and to our knowledge, no such proceedings are threatened or contemplated.

ITEM 4. Submission of Matters to a Vote of Security Holders.

There was no matter submitted during the fourth quarter of the fiscal year covered by this report to a vote of security holders, through the solicitation of proxies or otherwise.

PART II

ITEM 5. Market for Registrant's Common Equity and Related Stockholders Matters

Market for Common stock

There is no market for our Common Stock. As of June 30, 2005, there were 13,297,650 shares of Common Stock issued and outstanding.

Recent Unregistered Sales of Securities

There have been no recent sales of unregistered securities.

Dividends

We presently plan to reinvest any future earnings in the business and, therefore, we are unlikely to declare any cash dividends in the foreseeable future. We have not declared or paid any dividends on our common stock and do not anticipate declaring any dividends in the foreseeable future.

ITEM 6. Management's Discussion and Analysis or Plan of Operation

Plan of Operation

We had cash on hand in the amount of \$6,179 as of June 30, 2005. We will require additional financing to enable us to complete our twelve month plan. Our President, Boris Machula, has provided us with operating capital in the form of unsecured demand loans to meet our cash needs until we are self-sustaining or more additional capital is raised. As a result, there have been no substantial cash excesses. Mr. Machula has not made a firm commitment to continue financing and may discontinue being a source of funds at any time. We hope to raise money through sales of common stock to private investors and/or through, institutional avenues. Stock options may also be offered in the future, which, if exercised, could provide additional capital.

We do not know the exact specific financial requirements of the projects, products or ventures in which we may eventually participate, and therefore we do not know what our exact capital needs will be. In addition, we may incur substantial costs in connection with any research and development and/or negotiations for business opportunities, which may deplete our assets.

We expect to incur a net loss at the end of the fiscal year June 30, 2006. We cannot presently estimate when we may become profitable, if ever.

Results of Operations

Results of Operation for the Year Ended June 30, 2005 as compared to the Year Ended June 30, 2004

We incurred a loss of \$83,763 for the fiscal year ending June 30, 2005 compared to a loss of \$80,605 for the fiscal year ending June 30, 2004, which were largely similar figures.

We expect to continue to incur higher professional expenses in order to comply with our ongoing reporting obligations under the *Securities Exchange Act of 1934*. Professional fees were \$27,687 for the fiscal year ended June 30, 2005 and were similar for the fiscal year ended June 30, 2004 at 26,103.

We earned \$462 in revenues during the fiscal year June 30, 2005 and similarly had little revenues of \$565 in 2004. Management believes that the lack of revenues resulted largely from the lack of an adequate marketing of our Wi-Fi services in the neighborhoods where we were installed.

Liquidity and Capital Resources

We had cash of \$6,179 as of June 30, 2005, compared to a cash position of \$4,126 at June 30, 2004. We expect to run at a loss for at least the next twelve months. We have no agreements for additional financing and cannot provide any assurance that additional funding will be available to finance our operations on acceptable terms in order to enable us to complete our plan of operations.

ITEM 7. Financial Statements

The information required by this item is set forth in Item 13 of this Report.

ITEM 8. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

We have had no changes in or disagreements with our accountants on accounting or financial disclosures.

ITEM 8A. CONTROLS AND PROCEDURES

(a)

Evaluation of disclosure controls and procedures

Our Chief Executive Officer and our Chief Financial Officer evaluated our disclosure controls and procedures (as defined in Rule 13a-14 (c) of the Exchange Act) as of a date within 90 days before the filing date of this annual report. He concluded that as of the evaluation date, our disclosure controls and procedures are effective to ensure that information we are required to disclose in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms.

(b)

Changes in internal controls.

Subsequent to the date of their evaluation, there were no significant changes in our internal controls or in other factors that could significantly affect these controls. There were no significant deficiencies or material weaknesses in our internal controls so no corrective actions were taken.

PART III

ITEM 9. Directors, Executive Officers, Promoters and Control Persons; Compliance with Section 16(a) of the Exchange Act.

The following information sets forth the names of our officers and directors, their present positions, and some brief information about their background.

Name	Age	Position
Boris Machula	39	Director, President, Secretary and Treasurer

Boris Machula

Mr. Machula has a Business Management Diploma from Langara College in Vancouver, British Columbia. He has also spent time in the Microsoft Certified Systems Engineering program but did not finish the course. He has spent a significant amount of time building computer networks through the years as a hobby and generally understands many technologies well. Prior to becoming involved in our business, Mr. Machula earned his living as a private investor.

Duties

Mr. Machula is responsible for finding financing for us and handles most of our day-to-day matters as they relate to paying bills and other mundane details. He is also responsible for organizing information for accounting and legal matters. Mr. Machula has also jointly been involved in maintaining the website for Oasis.

Mr. Machula has to this point been a lender of last resort to us although there is no assurance that this will continue in the future.

Time with company

November, 2002 until present.

Robert M. Lepage

Mr. Lepage has been involved in the Canadian wireless industry for over 15 years.

Company

Mr. Lepage started in Toronto at Bell Cellular (now Bell Mobility) in 1987 in the RF engineering group. Bell Mobility, among other things provides cellular service to consumer and corporate clients.

Title and Duties

Mr. Lepage was an RF Analyst (Radio Frequency Analyst) at Bell. His primary focus was cellular network performance and he was instrumental in maintaining network integrity as the early analog system evolved into a comprehensive network serving millions of subscribers.

Time with the company

Mr. Lepage was at Bell from June, 1987 to April, 1990

Company

Bell Northern Research. Bell Northern Research was a subsidiary of Bell Telephone and was involved in cellular telephone development and research.

Title and Duties

Cellular Signal Researcher. In 1990-1991 he transferred to the Bell Northern Research labs in Richardson Texas, where he developed an IS-54 test bed for the first generation TDMA hardware platform. More simply, he was advancing cellular hardware technology.

Time with the company

July, 1990 to November 1991.

Upon his return to Toronto in 1992, he continued on with Bell Mobility and was involved with the verification of the first TDMA (type of signal used for cellular phones) roll-out on an active network, and continued to design expansion areas of the growing Ontario cellular network. He did this work until April of 1997.

Company

Cleartnet PCS Inc. Cleartnet was a cellular phone service provider before it was acquired by Telus.

Title and Duties

Radio Frequency Analyst. In 1997 Robert moved to Vancouver, B.C. and continued RF Engineering activities with Cleartnet PCS Inc. He was responsible for the RF design of Cleartnet's CDMA network in several key markets including, Vancouver, Calgary and Victoria, and managed the Cleartnet RF engineering team just prior to his resignation in 2001.

Time with the company

May, 1997 to September 2001

Company

Nortel Networks. Supplies, among many other things, cellular site equipment.

Title and Duties

RF Consultant. In 2001, Robert took on a consulting role to Nortel Networks where he planned and designed the Vancouver and Victoria areas of the Bell Mobility CDMA 1X ready network in British Columbia.

Time with the company

February, 2001 to July 2002

Company

Oasis Wireless. Provides Wi-Fi (Wireless internet and email access at high traffic locations) service to prospective users.

Title and Duties

President, Oasis. Mr. Lepage's duties entail handling all issues related to the Wi-Fi technology used in hot spots locations. Mr. Lepage has installed the technology and has the ability to service it as well. He also planned the website and oversaw its implementation from the interface to the billing system. Mr. Lepage has been our marketing person and for Oasis.

Time with the company

November, 2002 until currently

Mr. Lepage has a Bachelor of Technology and recently completed the Management Systems in Advanced Technology program at Simon Fraser University.

Section 16(a) Beneficial Ownership Reporting Compliance

Based solely upon a review of Forms 3, 4 and 5 furnished to the Company, none of the officers, directors or beneficial owners of more than ten percent of the Common Stock failed to file on a timely basis reports required to be filed by Section 16(a) of the Exchange Act during the most recent fiscal year.

ITEM 10. Executive Compensation

We have agreed to pay our president, Mr. Machula an annual salary of US\$40,000. While Mr. Machula has drawn a total salary of \$0 in 2005, for the time being he has stopped drawing a salary until such time that we have the financial resources to do so again. The salary is not being accrued. Accordingly, no back salary will ever be owed or paid to Mr. Machula. We have recorded the value of the services contributed by Mr. Machula for the year ending June 30, 2005 as an expense and contributed surplus totaling \$40,000. Mr. Lepage was paid a salary of \$12,719.12 in 2005..

Except as noted below, all shares are held beneficially and of record and each record shareholder has sole voting and investment power.

(1)

"*Beneficial ownership*" means having or sharing, directly or indirectly (i) voting power, which includes the power to vote or to direct the voting, or (ii) investment power, which includes the power to dispose or to direct the disposition, of shares of the common stock of an issuer. The definition of beneficial ownership includes shares underlying options or warrants to purchase common stock, or other securities convertible into common stock, that currently are exercisable or convertible or that will become exercisable or convertible within 60 days. Unless otherwise indicated, the beneficial owner has sole voting and investment power.

(1)

Percentage is calculated based upon 13,297,650 outstanding common shares at August 27, 2005

ITEM 12.

Certain Relationships and Related Transactions.

Except as disclosed below, none of the following persons has any direct or indirect material interest in any transaction to which we are a party since our incorporation or in any transaction to which we are proposed to be a party:

(a)

any director or officer;

(b)

any proposed nominee for election as a director;

(c)

any person who beneficially owns, directly or indirectly, shares carrying more than 10% of the voting rights attached to the Company's common stock; or

(d)

any relative or spouse of any of the foregoing persons, or any relative of such spouse, who has the same house as such person or who is a director or officer of any parent or subsidiary

Boris Machula, our sole officer and director, has made a series of unsecured, non-interest bearing demand loans to us that were necessary to keep our operations going. At June 30, 2005, these loans totaled \$67,760.

We currently do not have any policies about entering into transactions with affiliated parties. Other than this transaction, no director, executive officer or nominee for election as a director and no owner of five percent or more of our outstanding shares or any member of their immediate family has entered into or proposed any transactions in which the amount involved exceeds US\$10,000.

A PARTNERSHIP OF INCORPORATED PROFESSIONALS

AMISANO HANSON

CHARTERED ACCOUNTANTS

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Stockholders,

Reese Corp.

(A Development Stage Company)

We have audited the accompanying consolidated balance sheets of Reese Corp. (A Development Stage Company) and its subsidiary as of June 30, 2005 and 2004 and the related consolidated statements of operations, cash flows and stockholders' deficiency for the years ended June 30, 2005 and 2004 and for the period from November 20, 2002 (Date of Incorporation) to June 30, 2005. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards of the Public Company Accounting Oversight Board (United States of America). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amount and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, these consolidated financial statements referred to above present fairly, in all material respects, the financial position of Reese Corp. and its subsidiary as of June 30, 2005 and 2004 and the results of their operations

and their cash flows for the years ended June 30, 2005 and 2004 and for the period from November 20, 2002 (Date of Incorporation) to June 30, 2005, in conformity with accounting principles generally accepted in the United States of America.

The accompanying consolidated financial statements referred to above have been prepared assuming that the Company will continue as a going concern. As discussed in Note 1 to the financial statements, conditions exist which raise substantial doubt about the Company's ability to continue as a going concern unless it is able to generate sufficient cash flows to meet its obligations and sustain its operations. Management's plan in this regard to these matters is also described in Note 1. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2005 and 2004

(Stated in US Dollars)

Note 1

Nature and Continuance of Operations

Reese Corp. (the Company), was incorporated in the State of Nevada, United States of America, on November 20, 2002. The Company is currently in the development stage and is in the process of investigating and evaluation business opportunities. The Company's year end is June 30.

On April 5, 2003, the Company acquired all of the outstanding common stock of Oasis Wireless (Oasis) for \$1. At the time of the acquisition, Oasis was a privately held Canadian entity with no recorded assets or liabilities. This acquisition is being accounted for using the purchase method of accounting. The purchase price of \$1 was written off to operating expenses during the period ended June 30, 2003.

Oasis plans to provide high speed wireless internet access to the public in designated hot spots, which is a retail location in which Oasis has placed its hardware that allows wireless devices to access the internet. Users access the internet through the Oasis network by purchasing prepaid minutes from Oasis on a monthly plan or using pre-paid cards.

The financial statements have been prepared using accounting principles generally accepted in the United States of America applicable for a going concern which assumes that the Company will realize its assets and discharge its liabilities in the ordinary course of business. As at June 30, 2004, the Company had a working capital deficiency of \$107,573, has not yet attained profitable operations and has accumulated losses of \$212,045 since inception. Its ability to continue as a going concern is dependent upon the ability of the Company to generate profitable operations in the future and/or to obtain the necessary financing to meet its obligations and pay its liabilities arising from normal business operations when they come due. The outcome of these matters cannot be predicted with any certainty at this

time and raise substantial doubt that the Company will be able to continue as a going concern. These financial statements do not include any adjustments to the amounts and classification of assets and liabilities that may be necessary should the company be unable to continue as a going concern.

Management has established plans to seek new capital from new equity securities issuances that will provide funds needed to increase liquidity, fund internal growth and fully implement its business plan.

Note 2

Summary of Significant Accounting Policies

The financial statements of the Company have been prepared in accordance with accounting principles generally accepted in the United States of America and are stated in U.S. dollars. Because a precise determination of many assets and liabilities is dependent upon future events, the preparation of financial statements for a period necessarily involves the use of estimates, which may have been made using careful judgment. Actual results may vary from these estimates.

The financial statements have, in management's opinion, been properly prepared within the framework of the significant accounting policies summarized below:

Principles of Consolidation

The consolidated financial statements include the accounts of the Company and its wholly owned subsidiary, Oasis Wireless Inc., a Canadian corporation. All inter-company transactions have been eliminated on consolidation.

Development Stage Company

The Company is a development stage company as defined in Statement of Financial Accounting Standards No. 7. As a result, cumulative amounts for the statements of operations and cash flows are included from the date of incorporation, November 20, 2002.

Equipment and Amortization

Equipment is recorded at cost. Amortization is provided using the straight-line method over three years, the estimated useful life of the equipment.

Impairment of Long-lived Assets

Equipment is reviewed for impairment in accordance with Statement of Financial Accounting Standards (SFAS) No. 144. Accounting for the Impairment or Disposal of Long-lived Assets . Under SFAS No. 144, these assets are tested for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. An impairment charge is recognized for the amount, if any, which the carrying value of asset exceeds the fair value.

Web Costs

Web maintenance and development costs are expenses as incurred.

Note 2

Summary of Significant Accounting Policies (cont d)

Revenue Recognition

The Company recognizes revenue when it is earned and a contract exists, services have been provided and collection is reasonably assured. On service contracts having a term greater than one year, revenue is considered to be earned evenly over the life of the contract.

Foreign Currency Translation

The Company's operating subsidiary, Oasis, translates amounts from its functional currency, Canadian dollars, to the reporting currency, United States dollars, in accordance with SFAS No. 52, Foreign Currency Translation. At each balance sheet date, recorded balances that are denominated in a currency other than US dollars are adjusted to reflect the current exchange rate which may give rise to a foreign currency translation adjustment accounted for as a separate component of stockholders' deficiency and included in comprehensive loss.

Monetary assets and liabilities are translated into the reporting currency at the exchange rate in effect at the end of the year. Non-monetary assets and liabilities are translated at the exchange rate prevailing when the assets were acquired or the liabilities assumed. Revenues and expenses are translated at the rate approximating the rate of exchange on the transaction date. All exchange gains and losses are included in the determination of net income (loss) for the year.

Income Taxes

The Company uses the asset and liability method of accounting for income taxes pursuant to SFAS No. 109 Accounting for Income Taxes . Under the assets and liability method of SFAS 109, deferred tax assets and liabilities are recognized for the future tax consequences attributable to temporary differences between the financial statements carrying amounts of existing assets and liabilities and loss carryforwards and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

Basic Loss Per Share

The Company reports basic loss per share in accordance with SFAS No. 128, Earnings Per Share . Basic loss per share is computed using the weighted average number of shares outstanding during the year.

Note 2

Summary of Significant Accounting Policies (cont d)

Fair Value of Financial Instruments

The carrying values of the Company's financial instruments, consisting of cash, accounts payable and accrued liabilities and due to related parties approximate their fair values due to the short-term maturity of such instruments.

Unless otherwise noted, it is management's opinion that the Company is not exposed to significant interest, currency or credit risks arising from these financial instruments.

Comprehensive Loss

The Company has adopted SFAS No. 130 Reporting Comprehensive Income. Comprehensive loss is comprised of net loss and foreign currency translation adjustments.

Recent Accounting Pronouncements

Management does not believe that any recently issued, but not yet effective accounting standards if currently adopted could have a material effect on the accompanying financial statements.

Note 4

Related Party Transactions Note 6

The Company incurred the following expenses in respect to a director of the Company and a manager of the Company:

	Year ended June 30, 2005	Year ended June 30, 2004	November 20, 2002 (Date of Inception) to June 30, 2005
Consulting fees	\$ 42,719	\$ 45,754	\$ 132,673

These charges were measured by the exchange amount which is the amount agreed upon by the transacting parties.

During the year ended June 30, 2005, the Company's sole director contributed consulting services having a fair value of \$30,000 (2004: \$40,000).

The amounts due to related parties are advances from a director and a manager of the Company and are unsecured, non-interest bearing and have no specific terms of repayment.

Note 5

Income Taxes and Deferred Tax Assets

No provision for income taxes has been provided for in these financial statements due to the Net loss. At June 30, 2005, the Company has net operating losses to carry forward, which expire commencing in 2010 totalling approximately \$212,045. The tax benefit of these losses, if any, has not been recorded in the financial statements.

The following table summarizes the significant components of the Company's deferred tax assets:

2005	2004
------	------

Edgar Filing: REESE CORP - Form 10KSB

Deferred Tax Assets

Non-capital losses carried forward	\$	\$
	65,948	52,000
Valuation allowance	(65,948)	(52,000)
	\$	\$
	-	-

The amount taken into income as deferred tax assets must reflect that portion of the income tax loss carryforwards, which is more likely-than-not to be realized from future operations. The Company has chosen to provide an allowance of 100% against all available income tax loss carryforwards, regardless of their time of expiry.

Note 6

Non-cash Transactions

Investing and financing activities that do not have a direct impact on current cash flows are excluded from the statements of cash flows. The following transactions have been excluded from the statement of cash flows:

a)

In November 2002, the Company issued 1,200,000 shares to the sole director of the Company in exchange for consulting services having a fair value of \$12,000. This transaction is excluded from the statement of cash flows for the periods from November 22, 2002 (Date of Inception) to June 30, 2005.

b)

During the year ended June 30, 2005, the Company's sole director contributed consulting services having a fair value of \$30,000 (2004: \$40,000). These non-cash transactions were excluded from the statements of cash flows for the years ended June 30, 2005 and 2004 and for the period from November 22, 2002 (Date of Inception) to June 30, 2005.

Note 7
