July/07

Total gross sales came to R\$1,363.3 million in July

**São Paulo, Brazil, August 16, 2007. Grupo Pão de Açúcar** [NYSE: CBD; BOVESPA: PCAR4 (PN)] announces its sales performance for July 2007 (unaudited preliminary figures). The information presented below was calculated based on consolidated figures and in Reais, in accordance with the Brazilian Corporate Law.

Gross sales reached R\$1,363.3 million in the period, up by 3.6% over the same month in the previous year. Net sales totaled R\$1,152.9 million, up by 4.3% compared to July 2006. The Company's performance in July 2007 was affected by the calendar effect (with one fewer Saturday than in the previous year), reducing sales by near 150 basis points.

Same-store sales moved up by 1.0% in gross terms and 1.7% in net terms. Food products grew by 3.7% while non-food sales dropped by 6.7%. This performance is a result of the strong comparison base (up by 18.9% in July 2006 due to the World Cup effect) and the strong deflation in the period, affecting mainly sales of electronic items.

Although July's performance was slightly below expectations, August's performance so far has been in line with the previous months.

**Gross Sales Performance (nominal terms)**

Note: Same-store sales include stores with at least 12 months of operation

\* Average growth of 4.5% in March/April

Statements included in this report regarding the Company's business prospects, the outlook for operating and financial results, and referring to the Company's growth potential are merely projections and were based on Management's expectations regarding the Company's future.

**GRUPO PÃO DE AÇÚCAR**

Daniela Sabbag  
**Investor Relations**

Those projections are highly dependent on market changes, on the Brazilian general economic performance, on the industry and on international markets and are, therefore, subject to change.

**FORWARD-LOOKING STATEMENTS**

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
