Item 7.01 Regulation FD Disclosure.

On September 14, 2011, Cheniere Energy Partners, L.P. (the “Partnership”), Cheniere Energy Partners GP, LLC (the “General Partner”) and Cheniere Energy Investments, LLC entered into an underwriting agreement (the “Underwriting Agreement”) with Citigroup Global Markets Inc., as sole underwriter (the “Underwriter”), providing for the offer and sale in a firm commitment underwritten offering of 3,000,000 common units representing limited partner interests in the Partnership (the “Common Units”) at a price of \$14.55 per Common Unit, net of underwriting discounts (the “Public Offering”). Pursuant to the Underwriting Agreement, the Partnership granted the Underwriter a 30-day option (the “Option”) to purchase up to an additional 450,000 Common Units to cover over-allotments (the “Option Units”), on the same terms as the Common Units sold in the Public Offering.

On September 14, 2011, the Partnership, the General Partner and Investments entered into a Purchase Agreement (the “Purchase Agreement”) with Cheniere Common Units Holding, LLC, as sole purchaser (the “Purchaser”), providing for the offer and sale of 622,131 Common Units at a price of \$15.25 per Common Unit (the “Concurrent Offering”). In addition, the Purchaser agreed to purchase any Option Units not purchased by the Underwriter. The Purchase Agreement provided that the Purchaser's obligation to purchase the Option Units may be exercised by the Partnership at any time on or after the 30th day after the date of the final prospectus relating to the offering and on or before the 45th day after the date of the final prospectus (the “Option Period”), upon three days notice by the Partnership to the Purchaser (the “Notice Period”) setting forth the number of Option Units as to which the Partnership requires the Purchaser to acquire and the settlement date.

The closings of the Public Offering and Concurrent Offering occurred on September 19, 2011. On September 27, 2011, the Underwriter waived its rights under the Underwriting Agreement to purchase any Option Units. In addition, on September 27, 2011, the Partnership and the Purchaser waived the Option Period and the Notice Period and the Partnership provided notice to the Purchaser of the exercise of its option to require the Purchaser to purchase all 450,000 of the Option Units on September 30, 2011, subject to the terms and condition set forth in the Purchase Agreement.

The closing of the sale of the Option Units to the Purchaser occurred on September 30, 2011. The proceeds (net of estimated offering fees and expenses) received by the Partnership from the sale of the Option Units to the Purchaser were approximately \$6,860,000, which will be used for general business purposes, including development costs of the Partnership's expansion project to add liquefaction capacity at the Sabine Pass LNG terminal. In addition, the Partnership received approximately \$140,000 from the General Partner pursuant to its right to maintain its 2% general partner interest in the Partnership.
