PART I

ITEM 1 Business

General

The Great Atlantic & Pacific Tea Company, Inc. ("A&P", we, our, us or our Company) is engaged in the retail food business. We operated 42,000 stores averaging approximately 42,200 square feet per store as of February 27, 2010.

Operating under the trade names A&P®, SuperFresh®, Waldbaum®, Super Foodmart®, Food Basics®, The Food Emporium®, Best Cellars®, Best Cellars at A&P®, Pathmark® and Pathmark Sav-A-Center®, we sell groceries, meat, fresh produce and other items commonly offered in supermarkets and wine, beer and spirits in our Best Cellars® and Best Cellars at A&P® locations. In addition, many of our stores offer bakeries, delicatessens, pharmacies, floral departments, fresh seafood and cheese departments and on-site banking. National, regional and local brands are sold as well as a selection of our private label brands. In support of our retail operations, we sell private label products in our stores under other brand names of our Company which include, without limitation, America's Choice®, America's Choice Golf®, Hartford Reserve®, Smart Price, Green Way®, Via Roma®, Master Choice®, and Live Better Wellness®.

Building upon a broad base of supermarkets, our Company has historically expanded and diversified within the retail food business through the acquisition of other supermarket chains and the development of several alternative store types. We now operate our stores with merchandise, pricing and identities tailored to appeal to different segments of the market, including buyers seeking gourmet and ethnic foods, a wide variety of premium quality private label goods and health and beauty aids along with the array of traditional grocery products.

Our Internet address is www.aptea.com. We make available free of charge through our Internet website our annual reports and the proxy statement for our annual meeting of stockholders as soon as reasonably practicable after we electronically file such material with, or furnish them to, the Securities and Exchange Commission. All of such materials are located at the Investors page. We also provide through our Internet website a hyperlink to the Securities and Exchange Commission website, where the Company's quarterly reports on Form 10-Q, current reports on Form 8-K, and Forms 3, 4 and 5 filed with respect to our equity securities under Section 16(a) of the Securities Exchange Act of 1934, as amended, may be accessed electronically. The information found on our website shall not be deemed incorporated by reference by any general statement incorporating by reference this report into any filing under the Securities Act of 1933, as amended, or under the Securities Exchange Act of 1934, as amended, and shall not otherwise be deemed filed under the Acts.

Modernization of Facilities

During fiscal 2009, we spent approximately \$86 million for capital projects, which included 5 new stores, 6 store remodels and 4 store conversions. Our planned capital expenditures for fiscal 2010 are expected to be in the range from \$75 million to \$100 million, and will relate primarily to our existing supermarkets.

Sources of Supply

Our Company currently acquires a majority of our saleable inventory from one supplier, C&S Wholesale Grocers, Inc. (C&S). Under our March 7, 2008 agreement with C&S, C&S provides warehousing, logistics, procurement and purchasing services (the Services) in support of our Company s entire supply chain. This agreement expires on September 29, 2018. The agreement defines the parties respective responsibilities for the procurement and purchase of merchandise intended for use or resale at our Company s stores, as well as the parties respective remuneration for warehousing and procurement/purchasing activities. In consideration for its services, C&S is paid an annual fee and has incentive income opportunities based upon our cost savings and increases in retail sales volume. The agreement also provides that we will purchase virtually our entire warehoused inventory from C&S.

Although there are a limited number of distributors that can supply our stores, we believe that other suppliers could provide similar product on comparable terms.

Licenses and Trademarks

Our stores require a variety of licenses and permits that are renewed on an annual basis. Payment of a fee is generally the only condition to maintaining such licenses and permits. We maintain registered trademarks for nearly all of our store banner trade names and private label brand names. Trademarks are generally renewable on a 10 year cycle. We consider trademarks an important way to establish and protect our Company brands in a competitive environment.

Employees

As of February 27, 2010, we had approximately 45,000 employees, of which 69% were employed on a part-time basis. Approximately 92% of our employees are covered by union contracts. Our Company considers our present relations with employees to be satisfactory.

Competition

The supermarket business is highly competitive throughout the marketing areas served by our Company and is generally characterized by low profit margins on sales with earnings primarily dependent upon rapid inventory turnover, effective cost controls and the ability to achieve high sales volume. We compete for sales and store locations with a number of national and regional chains, as well as with many independent and cooperative stores and markets.

ITEM 9 Changes in and Disagreements with Accountants on Accounting and Financial

Disclosure

There were no changes in or disagreements with accountants on accounting and financial disclosure during the fiscal year ended February 27, 2010.

ITEM 9A Controls and Procedures

Evaluation of Disclosure Controls and Procedures

We have established and maintain disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) that are designed to ensure that information required to be

disclosed in our Company's Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our Company's management, including our President and Chief Executive Officer, and Senior Vice President, Chief Financial Officer and Treasurer, as appropriate, to allow timely decisions regarding required disclosure.

We carried out an evaluation, under the supervision and with the participation of our Company's management, including our Company's President and Chief Executive Officer along with our Company's Senior Vice President, Chief Financial Officer and Treasurer, of the effectiveness of the design and operation of our Company's disclosure controls and procedures pursuant to Exchange Act Rule 13a-15(b). Based upon the foregoing, as of the end of the period covered by this report, our Company's President and Chief Executive Officer along with our Company's Senior Vice President, Chief Financial Officer and Treasurer, concluded that our Company's disclosure controls and procedures were effective at the reasonable assurance level.

The Company's management does not expect that its disclosure controls and procedures or its internal control over financial reporting will prevent all errors and all fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within the Company have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty, and breakdowns can occur because of simple errors or mistakes. Additionally, controls can be circumvented by the individual acts of some person or by collusion of two or more people. The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions; over time, controls may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures may deteriorate. Because of the inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and not be detected. Accordingly, the Company's disclosure controls and procedures are designed to provide reasonable, not absolute, assurance that the objectives of our disclosure control system are met and, as set forth above, the Company's management has concluded, based on their evaluation as of the end of the period, that our disclosure controls and procedures were sufficiently effective to provide reasonable assurance that the objectives of our disclosure control system were met.

To the Stockholders and Board of Directors of
The Great Atlantic & Pacific Tea Company, Inc.:

Our audits of the consolidated financial statements and of the effectiveness of internal control over financial reporting referred to in our report dated May 6, 2010 appearing in the Fiscal 2009 Annual Report to Shareholders of The Great Atlantic & Pacific Tea Company, Inc. (which report and consolidated financial statements are incorporated by reference in this Annual Report on Form 10-K) also included an audit of the financial statement schedule listed in Item 15(a)(2) of this Form 10-K. In our opinion, this financial statement schedule presents fairly, in all material respects, the information set forth therein when read in conjunction with the related consolidated financial statements.

As discussed in Notes 1 and 10 to the consolidated financial statements, the Company changed the manner in which it accounts for convertible debt with cash settlement features during fiscal 2009.
