Information Not "Filed"

The information in Items 2.02 and 8.01 of this Report and each of the Press Release and Call Release (each a "Release") attached as Exhibits 99.1 and 99.2, respectively, and any information that may be conveyed in such conference call, shall, to the greatest extent permitted by applicable law, not be deemed to be "filed" for the purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or otherwise subject to the

liabilities of that Section. Such information, to the extent deemed or determined to have been not "filed" under applicable law, shall not be deemed incorporated by reference in any filing by us under the Securities Act of 1933, as amended (the "Securities Act", and together with the Exchange Act, the "Securities Laws"), except as shall be expressly set forth by specific reference in such a filing.

Forward Looking Statements

Statements contained in this Report and each attached Releases, and any statements that may be made in such conference call, include "forward-looking statements" within the meaning of Section 27A of the Securities Act and Section 21E of the Exchange Act, including (without limitation) any statements relating to anticipated, prospective or desired customers, acquisitions or markets, trends, updates, or other anticipated, estimated, expected or desired assets, business, capital, cash flow, credit, expenses, financial condition, income, liabilities, liquidity, locations, marketing, operations, prospects, sales, strategies, taxation or other achievement, results, risks or condition. You can identify forward-looking statements in such information by the Company's use of terms such as "may", "will", "expect", "intend", "believe", "estimate", "anticipate", "continue" or similar words or variations or negatives of those words. You should carefully consider all such information and the other risks and cautions noted in the Company's Annual and Quarterly Reports and other filings under applicable Securities Laws (including this report, each a "SEC Report", each of which is available on the Company's website at <http://investors.sparinc.com>) that could cause the Company's actual assets, business, capital, cash flow, credit, expenses, financial condition, income, liabilities, liquidity, locations, marketing, operations, prospects, sales, strategies, taxation or other achievement, results, risks or condition to differ materially from those anticipated by the Company and described in the information in the Company's forward-looking statements, whether express or implied, as the Company's anticipations are based upon the Company's plans, intentions, expectations and best estimates and (although the Company believe them to be reasonable) involve known and unknown risks, uncertainties and other factors that could cause them to fail to occur or be realized or to be materially and adversely different from those the Company anticipated.

Although the Company believe that its plans, intentions, expectations and estimates reflected or implied in such forward-looking statements are reasonable, the Company cannot assure you that such plans, intentions, expectations or estimates will be achieved in whole or in part, that the Company has identified all potential risks, or that the Company can successfully avoid or mitigate such risks in whole or in part. You should carefully review the risk factors described below (See Item 1A – Risk Factors) and any other cautionary statements contained or incorporated by reference in this Annual Report. All forward-looking and other statements attributable to the Company or persons acting on its behalf are expressly subject to and qualified by all such risk factors and other cautionary statements.

You should not place undue reliance on the Company's forward-looking statements because the matters they describe are subject to known and unknown risks, uncertainties and other unpredictable factors, many of which are beyond its control. The Company's forward-looking statements are based on the information currently available to it and speak only as of the referenced date(s) or, in the case of forward-looking statements incorporated by reference, as of the date of the SEC Report that includes such statement. New risks and uncertainties arise from time to time, and it is impossible for the Company to predict these matters or how they may arise or affect the Company. Over time, the Company's actual assets, business, capital, cash flow, credit, expenses, financial condition, income, liabilities, liquidity, locations, marketing, operations, prospects, sales, strategies, taxation or other achievement, results, risks or condition will likely differ from those expressed or implied by the Company's forward-looking statements, and such difference could be significant and materially adverse to the Company and the value of your investment in the Company's Common Stock.

The Company does not intend or promise, and the Company expressly disclaims any obligation, to publicly update or revise any forward-looking statements, risk factors or other cautionary statements (in whole or in part), whether as a result of new information, future events or recognition or otherwise, except as and to the extent required by applicable law.
