PROXY STATEMENT FOR THE 2018 ANNUAL MEETING OF STOCKHOLDERS TO BE HELD JULY 26, 2018

This Proxy Statement, along with a proxy card, is being made available to our stockholders on or about June __, 2018

GENERAL INFORMATION

We have made these proxy materials available to you in connection with the solicitation by the Board of Directors (the “Board” or “Board of Directors”) of Organovo Holdings, Inc. of proxies to be voted at the 2018 Annual Meeting of Stockholders (the “Annual Meeting”) to be held on Thursday, July 26, 2018 at Green Acre Campus Pointe, 10300 Campus Point Drive, San Diego, California 92121 at 9:00 a.m. (local time) and at any adjournments or postponements thereof. References in this Proxy Statement to the “Company,” “we,” “our,” and “us” are to Organovo Holdings, Inc. and its subsidiaries.

In accordance with the rules of the Securities and Exchange Commission (the “SEC”), we are permitted to furnish proxy materials, including this Proxy Statement and our Annual Report for the fiscal year ended March 31, 2018 (the “Annual Report”) to stockholders by providing access to these documents through the internet instead of mailing printed copies. Most stockholders will not receive printed copies of the proxy materials unless requested. Instead, the Notice of Internet Availability of Proxy Materials provides instructions on how to access and review the proxy materials on the internet. The Notice of Internet Availability of Proxy Materials also provides instructions on how to cast your vote via the internet or by telephone. If you would like to receive a printed or email copy of our proxy materials, please follow the instructions for requesting the materials in the Notice of Internet Availability of Proxy Materials.

Record Date

Holders of shares of our common stock, our only class of issued and outstanding voting securities, at the close of business on May 29, 2018 (the “Record Date”) are entitled to vote on the proposals presented at the Annual Meeting. As of May 29, 2018, we had 111,126,625 issued and outstanding shares of common stock.

Quorum

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of common stock entitled to vote at the Annual Meeting is necessary to constitute a quorum for the transaction of business at the Annual Meeting. Votes for and against, abstentions and “broker non-votes” will each be counted as present for purposes of determining the presence of a quorum.

The Annual Meeting may be adjourned or postponed from time to time and at any reconvened meeting, action with respect to the matters specified in this Proxy Statement may be taken without further notice to stockholders except as required by applicable law and our charter documents.

Stockholders of Record

You are a “stockholder of record” if your shares are registered directly in your name with our transfer agent, Continental Stock Transfer and Trust Company. As a stockholder of record, you have the right to grant your voting proxy directly to the Company or to vote in person at the Annual Meeting. All share represented by a proxy will be voted at the

Annual Meeting, and where a stockholder specifies choice with respect to any matter to be acted upon, the shares will be voted in accordance with the specification so made. If a stockholder does not indicate a choice on the proxy card, the shares will be voted in favor of the election of the nominees for director contained in this Proxy Statement and in favor of proposals 2 through 5.

Shares Held in Street Name

You are deemed to beneficially own your shares in “street name” if your shares are held in an account at a brokerage firm, bank, broker-dealer, trust or other similar organization. If this is the case, you will receive a separate voting instruction form with this Proxy Statement from such organization. As the beneficial owner, you have the right to direct your broker, bank, trustee, or nominee how to vote your shares, and you are also invited to attend the Annual Meeting. If you hold your shares in street name and do not provide voting instructions to your broker, bank, trustee or nominee, your shares will not be voted on any proposals on which such party does not have discretionary authority to vote (a “broker non-vote”), as further described below under the heading “Broker Non-Votes.”

Please note that if your shares are held of record by a broker, bank, trustee or nominee and you wish to vote at the Annual Meeting, you will not be permitted to vote in person unless you first obtain a proxy issued in your name from the record holder.

Broker Non-Votes

Broker non-votes are shares held by brokers, banks or other nominees who are present in person or represented by proxy, but which are not voted on a particular matter because the brokers, banks or nominees do not have discretionary authority with respect to that proposal and they have not received voting instructions from the beneficial owner. Under the rules that govern brokers, brokers have the discretion to vote on routine matters, but not on non-routine matters. The only routine matters to be considered at the Annual Meeting are (i) the approval of an amendment to our Certificate of Incorporation to increase the authorized number of shares of common stock and (ii) the ratification of the appointment of the Company's independent registered public accountants. The remaining proposals, including (i) the election of directors, (ii) the approval of an amendment and restatement of our 2012 Equity Incentive Plan and (iii) the no-binding advisory vote on the compensation of our named executive officers, to be considered at the Annual Meeting are considered to be non-routine matters. As a result, if you do not provide your brokers or nominees with voting instructions on these non-routine matters, your shares will not be voted on these proposals.

Voting Matters

Stockholders are entitled to cast one vote per share of common stock on each matter presented for consideration by the stockholders. A list of stockholders entitled to vote at the Annual Meeting will be available for examination by any stockholder for a proper purpose during normal business hours at the executive offices of the Company for a period of at least 10 days preceding the day of the Annual Meeting.

There are five proposals scheduled to be voted on at the Annual Meeting:

1. To elect Kirk Malloy, Ph.D. as a Class I director to hold office until the 2021 Annual Meeting of Stockholders and until his respective successor is elected and qualified;
2. To ratify the appointment of Mayer Hoffman McCann P.C. as our independent registered public accounting firm for the fiscal year ending March 31, 2019;
3. To approve an amendment to the Company's Certificate of Incorporation to increase the authorized number of shares of Common Stock from 150,000,000 shares to 200,000,000 shares;
4. To approve an amendment and restatement of our 2012 Equity Incentive Plan which, among other changes described in our Proxy Statement, increases the number of shares of Common Stock issuable under the Plan; and
5. To hold a non-binding advisory vote on the compensation of our named executive officers.

Our Board of Directors recommends a vote FOR the director nominee and FOR proposals 2 through 5 listed above.

We are currently unaware of any matters to be raised at the Annual Meeting other than those referred to in this Proxy Statement. If other matters are properly presented at the Annual Meeting for consideration and you have submitted your proxy, the persons named in your proxy will have the discretion to vote on those matters for you.

Votes Required

Proposal 1 – Election of Directors

Under our Certificate of Incorporation and Bylaws, the Class I director will be elected by a plurality of the votes cast in person or by proxy at the 2018 Annual Meeting assuming a quorum is present, which means that the director nominee receiving the highest number of "FOR" votes will be elected. If you hold your shares through a broker and you do not instruct the broker on how to vote on this proposal, your broker will not have authority to vote your shares. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum, but will not have any effect on the outcome of the proposal.

Proposal 2 – Ratification of Independent Registered Public Accounting Firm

If a quorum is present, the affirmative vote of a majority of the votes cast at the 2018 Annual Meeting is required for ratification of our independent registered public accounting firm. Abstentions will each be counted as present for purposes of determining the presence of a quorum, but will not be considered as votes cast for or against the proposal and will therefore have no effect on the outcome of the vote.

Proposal 3 – Approval of Amendment to our Certificate of Incorporation to Increase the Authorized Number of Shares of Common Stock

The affirmative vote of the holders of a majority of the shares of Common Stock outstanding on the record date will be required to approve this amendment to the Company’s Certificate of Incorporation. Abstentions will be counted as present for purposes of determining the presence of a quorum, but will have the same effect as an “against” vote on the proposal.

Proposal 4 – Approval of Amendment and Restatement of 2012 Equity Incentive Plan

If a quorum is present, approval of the Amended Plan requires the affirmative vote of a majority of the votes cast at the 2018 Annual Meeting. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum. Abstentions and broker non-votes will not be considered as votes cast for or against the proposal and will therefore have no effect on the outcome of the vote.

Proposal 5 – Advisory Vote to Approve Compensation of Named Executive Officers

If a quorum is present, the proposal to approve, on an advisory basis, the compensation of the Company's named executive officers requires the affirmative vote of a majority of the votes cast at the 2018 Annual Meeting. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum. Abstentions and broker non-votes will not be considered as votes cast for or against the proposal and will therefore have no effect on the outcome of the vote.

Voting Instructions

If you are a stockholder of record, you can vote in the following ways:

By Internet: by following the internet voting instructions included on Notice of Internet Availability of Proxy Materials and the proxy card at any time up until 11:59 p.m., Eastern Time, on July 25, 2018.

By Telephone: by following the telephone voting instructions included on Notice of Internet Availability of Proxy Materials and the proxy card at any time up until 11:59 p.m., Eastern Time, on July 25, 2018.

By Mail: you may vote by mail by marking, dating and signing your proxy card in accordance with the instructions on it and returning it by mail in the pre-addressed reply envelope provided with the proxy materials. The proxy card must be received prior to the Annual Meeting.

You may also vote your shares in person at the Annual Meeting. Even if you plan to attend the Annual Meeting, we encourage you to vote in advance by internet, telephone or mail so that your vote will be counted in the event you later decide not to attend the Annual Meeting.

If your shares are held in street name, please follow the separate voting instructions you receive from your broker, bank, trustee or other nominee.

Proxies

All shares represented by a proxy will be voted, and where a stockholder specifies a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the specification so made. If a stockholder does not indicate a choice on the proxy card, the shares will be voted: (i) in favor of the election of the director nominee contained in this Proxy Statement, (ii) in favor of ratifying Mayer Hoffman McCann, P.C. as the Company's independent registered public accounting firm for the fiscal year ended March 31, 2019, (iii) in favor of the amendment to the Company's Certificate of Incorporation to increase the authorized number of shares of Common Stock from 150,000,000 shares to 200,000,000 shares, (iv) in favor of the amendment to the 2012 Equity Incentive Plan and (v) in favor of the non-binding advisory vote on the compensation of our named executive officers, and in the discretion of the proxy holders on any other matter that comes before the meeting.

If your shares are held by a broker, bank or other stockholder of record, in nominee name or otherwise, exercising fiduciary powers (typically referred to as being held in "street name"), you may receive a separate voting instruction form with this Proxy Statement. Your broker may vote your shares on Proposal 2 to ratify the appointment of Mayer Hoffman McCann P.C. as our independent registered public accounting firm and on Proposal 3 to approve an amendment to the Company's Certificate of Incorporation to increase the authorized number of shares of common stock, but will not be permitted to vote your shares with respect to Proposal 1 the election of a Class I director,

Proposal 4 approve an amendment and restatement of our 2012 Equity Incentive Plan, nor Proposal 5 the non-binding advisory vote on the compensation of our named executive officers unless you provide instructions as to how to vote your shares. Please note that if your shares are held of record by a broker, bank or nominee and you wish to vote at the meeting, you will not be permitted to vote in person unless you first obtain a proxy issued in your name from the record holder.

Proxy Revocation Procedure

If you are a stockholder of record, you may revoke your proxy: (i) by written notice of revocation mailed to and received by the Secretary of the Company prior to the date of the Annual Meeting, (ii) voting again via the internet or by telephone at a later time before the closing of those voting facilities at 11:59 p.m. (Eastern) on July 25, 2018, (iii) by executing and delivering to the Secretary a proxy dated as of a later date than a previously executed and delivered proxy (provided, however, that such action must be taken prior to 11:59 p.m. (Eastern Time) on July 25, 2018), or (iv) by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not in and of itself revoke a proxy.

If your shares are held by a bank, broker or other agent, you may change your vote by submitting new voting instructions to your bank, broker or other agent, or, if you have obtained a legal proxy from your bank, broker or other agent giving you the right to vote your shares, by attending the Annual Meeting and voting in person.

Voting Results

We will announce preliminary voting results at the Annual Meeting. We will report final results in a Form 8-K report filed with the Securities and Exchange Commission.

PROPOSAL 1: ELECTION OF DIRECTORS

General

Our certificate of incorporation and bylaws provide for a classified Board of Directors consisting of three classes of directors with staggered three-year terms. The Board of Directors currently consists of 7 directors, having terms expiring at the respective annual meetings of stockholders listed below:

Mr. Kessel was appointed to the Board in August 2016 to fill the vacancy created when Richard Heyman, Ph.D. retired from the Board. Mr. Crouch was appointed to the Board in April 2017 to fill a newly created position.

Proposal to Elect One Director to Hold Office for Three Years until the 2021 Annual Meeting

Upon the recommendation of the Nominating and Corporate Governance Committee of the Board, the Board has nominated for election at the Annual Meeting the following slate of one nominee to hold office for three years until the 2021 Annual Meeting of Stockholders and until his successor is duly elected and qualified:

Vote Required

Under our Certificate of Incorporation and Bylaws, the Class I director will be elected by a plurality of the votes cast in person or by proxy at the 2018 Annual Meeting assuming a quorum is present, which means that the director

nominee receiving the highest number of “FOR” votes will be elected. If you hold your shares through a broker and you do not instruct the broker on how to vote on this proposal, your broker will not have authority to vote your shares. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum, but will not have any effect on the outcome of the proposal.

The nominee is currently serving as a director and has indicated his willingness to serve if elected, but if he should be unable or unwilling to stand for election, the shares represented by proxies may be voted for a substitute as the Board of Directors may designate, unless a contrary instruction is indicated in the proxy.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR AND SOLICITS PROXIES IN FAVOR OF KIRK MALLOY, Ph.D.

Unless otherwise instructed, it is the intention of the persons named as proxy holders in the proxy card to vote shares represented by properly executed proxy cards for the election of Kirk Malloy, Ph.D.

PROPOSAL 2: RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

At the Annual Meeting, our stockholders will be asked to ratify the appointment of Mayer Hoffman McCann, P.C. (“Mayer Hoffman”) as our independent registered public accounting firm for the fiscal year ending March 31, 2019. Representatives of Mayer Hoffman are expected to be present at the Annual Meeting, and will have the opportunity to make statements if they desire to do so and to respond to appropriate questions. Mayer Hoffman has served as our independent registered public accounting firm since February 8, 2012, the date we completed our reverse merger transaction and became a public reporting company.

In the event our stockholders fail to ratify the appointment of Mayer Hoffman, the Audit Committee will reconsider its selection. In addition, even if our stockholders ratify the selection, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it believes that a change would be in the best interests of the Company and its stockholders.

Audit and Non-Audit Fees

Our Audit Committee is responsible for, and has approved, the engagement of Mayer Hoffman as our independent registered public accounting firm for the fiscal year ending March 31, 2019. Mayer Hoffman has advised us that it leases substantially all of its personnel, who work under the control of Mayer Hoffman’s shareholders, from wholly-owned subsidiaries of CBIZ, Inc., including CBIZ MHM, LLC, in an alternative practice structure. Accordingly, substantially all of the hours expended on Mayer Hoffman’s engagement to audit the Company’s financial statements for the fiscal years ended March 31, 2018 and 2017, were attributed to work performed by persons other than Mayer Hoffman’s full-time, permanent employees.

The Audit Committee has and intends to continue to meet with Mayer Hoffman on a quarterly or more frequent basis. At such times, the Audit Committee has and will continue to review the services performed by Mayer Hoffman, as well as the fees charged for such services.

The following table sets forth the fees for services provided and billed by Mayer Hoffman and its affiliate CBIZ MHM, LLC, relating to the fiscal years ended March 31, 2018 and 2017.

	Fiscal Year	Fiscal Year
	2018	2017
Audit fees	\$339,000	\$290,600
Audit-related fees	—	—
Tax Fees	\$33,000	\$31,600
All other fees	—	—
Total	\$372,000	\$322,200

Audit Fees: For the fiscal years ended March 31, 2018 and 2017, the aggregate audit fees billed by our independent auditors were for professional services rendered for audits and quarterly reviews of our consolidated financial statements, and assistance with reviews of registration statements and documents filed with the SEC.

Audit-Related Fees: For the fiscal years ended March 31, 2018 and 2017, there were no audit-related fees billed by our independent auditors, other than the fees described above.

Tax Fees: For the fiscal years ended March 31, 2018 and 2017, the tax-related fees billed by an affiliate of our independent auditors pertained to services related to tax return preparation and tax planning services.

All Other Fees: For the fiscal years ended March 31, 2018 and 2017, there were no fees billed by our independent auditors for other services, other than the fees described above.

Policy on Audit Committee Pre-Approval of Audit and Permitted Non-Audit Services of Independent Auditors

The Audit Committee has determined that all services provided by Mayer Hoffman to date are compatible with maintaining the independence of such audit firm. The charter of the Audit Committee requires advance approval of all auditing services and permitted non-audit services (including the fees and terms thereof) to be performed for the Company by our independent registered public accounting firm, subject to any exception permitted by law or regulation. The Audit Committee has delegated to the Chair of the Audit Committee authority to approve permitted services, provided that the Chair reports any decisions to the Audit Committee at its next scheduled meeting.

Vote Required

If a quorum is present, the affirmative vote of a majority of the votes cast at the 2018 Annual Meeting is required for ratification of our independent registered public accounting firm. Abstentions will be counted as present for purposes of determining the presence of a quorum, but will not be considered as votes cast for or against the proposal and will therefore have no effect on the outcome of the vote.

Although ratification is not required by our bylaws or otherwise, the Board is submitting this proposal as a matter of good corporate governance. If stockholders do not ratify the appointment of Mayer Hoffman, the Audit Committee and the Board would consider what, if any, action to take. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent audit firm at any time during the fiscal year if it is determined that such a change would be in the best interests of Organovo and its stockholders.

Board Recommendation

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE RATIFICATION OF MAYER HOFFMAN MCCANN P.C. AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING MARCH 31, 2019.

PROPOSAL 3: APPROVAL OF AMENDMENT TO OUR CERTIFICATE OF INCORPORATION TO INCREASE THE AUTHORIZED NUMBER OF SHARES OF COMMON STOCK

Our Board is requesting stockholder approval of an amendment to the Company's Certificate of Incorporation (the "Charter") to increase the Company's authorized number of shares of Common Stock from 150,000,000 shares to 200,000,000 shares (the "Charter Amendment").

If the stockholders approve the Charter Amendment, we will file a Certificate of Amendment to our Certificate of Incorporation to amend and replace the first two paragraphs of Article IV, in their entirety, to read as follows:

"The total number of shares of stock that the corporation shall have authority to issue is 200,000,000, consisting of the following: 200,000,000 shares of Common Stock, par value \$0.001 per share. Each share of Common Stock shall entitle the holder thereof to one (1) vote on each matter submitted to a vote at a meeting of stockholders."

Except for the first two paragraphs of Article IV, all of the remaining provisions in the Certificate of Incorporation will remain in full force and effect without change. This description is qualified by the full text of the Charter Amendment that is attached as Appendix A to this Proxy Statement.

The additional Common Stock to be authorized by adoption of the Charter Amendment would have rights identical to the currently outstanding Common Stock of the Company. Adoption of the proposed Charter Amendment would not affect the rights of the holders of currently outstanding Common Stock of the Company, except for effects incidental to increasing the number of shares of the Company's Common Stock outstanding, such as dilution of the earnings per share and voting rights of current holders of Common Stock. Though the increase in authorized Common Stock could make more difficult or discourage attempts to obtain control of the Company, thereby having an implicit anti-takeover effect, neither our management nor the Board views this as an anti-takeover mechanism. The increase in authorized shares of Common Stock is not being proposed in response to any known threat to acquire control of the Company.

Current Usage of Authorized Common Stock

In addition to the 111,126,625 shares of Common Stock outstanding on the record date of May 29, 2018, there were:

- 9,309,043 shares of Common Stock issuable upon the vesting and exercise of stock options outstanding;
- 8,271,101 shares of Common Stock issuable upon the vesting and settlement of outstanding restricted stock units;
- 1,985,787 shares of Common Stock available for issuance pursuant to the 2012 Equity Incentive Plan;
- 1,285,103 shares of Common Stock available for issuance pursuant to the 2016 Employee Stock Purchase Plan;
- 200,470 shares of Common Stock issuable upon the vesting and settlement of outstanding performance-based restricted stock units pursuant to an Inducement Award;
 - 2,088,212 shares of Common Stock issuable upon the vesting and exercise of stock options outstanding pursuant to an Inducement Award; and
- 20,000 shares of our Common Stock issuable upon the exercise of outstanding warrants.

Therefore, as of May 29, 2018, there were 129,486,341 shares of Common Stock outstanding or reserved out of the total 150,000,000 authorized shares of Common Stock under our existing Certificate of Incorporation.

Additionally, although we are authorized to issue 25,000,000 shares of preferred stock, there were no shares of preferred stock outstanding as of May 29, 2018.

Purpose of the Charter Amendment

We have financed our operations primarily through the sale of convertible notes, the private placement of equity securities, the sale of Common Stock through public offerings, and from revenue derived from products and research-based services, grants, and collaborative research agreements. We will need additional capital to further fund

the development of our therapeutic tissues and the implementation of our business plan. We intend to cover our future operating expenses through cash on hand, revenue derived from research service agreements, product sales, grants, and collaborative research agreements and through the issuance of additional equity or debt securities. Depending on market conditions, we cannot be sure that additional financing will be available when needed or that, if available, financing will be obtained on terms favorable to us or to our stockholders.

We have an effective shelf registration statement on Form S-3 (the “2018 Shelf”) that expires on February 22, 2021. As of March 31, 2018, the Company is authorized to offer and sell under the 2018 Shelf, in one or more offerings, Common Stock, Preferred Stock, warrants to purchase common stock, preferred stock, or any combination of the foregoing, either individually or as units comprised of

one or more of the other securities. On March 16, 2018, the Company filed a prospectus supplement to the 2018 Shelf to register the sale of up to \$50.0 million of shares of its common stock that may be issued in at-the-market offerings pursuant to an equity offering sales agreement it entered into with two investment banking firms as of the same date.

Over the past several years, we have utilized similar facilities to fund our operations. During the year ended March 31, 2018, we raised net proceeds of approximately \$9.2 million through the sale of 5,307,105 shares of our common stock in “at-the-market” offerings and approximately \$0.8 million through stock option exercises and sale of shares through the ESPP. During the year ended March 31, 2017, we raised net proceeds of approximately \$25.7 million from our public offering of 10,065,000 shares of our common stock in October 2016, approximately \$4.5 million through the sale of 997,181 shares of our common stock in “at-the-market” offerings and approximately \$1.1 million through warrant exercises, stock option exercises and the sale of shares through the ESPP.

If the Charter Amendment is approved, the newly authorized shares would be unreserved and available for issuance upon the approval of the Board at such times, in such amounts, and upon such terms as the Board may determine. Although our Board has no present plans or proposals to issue the additional shares of common stock that would be authorized by the Charter Amendment, it believes that the proposed increase in the number of authorized shares of common stock is desirable in order to enhance our flexibility in taking possible future actions, such as raising additional equity capital to support the Company’s business plan and operations, stock-based acquisitions, equity compensation awards or other corporate purposes.

The proposed amendment will allow the Company to accomplish these objectives without further stockholder approval, unless such approval is expressly required by applicable law or the NASDAQ Stock Market. By approving the increase now, in advance of any specific need or plans, we will be able to act in a timely manner when such a need arises or when our Board believes it is in the best interests of the Company and our stockholders to take action, without the delay and expense that would be required at that time to obtain stockholder approval of such an increase as a special meeting of stockholders.

If our stockholders do not approve the Charter Amendment, we may not be able to access the capital markets and raise the capital necessary to execute on our business plan; attract, retain and motivate our employees; or pursue other business opportunities integral to our growth and success.

Effectiveness of the Charter Amendment

Our Board has approved the Charter Amendment. If the Charter Amendment is approved at the 2018 Annual Meeting, the Company intends to promptly file the Certificate of Amendment with the Secretary of State of the State of Delaware. The Charter Amendment will become effective upon filing of the Certificate of Amendment with the Secretary of State of the State of Delaware.

Vote Required

The affirmative vote of the holders of a majority of the shares of common stock outstanding on the record date will be required to approve the Charter Amendment. Abstentions will be counted as present for the purposes of determining the presence of a quorum, but will have the same effect as an “against” vote on the proposal.

Board Recommendation

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE IN FAVOR OF approving an amendment to the Company’s Certificate of Incorporation to increase the authorized number of shares of Common Stock from 150,000,000 shares to 200,000,000 shares.

PROPOSAL 4: AMENDMENT AND RESTATEMENT OF 2012 EQUITY INCENTIVE PLAN

Our Board and stockholders adopted the Organovo Holdings, Inc. 2012 Equity Incentive Plan (the “Plan”) in January 2012. The Plan was later amended with the approval of our Board and our stockholders in October 2012 to revise the performance criteria and existing award limitations on performance awards. The Plan was then amended with the approval of our Board and our stockholders in August 2013 to increase the number of shares of our common stock available for issuance under the Plan. The Plan was further amended in August 2015 to increase the number of shares of our common stock available for issuance under the Plan and to add a number of features designed to protect stockholders’ interests.

On May 24, 2018, our Board approved an amendment and restatement of the Plan (the “Amended Plan”), subject to stockholder approval, to increase the number of shares of our common stock available for issuance under the Plan by 11,000,000 shares and to extend the term of the Plan. Approval of the Amended Plan will allow us to continue providing the appropriate equity incentives that are critical to attracting and retaining the best personnel. We had 1,985,787 shares of common stock available for future awards under the existing Plan as of May 29, 2018.

If the Amended Plan is approved by our stockholders at the 2018 Annual Meeting, it will be effective as of July 26, 2018, the date of stockholder approval. In the event that our stockholders do not approve this Proposal 4, the Amended Plan will not become effective and the Plan will continue in effect subject to its existing terms.

Key Features Designed to Protect Stockholders’ Interests

The Plan’s design reflects our commitment to strong corporate governance and our desire to preserve stockholder value as demonstrated by the following Plan features:

- **Independent Administrator.** The Compensation Committee of our Board, which is comprised solely of independent, non-employee directors, is the Plan administrator.
- **No Evergreen Feature.** The Plan expires by its terms on a specified date. In addition, the maximum number of shares available for issuance under the Plan is fixed and cannot be increased without stockholder approval. This is why we are requesting stockholder approval for the Amended Plan.
- **No Discount Awards; Maximum Term Specified.** Stock options and stock appreciation rights must have an exercise price or base price no less than the closing price of our common stock on the date the award is granted and a term no longer than ten years’ duration.
- **Per-Participant Limits on Awards.** The Plan limits the size of awards that may be granted during any one year to any one participant.
- **Award Design Flexibility.** Different kinds of awards may be granted under the Plan, giving us the flexibility to design our equity incentives to complement the other elements of compensation and to support our attainment of strategic goals.
- **Performance-Based Awards.** The Plan permits the grant of performance-based stock awards that are payable only upon the attainment of specified performance criteria. In the event the Company declares a dividend or dividend equivalent payment, participants who hold performance based awards subject to performance goals will not be eligible to receive any dividend or dividend equivalent unless the applicable performance goals are met and the underlying award vests.
- **No Liberal Definition of Change in Control.** The Plan’s definition of a change-in-control transaction provides that any award benefits triggered by such a transaction are contingent upon the actual consummation of the transaction, not merely its approval by our Board or stockholders.
- **Repricing, Reloading, and Exchanges Prohibited.** The Plan requires stockholder approval for any repricing, replacement, or buyout of underwater awards and no new awards will be granted automatically upon the exercise or settlement of any outstanding award. Outstanding awards may not be surrendered in exchange for awards of the same type (which may have had lower exercise prices or different terms), awards of a different type and/or cash.

Clawback. The Plan provides that all awards granted under the Amended Plan will be subject to any clawback or recoupment policy adopted by the Company, unless otherwise specified in the award agreement or determined by the Amended Plan administrator in its sole discretion.

Re-issuance of Shares. The Plan provides that any (i) shares withheld by the Company or tendered to the Company to pay taxes and/or the exercise price of an award under the Amended Plan and (ii) unvested shares of restricted stock, restricted stock units, performance shares or performance units that are repurchased by the Company will not become available for future grant under the Amended Plan.

Equity Incentive Plan Information

As of May 29, 2018, there were (i) 8,686,851 shares issuable upon exercise of outstanding stock options, (ii) 3,271,101 shares subject to outstanding restricted stock units and (iii) 1,985,787 shares of common stock available for future awards under the Plan. The closing price of a share of our common stock on May 29, 2018 was \$1.83 per share.

The Company's Compensation Committee has authorized and issued equity awards for an aggregate of 2,278,434 shares of common stock under the Plan during Fiscal 2018, including restricted stock units for an aggregate of 1,167,000 shares of common stock issued to the Company's executive officers as a component of their compensation for Fiscal 2018. During Fiscal 2019 through the date of this Proxy Statement, the Compensation Committee has authorized and issued equity awards for an aggregate of 3,337,406 shares of common stock under the Plan, including restricted stock units for an aggregate of 433,883 shares of common stock and stock options exercisable for 1,750,000 shares of common stock issued to the Company's executive officers as a component of their compensation for Fiscal 2019.

Under the utilization rate calculation methodology adopted by Institutional Shareholder Services ("ISS"), the number of shares available for future issuance following the approval of the Amended Plan when divided by the Company's three-year average number of shares issued under the Plan for fiscal years 2018, 2017, and 2016, provides an estimated duration of 4.58 years, which is less than ISS's recommended maximum of 5 years.

The following table provides detailed information regarding the activity related to the Plan for fiscal years 2018, 2017 and 2016:

	Fiscal Year	Fiscal Year	Fiscal Year
	2018	2017	2016
Total number of shares of common stock subject to stock options granted	281,956	1,955,016	2,966,778
Total number of shares of common stock subject to full value awards granted (i.e., restricted stock units)	1,996,478	1,309,656	—
Weighted-average number of shares of common stock outstanding	107,243,974	97,763,032	90,057,356
Burn Rate (1)	2.12	% 3.34	% 3.29 %

(1) Burn Rate is calculated as (shares subject to options granted + shares subject to other equity incentive awards granted)/weighted average common stock outstanding

Currently the shares available for issuance and number of awards outstanding as a percentage of the Company's fully diluted common stock as of May 29, 2018 is 10.94%. If the proposal is approved by our stockholders, the potential dilution to stockholders would increase by 8.49% to 19.43%.

Rationale for Amendment

The Company grants equity awards to its eligible executive officers, directors and employees in the ordinary course of business. The Company performed an analysis based on its current hiring plans and determined that, if the proposed increase in the shares reserved under the Amended Plan is approved by stockholders at the 2018 Annual Meeting, it should have enough shares available for future grant under the Plan to last through 2020. The Company discussed the proposed increase in shares with its compensation consultant and received input on the appropriate number of shares to be added to the Amended Plan. If this proposal is not approved by our stockholders, the Company currently anticipates that all of the shares available for grants under the Plan will be exhausted by approximately September 1, 2018.

Our Compensation Committee has full discretion to determine the number of awards to be granted to participants under the Amended Plan, subject to an annual limitation on the total number of awards that may be granted to any one

person. No awards have been granted contingent upon stockholder approval of the Amended Plan.

Description of Material Terms of Amended Plan

The following is a summary of the principal features of the Plan, as proposed to be amended by the Amended Plan, but it is qualified in its entirety by reference to the full text of the Amended Plan, which appears as Appendix A to this Proxy Statement.

Background and Purpose of the Plan

We adopted the Plan to attract and retain the best available personnel for positions of substantial responsibility, to provide incentives to individuals who perform services for us, and to promote the success of our business.

Shares Available Under the Plan

Currently, there are 1,985,787 shares of common stock reserved for issuance under the Plan. The Amended Plan would increase the number of shares available for issuance by 11,000,000 shares, for an aggregate of 12,985,787 shares of common stock. If an incentive award granted under the Plan expires, terminates, is unexercised or is forfeited, the shares subject to such award will become available for further awards under the Plan. Under the Plan, shares are surrendered to us in connection with an incentive award, and shares used to pay the tax or exercise price of an award will not become available for future grant or sale under the Plan. To the extent an award under the Plan is paid out in cash rather than shares, the cash payment will not result in reducing the number of shares available for issuance under the Plan. The maximum number of shares subject to awards that may be granted to any individual during any calendar year is 2,000,000 and the maximum aggregate amount of cash that may be paid in cash during any calendar year with respect to awards payable in cash is \$2,000,000.

The number and class of shares of our common stock subject to the Plan, the number and class of shares subject to any numerical limit in the Plan, and the number, price and class of shares subject to awards will be adjusted in the event of any change in our outstanding common stock by reason of any stock dividend, spin-off, split-up, stock split, reverse stock split, recapitalization, reclassification, merger, consolidation, liquidation, business combination or exchange of shares or similar transaction.

Administration

The Compensation Committee of the Board currently administers the Plan (the “Administrator”). Subject to the terms of the Plan, the Compensation Committee has complete authority and discretion to determine the terms of awards under the Plan.

Eligibility and Participation

Participation in the Plan is open to all of our employees and directors and any person (including an advisor) engaged by us to render services to the Company, as the Administrator may select from time to time. As of the date of this Proxy Statement, six (6) non-employee directors and approximately seventy-five (75) employees (including five (5) executive officers) and other persons rendering services to the Company or any of its affiliates are eligible to participate in the Plan.

Grants

The Plan authorizes the grant to Plan participants of incentive stock options, non-statutory stock options, stock appreciation rights, restricted stock, restricted stock units, performance units, performance shares, and other stock or cash awards intended to comply with Section 162(m) of the Internal Revenue Code (as amended, the “Code”), as described below:

Stock Options. Stock options entitle the participant, upon exercise, to purchase a specified number of shares of common stock at a specified price for a specified period of time. The Administrator may grant incentive and/or non-statutory stock options under the Plan. The exercise price for each stock option shall be determined by the Administrator but shall not be less than 100% of the fair market value of the common stock on the date of grant. The “fair market value” means, if the stock is listed on any established stock exchange or national market system (e.g., the NASDAQ), the closing sales price of the stock, or, if the common stock is regularly quoted by a recognized securities dealer, but the selling prices are not reported, the mean between the high bid and low asked prices for the common stock on the day of determination, or in the absence of an established market for the stock, or if the stock is not regularly quoted or does not have sufficient trades or bid prices which would reflect the stock’s actual fair market value, the fair market value of the common stock will be determined in good faith by the Administrator upon the advice of a qualified valuation expert. As of May 29, 2018, the fair market value of a share of our common stock was

\$1.83 per share. Any stock options granted in the form of an incentive stock option will be intended to comply with the requirements of Section 422 of the Code. Only options granted to employees qualify for incentive stock option treatment. Each stock option shall expire at such time as the Administrator shall determine at the time of grant. No stock option shall be exercisable later than the tenth anniversary of its grant. A stock option may be exercised in whole or in installments. A stock option may not be exercisable for a fraction of a share. Shares of common stock purchased upon the exercise of a stock option must be paid for in full at the time of exercise in cash or such other consideration determined by the Administrator.

Stock Appreciation Rights. A stock appreciation right (“SAR”) is the right to receive a payment equal to the excess of the fair market value of a specified number of shares of common stock on the date the SAR is exercised over the exercise price of the SAR. The exercise price for each SAR shall not be less than 100% of the fair market value of the common stock on the date of grant, and the term of an SAR shall be no more than ten years from the date of grant. At the discretion of the Administrator, the payment upon an SAR exercise may be in cash, in shares equivalent thereof, or in some combination thereof.

Upon exercise of a SAR, the participant shall be entitled to receive payment from the Company in an amount determined by multiplying the excess of the fair market value of a share of common stock on the date of exercise over the exercise price of the SAR by the number of shares with respect to which the SAR is exercised.

Restricted Stock and Restricted Stock Units. Restricted stock and restricted stock units may be awarded or sold to participants under such terms and conditions as shall be established by the Administrator. Restricted stock and restricted stock units shall be subject to such

restrictions as the Administrator determines, including vesting requirements, a prohibition against sale, assignment, transfer, pledge or hypothecation, and a requirement that the participant forfeit such shares or units in the event of termination of employment. A restricted stock unit provides a participant the right to receive payment representing the value of a share of our common stock at a future date after the lapse of restrictions or achievement of performance criteria or other conditions determined by the Administrator. Participants are not required to pay any consideration to us at the time of grant of restricted stock or restricted stock units.

Performance Stock. The Administrator shall designate the participants to whom long-term performance stock/units are to be awarded and determine the number of shares, the length of the performance period and the other vesting terms and conditions of each such award. Each award of performance stock/units shall entitle the participant to a payment in the form of shares/units of common stock upon the attainment of performance criteria and other vesting terms and conditions specified by the Administrator. The Administrator may, in its discretion, make a cash payment equal to the fair market value of shares of common stock otherwise required to be issued to a participant pursuant to a performance stock award. All awards made under the Plan may be subject to vesting and other contingencies as determined by the Administrator and will be evidenced by agreements approved by the Administrator which set forth the terms and conditions of each award. If performance stock/units are intended to qualify as performance-based compensation under Section 162(m) of the Code, the award must specify a predetermined amount of cash or shares that may be earned by the covered employee to the extent that one or more of the following predetermined performance criteria are attained within a predetermined performance period: (i) earnings per share; (ii) operating cash flow; (iii) operating income; (iv) profit after-tax; (v) profit before-tax; (vi) return on assets; (vii) return on equity; (viii) return on sales; (ix) revenue; (x) total shareholder return; (xi) return on capital, including but not limited to return on invested capital against a weighted average cost of capital; (xii) return on net assets; (xiii) economic value added; (xiv) market share; (xv) customer service; (xvi) customer satisfaction; (xvii) safety; (xviii) total stockholder return; (xix) free cash flow; (xx) net operating income; (xxi) operating cash flow; (xxii) return on investment; (xxiii) employee satisfaction; (xxiv) employee retention; (xxv) balance of cash, cash equivalents and marketable securities; (xxvi) product development; (xxvii) research and development expenses; (xxviii) completion of an identified special project; (xxix) completion of a joint venture or other corporate transaction; (xxx) filing of patents; (xxxii) submission and/or publication of scientific works; (xxxiii) execution or expansion of strategic partnerships or relationships; or (xxxiiii) such other measures as determined by the Compensation Committee consistent with the terms of the Plan. Performance criteria may be expressed on an absolute basis or relative to a standard specified by the Compensation Committee.

New Plan Benefits and Previously Granted Awards

Awards that may be granted to eligible persons under the Plan are subject to the discretion of the Compensation Committee, so we cannot currently determine the benefits or amounts that will be received or allocated to our current named executive officers, executive officers as a group, directors who are not executive officers as a group, and employees, including all current officers who are not executive officers, as a group. Consequently, no New Plan Benefits Table is included in this Proxy Statement.

We granted equity awards under the Plan during our fiscal year ended March 31, 2018 to our named executive officers, non-employee directors, and other eligible employees. Grants made during our last fiscal year to our named executive officers are reflected in the “Grants of Plan-Based Awards” table in the “Executive Compensation” section of this Proxy Statement. Likewise, grants made to our non-employee directors are reflected in the “Director Compensation Table” in the “Director Compensation” section of this Proxy Statement. The number of shares subject to awards granted under the Plan during our fiscal year ended March 31, 2018 to all employees (who are not executive officers) and consultants as a group was 1,111,434 shares.

Duration, Amendment, and Termination

Unless sooner terminated by the Board, the Amended Plan will terminate ten years after its adoption by the Company's stockholders at the 2018 Annual Meeting. The Board may amend, alter, suspend or terminate the Amended Plan at any time or from time to time without stockholder approval or ratification, unless necessary and desirable to comply with applicable law. However, before an amendment may be made that would adversely affect a participant who has already been granted an award; the participant's consent must be obtained.

Federal Income Tax Consequences

The following is a general summary of the federal income tax treatment of equity awards, which are authorized for grant under the Plan, based upon the provisions of the Code as of the date of this Proxy Statement. Non-U.S. residents should consult with their tax adviser regarding the specific tax consequences as a result of the grant of awards under the Plan in their country of origin. This summary is not intended to be exhaustive and the exact tax consequences to any award holder depend upon his or her particular circumstances and other facts. Plan participants should consult their tax advisor with respect to any state, local and non-U.S. tax considerations or relevant federal tax implications of options granted under the Plan.

Incentive Stock Options. An option holder recognizes no taxable income for regular income tax purposes as a result of the grant or exercise of an incentive stock option that qualifies under Section 422 of the Code. Option holders who neither dispose of their shares within two years of the date that the option was granted or within one year following the exercise of the option, normally recognize a capital gain or loss on the sale of the shares equal to the difference, if any, between the sale price and the purchase price of the shares. If an option holder satisfies these holding periods, on the sale of the shares, we are not entitled to any deduction for federal income tax purposes. Where an option holder disposes of shares within two years after the date of grant of those options or within one year after the date of exercise (a “disqualifying disposition”), the difference between the fair market value of the shares on the exercise date and the option exercise price (which is not to exceed the gain realized on the sale, if the disposition is a transaction with respect to which a loss, if sustained, would be recognized) is taxed as ordinary income at the time of disposition. Any gain in excess of that amount is a capital gain. If a loss is recognized, there is no ordinary income, and such loss is a capital loss. Any ordinary income recognized by the option holder on the disqualifying disposition of the shares generally results in a deduction by us for federal income tax purposes.

Non-statutory Stock Options. Options not designated or qualifying as incentive stock options are non-statutory stock options having no special tax status. An option holder generally recognizes no taxable income as a result of the grant of the option. On the exercise of a nonstatutory stock option, the option holder normally recognizes ordinary income in the amount of the difference between the option exercise price and the fair market value of the shares on the exercise date. Where the option holder is an employee, such ordinary income generally is subject to withholding of income and employment taxes. On the sale of shares acquired by the exercise of a non-statutory stock option, any gain or loss (based on the difference between the sale price and the fair market value on the exercise date), is taxed as a capital gain or loss. No tax deduction is available to us with respect to the grant of a non-statutory stock option or the sale of the stock acquired pursuant to such grant. We should generally be entitled to a deduction equal to the amount of ordinary income recognized by the option holder as a result of the exercise of a non-statutory stock option.

Stock Appreciation Rights (“SAR”). In general, no taxable income results upon the grant of a SAR. A participant will generally recognize ordinary income in the year of exercise equal to the value of the ordinary shares or other consideration received, in the case of employees subject to tax withholding.

Restricted Stock. A participant who receives an award of restricted stock does not generally recognize taxable income at the time of award. Instead, the participant recognizes ordinary income when the shares vest, subject to tax withholding in the case of employees. The amount of taxable income is equal to the fair market value of the ordinary shares on the vesting date(s) less the cash, if any, paid for the ordinary shares. A participant may make a one-time election to recognize income at the time the participant receives restricted shares in an amount equal to the fair market value of the restricted shares (less any cash paid) on the date of the award by making an election under Section 83(b) of the Code.

Restricted Stock Units. In general, no taxable income results upon the grant of a restricted stock unit. The recipient will generally recognize ordinary income (subject to tax withholding in the case of employees) equal to the fair market value of the shares and/or cash that are delivered to the recipient upon settlement of the restricted stock units.

Deductibility of Compensation. In general, we are entitled to an income tax deduction at the time and to the extent a participant recognizes ordinary income as a result of an award un the Plan. However, Section 162(m) of the Code may limit the deductibility of awards granted under the Plan. Section 162(m) of the Code places a limit of \$1,000,000 on the amount of compensation we may deduct in any one year with respect to our CEO and other covered employees. Prior to recent changes in tax law, there was an exception to the 162(m) deduction limit for performance-based compensation that was payable solely based on the attainment of one or more performance criteria and where certain statutory requirements are satisfied. This exception has been eliminated for taxable years beginning after December 31, 2017.

PROPOSAL 5: ADVISORY VOTE TO APPROVE COMPENSATION OF NAMED EXECUTIVE OFFICERS

The Board of Directors is providing stockholders with the opportunity to cast an advisory vote on the compensation of our named executive officers. This proposal, commonly known as a “Say-on-Pay” proposal, gives you, as a stockholder, the opportunity to endorse or not endorse our executive compensation program and the compensation paid to our named executive officers as reported in this Proxy Statement.

The Say-on-Pay vote is advisory, and therefore not binding on the Compensation Committee or the Board. Although the vote is non-binding, the Compensation Committee and the Board will review the voting results, seek to determine the cause or causes of any significant negative voting, and take them into consideration when making future decisions regarding executive compensation.

The Compensation Committee and the Board have designed our executive compensation program to attract and retain talented executives, to motivate them to achieve our key financial, operational, and strategic goals, and to reward them for superior performance. They also designed our compensation program to align our executive officers’ interests with those of our stockholders by rewarding their achievement of the specific corporate and individual goals approved by our Compensation Committee. The performance goals set by the Compensation Committee are focused on achieving our commercialization objectives, increasing long-term stockholder value, and advancing our product development and technology platform. Stockholders are encouraged to read the Compensation Discussion and Analysis and Executive Compensation sections of this Proxy Statement for a more detailed discussion of how our compensation program reflects the Company’s core objectives and aligns our executive officers’ interests with those of our stockholders.

Vote Required

The Board believes the Company’s executive compensation program uses appropriate structures and sound pay practices that are effective in achieving our core compensation objectives. Accordingly, the Board recommends that you vote in favor of the following resolution:

“RESOLVED, that the stockholders of Organovo Holdings, Inc. approve, on an advisory basis, the compensation of the Company’s named executive officers as disclosed in the Company’s 2018 Proxy Statement pursuant to the Securities and Exchange Commission’s compensation disclosure rules, including the Compensation Discussion and Analysis and Executive Compensation sections.”

If a quorum is present, the proposal to approve, on an advisory basis, the compensation of the Company’s named executive officers requires the affirmative vote of a majority of the votes cast at the 2018 Annual Meeting. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum. Abstentions and broker non-votes will not be considered as votes cast for or against the proposal and will therefore have no effect on the outcome of the vote.

Board Recommendation

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

CORPORATE GOVERNANCE

Overview

We are committed to maintaining high standards of business conduct and corporate governance, which we believe are fundamental to the overall success of our business, serving our stockholders well and maintaining our integrity in the marketplace. Our Corporate Governance Guidelines and Code of Business Conduct, together with our Certificate of Incorporation, Bylaws and the charters of our Board Committees, form the basis for our corporate governance framework. As discussed below, our Board of Directors has established three standing committees to assist it in fulfilling its responsibilities to the Company and its stockholders: the Audit Committee, the Compensation Committee, and the Nominating and Corporate Governance Committee. The references to our website address below do not constitute incorporation by reference of the information contained at or available on our website.

Corporate Governance Guidelines

Our Corporate Governance Guidelines are designed to facilitate the effective corporate governance of our Company. Our Corporate Governance Guidelines cover topics including, but not limited to, director qualification criteria, director responsibilities, director compensation, director orientation and continuing education, communications from stockholders to the Board, succession planning and the annual evaluations of the Board and its committees. Our Corporate Governance Guidelines are reviewed regularly by the Nominating and Corporate Governance Committee and amended by our Board when appropriate. The full text of our Corporate Governance Guidelines is available on our website at www.organovo.com. A printed copy may also be obtained by any stockholder upon request to our Corporate Secretary.

Code of Business Conduct

We have adopted a Code of Business Conduct that applies to all of our officers, directors, employees and consultants. Among other matters, our Code of Business conduct is designed to deter unlawful or unethical behavior and to promote the following:

- Prohibiting conflicts of interest (including protecting corporate opportunities);
- Protecting our confidential and proprietary information and that of our customers and vendors;
- Treating our employees, customers, suppliers and competitors fairly;
- Encouraging full, fair, accurate, timely and understandable disclosure;
- Protecting and properly using company assets;
- Complying with laws, rules and regulations (including insider trading laws); and
- Encouraging the reporting of any unlawful or unethical behavior.

Any waiver of the Code of Business Conduct for our executive officers, directors or employees may be made only by our Nominating and Corporate Governance Committee and will be promptly disclosed on our website. We have posted a copy of our Code of Business Conduct, and intend to post amendments to this code, on our website as permitted under SEC rules and regulations.

Board Independence

Our shares of common stock are listed for trading on the NASDAQ Stock Market. As a result, our Board utilizes the definition of “independence” as that term is defined by the listing standards of the NASDAQ Stock Market and the rules and regulations of the SEC, including the additional independence requirements for members of our Audit and Compensation Committees. Our Board considers that a director is independent when the director is not an officer or employee of the Company or its subsidiaries, does not have any relationship which would, or could reasonably appear to, materially interfere with the independent judgment of such director, and the director otherwise meets the independence requirements under the listing standards of the NASDAQ Stock Market and the rules and regulations of

the SEC. Our Board has reviewed the materiality of any relationship that each of our directors has with the Company, either directly or indirectly. Based on this review, our Board has affirmatively determined that six of our seven directors, including Robert Baltera, Jr., James Glover, Tamar Howson, Mark Kessel, Kirk Malloy, Ph.D., and Richard Maroun, qualify as “independent” directors. One of our directors, Taylor Crouch, does not qualify as independent directors due to his current service as our Chief Executive Officer and President. In addition, Keith Murphy did not qualify as an “independent” director during his Board service, which ended in August 2017.

Board Leadership Structure

Our Bylaws provide our Board with flexibility to combine or separate the positions of Chairman of the Board and Chief Executive Officer in accordance with its determination that utilizing one or the other structure would be in the best interests of our Company and its stockholders. At present, Dr. Malloy serves as the independent Chairman of the Board and Mr. Crouch serves as our Chief Executive Officer. Our Board has determined that separating the positions of Chief Executive Officer. Our Board has determined that separating

the positions of Chief Executive Officer and Chairman of the Board is in the best interests of the Company and its stockholders at this time.

Our Board believes that the current leadership structure, which separates the Chairman and Chief Executive Officer roles, enhances the accountability of our Chief Executive Officer to our Board and encourages balanced decision making. In addition, our Board believes that this structure provides an environment in which the independent directors are fully informed, have significant input into the content of Board meetings, and are able to provide objective and thoughtful oversight of management. Our Board also adopted this leadership structure in recognition of the differences in responsibilities. While our Chief Executive Officer is responsible for the day-to-day leadership and operations of the Company, the Chairman of the Board provides guidance to our Board and sets the agenda for Board meetings. Our Chairman also provides performance feedback on behalf of our Board to our Chief Executive Officer. Our Board also considered that our Audit, Compensation, and Nominating and Corporate Governance Committees, which oversee critical matters such as the integrity of our financial statements, the compensation of executive management, the selection and evaluation of directors, the development and implementation of corporate governance policies, and the oversight of the Company's compliance with laws and regulations, each consist entirely of independent directors. Our Board intends to evaluate from time to time whether our Chief Executive Officer and Chairman positions should remain separate based on what our Board determines is best for the Company and its stockholders.

and Corporate Governance Committee is governed by a written charter approved by the Board of Directors, a copy of which is available on our website at www.organovo.com.

During the fiscal year ended March 31, 2018, all directors attended at least 75% or more of the aggregate of the meetings of the Board and of each of the Board committees on which they served. The Board met six times and acted by written consent three times during the fiscal year ended March 31, 2018; the Audit Committee met six times and did not act by written consent during the fiscal year ended March 31, 2018; the Compensation Committee met seven times and acted by written consent one time during the fiscal year ended March 31, 2018; and the Nominating and Corporate Governance Committee met five times and did not act by written consent during the fiscal year ended March 31, 2018.

Director Attendance at the Annual Meeting

We believe the Annual Meeting provides a good opportunity for our directors to hear any feedback that our stockholders may desire to share with the Company and the Board. As a result, we encourage our directors to attend our Annual Meetings. We reimburse our directors for the reasonable expenses they may incur in attending the Annual Meeting.

Executive Sessions

Executive sessions of our independent directors are held at each regularly scheduled meeting of our Board and at other times they deem necessary. The Board's policy is to hold executive sessions without the presence of management, including our President and Chief Executive Officer. Our Board committees also generally meet in executive session at the end of each committee meeting.

Board Oversight of Risk

Our Board is actively involved in the oversight of risks that could affect our Company. The Board as a whole has responsibility for risk oversight of the Company's risk management policies and procedures, with specific reviews of certain areas being conducted by the relevant Board committee. The Board satisfies this responsibility through reports by each Committee Chair to the Board regarding the Committee's considerations and actions, as well as through regular reports directly from the member or members of management responsible for oversight of particular risks within the Company. Specifically, the Board committees address the following risk areas:

- The Compensation Committee is responsible for overseeing the management of risks related to the Company's executive compensation plans and arrangements.
- The Audit Committee discusses with management the Company's major financial risk exposures, regulatory and compliance matters and the steps management has taken to monitor and control such exposures.
- The Nominating Committee is responsible for overseeing the Company's compliance with good corporate governance practices, including the requirements established by the SEC and the NASDAQ Stock Market.

The Board encourages management to promote a corporate culture that incorporates risk management into the Company's day-to-day business operations.

Compensation Committee Interlocks and Insider Participation

No member of our Compensation Committee has at any time been our employee. Except as set forth herein, none of our executive officers serves, or has served during the last fiscal year, as a member of the board of directors or compensation committee of any other entity that has one or more executive officers serving as a member of our Board or our Compensation Committee.

Stock Ownership Guidelines

All of our executive officers and non-employee Directors are subject to stock ownership guidelines approved by the Board within five years of starting employment or becoming a Director. Our Chief Executive Officer is required to beneficially hold a number of shares of the Company's common stock with a value equal to five times (5x) his base salary. All other executive officers are required to hold a number of shares with a value equal to three times (3x) their base salary. Non-employee Directors are required to beneficially hold a number of shares of the Company's common stock with a value equal to four times (4x) the annual cash retainer paid to them for service as a member of our Board. Equity value is calculated based on all shares owned and expected to be owned within the compliance period plus the value of all options expected to be vested within the compliance period. Stock Options, for purposes of the Stock Ownership Guidelines, are valued at the greater of (i) the original Black-Scholes per share valuation at the date of the respective Option Grant or (ii) the "in the money" value of the Vested Stock Options based on the closing market stock price on the applicable annual evaluation date. Each of our executive officers and each of our non-employee Directors who have been a member of the Board for more than one year are in compliance with the Stock Ownership Guidelines.

Succession Planning

The Corporate Governance Guidelines provide for an annual succession planning process for the Company's Chief Executive Officer and its other executives and key employees.

Consideration of Director Nominees

General. In evaluating nominees for membership on our Board, our Nominating and Corporate Governance Committee applies the Board membership criteria set forth in our Corporate Governance Guidelines. Under these criteria, the Committee takes into account many factors, including an individual's business experience and skills (including skills in core areas such as operations, management, technology, relevant industry knowledge (e.g., research tools, contract research services, therapeutics, drug discovery, reimbursement, medical/surgical), accounting and finance, regulatory matters and clinical trials, leadership, strategic planning and international markets), as well as independence, judgment, professional reputation, integrity and ability to represent the best interests of the Company and its stockholders. In addition, the Nominating and Corporate Governance Committee will also consider the ability of the nominee to commit sufficient time and attention to the activities of the Board, as well as the absence of any potential conflicts with the Company's interests. The Nominating and Corporate Governance Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. The Board does not have a formal policy with respect to diversity of nominees. Rather, our Nominating and Corporate Governance Committee considers Board membership criteria as a whole and seeks to achieve diversity of occupational and personal backgrounds on the Board. Our Board will be responsible for selecting candidates for election as directors based on the recommendation of the Nominating and Corporate Governance Committee.

Our Nominating and Corporate Governance Committee regularly assesses the appropriate size of our Board, and whether any vacancies on our Board are expected due to retirement or other reasons. In the event that vacancies are anticipated, or otherwise arise, the Committee will consider various potential nominees who may come to the attention of the Committee through current Board members, professional search firms, stockholders or other persons. Each potential nominee brought to the attention of the Committee, regardless of who recommended such potential nominee, is considered on the basis of the criteria set forth in our Corporate Governance Guidelines.

Stockholder Nominees. The Nominating and Corporate Governance Committee will review a reasonable number of candidates for director recommended by a single stockholder who has held over 1.0% of the Company's common stock for over one year and who satisfies the notice, information and consent provisions set forth in the Company's Bylaws. The Board will use the same evaluation criteria and process for director nominees recommended by stockholders as it uses for other director nominees. A stockholder wishing to formally nominate an individual for election to the Board must do so by following the procedures described in the Company's Bylaws. There has been no change to the procedures set forth in the Company's Bylaws by which stockholders may recommend nominees to our Board. For information concerning stockholder proposals, see "Stockholder Proposals for the 2018 Annual Meeting" below in this Proxy Statement.

Communications with the Board of Directors

The Board desires that the views of stockholders will be heard by the Board, its Committees or individual directors, as applicable, and that appropriate responses will be provided to stockholders on a timely basis. Stockholders wishing to formally communicate with the Board, the independent directors as a group or any individual director may send communications directly to the Company at 6275 Nancy Ridge Dr., Suite 110, San Diego, California 92121, Attention: Corporate Secretary. All clearly marked written communications, other than unsolicited advertising or promotional materials, are logged and copied, and forwarded to the director(s) to whom the communication was addressed. Please note that the foregoing communication procedure does not apply to (i) stockholder proposals pursuant to Exchange Act Rule 14a-8 and communications made in connection with such proposals or (ii) service of process or any other notice in a legal proceeding.

DIRECTOR COMPENSATION

Our directors play a critical role in guiding our strategic direction and overseeing the management of our Company. Ongoing developments in corporate governance and financial reporting have resulted in an increased demand for such highly qualified and productive public company directors. The many responsibilities and risks and the substantial time commitment of being a director of a public company require that we provide adequate incentives for our directors' continued performance by paying compensation commensurate with our directors' workload. Our non-employee directors are compensated based upon their respective levels of Board participation and responsibilities, including service on Board Committees. Our employee directors receive no separate compensation for their service as directors.

Our director compensation is overseen by the Compensation Committee, which makes recommendations to our Board of Directors on the appropriate structure for our non-employee director compensation program and the appropriate amount of compensation. Our Board of Directors is responsible for final approval of our non-employee director compensation program and the compensation paid to our non-employee directors.

In connection with establishing our non-employee director compensation for Fiscal 2018, the Compensation Committee retained the Compensation Consulting Division of Marsh & McLennan Agency LLC ("Marsh") as its independent compensation consultant. With the assistance of Marsh, the Board of Directors and Compensation Committee conducted a formal review of our non-employee director compensation and incentive programs relative to the same peer group used in benchmarking the compensation for our executive officers. The Compensation Committee and the Board determined that a philosophy of targeting total compensation for our non-employee directors at the 50th percentile (based on peer group benchmarks), is in the best interests of the Company and its stockholders.

Non-Employee Director Compensation Framework

For Fiscal 2018, our non-employee director compensation program consisted of: (i) annual cash retainers for Board service and for service as the chair or member of one of the standing Board Committees and (ii) long-term equity awards granted on an annual basis to continuing non-employee directors immediately following the Annual Meeting of Stockholders or upon their initial appointment to the Board for new directors. Our non-employee directors are not entitled to any Board or Board Committee meeting fees.

Annual Cash Retainers. For Fiscal 2018, each of our non-employee directors was eligible to receive an annual cash retainer of \$50,000 for Board membership and the Lead Independent Director or Independent Chairman was eligible to receive an additional \$50,000. In addition, for Fiscal 2018 each of our non-employee directors was eligible to receive the applicable annual retainers set forth below for Committee Chairs and for service as a member of a Board Committee:

Position	Audit Committee	Compensation Committee	Nominating &
			Governance Committee
Committee Chair (additional retainer)	\$ 15,000	\$ 10,000	\$ 9,500
Committee Member	\$ 10,000	\$ 7,750	\$ 5,000

No additional meeting fees were paid to our non-employee directors.

Annual Long-Term Equity Awards. In addition to the annual cash retainers, each non-employee director continuing in office after the adjournment of the 2017 Annual Meeting of Stockholders received a stock option award (the “Annual Award”) immediately following the adjournment of the annual meeting. The number of shares subject to the Annual Award was calculated by taking the number of shares of common stock equal to 0.04% of the outstanding shares of common stock of the Company as of the date of the Annual Award, with the number of shares subject to the option rounded to the nearest 500 shares.

The Annual Award has an exercise price equal to the closing market price of the Company’s common stock on the date of the Annual Awards. Each such Annual Award will vest in full on the earlier of (i) one year from the date of the Annual Award or (ii) the next Annual Meeting of Stockholders held by the Company, subject to acceleration in the event of the change of control.

Initial Long-Term Equity Awards. During Fiscal 2018, our non-employee director compensation program provided that upon joining the Board of Directors (whether by appointment or election by stockholders), a non-employee director will receive an initial stock option award (the “Initial Award”). The Initial Award is calculated on the same basis as the Annual Award, provided that the Initial Award shall be pro-rated based on the date of the director’s appointment or election and the number of months remaining in the twelve-month period between the last regularly scheduled Annual Meeting held by the Company and the next regularly scheduled Annual Meeting to be held by the Company. The Initial Award will have an exercise price equal to the closing market price of the Company’s common stock on the date of the Initial Award. Each such Initial Award will vest quarterly over a period of twelve quarters from the vesting commencement date, subject to acceleration in the event of the change of control.

Reimbursement. Our non-employee Directors are entitled to reimbursement for their reasonable travel and lodging expenses for attending Board and Board Committee meetings.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following tables set forth certain information regarding the beneficial ownership of our common stock as of May 29, 2018 (the record date) by (i) each person who, to our knowledge (based solely on our review of Schedules 13D and 13G filed with the SEC), beneficially owns more than 5% of our common stock; (ii) each of our directors, director nominees and named executive officers (as disclosed in this Proxy Statement); and (iii) all of our executive officers, directors and director nominees as a group. We determined the number of shares of common stock beneficially owned by each person under rules promulgated by the SEC, based on information obtained from Company records and filings with the SEC on or before May 29, 2018. In cases of holders who are not directors, director nominees and named executive officers, Schedules 13G or 13D filed with the SEC (and, consequently, ownership reflected here) often reflect holdings as of a date prior to May 29, 2018. The information is not necessarily indicative of beneficial ownership for any other purpose. Under these rules, beneficial ownership includes any shares as to which the individual or entity has sole or shared voting power or investment power and also any shares which the individual or entity had the right to acquire within sixty days of May 29, 2018. These shares, however, are not deemed outstanding for the purpose of computing the percentage ownership of any other individual.

Applicable percentages are based on 111,126,625 shares of common stock outstanding as of May 29, 2018, as adjusted as required by the rules promulgated by the SEC.

The following Compensation Discussion and Analysis is designed to provide our stockholders with an understanding of our compensation philosophy and objectives as well as an overview of the analysis that our Compensation Committee performed in setting the compensation of our executive officers for Fiscal 2018 (i.e., the period from April 1, 2017 to March 31, 2018).

This Compensation Discussion and Analysis summarizes the Compensation Committee's determination of how and why, in addition to what, compensation actions were taken for our Chief Executive Officer, our Chief Financial Officer and our three other most highly compensated executive officers serving as of the end of Fiscal 2018, including:

- Taylor Crouch, our Chief Executive Officer and President;
- Craig Kussman, our Chief Financial Officer;
- Sharon Presnell, Ph.D., our Chief Scientific Officer and President of Samsara Sciences, Inc.;
- Paul Gallant, our General Manager; and
- Jennifer Kinsbruner Bush, JD, our Senior Vice President, General Counsel, Corporate Secretary and Compliance Officer.

In addition, our Compensation Discussion and Analysis summarizes the compensation received by our former Chief Executive Officer and President, Keith Murphy, and our former Chief Strategy Officer and Executive Vice President of Pre-Clinical Development, Eric David, MD, JD, for their services during Fiscal 2018.

These seven individuals are collectively referred to in this Proxy Statement as our "named executive officers".

Recent "Say-on-Pay" Vote

At our 2017 Annual Meeting of Stockholders, we held a stockholder advisory vote, commonly referred to as a "say-on-pay" vote, to approve the compensation of our named executive officers for Fiscal 2017 (i.e., the period from April 1, 2016 to March 31, 2017). We received favorable consideration from our stockholders, with over 92% of stockholder votes cast in favor of the proposal. As a result, the Compensation Committee decided to retain our general compensation framework and approach in Fiscal 2018. The Compensation Committee will consider the outcome of the annual say-on-pay votes when making future compensation decisions.

Compensation Philosophy and Objectives

Our executive compensation program focuses on creating alignment between our stockholders and executive officers by including both performance and incentive-based compensation elements. Our compensation package also combines both short- and long-term components (cash and equity, respectively) at the levels the Compensation Committee determined to be appropriate to motivate, reward, and retain our executive officers. Our executive compensation program is designed to achieve the following key objectives:

- Attract, retain, and reward talented executives and motivate them to contribute to the Company's success and to build long-term stockholder value;
- Establish financial incentives for executives to achieve our key financial, operational, and strategic goals;
- Enhance the relationship between executive pay and stockholder value by utilizing long-term equity incentives; and
- Recognize and reward executives for superior performance.

Use of Market Data and Benchmarking

The Compensation Committee endeavors to set compensation at competitive levels. In order to do this, the Compensation Committee compares our compensation packages with the packages offered by other companies that are similarly situated, and with which we compete for talent.

For Fiscal 2018, the Compensation Committee engaged the Compensation Consulting division of Marsh & McLennan Agency LLC (“Marsh”) as its independent compensation consultant advisor reporting directly to the chair of the Committee. The Compensation Committee determined that no conflict of interest exists that would preclude Marsh from serving as an independent consultant to the Committee.

The Compensation Committee requested Marsh to conduct a review and analysis of our executive compensation programs as compared against competitive benchmarks. This included a benchmarking analysis against prevailing market practices of a peer group of comparable companies approved by the Compensation Committee as well as broader industry trends and benchmarks. The analysis included a review of the “Total Direct Compensation” (which includes, salary, cash incentives, and equity awards) of our executive officers, and was based on an assessment of market trends covering available public information as well as proprietary information provided by Marsh.

For Fiscal 2018, based on recommendations from Marsh, our Compensation Committee determined that our peer group should be modified to better reflect our market valuation, revenues, employee size, and stage of lead therapeutic candidate. With input from Marsh, our Compensation Committee added a group of companies focused on human therapies, with comparable size, revenues, market valuations, and stage of leading therapeutic candidate. These additions to our peer group included: Agenus, Anika Therapeutics, Asterias Bio, BioTime, CryoLife, Cutera, Exactech, Fate Therapeutics, Ignyta, Lion Biotechnologies, Nanotring Technologies, Ocular Therapeutix, Progenics Pharmaceuticals, and Sientra. Our Compensation Committee also replaced some of the companies previously included in our peer group because their market valuations had grown too low for direct comparison to our Company, such as Caladrius, CytRx, Neuralstem, and Regulus Therapeutics. Our Compensation Committee then used the compensation data from this revised peer group in setting executive compensation for Fiscal 2018.

The peer group for Fiscal 2018 included:

AcelRx Pharmaceuticals, Inc.	Fate Therapeutics	Luminex
Agenus	Ignyta	NanoString Technologies
Anika Therapeutics	Immunomedics	Ocular Pharmaceuticals
Arrowhead Research Corporation	Inovio Pharmaceuticals	Peregrine Pharmaceuticals
Asterias Bio	Insmed Inc.	Progenics Pharmaceuticals
BioTime	InVivo Therapeutics Corp.	Retrophin
CryoLife	Keryx Biopharmaceuticals	Sangamo BioSciences
Exactech	Lion Biotechnologies	Sientra

Determination of Executive Compensation

In setting executive compensation for Fiscal 2018, the Compensation Committee generally targeted Total Direct Compensation at or near the median of the peer group it approved.

In addition to peer group data, the Compensation Committee considered relevant publicly available market data and surveys and the compensation reports it received from Marsh. The Compensation Committee also reviewed and considered the compensation recommendations of our Chief Executive Officer (other than with respect to determining his own compensation), the Company’s overall performance during Fiscal 2017, the Company’s financial status and operating runway, each executive officer’s responsibilities and contribution to the Company’s achievement of the Fiscal 2017 corporate goals, and each executive officer’s individual performance during Fiscal 2017. With respect to new hires, our Compensation Committee considered the executive officer’s background and historical compensation in lieu of prior year performance in addition to benchmark data for the newly hired executive’s position.

Commitment to Good Compensation Governance Practices

In designing our executive compensation program, our Compensation Committee intends to create alignment between our stockholders and executive officers and to implement good compensation governance by:

- **Annual Advisory Vote on the Compensation of our Named Executive Officers** – We provide our stockholders with the ability to vote annually on the compensation of our named executive officers.
- **Independent Compensation Consultant** – The Compensation Committee engaged Marsh during fiscal 2018 to serve as its independent compensation consultant. Marsh did not provide any other services to the Company during the periods it served as a consultant to the Compensation Committee.
- **Performance and Incentive Based** – A significant percentage of the Total Direct Compensation our executive officers can earn is performance and incentive based, thereby aligning the interests of our executive officers with our stockholders' interests.

32

Stock Ownership Guidelines – The Compensation Committee established stock ownership guidelines to further align our executive officers’ interests with those of our stockholders. The guidelines require each of our named executive officers to acquire and hold a meaningful ownership interest in our Company.

Compensation Risk Assessment – The Compensation Committee oversees and evaluates an annual risk assessment of the Company’s compensation program. The Compensation Committee believes that the performance goals established for incentives do not encourage excessive risk-taking or have the potential to encourage behavior that may have a material adverse effect on the Company.

Prohibitions on Hedging, Pledging and Margin Activities – Our insider trading policy prohibits hedging transactions by Company employees. Under the policy, all short-term, speculative or hedging transactions in Organovo securities are prohibited by all employees. In addition, the policy specifically prohibits the use of Organovo securities for pledging and margin activities.

The Compensation Committee believes that the program and policies described above demonstrate the Company’s commitment to, and consistent execution of, an effective performance-oriented executive compensation program. Please see our “2018 Proxy Statement Summary” for an additional list of our compensation best practices.

Components of Executive Compensation

The framework established by the Compensation Committee, based on the data provided by Marsh, for our executive compensation program consists of a base salary, performance-based cash incentives and long-term equity-based incentives. The Compensation Committee endeavors to combine these compensation elements to develop a compensation package that provides competitive pay, rewards our executive officers for achieving our commercial, operational and strategic objectives and aligns the interests of our executive officers with those of our stockholders.

Base Salary: The Compensation Committee has provided, and will continue to provide, our executive officers with a base salary to compensate them for services provided during the fiscal year. In addition to benchmark data from our peer group, our Compensation Committee considers the Company’s overall performance during the prior fiscal year, cash burn, the Company’s financial status and operating profile, each executive officer’s responsibilities and contribution to the achievement of the prior year’s corporate goals, and each executive officer’s individual performance during the prior fiscal year. The evaluations and recommendations proposed by our Chief Executive Officer are also considered (other than with respect to determining his own compensation). With respect to new hires, the Compensation Committee considers an executive’s background and historical compensation in lieu of prior year performance as well as benchmark data for the new hire’s position. Our Compensation Committee evaluates and sets the base salaries for our executives following annual performance evaluations, as well as upon a promotion or other change in responsibility. Our Compensation Committee expects to continue to utilize these policies going forward.

For Fiscal 2018, the Compensation Committee provided approximately a 3% cost of living adjustment to our executive officers compared to Fiscal 2017

The base salaries of our named executive officers for Fiscal 2018 as compared to Fiscal 2017 are set forth in the following table:

Name and Title	Fiscal	Fiscal	Increase	
	2017	2018		
	Base Salary	Base Salary

(1) Mr. Murphy resigned as CEO on April 21, 2017 and Mr. Crouch's employment as CEO began on April 24, 2017.

(2) Effective November 15, 2016, Ms. Bush's salary was increased to \$347,000 per year in connection with her promotion to the position of Senior Vice President, General Counsel. Prior to that, her Fiscal 2017 base salary was \$335,000.

(3) Fiscal 2018 base salary increases were based on the factors described in the above section and were effective April 2, 2017.

Performance-Based Cash Incentive Awards. Our executive compensation program includes an annual performance-based cash incentive award, which provides our executive officers with an annual cash incentive opportunity as a percentage of their base salaries based upon the achievement of corporate and individual performance goals evaluated and approved by the Compensation Committee. For Fiscal 2018, the Compensation Committee determined that the annual target bonus opportunity expressed as a percentage of base salary for Mr. Crouch should be 50% of his base salary, the annual target bonus opportunities for Dr. Presnell, Mr. Kussman, and Ms. Bush should be 40% of their respective base salaries, and the annual target bonus opportunity for Mr. Gallant should be 35% of his base salary. Each executive officer is eligible to receive up to 150% of his or her target bonus amount based on the achievement of “stretch” corporate and individual performance goals evaluated and approved by the Compensation Committee. If the minimum base performance level is met for a corporate or individual performance goal, the Compensation Committee has the discretion to assign zero percentage to that performance goal or a bonus percentage on an interpolated basis between zero and 100%. For performance between the target and stretch levels for an individual or corporate performance goal, the bonus percentage for that performance goal is determined on an interpolated basis. The percentage of each executive’s annual performance-based cash incentive award based on the achievement of the Company’s corporate goals ranged from 70% to 100%; and the percentage of each executive’s annual performance-based cash incentive award based on the achievement of individual performance goals ranged from 0% to 30%, each as discussed further below.

For Fiscal 2018, our Compensation Committee established four corporate target and stretch performance goals, including: (i) total revenue recognized during Fiscal 2018, (ii) cash management, capital strategy, and certain financial metrics, (iii) commercial pipeline progress, and (iv) technology platform advancement. The revenue and financial goals were weighted at 45% and 25%, respectively, and the commercial pipeline and technology platform goals were weighted at 15% each. For Fiscal 2018, the Compensation Committee evaluated the Company’s performance relative to each of these corporate performance goals. For performance goals with minimum base performance levels, the Compensation Committee assigned a zero percentage to those performance goals if the Company did not meet the minimum base performance level. For performance goals that did not have a minimum base performance level or for which the Company exceeded the minimum performance level, the Compensation Committee determined the bonus percentage on an interpolated basis between zero and 100%. Based on this evaluation, the Compensation Committee assigned the following values to the corporate performance goals: (i) 0% related to total revenue goal because the Company did not meet the minimum base performance level, (ii) 150% related to meeting both the base and stretch metrics for the cash management, capital strategy, and financial metrics goals, (iii) 100% related to meeting the base metric for commercial pipeline goals, and (iv) 150% related to achieving both the base and stretch metrics for the technology platform advancement goals.

Based on these scores and the relative weights applied to each goal, the Company achieved an overall aggregate of 75% of the corporate performance goals established by the Compensation Committee and described above. Our Compensation Committee expected that the objectives it set as the corporate performance goals at the target level of performance would be challenging and require effective execution by the Company’s management team and that the objectives it set for the stretch level of performance would be difficult to achieve.

The Compensation Committee then considered the respective performance of each of the executive officers in achieving their individual target and stretch performance goals. Similar to the corporate performance goals, each executive officer is eligible to receive up to 150% of the target bonus amounts assigned to his or her respective individual performance goals based on his or her achievement of “stretch” performance goals. If the minimum base performance level is met for an individual performance goal, the Compensation Committee has the discretion to assign zero percentage to that performance goal or a bonus percentage on an interpolated basis between zero and 100%. For performance between the target and stretch levels for an individual performance goal, the bonus percentage for that performance goal is determined on an interpolated basis. In addition, the Compensation Committee may award discretionary credit for achievements that were not contemplated in the individual performance goals.

Mr. Crouch's annual performance-based cash incentive award was based 100% on the achievement of the Company's corporate goals, for which the Committee awarded 75% credit as described above. The Compensation Committee exercised its discretion to award Mr. Crouch an additional 5% credit in recognition of his extraordinary leadership in refocusing the Company and in substantially reducing the Company's negative adjusted EBITDA. Accordingly, the Compensation Committee set Mr. Crouch's bonus at 80% of his target.

Mr. Kussman's annual performance-based cash incentive award was based 80% on the achievement of the Company's corporate goals, and 20% on the achievement of his individual performance goals. Mr. Kussman's individual performance goals included: (i) improving the Company's financial planning and financial operational review process (30%), (ii) achievement of cash management, capital strategy, and certain financial metrics (50%), and (iii) strategic planning regarding entity structure for the therapeutics business (20%). Based on his achievement of his individual goals, and the Company's achievement of 75% of the corporate goals, the Compensation Committee set Mr. Kussman's bonus at 90% of target.

Dr. Presnell's annual performance-based cash incentive award was based 70% on the achievement of the Company's corporate goals, and 30% on the achievement of her individual performance goals. Dr. Presnell's individual performance goals included: (i) assuming company-wide leadership of key scientific development programs (35%), (ii) ensuring completion of certain deliverables by the Company's research and development teams (25%); (iii) restructuring the research and development function around prioritized goals and operational effectiveness (15%), (iv) achievement of operational and revenue goals for Samsara Sciences, Inc. the Company's

wholly-owned subsidiary (10%); and (v) completion of technology landscape assessment and publication goals (15%). Based on her achievement of her individual goals and the Company's achievement of 75% of the corporate goals, the Compensation Committee set Dr. Presnell's bonus at 94% of target.

Ms. Bush's annual performance-based cash incentive award was based 70% on the achievement of the Company's corporate goals, and 30% on the achievement of her individual performance goals. Ms. Bush's individual performance goals included: (i) legal support for strategic commercial, research and development and business development initiatives (30%), (ii) achievement of internal stakeholder requirements (10%), (iii) strategic planning regarding entity structure for therapeutics business (15%), (iv) intellectual property licensing and patent landscape assessments (25%), and (v) achievement of government relations objectives (20%). Based on her achievement of her individual goals and the Company's achievement of 75% of the corporate goals, the Compensation Committee set Ms. Bush's bonus at 100% of target.

Mr. Gallant's annual performance-based cash incentive award was based 80% on the achievement of the Company's corporate goals, and 20% on the achievement of his individual performance goals. Mr. Gallant's individual performance goals involved a number of operational and sales performance objectives, including: (i) on-time data delivery (25%), (ii) cell supply goals (25%), (iii) conducting strategic meetings with specified potential clients (25%), and (iv) contracting goals (25%). Based on his achievement of his individual goals and the Company's achievement of 75% of the corporate goals, the Compensation Committee set Mr. Gallant's bonus at 75% of target.

Mr. Murphy resigned on April 21, 2017. As part of his separation agreement, he was paid a prorated target bonus for his services to the Company as Chief Executive Officer during Fiscal 2018.

Dr. David did not receive a bonus for Fiscal 2018 because he resigned from the Company prior to the Compensation Committee's determination and payment of the annual performance-based cash incentive awards for Fiscal 2018.

Our Compensation Committee expected that the objectives it approved for each executive officer's individual performance goals at the target level of performance could be achieved and that the objectives it approved for the stretch level of performance would be difficult to achieve.

Based on the achievement of the corporate and respective individual performance goals, our Compensation Committee awarded our executive officers cash bonuses ranging between 26.0% and 50.0% of their respective base salaries. In some instances, these bonus amounts were less than the target bonus award opportunities established for our executive officers for Fiscal 2018 because the Company did not achieve all of the corporate performance goals established by the Compensation Committee, and because the executives did not achieve all of their individual performance goals, which the Compensation Committee views as alignment of pay with performance.

Specifically, the bonus payments for Fiscal 2018 were as follows:

Name and Title	Percentage of Base Salary	Fiscal 2018 Bonus Award
Taylor Crouch, Chief Executive Officer and President	40%	\$200,000
Craig Kussman, Chief Financial Officer	36%	\$140,000
Sharon Presnell, Ph.D., Chief Scientific Officer	38%	\$140,000
	40%	\$140,000

Jennifer Kinsbruner Bush, JD, SVP, General Counsel, Corporate Secretary and Compliance Officer

Paul Gallant, General Manager	26%	\$73,763
Eric David, MD, JD, Chief Strategy Officer and Executive Vice President of Pre-Clinical Development (2)	0%	\$—
Keith Murphy, former Chief Executive Officer and President (1)	50%	\$15,103

(1)Mr. Murphy resigned on April 21, 2017. As part of his separation agreement, he was paid a prorated target bonus for his services to the Company as its Chief Executive Officer and President during Fiscal 2018.

(2)Dr. David resigned on December 12, 2017 and received no bonus for Fiscal 2018.

Equity-Based Incentive Awards. In addition to base salaries and annual performance-based cash incentives, the Compensation Committee provides long-term, equity-based incentive awards to our executive officers. For Fiscal 2018, these grants consisted of restricted stock units (“RSU’s”) that vest over a four-year period service period for our continuing executive officers. In determining the size and terms of the RSU awards, the Compensation Committee considered benchmark data from our peer group, publicly available market and survey data and the individual performance of the named executive officers. The Compensation Committee also considered the equity award levels recommended by the Company’s Chief Executive Officer for the named executive officers (other than himself).

For Mr. Crouch, our newly-hired Chief Executive Officer and President, the Compensation Committee determined that his initial awards should consist of a time-based stock option award and a performance-based RSU award. Mr. Crouch's stock option award vests over a four-year period measured from his start date based on his continued services to the Company. The vesting of Mr. Crouch's performance-based RSU is divided into five separate tranches, each with independent vesting criteria. The first four tranches have performance criteria related to annual revenue goals with measurement dates at the end of Fiscal Year 2018 (20%), Fiscal Year 2019 (20%), Fiscal Year 2020 (20%), and Fiscal Year 2021 (20%). The fifth tranche has a performance metric related to a path to profitability goal measured as Negative Adjusted Earnings Before Interest, Taxes, Depreciation and Amortization ("EBITDA") achievable at any point between the grant date and the end of Fiscal Year 2020 (20%). The number of shares that ultimately vest for each tranche of the performance-based RSU will range from 0% to 120% of the target amount, not to exceed 208,822 shares of common stock in aggregate.

The Compensation Committee believes that time-based RSU and stock option awards help further the Company's compensation objectives by encouraging executives to remain with the Company through at least the vesting period for these awards. Performance and time-based RSU and stock option awards also align the interests of the Company's executives with the interests of its stockholders. In addition, because the option awards are granted at the fair market value of the Company's common stock on the date of grant, the option awards only have value to the executive officer if the value of the Company's common stock increases during the vesting period, which the Compensation Committee views as alignment of pay with performance. The Compensation Committee has and plans to continue to grant long-term equity incentive awards to the Company's executive officers in connection with their initial hire, following promotions and on an annual basis.

For Fiscal 2018, the Compensation Committee approved equity awards as follows:

Name	Incentive	Incentive	Incentive			Multiple of Fiscal 2018 Base Salary
	Stock Award	Option Award	Incentive Stock Award	Option Award	Total	
	(#)	(#)	(\$)(4)	(\$)(5)	(\$)

Additional information regarding the potential accelerated vesting applied to the equity awards held by each executive officer in the event his or her services to the Company are terminated in the event of a change in control of the

Company (i.e., “double trigger” accelerated vesting) is discussed below under “Potential Payments upon Termination or Change in Control.”

Other Benefits

In order to attract and retain qualified individuals and pay market levels of compensation, we have historically provided, and will continue to provide, our executives with the following benefits:

• **Health Insurance** – We provide each of our executives and their spouses and children the same health, dental, and vision insurance coverage we make available to our other eligible employees.

• **Life and Disability Insurance** – We provide each of our executives with the same life and disability insurance as we make available to our other eligible employees.

• **Pension Benefits** – We do not provide pension arrangements or post-retirement health coverage for our executives or employees. We implemented a 401(k) Plan effective January 1, 2014. We provide a company matching contribution up to 3.5% of compensation for all participants in the 401(k) plan, including our executive officers, to help attract and retain top talent.

• **Nonqualified Deferred Compensation** – We do not provide any nonqualified defined contribution or other deferred compensation plans to any of our employees.

Perquisites – We limit the perquisites that we make available to our executive officers. In certain cases, we have reimbursed our executives officers for their relocation expenses on their initial hire.

Severance Plan Participation Agreements

In November 2015 (the “Effective Date”), we entered into a Severance and Change in Control Plan Participation Agreement (the “Participation Agreement”) with each of our executive officers and certain key employees pursuant to our Severance and Change in Control Plan (the “Severance Plan”) approved by our Compensation Committee. The Severance Plan establishes the amount of severance payments and benefits available in the event of a (i) termination of employment by the Company for reasons other than Cause, death or Disability or by the participant for Good Reason and (ii) termination of employment by the Company for reasons other than Cause, death or Disability or by the participant for Good Reason within six months before or within 12 months after a Change in Control (as defined in the Severance Plan).

The Severance Plan establishes four tiers of employees: Tier 1, Tier 2, Tier 3 and Tier 4. In Fiscal 2018, the Company’s Tier 1 employees included Taylor Crouch, our Chief Executive Officer, and Craig Kussman, the Company’s Chief Financial Officer. The Company’s Tier 2 employees included all non-Tier 1 members of the Company’s executive team, including Dr. Presnell, Ms. Bush, and Mr. Gallant. The Company’s Tier 3 employees include all Senior Vice Presidents who are not members of the Company’s executive team. The Company’s Tier 4 employees include all Vice Presidents who are not members of the Company’s executive team.

Upon termination of employment by the Company for reasons other than Cause, death or Disability or by the participant for Good Reason, each (i) Tier 1 employee is eligible for a cash severance payment equal to 2.0 times the employee’s base salary, paid in a lump sum, plus a pro-rated target bonus for the fiscal year in which the termination occurs, Health Benefit Continuation (as defined in the Severance Plan) for up to 18 months, and Outplacement Assistance (as defined in the Severance Plan) for 18 months; (ii) Tier 2 employee is eligible for a cash severance payment equal to 1.0 times the employee’s base salary, paid in a lump sum, plus a pro-rated target bonus for the fiscal year in which the termination occurs, Health Benefit Continuation for up to 12 months, and Outplacement Assistance for 12 months. The Severance Plan does not provide for accelerated vesting of the equity awards held by the Tier 1 or Tier 2 employees in the event of their termination without Cause or their resignation for Good Reason.

Upon termination of employment by the Company for reasons other than Cause, death or Disability or by the participant for Good Reason within 6 months before or within 24 months after a Change in Control (as defined in the Severance Plan), each (i) Tier 1 employee is eligible for a cash severance payment equal to 2.0 times the employee’s base salary, paid in a lump sum, plus a pro-rated target bonus for the fiscal year in which the termination occurs, Health Benefit Continuation (as defined in the Severance Plan) for up to 18 months, and Outplacement Assistance (as defined in the Severance Plan) for 18 months; (ii) Tier 2 employee is eligible for a cash severance payment equal to 1.0 times the employee’s base salary, paid in a lump sum, plus a pro-rated target bonus for the fiscal year in which the termination occurs, Health Benefit Continuation for up to 12 months, and Outplacement Assistance for 12 months. In addition, each Tier 1-4 employee will receive full accelerated vesting of all outstanding equity grants and a one-year time period to exercise any stock options or stock appreciation rights which are not cashed out upon the Change in Control.

Payment of awards under the Severance Plan is conditioned upon the employee signing a general release of claims in favor of the Company and agreeing to abide by restrictive covenants including maintaining confidential information of the Company, non-solicitation and non-recruitment of Company employees for the Restricted Period (as defined below), non-solicitation of the Company’s customers or potential customers during the Restricted Period, non-employment by and limitations on investment in competitors of the Company for the Restricted Period, and no disparagement of the Company. The Restricted Period is twenty-four months for Tier 1 employees and twelve months for Tier 2 employees.

Further, pursuant to the terms of the Severance Plan Participation Agreements, any existing employment or severance agreement between the Company and the participant was immediately terminated and replaced with the provisions of the Severance Plan, subject to limited exceptions required to comply with the requirements of Internal Revenue Code Section 409A.

“Cause” as defined in the Severance Plan means (i) the willful and continued failure of the Participant to perform substantially the Participant’s duties with Organovo (other than any such failure resulting from incapacity due to physical or mental illness), as determined by the Board with respect to any Tier 1 or Tier 2 Employee, and as determined by Organovo’s Chief Executive Officer with respect to Employees in Tiers 3-4 no earlier than thirty (30) days after a written demand for substantial performance is delivered to the Participant, which specifically identifies the manner in which Organovo believes that the Participant has willfully and continuously failed to perform substantially the Participant’s duties with Organovo (provided, however, that with respect to any Tier 1 or Tier 2 Employee, the failure to achieve individual or Company-based performance goals, budgets or targets shall not be deemed to be a failure of the Participant to perform his or her duties for purposes of this definition of Cause); (ii) the willful engaging by the Participant in illegal conduct or gross misconduct which is materially and demonstrably injurious to Organovo or Participant’s ability to perform his or her duties with Organovo; (iii) conviction (including a plea of guilty or nolo contendere) of a felony; (iv) a material violation of a material written policy of Organovo or any Affiliate, violation of which would be grounds for immediate dismissal under applicable Company policy; (v) failure to comply in any material respect with the Foreign Corrupt Practices Act, the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, the Sarbanes-Oxley Act of 2002, the Dodd-Frank Wall Street Reform and

Consumer Protection Act of 2010, or the Truth in Negotiations Act, or any rules or regulations thereunder; (vi) a material breach of the restrictive covenants in Section 7(b) subject to the cure provisions provided in Section 7(b) of the Plan.

“Disability” means incapacity due to physical or mental illness which has rendered the Participant unable effectively to carry out his/her duties and obligations to Organovo or unable to participate effectively and actively in the management of Organovo for a period of ninety (90) consecutive days or for shorter periods aggregating to one-hundred twenty (120) days (whether or not consecutive) during any consecutive twelve (12) months.

“Good Reason” as defined in the Severance Plan means, means, without the Participant’s consent: (i) in the case of a Tier 1, 2, 3, or 4 Employee, a material diminution in the Participant’s Base Salary or Target Bonus Potential. This does not apply to a material diminution in the case of a Tier 1 or Tier 2 Employee resulting from a determination by both the CEO and the Compensation Committee that Organovo’s financial condition is such that a reduction in compensation is appropriate and the reduction is applied uniformly to all Company officers; (ii) a material diminution in the Participant’s authority, duties, or responsibilities, which shall include (A) with respect to any Participant who is a member of the Board, any failure of the Board to appoint or the stockholders of Organovo to elect such Participant as a member of the Board, or any removal of Participant from the Board for reasons other than Cause, (B) with respect to any Participant who is a Tier 1 or Tier 2 Employee, removal from Organovo’s Executive Team; (iii) with respect to any Participant who is a Tier 1, 2, 3, or 4 Employee, a material diminution in the authority, duties, or responsibilities of the supervisor to whom the Participant is required to report; (iv) any requirement that the Participant relocate, by more than fifty (50) miles, the principal location from which the Participant performs services for Organovo immediately prior to the termination of employment or the occurrence of the Change in Control. It shall be a condition precedent to the Participant’s right to terminate Participant’s employment for Good Reason (whether before or after a Change in Control) that (i) the Participant shall have first given Organovo written notice stating with reasonable specificity the breach on which such termination is premised within ninety (90) days after the Participant becomes aware or should have become aware of such breach, and (ii) if such breach is susceptible of cure or remedy, such breach has not been cured or remedied within thirty (30) days after receipt of such notice.

Death or Disability Benefits

The outstanding equity awards held by our executive officers provide such executive officers with accelerated vesting if the executive officer terminates services with the Company as a result of death or disability. In order for an equity award to be eligible for accelerated vesting, the executive officer’s death or disability must occur more than 90 days after the date the equity award was granted. With respect to performance based equity awards, an executive officer will vest at target levels upon the executive officer’s death or disability.

Separation Agreements with Former Executive Officers

Keith Murphy, our Chairman of the Board, stepped down as the Company’s Chief Executive Officer and President, effective April 21, 2017 (the “Separation Date”). In connection with his transition, Mr. Murphy and the Company entered into a Consulting, Separation Agreement and Release (the “Separation Agreement”), dated April 7, 2017. In the Separation Agreement, Mr. Murphy agreed to a general release of claims and other restrictions and covenants in favor of the Company, including a standstill, confidentiality, non-compete, non-disparagement, and non-solicitation provisions. Mr. Murphy also agreed to continue to provide consulting services for twelve months to help ensure a successful transition and provide other services. Under the Separation Agreement, Mr. Murphy will receive \$65,625 per month for his consulting services. The Separation Agreement also provides that Mr. Murphy will continue to vest as a “service” provider in his previously-issued and outstanding equity awards during his consultancy. Mr. Murphy received a prorated cash bonus for his services to the Company as Chief Executive Officer during Fiscal 2018 in an amount equal to the target rate. The Company has also agreed to provide Mr. Murphy with 18 months of continued health benefits after the Separation Date. Finally, the Company has agreed to pay Mr. Murphy \$262,500 for his delivery of a bring-down release in favor of the Company covering the time period between the effective date of the

Separation Agreement and the end of his consulting services.

- (1) Requires a change of control plus a qualifying termination of employment before vesting of options would be accelerated. The value of the accelerated options is determined by multiplying (a) the difference between the closing price of our common stock on the NASDAQ Stock Market on the assumed termination date and the applicable exercise price of each option, by (b) the number of unvested and accelerated options. No value is included in the table above for the acceleration of stock option awards because the fair market value of our common stock on the NASDAQ Stock Market on March 31, 2018 was lower than each of the outstanding stock option awards held by our named executive officers.
- (2) Requires a change of control plus a qualifying termination of employment before vesting of RSUs would be accelerated. The values of the accelerated RSUs were determined by multiplying the closing price of our common stock on the assumed termination date (i.e., March 31, 2018) on the NASDAQ Stock Market by the number of unvested and accelerated RSUs.
- (3) Payable in a lump sum.

CEO Pay Ratio

In connection with Item 402(u) of Regulation S-K adopted pursuant to Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, we are required to calculate and disclose the median annual compensation of all of our employees (excluding our CEO), the annual compensation of our CEO, and the ratio of these two amounts. The following is a reasonable estimate, calculated and disclosed in accordance with the new SEC rules.

We determined our median employee using the entire population of our employees (excluding our CEO) as of March 31, 2018, based on a consistently applied compensation measure (“CACM”) defined as the annual sum of total cash compensation for the fiscal year then ended.

For the identified median employee, annual total compensation was then calculated in accordance with the SEC’s rules for the Summary Compensation Table. For our CEO, annual total compensation was equivalent to the Summary Compensation Table value with the exception of base salary, which was annualized to \$500,000 based on the rate approved coincident with Mr. Crouch’s appointment to the CEO role effective April 24, 2017. The annual total compensation of the median employee (excluding our CEO) for Fiscal 2018 was \$83,301 and our CEO’s annualized total compensation for 2018 was \$4,619,246.

Based on the above, our estimated ratio of the annual total compensation of our CEO to the median employees was 55 to 1 for Fiscal 2018.

As a result of the variability of inputs, including differences in the methodologies other companies may use to define their CACM, employee populations, and the structure of compensation philosophies and benefit programs, pay ratios reported by other companies may not be directly comparable to our pay ratio. The above pay ratio has not been considered by our management or our Compensation Committee in compensation-related decisions.

The named executive officers received payouts pursuant to this program for Fiscal 2018. Please see "Executive Compensation – Compensation Discussion and Analysis" for more information regarding our annual performance-based cash incentive plan.

One-fourth of the shares underlying the stock option will vest on the one-year anniversary of Mr. Crouch's start date, and the remaining shares will vest in equal quarterly installments over the next 12 quarterly periods, subject to Mr. Crouch's continuous service through the applicable vesting date.
- (3) Represents value of restricted stock unit ("RSU") awards determined in accordance with FASB ASC Topic 718. The RSU awards vest on a quarterly basis over sixteen quarters.
- (4) Represents the grant date fair value of a performance-based RSU award granted to Mr. Crouch upon joining the Company as its Chief Executive Officer and President, determined in accordance with FASB ASC Topic 718. The vesting of Mr. Crouch's

performance-based RSU is divided into five separate tranches, each with independent vesting criteria. The first four tranches have performance criteria related to annual revenue goals with measurement dates at the end of Fiscal Year 2018 (20%), Fiscal Year 2019 (20%), Fiscal Year 2020 (20%), and Fiscal Year 2021 (20%). The fifth tranche has a performance metric related to a path to profitability goal measured as Negative Adjusted Earnings Before Interest, Taxes, Depreciation and Amortization (“EBITDA”) achievable at any point between the grant date and the end of Fiscal Year 2020 (20%). The number of shares that ultimately vest for each tranche of the performance-based RSU will range from 0% to 120% of the target amount, not to exceed 208,822 shares of common stock in aggregate. As of March 31, 2018, no tranches had vested.

(5) Dr. David resigned from the Company on December 12, 2017. As a result, he did not qualify to receive a 2018 Annual Bonus.
