EXHIBITS

A: Joint Filing Agreement (Incorporated by reference from Exhibit A to Schedule 13G filed on February 13, 2014).

cludes review of extensive informational materials and meetings with key management personnel;

Meeting agendas regularly include discussions of business environment, outlook, performance and action plans for the various business segments;

Board members may request presentations on particular topics and specific facility visits to educate them and update their knowledge as to the Company, its industry and markets, the responsibilities of directorship and other topics of interest;

Each director is encouraged to attend educational seminars and conferences to enhance his or her knowledge of the role and responsibilities of directors;

In each fiscal year, at least one director is required to attend a director education seminar. In fiscal year 2017, four directors each attended one or more of such seminars;

Alignment with Shareholder Interests

A portion of director compensation is equity-based and therefore tied to the Company's stock performance. Directors can also elect to receive their cash retainer fees in the form of restricted shares or restricted share units;

The Compensation Committee and the Board oversee executive compensation programs to help ensure that they are linked to performance and increasing shareholder value. The Compensation Committee also monitors compliance by Company executives with stock ownership guidelines (see *Executive Compensation – Compensation Discussion and Analysis* below);

Senior management meets regularly with major institutional investors and shareholders and reports to the Board on analysts' and shareholders' views of the Company; and

The Board has adopted stock ownership guidelines for non-employee directors to further the direct correlation of directors' and shareholders' economic interests. In 2012, the Board modified the methodology of these requirements from a set number of shares to a multiple of the non-employee director's cash retainer. Each non-employee director is required to own shares of Common Stock, restricted shares or restricted share units with a market value equal to at least five times the annual cash retainer, effective the later of (1) five years from the date of his or her initial election to the Board and (2) five years from the date of original adoption of this provision in the Corporate Governance Guidelines (September 13, 2012). As of the end of fiscal year 2017, all of the non-employee directors were in compliance with the ownership guidelines, taking into account permitted transition periods for newer directors.

CODE OF ETHICS

All Meritor employees, including our Chief Executive Officer, Chief Financial Officer and other executive officers and our Controller, are required to comply with our corporate policies regarding standards of business conduct and conflicts of interest. The purpose of these corporate policies is to ensure to the greatest possible extent that our business is conducted in a consistently legal and ethical manner. The Audit Committee has oversight responsibility with respect to compliance by employees. The Board of Directors is also required to comply with these policies, and the Corporate Governance and Nominating Committee is responsible for monitoring compliance by directors.

Employees are obligated to report any conduct that they believe in good faith to violate these policies. Employees may submit concerns or complaints regarding ethical issues on a confidential basis to our ethics helpline, by means of a toll-free telephone call or e-mail. The Office of the General Counsel investigates all concerns and complaints. Employees may also contact the Board of Directors or the Audit Committee directly on these issues (see *Communications with the Board of Directors* below).

Meritor's ethics manual, including the text of the policies on standards of business conduct and conflicts of interest, is posted in the section headed "Investors – Corporate Governance" on our website www.meritor.com. We will post on our website any amendment to, or waiver from, a provision of our policies that applies to our Chief Executive Officer, Chief Financial Officer or Controller, and that relates to any of the following elements of these policies: honest and ethical conduct; disclosure in reports or documents filed by the Company with the SEC and in other public communications; compliance with applicable laws, rules and regulations; prompt internal reporting of code violations; and accountability for adherence to the policies.

EXECUTIVE COMPENSATION

COMPENSATION COMMITTEE REPORT

The Compensation and Management Development Committee, referred to as the Compensation Committee, has reviewed and discussed with management the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K, and based on such review and discussions, recommended to the Board of Directors that such Compensation Discussion and Analysis be included in this proxy statement and the Form 10-K. The three independent directors listed below were the members of the Compensation Committee who participated in the review, discussions and recommendation with respect to the Compensation Discussion and Analysis for fiscal year 2017.

Compensation and Management Development Committee

Lloyd G. Trotter, *Chair*

William J. Lyons

William R. Newlin

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

No member of the Compensation Committee is a current or former officer or employee of the Company or any of its subsidiaries. During fiscal year 2017, no member of the Compensation Committee had a relationship that must be described under SEC rules relating to disclosure of related-person transactions. In fiscal year 2017, none of the Company's executive officers served on the board of directors or compensation committee of any entity that had one or more of its executive officers serving on the Board or the Compensation Committee of the Company.

COMPENSATION DISCUSSION AND ANALYSIS

The purpose of this section of the proxy statement is to provide information about our executive compensation programs that relate to the compensation of the Named Executive Officers, as defined below. The Named Executive Officers are the senior members of management listed or discussed in the compensation tables included in this proxy statement. The qualitative information and rationales regarding our executive compensation policies and practices described below are intended to provide a better understanding of the quantitative information regarding each Named Executive Officer described in the tables and narratives that follow this section.

Executive Summary

The main components of Meritor's executive compensation program are annual salary, annual incentives and long-term incentives. The Compensation Committee believes in a "pay for performance" philosophy under which executives are rewarded for performance against objective standards and, as part of that philosophy, continues to examine the Company's executive compensation program and make changes accordingly. The actions taken by the Compensation Committee in fiscal year 2017 reflect that philosophy.

Recent actions taken by the Compensation Committee to update and improve the Company's compensation practices include:

Continued 100% Equity-Based Long-Term Incentives Going Forward. For the fiscal 2016-2018 and fiscal 2017-2019 performance cycles, the Compensation Committee made awards that were entirely equity-based (except as described below for the chief executive officer with respect to the fiscal 2016-2018 performance cycle). Awards for both fiscal 2016-2018 and fiscal 2017-2019 were 60% performance-based, in the form of performance share units, and 40% service-based, in the form of restricted share units, as described below. For the chief executive officer, the performance-based component of the fiscal 2016-2018 award cycle was composed primarily of performance share units, with the remainder in the form of a performance-based cash award under the 2010 LTIP, both tied to the same performance goals. In November 2017, the Compensation Committee continued this practice, granting 100% equity-based long-term incentives for the fiscal 2018-2020 performance cycle. These awards are also 60% performance-based, in the form of performance share units, and 40% service-based, in the form of restricted share units. The Compensation Committee believes the mix of awards for the executives will promote achievement of performance goals and provide retention incentives to key management personnel.

Peer Group Analysis Review. The Compensation Committee annually assesses the competitiveness of the Company's executive compensation compared to that of similar companies, as described below under the heading "Market Analysis and Benchmarking." In July 2017, the Compensation Committee engaged its compensation consultant, Pay Governance LLC, to evaluate the Company's peer group to help ensure that it is appropriate in light of the Company's current situation. This evaluation resulted in no changes to the Company's peer group, and the results of this evaluation were used in the Compensation Committee's review of executive compensation in November 2017 for fiscal year 2018.

Administration of Executive Compensation Program

The Compensation Committee has overall responsibility for executive compensation, including administration of equity compensation plans (see *Board of Directors and Committees* above for information on the Compensation Committee's members, charter and meetings in fiscal year 2017). As part of this responsibility, the Compensation Committee evaluates the performance of the Chief Executive Officer and determines his compensation in light of the goals and objectives of the Company and the executive compensation program.

The Compensation Committee continued its retention of Pay Governance as a compensation consultant in fiscal year 2017. Prior to engaging Pay Governance, the Compensation Committee assessed its independence under the standards set forth in the rules under the Exchange Act and the listing standards of the New York Stock Exchange. The Committee concluded that such standards were satisfied and no conflict of interest existed with respect to Pay Governance's work.

Pay Governance provides information on current compensation trends, develops competitive market data and provides objective recommendations as to the design of the compensation program, including the form and mix of award vehicles, the type of performance criteria and the level of award targets. The Compensation Committee directly engages Pay Governance, which also assists the Corporate Governance and Nominating Committee with respect to directors' compensation. Pay Governance performs no other services for the Company or management.

The Compensation Committee seeks and considers input from senior management in many of its decisions, and Pay Governance confers and collaborates with senior management in developing its compensation recommendations. Senior management regularly participates in the Compensation Committee's activities in the following ways:

The Chief Executive Officer reports to the Compensation Committee with respect to his evaluation of the performance of the Company's other senior executives, including the other Named Executive Officers that report to the Chief Executive Officer. The Chief Executive Officer, together with the Senior Vice President, Human Resources, and Chief Information Officer, makes recommendations as to compensation decisions for these individuals, including base salary levels and the amount and mix of incentive awards.

The Senior Vice President, Human Resources, and Chief Information Officer participates in the development of the executive compensation program, including formulation of performance objectives and targets for incentive compensation, and oversees its implementation and interpretation, in each case carrying out the direction of the Compensation Committee and the recommendations of Pay Governance. He also assists the Chair of the Compensation Committee in developing meeting agendas and oversees preparation and distribution of pre-meeting informational materials on the matters to be considered.

The Chief Financial Officer is responsible for evaluating the tax, financial and accounting aspects of certain compensation decisions, as appropriate. He participates in developing financial objectives and targets for performance-based incentive compensation and oversees calculation of payout and vesting levels, in accordance with plan design and the direction of the Compensation Committee.

Executive Compensation Philosophy and Objectives

The Compensation Committee's compensation philosophy is to "pay for performance." The fundamental objectives of the Company's executive compensation program are to: (1) attract, retain and motivate high caliber executives necessary for Meritor's leadership and growth; (2) recognize and reward company and individual performance through evaluation of each executive's effectiveness in meeting strategic and operating plan goals; and (3) foster the creation of shareholder value through close alignment of the financial interests of executives with the investment interests of Meritor's shareholders.

The Compensation Committee uses several basic practices and policies to carry out its philosophy and to meet the objectives of Meritor's executive compensation program:

Competitive Compensation Packages. In order to attract and retain talented executives, the Compensation Committee designs total compensation packages to be competitive with those of other companies with which Meritor competes for talent, using benchmarking studies to determine market levels of compensation, as described below.

Performance-Based Compensation. A significant portion of each Named Executive Officer's total potential compensation is performance-based (in other words, the compensation is at risk because it is contingent on achieving strategic and operating plan goals that are intended to improve shareholder return). These goals are established to recognize Company performance against specified targets. The remainder of the compensation of the Named Executive Officers is comprised of base salary and service-based restricted share units. Annual incentives are 100% performance-based, as discussed in detail below under the heading "Elements of the Meritor Compensation Program – Components." With respect to long-term incentives, for the three-year cycle beginning in fiscal 2017, 60% of the awards are performance-based, in the form of performance share units, and 40% of the awards are service-based, in the form of restricted share units. The Compensation Committee continued this approach for the three-year cycle beginning in fiscal 2018, keeping 60% of the awards performance-based, in the form of performance share units, with the remaining 40% of the awards service-based, in the form of restricted share units.

Equity Awards and Stock Ownership Requirements. A portion of incentive compensation for executives is often comprised of equity and equity-based awards, which are intended to align the interests of the Company's executives with those of shareholders. As noted above, all of the awards for the long-term incentive cycles in fiscal 2016, 2017 and 2018 (except a portion of the 2016-2018 performance cycle award for the chief executive officer) are equity-based, in the form of performance share units and restricted share units. In addition, metrics used for performance-based incentives are intended to align the interests of executives with those of shareholders. Senior executives are also required under the Company's stock ownership guidelines to own shares of Common Stock (including share equivalents) equal to a specified multiple of their salary.

Market Analysis and Benchmarking

The Compensation Committee assesses the competitiveness of Meritor's compensation program, using data and studies compiled and provided by Pay Governance. Pay Governance provides a detailed annual competitive pay study. As part of the assessment process, the Compensation Committee compares the amount of each component and the total amount of direct compensation (defined below) for each executive officer with that for comparable officers at other peer companies in the durable goods manufacturing sector, including companies in the automotive sector that have executive officer positions comparable to the Company's and with which the Company may compete for talented executives. The Compensation Committee reviewed the Company's peer group with Pay Governance in July 2017 and determined that it was still appropriate in light of the Company's current situation, and the same peer group was used in the Compensation Committee's review of executive compensation for fiscal year 2017 and for fiscal year 2018.

The peer group for the competitive analysis for fiscal year 2017 includes the following 20 companies:

American Axle & Manufacturing Holdings, Inc.
BorgWarner Inc.
Dana Incorporated
The Greenbrier Companies, Inc.
Hyster-Yale Materials Handling, Inc.
ITT Corporation
Kennametal Inc.
The Manitowoc Company, Inc.
Modine Manufacturing Company
Oshkosh Corporation

SPX Corporation
Tenneco Inc.
Terex Corporation
The Timken Company
Tower International, Inc.
Trinity Industries, Inc.
Visteon Corporation
WABCO Holdings Inc.
Wabash National Corporation
Wabtech Corporation

See "Elements of the Meritor Compensation Program – Overview and Analysis" below for information on how the Compensation Committee uses this peer group data in setting compensation.

The Compensation Committee (or the Board of Directors, as appropriate) may also consider practices at other companies with respect to other elements of compensation, such as perquisites, retirement plans and health and welfare benefits, in assessing the competitiveness and cost effectiveness of the Company's programs. Any such studies are done on a case-by-case basis, as needed, and may use a group of comparator companies identified at the time by Pay Governance or other advisors.

Elements of the Meritor Compensation Program

Overview and Analysis

The primary components of Meritor's executive compensation program are base salary, annual incentives and long-term incentives, collectively referred to herein as direct compensation. The aggregate of these components (in other words, the total compensation package), and the relative levels of equity and non-equity compensation that comprise direct compensation, are generally targeted in relation to competitive market rates among peer group companies, as described above. Although the Compensation Committee targets the median for the total package of direct compensation for an individual, particular elements of direct compensation may be either below or above the median, provided they are offset by other elements of direct compensation.

With this principle in mind, the Compensation Committee approves variations from peer group revenue-adjusted median, or 50th percentile, base salary levels for some individuals based on their responsibilities, experience, expertise and performance. In addition, when recruiting new executives, base salary may be set at a premium above the median of the peer group, in order to attract the most qualified candidates.

The Compensation Committee also believes that individuals should have an opportunity to earn above-median rewards for superior performance. Therefore, while the Compensation Committee looks at the median of the peer group in terms of the target annual and long-term incentive award for each position, it identifies a maximum potential payout for each position that would be significantly above median if maximum performance objectives are achieved. The range of potential payouts on annual and long-term incentives is described below, under the heading “Components.”

Each year, the Compensation Committee determines the appropriate mix among the components of direct compensation, and the appropriate mix of equity versus non-equity awards and performance-based versus service-based awards. However, the program contemplates that a significant portion of each executive’s direct compensation is performance-based and therefore is at risk. Performance-based awards, whether in the form of equity or non-equity awards, are tied to achievement of goals that are intended to improve, or reflect improvements in, shareholder value (see the performance-based awards described under the heading “Components” below).

In conjunction with setting compensation for fiscal year 2017, the Compensation Committee reviewed past pay-for-performance results over the tenure of each officer. The Compensation Committee was also aware of the potential value of outstanding long-term incentives, including the likelihood of their payout and vesting (based on achievement of performance objectives to date and on the levels of payout and vesting of past awards). This information was also implicit in the overall plan design used by Pay Governance in making recommendations for fiscal year 2017 compensation.

In addition to direct compensation, special hiring or retention incentives have been put in place for certain executives, to motivate them to join the Company or to continue their employment. Named Executive Officers also receive health and welfare benefits and are entitled to participate in the Company’s pension plans and savings plans on substantially the same basis as other employees.

Each component of the executive compensation program is discussed below.

Components

Base Salary. The Compensation Committee generally reviews and sets base salaries for the executive officers each fiscal year, customarily at its November meeting. Annual salary increases, if any, for executive officers are based on evaluation of each individual’s performance and on his or her level of pay compared to that for similar positions at peer group companies, as indicated by Pay Governance’s reports and survey data. The Compensation Committee from time to time also reviews and adjusts base salaries for executive officers at the time of any promotion or change in responsibilities. There were no base pay, promotion or responsibility change adjustments in fiscal year 2017.

Annual Incentives. The Incentive Compensation Plan, as amended, referred to as the ICP, was last approved by the Company’s shareholders in January 2015. At that time, the ICP was amended and restated to (1) add a clawback provision applicable to awards that are subsequently the subject of a restatement of financial statements within one year due to misconduct or culpable conduct and (2) reflect the change in the name of “ArvinMeritor, Inc.” to “Meritor, Inc.” The performance measures under the ICP were also reapproved by shareholders at that time, for purposes of Section 162(m) of the IRC.

Under the ICP, most employees (including the Named Executive Officers) can earn annual incentive payouts based on Company and/or business segment performance against goals established by the Compensation Committee at the beginning of the Company's fiscal year. The annual incentive goals for fiscal year 2017 were based on the following two performance measures, which are defined as set forth below:

Adjusted EBITDA Margin = income (loss) from continuing operations before interest, income taxes, depreciation and amortization, non-controlling interest in consolidated joint ventures, loss on sale of receivables, restructuring expenses, asset impairment charges and other special items approved by the Compensation Committee divided by sales

Free Cash Flow = cash flows provided by (used for) operating activities from continuing operations, less capital expenditures of continuing operations, excluding all restructuring payments and other special items as approved by the Compensation Committee

These two components (Adjusted EBITDA margin and Free cash flow) are equally weighted for the purposes of potential annual incentives, and each metric is independent of the other. The Compensation Committee chose these measures because Adjusted EBITDA margin and Free cash flow align with the Company's financial objectives, and also because they are commonly used by the investment community to analyze operating performance and entity valuation and, as such, are factors in the value of shareholders' investment in the Company.

In November 2016, the Compensation Committee also established target awards, stated as a percentage of base salary, for executive officers, including Messrs. Craig, Nowlan, Plomin, Speed and Villavarayan. Target awards for fiscal year 2017 were 100% for Mr. Craig; 75% for Mr. Nowlan; and 65% for each of Messrs. Plomin, Speed and Villavarayan. See the table under the heading *Grants of Plan-Based Awards in Fiscal Year 2017* below for information on the target, minimum and maximum awards for each Named Executive Officer for fiscal year 2017.

To determine whether annual incentive awards are paid, performance for the year is measured against specified target levels for each component. The target for 100% annual incentive achievement was based on achieving the levels of Adjusted EBITDA margin and Free cash flow defined in the Company's annual operating plan, referred to as the AOP. Performance of greater than 90% of the AOP level for Adjusted EBITDA margin, and generating greater than \$25 million of Free cash flow, are required to achieve a payout for that particular component.

The following chart summarizes payout calculations for each portion of the incentive payment:

	<u>Adjusted EBITDA</u> <u>Margin</u>	<u>Payout (% of</u> <u>Target Award)</u>	<u>Free Cash Flow</u>
Maximum	10.7%	200%	\$ 140 million
Target	10.0%	100%	\$ 85 million
Threshold	9.0%	0%	\$ 25 million

The calculated award for an individual cannot exceed 200% of his or her target award. The Committee has discretion to adjust an award once it is calculated (either upward by up to 50% or downward by up to 100%), or to make an additional award, to reflect individual performance or special achievements. However, for Named Executive Officers, only downward adjustments are permitted under the ICP. Under the terms of the ICP, no discretionary increase in an award may be made for a Named Executive Officer.

Edgar Filing: CHANNELADVISOR CORP - Form SC 13G/A

In fiscal year 2017, the Company exceeded the target levels for both measures, achieving Adjusted EBITDA margin of 10.37% and Free cash flow of \$99 million. The calculations of 2017 performance with respect to the performance measures established by the Compensation Committee did not include any adjustments for unusual, non-recurring or other similar items. Accordingly, the Compensation Committee approved annual incentive payouts to the Named Executive Officers at 158.8% payout of the target award for the Adjusted EBITDA margin performance objective and at 147.5% payout of the target award for the Free cash flow performance objective for fiscal year 2017, for a combined payout at 153.1% of target awards. See the column headed “Non-Equity Incentive Plan Compensation” and the related footnote in the table under the heading *Fiscal Year 2017 Summary Compensation Table* below for total payouts of annual incentives to the Named Executive Officers for fiscal year 2017.

Long-Term Incentives

Overview. The Compensation Committee provides long-term incentives to key employees, including the Named Executive Officers, which incentives are tied to various performance or service objectives over three-year cycles. Each year, the Compensation Committee considers the types of award vehicles to be used and the performance or service objectives and targets on which payout of each type of award depends. The Company has used a number of long-term incentive plans for awards in the past, most recently the 2010 LTIP.

Types of Awards. The Compensation Committee selects the types and mix of awards for long-term incentives each year after reviewing Pay Governance’s report and survey data on peer group compensation, market practices, shares available for grant under the Company’s long-term incentive plans, and goals to be achieved. The Compensation Committee has used two types of awards in the past three years, awards under performance plans and restricted share units, as further described below. Both are intended to align management’s interests with those of shareholders, either through performance objectives tied to metrics that reward creation of shareholder value, or equity and equity-based awards, or both.

Awards under Performance Plans. In the last three fiscal years, the Compensation Committee has established performance plans with three-year performance periods and established performance measures, and related goals, at the beginning of each three-year performance cycle. The following awards were made for performance cycles in fiscal 2015, 2016 and 2017:

Fiscal 2015-2017 performance cycle: Awards were 100% equity-based, of which 70% were performance-based, in the form of performance share units. Payouts on the performance share units are generally based on achieving targets over the three-year performance cycle related to the following performance measures: Adjusted EBITDA margin (as defined above) and Adjusted diluted earnings per share (reported diluted earnings/loss per share from continuing operations before restructuring expenses and asset impairment charges), in each case subject to certain terms and conditions. The remaining 30% of the awards for this cycle were service-based, in the form of restricted share units, the terms of which are described below under the heading “Restricted Shares or Restricted Share Units”.

Fiscal 2016-2018 performance cycle: Awards were 100% equity-based, of which 60% were performance-based, in the form of performance share units. Payouts on the performance share units are generally based on achieving targets over the three-year performance cycle related to the following performance measures: Adjusted EBITDA margin (as defined above) and Adjusted diluted earnings per share (reported diluted earnings (loss) per share from continuing operations before restructuring expenses, asset impairment charges, non-cash tax expense related to the use of deferred tax assets in jurisdictions with net operating loss carry forwards and other special items as approved by the Compensation Committee), in each case subject to certain terms and conditions. The remaining 40% of the awards for this cycle were service-based, in the form of restricted share units, the terms of which are described below under the heading “Restricted Shares or Restricted Share Units”.

Fiscal 2017-2019 performance cycle: Awards were 100% equity-based, of which 60% were performance-based, in the form of performance share units. Payouts on awards are generally based on achieving targets over the three-year performance cycle related to three performance measures used for the Company's M2019 strategic plan: Adjusted diluted earnings per share (reported diluted earnings (loss) per share from continuing operations before restructuring expenses, asset impairment charges, non-cash tax expense related to the use of deferred tax assets in jurisdictions with net operating loss carry forwards and other special items as approved by the Compensation Committee); revenue growth above market (the percentage increase of fiscal 2019 revenue above pro forma fiscal 2015 revenue, where pro forma fiscal 2015 revenue is fiscal 2015 revenue adjusted to take into account (1) changes in end market production (in major, measureable markets) and (2) currency translation, in each case from fiscal 2015 to fiscal 2019); and Net debt to Adjusted EBITDA (total short-term and long-term debt less cash and cash equivalents divided by income (loss) from continuing operations before interest, income taxes, depreciation and amortization, non-controlling interests in consolidated joint ventures, loss on sale of receivables, restructuring expenses and asset impairment charges, as adjusted for other special items as approved by the Compensation Committee), in each case subject to certain terms and conditions. The remaining 40% of the awards for this cycle were service-based, in the form of restricted share units, the terms of which are described below under the heading "Restricted Shares or Restricted Share Units".

For each performance cycle, the Compensation Committee also establishes target awards, stated as dollar amounts, for each of the Named Executive Officers. Participants can earn awards at the end of the three-year performance period from 0% to 200% of target awards based on actual performance against specified goals. No awards for each performance measure may be earned unless the applicable threshold for payout over the period is met as set forth below. No earnings are accrued or paid on these awards. For the performance share units awarded for the fiscal 2015-2017, fiscal 2016-2018 and fiscal 2017-2019 cycles, payouts are intended to be in the form of Common Stock. However, in all cases, payout will be in the form of cash, not in the form of shares of Common Stock, if there is not a sufficient number of authorized shares remaining in the 2010 LTIP to make such payouts, or if applicable grant limitations in the 2010 LTIP restrict payout in shares.

Fiscal 2015 – 2017 Performance Period

The weighting, targets and potential payouts for the fiscal 2015-2017 cycle were as follows:

	Adjusted EBITDA Margin (75% of award)	Adjusted Diluted Earnings per Share (25% of award)	% of Award Earned and Paid Out
Maximum Payout	11.5%	\$2.35	200%
Target Payout	10.5%	\$2.05	100%
Threshold Payout	10.0%	\$1.75	50%

See "Fiscal Year 2017 Long-term Incentive Payouts" below for information on achievement of targets and actual payouts for this cycle.

Edgar Filing: CHANNELADVISOR CORP - Form SC 13G/A

For cycles in progress for which it is still possible to earn an award, but for which no award has yet been earned, the following charts summarize the weighting, targets and potential payouts at different levels of performance of the applicable objective:

Fiscal 2016 – 2018 Performance Period

	Adjusted EBITDA Margin (50% of award)	Adjusted Diluted Earnings per Share (50% of award)	% of Award Earned and Paid Out
Maximum Payout	12.0%	\$3.00	200%
Target Payout	11.0%	\$2.25	100%
Threshold Payout	10.0%	\$1.50	0%

Fiscal 2017 – 2019 Performance Period

	Adjusted Diluted Earnings per Share (50% of award)	Revenue Growth Above Market (25% of award)	Net Debt to Adjusted EBITDA (25% of award)	% of Award Earned and Paid Out
Maximum Payout	\$3.25	27.5%	1.1	200%
Target Payout	\$2.84	20.0%	1.5	100%
Threshold Payout	\$1.60	0.0%	3.1	0%

Restricted Shares or Restricted Share Units. As part of its long-term incentive awards, the Compensation Committee grants restricted shares or restricted share units that are generally subject to forfeiture if the grantee does not continue as an employee of Meritor or a subsidiary or affiliate of Meritor for a restricted period of at least three years (subject to certain exceptions in the event of death, disability or retirement). Restricted shares have all the attributes of outstanding shares of Common Stock during the restricted period, including voting and dividend rights, except that the shares are held by the Company and cannot be transferred by the grantee. Cash dividends, if any, during the restricted period are reinvested in additional restricted shares, which will vest or be forfeited at the same time as the underlying shares. Restricted share units represent the right to receive one share of Common Stock or its cash equivalent upon the vesting date, subject to certain terms and conditions. Dividends during the restricted period are not paid or accrued on restricted share units.

As described above, with respect to the fiscal 2015-2017 cycle, the 2016-2018 cycle and the 2017-2019 cycle, 30%, 40% and 40%, respectively, of the total awards were in the form of service-based restricted share units.

The Compensation Committee's practice in recent years with respect to timing of annual equity-based awards has been to establish December 1 as the standard grant date, whenever possible. If a special meeting is required in December in order to approve the grants for the three-year cycle, the date of grant may be delayed until the first business day in January. The timing of the grant date does not impact the terms of the grant of restricted share units. However, under the FASB's compensation guidance, the Company measures the fair value of stock-based awards, which is recognized in the Company's financial statements, based on the NYSE Closing Price on the grant date. The purpose of establishing a standard grant date for the Company's grant of equity-based long-term incentive awards is to avoid any issue of whether a grant precedes or follows public disclosure of material information. The Company normally announces its fiscal year earnings in mid-November, and use of December 1 (or the first business day in January, as the case may be) as a standard grant date provides the market sufficient time to absorb and reflect the information, whether positive or negative, prior to measurement of fair value for accounting purposes.

Fiscal Year 2017 Long-term Incentive Payouts. In fiscal year 2015, the Compensation Committee provided long-term incentives to the Named Executive Officers under the 2010 LTIP in the form of target awards of performance share units under a performance plan for the three-year period ended September 30, 2017, as described above. The awards, which vested on December 1, 2017, were based on an assumed share price of \$13.74 per share, which was the NYSE Closing Price on the date of grant.

For the three-year performance period ended September 30, 2017, the Company fell short of the target levels for both measures, achieving Adjusted EBITDA margin of 10.37% and Adjusted diluted earnings per share of \$1.46. The calculations of performance over the three-year period with respect to the performance measures established by the Compensation Committee did not include any adjustments for unusual, non-recurring or other similar items. Accordingly, the Compensation Committee approved long-term incentive payouts to the Named Executive Officers at 87.0% payout of the target award for the Adjusted EBITDA margin performance objective and at 0.0% payout of the target award for the Adjusted diluted earnings per share objective for fiscal year 2017, for a combined payout of 65.3% of target performance share units. See the table under the heading *Outstanding Equity Awards at Fiscal Year-End 2017* and related footnotes below for information with respect to the performance share units that vested on December 1, 2017 for these individuals.

Fiscal Year 2017 Long-term Incentive Awards. In fiscal year 2017, long-term incentives granted to the Named Executive Officers were 100% equity-based in the form of grants of performance share units (60% of the award) and service-based restricted share units (40% of the award). The performance share units will be earned generally based upon achievement of specific measures and goals over the fiscal 2017-2019 performance period as described above. The Compensation Committee established target awards, stated as dollar amounts, for all of the Named Executive Officers in November 2016. The number of units in each grant was determined by dividing these dollar amounts by an assumed share price of \$12.77, which was the NYSE Closing Price on the date of grant. See “Types of Awards—Awards under Performance Plans” above for more information on the metrics and other terms applicable to these awards, and see *Grants of Plan-Based Awards for Fiscal Year 2017* below for information on the specific awards made to the Named Executive Officers.

Pension and Retirement Plans. The Company maintains a tax-qualified defined contribution 401(k) savings plan, referred to as the Savings Plan, as well as a non-qualified supplemental savings plan, referred to as the Supplemental Savings Plan, that provides for contributions without regard to the limitations imposed by the IRC on the Savings Plan. All of the Named Executive Officers may participate in the Company’s Savings Plan and Supplemental Savings Plan on the same basis as other eligible employees.

Under the Savings Plan, a participant can defer up to 50% of eligible pay, on a before-tax basis, subject to annual IRC limits, and the Company matches deferrals at the rate of 100% on the first 3% and 50% on the next 3% of eligible pay. “Eligible pay” includes base salary and annual incentives under the ICP. If an executive elects to participate in the Supplemental Savings Plan, he or she can continue to contribute up to 20% of eligible pay on a before-tax basis, even though his or her Savings Plan contributions or eligible pay have reached the annual IRC limits. Both participant contributions and Company matching contributions to the Savings Plan and Supplemental Savings Plan are always 100% vested.

Contributions made by Named Executive Officers to the Savings Plan and Supplemental Savings Plan in fiscal year 2017 are included in the column headed “Salary,” and the Company’s matching contributions are included in the column headed “All Other Compensation,” in each case in the table under the heading *Fiscal Year 2017 Summary Compensation Table* below.

The Company maintains a tax-qualified, non-contributory defined benefit pension plan, referred to as the Pension Plan, that covers eligible employees hired before October 1, 2005, and a non-qualified supplemental pension plan, referred to as the Supplemental Pension Plan, that provides benefits to the participants without regard to the limitations imposed by the IRC on qualified pension plans. Messrs. Speed and Villavarayan participate in the Pension Plan. Mr. Villavarayan also participates in a Canadian defined benefit pension plan (see *Fiscal Year 2017 Pension Benefits* below). When information with respect to Mr. Villavarayan's Pension Plan participation is provided, it includes his participation in the Canadian plan. The present value of accumulated pension benefit for Messrs. Speed and Villavarayan are reported in the table under the heading *Fiscal Year 2017 Pension Benefits* below.

Employees hired on or after October 1, 2005 are not eligible to participate in the Pension Plan or the Supplemental Pension Plan, and the Company instead makes additional contributions each year (ranging from 2% to 4% of base salary plus annual incentive, depending on age) to their accounts under the Savings Plan or Supplemental Savings Plan. Benefits under the Pension Plan and Supplemental Pension Plan were frozen, beginning January 1, 2008, and replaced with additional annual Company contributions (ranging from 2% to 4% of base salary plus annual incentive, depending on age) to the Savings Plan and Supplemental Savings Plan for the accounts of eligible employees (see *Fiscal Year 2017 Pension Benefits* below for further information). The amounts contributed by the Company under the Savings Plan or Supplemental Savings Plan on behalf of Named Executive Officers as pension contributions are included in the column headed "All Other Compensation" in the table under the heading *Fiscal Year 2017 Summary Compensation Table* below.

Perquisites. In fiscal year 2006, the Compensation Committee determined to eliminate most perquisite programs (including company cars, club memberships, and reimbursement for financial services) and related gross-ups for payment of income taxes, and replace some of them with uniform cash payments. As a result, outside of these uniform cash payments, the value of total perquisites provided in fiscal year 2017 for each Named Executive Officer was less than \$10,000, with the exception of certain perquisites related to Mr. Plomin's foreign work assignment (see the column headed "All Other Compensation" and footnote 7 in the table under the heading *Fiscal Year 2017 Summary Compensation Table* below).

Health and Welfare Benefits. The Company maintains health and welfare benefits, including medical, dental, vision, disability and life insurance programs, and the Named Executive Officers are entitled to participate in these programs on the same basis as other employees. Providing these benefits is necessary for the Company to remain competitive with other employers.

Employment Agreements. The Company entered into agreements with Messrs. Craig and Nowlan, in fiscal years 2015 and 2013, respectively, with Messrs. Plomin and Speed in December 2015 and with Mr. Villavarayan in February 2016, relating to certain terms of their employment (including the effects of termination without cause). The purpose of these agreements was to provide incentives to retain these individuals in officer positions. The current employment agreements with the Named Executive Officers are described below under the heading *Agreements with Named Executive Officers - Employment Agreements*.

Stock Ownership Guidelines

As noted above, alignment of the financial interests of Meritor's key executives with those of its shareholders is a fundamental objective of the Compensation Committee's program and helps to carry out its "pay for performance" philosophy. Accordingly, Meritor has for many years set ownership guidelines that require each Named Executive Officer and other executives to own a minimum number of shares of Common Stock or share equivalents. The current guidelines require ownership of a number of shares of Common Stock equal to the following:

Position Held

Minimum Number of Shares Owned

Chief Executive Officer

6 times Annual Base Salary

Chief Financial Officer and Business Unit Presidents

3 times Annual Base Salary

General Counsel and Other Executive Officers

1.5 times Annual Base Salary

Other Executives subject to the guidelines

0.5 times Annual Base Salary

Shares owned directly (including unvested restricted shares) or through the Savings Plan and Supplemental Savings Plan and unvested restricted share units are considered in determining whether an executive meets the ownership guidelines. Shares of Common Stock subject to performance share units are not considered. The ownership guidelines provide a transition period during which executives may achieve compliance. In general, this period ends as of the date that is five years after the date the ownership guidelines become applicable to the executive. As of the end of fiscal year 2017, all of the Named Executive Officers were in compliance with the ownership guidelines, taking into account permitted transition periods.

Clawback Policy

The Company's 2010 LTIP and ICP each has a clawback provision applicable to awards that are subsequently the subject of a restatement of financial statements within one year due to misconduct or culpable conduct. The Compensation Committee will review the Company's clawback policy in light of the provisions of the Dodd-Frank Wall Street Reform and Consumer Protection Act concerning executive compensation policies when applicable regulations are issued.

Anti-Hedging and Anti-Pledging Policies

The Board of Directors has adopted, as part of the Company's insider trading policy, prohibitions against directors, officers and employees, and certain related persons, from (1) selling Company securities "short"; (2) trading in exchange-traded or other third party options, warrants, puts or calls or similar instruments on Company securities; (3) holding Company securities in margin accounts; or (4) engaging in any hedging or monetization transactions involving Company securities.

The Board of Directors has also adopted, as part of the Company's insider trading policy, (1) a prohibition against officers, employees and certain related persons pledging Company securities as collateral for a loan or other financing arrangement and (2) a provision permitting independent directors to pledge Company securities as collateral for a loan or other financing arrangement, with the approval of the Company's General Counsel and Chairman. Approval of pledging of securities by independent directors is based on the circumstances of the request, including: the percentage of securities held by the individual that is currently pledged; compelling need that would justify the pledge; and the magnitude of aggregate pledged shares in relation to total shares outstanding, market value or trading volume. In any event, pledging transactions are prohibited during "blackout" periods, when all transactions in Company securities are prohibited. There were no new or outstanding pledging transactions by directors and officers during fiscal year 2017.

Consideration of Shareholder Advisory Vote on Executive Compensation

At the Company's 2017 Annual Meeting, held on January 26, 2017, approximately 95% of the voting shareholders approved, on an advisory basis, the compensation of the executive officers named in the proxy statement for that meeting, with 64,079,731 shares voting for approval, 3,096,816 shares voting against approval and 284,456 shares abstaining. The Compensation Committee considers this annual vote in its deliberations with respect to the future direction of executive compensation. The Compensation Committee believes the advisory vote results demonstrate significant, continuing support for the Company's executive compensation program, and it chose not to make any substantial changes to the existing program for fiscal year 2018 specifically in response to the 2017 advisory vote results.

Tax Considerations

Section 162(m) of the IRC generally limits the deductibility of compensation paid to certain executive officers to \$1,000,000 per year. There is an exception to this rule for certain compensation that is “performance based,” as defined under the IRC. Annual incentive awards and certain long-term incentive awards are generally intended to be “performance based,” but depending upon factors including the design of the plan, may or may not be subject to the deductibility limit. However, salaries, service-based restricted shares and restricted share units do not qualify as “performance based” compensation for this purpose.

The Compensation Committee believes that Section 162(m) is only one of several relevant considerations in setting compensation. The Compensation Committee also believes that Section 162(m) should not be permitted to compromise its ability to design and maintain executive compensation arrangements that, among other things, are intended to attract, motivate and help retain a highly qualified and successful management team to lead Meritor. As a result, the Compensation Committee retains the flexibility to provide compensation it determines to be in the best interests of Meritor and its shareholders even if that compensation ultimately is not deductible for tax purposes. Moreover, even if the Compensation Committee intends to grant compensation that qualifies as “performance based” for purposes of Section 162(m), it is not guaranteed that such compensation will so qualify or ultimately will be deductible by the Company.

(1) The table reflects the positions held with Meritor at September 30, 2017.

Information for Mr. Speed is provided for less than three fiscal years, as permitted by SEC Regulation S-K, because Mr. Speed was not a named executive officer prior to fiscal year 2016.

This column includes for fiscal year 2017 amounts contributed by the Named Executive Officers to the Company's Savings Plan and Supplemental Savings Plan (see *Non-Qualified Deferred Compensation in Fiscal Year 2017* below).

Represents for fiscal year 2017 the grant date fair value of restricted share units and performance share units (assuming achievement of the performance criteria at the target levels), computed in accordance with FASB ASC Topic 718. Information on the assumptions used in valuation of the grants is included in Note 20 of the Notes to Consolidated Financial Statements in the Form 10-K. Assuming achievement of the performance criteria at the maximum levels, the grant date fair value of the restricted share units and performance share units for fiscal year 2017, computed in accordance with FASB ASC Topic 718, would be \$5,759,985 for Mr. Craig; \$1,543,982 for Mr. Nowlan; and \$1,239,993 for each of Messrs. Plomin, Speed and Villavarayan. These amounts may not reflect the actual value realized upon vesting or settlement, if any.

This column includes for fiscal year 2017 payouts earned by the Named Executive Officers under the ICP. See *Compensation Discussion and Analysis* above for information on the terms of these awards.

For fiscal year 2017, this column is intended to reflect the change in actuarial present value of accumulated pension benefits of Messrs. Speed and Villavarayan under the Pension Plan and Supplemental Pension Plan accrued during the period between the measurement dates used for financial statement reporting purposes for fiscal year 2017 and the prior year. However, as the change for both individuals was negative (\$771 for Mr. Speed and \$1,261 for Mr. Villavarayan), the column discloses a change of \$0 as required under SEC regulations. See Fiscal Year 2017 Pension Benefits below for information on their years of service and accumulated pension benefits. The other Named Executive Officers were not eligible to participate in the Pension Plan and Supplemental Pension Plan and, therefore, there are no changes in the accumulated pension benefits reported for them in this column for fiscal year 2017. In addition, for fiscal year 2017 there were no above-market or preferential earnings on compensation that was deferred on a basis that is not tax-qualified for the Named Executive Officers.

This column includes the following items for fiscal year 2017, as set forth in the table below: (a) amounts contributed by the Company to the accounts of the Named Executive Officers under the Savings Plan and Supplemental Savings Plan; (b) cash allowances in lieu of perquisites (see *Compensation Discussion and Analysis – Elements of the Meritor Compensation Program – Components – Perquisites* above); (c) group excess liability insurance premiums; and (d) in the case of Mr. Plomin, expenses related to foreign assignments (including costs of housing, automobiles, utilities, insurance and storage) and reimbursement of taxes related to perquisites and personal benefits. Perquisites are valued at actual cost to the Company.

These columns include target amounts for annual incentive awards under the ICP for each of the Named Executive Officers. Potential payout amounts for threshold, target and maximum performance are expressed as dollar amounts. Awards may, at the discretion of the Compensation Committee, be paid out in the form of shares of Common Stock, with the number of shares determined based on the market price at the time of payout. See *Compensation Discussion and Analysis* above for further information on the terms of ICP awards in fiscal year 2017. Actual ICP payouts for fiscal year 2017 are reported in the column headed “Non-Equity Incentive Plan Compensation” and the related footnote in the table under the heading *Fiscal Year 2017 Summary Compensation Table* above.

(1)

These columns include target amounts for awards under a three-year performance plan established with respect to performance share units granted to the Named Executive Officers under the 2010 LTIP. In each case, potential payout amounts for threshold, target and maximum performance are expressed as numbers of units. Awards will be paid out in the form of shares of Common Stock to the extent that shares are available for issuance under the 2010 LTIP at the time of payout, subject to any applicable limitations on equity grants under the 2010 LTIP. If there are insufficient shares available to fund the entire payout, or if such limitations were applicable, some or all of the awards would be paid out in cash. See *Compensation Discussion and Analysis* above for further information on the terms of the LTIP awards in fiscal year 2017.

(2)

This column includes grants of service-based restricted share units to the Named Executive Officers as part of long-term incentive awards under the 2010 LTIP. See *Compensation Discussion and Analysis* above for further information on the terms of the LTIP awards in fiscal year 2017.

(3)

This column includes the grant date fair value of restricted share units and performance share units granted in fiscal year 2017, computed in accordance with FASB ASC Topic 718. Information on the assumptions used in valuation of the grants is included in Note 20 of the Notes to Consolidated Financial Statements in the Form 10-K. There were no dividends paid by the Company on its Common Stock in 2017.

See *Compensation Discussion and Analysis –Elements of the Meritor Compensation Program –Overview and Analysis* above for information on the proportion between salary and total compensation.

AGREEMENTS WITH NAMED EXECUTIVE OFFICERS

Employment Agreements

Mr. Craig's Employment Agreement. Mr. Craig entered into a new employment agreement with the Company in April 2015, in connection with his assumption of the role of Chief Executive Officer, which agreement replaced his previous employment agreement with the Company. Under the terms of this agreement, if the Company terminates Mr. Craig's employment without cause, he would receive:

any accrued and unpaid compensation;

monthly severance base pay for a period of 12 months;

participation in the current year annual incentive as if he had been employed for the entire year;

continuation of health and welfare benefits (other than accidental death and dismemberment, referred to as AD&D, and long-term and short-term disability coverage) throughout the 12-month severance period (or until the executive becomes subsequently employed and covered by the health plan of the new employer);

continued life insurance coverage through the end of the severance period;

vesting or forfeiture of special or other long-term incentive awards, restricted shares, restricted share units, performance shares and cash payouts of long-term incentive awards as determined under the terms of the 2010 LTIP or the agreement relating to the grant (the 2010 LTIP provides for forfeiture of equity-based awards if the award has not vested under its terms before the end of the severance period, and for cash payouts for only those existing long-term incentive cycles that began more than a year before the last day employed); and

outplacement services for twelve months the value of which may not exceed \$10,000.

Mr. Craig's employment agreement also provides for vesting in accordance with the terms of the applicable plans for all equity grants in the event of a change of control (as defined in those plans). The agreement also provides for severance benefits as described above if a separation of service results from a change of control or within one year thereafter (provided the severance period would be 24 months rather than 12 months, and the full target amount of his annual incentive will be paid in that event rather than the actual amount of the annual incentive payout). The agreement also provides for payments in the event of death and disability (described further under *Potential Payments Upon Termination* below) and a non-compete agreement for the duration of the severance period in the event of involuntary termination of employment.

The Company also entered into an agreement with Mr. Craig containing revisions to his base salary, ICP target award for fiscal 2015, and 2010 LTIP target awards for the fiscal 2015-2017 cycle (see *Fiscal Year 2017 Summary Compensation Table* and *Grants of Plan-Based Awards in Fiscal Year 2017* above for information on the amount of these elements of his compensation).

Mr. Nowlan's Employment Agreement. Mr. Nowlan entered into an employment agreement with the Company in 2013. Under the terms of this agreement, if the Company terminates Mr. Nowlan's employment without cause, he would receive:

any accrued and unpaid compensation;

monthly severance base pay for a period of 24 months;

pro rata participation in the current year annual incentive;

pro rata participation in the cash portion, if any, of long-term incentive cycles under the terms of the applicable plan (which provide payout for only those existing long-term incentive cycles that began more than a year before the last day employed), based on the portion of the performance cycle that has elapsed as of the last day employed;

continuation of health and welfare benefits (other than AD&D and long-term and short-term disability coverage) throughout the 24-month severance period (or until the executive becomes subsequently employed and covered by the health plan of the new employer);

continued life insurance coverage through the end of the severance period;

vesting or forfeiture of special or other long-term incentive awards, restricted shares, restricted share units, performance shares and cash payouts of long-term incentive awards as determined under the terms of the 2010 LTIP or the agreement relating to the grant (the 2010 LTIP provides for forfeiture of equity-based awards if the award has not vested under its terms before the end of the severance period, and for cash payouts for only those existing long-term incentive cycles that began more than a year before the last day employed); and

outplacement services for twelve months the value of which may not exceed \$10,000.

Mr. Nowlan's employment agreement also provides for vesting in accordance with the terms of the applicable plans for all equity grants in the event of a change in control (as defined in those plans) as well as the severance benefits described above if a separation of service results from a change in control or within one year thereafter (provided the full target amount of his annual incentive will be paid in that event rather than a *pro rata* portion). The agreement also provides for payments in the event of death and disability (described further under *Potential Payments Upon Termination* below) and a non-compete agreement for the duration of the severance period in the event of involuntary termination of employment.

Other Executives' Employment Agreements. Other executives of the Company, including Messrs. Plomin, Speed and Villavarayan, entered into employment agreements with the Company in December 2015 or February 2016. These agreements contain provisions with respect to termination without cause and severance in the event of a change of control, similar to those contained in Mr. Craig's employment agreement (except that (1) the severance period would be 18 months in both cases and (2) the provisions also apply to a termination of employment within two years after a change of control). The agreements also provide for a 12-month non-compete agreement in the event of voluntary termination of employment.

See *Potential Payments Upon Termination* below for information on the amounts that would be payable to Messrs. Craig, Nowlan, Plomin, Speed and Villavarayan if their employment had been terminated at the end of fiscal year 2017.

Description of Plan-Based Awards

See *Compensation Discussion and Analysis - Elements of the Meritor Compensation Program - Components - Annual Incentives* and *Long-Term Incentives* above for information on the types of plan-based awards that were made in fiscal year 2017 and are reported in the table above, the applicable performance objectives, and how payouts are calculated. See the column headed "Non-Equity Incentive Plan Compensation" and the related footnote in the table under the heading *Fiscal Year 2017 Summary Compensation Table* above for information on actual annual incentive payments made with respect to fiscal year 2017.

FISCAL YEAR 2017 PENSION BENEFITS

Meritor has a tax-qualified defined benefit retirement plan, the Pension Plan, covering salaried and non-represented U.S. employees hired prior to October 1, 2005. Sections 401(a)(17) and 415 of the IRC limit the annual benefits that may be paid from a tax-qualified defined benefit retirement plan. As permitted by the Employee Retirement Income Security Act of 1974, the Company has established a non-qualified supplemental plan, the Supplemental Pension Plan, that authorizes the payment out of the Company's general funds of any benefits calculated under provisions of the Pension Plan that may be above limits under these sections. Participation in the Pension Plan and Supplemental Pension Plan was terminated on December 31, 2007 and benefits were frozen as of a specified date, as described below.

Messrs. Speed and Villavarayan participate in the Pension Plan but do not participate in the Supplemental Pension Plan. Mr. Villavarayan is also a member of the Pension Plan for Eligible Non-Union Salaried Commercial Vehicle Aftermarket and Commercial Vehicle Systems Driveline Employees of Meritor Aftermarket Canada Inc., referred to as the Canadian Pension Plan. The Canadian Pension Plan provides a defined benefit pension entitlement based on earnings and service while he was a Canadian employee. Mr. Villavarayan's benefit under the Canadian Pension Plan is included in the actuarial present value of the accumulated benefit under the Pension Plan because his benefit under the Canadian Pension Plan is a direct offset to the benefit under the Pension Plan. Messrs. Craig, Nowlan and Plomin were not eligible to participate in the Pension Plan and Supplemental Pension Plan because they were hired after October 1, 2005.

The following table shows the years of credited service and the actuarial present value of the accumulated benefit under the Pension Plan for Messrs. Speed and Villavarayan. This information is provided as of September 30, 2017 (the measurement date used for financial statement reporting purposes), assuming retirement at age 62. No payments were made to Messrs. Speed or Villavarayan under the Pension Plan during the fiscal year ended September 30, 2017.

Information on the valuation method and material assumptions applied in quantifying the present value of the current accrued benefits is included in Note 22 of the Notes to Consolidated Financial Statements in the Form 10-K.

The Pension Plan and the Supplemental Pension Plan provide for annual retirement benefits payable on a straight life annuity basis to participating employees, reduced to reflect the cost of Social Security benefits related to service with the Company. The amount of a participant's annual benefit generally is calculated as 1.5% of the number that is the average of covered compensation for the highest five consecutive years of the ten years preceding retirement, multiplied by years of service, less the Social Security reduction. Covered compensation includes salary and annual incentive award payout under the ICP (see the column headed "Salary" and footnote 4 to the column headed "Non-Equity Incentive Plan Compensation" in the table under the heading *Fiscal Year 2017 Summary Compensation Table* above).

The Pension Plan and the Supplemental Pension Plan credit participants with service earned with Meritor and its predecessor companies, as applicable. The Pension Plan and the Supplemental Pension Plan also include "grandfathering" provisions under which the retirement benefits payable to certain long-term employees will be adjusted in some cases to reflect differences between the benefits earned under the plan and those earned under predecessor plans of Arvin Industries, Inc., Meritor Automotive, Inc. or Rockwell International, Inc.

Participants may generally elect to retire under the Pension Plan and the Supplemental Pension Plan any time after reaching age 55, with the annual benefit reduced by 6% for each year that the participant receives benefit payments prior to his reaching age 62. As of the last day of fiscal year 2017, Messrs. Speed and Villavarayan are not eligible for early retirement under this provision. In the event of the participant's death, the Pension Plan and the Supplemental Pension Plan also provide for the payment of benefits to an employee's surviving spouse or other beneficiary. The amount of the survivor's benefit is 60% of the participant's benefit under the Supplemental Pension Plan, and can range from 0% to 100% of the participant's benefit under the Pension Plan, depending on the participant's election as to benefit payment options.

See Note 22 of the Notes to Consolidated Financial Statements in the Form 10-K for information on the funded status of the Pension Plan. The Supplemental Pension Plan is currently unfunded.

Non-union employees hired on or after October 1, 2005, including Messrs. Craig, Nowlan and Plomin, are not eligible to participate in the Pension Plan or the Supplemental Pension Plan. In addition, the Pension Plan and the Supplemental Pension Plan were amended, effective December 31, 2007, to provide that benefits were frozen for all participating employees, including Messrs. Speed and Villavarayan, as of specified dates. Most participating employees ceased accruing benefits effective January 1, 2008. Some participating employees, who either had at least 20 years of service or were age 50 or older with at least 10 years of service, continued to accrue benefits for an additional transition period that ended June 30, 2011. Messrs. Speed and Villavarayan did not qualify for this transitional accrual period.

For those not eligible to participate in, or whose benefits have been frozen under, the Pension Plan and the Supplemental Pension Plan, the Company makes additional defined contributions to the Savings Plan or Supplemental Savings Plan on behalf of these individuals, with the amount of the contribution depending on the individual's salary and age. In fiscal year 2017, the Company contributed the following additional amounts to the Savings Plan and Supplemental Savings Plan under this provision on behalf of the Named Executive Officers: Mr. Craig - \$66,187; Mr. Nowlan - \$26,936; Mr. Plomin - \$25,634; Mr. Speed - \$22,050; and Mr. Villavarayan - \$22,051. Both participant contributions and Company matching contributions to the Savings Plan and Supplemental Savings Plan are always 100% vested. These amounts are included in the amounts reported in the column headed "All Other Compensation" and the related footnote under *Fiscal Year 2017 Summary Compensation Table* above.

The Company has in the past provided for extra years of credited service under the Pension Plan or Supplemental Pension Plan or additional payments to the Savings Plan or Supplemental Savings Plan in lieu of pension payments in employment agreements for some individuals. None of the Named Executive Officers is entitled to any additional years of credited service or additional payments.

NON-QUALIFIED DEFERRED COMPENSATION IN FISCAL YEAR 2017

The following table reflects contributions made by the Named Executive Officers and the Company to the Company's Supplemental Savings Plan in fiscal year 2017, together with earnings on the accounts of the Named Executive Officers during the fiscal year. There were no withdrawals or distributions to the Named Executive Officers under that plan in fiscal year 2017.

Description of Non-Qualified Supplemental Savings Plan

Meritor's Supplemental Savings Plan allows certain executives of the Company, including the Named Executive Officers, to defer amounts that cannot be contributed to the Savings Plan due to deferral and compensation limits imposed by the IRC. Under the Savings Plan, a participant can defer up to 50% of his or her eligible pay, on a before-tax basis, subject to IRC limits, and the Company matches deferrals at the rate of 100% on the first 3% and 50% on the next 3% of eligible pay. Eligible pay includes base salary, annual incentive payout under the ICP and other eligible bonuses. If an executive elects to participate in the Supplemental Savings Plan, he or she can continue to contribute up to 20% of eligible pay on a before-tax basis, even though his or her Savings Plan contributions or eligible pay have reached the annual IRC limits. Both participant contributions and Company matching contributions to the Supplemental Savings Plan are always 100% vested.

The Company also makes non-elective retirement contributions in lieu of pension payments to the Savings Plan, and these contributions would be made to the Supplemental Savings Plan when eligible pay reaches statutory limits. Company pension contributions to the Supplemental Savings Plan vest 20% after two years of employment and 20% each year thereafter, with full vesting occurring after six years of employment.

The plan administrator keeps track of contributions under the Supplemental Savings Plan as if they were invested in investment options selected by the participant. These options include a variety of mutual funds and Common Stock. Growth of the participant's account depends on the investment results of the selected mutual funds and/or on the market price of, and the payment of dividends on, Common Stock. Earnings for each investment vehicle for fiscal year 2017 were as follows:

Distributions from the Supplemental Savings Plan are made in cash under one of three options, as elected by the participant: (1) a lump sum payment six months following termination of employment; (2) a lump sum payment at the later of age 55 or six months following termination of employment; or (3) ten annual installments payable in January of each year beginning the year after the later of age 55 or six months after termination of employment.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE OF CONTROL

The narrative and tables below describe and quantify potential compensation that could be paid to each of the Named Executive Officers by the Company upon termination of employment as of September 29, 2017, voluntarily or with cause, without cause, upon a change of control (or within stated periods thereafter), and upon retirement, death or disability. Except as noted below, the amounts disclosed in the table are based on actual compensation through September 29, 2017 and estimates of future compensation. The actual amounts that could be paid to the Named Executive Officers are subject to a number of variables and can only be determined after occurrence of a termination event.

Voluntary Termination of Employment or Involuntary Termination of Employment with Cause

A Named Executive Officer would be entitled to the following under the Company's current policies, plans and any applicable employment agreements upon voluntary termination of employment or involuntary termination of employment with cause. "Cause" is defined generally as a continued and willful failure to perform duties; gross misconduct that is materially and demonstrably injurious to the Company; or conviction of or pleading guilty (or no contest) to a felony or to another crime that materially and adversely affects the Company.

Compensation and Benefits. If a Named Executive Officer were to voluntarily resign from his position or be terminated for cause, he would be entitled only to accrued and unpaid compensation. Participation in benefit plans would cease upon termination.

Incentive Plan Payments and Equity Awards. Upon voluntary termination or termination with cause, a Named Executive Officer would not be entitled to annual incentive or long-term incentive performance plan participation and all unvested equity grants (including unvested restricted shares, restricted share units and performance share units) would be forfeited.

Savings Plan Distributions. Participants in the Savings Plan are generally entitled to a lump sum distribution of the vested interest in their Savings Plan accounts upon any termination of service. Participants in the Supplemental Savings Plan are entitled to receive distributions of the vested portion of their accounts, either in a lump sum or in ten annual installments, at age 55 or six months after any termination of employment, depending on the election made by the participant. All participant contributions and Company matching contributions to the Savings Plan and Supplemental Savings Plan, and any related earnings, are immediately 100% vested. Retirement contributions made by the Company to the Savings Plan and Supplemental Savings Plan in lieu of participation in the Pension Plan or Supplemental Pension Plan vest 20% for each full year of the participant's employment beginning with the second year, with full vesting of accounts after completion of six years of service.

The Named Executive Officers would be entitled to receive a distribution of all of their employee and Company-matching contributions, and any related earnings, from their Savings Plan and Supplemental Savings Plan accounts upon voluntary termination or termination with cause. The Company also makes retirement contributions to the Savings Plan and Supplemental Savings Plan on behalf of the Named Executive Officers in lieu of participation in the Pension Plan and Supplemental Pension Plan. As of September 29, 2017, these additional retirement contributions had vested 100% for all of the Named Executive Officers, and they are eligible to receive a distribution of 100% of their accounts with respect to these contributions upon voluntary termination or termination with cause.

Termination of Employment without Cause

Upon termination without cause, a Named Executive Officer's compensation and benefits would be governed by the terms of his employment letter or agreement, as follows:

Mr. Craig's Employment Agreement. Mr. Craig entered into an employment agreement with the Company in April 2015, which superseded his previous employment agreement. Under the terms of this agreement, if the Company terminates his employment without cause, he would receive any accrued and unpaid compensation, together with the following severance payments and benefits:

Severance pay: He would receive severance pay, at his then-current salary, for a severance period of 12 months.

Annual incentive: He would participate in the current year annual incentive as if he had been employed for the entire year, based on actual performance.

Long-term incentives (see *Outstanding Equity Awards at Fiscal Year-End 2017* and *Compensation Discussion and Analysis* above for further information on the different types of long-term incentive awards that are currently outstanding): Vesting or forfeiture of special or other long-term incentive awards, including restricted shares, restricted share units, performance shares and payouts under performance plans would be determined under the terms of the 2010 LTIP or the applicable grant agreement. The 2010 LTIP provides for forfeiture of an equity-based award if the award has not vested under its terms before the end of the severance period, and for cash payouts for only those existing long-term incentive cycles that began more than a year before the last day employed.

Benefits: He would be entitled to continuation of health and welfare benefits (other than AD&D and long-term and short-term disability coverage) throughout the severance period (or until he becomes subsequently employed and covered by the health plan of the new employer). He also would receive continued life insurance coverage through the end of the severance period.

Retirement plans: Savings Plan and Supplemental Savings Plan participation would cease at the end of active employment.

Outplacement services: He would receive outplacement services at Company expense for twelve months in an amount not to exceed \$10,000. No perquisites or allowances are provided to him or paid for by the Company during the severance period. Annual incentive and long-term incentive payouts would occur at the time applicable for all participating employees. All other amounts would be payable periodically over the severance period, with timing of some payments delayed to comply with Section 409A of the IRC.

Mr. Nowlan's Employment Agreement. Mr. Nowlan entered into an employment agreement with the Company in 2013. Under the terms of this employment agreement, if the Company terminates his employment without cause, he would receive any accrued and unpaid compensation, together with the following severance payments and benefits:

Severance pay: He would receive severance pay, at his then-current salary, for a severance period of 24 months.

Annual incentive: He would participate in the current year annual incentive on a pro rata basis, for the portion of the year during which he was actively employed, based on actual performance.

Long-term incentives (see Outstanding Equity Awards at Fiscal Year-End 2017 and Compensation Discussion and Analysis above for further information on the different types of long-term incentive awards that are currently outstanding): Vesting or forfeiture of special or other long-term incentive awards, including restricted shares, restricted share units, performance shares and payouts under performance plans would be determined under the terms of the 2010 LTIP or the applicable grant agreement. The 2010 LTIP provides for forfeiture of an equity-based award if the award has not vested under its terms before the end of the severance period, and for pro rata cash payouts, based on the portion of the performance cycle that has elapsed as of the last day employed, for only those existing long-term incentive cycles that began more than a year before the last day employed.

Benefits: He would be entitled to continuation of health and welfare benefits (other than AD&D and long-term and short-term disability coverage) throughout the severance period (or until he becomes subsequently employed and covered by the health plan of the new employer). He also would receive continued life insurance coverage through the end of the severance period.

Retirement plans: Savings Plan and Supplemental Savings Plan participation would cease at the end of active employment.

Outplacement services: He would receive outplacement services at Company expense for twelve months in an amount not to exceed \$10,000. No perquisites or allowances are provided to him or paid for by the Company during the severance period. Annual incentive and long-term incentive payouts would occur at the time applicable for all participating employees. All other amounts would be payable periodically over the severance period, with timing of some payments delayed to comply with Section 409A of the IRC.

Other Named Executive Officers' Employment Agreements. Messrs. Plomin, Speed and Villavarayan entered into employment agreements with the Company in December 2015 or February 2016. These agreements have substantially the same provisions with respect to termination without cause as Mr. Craig's employment agreement, described above, except that severance pay would be for a period of 18 months and annual incentive payments would be pro rated for the portion of the year during which they were actively employed.

Savings Plan Distributions. Upon termination without cause, the Named Executive Officers would also be entitled to a distribution of certain amounts in their Savings Plan and Supplemental Savings Plan accounts, as described above under "Voluntary Termination of Employment or Involuntary Termination of Employment with Cause."

Termination of Employment upon Change of Control

Under their employment agreements, Messrs. Craig and Nowlan would receive substantially the same salary payments and benefits in the case of a termination of employment upon change of control (or within one year thereafter) as those outlined above for a termination of employment without cause, except that: (1) the severance period would be 24 months for each of them and (2) annual incentives for the current year would be paid out at target.

With respect to Messrs. Plomin, Speed and Villavarayan, their employment agreements have substantially the same provisions with respect to termination of employment upon a change of control as Mr. Craig's employment agreement, described above, except that (1) severance pay would be for a period of 18 months; and (2) the provisions also apply to a termination of employment within two years after a change of control.

Vesting of equity and equity-based awards, payouts with respect to performance plans and treatment of stock options are governed by the provisions of the long-term incentive plan under which they were granted. Pursuant to the terms of awards outstanding under the 2010 LTIP, awards do not vest solely upon a change of control. However, upon a termination of employment other than for cause (including retirement, death, disability, termination without cause or termination for good reason) within two years after a change of control, awards vest in full and are deemed fully earned on the termination date, and performance-based awards are paid out at the target amount as of the date of the change of control.

Edgar Filing: CHANNELADVISOR CORP - Form SC 13G/A

The amounts in the tables below with respect to termination upon change of control reflect the provisions applicable to each grant, as described above, as if the triggering event had occurred on the last day of fiscal year 2017.

Retirement

Upon retirement, a Named Executive Officer may be eligible for the following payments and benefits:

Defined Benefit Pension Plans. Messrs. Speed and Villavarayan participate in the Pension Plan. The present value of their accumulated benefits is disclosed above in the table under the heading *Fiscal Year 2017 Pension Benefits*. Neither was eligible to retire under the Pension Plan as of the last day of fiscal year 2017, and therefore no amounts are included in the table below. The other Named Executive Officers do not participate in the Pension Plan or Supplemental Pension Plan, and no benefits under those plans would be paid to them, even if they were eligible for retirement.

Savings Plan Distributions. Upon retirement, the Named Executive Officers would be entitled to a distribution of amounts in their Savings Plan and Supplemental Savings Plan accounts, including any vested Company contributions in lieu of Pension Plan or Supplemental Pension Plan participation, as described above under “Voluntary Termination of Employment or Involuntary Termination of Employment with Cause.”

Incentive Plan Payments and Equity Awards. Messrs. Craig and Plomin are eligible to retire and would be entitled to *pro rata* participation in the annual incentive plan, based on the portion of the year employed. They would also be entitled to participation in each outstanding three-year performance cycle on the same basis and to the same extent as if employed for the entire period. Equity and equity-based awards, including restricted shares, restricted share units and performance share units, would continue to vest in accordance with their terms as if still employed if granted at least one year prior to retirement, but would be forfeited if granted less than a year prior to retirement.

The other Named Executive Officers are not eligible to retire under the Company’s retirement plans at the end of fiscal year 2017 and, therefore, would not be entitled to the vesting and payouts described above.

See “Termination of Employment upon Change of Control” above for information on additional provisions that would apply with respect to long-term incentive awards upon retirement within two years after a change of control.

Death

In the event of death, a Named Executive Officer’s beneficiary would receive the following benefits:

Insurance. The Named Executive Officer’s beneficiary would be entitled to the proceeds of Company-sponsored life insurance policies.

Compensation and Benefits. In addition to any accrued and unpaid compensation, the Named Executive Officer’s spouse and other dependents would be eligible for one month of salary and continuation of medical benefits for a period of six months.

Incentive Plan Payments and Equity Awards. The Named Executive Officer’s beneficiary would be entitled to *apro rata* portion of any annual incentive, based on the portion of the year that the Named Executive Officer was employed. He or she would also be entitled to *pro rata* payouts under the long-term incentive plan for each three-year performance plan, and vesting of a *pro rata* portion of unvested restricted shares, restricted share units and performance share units, based on actual time worked.

Edgar Filing: CHANNELADVISOR CORP - Form SC 13G/A

See “Termination of Employment upon Change of Control” above for information on additional provisions that would apply with respect to long-term incentive awards upon death within two years after a change of control.

Savings Plan Distributions. Upon the death of a Named Executive Officer, his beneficiary would be entitled to distribution of amounts in the Named Executive Officer’s Savings Plan and Supplemental Savings Plan accounts, including any vested Company contributions in lieu of Pension Plan or Supplemental Pension Plan participation, as described above under “Voluntary Termination of Employment or Involuntary Termination of Employment with Cause.”

Disability

In the event of disability, which is defined generally as the inability to perform the duties of his current job as a result of disease or injury, a Named Executive Officer would be entitled to the following benefits:

Compensation and Benefits. The Named Executive Officer would be entitled to continuation of full or partial salary (depending on years of service) for a period of six months, as short-term disability benefits, after which the Named Executive Officer would receive either 50% of salary (subject to tax and with a monthly maximum of \$3,000) or 60% of salary (untaxed and with a monthly maximum of \$20,000), depending on the benefit election made, under the long-term disability program. After 1½ years on long-term disability benefits, continued eligibility would be based on the inability to perform any job for which the Named Executive Officer is qualified by education, training or experience. Medical, dental, vision and life insurance benefits would continue during the period of receipt of long-term disability benefits as if still employed.

Incentive Plan Payments and Equity Awards. The Named Executive Officer would be entitled to a *pro rata* portion of any annual incentive, based on the portion of the year during which employed. He would also be entitled to *pro rata* payouts under the long-term incentive plan for each three-year performance plan, and vesting of a *pro rata* portion of unvested restricted shares, restricted share units and performance share units, based on actual time worked.

See “Termination of Employment upon Change of Control” above for information on additional provisions that would apply with respect to long-term incentive awards upon disability within two years after a change of control.

Savings Plan Distributions. A Named Executive Officer would be entitled to distributions under the savings plans, as described above under “Voluntary Termination of Employment or Involuntary Termination of Employment with Cause.”

Potential Payments at Fiscal Year-End 2017

Assuming termination for the stated reasons on the last business day of fiscal year 2017, and giving effect to the agreements and plan provisions described above, Messrs. Craig, Nowlan, Plomin, Speed and Villavarayan would receive the following estimated payments and benefits under the agreements and plans in effect on September 29, 2017 described above. Amounts attributable to savings plan distributions, life and disability insurance, and health and welfare benefits in the event of death and disability are not included in the tables below because they are available to the Named Executive Officers on the same basis as other salaried employees.

Based on annual salary as of the last day of the fiscal year. For Messrs. Craig, Nowlan, Plomin, Speed and Villavarayan, severance pay in the event of involuntary termination of employment without cause would be contingent on compliance with the non-compete provisions in their (1) employment agreements.

The executive would be entitled to annual incentive participation for the 2017 fiscal year in accordance with the terms of the ICP. For this purpose, actual incentive compensation paid for fiscal year 2017 has been included, except in the case of termination upon change of control, (2) in which case the target annual incentive amount has been included.

Based, as applicable, on the number of unvested shares of restricted stock, unvested restricted share units and unvested performance share units (reported at the actual performance level achieved for the fiscal 2015-2017 performance cycle and achievement at the target levels for (3) the fiscal 2016-2018 and fiscal 2017-2019 performance cycles), as follows:

in the case of termination upon change of control, the total number granted;

in the case of termination without cause, the total number of shares of restricted stock, restricted share units and performance share units that would vest by the end of the separation period; and

in the case of death and disability, a prorated number of shares of restricted stock, restricted share units and performance share units, based on active time worked prior to the date of the death or disability.

In each case, the applicable numbers are multiplied by the NYSE Closing Price on September 29, 2017 (\$26.01), the last trading day of fiscal year 2017.

PROPOSAL REGARDING ADVISORY VOTE TO APPROVE EXECUTIVE OFFICER COMPENSATION

As required pursuant to Section 14A of the Exchange Act, we are providing our shareholders with the opportunity to vote to approve, on a non-binding, advisory basis, the compensation of our Named Executive Officers as disclosed in this proxy statement in accordance with the SEC's compensation disclosure rules. We provide this advisory vote on an annual basis, and the next such vote will occur at the Annual Meeting of Shareholders in 2019.

As described in detail under the heading *Executive Compensation - Compensation Discussion and Analysis*, we believe our executive compensation program is balanced, seeks to closely align the interests of our Named Executive Officers with the long-term interests of our shareholders, and is focused on pay for performance in support of Meritor's business objectives. As you review the *Compensation Discussion and Analysis* section of this proxy statement and the other sections related to executive compensation, you should note the following:

The Company's annual incentive compensation and long-term incentive compensation are both based on the achievement of business objectives that support Meritor's long-term success.

A substantial portion of our Named Executive Officers' compensation is tied to Meritor's stock performance (including the equity-based awards reflected in the tables under the headings *Executive Compensation – Fiscal Year 2017 Summary Compensation Table* and *Grants of Plan-Based Awards in Fiscal Year 2017* above), which aligns executive and shareholder interests.

We utilize three-year vesting cycles for service-based restricted shares and restricted share units and for performance-based long-term incentive awards to promote a longer-term focus.

Our compensation actions show that we maintain a pay-for-performance culture by basing a significant portion of payments under our incentive plans on achievement of measurable business objectives.

The vote on this resolution is not intended to address any specific element of compensation; rather, the vote relates to the compensation of our Named Executive Officers, as described in this proxy statement, in accordance with the SEC's compensation disclosure rules. The vote is advisory, which means that the vote is not binding on the Company, our Board of Directors or the Compensation Committee.

Accordingly, we ask our shareholders to vote on the following resolution at the Annual Meeting:

“RESOLVED, that the Company's shareholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's Proxy Statement for the 2018 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Fiscal Year 2017 Summary Compensation Table and the other related tables and disclosure in the Proxy Statement.”

The Board of Directors recommends that you vote “FOR” the approval of the compensation of our Named Executive Officers, as disclosed in this proxy statement, which is presented as Item (2).

AUDIT COMMITTEE REPORT

The Audit Committee, in accordance with its written charter, assists the Board in fulfilling its responsibility for monitoring the integrity of the accounting, auditing and financial reporting practices of Meritor. The Audit Committee's function is more fully described in its charter, which is summarized above under the heading *Board of Directors and Committees – Committees – Audit Committee* and is available in the section headed "Investors – Corporate Governance" on the Meritor website (www.meritor.com). The four directors listed below were the members of the Audit Committee who participated in the review, discussions and recommendation with respect to the Audit Committee Report for fiscal year 2017.

The Board has determined that (1) all of the members of the Audit Committee meet the criteria for independence specified in the listing standards of the New York Stock Exchange; (2) all of the members of the Audit Committee are "financially literate," and one or more members of the Audit Committee possess accounting or related financial management expertise (as these qualifications are interpreted in the business judgment of the Board), in each case as required by the listing standards of the New York Stock Exchange; and (3) Jan A. Bertsch and William J. Lyons qualify as "audit committee financial experts," as required by the SEC and defined in Regulation S-K. Each member of the Audit Committee has either education and high-level experience in financial matters, or an extensive working knowledge of financial matters acquired through operational experience leading significant businesses. This mix of financial and operational expertise provides the Audit Committee with diverse viewpoints on financial matters and enhances its effectiveness. The qualifications of each Committee member are disclosed under the heading *Election of Directors – Information as to Nominees for Director and Continuing Director* above.

The Audit Committee is responsible for annual selection and overseeing the independence, qualifications and performance of the independent auditors. The criteria considered by the Audit Committee in carrying out this responsibility are discussed below under the heading *Proposal to Approve the Selection of Auditors*. The Audit Committee is also responsible for approval of the independent auditor's compensation and, as a policy, all services provided and the related budgets are pre-approved. The procedure for approval of compensation is discussed in more detail under the heading *Independent Accountants' Fees* below.

The Audit Committee is also responsible for reviewing significant internal control matters, the adequacy of the system of internal controls, the internal audit charter, the scope of the annual internal audit plan and the results of internal audits. The Audit Committee also consults with management as to appointment, reassignment, replacement, dismissal and compensation of the internal auditor.

Management is responsible for the financial reporting process, including the system of internal controls and disclosure controls, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States ("GAAP"). The independent auditors are responsible for auditing these financial statements and expressing an opinion as to their conformity to GAAP. The Audit Committee's responsibility is to monitor and review these processes, acting in an oversight capacity. The Audit Committee does not certify the financial statements or guarantee the independent auditor's report. The Audit Committee relies, without independent verification, on the information provided to it, the representations made by management and the independent auditors and the report of the independent auditors.

The Audit Committee has reviewed and discussed the audited financial statements of the Company for the fiscal year ended September 30, 2017 with the Company's management and with Deloitte & Touche LLP ("Deloitte"), independent auditors. The Audit Committee has also reviewed and discussed communications from both management and Deloitte regarding internal controls over financial reporting, as required by the Public Company Accounting Oversight Board's Auditing Standard No. 5, "An Audit of Internal Control over Financial Reporting That is Integrated with an Audit of Financial Statements," and applicable SEC rules.

The discussions with Deloitte also included the overall scope of and plans for the audit and the matters required to be discussed under Public Company Accounting Oversight Board Auditing Standard No. 16, "Communications with Audit Committees." In addition, Deloitte has provided the Audit Committee with the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding Deloitte's communications with the Audit Committee concerning independence, and the Audit Committee has discussed with Deloitte their independence.

Based on the foregoing reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in Meritor's Annual Report on Form 10-K for the fiscal year ended September 30, 2017, filed with the Securities and Exchange Commission.

(b)

Pursuant to its charter, the Audit Committee is responsible for selection, approving compensation and overseeing the independence, qualifications and performance of the independent accountants. The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by the independent accountants. Pre-approval is generally provided for up to one year, is detailed as to the particular service or category of services and is generally subject to a specific budget. The Audit Committee may also pre-approve particular services on a case-by-case basis. In assessing requests for services by the independent accountants, the Audit Committee considers whether such services are consistent with the auditor's independence; whether the independent accountants are likely to provide the most effective and efficient service based upon their familiarity with the Company; and whether the service could enhance the Company's ability to manage or control risk or improve audit quality.

All of the audit-related and tax services provided by Deloitte in fiscal years 2016 and 2017 (described in the footnotes to the table above) and related fees were approved in advance by the Audit Committee.

PROPOSAL TO APPROVE THE SELECTION OF AUDITORS

The Audit Committee of the Board of Directors of Meritor has selected the firm of Deloitte & Touche LLP as the auditors of the Company, subject to the approval of the shareholders. Deloitte & Touche LLP have acted as auditors for Meritor and its predecessor company, Meritor Automotive, Inc., since 1997.

Before the Audit Committee appointed Deloitte & Touche LLP, it carefully considered, among other things, the qualifications of that firm and the quality of its work, including its performance for Meritor, its ability and expertise in handling the breadth and complexity of Meritor's world-wide operations, the appropriateness of its fees and its reputation for integrity and for competence in the fields of accounting and auditing. The members of the Audit Committee and the Board of Directors currently believe that the continued retention of Deloitte & Touche LLP to serve as the Company's independent external auditor is in the best interests of the Company and its investors. Representatives of Deloitte & Touche LLP are expected to attend the 2018 Annual Meeting, are expected to be available to respond to appropriate questions and will have the opportunity to make a statement if they desire to do so.

The Board of Directors recommends that you vote "FOR" the proposal to approve the selection of Deloitte & Touche LLP to act as auditors for Meritor, which is presented as item (3).

PROPOSAL TO APPROVE AMENDMENTS TO OUR AMENDED AND RESTATED ARTICLES OF INCORPORATION TO ALLOW SHAREHOLDERS TO AMEND OUR AMENDED AND RESTATED BY-LAWS

Our Board of Directors has unanimously approved, and recommends that our shareholders approve, amendments to our Amended and Restated Articles of Incorporation, referred to as the Articles, to provide shareholders with the ability to amend our Amended and Restated By-Laws, referred to as the By-Laws. Under Indiana law and our Articles, the affirmative vote of holders representing at least 80% of the voting power of our Common Stock is required to approve the proposed amendments to our Articles. A form of amended and restated Articles is attached to this proxy statement as Appendix A. This summary of the proposed amendments to the Articles is qualified in its entirety by reference to Appendix A.

Indiana law provides that, unless otherwise specified by the articles of incorporation, only a corporation's board of directors may amend or repeal the by-laws. Our Articles currently provide our Board of Directors with the exclusive power to make, alter, amend or repeal the By-Laws.

Our Board of Directors is committed to good corporate governance and has carefully considered the advantages and disadvantages of adopting a change to our Articles to provide our shareholders with the ability to amend our By-Laws. After weighing these considerations, and upon the recommendation of the Corporate Governance and Nominating Committee, the Board of Directors has concluded that amending the Articles to allow shareholders to amend our By-Laws will enhance our corporate governance practices by giving shareholders a say in important governance principles.

If the proposed amendments are approved by our shareholders, management will file amended and restated Articles with the Indiana Secretary of State following the annual meeting to incorporate the approved amendments. The amended and restated Articles will become effective upon acceptance of the filing by the Indiana Secretary of State. Upon the approval of this proposal and the acceptance of the amended and restated Articles by the Indiana Secretary of State, corresponding amendments to our By-Laws will also be made.

If this proposal is not approved, the proposed amendments to our Articles will not be made and all existing provisions, including the default position under Indiana law reserving authority to amend our By-Laws solely to the Board of Directors, will remain in effect.

The Board of Directors recommends that you vote "FOR" the proposal to approve the amendments to our Amended and Restated Articles of Incorporation to allow shareholders to amend our Amended and Restated By-Laws, which is presented as item (4).

VOTE REQUIRED

The presence, in person or by proxy, of the holders of at least a majority of the shares of Common Stock entitled to be cast on any matter to be acted on at the 2018 Annual Meeting is necessary to have a quorum. Once a share is represented with respect to any matter, it is deemed present for quorum purposes for the remainder of the meeting. Assuming a quorum is present, the vote required for approval of each proposal is as follows:

Election of Directors —

Plurality. Under Indiana law and our By-Laws, the three nominees who receive the greatest number of votes for election as Class III directors cast by the holders of Meritor Common Stock entitled to vote at the meeting will become directors at the conclusion of the tabulation of votes. A properly executed proxy marked “withhold” with respect to the election of one or more directors will not be voted with respect to the director or directors indicated.

Majority Vote Policy. Under the Company’s majority vote policy (as described above under the heading *Corporate Governance at Meritor – Board Composition*), any nominee for director who is elected but who receives a greater number of “withhold” votes than “for” votes in an uncontested election is required to tender his or her resignation after the certification of the election results. The Corporate Governance and Nominating Committee will consider the matter and recommend to the Board what action should be taken. The Board is required to take action and publicly disclose its decision, including the underlying rationale, within 90 days of certification of the election results.

Advisory Vote on Executive Compensation — The proposal relating to the advisory vote on executive compensation will be considered approved if more votes are cast in favor of the proposal than are cast against it. This proposal is advisory in nature, which means that it is not binding on the Board of Directors or the Compensation Committee. However, the Board of Directors and the Compensation Committee will review the voting results and take them into consideration when making future decisions regarding executive compensation.

Selection of Auditors — Under Indiana law and our By-Laws, more votes must be cast in favor of the proposal to approve the selection of auditors than are cast against it.

Amendments to Articles — Under Indiana law and our Articles, the affirmative vote of holders representing at least 80 percent of the voting power of our Common Stock is required to approve the proposed amendments to our Articles.

Abstentions and broker non-votes will have the following effects on the outcome of the proposals:

Effect of Abstentions — Under Indiana law, an abstention from voting on a matter by a shareholder present in person or represented by proxy at the meeting will not affect the outcome of the election of directors, the advisory vote on executive compensation or the proposal to approve the selection of auditors. Abstentions will have the same effect as a vote against the proposal to amend our Articles.

Effect of Broker Non-Votes — If your shares of Common Stock are held in “street name” and you do not give your broker voting instructions, your broker will have discretion to vote your shares only for the proposal to approve the selection of auditors. With respect to all other matters to be voted on at the 2018 Annual Meeting, the votes associated with shares held in “street name” for which you do not give your broker voting instructions will be considered “broker non-votes,” which means your broker will not have discretion to vote your shares on those matters. Broker non-votes will not affect the outcome of the election of directors or the advisory vote on executive compensation. Broker non-votes will have the same effect as a vote against the proposal to amend our Articles.

OTHER MATTERS

The Board of Directors does not know of any other matters that may be presented at the meeting. In the event of a vote on any matters other than those referred to in items (1), (2), (3) and (4) of the accompanying Notice of 2018 Annual Meeting of Shareholders, it is intended that properly given proxies will be voted on the additional matters in accordance with the judgment of the person or persons voting such proxies.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our officers and directors, and persons who own more than ten percent of a registered class of Meritor equity securities, to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the SEC and the New York Stock Exchange. Officers, directors and greater-than-ten percent shareholders are required by SEC regulation to furnish us with copies of all Forms 3, 4 and 5 they file.

Based solely on our review of the copies of such forms we have received and information and representations furnished by our officers and directors, we believe that all our officers, directors and greater-than-ten percent beneficial owners have filed with the SEC on a timely basis all required forms with respect to transactions in Meritor securities in fiscal year 2017, except that Mr. Plomin did not timely file one Form 4 in fiscal year 2017 reflecting one transaction.

ANNUAL REPORTS

Our Annual Report to Shareholders, including the Form 10-K and financial statements, for the fiscal year ended September 30, 2017, was either made available electronically or mailed to shareholders with this proxy statement.

EXPENSES OF SOLICITATION

Meritor will bear the cost of the solicitation of proxies. In addition to the use of the mails and use of a website to make proxy materials available electronically, proxies may be solicited personally, or by telephone, telegraph, telecopy, Internet or other means of communication by our directors, officers and employees, without additional compensation. As usual, we will also reimburse brokers and other persons holding stock in their names, or in the names of nominees, for their expenses of resending proxy materials to principals and obtaining their proxies.

SHAREHOLDER PROPOSALS FOR 2019 ANNUAL MEETING

Section 5.01 Common Stock.

(a) Five Hundred Million (500,000,000) of the Shares that the Corporation has authority to issue constitute a separate and single class of Shares designated as "Common Stock", which shall have a par value of One Dollar (\$1.00) per share and shall not be issued in series, with all shares of Common Stock having identical rights, preferences and limitations.

(b) The Common Stock shall have the following voting powers, designations, preferences and relative, participating, optional and other special rights, and qualifications, limitations or restrictions thereof:

(i) *Dividends*. Whenever the full dividends upon any outstanding Preferred Stock for all past dividend periods shall have been paid and the full dividends thereon for the then current respective dividend periods shall have been paid, or declared and a sum sufficient for the respective payments thereof set apart, the holders of shares of the Common Stock shall be entitled to receive such dividends and distributions in equal amounts per share, payable in cash or otherwise, as may be declared thereon by the Board of Directors of the Corporation (the "Board") from time to time out of assets or funds of the Corporation legally available therefor.

(ii) *Rights on Liquidation*. In the event of any liquidation, dissolution or winding-up of the Corporation, whether voluntary or involuntary, after the payment or setting apart for payment to the holders of any outstanding Preferred Stock of the full preferential amounts to which such holders are entitled as herein provided or referred to, all of the remaining assets of the Corporation shall belong to and be distributable in equal amounts per share to the holders of the Common Stock. For purposes of this Section 5.01(b)(ii), a consolidation or merger of the Corporation with any other corporation, or the sale, transfer or lease of all or substantially all its assets shall not constitute or be deemed a liquidation, dissolution or winding-up of the Corporation.

(iii) *Voting*. Subject to the rights of holders of Preferred Stock of any series, the holders of Common Stock shall have the right to cast one vote for each duly authorized, issued and outstanding share of Common Stock held by them upon each question or matter submitted generally to the Shareholders.

Section 5.02 Preferred Stock. Thirty Million (30,000,000) of the Shares that the Corporation has authority to issue constitute a separate and single class of Shares designated as "Preferred Stock", which shall be without par value, shall rank prior to and be preferred over Common Stock as to assets and dividends, and may be issued in series as follows, with all shares of Preferred Stock of the same series having identical rights, preferences and limitations:

(a) Two Million (2,000,000) shares of Preferred Stock (or such greater or lesser number as may be established pursuant to Section 6.01 of these Articles) constitute a separate and single series designated as "Series A Junior Participating Preferred Stock", which shall have the relative rights, preferences and limitations set forth in this Article 5 and in Article 6 of these Articles.

(b) The remainder of the Preferred Stock ("Other Preferred Stock") may be issued in one or more series. Subject to the rights of the holders of any then outstanding Preferred Stock, the Board is vested with authority to determine and state the designations and the relative rights (including voting rights, if any), preferences and limitations of any such series of Other Preferred Stock by the adoption and filing in accordance

with the Act, before the issuance of any Shares of such series, of an amendment or amendments to these Articles determining the terms of such series (a "Preferred Stock Amendment"). The authority of the Board with respect to each series shall include, but not be limited to, determination of the following:

- (i) the designation of the series, which may be by distinguishing number, letter or title;
- (ii) the number of shares of the series, which number the Board of Directors may thereafter (except where otherwise provided in the Preferred Stock Amendment) increase or decrease (but not below the number of shares thereof then outstanding);
- (iii) whether dividends, if any, shall be cumulative or noncumulative and the dividend rate of the series;
- (iv) the dates at which dividends, if any, shall be payable;
- (v) the redemption rights and price or prices, if any, for shares of the series;
- (vi) the terms and amount of any sinking fund provided for the purchase or redemption of shares of the series;

- (ix) restrictions on the issuance of shares of the same series or of any other class or series; and
- (x) the voting rights, if any, of the holders of shares of the series.

Except as may be provided in these Articles or in a Preferred Stock Amendment, the Common Stock shall have the exclusive right to vote for the election of directors and for all other purposes, and except as may be required by the Act, holders of Preferred Stock shall not be entitled to receive notice of any meeting of Shareholders at which they are not entitled to vote. Subject to the requirements of the Act, the number of authorized shares of Preferred Stock may be increased or decreased (but not below the number of shares thereof then outstanding) by the affirmative vote of the holders of a majority of the outstanding Common Stock.

Section 5.03 Issuance of Shares. Subject to the rights of any then outstanding Preferred Stock, the Board has authority to authorize and direct the issuance by the Corporation of Shares on such terms and conditions as it may, from time to time, determine, subject only to the restrictions, limitations, conditions and requirements imposed by the Act, other applicable laws and these Articles.

Section 5.04 Distributions Upon Shares. Subject to the rights of any then outstanding Preferred Stock, the Board has authority to authorize and direct in respect of the issued and outstanding shares of Common Stock and Preferred Stock (i) the payment of dividends and the making of other distributions by the Corporation at such times, in such amounts and forms, from such sources and upon such terms and conditions as it may, from time to time, determine, subject only to the restrictions, limitations, conditions and requirements imposed by the Act, other applicable laws and these Articles, and (ii) the making by the Corporation of Share dividends and Share splits, pro rata and without consideration, in Shares of the same class or series or in Shares of any other class or series, and without obtaining the affirmative vote or the written consent of the holders of the Shares of the class or series in respect of which the payment or distribution is to be made.

Section 5.05 Preemptive Rights. Unless otherwise determined by the Board, no holder of Shares shall, as such holder, have any right to purchase or subscribe for any Shares of any class which the Corporation may issue or sell, whether or not exchangeable for any Shares of any class or classes and whether out of unissued shares authorized by these Articles as originally filed or by any amendment thereof or out of Shares acquired by it after the issue thereof.

Section 5.06 Acquisition of Shares. Subject to the rights of any then outstanding Preferred Stock, the Board has authority to authorize and direct the acquisition by the Corporation of the issued and outstanding shares of Common Stock and Preferred Stock, in such amounts, from such persons, for such considerations, from such sources and upon such terms and conditions as it may, from time to time, determine, subject only to the restrictions, limitations, conditions and requirements imposed by the Act, other applicable laws and these Articles.

Section 5.07 Issuance of Rights, Options and Warrants. Subject to the rights of any then outstanding Preferred Stock, the Board has authority to create and to authorize and direct the issuance (on either a pro rata or a non-pro rata basis) by the Corporation of rights, options and warrants for the purchase of Shares, other securities of the Corporation, or shares or other securities of any successor in interest of the Corporation (a "Successor"), at such times, in such amounts, to such persons, for such consideration (if any), with such form and content (including without limitation the consideration for which any Shares, other securities of the Corporation, or shares or other securities of any Successor are to be issued) and upon such terms and conditions as it may, from time to time, determine, subject only to the restrictions, limitations, conditions and requirements imposed by the Act, other applicable laws and these Articles.

Section 5.08 Record Ownership of Shares. The Corporation shall be entitled to treat the holder of record (according to the books of the Corporation) of any Share or Shares (including any holder registered in a book-entry or direct registration system maintained by the Corporation or a transfer agent or a registrar designated by the Board of Directors) as the holder in fact thereof and owner for all purposes and shall not be bound to recognize any equitable or other claim to, or interest in, such Share or Shares on the part of any other person, whether or not the Corporation shall have express or other notice thereof, except as expressly provided by applicable law.

Section 5.09 Recognition Procedure for Beneficial Ownership of Shares. The Board may establish a recognition procedure, which may be included in the By-Laws of the Corporation (as the same may be amended from time to time, the "By-Laws"), by which the beneficial owner of any Share registered on the books of the Corporation in the name of a nominee is recognized by the Corporation, to the extent provided in any such recognition procedure, as the owner thereof.

Section 5.10 Disclosure Procedure for Beneficial Ownership of Shares. The Board may establish a disclosure procedure, which may be included in the By-Laws, by which the name of the beneficial owner of any Share registered on the books of the Corporation in the name of a nominee shall, to the extent not prohibited by the Act or other applicable laws, be disclosed to the Corporation. Any disclosure procedure established by the Board may include reasonable sanctions to ensure compliance therewith, including without limitation (i) prohibiting the voting of, (ii) providing for mandatory or optional reacquisition by the Corporation of, and (iii) the withholding or payment into escrow of any dividend or other distribution in respect of, any Share of which the name of the beneficial owner is not disclosed to the Corporation as required by such disclosure procedure.

Section 5.11 Liability of Shareholders. The private property of the Shareholders of the Corporation shall not be subject to the payment of corporate debts to any extent whatever.

ARTICLE 6

SERIES A JUNIOR PARTICIPATING PREFERRED STOCK

The Series A Junior Participating Preferred Stock shall have the designation and the relative rights, preferences and limitations set forth in this Article 6.

Section 6.01 Designation and Amount. The shares of such series shall be designated as "Series A Junior Participating Preferred Stock" (the "Series A Preferred Stock") and the number of shares constituting the Series A Preferred Stock shall be Two Million (2,000,000). Such number of shares may be increased or decreased by resolution of the Board; provided, that no decrease shall reduce the number of shares of Series A Preferred Stock to a number less than the number of shares then outstanding plus the number of shares reserved for issuance upon the exercise of outstanding options, rights or warrants or upon the conversion of any outstanding securities issued by the Corporation convertible into Series A Preferred Stock.

Section 6.02 Dividends and Distributions.

(a) Subject to the rights of the holders of any shares of any series of Preferred Stock (or any similar stock) ranking prior and superior to the Series A Preferred Stock with respect to dividends, the holders of shares of Series A Preferred Stock, in preference to the holders of Common Stock, and of any other junior stock of the Corporation, shall be entitled to receive, when, as and if declared by the Board out of funds legally available for the purpose, quarterly dividends payable in cash on the second Monday of March, June, September and December in each year (each such date being referred to herein as a "Quarterly Dividend Payment Date"), commencing on the first Quarterly Dividend Payment Date after the first issuance of a share or fraction of a share of Series A Preferred Stock, in an amount per share (rounded to the nearest cent) equal to the greater of (i) \$1.00 or (ii) subject to the provision for adjustment hereinafter set forth, 100 times the aggregate per share amount of all cash dividends, and 100 times the aggregate per share amount (payable in kind) of all non-cash dividends or other distributions, other than a dividend payable in shares of Common Stock or a subdivision of the outstanding shares of Common Stock (by reclassification or otherwise), declared on the Common Stock since the immediately preceding Quarterly Dividend Payment Date or, with respect to the first Quarterly Dividend Payment Date, since the first issuance of any share or fraction of a share of Series A Preferred Stock. In the event the Corporation shall at any time declare or pay any dividend on the Common Stock payable in shares of Common Stock, or effect a subdivision or combination or consolidation of the outstanding shares of Common Stock (by reclassification or otherwise than by payment of a dividend in shares of Common Stock) into a greater or lesser number of shares of Common Stock, then in each such case the amount to which holders of shares of Series A Preferred Stock were entitled immediately prior to such event under clause (ii) of the preceding sentence shall be adjusted by multiplying such amount by a fraction, the numerator of which is the number of shares of Common Stock outstanding immediately after such event and the denominator of which is the number of shares of Common Stock that were outstanding immediately prior to such event.

(b) The Corporation shall declare a dividend or distribution on the Series A Preferred Stock as provided in Section 6.02(a) immediately after it declares a dividend or distribution on the Common Stock (other than a dividend payable in shares of Common Stock); provided that, in the event no dividend or distribution shall have been declared on the Common Stock during the period between any Quarterly Dividend Payment Date and the next subsequent Quarterly Dividend Payment Date, a dividend of \$1.00 per share on the Series A Preferred Stock shall nevertheless be payable on such subsequent Quarterly Dividend Payment Date.

(c) Dividends shall begin to accrue and be cumulative on outstanding shares of Series A Preferred Stock from the Quarterly Dividend Payment Date next preceding the date of issue of such shares, unless the date of issue of such shares is prior to the record date for the first Quarterly Dividend Payment Date, in which case dividends on such shares shall begin to accrue from the date of issue of such shares, or unless the date of issue is a Quarterly Dividend Payment Date or is a date after the record date for the determination of holders of shares of Series A Preferred Stock entitled to receive a quarterly dividend and before such Quarterly Dividend Payment Date, in either of which events such dividends shall begin to accrue and be cumulative from such Quarterly Dividend Payment Date. Accrued but unpaid dividends shall not bear interest. Dividends paid on the shares of Series A Preferred Stock in an amount less than the total amount of such dividends at the time accrued and payable on such shares shall be allocated pro rata on a share-by-share basis among all such shares at the time outstanding. The Board of Directors may fix a record date for the determination of holders of shares of Series A Preferred Stock entitled to receive payment of a dividend or distribution declared thereon, which record date shall be not more than 60 days prior to the date fixed for the payment thereof.

Section 6.03 Voting Rights. The holders of shares of Series A Preferred Stock shall have the following voting rights:

(a) Subject to the provision for adjustment hereinafter set forth, each share of Series A Preferred Stock shall entitle the holder thereof to 100 votes on all matters submitted to a vote of the Shareholders of the Corporation. In the event the Corporation shall at any time declare or pay any dividend on the Common Stock payable in shares of Common Stock, or effect a subdivision or combination or consolidation of the outstanding shares of Common Stock (by reclassification or otherwise than by payment of a dividend in shares of Common Stock) into a greater or lesser number of shares of Common Stock, then in each such case the number of votes per share to which holders of shares of Series A Preferred Stock were entitled immediately prior to such event

shall be adjusted by multiplying such number by a fraction, the numerator of which is the number of shares of Common Stock outstanding immediately after such event and the denominator of which is the number of shares of Common Stock that were outstanding immediately prior to such event.

(b) Except as otherwise provided herein, in any other Preferred Stock Amendment creating a series of Preferred Stock or any similar stock, or by law, the holders of shares of Series A Preferred Stock and the holders of shares of Common Stock and any other capital stock of the Corporation having general voting rights shall vote together as one class on all matters submitted to a vote of Shareholders of the Corporation.

(c) Except as set forth herein, or as otherwise provided by law, holders of Series A Preferred Stock shall have no special voting rights and their consent shall not be required (except to the extent they are entitled to vote with holders of Common Stock as set forth herein) for taking any corporate action.

Section 6.04 Certain Restrictions.

(a) Whenever quarterly dividends or other dividends or distributions payable on the Series A Preferred Stock as provided in Section 6.02 are in arrears, thereafter and until all accrued and unpaid dividends and distributions, whether or not declared, on shares of Series A Preferred Stock outstanding shall have been paid in full, the Corporation shall not:

(i) declare or pay dividends, or make any other distributions, on any shares of stock ranking junior (either as to dividends or upon liquidation, dissolution or winding up) to the Series A Preferred Stock;

(ii) declare or pay dividends, or make any other distributions, on any shares of stock ranking on a parity (either as to dividends or upon liquidation, dissolution or winding up) with the Series A Preferred Stock, except dividends paid ratably on the Series A Preferred Stock and all such parity stock on which dividends are payable or in arrears in proportion to the total amounts to which the holders of all such shares are then entitled;

(iii) redeem or purchase or otherwise acquire for consideration shares of any stock ranking junior (either as to dividends or upon liquidation, dissolution or winding up) to the Series A Preferred Stock, provided that the Corporation may at any time redeem, purchase or otherwise acquire shares of any such junior stock in exchange for shares of any stock of the Corporation ranking junior (either as to dividends or upon dissolution, liquidation or winding up) to the Series A Preferred Stock; or

(iv) redeem or purchase or otherwise acquire for consideration any shares of Series A Preferred Stock, or any shares of stock ranking on a parity with the Series A Preferred Stock, except in accordance with a purchase offer made in writing or by publication (as determined by the Board of Directors) to all holders of such shares upon such terms as the Board of Directors, after consideration of the respective annual dividend rates and other relative rights and preferences of the respective series and classes, shall determine in good faith will result in fair and equitable treatment among the respective series or classes.

(b) The Corporation shall not permit any subsidiary of the Corporation to purchase or otherwise acquire for consideration any shares of stock of the Corporation unless the Corporation could, under Section 6.04(a)(iii), purchase or otherwise acquire such shares at such time and in such manner.

Section 6.05 Reacquired Shares. Any shares of Series A Preferred Stock purchased or otherwise acquired by the Corporation in any manner whatsoever shall be retired and cancelled promptly after the acquisition thereof. All such shares shall upon their cancellation become authorized but unissued shares of Preferred Stock and may be reissued as part of a new series of Preferred Stock subject to the conditions and restrictions on issuance set forth in these Articles, or in any Preferred Stock Amendment creating a series of Preferred Stock or any similar stock or as otherwise required by law.

Section 6.06 Liquidation, Dissolution or Winding Up. Upon any liquidation, dissolution or winding up of the Corporation, no distribution shall be made (a) to the holders of shares of stock ranking junior (either as to dividends or upon liquidation, dissolution or winding up) to the Series A Preferred Stock unless, prior thereto, the holders of shares of Series A Preferred Stock shall have received \$100 per share, plus an amount equal to accrued and unpaid dividends and distributions thereon, whether or not declared, to the date of such payment, provided that the holders of shares of

Series A Preferred Stock shall be entitled to receive an aggregate amount per share, subject to the provision for adjustment hereinafter set forth, equal to 100 times the aggregate amount to be distributed per share to holders of shares of Common Stock, or (b) to the holders of shares of stock ranking on a parity (either as to dividends or upon liquidation, dissolution or winding up) with the Series A Preferred Stock, except distributions made ratably on the Series A Preferred Stock and all such parity stock in proportion to the total amounts to which the holders of all such shares are entitled upon such liquidation, dissolution or winding up. In the event the Corporation shall at any time declare or pay any dividend on the Common Stock payable in shares of Common Stock, or effect a subdivision or combination or consolidation of the outstanding shares of Common Stock (by reclassification or otherwise than by payment of a dividend in shares of Common Stock) into a greater or lesser number of shares of Common Stock, then in each such case the aggregate amount to which holders of shares of Series A Preferred Stock were entitled immediately prior to such event under the proviso in clause (a) of the preceding sentence shall be adjusted by multiplying such amount by a fraction the numerator of which is the number of shares of Common Stock outstanding immediately after such event and the denominator of which is the number of shares of Common Stock that were outstanding immediately prior to such event.

Section 6.07 Consolidation, Merger, etc. In case the Corporation shall enter into any consolidation, merger, combination or other transaction in which the shares of Common Stock are exchanged for or changed into other stock or securities, cash and or any other property, then in any such case each share of Series A Preferred Stock shall at the same time be similarly exchanged or changed into an amount per share, subject to the provision for adjustment hereinafter set forth, equal to 100 times the aggregate amount of stock, securities, cash and/or any other property (payable in kind), as the case may be into which or for which each share of Common Stock is changed or exchanged. In the event the Corporation shall at any time declare or pay any dividend on the Common Stock payable in shares of Common Stock, or effect a subdivision or combination or consolidation of the outstanding shares of Common Stock (by reclassification or otherwise than by payment of a dividend in shares of Common Stock) into a greater or lesser number of shares of Common Stock, then in each such case the amount set forth in the preceding sentence with respect to the exchange or change of shares of Series A Preferred Stock shall be adjusted by multiplying such amount by a fraction, the numerator of which is the number of shares of Common Stock outstanding immediately after such event and the denominator of which is the number of shares of Common Stock that were outstanding immediately prior to such event.

Section 6.08 No Redemption. The shares of Series A Preferred Stock shall not be redeemable.

Section 6.09 Rank. The Series A Preferred Stock shall rank, with respect to the payment of dividends and the distribution of assets, junior to all series of any other class of the Corporation's Preferred Stock.

Section 6.10 Amendment. These Articles shall not be amended in any manner which would materially alter or change the powers, preferences or special rights of the Series A Preferred Stock so as to affect them adversely without the affirmative vote of the holders of at least two-thirds of the outstanding shares of Series A Preferred Stock, voting together as a single class.

ARTICLE 7

DIRECTORS, BY-LAWS AND ARTICLES OF INCORPORATION

Section 7.01 Number of Directors. The number of Directors of the Corporation shall be fixed from time to time by the Board pursuant to a resolution adopted by a majority of the whole Board, provided that such number shall not be less than three (3). A director need not be a Shareholder. The election of directors need not be by ballot unless the By-Laws so require.

Section 7.02 Classified Board.

(a) The Directors, other than those who may be elected by the holders of any series of Preferred Stock or any other series or class of Shares, as provided in these Articles or in any Preferred Stock Amendment, shall be divided, with respect to the time for which they severally hold office, into three classes, each class being as nearly equal in number as possible. Members of each class shall hold office until their successors are duly elected and qualified. At each annual meeting of Shareholders, Directors elected to succeed those Directors

whose terms then expire shall be elected for a term of office to expire at the third succeeding annual meeting of Shareholders after their election, with each Director to hold office until his or her successor shall have been duly elected and qualified.

(b) Subject to the rights of the holders of any series of Preferred Stock, and unless the Board otherwise determines, newly created directorships resulting from any increase in the authorized number of Directors or any vacancies on the Board resulting from death, resignation, retirement, disqualification, removal from office or other cause may be filled only by a majority vote of the Directors then in office, though less than a quorum, and Directors so chosen shall hold office for a term expiring at the annual meeting of Shareholders at which the term of office of the class to which they have been elected expires and until such Director's successor shall have been duly elected and qualified. No decrease in the number of authorized Directors constituting the whole Board shall shorten the term of any incumbent Director.

Section 7.03 Removal for Cause. Subject to the rights of the holders of any series of Preferred Stock or any other series or class of Shares, as provided in these Articles or in any Preferred Stock Amendment, to elect additional Directors under specific circumstances, no Director of the Corporation shall be removed from his or her office as a Director by vote or other action of Shareholders or otherwise except for cause and in no event without the affirmative vote of at least 80 percent of the voting power of the Shares of the Corporation then entitled to vote at an election of Directors (the "Voting Shares"), voting together as a single class.

Section 7.04 By-Laws. Except as otherwise expressly provided in these Articles or the Act, the By-Laws of the Corporation may from time to time be altered, amended or repealed, or new By-Laws may be adopted, by either (a) the Board of Directors by the affirmative vote of a majority of the total number of Directors at the time, or (b) the affirmative vote, at a meeting of the shareholders of the Corporation, of the holders of at least a majority of the voting power of the Voting Shares, voting together as a single class.

Section 7.05 Articles of Incorporation. From time to time any of the provisions of these Articles may be amended, altered or repealed, and other provisions authorized by the statutes of the State of Indiana at the time in force may be added or inserted in the manner at the time prescribed by said statutes, and all rights at any time conferred upon the Shareholders of the Corporation by its Articles of Incorporation are granted subject to the provisions of this Section 7.05. Notwithstanding anything contained in these Articles to the contrary, none of Article 7, Article 9 or the last sentence of Section 8.01 may be amended or repealed, and no provision inconsistent with this Article 7, Article 9 or the last sentence of Section 8.01 may be adopted, except by the affirmative vote of the holders of at least 80 percent of the voting power of the Voting Shares, voting together as a single class.

ARTICLE 8

PROVISIONS FOR REGULATIONS OF BUSINESS AND CONDUCT OF AFFAIRS OF CORPORATION

Section 8.01 Meetings of Shareholders. Meetings of the Shareholders shall be held at such place, within or without the State of Indiana, as may be provided in the By-Laws or in the respective notices, or waivers of notice, thereof. In the absence of any such provision, all Shareholders' meetings shall be held at the principal office of the Corporation. Special meetings of the Shareholders for any purpose or purposes shall be called only by the Board pursuant to a resolution adopted by a majority of the total number of Directors which the Corporation would have if there were no vacancies.

Section 8.02 Action by Directors. Meetings of the Board or any committee of the Board (a "Committee") shall be held at such place, within or without the State of Indiana, as may be specified in the By-Laws or in the respective notices, or waivers of notice, thereof and shall be conducted in such manner as may be specified in the By-Laws or permitted by the Act. Any action required or permitted to be taken at any meeting of the Board or a Committee may be taken without a meeting if a consent in writing setting forth the action so taken is signed by all members of the Board or such Committee, and such written consent is filed with the minutes of the proceedings of the Board or such Committee.

Section 8.03 Board Committees. Unless the By-Laws otherwise provide, the Board may, by resolution adopted by a majority of the whole Board of Directors, designate from among its members one or more Committees, each of which shall, to the extent provided in the resolution or By-Laws and not prohibited by the Act and other applicable laws, have and exercise all of the authority of the Board in the management of the Corporation.

Section 8.04 Places of Keeping of Corporate Records. The Corporation shall keep at its principal office a copy of (i) these Articles, and all amendments thereto currently in effect; (ii) the By-Laws, and all amendments thereto currently in effect; (iii) minutes of all meetings of the Shareholders ("Shareholders Minutes") for the prior three years; (iv) all written communications by the Corporation to the Shareholders, including the financial statements furnished by the Corporation to the Shareholders for the prior three years; (v) a list of the names and business addresses of the current Directors and the current officers of the Corporation ("Officers"); and (vi) the most recent Annual Report of the Corporation as filed with the Secretary of State of Indiana. The Corporation shall also keep and maintain at its principal office, or at such other place or places within or without the State of Indiana as may be provided, from time to time, in the By-Laws, (i) minutes of all meetings of the Board and of each Committee, and records of all actions taken by the Board and by each Committee without a meeting; (ii) appropriate accounting records of the Corporation; (iii) a record of the Shareholders in a form that permits preparation of a list of the names and addresses of all the Shareholders, in alphabetical order by class of Shares, stating the number and class of Shares held by each Shareholder; and (iv) Shareholders Minutes for periods preceding the prior three years. All of the records of the Corporation described in this Section 8.04 (collectively, the "Corporate Records") shall be maintained in written form or in another form capable of conversion into written form within a reasonable time.

Section 8.05 Limitation of Liability of Directors, Officers and Others.

(a) No Director, member of any Committee, member of another committee appointed by the Board (an "Appointed Committee"), Officer, employee or agent of the Corporation (collectively, "Corporate Person") shall be liable for any loss or damage suffered on account of any action taken or omitted to be taken by such Corporate Person if, in taking or omitting to take any action causing such loss or damage, either (i) such Corporate Person acted (A) in good faith, (B) with the care an ordinarily prudent person in a like position would have exercised under similar circumstances, and (C) in a manner such Corporate Person reasonably believed was in the best interests of the Corporation, or (ii) such Corporate Person's breach of or failure to act in accordance with the standards of conduct set forth in clause (i) above (the "Standards of Conduct") did not constitute willful misconduct or recklessness.

(b) Any Corporate Person shall be fully protected, and shall be deemed to have complied with the Standards of Conduct, in relying in good faith, with respect to any information contained therein, upon (i) the Corporate Records, or (ii) information, opinions, reports or statements (including financial statements and other financial data) prepared or presented by (A) one or more other Corporate Persons whom such Corporate Person reasonably believes to be competent in the matters presented, (B) legal counsel, public accountants or other persons as to matters that such Corporate Person reasonably believes are within such person's professional or expert competence, (C) a Committee or an Appointed Committee, of which such Corporate Person is not a member, if such Corporate Person reasonably believes such Committee or Appointed Committee merits confidence, or (D) the Board, if such Corporate Person is not a Director and reasonably believes that the Board merits confidence.

(c) No repeal or modification of this Section 8.05, directly or by adoption of an inconsistent provision of these Articles, by the Shareholders of the Corporation shall be effective with respect to any cause of action, suit, claim or other matter that, but for this Section 8.05, would accrue or arise prior to such repeal or modification.

Section 8.06 Indemnification of Directors, Officers and Others. To the extent permitted by the Act and the By-Laws, the Corporation may:

(a) indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil or criminal, administrative or investigative, formal or informal (an "Action"), by reason of the fact that such person is or was a Corporate Person, or is or was serving at the request of the Corporation as a director, officer, employee, agent, partner, trustee or member or in another authorized capacity (collectively, an "Authorized Capacity") of or for another corporation, unincorporated

association, business trust, estate, partnership, trust, joint venture, individual or other legal entity, whether or not organized or formed for profit (collectively, "Another Entity"), against expenses (including attorneys' fees) ("Expenses") and judgments, penalties, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such Action;

(b) pay, in advance of the final disposition of an Action, the Expenses reasonably incurred in defending such action by a person who may be entitled to indemnification by the Corporation; and

(c) purchase and maintain insurance on behalf of any person who is or was a Corporate Person, or is or was serving at the request of the Corporation in an Authorized Capacity of or for Another Entity, against any liability asserted against and incurred by such person in any such capacity, or arising out of such person's status as such, whether or not the Corporation would have the power to indemnify such person against such liability.

The indemnification and advance of Expenses authorized by this Section 8.06 shall (i) not be deemed exclusive of any other rights to which a person may be entitled under any law, any resolution of the Board or the Shareholders, any other authorization, whenever adopted, after notice, by a majority vote of all then outstanding Shares entitled to vote generally in the election of Directors, or the articles of incorporation, by-laws or other governing documents, or any resolution of or other authorization by the directors, shareholders, partners, trustees, members, owners or governing body, of Another Entity; (ii) inure to the benefit of the heirs, executors and administrators of such person; and (iii) continue as to any such person who has ceased to be a Corporate Person or to be serving in an Authorized Capacity of or for Another Entity.

Section 8.07 Compensation of Directors. The Board is hereby specifically authorized, in and by the By-Laws, or by resolution duly adopted by the Board, to make provision for reasonable compensation to its members for their services as Directors, and to fix the basis and conditions upon which such compensation shall be paid. Any Director may also serve the Corporation in any other capacity and receive compensation therefor in any form.

Section 8.08 Direction of Purposes and Exercise of Powers by Directors. The Board, subject to any specific limitations or restrictions imposed by the Act or these Articles, shall direct the carrying out of the purposes and exercise the powers of the Corporation, without previous authorization or subsequent approval by the Shareholders.

ARTICLE 9

SHAREHOLDER VOTE REQUIRED FOR BUSINESS COMBINATIONS

Section 9.01 Higher Vote for Business Combinations. In addition to any affirmative vote required by law, these Articles or the By-Laws of the Corporation, and except as otherwise expressly provided in Section 9.02, a Business Combination (as hereinafter defined) shall not be consummated without the affirmative vote of the holders of at least 80 percent of the Voting Shares, voting together as a single class. Such affirmative vote shall be required notwithstanding the fact that no vote may be required, or that a lesser percentage or separate class vote may be specified, by law or in any agreement with any national securities exchange or otherwise.

Section 9.02 When Higher Vote Is Not Required. The provisions of Section 9.01 shall not be applicable to a Business Combination if the conditions specified in either of the following paragraphs (a) or (b) are met.

(a) Approval by Continuing Directors. The Business Combination shall have been approved by at least two-thirds of the Continuing Directors (as hereinafter defined), whether such approval is made prior to or subsequent to the date on which the Interested Shareholder (as hereinafter defined) became an Interested Shareholder (the "Determination Date").

(b) Price and Procedure Requirements. Each of the seven conditions specified in the following subparagraphs (i) through (vii) shall have been met:

(i) The aggregate amount of the cash and the Fair Market Value (as hereinafter defined) as of the date of the consummation of the Business Combination (the "Consummation Date") of any consideration other than cash to be received per share by holders of Common Stock in such Business Combination shall be an amount at least equal to the higher amount determined under clauses (A) and

(B) below (the requirements of this paragraph (b)(i) shall be applicable with respect to all shares of Common Stock outstanding, whether or not the Interested Shareholder has previously acquired any shares of the Common Stock): (A) the highest per share price (including any brokerage commissions, transfer taxes and soliciting dealers' fees) paid by or on behalf of the Interested Shareholder for any shares of Common Stock acquired beneficially by it (1) within the two-year period immediately prior to the first public announcement of the proposal of the Business Combination (the "Announcement Date") or (2) in the transaction in which it became an Interested Shareholder, whichever is higher, plus interest compounded annually from the Determination Date through the Consummation Date at the prime rate of interest of Morgan Guaranty Trust Company of New York (or of such other major bank headquartered in New York City selected by at least two-thirds of the Continuing Directors) from time to time in effect in New York City, less the aggregate amount of any cash dividends paid, and the Fair Market Value of any dividends paid in other than cash, per share of Common Stock from the Determination Date through the Consummation Date in an amount up to but not exceeding the amount of such interest payable per share of Common Stock; and (B) the Fair Market Value per share of Common Stock on the Announcement Date or on the Determination Date, whichever is higher.

(ii) The aggregate amount of the cash and the Fair Market Value as of the Consummation Date of any consideration other than cash to be received per share by holders of outstanding Shares of any class or series, other than the Common Stock, in such Business Combination shall be an amount at least equal to the highest amount determined under clauses (A), (B) and (C) below (the requirements of this paragraph (b)(ii) shall be applicable with respect to all outstanding Shares of every class or series, other than the Common Stock, whether or not the Interested Shareholder has previously acquired any Shares of a particular class or series):

(A) the highest per share price (including any brokerage commissions, transfer taxes and soliciting dealers' fees) paid by or on behalf of the Interested Shareholder for any Shares of such class or series acquired beneficially by it (1) within the two-year period immediately prior to the Announcement Date or (2) in the transaction in which it became an Interested Shareholder, whichever is higher, plus interest compounded annually from the Determination Date through the Consummation Date at the prime rate of interest of Morgan Guaranty Trust Company of New York (or of such other major bank headquartered in New York City selected by at least two-thirds of the Continuing Directors) from time to time in effect in New York City, less the aggregate amount of any cash dividends paid, and the Fair Market Value of any dividends paid in other than cash, per share of such class or series of Shares from the Determination Date through the Consummation Date in an amount up to but not exceeding the amount of such interest payable per share of such class or series of Shares; and

(B) the Fair Market Value per share of such class or series of Shares on the Announcement Date or on the Determination Date, whichever is higher; and

(C) the highest preferential amount per share to which the holders of Shares of such class or series would be entitled in the event of any voluntary or involuntary liquidation, dissolution or winding up of the affairs of the Corporation, regardless of whether the Business Combination to be consummated constitutes such an event.

(iii) The consideration to be received by holders of a particular class or series of outstanding Shares (including Common Stock) shall be in cash or in the same form as previously has been paid by or on behalf of the Interested Shareholder in its direct or indirect acquisition of beneficial ownership of Shares of such class or series. If the consideration so paid for Shares of any class or series varied as to form, the form of consideration for such class or series of Shares shall be either cash or the form used to acquire beneficial ownership of the largest number of Shares of such class or series previously acquired by the Interested Shareholder.

(iv) After such Interested Shareholder has become an Interested Shareholder and prior to the consummation of such Business Combination, such Interested Shareholder shall not have become the beneficial owner of any additional Shares except as part of the transaction that results in such Interested Shareholder becoming an Interested Shareholder and except in a transaction that, after giving effect

thereto, would not result in any increase in the Interested Shareholder's percentage beneficial ownership of any class or series of Shares; and, except as approved by at least two-thirds of the Continuing Directors: (A) there shall have been no failure to declare and pay at the regular date therefor any full quarterly dividends (whether or not cumulative) payable in accordance with the terms of any outstanding Shares; (B) there shall have been no reduction in the annual rate of dividends paid on the Common Stock (except as necessary to reflect any stock split, stock dividend or subdivision of the Common Stock); and (C) there shall have been an increase in the annual rate of dividends paid on the Common Stock as necessary to reflect any reclassification (including any reverse stock split), recapitalization, reorganization or any similar transaction which has the effect of reducing the number of outstanding shares of Common Stock.

(v) After such Interested Shareholder has become an Interested Shareholder, such Interested Shareholder shall not have received the benefit, directly or indirectly (except proportionately as a Shareholder of the Corporation), of any loans, advances, guarantees, pledges or other financial assistance or any tax credits or other tax advantages provided by the Corporation, whether in anticipation of or in connection with such Business Combination or otherwise.

(vi) A proxy or information statement describing the proposed Business Combination and complying with the requirements of the Securities Exchange Act of 1934 and the rules and regulations thereunder (or any subsequent provisions replacing such Act, rules or regulations) shall be mailed to all Shareholders of the Corporation at least 30 days prior to the consummation of such Business Combination (whether or not such proxy or information statement is required to be mailed pursuant to such Act or subsequent provisions). The proxy or information statement shall contain on the first page thereof, in a prominent place, any statement as to the advisability of the Business Combination that the Continuing Directors, or any of them, may choose to make and, if deemed advisable by at least two-thirds of the Continuing Directors, the opinion of an investment banking firm selected for and on behalf of the Corporation by at least two-thirds of the Continuing Directors as to the fairness of the terms of the Business Combination from a financial point of view to the holders of the outstanding Shares other than the Interested Shareholder and its Affiliates or Associates (as hereinafter defined).

(vii) Such Interested Shareholder shall not have made any material change in the Corporation's business or equity capital structure without the approval of at least two-thirds of the Continuing Directors.

Any Business Combination to which Section 9.01 shall not apply by reason of this Section 9.02 shall require only such affirmative vote as is required by law, any other provision of these Articles, the By-Laws of the Corporation or any agreement with any national securities exchange.

Section 9.03 Certain Definitions. For the purposes of this Article 9:

(a) A "Business Combination" shall mean:

(i) any merger or consolidation of the Corporation or any Subsidiary (as hereinafter defined) with (A) any Interested Shareholder or (B) any other corporation (whether or not itself an Interested Shareholder) which is, or after such merger or consolidation would be, an Affiliate or Associate of an Interested Shareholder; or

(ii) any sale, lease, exchange, mortgage, pledge, transfer or other disposition (in one transaction or a series of transactions) to or with any Interested Shareholder or any Affiliate or Associate of any Interested Shareholder involving any assets or securities of the Corporation, any Subsidiary or any Interested Shareholder or any Affiliate or Associate of any Interested Shareholder having an aggregate Fair Market Value of \$25,000,000 or more; or

(iii) the adoption of any plan or proposal for the liquidation or dissolution of the Corporation proposed by or on behalf of an Interested Shareholder or any Affiliate or Associate of any Interested Shareholder; or

(iv) any reclassification of securities (including any reverse stock split), or recapitalization of the Corporation, or any merger or consolidation of the Corporation with any of its Subsidiaries or any other transaction (whether or not with or into or otherwise involving an Interested Shareholder) that has

Edgar Filing: CHANNELADVISOR CORP - Form SC 13G/A

(v) any agreement, contract, arrangement or other understanding providing for any one or more of the actions specified in clauses (i) through (iv) above.

(b) A “person” shall mean any individual, firm, corporation or other entity and shall include any group composed of any person and any other person with whom such person or any Affiliate or Associate of such person has any agreement, arrangement or understanding, directly or indirectly, for the purpose of acquiring, holding, voting or disposing of Shares.

(c) “Interested Shareholder” shall mean any person (other than the Corporation or any Subsidiary and other than any profit-sharing, employee stock ownership or other employee benefit plan of the Corporation, any Subsidiary or any trustee of or fiduciary with respect to any such plan when acting in such capacity) who or which:

(i) is the beneficial owner of Voting Shares having 10 percent or more of the votes entitled to be cast by the holders of all then outstanding Voting Shares; or

(ii) is an Affiliate or Associate of the Corporation and at any time within the two-year period immediately prior to the date in question was the beneficial owner of Voting Shares having 10 percent or more of the votes entitled to be cast by the holders of all then outstanding Voting Shares; or

provided, however, that neither Meritor Automotive, Inc. nor Arvin Industries, Inc. shall be deemed an Interested Shareholder as a result of any ownership of Shares or otherwise prior to the mergers of such corporations with and into the Corporation.

(d) A person shall be a “beneficial owner” of any Shares:

(i) which such person or any Affiliate or Associate of such person beneficially owns, directly or indirectly; or

(ii) which such person or any Affiliate or Associate of such person has, directly or indirectly, (A) the right to acquire (whether such right is exercisable immediately or only after the passage of time), pursuant to any agreement, arrangement or understanding or upon the exercise of conversion rights, exchange rights, warrants or options, or otherwise, or (B) the right to vote pursuant to any agreement, arrangement or understanding; or

(iii) which are beneficially owned, directly or indirectly, by any other person with which such person or any Affiliate or Associate of such person has any agreement, arrangement or understanding for the purpose of acquiring, holding, voting or disposing of any Shares.

(e) For the purposes of determining whether a person is an Interested Shareholder pursuant to Section 9.03(c), the number of Shares deemed to be outstanding shall include shares deemed owned by the Interested Shareholder through application of Section 9.03(d) but shall not include any other Shares that may be issuable pursuant to any agreement, arrangement or understanding, or upon exercise of conversion rights, warrants or options, or otherwise.

(f) “Affiliate” and “Associate” shall have the respective meanings ascribed to such terms in Rule 12b-2 of the General Rules and Regulations under the Securities Exchange Act of 1934, as in effect on July 7, 2000 (the term “registrant” in such Rule 12b-2 meaning in this case the Corporation).

(g) “Subsidiary” means any corporation of which a majority of any class of equity security is beneficially owned by the Corporation; provided, however, that for the purposes of the definition of Interested Shareholder set forth in Section 9.03(c), the term “Subsidiary” shall mean only a corporation of which a majority of each class of equity security is beneficially owned by the Corporation.

(h) “Continuing Director” means any member of the Board who is not an Affiliate or Associate or representative of the Interested Shareholder and was a member of the Board prior to the time that the Interested Shareholder became an Interested Shareholder, and any successor of a Continuing Director who is not an Affiliate or Associate or representative of the Interested Shareholder and is recommended or elected to succeed a Continuing Director by at least two-thirds of the Continuing Directors then members of the Board.

(i) “Fair Market Value” means: (i) in the case of cash, the amount of such cash; (ii) in the case of stock, the highest closing sale price during the 30-day period immediately preceding the date in question of a share of such stock on the Composite Tape for New York Stock Exchange-Listed Stocks, or, if such stock is not quoted on the Composite Tape, on the New York Stock Exchange, or, if such stock is not listed on such Exchange, on the principal United States securities exchange registered under the Securities Exchange Act of 1934 on which such stock is listed, or, if such stock is not listed on any such exchange, the highest closing bid quotation with respect to a share of such stock during the 30-day period immediately preceding the date in question on the National Association of Securities Dealers, Inc. Automated Quotations System or any system then in use, or if no such quotations are available, the fair market value on the date in question of a share of such stock as determined in good faith by at least two-thirds of the Continuing Directors; and (iii) in the case of property other than cash or stock, the fair market value of such property on the date in question as determined in good faith by at least two-thirds of the Continuing Directors.

(j) In the event of any Business Combination in which the Corporation survives, the phrase “consideration other than cash to be received” as used in Sections 9.02(b)(i) and (ii) shall include the shares of Common Stock and/or the shares of any other class or series of Shares retained by the holders of such shares.

Section 9.04 Powers of Continuing Directors.
