PROXY STATEMENT

GENERAL INFORMATION

General

This Proxy Statement (first mailed to stockholders on or about May 9, 2016) is furnished to the holders of common stock, par value \$.01 per share (“Common Stock”), of G-III Apparel Group, Ltd. (“G-III”) in connection with the solicitation by our Board of Directors of proxies for use at the Annual Meeting of Stockholders (the “Annual Meeting”), or at any adjournment thereof, pursuant to the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held on Thursday, June 16, 2016, at 10:00 a.m., New York time, at the offices of Norton Rose Fulbright US LLP, 666 Fifth Avenue, New York, New York 10103.

It is proposed that at the Annual Meeting: we (i) elect eleven directors to serve on our Board of Directors for the ensuing year, (ii) hold an advisory and non-binding vote on the compensation of our named executive officers and (iii) ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending January 31, 2017.

Management currently is not aware of any other matters that will come before the Annual Meeting. If any other matters properly come before the Annual Meeting, the persons designated as proxies intend to vote in accordance with their best judgment on such matters. Proxies for use at the Annual Meeting are being solicited by our Board of Directors. Proxies will be solicited chiefly by mail; however, certain of our officers, directors, employees and agents, none of whom will receive additional compensation therefor, may solicit proxies by telephone or other personal contact. We will bear the cost of the solicitation of the proxies, including postage, printing and handling, and will reimburse the reasonable expenses of brokerage firms and others for forwarding material to beneficial owners of shares of Common Stock.

Revocability and Voting of Proxy

A form of proxy for use at the Annual Meeting and a return envelope for the proxy are enclosed. Stockholders may revoke the authority granted by their execution of a proxy at any time prior to the effective exercise of the powers conferred by that proxy, by filing with the Secretary of G-III a written notice of revocation or a duly executed proxy bearing a later date, or by voting in person at the Annual Meeting.

Shares of Common Stock represented by executed and unrevoked proxies will be voted in accordance with the instructions specified in such proxies. If no specifications are given, the proxies intend to vote the shares represented thereby “for” the election of each of the eleven nominees for director as shown on the form of proxy, “for” approval of the compensation of our named executive officers, and “for” the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending January 31, 2017 and in accordance with their best judgment on any other matters which may properly come before the meeting.

Stock Split

On April 1, 2015, our Board of Directors declared a two-for-one stock split in the form of a 100% stock dividend effective for stockholders of record on April 20, 2015 that was distributed on May 1, 2015. All share and per share amounts in this Proxy Statement have been retroactively adjusted to reflect this stock split.

Record Date and Voting Rights

On April 25, 2016, there were 45,564,167 shares of Common Stock outstanding (excluding shares held in treasury). Each of these shares is entitled to one vote upon each of the matters to be presented at the Annual Meeting. Only stockholders of record at the close of business on April 25, 2016 are entitled to notice of and to vote at the Annual Meeting or any adjournment thereof.

The quorum requirement for holding the Annual Meeting and transacting business is a majority of the outstanding shares entitled to be voted at the Annual Meeting. The shares may be present in person or represented by proxy at the Annual Meeting. Abstentions and broker non-votes are counted as present for the purpose of determining the presence of a quorum.

A “broker non-vote” occurs when shares held by a broker, bank, or other nominee in “street name” for a beneficial owner are not voted with respect to a particular proposal because the broker, bank, or other nominee (1) has not received voting instructions from the beneficial owner and (2) lacks discretionary voting power to vote those shares with respect to that particular proposal. Under current New York Stock Exchange rules, brokers have discretionary voting power with respect to the proposal to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending January 31, 2017, but do not have discretionary voting power with respect to the proposals to elect our eleven nominees for director or, approve on an advisory basis, the compensation of our named executive officers, unless you provide voting instructions to your broker.

The affirmative vote of the holders of a plurality of the shares of Common Stock present in person or represented by proxy and entitled to vote at the Annual Meeting is required for the election of directors. The eleven nominees receiving the highest number of affirmative votes of the shares present in person or represented by proxy and entitled to vote for them shall be elected as directors.

The affirmative vote of the holders of a majority of the shares of Common Stock present in person or represented by proxy and entitled to vote at the Annual Meeting is required to decide the other matters to be voted on at the Annual Meeting.

You may vote “FOR” or “VOTE WITHHELD” with respect to each or all of the director nominees. If you elect not to vote on the election of directors, this will not have any effect on the election of directors. In tabulating the voting results for the election of directors, only “FOR” and “VOTE WITHHELD” votes are counted.

You may vote “FOR,” “AGAINST,” or “ABSTAIN” with respect to the proposal to approve, on an advisory basis, the compensation of our named executive officers and the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm. If you elect to abstain from voting on any of these proposals, the abstention will have the same effect as an “AGAINST” vote with respect to such proposal.

If you sign and return your accompanying proxy card without giving specific voting instructions, your shares will be voted as recommended by our Board and in accordance with the discretion of the persons named on the accompanying proxy card with respect to any other matters to be voted upon at the Annual Meeting. If you are a beneficial holder and do not return a voting instruction form, your broker may not vote on any of the matters to be presented at the Annual Meeting.

PROXY SUMMARY

About G-III

Since our IPO in 1989, G-III has transformed from a small, exclusively leather apparel manufacturer with net sales of \$98.8 million and net income of \$5.9 million into the large diversified apparel and retail company we are today, with net sales of \$2.34 billion and net income of \$114.3 million in our fiscal year ended January 31, 2016 (“fiscal 2016”), both of which were records for us. This transformation is due to the strategic vision, flexibility, ingenuity, management skills and strong personal relationships maintained by our entire leadership team, under the guidance of Morris Goldfarb, our Chairman, Chief Executive Officer and President. We view our management team as critical to our development and essential to our continued success in the future. The apparel business is a challenging one, and many of our early competitors did not survive, underscoring the importance of the long-term vision and execution of Mr. Goldfarb. We believe that Mr. Goldfarb is viewed by our customers, suppliers, business partners, investors and other stakeholders as providing strong leadership for our company in the marketplace and in our industry. In light of the stockholder returns attributable to Mr. Goldfarb’s vision and the execution by our management team, we have included a brief description of our business and financial and stock market performance below.

G-III today capitalizes on the following competitive strengths to expand our position as an all-season diversified apparel company:

- **Broad portfolio of recognized brands.** We have built a broad and deep portfolio of over 40 licensed and proprietary brands. We believe we are a licensee of choice for well-known brands, as demonstrated by our partnerships with such brands as Calvin Klein, Tommy Hilfiger, Karl Lagerfeld, Guess?, Kenneth Cole, Cole Haan, Dockers and Levi’s, that have built a loyal following of both fashion-conscious consumers and retailers who desire high quality, well designed products. We have a robust team sports business that includes licenses with the National Football League, National Basketball Association, Major League Baseball, National Hockey League, Touch by Alyssa Milano, Hands High and over 100 U.S. colleges and universities. In addition to our fashion and sports licensed brands, we own several successful proprietary brands, including Vilebrequin, Bass, G.H. Bass, Weejuns, Andrew Marc, Marc New York, Eliza J, Jessica Howard and Black Rivet. In an environment of rapidly changing consumer fashion trends, we benefit from a balanced mix of well-established and newer brands;

- **Diversified distribution base.** We market our products on an omni-channel basis selling through department stores, specialty stores, membership clubs and e-commerce and at multiple price points, allowing us to provide products to a broad range of consumers. Our products are sold to approximately 2,800 customers, including a cross section of retailers such as Macy’s, Bloomingdale’s, Nordstrom, Lord & Taylor, Dillard’s, The Bon-Ton Stores, Saks Fifth Avenue and JC Penney, as well as membership clubs such as Costco and Sam’s Club. Our Wilsons Leather retail stores provide an additional distribution network for our products. We distribute our Vilebrequin products through a network of company owned and franchised specialty retail stores and shops, as well as through select wholesale distribution, and distribute our Bass and G.H. Bass products through our Bass outlet stores and through licensees;

- **Superior design, sourcing and quality control.** Our in-house design and merchandising teams design substantially all of our licensed, proprietary and private label products. We have a network of worldwide suppliers that allows us to negotiate competitive terms without relying on any single vendor. In addition, we employ a quality control team and a sourcing group in China to ensure the quality of our products. Our acquisition of Vilebrequin added experienced design capability and additional sourcing resources; and

- **Significant growth.** Our annual net sales have grown from \$324 million in our fiscal year ended January 31, 2006 to \$2.34 billion in our fiscal year ended January 31, 2016. Our growth is the result of execution by our management team and strategic acquisitions such as the acquisition of the G.H. Bass & Co. business in November 2013. Continued growth is expected to be supported by the formation of a joint venture pursuant to which we acquired a 49%

ownership interest in the entity that holds brand rights to the Karl Lagerfeld trademarks for consumer products (with

3

certain exceptions) and apparel in the United States, Mexico and Canada, the addition of numerous new license agreements such as license agreements for Tommy Hilfiger womenswear and women's dresses and Karl Lagerfeld women's apparel, women's handbags and men's outerwear and the expansion and diversification of our product categories and channels of distribution.

We believe that our current position of leadership within the industry is in large part due to the involvement of Mr. Goldfarb and the rest of our management team in our business. G-III has continuously evolved over the years.

- We were one of the first companies in the industry to identify the importance of overseas production and were instrumental in the technological developments which further reduced manufacturing costs. We were also among the first to license nationally recognized brands for a variety of classifications. G-III has been transformed from an exclusively leather, mostly private label manufacturer of outerwear, to a diversified provider of differentiated apparel products.

- Under Mr. Goldfarb's leadership, we were also quick to recognize the importance of licensing major names as a way to better serve the markets in which we compete. Towards this end, we have built a strong portfolio of licensed brands including:

- Licenses with Calvin Klein, Tommy Hilfiger, Karl Lagerfeld, Guess?, Kenneth Cole, Cole Haan, Dockers and Levi's, among others;

- Team logo wear for the NFL, MLB, NHL, NBA and over 100 U.S. college and university teams, as well as for Hands High, a new licensed sports apparel line inspired by Tonight Show host, Jimmy Fallon; and

- Significantly expanding our licenses with Tommy Hilfiger and establishing a relationship with the Karl Lagerfeld brand.

- Our management team also recognized the importance of owning our own proprietary brands, which led to acquisitions such as Andrew Marc, Vilebrequin and G.H. Bass & Co., as well as our joint venture with Karl Lagerfeld. These acquisitions have given us greater control over the design, manufacture and distribution of our products.

- To diversify our revenue stream and mitigate the seasonality of the outerwear business, we have continuously expanded our product line:

- Since the creation of our dress business in 2006, we have evolved into one of the largest dress manufacturers in the United States.

- From our outerwear base, we began producing women's sportswear, women's suits, women's performance wear and swimwear, in addition to dresses.

- As a result of our acquisition of the G.H. Bass & Co. business in 2013, we now produce footwear, including the iconic original penny loafer, known as "Weejuns."

- Beyond apparel, we also produce women's handbags, footwear, small leather goods, cold weather accessories and luggage.

- Our management recognized the growing importance of the status goods market, which culminated in our purchase of Vilebrequin in 2012. Our acquisition of Vilebrequin gave us a foothold in the high-margin, status market, and we are executing a strategic plan to grow the brand into a men's and women's lifestyle brand with an expanded retail presence and revamped web sites. Vilebrequin sells its products in 81 company owned stores and 65 franchised stores, as well as through select specialty and department stores.

- Following our identification of the importance of leveraging retail distribution as a way to mitigate risks associated with design and product decisions, move excess inventory and serve as a testing ground for new product designs, we acquired and successfully integrated the Wilson's Leather retail outlets. In November 2013, we acquired G.H. Bass & Co. and added their chain of outlet stores to our portfolio. As of January 31, 2016, we operated 199 Wilsons stores, 163 G.H. Bass stores, and 5 Calvin Klein Performance stores.

Furthermore, we believe the leadership provided by Mr. Goldfarb and the rest of our management team has been instrumental in ensuring that G-III is well-managed and well-positioned for the long-term, which has contributed to our ability to deliver strong results to our stockholders.

- We have successfully recruited and retained a strong team of seasoned managers. Our ability to minimize turnover, particularly within our senior ranks, has provided our company with continuity and a long-term perspective.

- We have built an in-house design and merchandising team which designs substantially all of our licensed, proprietary and private label products. We believe that this creative design team, coupled with our sourcing expertise, gives us an advantage in product development. These factors are important differentiators from our competition, and we believe we have developed a significant customer following and positive reputation in the industry as a result of our design capabilities, sourcing expertise, on-time delivery and high standards of quality control.

- Our broad distribution platform and ability to adapt quickly to changes in the retail environment through our internal design, sourcing and manufacturing capabilities, have made us an important resource for our retail partners, which we believe has enhanced our standing as a licensee and supplier of choice.

- We are prudently financed. In August 2012, concurrent with our acquisition of Vilebrequin, we entered into a secured credit agreement with a group of lenders led by JPMorgan Chase Bank. The credit agreement is a five year senior secured credit facility providing for borrowings in the aggregate principal amount of up to \$450,000,000 through August 2017. This credit agreement and cash generated from operations allowed us to finance the acquisitions of Vilebrequin and G.H. Bass & Co. In June 2014, we further enhanced our balance sheet through a public offering of our Common Stock that resulted in the receipt of net proceeds of \$128.7 million. We believe that cash on hand and from operations, together with funds available from our credit agreement, are sufficient to meet our expected operating and capital expenditure requirements.

Our Program is Responsive to Stockholder Feedback and Aligned with Best Practices

Our Compensation Committee, with the assistance of Steven Hall & Partners, a nationally recognized independent compensation consultancy, has worked hard to ensure that our compensation and corporate governance programs support our short and long-term strategic objectives, are responsive to concerns raised by our stockholders and are reflective of best practices.

We have been responsive to prior feedback from our stockholders and stockholder advisory firms.

Where possible, we have modified the design of our executive compensation program so that it conforms with broadly accepted best practices and is responsive to the views of our shareholders. Today our program:

- Is strongly aligned with corporate performance. The substantial majority of the total compensation opportunity for our executive officers is incentive-based and can be earned only upon the achievement of corporate and, for certain of our Named Executive Officers, individual performance objectives. Incentive-based compensation (annual bonus incentive and long-term equity incentive) constituted 94.1% of the compensation paid to Morris Goldfarb and 95.3% of the compensation paid to Sammy Aaron in the fiscal year ended January 31, 2016;

- Incorporates increased pre-tax income performance thresholds which must be met prior to payment of an annual cash incentive award to Morris Goldfarb and Sammy Aaron and includes an annual cap on the amounts which they can earn pursuant to their annual incentive awards; and

Requires achievement of two separate performance metrics in order to earn our performance-based long-term equity incentive awards.

5

We also have in place a number of corporate governance programs that demonstrate our commitment to our stockholders:

- An Executive Incentive Compensation Recoupment Policy, or “clawback policy,” for executive officers;
- An Anti-Hedging and Anti-Pledging Policy;
- Stock Ownership Guidelines for executive officers and directors; and
- An explicit prohibition of repricing options and SARs.

Our Pay Program is Aligned with Stockholder Performance

Our compensation program is designed to ensure that the interests of our executive officers are aligned with those of our stockholders and, accordingly, the substantial majority of compensation paid to our executive officers each year is based solely on the achievement of performance which we believe enhances the value of our stock. Our compensation program is designed to enhance stockholder value in the following ways:

- The substantial majority of compensation paid to our executives is variable and aligned with the short and long-term performance of G-III;
- Our annual incentive compensation structure is oriented towards bottom-line results, fosters an entrepreneurial environment and empowers management with the flexibility to quickly make decisions which are responsive to ever-changing market conditions, a hallmark of our business;
- Our long-term incentive program aligns the interests of executive officers with those of our stockholders through the use of performance-vested restricted shares that are earned only upon the achievement of two separate performance metrics and satisfaction of time-vesting conditions; and
- We offer a competitive compensation program which enables us to attract and retain highly qualified managerial and executive talent necessary to achieve our objectives.

Over the last 15 years, we have delivered significant returns to our stockholders.

We have delivered exceptional returns to our stockholders over the past fifteen years. During this period from February 1, 2001 through January 31, 2016, our stock price has increased 2,037%, significantly out-performing the 44% increase in the S&P 500 and the 345% increase in the S&P Textiles, Apparel & Luxury Goods Industry Index over the same period.

6

Under the leadership of Morris Goldfarb, our Chairman, Chief Executive Officer and President, and a dedicated team of other executive officers, G-III has delivered consistently high performance in total stockholder return and growth in revenues, net income and market capitalization, demonstrating both our long-term orientation as well as our commitment to delivering top tier long-term results to stockholders, particularly with respect to total stockholder return.

Note: All financial numbers sourced from Bloomberg to ensure comparability with peers. In instances where a peer company's historical data is not available, the peer company is excluded from the comparison. Net income for fiscal 2015 included Other income from non-operating items in the amount of \$9.6 million, net of taxes. Excluding this Other income in fiscal 2015, G-III's one-year net income growth would have been in the 60th percentile.

During Fiscal 2016, we delivered strong financial results and significant returns to our stockholders.

Business highlights include:

•

We grew sales by 10.7% to \$2.34 billion, a record for us;

•

We increased net income to \$114.3 million, up 3.6% from the prior year, a record for us;

•

We increased operating income by 11.9% to \$184.5 million, also a record for us;

- We acquired a 49% interest in a joint venture that holds brand rights to the Karl Lagerfeld trademarks for consumer products (with certain exceptions) and apparel in the United States, Canada and Mexico. We are also the first licensee of the joint venture, having been granted a license for women's apparel, women's handbags, women's shoes, and men's outerwear; and

7

- We expanded our relationship with Tommy Hilfiger through a new license agreement for Tommy Hilfiger womenswear in the United States and Canada, which includes women’s sportswear, suit separates, performance and denim. These categories are in addition to our existing licenses for Tommy Hilfiger dresses, men’s and women’s outerwear and luggage. We believe Tommy Hilfiger is an iconic American brand. We intend to leverage our market expertise to help build sales of Tommy Hilfiger women’s apparel.

How Fiscal 2016 Performance Impacted Chief Executive Officer Compensation

Granted Versus Realized Pay in Fiscal 2016 — Our Pay For Performance Philosophy in Action

Because our long-term incentive compensation is based on the achievement of two separate pre-determined performance metrics, as well as satisfaction of time-vesting periods, executives have not yet realized any value from the awards made in fiscal 2015 or 2016.

Based on the information in this “Proxy Summary,” as well as the more detailed information contained in “Compensation Discussion and Analysis,” our Board and our Compensation Committee strongly believe that our stockholders should vote “FOR” Proposal No. 2 — Advisory Vote on Compensation of our Named Executive Officers, commonly known as the “say on pay” proposal.

CORPORATE GOVERNANCE

The Board of Directors has determined that Thomas Brosig, Alan Feller, Laura Pomerantz, Allen Sirkin, Willem van Bokhorst, Cheryl Vitali and Richard White are independent directors. The independent directors constitute a majority of the Board of Directors. In making its determination regarding the independence of the directors, the Board relied upon information provided by each of the directors and noted that each independent director meets the standards for independence set out in NASDAQ Listing Rule 5605(a)(2) and under the applicable rules and regulations of the Securities and Exchange Commission, and that there is no material business relationship between G-III and any independent director, including any business entity with which any independent director is affiliated.

The Board of Directors held five meetings during the fiscal year ended January 31, 2016. In addition, the Board of Directors acted by unanimous consent once during the fiscal year ended January 31, 2016. During the fiscal year ended January 31, 2016, each director attended all meetings of the Board of Directors and meetings of committees of the Board on which he or she served during the time period in which he or she served. We do not have a formal policy regarding attendance by members of the Board of Directors at annual stockholders meetings. Six of our eleven directors attended the 2015 Annual Meeting of Stockholders.

Our Board of Directors has an Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee. Each member of our Audit, Compensation and Nominating and Corporate Governance Committees has been determined by the Board of Directors to be “independent” within the meaning of NASDAQ Listing Rule 5605(a)(2). Each member of the Audit Committee is “independent” within the meaning of NASDAQ Listing Rule 5605(c)(2)(A) and under the applicable rules and regulations of the Securities and Exchange Commission regarding the independence of audit committee members. Each member of the Compensation Committee is “independent” within the meaning of NASDAQ Listing Rule 5605(d)(2)(A).

Audit Committee

The Audit Committee, composed of Alan Feller, Willem van Bokhorst and Richard White, is responsible for, among other things, assisting the Board in monitoring (i) the integrity of our financial statements, (ii) the qualifications and independence of our independent auditors, (iii) the performance of our internal audit function and independent auditors, and (iv) the compliance by us with legal and regulatory requirements. Mr. Feller is the Chairman of the Audit Committee. The Board has determined that each of Messrs. Feller and White is an audit committee financial expert as such term is defined in the rules of the Securities and Exchange Commission. The Audit Committee met eight times during the fiscal year ended January 31, 2016. A copy of the Audit Committee’s charter is available in the “Investor Relations” section of our website at <http://www.giii.com>.

Compensation Committee

The Compensation Committee discharges the responsibilities of the Board relating to compensation of G-III’s directors and executive officers. The Committee has overall responsibility for approving and evaluating director and executive officer compensation plans, policies and programs of G-III, including establishing and monitoring the basic philosophy and policies governing the compensation of G-III’s directors and officers. The Compensation Committee, composed of Laura Pomerantz, Allen Sirkin, Willem van Bokhorst and Richard White, is responsible for reviewing and discussing with management, and recommending to the Board the inclusion of, the Compensation Discussion and Analysis in our annual Proxy Statement. Mr. White is the Chairman of the Compensation Committee.

Specific duties and responsibilities of the Committee include, but are not limited to: (i) reviewing and approving the corporate goals and objectives relevant to the compensation of our executive officers and evaluating their performance in light of those corporate goals and objectives; (ii) recommending the compensation of our executive officers, giving consideration to the results of our most recent “say-on-pay” vote; (iii) reviewing and recommending adoption, amendment and termination of employment agreements and severance arrangements or plans for our executive officers; (iv) reviewing and recommending changes to director compensation; (v) reviewing and recommending adoption, amendment and termination of

incentive compensation plans, equity-based plans and other compensation and benefit plans for directors or officers, giving consideration to the results of our most recent “say-on-pay” vote in considering plans for executive officers; (vi) administering G-III’s stock-based compensation, incentive and benefit plans; and (vii) administering, interpreting and carrying out our Stock Ownership Guidelines for directors and executive officers and Executive Incentive Compensation Recoupment Policy for executive officers.

The Compensation Committee also may form and delegate authority to any subcommittee comprised solely of its members who are independent so long as such formation and delegation are in compliance with applicable law and the NASDAQ Listing Rules.

The Compensation Committee met four times and acted by unanimous consent four times during the year ended January 31, 2016. A copy of the Compensation Committee’s charter is available in the “Investor Relations” section of our website at <http://www.giii.com>.

Compensation Committee Interlocks and Insider Participation

During the year ended January 31, 2016, Laura Pomerantz, Allen Sirkin, Willem van Bokhorst and Richard White served on our Compensation Committee. None of the members of the Compensation Committee (i) has ever been an officer or employee of ours or (ii) had any relationship requiring disclosure by us under Item 404 of Regulation S-K. None of our executive officers have served on the board or compensation committee (or other committee serving as equivalent function) of any other entity, where an executive officer of the other entity served on our Board of Directors or Compensation Committee.

Nominating and Corporate Governance Committee and Nominations Process

The Nominating and Corporate Governance Committee, composed of Thomas Brosig, Cheryl Vitali and Richard White, (a) assists the Board in its selection of individuals (i) as nominees for election to the Board at G-III’s next annual meeting of the stockholders or (ii) to fill any vacancies or newly created directorships on the Board and (b) developing and maintaining G-III’s corporate governance policies, and any related matters required by the federal securities laws. Mr. Brosig is the Chairman of the Nominating and Corporate Governance Committee. The Committee met twice during the fiscal year ended January 31, 2016. The Nominating and Corporate Governance Committee met to review the performance and the experience, qualifications, attributes and skills of the members of the Board and recommended to our Board the persons to be nominated for election as directors at the Annual Meeting. A copy of the Nominating and Corporate Governance Committee’s charter is available in the “Investor Relations” section of our website at <http://www.giii.com>.

It is the policy of the Nominating and Corporate Governance Committee to consider candidates for Board membership suggested by Nominating and Corporate Governance Committee members and other Board members, management, our stockholders, third-party search firms and any other appropriate sources. As a stockholder, you may recommend any person for consideration as a nominee for director by writing to the Secretary of G-III, c/o G-III Apparel Group, Ltd., 512 Seventh Avenue, New York, New York 10018. Recommendations must be received by March 20, 2017 to be considered for the 2017 Annual Meeting of Stockholders. Recommendations must include the name and address of the stockholder making the recommendation, a representation setting forth the number of shares of our Common Stock beneficially owned by the recommending stockholder, a statement that the recommended nominee has expressed his or her intent to serve on the Board if elected, biographical information about the recommended nominee, any other information the stockholder believes would be helpful to the Nominating and Corporate Governance Committee in evaluating the individual recommended nominee and a description of all arrangements or understandings between the recommending stockholder and each nominee and any other person concerning the nomination.

In evaluating candidates, the Nominating and Corporate Governance Committee considers the following criteria: personal integrity, sound business judgment, business and professional skills and experience, independence (as that term is defined under the rules of the Securities and Exchange Commission and the NASDAQ Listing Rules), the requirement to maintain a Board that is composed of a majority of independent directors, potential conflicts of interest, the extent to which a candidate would fill

a present need, and concern for the long term interests of stockholders. In any particular situation, the Nominating and Corporate Governance Committee may focus on persons possessing a particular background, experience or qualifications which the Committee believes would be important to enhance the effectiveness of the Board.

The Nominating and Corporate Governance Committee does not have a formal policy with respect to considering diversity in identifying director nominees. The Board and the Nominating and Corporate Governance Committee believe it is important that the Board members represent diverse viewpoints and a variety of skills so that, as a group, the Board will possess the appropriate talent, skills and expertise to oversee our business. The evaluation process for stockholder recommendations is the same as for candidates recommended from any other source. The needs of the Board and the factors that the Nominating and Corporate Governance Committee consider in evaluating candidates are reassessed on an annual basis, when the committee's charter is reviewed.

Stockholder Communications

The Board of Directors has provided a process for stockholders to send communications to the Board. Stockholders who wish to send communications to the Board of Directors, or any particular director, should address such communications to the Board or such director c/o G-III Apparel Group, Ltd., 512 Seventh Avenue, New York, New York 10018, Attn: Secretary. All such communications should include a representation from the submitting stockholder setting forth the stockholder's address and the number of shares of our Common Stock beneficially owned by the stockholder. The Board will give appropriate attention to written communications on issues that are submitted by stockholders and will respond as appropriate. Absent unusual circumstances, the Secretary of G-III will (i) be primarily responsible for monitoring communications from stockholders and (ii) provide copies or summaries of such communications to the Board, the Lead Independent Director (who serves as a non-management resource for stockholders seeking to communicate with our Board) or the director to whom such communication is addressed, as the Secretary considers appropriate. Each stockholder communication will be forwarded to all directors, the Lead Independent Director or the director to whom it is addressed, if it relates to a substantive matter and includes suggestions or comments that the Secretary considers to be important for the directors, or director, to know. In general, stockholder communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than stockholder communications relating to personal grievances and matters as to which we may receive repetitive or duplicative communications.

Additionally, G-III's by-laws set forth "advance notice" requirements for stockholders' meetings consistent with the purpose of establishing an orderly process for stockholders seeking to nominate directors or propose business at stockholder meetings. The advance notice provisions in the by-laws require stockholders to deliver notice to G-III of their intention to make director nominations or bring other business before the meeting not later than the close of business on the 90th day, nor earlier than the close of business on the 120th day, in advance of the anniversary of the previous year's annual meeting if the meeting is to be held on a day which is not more than 30 days in advance of the anniversary of the previous year's annual meeting or not later than 70 days after the anniversary of the previous year's annual meeting. The advance notice provisions of the by-laws prescribe information that the stockholder's notice must contain, both as to itself and its proposed director nominee, if the stockholder wishes to nominate a candidate for the annual meeting director election, prescribe information that the stockholder's notice must contain if the stockholder wishes to bring business other than a director nomination before the annual meeting, and set forth rules and procedures relating to special meetings of stockholders.

Risk Oversight

The risk oversight function of our Board of Directors is carried out by both the Board and the Audit Committee. The Audit Committee meets periodically with management and our internal audit department to discuss our major financial and operating risks and the steps, guidelines and policies management and our internal audit team have taken to monitor and control exposures to risk, including G-III's risk assessment and risk management policies. Matters of strategic risk are considered by the Board as a whole. In addition, our internal disclosure committee reviews with management the "risk factors" that appear in our Annual Report on Form 10-K prior to its filing with the SEC, as well as prior to the filing of our Quarterly Reports on Form 10-Q.

The Board encourages management to promote a corporate culture that incorporates risk management into our corporate strategy and day-to-day business operations. The Board continually works, with input from our executive officers, to assess and analyze the most likely areas of future risk for us and our business.

Leadership Structure of the Board

The Board of Directors believes that Morris Goldfarb's service in the dual roles of Chairman of the Board and Chief Executive Officer and President is in our best interest, as well as the best interest of our stockholders. Mr. Goldfarb is the director most familiar with our business and industry and possesses detailed and in-depth knowledge of the issues, opportunities and challenges facing us and our business. Thus, he is in the best position to develop agendas and plans that ensure that the Board's time and attention are focused on the most critical matters. We believe that Mr. Goldfarb is viewed by our customers, suppliers, business partners, investors and other stakeholders as providing strong leadership for our company in the marketplace and in our industry. This approach is often utilized by other public companies in the United States and we believe it has been effective for our company as well.

Although the Board believes that the combination of the Chairman of the Board and Chief Executive Officer roles is appropriate for us in the current circumstances, our Board does not have a specific policy as to whether or not these roles should be combined or separated.

In order to promote independent leadership on our Board and help ensure that the Board operates in a cohesive manner, the Board has established the position of Lead Independent Director and elected Richard White as the Lead Independent Director. The responsibilities of the Lead Independent Director include: (i) advising the Chairman of the Board on Board meeting agendas and materials sent to the Board; (ii) serving as a liaison between non-management directors and the Chairman of the Board; (iii) calling and presiding over executive sessions of the non-management directors; (iv) presiding over Board meetings in the absence of the Chairman of the Board; (v) serving as a non-management resource for stockholders and other external constituencies seeking to communicate with our Board; (vi) oversight of the Board's annual assessment of the performance of our Chairman, Chief Executive Officer and President; and (vii) oversight of the Board's annual self-assessment of its own performance, along with the Chairman of the Nominating and Corporate Governance Committee.

Additional Corporate Governance Policies

We also maintain the following corporate governance policies:

Code of Ethics and Whistleblower Policy

All of our employees and employees of our subsidiaries ("Company Personnel"), officers and directors must adhere to our Code of Ethics. It codifies those standards that we believe are reasonably designed to deter wrong-doing and to promote, among other things, adherence to the following principles: (i) honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships; (ii) full, fair, accurate, timely and understandable disclosure in reports and documents that we file with, or submit to, the Securities and Exchange Commission and in other public communications made by G-III; (iii) compliance with applicable governmental laws, rules and regulations; (iv) the prompt internal reporting of violations of the Code of Ethics; and (v) accountability for adherence to the Code of Ethics. The Whistleblower Policy protects all of our Company Personnel, officers and directors if they raise concerns regarding G-III, such as concerns regarding incorrect financial reporting including questionable accounting, internal controls or auditing matters; unlawful activities; activities that are not in line with G-III policies, including the Code of Ethics; or activities which otherwise amount to serious improper conduct. A copy of each of the Code of Ethics and Whistleblower Policy is available in the "Investor Relations" section of our website at <http://www.giii.com>.

Insider Trading, Hedging and Pledging Policy

The Insider Trading, Hedging and Pledging Policy applies to all of our Company Personnel, directors and officers, and prohibits trading or causing trading of our securities while the applicable person is in possession of material non-public information. The Insider Trading, Hedging and Pledging Policy prohibits

directors, executive officers and other Company Personnel specified by us, from time, to time from trading in G-III securities during our established blackout periods, except (i) pursuant to Board-approved written trading plans adopted in accordance with Rule 10b5-1 under the Exchange Act, at least 30 days prior to any trade, (ii) stock option exercises for cash with no associated open market transaction and (iii) the surrender of shares to us or the retention and withholding of shares by us in satisfaction of tax withholding obligations with respect to stock-settled incentive compensation awards with no associated open market transaction. The Insider Trading, Hedging and Pledging Policy also prohibits Company Personnel from entering into hedging transactions with respect to our securities, pledging our securities as collateral for a loan or holding our securities in a margin account. The Board may, in limited circumstances, permit a share pledge by a director or executive officer after giving consideration to the number of shares to be pledged as a percentage of his or her total shares held and G-III's total shares outstanding. In fiscal 2016, the Board granted such an exception to Morris Goldfarb, permitting him to pledge up to 400,000 shares from time to time. Mr. Goldfarb has not pledged any of his shares. For additional information with respect to this exception, please see “— Other Compensation and Governance Programs, Policies and Considerations — Anti Pledging Policy” under “Compensation Discussion and Analysis” in this Proxy Statement. A copy of the Insider Trading, Hedging and Pledging Policy is available in the “Investor Relations” section of our website at <http://www.giii.com>.

Stock Ownership Guidelines

The Stock Ownership Guidelines require that (i) our Chief Executive Officer retain G-III shares valued at six times his annual base salary; (ii) our Vice Chairman retain G-III shares valued at two times his annual base salary; (iii) our other executive officers and our directors who are also employed by us retain G-III shares valued at one time their respective annual base salaries; and (iv) each of our non-employee directors retain G-III shares valued at five times his or her annual cash retainer. Until these share ownership levels are achieved, our executive officers and directors are required to retain 50% of any net, after-tax, shares received upon exercise or vesting of our equity grants. A copy of the Stock Ownership Guidelines is available in the “Investor Relations” section of our website at <http://www.giii.com>.

Executive Compensation Recoupment Policy

Pursuant to the Executive Compensation Recoupment Policy, or “Clawback Policy,” in the event that we are required to restate our financial statements for any financial year commencing with the fiscal year ended January 31, 2014, other than as a result of a change in generally accepted accounting principles or their interpretation, the Compensation Committee may, in its discretion, recoup incentive compensation paid to individuals who were executive officers within one year prior to the restatement. The incentive compensation subject to recoupment will consist of performance-based bonuses (including bonuses paid pursuant to employment agreements) and long-term incentive awards or equity grants, to the extent that such bonuses, awards or grants were predicated upon achievement of financial results that are subsequently restated. A copy of the Executive Compensation Recoupment Policy is available in the “Investor Relations” section of our website at <http://www.giii.com>.

COMPENSATION DISCUSSION AND ANALYSIS

The following discussion describes how we use different elements of compensation to achieve the objectives of our executive compensation program and how we determined the amounts of each component of compensation paid to our named executive officers for the fiscal year ended January 31, 2016. (Reference to fiscal years in this Proxy Statement refers to the year ended January 31 of that year.) This information should be reviewed in conjunction with the data and associated narrative provided in the Fiscal 2016 Summary Compensation Table, Fiscal 2016 Grants of Plan-Based Awards Table and other tables that follow. For fiscal 2016, the following individuals were our Named Executive Officers:

- Morris Goldfarb, Chairman of the Board, Chief Executive Officer and President;
- Neal S. Nackman, Chief Financial Officer and Treasurer;
- Sammy Aaron, Vice Chairman; and
- Wayne S. Miller, Chief Operating Officer and Secretary.

When discussing performance metrics for cash bonus awards, we make reference to our income before income taxes (pre-tax income). Unless otherwise defined, pre-tax income means the net income of G-III and its subsidiaries, as reported in the consolidated financial statements of G-III audited by G-III's independent registered public accounting firm, plus the sum of (i) the income taxes set forth in such financial statements and (ii) the amount of bonuses payable to our Named Executive Officers, provided that pre-tax income shall be determined without regard to any extraordinary item, as such term is used in generally accepted accounting principles.

Our Performance

Our Long-Term Performance

We have delivered exceptional returns to our stockholders over the past fifteen years. During this period from February 1, 2001 through January 31, 2016, our stock price has increased 2,037%, significantly out-performing the 44% increase in the S&P 500 and the 345% increase in the S&P Textiles, Apparel & Luxury Goods Industry Index over the same period.

Over this same 15 year period, under the leadership of Morris Goldfarb, our Chairman, Chief Executive Officer and President, and a dedicated team of executive officers, G-III has delivered consistently high performance in total stockholder return and growth in revenues, net income, and market capitalization when compared to our competitors, demonstrating both our long-term orientation as well as our commitment to delivering top tier long-term results to stockholders, particularly with respect to total stockholder return.

Net income for fiscal 2015 included Other income from non-operating items in the amount of \$9.6 million, net of taxes. Excluding this Other income in fiscal 2015, G-III's one-year net income growth would have been in the 60th percentile.

Fiscal 2016 Business Highlights

In fiscal 2016, we again delivered strong financial results. Business highlights included:

•

We grew sales by 10.7% to \$2.34 billion, a record for us;

•

We increased net income to \$114.3 million, up 3.6% from the prior year, a record for us;

•

We increased operating income by 11.9% to \$184.5 million, also a record for us;

- We acquired a 49% interest in a joint venture that holds brand rights to the Karl Lagerfeld trademarks for consumer products (with certain exceptions) and apparel in the United States, Canada and Mexico. We are also the first licensee of the joint venture, having been granted a license for women's apparel, women's handbags, women's shoes, and men's outerwear; and

- We expanded our relationship with Tommy Hilfiger through a new license agreement for Tommy Hilfiger womenswear in the United States and Canada, which includes women's sportswear, suit separates, performance and denim. These categories are in addition to our existing licenses for Tommy Hilfiger dresses, men's and women's outerwear and luggage. We believe Tommy Hilfiger is an iconic American brand. We intend to leverage our market expertise to help build sales of Tommy Hilfiger women's apparel.

How Pay is Tied to Company Performance

Our Compensation Philosophy

Our compensation program is designed to enhance stockholder value in the following ways:

- The majority of compensation paid to our executives is variable and aligned with the short and long-term performance of G-III;

- Our annual incentive compensation structure is oriented towards bottom-line results, fosters an entrepreneurial environment and empowers management with the flexibility to quickly make decisions that are responsive to ever-changing market conditions, a hallmark of our business;

- Our long-term incentive program aligns the interests of executive officers with those of our stockholders through the use of performance-vested restricted shares that are earned upon the achievement of two separate performance metrics and satisfaction of time-vesting conditions; and

- We offer a competitive compensation program that enables us to attract and retain the highly qualified managerial and executive talent necessary to achieve our objectives.

How Our Business Impacts Our Compensation Program Design

We operate in a highly volatile and competitive industry, and our compensation program is designed to support and reward the behaviors that result in the best returns for our stockholders.

Key Business Conditions

Our business is volatile and impacted by fashion trends and weather conditions that can be difficult to predict at the outset of a performance period. The design, production and marketing of apparel require long lead times that must be successfully managed by our executive team.

Structure of Our Compensation Program

- We have a strong performance-oriented culture, designed to motivate executives to make strategic decisions and execute these objectives in a manner that drives performance.
- Our annual incentive program is oriented towards bottom-line results, rather than interim performance metrics, so as to empower our executives with the flexibility to quickly make decisions that are responsive to ever-changing market conditions.

- Our long-term incentive program is designed to pay out only upon the achievement of two separate performance hurdles and satisfaction of time-vesting conditions, ensuring that our executives do not make short-term decisions that are detrimental to the long-term interests of our stockholders.

Key Business Conditions

Strong relationships with our customers and suppliers are essential, since both can serve as competitors. The personal relationships maintained by our Chairman, Chief Executive Officer and President and our other executive officers are critical to the successful execution of our business.

Preserving long-term relationships with customers can result in business decisions (such as accepting returns of unsold items) that may be detrimental to G-III in the short-term.

Our lack of significant pricing leverage due to labor and raw material constraints drive focus on execution to ensure profitability.

Many of our competitors are private, and offer competitive compensation packages that are entirely cash-based.

Structure of Our Compensation Program

We have an employment contract with our Chairman, Chief Executive Officer and President, which secures his services until January 31, 2019.

Our compensation program has a mix of short and long-term performance elements, and is focused on metrics such as pre-tax income or net income per share and stock price that allow our executives to balance short-term considerations with the long-term interests of our stockholders.

By focusing our short-term incentive program on pre-tax income, we empower our executives to make decisions over the course of the year, which serve the best interests of our stockholders.

While we provide meaningful annual compensation opportunities that are paid in cash, we also recognize the importance of long-term incentive compensation, particularly with respect to the benefits it provides in terms of alignment with stockholder interests and employee retention, and provide meaningful performance-vested long-term incentive compensation opportunities to our executive management.

Our Compensation Program Is Reflective of Best Practices

Our compensation program incorporates the following compensation governance practices that we believe are beneficial to our stockholders:

- We pay for performance. The substantial majority of the total compensation opportunity for our executive officers is incentive-based and can be earned only upon the achievement of corporate and, for certain of our Named Executive Officers, individual performance objectives.

- We establish performance goals on a short and long-term basis. Our incentive compensation is earned over several different and overlapping short and long-term performance periods, ensuring that performance during any one period is not maximized at the expense of other performance periods.

- We have stock ownership guidelines for our executive officers and directors. Until these guidelines are achieved, executive officers and directors are required to hold 50% of net, after tax, shares received upon exercise or vesting of our equity grants. An exception may be granted, in certain limited instances, at the discretion of our Compensation Committee; no such exception was granted in fiscal 2016.

- We have a policy prohibiting our directors and all employees, including our executives, from hedging our shares. None of our executives has hedged any of our shares.

- We have a policy prohibiting our directors and all employees, including our executives, from pledging our shares. An exception may be granted, in certain limited instances, at the discretion of our Board of Directors. In

fiscal 2016, the Board granted such an exception to Morris Goldfarb, permitting him to pledge up to 400,000 shares from time to time. Mr. Goldfarb has not pledged any of his shares. For additional information with respect to this exception, please see “— Other Compensation and Governance Programs, Policies and Considerations — Anti Pledging Policy” in this Proxy Statement.

- Our incentive compensation awards are subject to clawback. For any fiscal year commencing with fiscal 2014, the Compensation Committee may recoup incentive compensation paid to executive officers predicated at least in part upon the achievement of financial results which are subsequently restated.

- We do not provide tax gross-ups for any reason.

- We do not provide aggressive change in control benefits.

- Our compensation program mitigates undue risk. Our Compensation Committee incorporates considerations of risk into its deliberations of our executive compensation program. The Committee believes that G-III's compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on G-III.

What We Pay and Why — Elements of Our Compensation Program

Our Pay Mix is Heavily Weighted Towards Incentive-Based Compensation

Our compensation program is comprised of three elements: base salary, annual incentives and long-term incentives. We weight incentive compensation more heavily than fixed compensation to motivate our executives to achieve results that will enhance stockholder value over the long-term. We balance short-term and long-term incentive pay so that our executives are rewarded for both financial and stock price performance, and to balance competitive pressures to deliver cash-based compensation with our belief that equity compensation is essential to align the interests of our executives with those of our stockholders and provides meaningful incentives for our executives to remain with G-III. The following charts illustrate the percentage of compensation for our Chief Executive Officer and our other Named Executive Officers with respect to fiscal 2016 represented by base salary, annual incentives and long-term incentives.

Base Salary

Base salaries provide a competitive rate of fixed pay and help us to attract and retain executives needed to manage our business for the benefit of our stockholders. The Compensation Committee determines base salaries following a consideration of the factors listed below:

- Breadth, scope and complexity of the role;

- Skills and experience required for the role;

- Tenure in position;
- Individual performance; and
- Competitive labor market for the position.

21

We make periodic adjustments to base salaries to reflect:

- Merit increases in instances where individual performance, responsibilities and experience warrant such an adjustment;
- Promotions or significant changes in the scope of the position; and
- Market adjustments to reflect the competitive labor market.

With the exceptions of adjustments to the salary of our Chairman, Chief Executive Officer and President, salary adjustments are usually considered at the suggestion of our Chairman, Chief Executive Officer and President, and are subject to the discretion of the Compensation Committee.

No adjustments to the base salaries of our Named Executive Officers were made in fiscal 2016.

Annual Incentives

Our annual incentive program is designed to reward annual performance, which we believe contributes to the long-term performance of G-III and the enhancement of stockholder value.

Annual incentive arrangements for Messrs. Goldfarb and Aaron are governed by their respective employment contracts. These annual incentive awards are structured to recognize the unique roles held by Messrs. Goldfarb and Aaron in the overall management of our business and the design and execution of our corporate strategy. Additionally, these awards are intended to foster an entrepreneurial environment in which these individuals are incentivized and rewarded to maximize pre-tax income, which the Compensation Committee believes is an important driver of stock price appreciation. The Compensation Committee believes that incentivizing Messrs. Goldfarb and Aaron in the same manner encourages them to operate as a team and promotes a shared focus in the successful operation of our business. While these arrangements are contractually obligated, both Messrs. Goldfarb and Aaron have voluntarily agreed to modifications that have made these arrangements more stockholder friendly.

Annual Incentive Arrangement for Mr. Goldfarb

The annual incentive arrangement for Mr. Goldfarb for fiscal 2016 and subsequent fiscal years is codified in his employment agreement with us that is effective through January 31, 2019 and includes the following features, many of which were previously modified specifically to address concerns that had been raised by our stockholders, although Mr. Goldfarb was under no obligation to do so:

- **Performance Targets.** Performance required to achieve the target payout amount is established annually by the Compensation Committee based on the annual forecast communicated to the public. The size of the annual incentive ultimately earned by Mr. Goldfarb is determined based on a comparison of forecasted pre-tax income to the actual pre-tax income achieved.

We chose to use our forecast as the basis for the incentive arrangement because it is transparent to our stockholders. The forecasted pre-tax income is approved by our Board and is part of the forecasted financial statements from which the forecast communicated to the public is derived. Our performance against this forecasted amount is usually correlated to our stock price performance, providing another link between our performance and Mr. Goldfarb's pay. Forecasted pre-tax income was \$188.4 million for fiscal 2016 and is \$193.8 million for fiscal 2017.

- **Performance Hurdle.** The formula used to determine the amount of the annual incentive also determines the threshold performance level required for a bonus payment. This approach ensures that the amount of pre-tax income required to achieve a bonus varies in direct correlation to the amount of our pre-tax income, instead of fixing it at a set amount of pre-tax income as was the case prior to the amendment of Mr. Goldfarb's employment agreement. Mr. Goldfarb voluntarily agreed to this modification in 2014 to address stockholder concerns about the formula used to determine his annual incentive compensation.

Based on the new formula, we needed to achieve pre-tax income of at least \$63.0 million for fiscal 2016 for any annual incentive to be earned for that year and we need to achieve pre-tax income of at least \$64.5 million for fiscal 2017 for any annual incentive to be earned for that year. This is a

22

significant increase from the minimum pre-tax income of \$10 million that needed to be achieved to earn an annual incentive under the prior arrangement and is in direct response to concerns expressed previously by our stockholders.

- Payouts Vary Based on Performance. Mr. Goldfarb’s annual incentive arrangement provides for a “Base Bonus Amount.” The Base Bonus Amount is adjusted either up or down so that payouts vary depending upon how actual pre-tax income compares to our forecasted level of pre-tax income.

If actual pre-tax income is within a range of +/-15% of forecasted pre-tax income, Mr. Goldfarb receives his Base Bonus Amount.

However, in instances where actual performance amounts to 15% above or below forecasted pre-tax income, Mr. Goldfarb’s Base Bonus Amount is adjusted to reflect a reduction for performance significantly below the forecast, or an increase for exceptional performance. The size of the adjustment depends upon the amount by which actual pre-tax income varies from the forecasted pre-tax income level. The adjustments are symmetrical for both upside and downside variations in performance.

If actual pre-tax income for a fiscal year is less than the approved forecast, the annual incentive payment to Mr. Goldfarb is determined by the Compensation Committee in accordance with the following table:

Actual Pre-Tax Income is Less Than Approved Forecast by	Annual Incentive Amount
15% or less	6% of actual pre-tax income in excess of \$2 million (the Base Bonus Amount)
15 – 30%	Base Bonus Amount minus 2% of the portion of actual pre-tax that is more than 15% and up to 30% lower than the approved forecast
More than 30%	The bonus amount determined pursuant to the preceding row, minus 4% of the portion of actual pre-tax income that is more than 30% lower than the approved forecast, but not less than zero

If actual pre-tax income for a fiscal year equals or exceeds the approved forecast, the annual incentive bonus payable to Mr. Goldfarb shall be determined by the Compensation Committee in accordance with the following table, subject to the payout cap described below:

Actual Pre-Tax Income Exceeds Approved Forecast by	Annual Incentive Amount
0 – 15%	6% of actual pre-tax income in excess of \$2 million (the Base Bonus Amount)
15 – 30%	Base Bonus Amount plus 2% of the portion of actual pre-tax income that is more than 15% and up to 30% in excess of the approved forecast
More than 30%	The annual incentive payable pursuant to the preceding row, plus 4% of the portion of actual pre-tax income that is more than 30% in excess of the approved forecast

- Payouts May Be Adjusted to Reflect Dilutive Stock Issuances on an Ongoing Basis. In the event of a dilutive stock issuance, excluding share changes caused by equity compensation awards approved by the Compensation Committee or structural changes that affect capitalization as a whole, such as a stock split, reverse stock split or stock dividend, the Compensation Committee may equitably adjust the percentages in the “Annual Incentive Amount” column downward, but not upward. This provision is intended to reflect stockholder concerns about the use of pre-tax income as the performance metric, rather than a metric such as net income per share.

Payout Cap. The maximum annual incentive bonus is capped at an amount equal to one and one-half times the targeted bonus based upon the budgeted level of pre-tax income contained in

the approved forecast. This is a decrease from the cap of two times the targeted bonus contained in the previous incentive arrangement, and represents another modification made voluntarily by Mr. Goldfarb in an effort to address stockholder concerns with the prior agreement.

For fiscal 2016, the annual incentive payment calculated in accordance with the terms of Mr. Goldfarb's employment agreement was \$11,306,400. In fiscal 2016, our pre-tax income was \$179.1 million, a new record for us, and an increase of 6.3% over the pre-tax income of \$168.4 million in fiscal 2015. This pre-tax income was 5.1% lower than the forecasted pre-tax income for fiscal 2016. Pre-tax income for fiscal 2015 included Other income from non-operating items in the amount of \$11.5 million. Without giving effect to that Other income, pre-tax income would have been \$158.3 million in fiscal 2015. Each of Mr. Goldfarb and Mr. Aaron voluntarily agreed to a recalculation of his fiscal 2015 bonus that excluded this Other income in the calculation of pre-tax income as they believed that calculating the bonus without giving effect to Other income was more appropriate for fiscal 2015. Our record achievement with regards to pre-tax income in fiscal 2016 is all the more noteworthy given the significant headwinds faced by G-III in fiscal 2016, when the combination of the struggling retail environment and an unusually warm winter season prompted us to provide discounts and allowances to retail customers, and accept returns of unsold products, in greater amounts than in fiscal 2015. Our results in spite of these events suggest to the Compensation Committee that the current incentive compensation program, and its focus on pre-tax income, is appropriately empowering our executives to quickly respond to changing market conditions and make decisions throughout the year which serve the best interests of our stockholders.

Annual Incentive Arrangement for Mr. Aaron

The annual incentive arrangement for Mr. Aaron for fiscal 2016 and subsequent fiscal years is the same as that of Mr. Goldfarb above, except that the annual incentive payments are calculated in accordance with the tables below. If actual pre-tax income for a fiscal year is less than the approved forecast, the annual incentive payment to Mr. Aaron is determined by the Compensation Committee in accordance with the following table:

Actual Pre-Tax Income is Less Than Approved Forecast by	Annual Incentive Amount
15% or less	4% of actual pre-tax income in excess of \$2 million (the Base Bonus Amount)
15 – 30%	Base Bonus Amount minus 1.33% of the portion of actual pre-tax that is more than 15% and up to 30% lower than the approved forecast
More than 30%	The bonus amount determined pursuant to the preceding row, minus 2.66% of the portion of actual pre-tax income that is more than 30% lower than the approved forecast, but not less than zero

If actual pre-tax income for a fiscal year equals or exceeds the approved forecast, the annual incentive bonus payable to Mr. Aaron shall be determined by the Compensation Committee in accordance with the following table, subject to the payout cap described above:

Actual Pre-Tax Income Exceeds Approved Forecast by	Annual Incentive Amount
0 – 15%	4% of actual pre-tax income in excess of \$2 million (the Base Bonus Amount)
15 – 30%	Base Bonus Amount plus 1.33% of the portion of actual pre-tax income that is more than 15% and up to 30% in excess of the approved forecast
More than 30%	The annual incentive payable pursuant to the preceding row, plus 2.66% of the portion of actual pre-tax income that is more than 30% in excess of the approved forecast

For fiscal 2016, the annual incentive payment calculated in accordance with Mr. Aaron's employment agreement was \$7,380,560.

Arrangements for Our Other Named Executive Officers

As a general matter, annual incentive arrangements for our other named executive officers reflect Compensation Committee consideration of the following:

- Recommendations of our Chairman, Chief Executive Officer and President;
- Individual performance as measured by contributions to, among other things, our financial performance, including sales growth, margin improvement and cost reduction, performance of divisions or departments for which the executive is responsible and managing major corporate transactions such as raising capital or the successful completion of an acquisition; and
- Excellent performance in unusual or difficult circumstances.

Incentive Arrangement for Mr. Miller

The annual incentive for Mr. Miller is based upon pre-tax income. To preserve beneficial tax treatment for G-III under Section 162(m) of the Code, Mr. Miller was entitled to a maximum annual incentive of up to 2.5% of our pre-tax income, provided that our pre-tax income exceeded \$10,000,000. The Compensation Committee has the discretion to reduce the amount otherwise payable under this formula based on such factors as it deems appropriate, and has exercised this discretion in every year. In fiscal 2016, based on pre-tax income as defined, Mr. Miller was entitled to a maximum annual incentive of \$4,478,325. Subject to the maximum bonus permitted by the performance goals adopted with respect to Mr. Miller, the analysis by the Compensation Committee generally involved the use of qualitative/subjective individual performance goals. Following deliberations, the Compensation Committee determined to award an annual incentive of \$2,825,000 to Mr. Miller for fiscal 2016.

In determining the bonus to be awarded, the Compensation Committee also considered overall company performance and Mr. Miller's contribution to this performance, including the growth in revenues and net income, his role in acquiring our interest in the joint venture relating to the Karl Lagerfeld brand and with respect to the expansion of G-III's relationship with Tommy Hilfiger, his participation in formulating the strategic direction of G-III, the scope of his job responsibilities, his tenure with G-III, the performance of the divisions of G-III for which he was responsible, the relationship of his total compensation paid to the compensation paid to other G-III executives and the relationship of compensation paid to him in fiscal 2016 to compensation paid to him in prior years.

Incentive Arrangement for Mr. Nackman

In fiscal 2016, the Compensation Committee determined to award an annual incentive of \$665,000 to Mr. Nackman. In making the determination regarding the annual incentive award for Mr. Nackman, the Compensation Committee also considered Mr. Nackman's individual performance as measured by contributions to, among other things, management of our financial and accounting departments, our financial performance, including sales growth, the relationship of total compensation paid to Mr. Nackman to the compensation paid to other executives and the relationship of compensation paid to him in fiscal 2016 to compensation paid to him in prior years.

Long-Term Incentives

We grant long-term incentive awards to our Named Executive Officers in order to:

- Align the interests of our executives with those of our stockholders;
- Incentivize and reward our executives to achieve long-term performance objectives and enhanced stockholder value, including achievement of two separate performance hurdles and satisfaction of a time-vesting condition;

- Foster an entrepreneurial environment and instill an ownership culture;

25

- Recognize accomplishments for the most recent fiscal year; and
- Provide meaningful incentives for the continued service of our executives.

Use of Performance-Based RSUs

The Compensation Committee grants awards of performance-based RSUs because they:

- Align the interests of our executives with those of our stockholders;
- Provide value only upon the achievement of two separate performance hurdles; and
- Minimize the dilutive impact to our stockholders.

Performance Metrics and Additional Vesting Requirements

In fiscal 2016, the Compensation Committee determined that the performance-based RSUs awarded to each of our Named Executive Officers would be earned only upon the achievement of the following two performance metrics:

- Stock price performance: the average closing price per share of our Common Stock on the NASDAQ Global Select Market over a twenty consecutive trading day period (i) during the two years beginning on the date of grant, December 10, 2015, is at least \$53.56 (which is 10% above the closing price of our Common Stock on the NASDAQ Global Select Market on the date of the Compensation Committee meeting, December 10, 2015 (the “Reference Date”)) or (ii) during the third, fourth and fifth years after the Reference Date is at least \$56.00 (which is 15% above the closing price of our Common Stock on the NASDAQ Global Select Market on the Reference Date); and
- Net income per share/Enhanced stock price performance: (A)(i) the amount of our net income per share on a fully diluted basis as reported in our audited financial statements (“Net Income Per Share”) for the fiscal year ending January 31, 2017 or January 31, 2018 is at least 10% greater than the amount of our Net Income Per Share for the fiscal year ending January 31, 2016 (the “2016 Amount”), (ii) if the net income-based performance objective in clause (A)(i) is not satisfied, our Net Income Per Share for the fiscal year ending January 31, 2019 is at least 15% greater than the 2016 Amount, or (iii) if the net income-based performance objective in clause (A)(i) or (ii) is not satisfied, our Net Income Per Share for the fiscal year ending January 31, 2020 is at least 20% greater than the 2016 Amount, or (B) the average closing price per share of our Common Stock on the NASDAQ Global Select Market over a twenty consecutive trading day period (i) during the two years beginning on the date of grant is at least \$58.43 (which is 20% above the closing price of our Common Stock on the NASDAQ Global Select Market on the Reference Date) or (ii) during the third, fourth and fifth years after the Reference Date is at least \$60.87 (which is 25% above the closing price of our Common Stock on the NASDAQ Global Select Market on the Reference Date).

In addition to the successful achievement of the performance metrics described above, the right to receive these shares is also subject to a time vesting condition pursuant to which shares become vested at an annual rate of 25% on each of December 10, 2017, 2018, 2019 and 2020, subject to the executive officer’s continuing service. The time vesting condition provides an additional retention element to these awards.

How We Determined Fiscal 2016 Awards

The size of the long-term incentive award made to each executive is a factor of the Compensation Committee’s (i) assessment of demonstrated company performance in the prior year, (ii) the recipient’s contribution to our overall corporate performance in the prior year and (iii) the recipient’s potential contribution to our future growth and financial

results.

The awards made in fiscal 2016 (which related to fiscal 2015 performance) were of the same value as the fiscal 2015 awards (which related to fiscal 2014 performance). In making this year's award, the Compensation Committee considered the record sales and net income achieved by G-III, the efforts by management in a challenging year and their ability to position G-III for future growth.

26

Special Fiscal 2016 Award

In addition to the fiscal 2016 awards made to each of our Named Executive Officers, the Compensation Committee decided in May 2015 to approve a special grant of RSUs to certain executives of our Calvin Klein division, including Sammy Aaron, our Vice-Chairman. The Committee determined that the contribution of the Calvin Klein division to our overall performance and Mr. Aaron's key role as Chief Executive Officer of that division justified a special grant of RSUs.

Pursuant to this grant, Mr. Aaron is entitled to receive (1) 35,292 shares of our Common Stock on April 12, 2019 provided that (a) he is continuously employed, or provides other services to us, through that date and (b) the average closing price per share of our Common Stock on the NASDAQ Global Select Market over a twenty consecutive trading day period is at least \$65.17, which is 15% greater than the closing price on the date of grant, and (2) 52,938 shares of our Common Stock on June 12, 2020 provided that (a) he is continuously employed, or provides other services to us, through that date and (b) the average closing price per share of our Common Stock on the NASDAQ Global Select Market over a twenty consecutive trading day period is at least \$68.00, which is 20% greater than the closing price on the date of grant.

Timing of Equity Awards

We do not have any plan to select dates for making annual equity-based incentive compensation awards to our Named Executive Officers in coordination with the release of material non-public information. The Compensation Committee has adopted a general objective policy that equity grants to existing employees should be made annually during the first half of our fiscal year. It is anticipated that equity grants to new hires or upon a promotion will generally be made on the first business day of the month after the commencement of employment or effectiveness of the promotion. The Compensation Committee retains the discretion not to make equity grants at the times provided in the policy if the members determine it is not appropriate to make a grant at such time. Additionally, the Compensation Committee retains the discretion to make grants, including an annual equity grant, at times other than as provided in the policy if the members determine circumstances warrant making a grant at such other times. For example, during each of fiscal 2014, 2015 and 2016, the granting of equity awards was delayed due to the review undertaken of our compensation programs.

Other Compensation Elements

Benefits

Our executives are eligible to participate in company benefit plans generally available to all of our employees, which include health, dental, life insurance, vision and disability plans. We also sponsor a voluntary 401(k) Employee Retirement Savings Plan for eligible employees. Employees must be at least 21 years of age and have one year with us to be eligible to participate in the plan. A non-discretionary matching contribution is made equal to 100% of the first 3% of the participant's contributed pay plus 50% of the next 2% of the participant's contributed pay.

Perquisites

Consistent with our philosophy of attracting and retaining key executives, we offer perquisites to our Named Executive Officers, which we believe are consistent in type and amount with those paid by our competitors. For additional information regarding perquisites paid to our executive officers, please see footnote 2 to the "Fiscal 2016 Summary Compensation Table" below.

No Tax Gross-Ups

We do not provide tax gross-ups on any benefits or perquisites provided to our Named Executive Officers.

Other Compensation and Governance Programs, Policies and Considerations

Stock Ownership Guidelines

We have adopted stock ownership guidelines for our directors and our Named Executive Officers. These guidelines are intended to foster an alignment of the interests of our executive officers with those of our stockholders, promote an ownership culture and long-term perspective among our executives, and act as a form of risk mitigation.

Named Executive Officers and our directors who are also our employees must retain shares with a value denominated as a multiple of base salary as follows:

Executive	Multiple of Base Salary
Chief Executive Officer and President	6x
Vice Chairman	2x
All Other Named Executive Officers and Directors who are Employees	1x

Each non-employee director must retain shares valued at five times his or her annual cash retainer for service as a director of G-III. Until executive officers and directors achieve the required guideline, they are required to retain 50% of the net, after tax, shares received as the result of the satisfaction of time or performance vesting requirements. Shares owned outright and shares held in trust count towards satisfaction of these guidelines; unearned performance shares and unexercised options do not. The Compensation Committee may, in its sole discretion, and in limited instances, grant exceptions to these guidelines. No such exception was granted in fiscal 2016.

Clawback /Executive Incentive Compensation Recoupment Policy

Beginning with the fiscal year ended January 31, 2014, in the event that G-III is required to prepare an accounting restatement, the Compensation Committee may, in its sole discretion, recoup from the affected officers all or part of any annual performance-based bonus or long-term incentive awards that were predicated upon the achievement of financial results that were subsequently restated.

The Compensation Committee intends to modify this policy to ensure compliance with Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the “Dodd-Frank Act”), once the final rules under Section 954 of the Dodd-Frank Act have been promulgated.

Anti Hedging Policy

Our directors, executives and other employees are prohibited from engaging in transactions designed to limit or eliminate economic risks from owning G-III’s stock, such as transactions involving any form of margin arrangement, short sales and/or dealing in puts and calls of G-III’s stock.

Anti Pledging Policy

Our directors, executives and other employees are generally prohibited from pledging shares of our stock as collateral for any loan or margin account. None of our executives has pledged shares of our stock.

The Committee may, in its sole discretion and in limited instances, grant exemptions to this policy after giving consideration to the number of shares to be pledged as a percentage of the executive’s total shares held and G-III’s total shares outstanding. In fiscal 2016, the Board granted such an exception to Morris Goldfarb, permitting him to pledge up to 400,000 shares from time to time. This number of shares represented approximately 9% of the shares owned by Mr. Goldfarb and approximately 0.9% of the number of our shares that were outstanding at the time that the Board granted its approval. In making its decision to permit Mr. Goldfarb to pledge these shares, the Committee considered, among other things:

- The size of Mr. Goldfarb’s total holdings;
- The fact that even without the shares eligible to be pledged, Mr. Goldfarb still significantly exceeds the Company’s share ownership guideline;

- The number of shares that could be pledged as a percentage of the total shares beneficially owned by Mr. Goldfarb and as a percentage of the total number of our shares that are outstanding; and

- The fact that Mr. Goldfarb has the financial capacity to repay any loan without resorting to the pledged shares.

Mr. Goldfarb has not pledged any of his shares.

Employment Agreements

We have employment agreements with Morris Goldfarb, Sammy Aaron and Wayne Miller.

Mr. Goldfarb Employment Agreement

Mr. Goldfarb has an employment agreement with us that is effective through January 31, 2019. Mr. Goldfarb is entitled to an annual contribution of \$100,000 per year to a supplemental pension trust for each year in which G-III’s Net After-Tax Income (as defined in his employment agreement) exceeds \$1,500,000. Mr. Goldfarb is also entitled to a \$5,000,000 life insurance policy, which names his wife as beneficiary.

For information with respect to the annual incentive bonus payable to Mr. Aaron, see “Annual Incentive Arrangement for Mr. Aaron” above.

Mr. Miller is currently paid an annual salary of \$750,000, plus such bonus, if any, as shall be awarded by G-III’s Board of Directors or Compensation Committee, and is entitled to participate in G-III’s benefit plans and arrangements for senior executive personnel.

For additional information concerning Mr. Miller’s post-termination and change in control benefits, see “Potential Payments Upon Termination or Change-in-Control — Severance and Change in Control Arrangements of Mr. Miller” below.

Effect of Section 162(m) of the Code

In general, under Section 162(m) of the Code, a publicly held corporation may not deduct as an expense for federal income tax purposes total compensation in excess of \$1 million paid in any taxable year to each of its chief executive officer and up to three other Named Executive Officers (other than the Chief

Financial Officer). The deduction limitation does not apply, however, to qualifying “performance-based” compensation. Annual bonus amounts payable to Messrs. Goldfarb and Aaron pursuant to the stockholder-approved formulae contained in their employment agreements are intended to qualify for the “performance-based” compensation exemption. In addition, our 2015 Long-Term Incentive Plan (the “2015 Plan”) contains provisions allowing us to make performance-based equity and cash incentive awards that are intended to qualify for the “performance-based” compensation exemption.

The Compensation Committee is mindful of the limit on deductibility of certain non-performance-based compensation under Section 162(m) of the Code; however, the Committee is not constrained from authorizing the payment of compensation that is subject to the deduction limit and may do so, as and when it deems appropriate, and in our best interest, under the circumstances. Although the Compensation Committee considers the net cost to us in making its compensation decisions (including the potential limitation on deductibility of executive compensation), there is no assurance that we will be allowed to deduct all of the compensation paid to our executives.

How We Make Compensation Decisions

The Role of the Compensation Committee

Our Compensation Committee is responsible for determining the compensation of our executive officers and for evaluating and establishing the overall structure and design of our compensation program.

The Compensation Committee consults with our Chairman, Chief Executive Officer and President in connection with making its determinations regarding compensation of our other Named Executive Officers, and relies to a large extent on his evaluation of each executive officer’s performance and his recommendations regarding the amount and mix of the total compensation paid to these executives.

The Role of Management

Other than our Chairman, Chief Executive Officer and President, no other member of G-III’s management team is involved in determining compensation levels or policies at G-III with respect to our Named Executive Officers. Our Chairman, Chief Executive Officer and President is not involved in the determination of his own pay.

The Role of the Compensation Committee’s Independent Compensation Consultant

Steven Hall & Partners, a nationally recognized executive compensation consultancy, serves as the Compensation Committee’s independent advisor with respect to executive compensation and corporate governance matters. In carrying out these responsibilities, Steven Hall & Partners provides the Compensation Committee with insight and analysis of compensation programs and incentives used by G-III’s peers and other public companies, trends in executive compensation and corporate governance, and the evolving policies and procedures of proxy advisory services firms. Steven Hall & Partners has also assisted the Compensation Committee in its stockholder engagement efforts.

The Compensation Committee retains sole responsibility for engaging any compensation advisor and meets with its advisor, as needed, in the Compensation Committee’s sole discretion. Steven Hall & Partners has never performed any services other than executive and director compensation and related corporate governance consulting for G-III, and performed its services only on behalf of and at the direction of the Compensation Committee.

The Compensation Committee believes that no conflict of interest was raised as a result of the work performed by Steven Hall & Partners during the year ended January 31, 2016. In reaching this conclusion, the Compensation Committee considered the factors set forth in Exchange Act Rule 10C-1(b)(4). Specifically, the Compensation Committee has analyzed whether the work of Steven Hall & Partners as a compensation consultant has raised any conflict of interest, taking into consideration the following factors: (i) the provision of other services to G-III by Steven Hall & Partners; (ii) the amount of fees from G-III paid to Steven Hall & Partners as a percentage of Steven Hall & Partners’ total revenue; (iii) the policies and procedures of Steven Hall & Partners that are designed to prevent conflicts of interest; (iv) any business or personal relationship of Steven Hall & Partners or the individual compensation advisors employed by

Steven Hall & Partners with a member of the Compensation Committee; (v) any G-III stock owned by Steven Hall & Partners or the individual compensation advisors employed by Steven Hall & Partners; and (vi) any business or personal relationship of Steven Hall & Partners or the individual compensation advisors employed by Steven Hall & Partners with a G-III executive officer. Additionally, compensation payments made to Steven Hall & Partners and any affiliates for the year ended January 31, 2016 were less than \$120,000 and Steven Hall & Partners or its affiliates did not provide additional services to G-III in excess of \$120,000 during the year ended January 31, 2016.

The Role of Stockholder “Say-on-Pay” Votes

G-III values the opinions of its stockholders and has spent considerable time soliciting additional information regarding their views. We incorporate consideration of these views into our decisions regarding the design of our compensation and governance programs and have made numerous changes over the past several years to address specific concerns raised by stockholders. G-III was pleased that it received a positive “say on pay” vote at last year’s Annual Meeting and expects a positive “say on pay” vote at this Annual Meeting.

The Role of Competitive Marketplace Practice

The Compensation Committee periodically reviews the compensation design features and chief executive officer pay levels of companies that are similar to us to ensure that our programs are fair and reasonable. While the Compensation Committee reviews this information, this process serves as one reference point among others. In making determinations regarding our compensation and related governance programs and pay levels, the Compensation Committee also considers our short and long-term strategic objectives, individual performance, scope of responsibilities, retention concerns, and previously negotiated contractual obligations.

As part of our periodic review of the G-III compensation program in prior years, Steven Hall & Partners has provided an analysis of compensation design features and chief executive officer pay levels based upon market data from public filings of companies that were similar to us. These companies were selected based on the following parameters:

- Appropriately sized companies (revenues ranged from approximately 0.5 to 2 times those of G-III);
- Industries similar to G-III, specifically apparel and retail companies; and
- Companies from the comparator groups used by stockholder advisory groups, excluding those which were clearly inappropriate based on industry classification.

The companies in the most recent pay level peer group included:

Carter’s, Inc.	Lululemon Athletica, Inc.	Skechers USA, Inc.
Columbia Sportswear Co.	Maidenform Brands, Inc. (subsequently acquired by Hanesbrands Inc.)	Steven Madden, Ltd.
Crocs, Inc.	Oxford Industries, Inc.	Under Armour, Inc.
Deckers Outdoor Corp.	Perry Ellis International, Inc.	Warnaco Group, Inc. (The) (subsequently acquired by PVH Corp.)
Kate Spade & Co.	Quiksilver, Inc. (subsequently acquired by Oaktree Capital Management, L.P.)	Wolverine World Wide, Inc.

In addition to these companies, Steven Hall & Partners identified five additional companies which were too large to serve as pay comparators, but which were nonetheless viewed as possible sources for competitive intelligence regarding pay design and practices. The additional companies in the most recent practice peer group included:

Guess?, Inc. The Jones Group Inc. (subsequently acquired by Sycamore Partners) PVH Corp.
Ralph Lauren Corp. VF Corp.

The Compensation Committee expects that it will review competitive marketplace practice from time to time in the future. At that time, it expects that the comparator group will be reviewed to ensure continued appropriateness of these companies in light of changes in revenue size and business mix (for G-III and the respective comparator companies), as well as merger and acquisition activity. Additionally, other companies meeting the selection parameters may be included in the group if deemed appropriate by the Committee.

The Consideration of Risk

The Compensation Committee incorporates considerations of risk into its deliberations regarding pay levels and practices, and believes that G-III's compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on G-III.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management, and based upon such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

38

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

We have entered into employment agreements with each of Mr. Goldfarb, Mr. Aaron and Mr. Miller, and executive transition agreements with each of Mr. Nackman and Mr. Miller, which require us to make payments and provide benefits to them in the event of a termination of employment or a change in control.

Severance and Change in Control Arrangements of Mr. Goldfarb

In the event we terminate Mr. Goldfarb's employment for cause (as defined in his employment agreement) or Mr. Goldfarb voluntarily resigns without cause (as defined in his employment agreement), Mr. Goldfarb will not be entitled to any severance or other compensation of any kind following the effective date of such termination, other than such portion of base salary, pro rata bonus and other compensation accrued through the date of the termination. In the event we terminate Mr. Goldfarb's employment without cause, or Mr. Goldfarb terminates his employment for cause, Mr. Goldfarb will receive the salary, bonus and other benefits he otherwise would have received if his employment had continued for the then remaining term of the employment agreement. The salary portion would be paid in a lump sum, and the bonus and benefits portions will be due as and when they would otherwise have been paid or provided. If such termination is effectuated after the occurrence of a "Change in Control" (as defined in the employment agreement), then, in lieu of the payments described in the preceding sentence, Mr. Goldfarb will be entitled to receive a formula-based lump sum cash payment determined with reference to Section 280G of the Code, plus three years of employee benefit continuation. In general, the formula-based cash severance payment would be an amount equal to the excess of (a) 2.99 times average of Mr. Goldfarb's annual compensation for the preceding five years, over (b) the value of any other payments and benefits which are deemed to be contingent upon the occurrence of the Change in Control under Section 280G of the Code. Mr. Goldfarb is not entitled to an excise tax gross-up in the event of a Change in Control, although, by using the above formula, it is anticipated that he will not incur excise tax. If Mr. Goldfarb's employment is terminated due to his death, Mr. Goldfarb's estate will be entitled to receive the base salary for a period of six months from the last day of the month of his death and will be eligible to receive bonus compensation pro-rated according to the number of days of employment in the fiscal year of his death.

Severance and Change in Control Arrangements of Mr. Aaron

If we terminate Mr. Aaron's employment for justifiable cause (as defined in his employment agreement) or Mr. Aaron voluntarily resigns without good reason (as defined in his employment agreement), Mr. Aaron will not be entitled to any severance or other compensation of any kind following the effective date of such termination, other than such portion of base salary and other compensation accrued through the date of the termination.

In the event Mr. Aaron's employment is terminated without justifiable cause or by Mr. Aaron for good reason, Mr. Aaron will continue to receive his annual salary, bonus and other benefits for the balance of the term of the employment agreement. However, if a "Change in Control" (as defined in the employment agreement) occurs and Mr. Aaron is terminated without justifiable cause, or if he resigns for good reason within three months of the event giving rise to such good reason, he will be entitled to cash severance of an amount equal to 2.0 times the sum of (a) his highest annual salary in effect during the one-year period before his termination of employment and (b) the average annual cash bonus earned during our two fiscal years before the fiscal year of his termination of employment, which amount will be payable over 24 months. In addition, Mr. Aaron will be entitled to receive continuing health benefits for up to 24 months. Our obligation to pay such severance and benefits will be conditioned upon Mr. Aaron's executing a general release and his continuing to comply with the non-competition and other restrictive covenants contained in his agreement. The cash severance amount will be reduced if and to the extent necessary to ensure that such amount, when added to other payments and the value of other benefits Mr. Aaron may receive under other plans and agreements, is not greater than the Section 280G threshold amount (generally, three times average annual compensation for the five years preceding the year in which a Change in Control occurs). Mr. Aaron will not be entitled to an excise tax gross-up in the event of a Change in Control although, by limiting the amount of cash severance as described, it is anticipated that he will not incur excise tax. If Mr. Aaron's

employment agreement is terminated due to his disability or death, Mr. Aaron will be entitled to receive such portion of his annual salary, accrued leave and reimbursement of expenses as has been accrued through the date on which his employment is terminated or through the date of his death.

Mr. Aaron has agreed that, for one year following the termination of his employment (or for a shorter period under certain circumstances following a Change in Control) he will not, directly or indirectly, (a) compete with any business of the Company, (b) interfere with the Company's business relationships, or (c) solicit or hire Company employees. In addition, Mr. Aaron has agreed that at any time following the termination of his employment, he will not disclose confidential information (as defined in the employment agreement) of the Company acquired during the course of his employment.

Severance and Change in Control Arrangements of Mr. Miller

If we terminate Mr. Miller's employment for justifiable cause (as defined in his employment agreement) or Mr. Miller voluntarily resigns without good reason (as defined in his employment agreement), Mr. Miller will not be entitled to any severance or other compensation of any kind following the effective date of such termination, other than such portion of base salary and other compensation accrued through the date of the termination.

In the event Mr. Miller's employment is terminated without justifiable cause or by Mr. Miller for good reason, Mr. Miller will be entitled to cash severance of an amount equal to the sum of (a) 1.5 times his annual salary, plus (b) \$750,000, which amount will be payable over 18 months. In addition, Mr. Miller will receive continuing employee benefits (or their equivalent) for 18 months. Our obligation to pay such severance and benefits will be conditioned upon Mr. Miller's executing a general release and his continuing to comply with the non-competition and other restrictive covenants contained in his employment agreement. If Mr. Miller's employment agreement is terminated due to his disability or death, Mr. Miller will be entitled to receive such portion of his annual salary, reimbursement of expenses and any bonus as has been accrued through the date on which his employment is terminated or through the date of his death.

Mr. Miller is also a party to an executive transition agreement which provides for separation payments and benefits if his employment is terminated without "cause" or for "good reason" within three months before or two years after a "change in control" (as such terms are defined in his executive transition agreement). In that event, subject to timely delivery of a general release, Mr. Miller will receive cash separation pay in an amount equal to 1.5 times the sum of (a) his highest annual salary in effect during the one-year period before his termination of employment and (b) the average annual cash bonus he earned during our two fiscal years before the fiscal year of his termination of employment, which amount will be payable over the 18-month period following termination of employment in accordance with normal payroll practices. In addition to the cash separation payments, Mr. Miller will be able to receive continuing group health plan benefits on a subsidized basis. The cash separation payment amount will be reduced if and to the extent necessary to ensure that such amount, when added to other payments and the value of other benefits Mr. Miller may receive under other plans and agreements (including, for example, the Section 280G value of accelerated vesting of outstanding equity awards), is not greater than the Section 280G threshold amount (generally, three times average annual compensation for the five years preceding the year in which a change in control occurs). The separation payments and benefits under Mr. Miller's executive transition agreement will be reduced by the amount of the comparable payments and benefits he would be entitled to receive under his employment or any other agreement in order to avoid duplication.

Severance and Change in Control Arrangements of Mr. Nackman

Mr. Nackman is a party to an executive transition agreement which is similar to the above-described executive transition agreement with Mr. Miller. If Mr. Nackman's employment is terminated without "cause" or for "good reason" within three months before or two years after a "change in control" (as such terms are defined in his executive transition agreement), Mr. Nackman, then, subject to timely delivery of a general release, will be entitled to receive cash separation pay in an amount equal to 1.5 times the sum of (a) his highest annual salary in effect during the one-year period before the termination of his employment and (b) the average annual cash bonus he earned during our two fiscal years before the fiscal year of his termination of employment. The cash separation pay, as so determined, will be payable over the 18-month period following termination of employment in accordance with normal payroll practices. In addition to the

cash separation payments, Mr. Nackman will be able to receive continuing group health plan benefits on a subsidized basis. The cash separation payments will be reduced if and to the extent necessary to ensure that such amount, when added to other payments and the value of other benefits Mr. Nackman may receive under other plans and agreements (including, for example, the Section 280G value of accelerated vesting of outstanding equity awards), is not greater than the Section 280G threshold amount (generally, three times average annual compensation for the five years preceding the year in which a change in control occurs).

Acceleration of Vesting upon Termination or Change in Control

There are no agreements with the Named Executive Officers that provide for an automatic acceleration of vesting of equity awards upon their termination of employment or a change in control. Under the terms of our equity incentive plans, however, vesting of any outstanding equity awards that are assumed by the acquiring company will become vested upon an involuntary termination of employment within two years after the date of the change in control — a so-called “double trigger” vesting condition. If an equity award is not assumed by the acquiring company, then, under the terms of the plans, vesting will accelerate as part of the change in control transaction.

Estimated Payouts on Termination of Employment

The following tables disclose the estimated payments and benefits that would be provided to each of Messrs. Goldfarb, Aaron, Nackman and Miller, applying the assumptions that each of the triggering events described in their respective employment or executive transition agreements took place on January 31, 2016 and their last day of employment was January 31, 2016.

These amounts are in addition to benefits payable generally to our salaried employees, such as distributions under G-III’s 401(k) plan, disability benefits and accrued vacation pay.

Due to a number of factors that affect the nature and amount of any benefits provided upon the events discussed below, any actual amounts paid or distributed may be different. Factors that could affect these amounts include the timing during the year of any such event, our stock price and the executive’s age.

Morris Goldfarb, Chairman, Chief Executive Officer and President

	Termination without Cause or Resignation for Cause	Termination without Cause or Resignation for Cause in Connection with a Change in Control
Cash Separation Payment(s)	\$ 36,319,020(1)	\$ 39,396,861(2)
Value of Continuing Employee Benefits	\$ 416,700(2)	\$ 415,311
Total	\$ 37,335,720	\$ 39,812,172(3)

(1)

This amount assumes that, on the date of termination, the remaining term of Mr. Goldfarb’s employment agreement is three years (which is the maximum potential remaining term). The cash payment is based on Mr. Goldfarb’s salary and bonus for the fiscal year ended January 1, 2016 and is composed of \$3,000,000 of salary replacement (3 years x \$1,000,000 annual salary rate) payable upon termination, plus \$33,919,020 of bonus replacement (3 years x \$11,306,340 annual bonus). The estimated bonus component is based upon the assumption that the bonus formula in Mr. Goldfarb’s employment agreement will yield the same annual amount in the future as it did for fiscal 2016. Depending upon actual future bonus amounts, the total cash separation payments will be higher or lower than the amount shown above.

(2)

This amount reflects the formula post-change in control separation pay contained in Mr. Goldfarb’s employment agreement — i.e., 2.99 times Mr. Goldfarb’s average annual compensation for the five calendar years preceding the year

in which a change in control occurs, calculated in accordance with Section 280G of the Code. The figure shown in the table is based upon Mr. Goldfarb's average annual compensation for 2011 through 2015 and is slightly below the maximum amount that may be paid without adverse tax consequences under Section 280G. The portion of this amount that would be payable in cash will be reduced by the value of other "280G payments," including, for example, the 280G value of any accelerated vesting of outstanding equity compensation awards.

(3)
Includes the premiums to be paid by G-III for life insurance and supplemental long-term disability coverage.

Sammy Aaron, Vice Chairman

	Termination without Cause or Resignation for Good Reason	Termination without Cause or Resignation for Good Reason in Connection with a Change in Control
Cash Separation Payment(s)	\$ 8,130,560(1)	\$ 13,062,875(2)
Value of Continuing Employee Benefits(3)	\$ 7,382	\$ 14,764
Total	\$ 8,137,942	\$ 13,077,639(4)

(1)
This amount assumes that, on the date of termination, the remaining term of Mr. Aaron's employment agreement is one year. The cash payment is based on Mr. Aaron's salary and bonus for the fiscal year ended January 1, 2016 and is composed of \$750,000 of salary and \$7,380,560 of bonus. The salary component will be payable in the form of salary continuation, and the bonus component will be payable when the bonus would have been paid if Mr. Aaron's employment had not terminated. Mr. Aaron's right to receive the cash separation payments is subject to his providing a general release to the Company and his continuing compliance with the non-competition and other restrictive covenants contained in his employment agreement.

(2)
This amount reflects the formula post-change in control separation pay contained in Mr. Aaron's employment agreement — i.e., 2.0 times the sum of (a) his salary as of January 31, 2016 (\$750,000), plus (b) his average annual bonus for the two preceding fiscal years (\$5,781,437.50). The total amount of the cash separation payment would be payable in equal installments over 24 months following Mr. Aaron's termination of employment, and would be subject to his providing a general release and his continuing compliance with the non-competition and other restrictive covenants contained in his employment agreement.

(3)
The figures for benefit continuation are estimates based upon the assumption that only group health benefits and/or subsidies will be available post-termination of employment. The actual value of pre-change in control benefits may be higher if other benefits are available at the time of such termination.

(4)
Mr. Aaron would also be entitled to accelerated vesting of outstanding unvested equity compensation awards. In general, if the value of such accelerated vesting for purposes of Section 280G of the Code, when added to the cash separation payments and benefits provided under Mr. Aaron's employment agreement, is greater than Mr. Aaron's 280G threshold amount (3 times his average annual 280G compensation for the five years preceding the year in which the change in control occurs), then the amount of the cash separation payments otherwise payable to Mr. Aaron under his employment agreement will be reduced in order to eliminate such excess and avoid adverse tax consequences to us and Mr. Aaron. If a change in control had occurred on January 31, 2016, Mr. Aaron's 280G threshold amount would have been \$25,580,312. If the 280G value of accelerated vesting of Mr. Aaron's unvested equity awards exceeded \$12,502,673 (\$25,580,312 minus \$13,077,639), Mr. Aaron's cash separation payments shown in the above table would be reduced by the amount of the excess.

In addition, Non-Employee Directors receive a fee of \$1,000 per Board or Committee meeting attended, subject to the proviso in the next sentence, plus reimbursement of reasonable out-of-pocket expenses incurred in connection with attendance at Board meetings. Members of the Audit and Compensation Committees receive an annual retainer of \$10,000, provided that no per meeting fees are paid unless the number of Audit or Compensation Committee meetings exceeds five per year.

Additional annual fees paid to Non-Employee Directors are as follows:

In June 2014, the Compensation Committee decided to adopt a policy that it would make an annual grant to non-employee directors of RSUs valued at \$100,000 with a vesting period of three years. It was also decided that the Lead Independent Director would receive an additional grant of RSUs valued at \$50,000 that would also vest over a period of three years.

Set forth below is a table presenting compensation information with respect to all of our Directors for the fiscal year ended January 31, 2016, other than Morris Goldfarb and Sammy Aaron. In March 2015, our Compensation Committee authorized a grant to each of Thomas Brosig, Alan Feller, Laura Pomerantz, Allen Sirkin, Willem van Bokhorst, Cheryl Vitali and Richard White of RSUs that would enable each of

them to receive a number of shares of our Common Stock, based on the closing price of our Common Stock on the date of the 2015 Annual Meeting, with a value of \$100,000, subject to satisfaction of specified conditions. In addition, our Compensation Committee granted additional RSUs to Mr. White in recognition of his service as Lead Independent Director that would enable him to receive a number of shares of our Common Stock, based on the closing price of our Common Stock on the date of the 2015 Annual Meeting, with a value of \$50,000. All of these

awards were subject to and became effective after the election of each director to the Board at the 2015 Annual Meeting in June 2015 and vest over a three-year period. The dollar value of these stock awards is based on the closing price per share of our Common Stock on the date of the 2015 Annual Meeting, which constitutes the grant date fair value computed in accordance with FASB ASC Topic 718. For a discussion of valuation assumptions, see Note H to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended January 31, 2016. At January 31, 2016, the directors named in the table above held unvested RSUs as follows: Mr. Thomas Brosig, 7,831 RSUs; Mr. Alan Feller, 7,831 RSUs; Mr. Jeffrey Goldfarb, 126,081 RSUs; Ms. Jeanette Nostra, 16,550 RSUs; Ms. Laura Pomerantz, 7,831 RSUs; Mr. Allen Sirkin, 7,831 RSUs; Mr. Willem van Bokhorst, 7,831 RSUs; Ms. Cheryl Vitali, 8,231 RSUs; and Mr. Richard White, 10,546 RSUs. PROPOSAL NO. 2

ADVISORY VOTE ON COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

The Dodd-Frank Act enables stockholders to vote to approve, on an advisory (non-binding) basis, the compensation of our Named Executive Officers as disclosed in this Proxy Statement in accordance with the SEC's rules. In light of the results of the stockholders' nonbinding advisory vote at the 2011 Annual Meeting with respect to the frequency with which stockholders will vote for the approval of the compensation of G-III's Named Executive Officers, G-III currently intends to hold an annual nonbinding advisory vote on such Named Executive Officer compensation.

We are asking our stockholders to indicate their support for the compensation of our Named Executive Officers as disclosed in this Proxy Statement. This proposal, commonly known as a "say-on-pay" proposal, gives stockholders the opportunity to express their views on the compensation paid to our Named Executive Officers. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and the philosophy, policies and practices described in this Proxy Statement. Accordingly, we are asking the stockholders to vote "FOR" the following resolution at the Annual Meeting:

RESOLVED, that G-III's stockholders approve, on an advisory basis, the compensation of G-III's Named Executive Officers, as disclosed in G-III's Proxy Statement for the 2016 Annual Meeting of Stockholders, pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables, and other related tables and disclosure.

The "say-on-pay" vote is advisory, and therefore is not binding on us, the Compensation Committee or the Board of Directors. However, the Board and the Compensation Committee value the opinions of our stockholders and, to the extent there is any significant vote against the Named Executive Officer compensation as disclosed in this Proxy Statement, will consider the stockholders' concerns and the Board and Compensation Committee will evaluate whether any actions are necessary to address those concerns.

THE BOARD OF DIRECTORS DEEMS PROPOSAL NO. 2 TO BE IN THE BEST INTERESTS OF G-III AND OUR STOCKHOLDERS AND RECOMMENDS A VOTE "FOR" APPROVAL THEREOF.

AUDIT COMMITTEE REPORT

In accordance with its written charter adopted by the Board of Directors, the Audit Committee of the Board of Directors is responsible for, among other things, overseeing G-III's accounting and financial reporting processes and reviewing and discussing G-III's audited financial statements with management.

Management is responsible for G-III's financial reporting process including its system of internal control and for the preparation of consolidated financial statements in accordance with generally accepted accounting principles. G-III's independent auditors are responsible for auditing those financial statements. The responsibility of the Audit Committee is to monitor and review these processes. Members of the Audit Committee are not employees of G-III and are not required to be accountants or auditors by profession. Therefore, the Audit Committee has relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with generally accepted accounting principles and on the representations of the independent auditors included in their report of G-III's financial statements.

The oversight by the Audit Committee does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee cannot give assurance that G-III's financial statements are presented in accordance with generally accepted accounting principles, that the audit of G-III's financial statements has been carried out in accordance with generally accepted auditing standards or that G-III's independent accountants are in fact "independent." Review of Audited Financial Statements. The Audit Committee has reviewed G-III's audited financial statements for the fiscal year ended January 31, 2016 as prepared by management and audited by Ernst & Young LLP, G-III's independent auditors, and has discussed these financial statements with management. In addition, the Audit Committee has discussed with Ernst & Young LLP the matters required to be discussed by Statement on Auditing Standards No. 114 (The Auditor's Communication With Those Charged With Governance), as amended, regarding the codification of statements on auditing standards. Furthermore, the Audit Committee has received the written disclosures and the letter from Ernst & Young LLP required by PCAOB Rule No. 3526, Communication with Audit Committees Concerning Independence, and has discussed with Ernst & Young LLP its independence. Recommendation. In reliance on the reviews and discussions referenced above, the Audit Committee recommended to the Board of Directors that the audited financial statements for the fiscal year ended January 31, 2016 be included in G-III's Annual Report on Form 10-K for that fiscal year.

Tax fees include services related to income tax compliance, assistance with tax audits, tax advice and tax planning.

The Audit Committee has considered whether the provision of the above services is compatible with maintaining Ernst & Young LLP's independence and all of the above services were pre-approved by the Audit Committee. It is the Audit Committee's policy to pre-approve all audit and permissible non-audit services to be performed by our independent accountants, the fees to be paid for those services and the time period over which those services are to be provided. On an annual basis, the independent accountants present a listing of all services they expect to perform for us in the ensuing one-year period, including fee estimates, in sufficient detail to enable the Audit Committee to perform an independence review of each proposed service. The Audit Committee reviews this list and approves appropriate services which, in the Audit Committee's judgment, will not impair the accountants' independence. With respect to any additional services proposed to be performed by the independent accountants during the year, management will evaluate the impact on the independent accountant's independence and obtain Audit Committee approval for such service. The Audit Committee has delegated interim pre-approval authority to the Chairman of the Audit Committee.

PROPOSAL NO. 3

RATIFICATION OF APPOINTMENT

OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The stockholders will be asked to ratify the appointment by the Audit Committee of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending January 31, 2017. If this appointment is not ratified by the stockholders, the Audit Committee will reconsider its decision. Ernst & Young LLP audited our financial statements for the fiscal year ended January 31, 2016. A representative of Ernst & Young LLP is expected to be present at the Annual Meeting, and will have an opportunity to make a statement if such person desires to do so, and is expected to be available to respond to appropriate questions from stockholders.

THE BOARD OF DIRECTORS DEEMS PROPOSAL NO. 3 TO BE IN THE BEST INTERESTS OF US AND OUR STOCKHOLDERS AND RECOMMENDS A VOTE “FOR” APPROVAL THEREOF.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

We have had in effect for many years a Code of Ethics that contains our conflicts of interest policy. Our Audit Committee has been responsible for reviewing transactions that might involve our Code of Ethics and for reviewing related party transactions. In addition, our Board of Directors has also adopted a written related party transactions policy. The policy covers all transactions between us and any related party (including any transactions requiring disclosure under Item 404 of Regulation S-K), other than transactions involving less than ten thousand dollars (\$10,000) when aggregated with all similar transactions. The Audit Committee is generally responsible for administering this policy. However, our policy permits the disinterested directors of the Board of Directors to exercise the authority otherwise assigned to the Audit Committee. A related party transaction may be consummated only if it is ratified or approved by the Audit Committee or disinterested members of the Board of Directors and if it is on terms comparable to those that could be obtained in arm's length dealings with an unrelated third party. Our Compensation Committee reviewed and approved the compensation of Jeffrey Goldfarb set forth in the next paragraph and our Audit Committee ratified the approval by our Compensation Committee.

Jeffrey Goldfarb, the son of Morris Goldfarb, our Chairman, Chief Executive Officer and President and a director of G-III, is our Director of Business Development. Jeffrey Goldfarb has been employed by us since 2002 in several different capacities. Jeffrey Goldfarb is also a member of our Board of Directors. For fiscal 2016, Jeffrey Goldfarb received a salary of \$750,000 and a bonus of \$950,000 for his services and our Compensation Committee granted him RSUs that enable him to receive up to 26,483 shares of our Common Stock that will become vested at an annual rate of 25% on each of December 10, 2017, 2018, 2019 and 2020, subject to the performance conditions described above under "Performance Metrics and Additional Vesting Requirements". The grant date fair value under FASB ASC Topic 718 of the RSUs granted to Jeffrey Goldfarb was \$1.1 million. We have entered into an executive transition agreement with Jeffrey Goldfarb under which he is entitled to receive specified severance payments and benefits in the event of his involuntary termination in conjunction with a change of control of G-III.
