Permian Basin Purchase and Sale Agreement

As previously disclosed in the Current Report on Form 8-K filed by PEDEVCO Corp. (the “Company”, “PEDEVCO”, “we” and “us”) with the Securities and Exchange Commission on January 14, 2019 (the “Form 8-K”), on January 11, 2019, the Company entered into a Purchase and Sale Agreement with Manzano, LLC and Manzano Energy Partners II, LLC (together, the “Seller”) (the “Purchase Agreement”). Pursuant to the Purchase Agreement, we (through our wholly-owned subsidiary Pacific Energy Development Corp. (“PEDCO”)) agreed to acquire certain oil and gas assets described in greater detail below (the “Assets”) from the Seller in consideration for \$700,000.

On February 1, 2019, we closed the transactions contemplated by the Purchase Agreement and acquired the Assets for an aggregate of \$700,000. The effective date of the acquisition was February 1, 2019.

The purchase price is subject to adjustment following closing to reflect the following: (a) expenditures by Seller which are attributable to the Assets after the effective time of the transaction (upwards); (b) proceeds attributable to the sale of hydrocarbons received by the Seller that are attributable to the Assets after the effective time of the transaction (downward if received by the Seller); (c) the amount of third party production proceeds attributable to the Assets held in suspense by Seller (downward); (d) the value of hydrocarbons in tanks at the effective time of the transaction (upward); and (e) certain other adjustments as described in greater detail in the Purchase Agreement.

The Purchase Agreement contains customary representations and warranties of the parties, and indemnification requirements. The Purchase Agreement also provides that the Seller shall cooperate with PEDCO and shall prepare and deliver to PEDCO all financial statements related to the operations of the Assets as may be required by applicable securities laws to be filed by PEDCO or its affiliates with the U.S. Securities and Exchange Commission (the “SEC”), and to comply with their tax and financial reporting requirements and audits.

The Assets represent approximately 22,000 leasehold acres, ownership and current operated production from 1 horizontal well currently producing from the San Andres play in the Permian Basin, ownership of 3 additional shut-in wells, ownership of 1 saltwater disposal well, and all of Seller’s leases and related rights, oil and gas and other wells, equipment, easements, contract rights, and production (effective as of the effective date) as described in the Purchase Agreement. The Assets are located in the San Andres play in the Permian Basin situated in eastern New Mexico, and are contiguous with the Company’s recently acquired 23,000 net leasehold acres also located in the San Andres play in the Permian Basin situated in eastern New Mexico as announced by the Company in its Current Report on Form 8-K filed with the SEC on September 4, 2018.

The foregoing description of the Purchase Agreement does not purport to be complete and is qualified in its entirety by reference to the Purchase Agreement, a copy of which is incorporated by reference herein as Exhibit 2.1 to this Current Report on Form 8-K and incorporated herein by reference.
