Report of Independent Registered Public Accounting Firm

To the Administrative Committee
PS 401(k) Profit Sharing Plan
Glendale, California

We have audited the accompanying statements of net assets available for plan benefits of PS 401(k) Profit Sharing Plan (the "Plan") as of December 31, 2003 and 2002, and the related statements of changes in net assets available for plan benefits for each of the years in the three year period ended December 31, 2003. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Plan as of December 31, 2003 and 2002, and the changes in net assets available for plan

Edgar Filing: PUBLIC STORAGE INC /CA - Form 11-K/A

benefits for each of the years in the three year period ended December 31, 2003 in conformity with United States generally accepted accounting principles.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets held for investment purposes, party-in-interest transactions and reportable transactions, together referred to as "supplemental information", are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental information is the responsibility of the Plan's management. The supplemental information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

PS 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2003

1. Summary of Significant Accounting Principles

Basis of Presentation

PS 401(k) Profit Sharing Plan (the "Plan") encompasses Public Storage, Inc., PS Business Parks, Inc. and their majority owned subsidiaries (the "Company").

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Income Tax Status

On November 30, 2000, the Company did an amendment and complete restatement of the Amendment and Restatement of the Public Storage Profit Sharing Plan adopted December 29, 1994. Effective January 1, 2001, the plan is amended and restated as the PS 401(k) Profit Sharing Plan (the "Plan").

The Plan is intended to qualify under Section 401 of the Code, and was amended and restated principally to introduce a qualified cash or deferred arrangement under Section 401(k) of the Code, and to comply with the requirements of GUST. GUST amendments include the qualification requirements under (1) the Uruguay Round Agreements Act, (2) the Uniformed Services Employment and Reemployment Rights Act of 1994, (3) the Taxpayer Relief Act of 1997, (4) the Small Business Job Protection Act of 1996, and (5) the Internal Revenue Service Restructuring and Reform Act of 1998. A determination letter was received on March 14, 2003.

Edgar Filing: PUBLIC STORAGE INC /CA - Form 11-K/A

The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Investment Valuation

On August 1, 2003, the Plan's administrative committee (the Committee) transferred the Plan's assets from Salomon Smith Barney to Union Bank.

Investments in cash equivalents (liquid funds, money market funds and time deposits) are valued at cost, which approximates fair value. Investments in mutual funds are stated at fair value. All other securities are valued at the last reported sale price on the last business day of the Plan year or at quoted market price. Interest and dividend income is recognized when earned.

Unrealized gains and losses result from the change in the fair value of investments held at both the beginning and end of the year, the difference between cost and year-end fair value for investments acquired during the year, and adjustments for unrealized gains and losses previously recognized on investments sold during the year.

2. Description of the Plan

The following description of the plan provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions. The PS 401(k) Profit Sharing Plan is a defined contribution plan for the benefit of all permanent employees of the Company who have completed at least one year of service and attained 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Although it has not expressed the intention to do so, the Company has the right to terminate the Plan subject to ERISA provisions. The Plan allows interim allocations of Company contributions and earnings or losses of trust fund assets among participants. Major provisions of the Plan, are as follows:

Contributions

Employee contributions to the Plan (voluntary contributions) are deferrals of the employee's compensation made through a direct reduction of compensation in each payroll period. The maximum annual tax deferred contribution amount is limited to \$12,000 for 2003 and \$11,000 for 2002. The Company contributes 3% of the employee's compensation for all participants in the Plan.

Edgar Filing: PUBLIC STORAGE INC /CA - Form 11-K/A

Participant Accounts

Each participant's account is credited with the participant's and the Company's contribution.

Vesting

Employee deferrals and the 3% Company contribution are 100% vested and non-forfeitable. Pre-January 2001 profit sharing Company contribution balances vested over a seven year period. Generally, each participant's account becomes 10 percent vested (non-forfeitable) after two years of service (as defined), 20 percent after three years of service and an additional 20 percent for each additional year of service thereafter.

Upon death, severance by reason of disability, or the attainment of the participant's sixty-fifth birthday, a participant automatically becomes fully vested to the extent of the balance in their account. In the event the Plan is terminated or contributions are completely discontinued, each participant becomes fully vested.

Additionally, the Plan provides for hardship distributions (as defined) at the discretion of the Committee.

Forfeitures

For profit sharing contributions made by the Company prior to January 1, 2001, if a participant terminates his/her employment before he/she is 100% vested, he/she forfeits any non-vested amounts. The non-vested portion of a participant's account is forfeited as of the date of distribution of his/her vested interest. Employees resuming participation in the Plan prior to incurring the greater of five consecutive one-year breaks in service, or their prior service if greater than five years, may have the non-vested portion of their account balance restored upon repayment to the Plan of the full amount of such previously distributed vested interest. Restoration of the non-vested portion of a participant's account is to be made first from available forfeitures and then from Company contributions.

3. Investments

All of the investments are under the custody of Union Bank under a non-discretionary trust agreement with the Plan. The following table presents the fair value of investments.
