to be held April 28, 2009

## INTRODUCTION

This Proxy Statement and accompanying proxy are furnished in connection with the solicitation of proxies by the Board of Directors (“Board”) of CTBI for use at the Annual Meeting of Shareholders (the “Annual Meeting”) to be held on Tuesday, April 28, 2009, at 10:00 a.m. (EDT), at Community Trust Bank, Inc., 346 North Mayo Trail, Pikeville, Kentucky, and any adjournments thereof. A copy of CTBI's 2008 Annual Report to Shareholders accompanies this Proxy Statement.

In accordance with rules recently adopted by the U.S. Securities and Exchange Commission (“SEC”), our proxy materials may also be accessed on the internet at <http://materials.proxyvote.com/204149>. The cost of solicitation of proxies will be borne by CTBI. In addition to the use of the mail, proxies may be solicited in person, by telephone and other means of communication by directors, officers, and other employees of CTBI, none of whom will receive additional compensation for such services. CTBI will also request brokerage houses, custodians, and nominees to forward soliciting materials to the beneficial owners of stock held of record by them and will pay the reasonable expenses of such persons for forwarding such materials. This Proxy Statement and the accompanying proxy are first being mailed or given to shareholders of CTBI on or about March 31, 2009.

## RECORD DATE AND VOTING SECURITIES

The Common Stock of CTBI (“Common Stock”) is the only class of outstanding voting securities. Only holders of Common Stock of record at the close of business on February 28, 2009 (the “Record Date”) are entitled to notice of and to vote at the Annual Meeting. At the Record Date, there were 15,075,662 shares of Common Stock outstanding. With respect to the election of directors, shareholders have cumulative voting rights. Accordingly, each shareholder will have the right to cast as many votes in the aggregate as equals the number of shares of Common Stock held by the shareholder multiplied by the number of directors to be elected at the Annual Meeting. Each shareholder may cast all of his or her votes for one candidate or distribute such votes among two or more candidates. Shareholders will be entitled to one vote for each share of Common Stock held of record on the Record Date with regard to all other matters that properly come before the Annual Meeting or any adjournment thereof.

Each proxy, unless the shareholder otherwise specifies, will be voted in favor of the election of the eight nominees for director named herein and the approval of the appointment of BKD, LLP as CTBI's Independent Registered Public Accounting Firm for the fiscal year ending December 31, 2009. Where a shareholder has appropriately specified how the proxy is to be voted, it will be voted accordingly. As to any other matter which may properly be brought before the Annual Meeting or any adjournment thereof, a vote may be cast pursuant to the accompanying proxy in accordance with the judgment of the person or persons voting the proxy. A shareholder may revoke his or her proxy at any time prior to its exercise. Revocation may be effected by written notice to CTBI, by a subsequently dated proxy received by CTBI, by oral revocation in person at the Annual Meeting or any adjournment thereof, or by voting in person at the Annual Meeting or any adjournment thereof.

A majority of the outstanding shares present in person or by proxy is required to constitute a quorum to transact business at the Annual Meeting. Abstentions will be treated as present for purposes of determining a quorum, but as unvoted shares for purposes of determining the approval of any matter submitted to the shareholders for a vote. If a broker indicates that it does not have discretionary authority as to certain shares to vote on a particular matter, such shares will not be considered as present and entitled to vote with respect to such matter.

Cooley, James E. McGhee II, M. Lynn Parrish, Governor Paul E. Patton, and Dr. James R. Ramsey. Mr. Parrish has been selected by the Board of Directors as the "lead independent director."

During 2008, the Board held four executive sessions, under the guidelines for executive sessions prescribed in the Corporate Governance Guidelines, which included only non-management directors.

Corporate Governance Guidelines and the Code of Business Conduct and Ethics adopted by the Board may be found on CTBI's website at [www.ctbi.com](http://www.ctbi.com).

Shareholders may communicate directly with the Board of Directors by sending a written communication addressed to the Chairman of the Board of Directors at CTBI's address.

The Board of Directors held eight meetings during the 2008 fiscal year, including the annual organizational meeting. Each director attended at least 75% of the aggregate number of Board meetings and meetings of Board committees on which such director served in 2008. It is the Board's policy that directors should attend each annual meeting of shareholders subject to a substantial personal or business conflict. All of CTBI's directors who were serving at the time attended the 2008 annual meeting of shareholders. The Board has the following committees: Audit and Asset Quality Committee, Compensation Committee, Executive Committee, Nominating and Corporate Governance Committee, Risk and Compliance Committee, and Corporate Retirement and Employee Benefit Committee.

The Audit and Asset Quality Committee (the "Audit Committee") Charter is subject to annual review and was last revised in January 2008. Lynn Parrish (Vice Chairman), Nick Carter, Nick A. Cooley, James E. McGhee II, and Governor Paul E. Patton, all of whom meet the independence standards of Rule 4200(a)(15) and the audit committee qualifications of Rule 4350(d)(2) of the NASDAQ listing standards. The Board of Directors has determined that none of the Audit Committee members has a relationship to CTBI that may interfere with his independence from the corporation and its management. The Board has determined that Dr. James R. Ramsey is an audit committee financial expert for CTBI and is independent as described above. For further information regarding the Audit Committee, please see the Report of the Audit and Asset Quality Committee below.

The Compensation Committee consists of Governor Paul E. Patton (Chairman), Nick A. Cooley (Vice Chairman), and M. Lynn Parrish, all of whom meet the applicable independence standards. The Compensation Committee Charter may be found on CTBI's website at [www.ctbi.com](http://www.ctbi.com). The Compensation Committee: (i) oversees and recommends to the Board executive officer compensation; (ii) evaluates and approves benefit and incentive compensation policies and programs for CTBI, and (iii) reviews and approves related party transactions. This committee met four times during 2008.

The Nominating and Corporate Governance Committee consists of M. Lynn Parrish (Chairman), Nick A. Cooley (Vice Chairman), James E. McGhee II, and Governor Paul E. Patton, all of whom meet the applicable independence standards. The Nominating and Corporate Governance Committee Charter can also be found on CTBI's website at [www.ctbi.com](http://www.ctbi.com). The Nominating and Corporate Governance Committee: (i) evaluates and recommends nominee directors for election to the Board; and (ii) develops and recommends to the Board policies and guidelines relating to corporate governance and the identification and nomination of directors and committee members. ## REPORT OF THE AUDIT AND ASSET QUALITY COMMITTEE

The Audit and Asset Quality Committee (the “Audit Committee”) oversees the financial reporting process of CTBI on behalf of the Board of Directors. All directors who serve on the Audit Committee meet the independence standards of Rule 4200(a)(15) and the audit committee qualifications of Rule 4350(d)(2) of the NASDAQ listing standards. The Audit Committee monitors the integrity of CTBI’s financial statements, the qualifications and independence of CTBI’s independent registered public accounting firm (“independent auditor”), the performance of CTBI’s internal audit function, CTBI’s system of internal controls, financial reporting, and disclosure controls, and compliance with the Corporate Governance Guidelines and Code of Business Conduct and Ethics. The Audit Committee has established procedures for the confidential, anonymous submission of concerns about accounting matters, internal controls, and auditing matters. Management has the responsibility for the preparation of CTBI’s consolidated financial statements and management’s assertion on the design and effectiveness of CTBI’s internal control over financial reporting. The independent auditor has the responsibility for the examination of those consolidated financial statements.

The Audit Committee reviewed with the independent auditor, which is responsible for expressing an opinion on the conformity of the audited financial statements with accounting principles generally accepted in the United States of America, its judgments as to the quality, not just the acceptability, of CTBI’s accounting principles and such other matters as are required to be discussed with the Audit Committee under auditing standards generally accepted in the United States of America. Additionally, the Audit Committee’s review included discussion with CTBI’s independent auditor of matters required to be discussed pursuant to Statement on Auditing Standards No. 61, Communication with Audit Committees, (“SAS 61”). SAS 61 requires CTBI’s independent auditor to provide the Audit Committee with additional information regarding the scope and results of its audit of CTBI’s financial statements, including with respect to (i) its responsibility under audit standards generally accepted in the United States of America, (ii) significant accounting policies, (iii) management judgments and estimates, (iv) any significant audit adjustments, (v) any disagreements with management, and (vi) any difficulties encountered in performing the audit.

The Audit Committee received from BKD, LLP a letter providing the disclosures required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, with respect to any relationships between BKD, LLP and CTBI that, in its professional judgment, may reasonably be thought to bear on independence. BKD has discussed its independence with the Audit Committee and has confirmed in such letter that, in its professional judgment, it is independent of CTBI within the meaning of the federal securities laws.

The Audit Committee pre-approves all audit and non-audit services performed by the independent auditor. The Audit Committee will periodically grant general pre-approval of certain audit and non-audit services. Any other services must be specifically approved by the Audit Committee, and any proposed services exceeding the pre-approved cost levels must be specifically pre-approved by the Audit Committee. In periods between Audit Committee meetings, the Chairman of the Audit Committee has the delegated authority from the Audit Committee to pre-approve additional services, and such pre-approvals are then communicated to the full Audit Committee.

The Audit Committee discussed with CTBI’s internal auditor and independent auditor the overall scope and plans for their respective audits. The Audit Committee met with its internal auditor and independent auditor, with and without management present, to discuss the results of their examinations, their evaluations of CTBI’s internal controls, and the overall quality of CTBI’s financial reporting. The Audit Committee held twelve meetings during fiscal year 2008.

In fulfilling its oversight responsibilities, the Audit Committee reviewed with management and the independent auditor the audited consolidated financial statements of CTBI as of and for the year ended December 31, 2008 and management’s assertion on the design and effectiveness of CTBI’s internal control over financial reporting as of December 31, 2008.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2008 for filing with the Securities and Exchange Commission. The Audit Committee has also recommended, subject to shareholder ratification, the selection of BKD, LLP as CTBI's independent registered public accounting firm.

#### INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors of CTBI engaged BKD, LLP ("BKD") to serve as its independent registered certified public accounting firm for the year ended December 31, 2008.

Aggregate fees billed to CTBI for the fiscal years ending December 31, 2008 and 2007 by CTBI's principal accounting firm, BKD, LLP were as follows:

	2008	2007
Audit fees	\$ 424,598	\$ 289,894
Audit related fees	51,794	59,262
Subtotal	476,392	349,156
Tax fees	30,939	64,342
Total	\$ 507,331	\$ 413,498

Audit related fees included payments for audits of the Community Trust Bancorp, Inc. Voluntary Employees' Beneficiary Plan and Trust and the ESOP and the 401(k) Plan and out-of-pocket expenses related to the audit of the consolidated financial statements. Tax fees include payments for preparation of the federal and state corporate income tax returns.

#### RATIFICATION OF THE SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee will request shareholders to ratify its selection of BKD to examine the consolidated financial statements of CTBI for the fiscal year ending December 31, 2009. Although action by the shareholders on this matter is not required, the Board believes that it is appropriate to seek shareholder ratification of this appointment in light of the critical role played by independent auditors in maintaining the integrity of CTBI's financial controls and reporting. Even if shareholders vote on an advisory basis in favor of the appointment, the Audit Committee may, in its discretion, direct the appointment of different auditors at any time during the year if it determines that such a change would be in the best interest of CTBI and its shareholders. BKD is not expected to have a representative present at the Annual Meeting. **THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE RATIFICATION OF THE SELECTION OF BKD, LLP AS THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM OF CTBI.**

## INTEREST OF MANAGEMENT IN CERTAIN TRANSACTIONS

In the ordinary course of business, CTBI, through its wholly-owned commercial bank subsidiary, Community Trust Bank, Inc. (the “Bank”), has had in the past and expects to have in the future banking transactions, including lending to its directors, officers, principal shareholders, and their associates. When these banking transactions are credit transactions, they are made in the ordinary course of business, on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with others. In the opinion of CTBI’s Board of Directors, such transactions do not involve more than the normal risk of collectability or present any other unfavorable features.

Mr. Charles J. Baird, a director of CTBI, is a shareholder in Baird and Baird, P.S.C., a law firm that provided services to CTBI and its subsidiaries during 2008 and will be retained by CTBI and its subsidiaries during the fiscal year 2009. Approximately \$854,000 in legal fees and \$299,071 in expenses paid on behalf of CTBI, \$1,153,071 in total, were paid to Baird and Baird, P.S.C. during 2008.

The Board of Directors has determined that the Compensation Committee of the Board should review and approve related party transactions. Accordingly, at each calendar year’s first regularly scheduled Compensation Committee meeting, management recommends related party transactions to be entered into by CTBI for that calendar year, including the proposed aggregate value of such transactions if applicable. After review, the Compensation Committee recommends approval or disapproval of such transactions and at each subsequently scheduled meeting, management updates the Compensation Committee as to any material change to those proposed transactions. In the event management recommends any further related party transactions subsequent to the first calendar year meeting, such transactions may be presented to the Compensation Committee for consideration. The Compensation Committee provides a report to the Board of Directors at each regularly scheduled meeting of the related party transactions approved by the Compensation Committee since the date of its previous report to the Board.

## SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 (the “Act”) requires CTBI’s executive officers and directors and persons who own more than ten percent (10%) of the Common Stock to file initial reports of ownership and changes in ownership with the Securities and Exchange Commission (“SEC”), as well as to furnish CTBI with a copy of such report. Additionally, SEC regulations require CTBI to identify in its Proxy Statement those individuals for whom one of the referenced reports was not filed on a timely basis during the most recent fiscal year. Based upon a review of Forms 3, 4, and 5 furnished to CTBI, there were two Form 4 filings with respect to one transaction each on behalf of Charles Baird that were inadvertently filed past the due date in 2008.

## COMPENSATION DISCUSSION AND ANALYSIS

### Introduction

This Compensation Discussion and Analysis is designed to provide shareholders with a better understanding of our executive compensation philosophy and decision-making process. It also explains the components of compensation paid to CTBI’s executive officers.

### Role of the Compensation Committee

All directors who serve on the Compensation Committee are independent in accordance with the NASDAQ listing standards. During 2008, there were no interlocking relationships between any executive officers of CTBI and any

entity whose directors or executive officers serve on the Board of Directors' Compensation Committee.

The principal duties of the Compensation Committee are to set the compensation of the CEO, review the recommendations of the CEO concerning appropriate compensation of the other executive officers of CTBI and establish the compensation of the other executive officers, and make recommendations to the Board concerning executive officer compensation for approval. The Compensation Committee has responsibility for establishing, implementing, and continually monitoring adherence with CTBI's compensation philosophy.

The Compensation Committee periodically reviews the compensation levels of the Board. In its review, the Compensation Committee looks to ensure that the compensation is fair and reasonable commensurate to the amount of work required from the individual directors as well as from the Board in aggregate. The Compensation Committee also periodically reviews Board committee compensation levels and practices and recommends to the Board changes in such compensation levels and practices. Although the Compensation Committee did not increase the level of Board compensation for 2008 and 2009, the Compensation Committee expects to review the level of Board compensation in upcoming years and make appropriate adjustments. At the current time, chairs of two Board committees (the Audit and Asset Quality Committee and the Risk and Compliance Committee) receive additional compensation for serving as chair, while chairs of the other Board committees receive the same compensation as other members of the committees. The Compensation Committee will likely review the compensation paid to chairs of those Board committees in the future.

The Compensation Committee is responsible for the review and approval of corporate goals and objectives relevant to the compensation of CTBI's CEO to evaluate the performance of the CEO in light of the goals and objectives. The Compensation Committee determines and approves the CEO's compensation levels based on this evaluation. Additionally, the Compensation Committee reviews compensation levels of CTBI's other executive officers. To achieve these goals and objectives, the Compensation Committee expects to maintain compensation plans that create an executive compensation program that is set at competitive levels within our peer group. The Compensation Committee makes recommendations to the Board with respect to compensation plans, incentive plans, and stock option plans and oversees the administration of these plans.

The Compensation Committee has followed certain fundamental objectives to ensure the effectiveness of CTBI's compensation strategy. The Compensation Committee recognizes the importance of perceived fairness both internally and externally of compensation practices. The Compensation Committee believes that the long-term success of CTBI and its ability to consistently increase shareholder value is dependent on its ability to attract and retain skilled executives. CTBI's compensation strategy encourages alignment with the interests of management and shareholders. The Compensation Committee seeks to provide full disclosure to the independent members of the Board of Directors of CTBI's compensation practices and issues to ensure that all directors understand the implications of committee decisions.

The Compensation Committee recognizes that the competition among financial institutions for attracting and retaining senior management executives has become more intense in the past few years. The Compensation Committee takes such market considerations into account to ensure that CTBI is providing appropriate long-term incentives to enable it to continue to attract new senior management executives and to retain current executives.

The Compensation Committee has established various processes to assist it in ensuring CTBI's compensation program is achieving its objectives. Among these are:

- Assessment of Company Performance - The Compensation Committee uses company performance measures in two ways. In establishing total compensation ranges, the Compensation Committee considers various measures of company and industry performance, asset growth, earnings per share, return on assets, return on equity, total shareholder return, and the effective execution of CTBI's growth strategy. The Compensation Committee does not apply a formula or assign these performance measures relative weights. Instead, it

makes a subjective determination after considering such measures collectively.

·Assessment of Individual Performance - Individual performance has a strong impact on the compensation of all employees, including the CEO and the other executive officers. The CEO's compensation is determined by the Compensation Committee. For the other Named Executive Officers, the Compensation Committee receives a performance assessment and compensation recommendation from the CEO and also exercises its judgment based on the Board's interactions with the executive officer. As with the CEO, the performance evaluation of these executives is based on their contributions to CTBI's performance, and other leadership accomplishments.

·Total Compensation Review – The Compensation Committee reviews each executive's base pay, bonus, and equity incentives annually. In addition to these primary compensation elements, the Compensation Committee reviews other compensation and payments that would be required under various severance and change-in-control scenarios.

### Executive Compensation Philosophy

The Compensation Committee believes that executive officer compensation is an integral component of CTBI's business and human resources strategy. It is important to CTBI's success that highly talented individuals serve as executive officers. The Compensation Committee seeks to establish executive compensation at fair, reasonable and competitive levels. The Compensation Committee strives to provide compensation which is appropriate to attract and retain such individuals. The Compensation Committee also believes it is important that compensation be strategy-focused and recognize individual and group contributions and results. Therefore, the Compensation Committee desires to offer competitive, market-driven executive officer compensation packages which also provide for a meaningful portion of compensation to be tied to performance. As a result, CTBI's executive compensation packages include base salary and benefits as well as incentive-based cash and equity compensation.

The goal of the Compensation Committee is to offer competitive compensation packages, without being the highest or lowest provider, which will enable CTBI to attract and retain key personnel in order that shareholder value may be increased. Total compensation packages, including base salaries, are set at levels the Compensation Committee believes are sufficient to attract and retain qualified executives. The compensation of Named Executive Officers is based on the same criteria and performance factors used for all other executive officers.

### Compensation Committee 2008 Initiatives

During 2008, the Compensation Committee focused on several initiatives including:

- Conducting a market study and reviewing NEO compensation for 2008
- Reviewing NEO compensation for 2007
- Reviewing and evaluating incentive compensation plans in 2008 for 2009

### Assessment of Executive Compensation

The Compensation Committee retained Amalfi Consulting, LLC ("Consultant"), an independent compensation consulting firm specializing in the financial services industry, for a review of the compensation paid to CTBI's executive officers. The Consultant was originally retained in 2007 and was requested to provide an update in 2008. The purpose of the Consultant's review was to assist the Compensation Committee in assessing the reasonableness of current executive officer compensation packages. In addition, the review was designed to help the

Compensation Committee set the direction for future compensation determinations. The Consultant reported directly to the Compensation Committee and evaluated the following elements of compensation: base salary, annual incentives, long-term incentives, executive benefits and perquisites. The consultant used 2007 Proxy data and 2008 survey data in all of their comparative analysis.

The Consultant and the Compensation Committee worked together to select an appropriate peer group (“Peer Group”) for purposes of assessing current executive compensation packages. The selected Peer Group consisted of 18 publicly traded financial institutions that are comparable to CTBI in asset size, geography and performance. The compensation of four of CTBI’s executive officers (“Peer Group Comparison Executive Officers”), for whom comparable position data was available with respect to the Peer Group, was assessed with reference to Peer Group compensation. The Peer Group consisted of the following companies:

Bank	Ticker	Bank	Ticker
1st Source Corporation	SRCE	Lakeland Financial Corporation	LKFN
City Holding Company	CHCO	MainSource Financial Group, Inc.	MSFG
Farmers Capital Bank Corporation	FFKT	Peoples Bancorp, Inc.	PEBO
First Community Bancshares, Inc.	FCBC	Republic Bancorp, Inc.	RBCAA
First Financial Bancorp	FFBC	S.Y. Bancorp, Inc.	SYBT
First Financial Corporation	THFF	Stellar One Corporation	STEL
First Merchants Corporation	FRME	Towne Bank	TOWN
Green Bankshares, Inc.	GRNB	Union Bankshares Corporation	UBSH
Integra Bank Corporation	IBNK	Virginia Commerce Bancorp, Inc.	VCBI

The Consultant also compared the compensation paid by CTBI to all executive officers to the compensation paid by other companies within the financial services industry based on data included in several published surveys from the banking/financial services industry (“Survey Companies”).

#### Executive Compensation Components

CTBI’s executive compensation consists of the following components:

- Salaries and Annual Cash Incentive Compensation
  - Annual Incentive-Based Compensation
  - Long-Term Equity Compensation
  - Benefits and Perquisites

Salaries and Annual Cash Incentive Compensation – Salaries for CTBI’s executives are established based upon the scope of their responsibilities, taking into account competitive market compensation paid by other similarly situated companies for comparable positions. The CEO’s compensation is set by the Compensation Committee and presented to the full Board of Directors for approval. The salary of the CEO is set based on the Compensation Committee’s review of performance objectives for CTBI which include asset and revenue growth, asset quality, identification of strategic opportunities, development and maturation of the core earnings performance, and execution of CTBI’s growth strategy, as well as the comparison of peer group data. Compensation of the other executive officers is recommended by the CEO and approved, after making any adjustments considered appropriate, by the Compensation Committee. Salary increases are approved based upon performance for the previous year, responsibilities for the upcoming year, and compensation paid by other companies within CTBI’s peer group. The objective is to grant salary increases to retain and motivate successful performance while maintaining affordability within CTBI’s business plan.

The Consultant prepared a report for the Compensation Committee comparing the total compensation packages provided to the Peer Group Comparison Executive Officers and the components of the packages, to those offered by other companies in the Peer Group. The Consultant's report also compared the compensation provided by CTBI to all executive officers for the year ended December 31, 2007, to the compensation data for Survey Companies for the year ended December 31, 2007. Based on the results of the Consultant's report, but also considering factors such as local market salaries and salary histories, the Compensation Committee determined that CTBI's executive officer compensation packages for the year ended December 31, 2007 were market competitive. However, the Consultant's report notes that while average salaries of the Peer Group Comparison Executive Officers were slightly above the 50th percentile of Peer Group compensation, total average cash compensation for these officers was approximately 14% below the 50th percentile of Peer Group compensation. Similarly, the Consultant's report notes that while average salaries of all executive officers of CTBI were also slightly above the 50th percentile of similar executive officer salaries paid by Survey Companies, total average cash compensation for these officers was approximately 12% below the 50th percentile of similar executive officer cash compensation paid by the Survey Companies.

The operating environment for commercial banks is impacted by a variety of factors such as local, national and global economic conditions, interest rate levels and trends, monetary policies of the Federal Reserve Board, fiscal policies of the United States government, liquidity in the capital markets, and the changing values of real estate and other assets. Many of these factors are outside the control of CTBI and its management. The Compensation Committee considered the Named Executive Officers' performance during 2008, including their response to the challenging economic and operating environment in 2008, and determined that it was appropriate to approve minimal salary increases for the Named Executive Officers. The relatively minimal salary increases for 2008 and 2009 reflect CTBI's desire to balance the need to compensate our Named Executive Officers at levels that reflect their performance and value to CTBI with the need to minimize our expenses in the current difficult economic environment. The base salaries of the Named Executive Officers for the year ended December 31, 2008 and for the year ending December 31, 2009 are shown below:

	Base Salary for 2008	Base Salary for 2009	% Increase from 2008 to 2009
Jean R. Hale Chairman, President, and Chief Executive Officer	\$422,000	\$437,000	3.6%
Kevin J. Stumbo Executive Vice President and Treasurer (Principal Financial Officer)	\$165,000	\$172,000	4.2%
Mark A. Gooch Executive Vice President and Secretary	\$312,000	\$322,000	3.2%
Michael S. Wasson Executive Vice President	\$190,000	\$195,000	2.6%
Tracy E. Little Executive Vice President	\$180,000	\$185,500	3.1%

Annual Incentive-Based Compensation – Annual cash incentive bonuses are awarded under the Senior Management Incentive Compensation Plan, which is open to executive officers and other members of senior management (“Participants”). The bonuses for the Participants are based on achieving the targets set for earnings per share (“EPS”) and return on average assets (“ROAA”) of CTBI. This plan was designed to reward Participants for meeting or exceeding

industry standards for profitability and was adopted to achieve the following objectives:

- Increase the profitability and growth of CTBI in a manner which is consistent with other goals of the company
- Provide executive compensation which is competitive with other financial institutions in the peer group
- Attract and retain personnel of outstanding ability and encourage excellence in the performance of individual responsibilities
- Motivate and reward those members of management who contribute to the success of CTBI

The amounts of the Senior Management Incentive Compensation Plan awards are calculated according to a schedule comparing EPS and ROAA for the award period to a pre-determined performance standard. For 2008, attainment of the target ROAA of 1.25% and \$2.45 EPS (after accrual for the cost of incentive compensation) was required for an incentive to be earned. Because CTBI did not achieve these targets, Participants did not receive any cash award under the Senior Management Incentive Compensation Plan for the year ended December 31, 2008.

For 2009, Senior Management Incentive Compensation Plan awards will also be calculated according to a schedule comparing EPS and ROAA for the award period to a pre-determined performance standard. For 2009, the Targeted (Base) ROAA is established as follows: ROAA per CTBI's budget (0.94%) or Peer Group performance at the 50th percentile whichever is less and core EPS growth per CTBI's budget (23.4% growth to \$1.90 per share) or core EPS growth of the Peer Group at the 50th percentile whichever is less. The Peer Group used is set forth above. The peer performance applies only when measuring base performance. Any incentive award earned above the base is determined solely by CTBI's performance. While the 2009 target goals are lower than those established for 2008, incentive plan award opportunities have been reduced accordingly. This reflects the Compensation Committee's and CTBI's desire to reward employees for their contributions to the organization, while taking current economic conditions into consideration. With respect to the executive officers who serve on CTBI's Executive Committee (which includes the Named Executive Officers), the following cash incentive awards may be earned:

Target/ROAA	Award as a % of Target Award	Award as a % of Salary
BASE 0.94%	100%	5%
0.96%	150%	7.5%
0.98%	200%	10%
1.00%	250%	15%
1.02%	300%	20%
1.04%	350%	25%
1.06%	400%	30%
1.08%	450%	40%
1.10%	600%	45%

Other executive officers consisting of the officers responsible for the divisions of consumer lending, residential real estate lending, sales and marketing, human resources, compliance, facilities management and the presidents of each market ("Group II Officers") may receive awards for the year ending December 31, 2009 based on the targets applicable to members of the Executive Committee, ranging from 4.5% to 15% of salary. Other members of senior management consisting of Senior Vice Presidents of consolidated functions as well as others below the Senior Vice President level who are selected for participation by the Compensation Committee ("Group III Officers") may receive awards for the year ending December 31, 2009 based on the targets applicable to members of the Executive Committee, ranging from 4.25% to 12.5% of salary.

The number of senior management incentive stock options granted annually is also determined under the terms of the Senior Management Incentive Compensation Plan and based on EPS and ROAA of CTBI. Because CTBI did not achieve the targets under the Senior Management Incentive Compensation Plan for 2008, no stock options were granted to executive officers for 2008 performance under the Senior Management Incentive Compensation Plan. For 2009, the Targeted (Base) ROAA is established as follows: ROAA per CTBI's budget (0.94%) or Peer Group performance at the 50th percentile whichever is less and core EPS growth per CTBI's budget (23.4% growth to \$1.90 per share) or core EPS growth of the Peer Group at the 50th percentile whichever is less. The Peer Group used is set forth above. The peer performance applies only when measuring base performance. Any incentive award earned above the base is determined solely by CTBI's performance. While the 2009 target goals are lower than those established for 2008, incentive plan award opportunities have been reduced accordingly. This reflects the Compensation Committee's and CTBI's desire to reward employees for their contributions to the organization, while taking current economic conditions into consideration. Based on CTBI's performance for the year ending December 31, 2009, the following stock option awards may be made to the executive officers who serve on CTBI's Executive Committee (which includes the Named Executive Officers) under the Senior Management Incentive Plan:

Target/ROAA	Stock Option Award as a % of Salary
BASE 0.94%	25.00%
0.96%	50.00%
0.98%	100.00%
1.00%	112.00%
1.02%	125.00%
1.04%	137.50%
1.06%	150.00%
1.08%	162.50%
1.10%	175.00%

Group II Participants may receive stock option awards for the year ending December 31, 2009 based on the targets applicable to members of the Executive Committee, ranging from 12.5% to 80% of salary. Group III Participants may receive stock option awards for the year ending December 31, 2009 based on the targets applicable to members of the Executive Committee, ranging from 6% to 40% of salary.

The Committee felt that, particularly in light of the difficult operating environment for financial institutions, employees, including senior management, should have an opportunity to earn an incentive in the event that CTBI's operating performance continues to exceed the performance of its Peer Group at the 50th percentile. Therefore, the Committee elected to allow participants the opportunity to receive the base award in the event that CTBI attains ROAA and EPS at or above the 50th percentile of Peer Group performance, even if CTBI does not attain budgeted ROAA and EPS. In 2008, CTBI exceeded ROAA and EPS at the 50th percentile for its Peer Group, but CTBI's ROAA and EPS targets were not attained; therefore, no incentive was earned.

CTBI has structured its incentive compensation plans in a manner which is designed to permit a large percentage of the potential incentive compensation to be paid to participants who are not Named Executive Officers. During 2009, executive officers, other members of senior management, and employees are eligible to participate in various company incentive compensation plans. Based on the number of participants and structure of CTBI's incentive compensation plans, if CTBI achieves its 2009 targets at the base level, participants other than the Named Executive Officers will receive approximately 95% of the total amount paid under all company incentive compensation plans.

Long-Term Equity Compensation – CTBI's philosophy is that long-term performance is achieved through aligning the interests of its executives with its shareholders through the use of stock-based awards. The Community Trust Bancorp, Inc. 2006 Stock Ownership Incentive Plan (the "2006 Plan") was approved by CTBI's shareholders at the 2006 Annual Meeting of Shareholders. The purpose of the 2006 Plan is to enhance the ability of CTBI to secure and retain the services of persons eligible to participate and to provide incentives for such persons to exert maximum efforts for the

success of CTBI. The 2006 Plan is administered by the Compensation Committee.

In addition to the senior management incentive options that may be awarded pursuant to the Senior Management Incentive Compensation Plan, stock options may also be granted for management retention purposes under the 2006 Plan upon approval by the Compensation Committee. The Compensation Committee also has authority to grant equity awards in other forms, such as restricted stock. Management retention options are granted in connection with the hiring of new executives and the retention of key executives. Stock options are granted at the closing market price on the date of the grant, and the 2006 Plan does not permit the Board or the Compensation Committee to reprice stock options.

Pursuant to the 2006 Plan, the Compensation Committee granted the following retention options and shares of restricted stock to the Named Executive Officers in January 2009:

	Options Granted (Shares)	Restricted Stock Granted (Shares)
Jean R. Hale Chairman and Chief Executive Officer	0	1,223
Kevin J. Stumbo Executive Vice President and Treasurer (Principal Financial Officer)	0	408
Mark A. Gooch Executive Vice President and Secretary	0	815
Michael S. Wasson Executive Vice President	0	408
Tracy E. Little Executive Vice President	0	408

The restrictions on the restricted stock will generally lapse only if the holder continues to be employed by CTBI for a period of five years following the date of grant. Each share of restricted stock was granted on January 27, 2009, at a price of \$29.82 per share (equal to the fair market value on the date of grant).

Pursuant to the 2006 Plan, the Compensation Committee granted the following retention options and shares of restricted stock to the Named Executive Officers in January 2008:

	Options Granted (Shares)	Restricted Stock Granted (Shares)
Jean R. Hale Chairman and Chief Executive Officer	6,250	1,420
Kevin J. Stumbo Executive Vice President and Treasurer (Principal Financial Officer)	3,750	852
Mark A. Gooch Executive Vice President and Secretary	5,000	1,136
Michael S. Wasson		

Executive Vice President	3,750	852
Tracy E. Little Executive Vice President	3,750	852

Each retention option has an exercise price of \$28.32 (equal to the fair market value on the date of grant), a term of 10 years and a five-year vesting period. The restrictions on the restricted stock will generally lapse only if the holder continues to be employed by CTBI for a period of five years following the date of grant. Each share of restricted stock was granted on January 29, 2008, at a price of \$28.32 per share.

When determining the amount of stock option and restricted stock grants, the Compensation Committee considered equity incentive grants made by other companies within the financial services industry, including the Peer Group. The Compensation Committee believes that both stock options and restricted stock align executive officer incentives with shareholder interests. The Compensation Committee also believes that restricted stock is a particularly effective vehicle to retain key executives because none of the restricted shares will become free of restriction (subject to exceptions related to death, disability or change in control of CTBI and, with the approval of the Compensation Committee, retirement) unless the holder remains in the employment of CTBI for a period of five years from the date of grant. The Consultant compared equity award levels of CTBI, as a percent of salary, to the Peer Group. The Consultant looked at the three-year average of equity awards to consider a longer period of award behavior. The Consultant's report notes that while median equity awards granted to named executive officers of the Peer Group ranged from 17% to 21% of base salary, equity awards to Named Executive Officers at CTBI were closer to the Peer Group's 75th percentile, ranging from 28% to 31% of salary, which seemed appropriate given CTBI's past performance.

Benefits and Perquisites – CTBI does not provide significant perquisites or personal benefits to its executive officers; however, the Named Executive Officers, as well as other executive officers and members of senior management, are provided with perquisites with an aggregate value of less than \$10,000, including country club memberships.

Long-term incentives to align the interests of CTBI's employees with the shareholders have been implemented through the development of a company-sponsored ESOP. The ESOP provides awards of CTBI stock subject to vesting requirements. Participation in the ESOP is available to any employee of CTBI or its subsidiaries who has been employed for one year, completed 1,000 hours of service, and attained the age of 21. CTBI currently contributes 4% of covered employees' gross wages to the ESOP. The ESOP uses the contribution to acquire shares of CTBI's common stock.

CTBI has established a 401(k) Plan within which employees can contribute 1% to 15% of their annual salary and CTBI will contribute 50% of the first 8% of contributions. CTBI also provides health insurance, life insurance, and other programs that are usual and customary to encourage retention of employees. Named Executive Officers also participate in CTBI's supplemental executive life insurance plan. This plan provides a split-dollar share of death benefits at an amount necessary to provide the Named Executive Officer with a total company-provided death benefit of three times their annual salary. This amount is consistent with the death benefit provided to other eligible employees. The benefit is dependent upon the executive's eligibility to receive payments. Additionally, each Named Executive Officer is provided a post-retirement death benefit equal to one times his or her annual salary. The benefits are funded with bank-owned life insurance (BOLI). The BOLI is used to provide the additional post-retirement death benefit to the Named Executive Officer with minimal cost to CTBI. Split-dollar life insurance plans are widely available in the banking industry, because the financial institution will recover its plan costs upon the death of an executive, and the executive's beneficiary will receive a split of the insurance proceeds. This benefit provides further incentive for longevity with CTBI.

The Consultant's report found that CTBI offered a competitive level of benefits compared to the Peer Group. However, CTBI does not sponsor any supplemental executive retirement plan or deferred compensation

plan. The Consultant's report noted that 79% of the Peer Group has either a deferred compensation plan or a supplemental executive retirement plan. The Compensation Committee determined that it would not recommend that CTBI implement a deferred compensation plan or supplemental executive retirement plan at this time. However, the Compensation Committee may consider the implementation of such a plan in the future.

On a long-term basis, the Compensation Committee believes that it is in the best interest of CTBI to establish executive officer compensation at levels similar to compensation paid by peer group companies with comparable past performance. The Compensation Committee believes that CTBI's executive officers performed at a high level in 2008. However, in light of the current economic uncertainties and challenges facing financial institutions, the Compensation Committee concluded that CTBI should not make significant changes to executive compensation levels for 2009. Instead, the Compensation Committee believes it is in the best interest of CTBI to attain these executive officer compensation levels on a gradual basis over the next few years.

#### OBRA Deductibility Limitation

The Omnibus Budget Reconciliation Act of 1994 ("OBRA") prohibits the tax deduction by public companies of compensation of certain executive officers in excess of \$1 million, unless certain criteria are met. CTBI has no executive officers that exceed this amount and, therefore, has determined not to take any action at this time with respect to its compensation plans to seek to meet these criteria.

#### Employment Contracts, Termination of Employment and Change-in-Control Arrangements

As of December 31, 2008, CTBI had in effect certain termination of employment and change-in-control agreements ("Severance Agreements") with each of its Named Executive Officers, as well as its other executive officers. Severance Agreements are offered in order to attract and retain key executives by protecting them in case of a change-in-control of the company. The Severance Agreements are effective for a term equal to the longer of three years or the covered period should a change-in-control of CTBI occur during such three-year period. These agreements are automatically renewable for additional one-year periods, and the covered period during which the terms and conditions of the Severance Agreements are effective is the period of time following a change-in-control equal to (i) two years following the occurrence of the change-in-control in the event of an involuntary termination or a voluntary termination following a change in duties, or (ii) the thirteenth month following the change-in-control in the event of a voluntary termination not preceded by a change in duties.

The Severance Agreements require the payment to a Named Executive Officer or other executive officer of a severance amount in the event of an involuntary or voluntary termination of employment after a change-in-control of CTBI during the covered period. The severance amount payable under the Severance Agreements is equal to (i) 2.99 times the Named Executive Officer's or other executive officer's base annual salary in the event of involuntary termination or in the event of a voluntary termination of employment preceded by a change in duties subsequent to a change-in-control of CTBI, or (ii) 2.00 times the Named Executive Officer's or other executive officer's annual base salary in the event of a voluntary termination of employment not preceded by a change in duties subsequent to a change-in-control of CTBI.

A change-in-control occurs, for purposes of the Severance Agreements, when (i) any person, including a group under Section 13(d)(3) of the Securities Exchange Act of 1934, is or becomes the owner of 30% or more of the combined voting power of CTBI's outstanding securities; (ii) as a result of, or in connection with, any tender offer, exchange offer, merger or other combination, sale of assets or contested election, the persons who were directors of CTBI before such transaction(s) cease to constitute a majority of the Board of Directors of CTBI or successor of CTBI; (iii) a tender or exchange offer is made and consummated for the ownership of 30% or more of the combined voting power of CTBI's outstanding voting securities; or (iv) CTBI transfers substantially all of its assets to another corporation that is not a wholly-owned subsidiary of CTBI.

The Compensation Committee believes the use and structure of the Severance Agreements are consistent with CTBI's compensation objectives to attract, motivate and retain highly qualified executives. The Compensation Committee also believes that the Severance Agreements promote job stability and financial security, preserve morale and productivity, and encourage retention in the event of an actual or potential change-in-control. However, the Compensation Committee intends to review the terms of the Severance Agreements annually in the context of executive compensation packages and related developments.

No termination of employment or change-in-control payments were made in 2008.

#### REPORT OF THE COMPENSATION COMMITTEE

(1) Bonuses are paid under the Senior Management Incentive Compensation Plan, which is open to all executive officers, market presidents, and senior vice presidents of consolidated functions. Individuals below senior vice president level may be recommended and approved by the Compensation Committee for special awards of options for extraordinary performance. Bonuses for executive officers are earned based on CTBI reaching certain earnings per share and return on assets goals after accruing for the cost of the bonuses. In 2008 and 2007, CTBI did not meet these goals, and therefore, no bonus was earned. (See the Compensation Discussion and Analysis.)

(2) This column includes the value of all option and restricted stock awards under the company stock ownership plans. The value is the amount recognized for financial statement reporting purposes with respect to fiscal years 2008, 2007, and 2006 in accordance with FAS 123(R). The assumptions used in the valuation of option awards are included in notes 1 and 13 to CTBI's consolidated financial statements for the year ended December 31, 2008 included in CTBI's Annual Report on Form 10-K filed with the SEC on March 13, 2009.

(3) The compensation represented by the amounts for 2008, 2007, and 2006 set forth in the All Other Compensation column for NEOs is detailed in the following tables.

- (a) For further information regarding the ESOP and 401(k) Plans, see the Compensation Discussion & Analysis. Company Contributions to the ESOP in 2006 for Ms. Hale and Mr. Gooch reflect retroactive reallocations to comply with certain limits on employer contributions to the ESOP. The amounts previously reported in 2006 for Ms. Hale and Mr. Gooch were \$15,262 and \$11,703, respectively. Total All Other Compensation and Total Compensation in the above tables have been restated to reflect this change.
- (b) This includes the federal and state tax gross-up of taxable income from nonqualified stock options in 2007. In addition, Mr. Wasson's perquisites in 2007 include \$1,374 for personal use of the leased value of a company automobile.
- (c) This column included excess premiums reported as taxable compensation on the NEO's W-2 for life insurance at three times salary. A similar insurance benefit at three times salary is provided to all full-time employees on a nondiscriminatory basis.

The following table sets forth the information regarding plan based awards granted to NEOs in 2008.

(1) This column shows the payouts for 2008 performance under the Senior Management Incentive Compensation Plan as described in the Incentive Based Compensation section of the Compensation Discussion & Analysis. There was no bonus payment earned for 2008.

(2) All options granted to NEOs were senior management retention options granted under the company stock ownership plans with an exercise price equal to the closing market price on the date of the grant, become exercisable after five years, and become fully exercisable upon a change in control of CTBI. Restricted stock grants were granted under the company stock ownership plans, become exercisable after five years, and become fully exercisable upon a change in control of CTBI.

(3) The grant-date fair value of stock options is measured using the Black-Scholes option-pricing model in accordance with FAS 123(R).

The following tables set forth information concerning options exercised by the NEOs during 2008 and the number and value of unexercised options held by the NEOs of CTBI at December 31, 2008.

- (1) Severance agreements with the NEOs require payment of an amount equal to 2.99 times annual base salary in the event of a change in control of CTBI followed by: (a) a subsequent involuntary termination; or (b) a voluntary termination preceded by a change in duties.
- (2) Severance agreements with the NEOs require payment of an amount equal to 2.00 times annual base salary in the event of a voluntary termination not preceded by a change in duties subsequent to a change in control of CTBI.
- (3) Stock options held by the NEOs provide for full vesting upon a change in control. In addition, upon the death or disability of the NEOs, stock options held by the NEOs become fully vested. The amounts shown represent the in-the-money value of the options that would accelerate, calculated based on the positive difference between the option exercise price and \$36.75 which was the closing price for a share of our common stock on December 31, 2008.

See the Employment Contracts, Termination of Employment and Change-in-Control Agreements section of the Compensation Discussion & Analysis for further information.
