Item 8.01 Other Events.

On August 10, 2009, AT&T Inc. (“AT&T”) announced that it had reached agreement with the Communications Workers of America (CWA) on a new, three-year contract covering approximately 23,000 employees in CWA District 9 (California and Nevada), subject to approval by these employees. The previous contract expired on April 4, 2009 and employees have continued working under the terms of the expired contract while negotiations continued.

For the vast majority of employees, the new contract provides for a 3 percent base salary increase in years one and two, a wage increase in year three of 2.75 percent, and pension band increases of two percent for each year of the agreement. For both wages and pension band increases, there is a potential cost-of-living increase based on the consumer price index for the third year. The new contract also provides for continued health care coverage with reasonable cost sharing.

Most of the impact from this contract will be reflected in AT&T financial results beginning in 2010.

Information set forth in this report contains financial estimates and other forward-looking statements that are subject to risks and uncertainties and actual results may differ materially. A discussion of factors that may affect future results is contained in AT&T’s filings with the Securities and Exchange Commission. AT&T disclaims any obligation to update or revise statements contained in this report based on new information or otherwise.
