TIME WARNER INC.
Form 425

Filed by AT&T Inc.
Pursuant to Rule 425 under the Securities Act of 1933

Subject Company: Time Warner Inc.
Commission File No.: 1-15062
Elevator Pitch (Consumer angle):
"The future of video is mobile, and the future of mobile is video.
That's why a vertical merger between AT&T and Time Warner makes sense.
Combining the complementary assets of these two companies will create a real nationwide mobile alternative to cable broadband, spur more consumer choice, and provide greater access to the video programming Americans want.
It will help us expand distribution of Time Warner's content to more people when and where they want it, ignite innovation for all viewing platforms, and spur accelerated investment in the nation's broadband infrastructure, particularly the next generation ultra-fast 5G mobile broadband networks that will one day offer consumers a competitive wireless alternative to entrenched cable companies.
Increased competition means that cable and other video providers in the internet ecosystem will need to work harder to improve their own consumer offerings.
This deal strengthens the competitive marketplace and spurs the innovation/investment cycle that the antitrust laws are designed to protect."
