PROXY STATEMENT

General. This Proxy Statement is furnished by the Board of Directors of National Retail Properties, Inc. (the “Company”) in connection with the solicitation by the Board of Directors of proxies to be voted at the annual meeting of stockholders to be held on May 19, 2016, and at any adjournment thereof, for the purposes set forth in the accompanying notice of such meeting. All stockholders of record at the close of business on March 21, 2016 (the “Record Date”), will be entitled to vote. It is anticipated that this Proxy Statement and the enclosed Proxy will be mailed to stockholders on or about March 30, 2016. The Proxy Statement and our Annual Report on Form 10-K filed with the Securities and Exchange Commission (the “SEC”) will also be available on the Internet at www.nnnreit.com/proxyvote.

When we use the words “we,” “us,” “our” or “Company,” we are referring to National Retail Properties, Inc.

Voting/Revocation of Proxy. If you complete and properly sign and mail the accompanying proxy card, it will be voted as you direct. If you are a registered stockholder and attend the meeting, you may deliver your completed proxy card in person. “Street name” stockholders who wish to vote at the meeting will need to obtain a proxy from the institution that holds their shares.

If you are a registered stockholder, you may vote by telephone (1-800-690-6903), or electronically through the Internet (<http://www.proxyvote.com>), by following the instructions included with your proxy card. If your shares are held in “street name,” please check your proxy card or contact your broker or nominee to determine whether you will be able to vote by telephone or electronically.

Any proxy, if received in time, properly signed and not revoked, will be voted at such meeting in accordance with the directions of the stockholder. If no directions are specified, the proxy will be voted FOR each of Proposals I, II, and III contained herein. Any stockholder giving a proxy has the power to revoke it at any time before it is exercised. A proxy may be revoked (1) by delivery of a written statement to the Secretary of the Company stating that the proxy is revoked, (2) by presentation at the annual meeting of a subsequent proxy executed by the person executing the prior proxy, or (3) by attendance at the annual meeting and voting in person.

Vote Required for Approval; Quorum. The nominees for director who receive a majority of the votes cast will be elected. If you indicate “withhold authority to vote” for a particular nominee by entering the number of any nominee (as designated on the proxy card) below the pertinent instruction on the proxy card, your vote will not count either for or against the nominee. As of the Record Date, 142,648,568 shares of the common stock of the Company (the “Common Stock”) were outstanding, of which 142,030,119 shares entitled the holder thereof to one vote on each of the matters to be voted upon at the annual meeting. As of the Record Date, our executive officers and directors had the power to vote approximately 0.70% of the outstanding shares of Common Stock. Our executive officers and directors have advised us that they intend to vote their shares of Common Stock FOR each of Proposals I, II, and III contained herein.

Votes cast in person or by proxy at the annual meeting will be tabulated and a determination will be made as to whether or not a quorum is present. We will treat abstentions as shares that are present and entitled to vote for purposes of determining the presence or absence of a quorum, but as unvoted for purposes of determining the approval

of any matter submitted to the stockholders. If a broker submits a proxy indicating that it does not have discretionary authority as to certain shares to vote on a particular matter (broker non-votes), those shares will not be considered as present and entitled to vote with respect to such matter. Broker non-votes with respect to the election of directors will have no effect on the outcome of the vote on that proposal.

YOUR VOTE AT THE ANNUAL MEETING IS VERY IMPORTANT TO US.

Solicitation of Proxies. Solicitation of proxies will be primarily by mail. However, our directors and officers may also solicit proxies by telephone or telegram or in person. All of the expenses of soliciting proxies, including preparing, assembling, printing

and mailing the materials used in the solicitation of proxies, will be paid by us. Arrangements may be made with brokerage houses and other custodians, nominees and fiduciaries to forward soliciting materials, at our expense, to the beneficial owners of shares held of record by such persons.

Corporate Governance

General. We are currently managed by a nine-member Board of Directors that consists of Messrs. DeFosset, Fick, Fritsch, Habicht, Lanier, Legler, Macnab, Martinez, and Susser, with Mr. Macnab serving as Chairman and Mr. Lanier serving as Lead Director. Until his death on February 28, 2016, Richard B. Jennings was also a member of our Board of Directors. Messrs. Lanier and Martinez have elected not to stand for re-election as directors at the 2016 annual meeting of shareholders. Therefore, the Board of Directors, upon the recommendation of the Governance and Nominating Committee, has elected Mr. Legler to serve as Lead Director following the 2016 annual meeting of shareholders.

The Board of Directors has adopted a set of corporate governance guidelines, which, along with the written charters for the Board committees described below, provide the framework for the Board's governance of the Company. Our corporate governance guidelines are available on our website at <http://www.nnnreit.com>.

Independence and Composition. Our corporate governance guidelines and the rules and regulations of the New York Stock Exchange, which we refer to as the NYSE listing standards, each require that a majority of the Board of Directors are "independent" directors, as that term is defined in the NYSE listing standards.

The Board of Directors has determined that Messrs. DeFosset, Fick, Fritsch, Lanier, Legler, Martinez, and Susser, representing a majority of the Board of Directors, qualify as independent directors (the "Independent Directors") as that term is defined in the NYSE listing standards. The Board of Directors made its determination based on information

furnished by all directors regarding their relationships with us and our affiliates and research conducted by management. In addition, the Board of Directors consulted with our external legal counsel to ensure that the Board's determination would be consistent with all relevant securities laws and regulations as well as the NYSE listing standards.

Leadership Structure. We have chosen Mr. Macnab to serve as both Chairman of the Board and Chief Executive Officer because we believe he will best serve the Company and its stockholders in that dual role. Mr. Macnab is intimately familiar with our business, history, industry and strategic plans and future objectives. We believe it is

4

appropriate to keep Mr. Macnab in this combined role in order to provide consistent and strong leadership and direction. Further, we believe by serving as both our Chairman and Chief Executive Officer, Mr. Macnab will be better able to provide information to the rest of the Board in order to facilitate deliberations and the decision-making process. Our corporate governance guidelines provide that the Chairman may or may not be Chief Executive Officer of the Company, but specify that if the same individual is both the Chairman and Chief Executive Officer, then the Board will annually appoint an independent lead director or, in the absence of such appointment, the chairman of the Governance and Nominating Committee will serve as independent lead director. Mr. Lanier has been appointed the independent lead director of the Board. In such role, Mr. Lanier presides as chairman when the Board meets in executive session and he serves as the interface between the Board and the Chief Executive Officer in communicating matters discussed during the executive session. Mr. Lanier, in his role as lead director, reviews and approves Board meeting schedules, agendas, and information provided to the Board.

Risk Oversight. Our management is responsible for managing the day-to-day risks associated with our business. The Board of Directors, however, is elected to provide effective oversight of our affairs for the benefit of our stockholders, and among its primary responsibilities, in accordance with our corporate governance guidelines, is overseeing management in the competent and ethical operation of the Company, reviewing and approving our business plans and corporate strategies, and adopting and evaluating policies of corporate and ethical conduct and governance. Implicit in these duties is risk oversight, the primary responsibility of which has been delegated to the Board's Audit Committee. The Audit Committee reviews with management annually, or more frequently as the Audit Committee deems necessary, our significant risks or exposures and discusses guidelines and policies to govern this process and assesses steps that management has taken to minimize such risks to the Company.

While the primary responsibility has been delegated to the Audit Committee, the Governance and Nominating Committee and the Compensation Committee consider risks within their area of responsibility. Further, each director may consult with management at any time and is encouraged to discuss with management any questions such director may have.

With respect to risks related to compensation matters, our management, together with the Compensation Committee, reviewed our compensation policies and practices for our employees in order to determine whether they are reasonably likely to have a material adverse effect on the Company. We believe that our compensation policies and practices do not promote unreasonable risk-taking behavior and are not reasonably likely to have a material adverse effect based on the following factors:

- the Compensation Committee consists solely of independent non-employee directors, and the Compensation Committee has engaged an independent, external compensation consultant to assist with creating the executive compensation program;

- the Compensation Committee maintains the right, in its sole discretion, to modify the compensation policies and practices at any time;

- the Compensation Committee has elected to use awards of restricted stock instead of other equity awards, such as stock options, because, as a REIT, which pays a large portion of its annual earnings to stockholders in the form of dividends, the Compensation Committee believes that restricted stock provides a better incentive and alignment of interest than stock options;

- restricted stock grants are intended to provide our named executive officers with a significant interest in the long-term performance of our stock;

- restricted stock awards are subject to forfeiture upon certain employment termination events;

• performance-contingent restricted stock grants tied to our three-year total shareholder returns relative to a broad REIT peer group further focus our executive officers on long-term shareholder value creation;

• bonus awards to our executive officers are reduced if balance sheet leverage exceeds levels previously approved by the Compensation Committee;

5

we have adopted a stock ownership policy for our executive officers and members of our Board which requires all directors and executive officers to own meaningful levels of Company stock;

we have adopted an insider trading policy which prohibits, among other things, trading of Company securities on a short-term basis, buying puts or calls on Company securities, short sales of Company securities, and other certain activities. We have also adopted an anti-hedging policy for directors and executive officers which prohibits all hedging activities, including, buying, selling or trading in options or other derivative securities based on Company securities;

we have adopted a pledging limitation policy for our directors and executive officers which restricts directors and executive officers from pledging shares of the Company and holding of shares of the Company in margin accounts. Directors and executive officers of the Company may pledge shares or hold shares in a margin account so long as all of the following policy requirements are met: (i) prior to pledging shares or holding shares in a margin account such director or executive officer shall notify the Chief Financial Officer, (ii) in no event shall such director or executive officer pledge more than 25% of the total vested common stock of the Company owned by such director or executive officer, (iii) in no event shall any pledged shares be counted as shares owned by such director or executive officer for purposes of complying with the Company's minimum stock ownership requirements, and (iv) in no event shall any proposed pledging of shares result in such director or executive officer falling below the minimum stock ownership requirements;

we have adopted a clawback policy for our executive officers which allows the Board to recover certain incentive compensation if the Company has a material restatement of financial results, as a result of such restatement the incentive compensation would not have been earned, and the executive officer engaged in fraud or other intentional misconduct;

none of our employees are paid commission compensation;

bonus and incentive awards to our employees eligible for bonus awards are capped; and

we base executive compensation on several critical success factors.

Given these factors, we believe we have mitigated potential short-term excessive risk-taking and aligned compensation with increasing long-term shareholder value.

Meetings and Attendance. The Board of Directors met six times in the fiscal year ended December 31, 2015. Each of the nominees serving on the Board of Directors in 2015 attended 100% of the meetings of (i) the Board of Directors and (ii) the committees of the Board of Directors on which he served. Our corporate governance guidelines provide that it is the responsibility of individual directors to make themselves available to attend scheduled and special Board meetings on a consistent basis. All of our directors were in attendance for the 2015 annual meeting of the Company's stockholders. In addition, non-management members of the Board of Directors met in executive session four times in the fiscal year ended December 31, 2015. These sessions were presided over by Mr. Lanier in his capacity as Lead Director.

Interested Party Communications. The Board of Directors has adopted a process whereby stockholders and other interested parties can send communications to our directors. Anyone wishing to communicate directly with one or more directors may do so in writing addressed to the director or directors, c/o National Retail Properties, Inc., 450 South Orange Avenue, Suite 900, Orlando, Florida 32801, attention: Secretary of the Company. All correspondence will be reviewed by the Secretary of the Company and forwarded directly to the addressee so long as, in the Secretary's discretion, such correspondence is reasonably related to protecting or promoting legitimate interests of interested

parties or the reliability of the financial markets.

Audit Committee

General. The Board of Directors has established an Audit Committee, which is governed by a written charter, a copy of which is available on our website at <http://www.nnnreit.com>. Among the duties, powers and responsibilities of the Audit Committee as provided in its charter, the Audit Committee:

6

- has sole power and authority concerning the engagement and fees of independent registered public accounting firms;
- reviews with the independent registered public accounting firm the plans and results of the audit engagement;
- pre-approves all audit services and permitted non-audit services provided by the independent registered public accounting firm;
- reviews the independence of the independent registered public accounting firm;
- reviews the adequacy and effectiveness of our internal control over financial reporting; and
- reviews accounting, auditing and financial reporting matters with our independent registered public accounting firm and management.

Independence and Composition. The composition of the Audit Committee is subject to the independence and other requirements of the Securities Exchange Act of 1934 and the rules and regulations promulgated by the SEC thereunder (the “Exchange Act”), and the NYSE listing standards.

The Board of Directors, upon the unanimous recommendation of the Governance and Nominating Committee, has determined that all current members of the Audit Committee are “independent,” as that term is defined in the NYSE listing standards and as required by the Exchange Act, and meet all audit committee composition requirements of the Exchange Act and the NYSE listing standards, and that each of Messrs. Fick, Lanier, and Susser qualifies as an “audit committee financial expert” as that term is defined in the Exchange Act.

Meetings. The Audit Committee met eight times in the fiscal year ended December 31, 2015. Between January 1, 2015, and November 9, 2015, Messrs. Fick, Fritsch, Jennings, Lanier and Martinez were the members of the Audit Committee, with Mr. Jennings serving as Chairman. Following November 9, 2015, and until Mr. Jennings' death on February 28, 2016, the Audit Committee consisted of Messrs. Fick, Fritsch, Jennings, Lanier, Martinez, and Susser, with Mr. Jennings serving as Chairman. Following Mr. Jennings' death, Mr. Fick was elected to serve as Chairman.

Governance and Nominating Committee

General. The Board of Directors has established a Governance and Nominating Committee, which is governed by a written charter, a copy of which is available on our website at <http://www.nnnreit.com>. As provided in the Governance and Nominating Committee charter, the Governance and Nominating Committee:

- identifies and recommends to the Board of Directors individuals to stand for election and re-election to the Board of Directors at our annual meeting of stockholders and to fill vacancies that may arise from time to time;

- develops and makes recommendations to the Board of Directors for the creation and ongoing review and revision of a set of effective corporate governance principles that promote our competent and ethical operation and a policy governing ethical business conduct of our employees and Directors; and

- makes recommendations to the Board of Directors as to the structure and membership of committees of the Board of Directors.

Selection of Director Nominees. Our corporate governance guidelines provide that the Governance and Nominating Committee will endeavor to identify individuals to serve on the Board of Directors who have expertise that is useful to us and complimentary to the background, skills and experience of other Board members. The Governance and Nominating Committee's assessment of the composition of the Board of Directors includes (a) skills – business and management experience, real estate experience, accounting experience, finance and capital markets experience, and an understanding of corporate governance regulations and public policy matters, (b) character - ethical and moral

7

standards, leadership abilities, sound business judgment, independence and innovative thought, and (c) composition - diversity, age and public company experience. The Governance and Nominating Committee measures its composition by taking into account the entirety of the Board and the criteria listed above rather than having any representational directors. While we do not have a formal policy on diversity, the Governance and Nominating Committee assesses its effectiveness in accounting for diversity, along with the other factors taken into account to identify director nominees, when it annually evaluates the performance of the Board and each director and periodically reviews the Company's corporate governance guidelines. The principal qualification for a director is the ability to act in the best interests of the Company and its stockholders. Each of the candidates for director named in this proxy statement have been recommended by the Governance and Nominating Committee and approved by the Board of Directors for inclusion on the attached proxy card.

The Governance and Nominating Committee also considers director nominees recommended by stockholders. See the section of this proxy statement entitled "PROPOSALS FOR NEXT ANNUAL MEETING" for a description of how stockholders desiring to make nominations for directors and/or to bring a proper subject before a meeting should do so. The Governance and Nominating Committee evaluates director candidates recommended by stockholders in the same manner as it evaluates director candidates recommended by our directors, management or employees.

Independence and Composition. The NYSE listing standards require that the Governance and Nominating Committee consist solely of independent directors. The Board of Directors, upon the unanimous recommendation of the Governance and Nominating Committee, has determined that all current members of the Governance and Nominating Committee are "independent" as that term is defined in the NYSE listing standards.

Meetings. The Governance and Nominating Committee met four times in the fiscal year ended December 31, 2015. During fiscal year 2015 and until Mr. Jennings' death on February 28, 2016, Messrs. DeFosset, Jennings and Legler were the members of the Governance and Nominating Committee, with Mr. DeFosset serving as Chairman.

Compensation Committee

General. The Board of Directors has established a Compensation Committee, which is governed by a written charter, a copy of which is available on our website at <http://www.nnnreit.com>.

Processes and Procedures for Executive and Director Compensation Determinations

Role of Compensation Committee. The Compensation Committee is responsible for discharging the responsibilities of the Board of Directors with respect to approving and evaluating compensation plans, policies and programs for our executive officers and directors and approving all awards to any executive officer, director or associate under our equity incentive plans. The Compensation Committee also serves as the administrator of our 2007 Performance Incentive Plan.

Role of Management in Compensation Determinations. The Compensation Committee considers the recommendations of our Chief Executive Officer when determining the base salary and incentive performance compensation levels of the other executive officers. Similarly, the Compensation Committee also considers the recommendations of our Chief Executive Officer when setting specific Company and individual incentive performance targets. In addition, officers may be invited to attend committee meetings. Management generally does not have a role in the setting of director compensation.

Role of Compensation Consultants. The Compensation Committee has the authority, in its sole discretion, to engage compensation consultants as needed or desired to assist the Compensation Committee in researching and evaluating executive officer and director compensation programs. Since 2012, the Compensation Committee has retained Pearl Meyer & Partners, an independent compensation consulting firm ("Pearl Meyer"), to assist the Compensation Committee in reviewing and evaluating the Company's executive and non-employee director compensation programs.

The use of independent third-party consultants provides additional assurance that our executive compensation programs are reasonable, consistent with Company objectives, and competitive with executive compensation for companies in our peer group. Pearl Meyer reports directly to the Compensation Committee, provides no other services to the Company, and regularly participates in committee meetings. The Compensation Committee assessed the independence of Pearl Meyer pursuant

8

to the applicable SEC rules and concluded no conflict of interest exists that would prevent Pearl Meyer from serving as an independent advisor to the Committee.

Delegation of Authority by the Committee. The Committee may delegate its authority to make and administer awards under our equity incentive plans to another committee of the Board of Directors or, except for awards to individuals subject to Section 16 of the Exchange Act, to one or more of our officers. On an annual basis, the Committee typically authorizes a limited number of shares of restricted stock to be awarded by our Chief Executive Officer to such of our non-executive associates as he determines, in consultation with our other executive officers.

Our executive compensation programs and philosophy are described in greater detail under the section entitled “Compensation Discussion and Analysis.”

Independence and Composition. The NYSE listing standards require that the Compensation Committee consist solely of independent directors. The Board of Directors, upon the unanimous recommendation of the Governance and Nominating Committee, has determined that all current members of the Compensation Committee are “independent” as that term is defined in the NYSE listing standards.

Meetings. The Compensation Committee met four times in the fiscal year ended December 31, 2015. During fiscal year 2015 and as of February 17, 2016, Messrs. DeFosset, Fick, Fritsch, Legler and Martinez were the members of the Compensation Committee, with Mr. Legler serving as Chairman.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee is or was previously an officer or employee of the Company, and no executive officer of the Company serves on the board of directors of any company at which any member of the Compensation Committee is employed.

(1) The awards shown in column (c) represent annual grants made to directors of the Company. The amounts represent the grant date fair value with respect to the fiscal year in accordance with FASB ASC Topic 718.

(2) The cash fees and stock awards earned by Mr. Legler, as well as the stock awards earned by Mr. Fick, are deferred into shares of our common stock under our Deferred Fee Plan, which is described in greater detail below.

The Company only compensates non-employee directors for services provided as directors of the Company. Following a study by Pearl Meyer which found that total compensation levels for our directors were below the median of industry peers (as identified in “Executive Compensation-Compensation Discussion and Analysis-Benchmarking”),

9

effective July 1, 2015, board compensation was set at \$180,000 per year, payable in quarterly increments. Non-employee directors may elect to receive up to \$72,000 of their annual compensation in the form of cash, with the remainder paid in shares of the Company's Common Stock. Additionally, the Lead Director, the Chairman of the Audit Committee, the Chairman of the Compensation Committee and the Chairman of the Governance and Nominating Committee receive \$36,000, \$25,000, \$18,000 and \$13,000, respectively. Additionally, each non-chair member of the Audit Committee, Compensation Committee and Governance and Nominating Committee receives \$10,000, \$7,500, and \$5,000, respectively.

Pursuant to our corporate governance guidelines, each of our non-employee directors is required to own our Common Stock equivalent to three times the annual board compensation within five years of becoming a board member. The Compensation Committee reviews progress toward meeting these ownership requirements annually, and each of the nominees that have served on the Board of Directors for the requisite number of years exceed the ownership requirements.

A Deferred Fee Plan was established by the Company for the benefit of its directors and their beneficiaries. A director may elect to defer all or part of his or her director's fees to be earned in any calendar year by filing a deferred fee agreement with the Company no later than December 15 of the previous year. A director has the option to have deferred fees paid in cash, in shares of Common Stock or in a combination of cash and Common Stock. If the director elects to have the deferred fees paid in stock, the number of shares allocated to the director's stock account is determined based on the market value of the Common Stock on the day the deferred director's fees were earned. A director is entitled to receive the vested portion of the amounts credited to his or her deferred fee account on the earlier of the occurrence of a change of control or the time specified in such director's fee agreement. The Deferred Fee Plan was amended by the Compensation Committee on May 30, 2008, for compliance purposes pursuant to Section 409A of the Internal Revenue Code of 1986, as amended (the "Code").

The following table sets forth fees deferred into shares of Common Stock by directors under the Deferred Fee Plan.

AUDIT COMMITTEE REPORT

The information contained in this report shall not be deemed to be “soliciting material” or to be “filed” with the SEC, nor shall such information be incorporated by reference into any previous or future filings under the Securities Act of 1933 (the “Securities Act”) or the Exchange Act except to the extent that the Company incorporated it by specific reference.

Management is responsible for the Company’s financial statements, internal controls and financial reporting process. The independent registered public accounting firm is responsible for performing an independent audit of the Company’s consolidated financial statements in accordance with auditing standards generally accepted in the United States of America and to issue a report thereon. The Audit Committee’s responsibility is to monitor and oversee these processes. The Audit Committee is governed by a charter, a copy of which is available on our website at <http://www.nnnreit.com>. The Audit Committee charter is designed to assist the Audit Committee in complying with applicable provisions of the Exchange Act and the NYSE listing standards, all of which relate to corporate governance and many of which directly or indirectly affect the duties, powers and responsibilities of the Audit Committee.

Review and Discussions with Management and Independent Registered Public Accounting Firm. In this context, the Audit Committee has met and held discussions with management and the independent registered public accounting firm. Management represented to the Audit Committee that the Company’s consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America, and the Audit Committee has reviewed and discussed the audited consolidated financial statements with management and the independent registered public accounting firm. The Audit Committee discussed with the independent registered public accounting firm matters required to be discussed by Statement on Auditing Standards No. 16, issues regarding accounting and auditing principles and practices, and the adequacy of internal control over financial reporting that could significantly affect the Company’s financial statements.

The Company’s independent registered public accounting firm also provided to the Audit Committee the written disclosures and letter required by applicable requirements of the Public Company Accounting Oversight Board (the “PCAOB”) regarding the independent accountant’s communications with the Audit Committee concerning independence, and the Audit Committee discussed with the independent registered public accounting firm that firm’s independence. The Audit Committee has reviewed the original proposed scope of the annual audit of the Company’s financial statements and the associated fees and any significant variations in the actual scope of the audit and fees.

Conclusion. Based on the review and discussions referred to above, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company’s Annual Report on Form 10-K for the year ended December 31, 2015, filed with the SEC.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Summary

We design our executive compensation program in order to maintain our ability to attract and retain talented and experienced executive officers. Our Compensation Committee (for purposes of this discussion, the "Committee") seeks to provide compensation that is not only competitive relative to our peer group, but also structured so as to align our executives' short-term and long-term interests with the interests of our stockholders. Accordingly, the Committee seeks to incentivize our executive officers and emphasize pay-for-performance by basing a significant portion of compensation on achievement of critical success factors. The primary elements of our total compensation program for our named executive officers ("NEOs") include base salary, annual cash incentives and long-term equity-based incentives. We have designed a compensation program that makes a substantial percentage of executive pay variable, subject to increase and decrease based on actual versus planned corporate performance and total shareholder returns relative to our peers. In addition, executive officers are subject to market competitive stock ownership guidelines.

Executive Compensation Program. In 2015, the Committee approved annual incentive awards and long-term incentive awards. Annual incentives are tied to the achievement of performance goals based on our funds from operation ("FFO") per share, excluding any impairments, and are subject to downward adjustment if our debt leverage ratio exceeds a cap established by the board. For 2015, the Committee approved long-term incentive compensation through grants of the following: (i) service-based restricted stock vesting ratably over four years, and (ii) performance-based restricted stock awards, the vesting of which is tied to the three-year relative total shareholder return of the Company compared to a broad group of REIT companies as of December 31, 2017.

Restricted Stock. Restricted stock grants are intended to provide our NEOs with a significant interest in the long-term performance of our stock. The Committee has elected to use awards of restricted stock instead of other equity awards, such as stock options, because, as a REIT, which pays a large portion of its annual earnings to stockholders in the form of dividends, we believe that restricted stock provides a better incentive and alignment of interest than stock options. The Committee has determined that our desired compensation objectives are better achieved by awarding restricted stock. The Company did not issue any stock options to its executive officers in 2015, and there are no outstanding stock options. Consistent with our pay for performance philosophy, half of the target long-term incentive award opportunity for our NEOs is provided in the form of performance-contingent restricted stock grants.

2015 Business Results. The following are some of the highlights of our business results in 2015:

Generated recurring FFO per share of \$2.22 per share and Adjusted FFO of \$2.27 per share, reflecting an increase of 6.7% and 7.1%, respectively;

- Dividends increased to \$1.71 per share marking the 26th consecutive year of annual dividend increases;
- Invested \$726.3 million in 221 properties at a projected 7.2% initial cash return on assets;
- Sold 19 properties for \$39.1 million;
- Balance sheet leverage and portfolio property occupancy remained at sector leading levels; and

Delivered annualized total return to shareholders of 6.4%, 13.8% and 14.2% for the past one, three and five years ending December 31, 2015.

The common stock of the Company currently is traded on the NYSE under the symbol “NNN.” Set forth below is a line graph comparing the cumulative total stockholder return on NNN’s common stock, based on the market price of the common stock and assuming reinvestment of dividends, with the FTSE National Association of Real Estate Investment Trusts Equity Index (“NAREIT”) and the S&P 500 Index (“S&P”) for the five-year period commencing December 31, 2010, and ending December 31, 2015. The graph assumes an investment of \$100 on December 31, 2010.

The graph assumes an investment of \$100 on December 31, 2005.

Comparison to Ten-Year Cumulative Total Return

2015 Compensation Highlights. The following are some of the highlights related to the 2015 compensation of our executive officers:

The Committee approved base salary increases averaging 3.6% and ranging from 2.0% to 6.0% to bring all NEOs' base salaries in line with peer group 50th percentile (or "median") base salaries;

The Committee approved annual cash incentive award opportunities for NEOs, based on position, with potential awards ranging from 55% to 75% for "threshold" performance, 110% to 150% for "target" performance, and 165% to 225% for "maximum" performance, expressed as a percentage of each executive's base salary, with any earned awards, subject to downward adjustment of up to 20% of the funded award levels if our leverage exceeded the 57.5% cap established by the board for 2015;

Based on our FFO (excluding impairments) per share results, which exceeded maximum performance goals, the Committee approved payment of annual cash incentive compensation for 2015 at maximum award levels, ranging from 150% to 225% of each executive officer's base salary;

The Committee approved total long-term incentive award opportunities for NEOs, based on position and maximum performance results, for the three-year period ending December 31, 2017, ranging from 160% to 315% of each executive's base salary, if any;

The Committee engaged Pearl Meyer as an independent third-party compensation consultant in order to assist in the development and evaluation of the executive compensation program. Pearl Meyer was not engaged for any non-compensation related services; and

The Committee concluded that our compensation policies and practices do not promote unreasonable risk-taking behavior and are not reasonably likely to have a material adverse effect on the Company.

2015 Say on Pay Voting Results

In 2015, we submitted our executive compensation program to an advisory vote of our shareholders (also known as “Say on Pay”). Approximately 96.0% of voting shareholders at the 2015 annual meeting approved our executive compensation program. The Committee considered such strong shareholder support as an endorsement of the Company’s executive compensation program and policies and the Committee intends to continue the pay-for-performance program that is currently in place. The Committee values the opinions of our stockholders and will continue to consider those opinions when making future executive compensation decisions.

Objectives of Compensation Program

We believe our success is largely attributable to the talent and dedication of our employees (whom we refer to as associates) and to the management and leadership efforts of our executive officers. Our goal is to establish a compensation program that will attract and retain talented corporate officers, motivate them to perform to their fullest potential, and align their long-term interests with the interests of our stockholders.

What Our Compensation Program is Designed to Reward and Other Policies

We believe that the most effective compensation program is one that is designed to reward the achievement of specific annual, long-term and strategic goals, and which aligns executives’ interests with those of the stockholders by rewarding performance that meets or exceeds established goals, with the ultimate objective of improving stockholder value. Our Committee evaluates both performance and compensation to ensure that we maintain our ability to attract and retain superior executive officers and that compensation provided to our executive officers is appropriately aligned with performance and remains competitive relative to the compensation paid to similarly situated executives of our peer companies. In making compensation decisions, the Committee considers the compensation practices and financial performance of REIT and other industry participants and from time to time receives assessments and advice regarding compensation practices from third party compensation consultants. In evaluating performance, the Committee considers quantitative and qualitative improvement in factors such as FFO per share based metrics, capital structure, absolute and relative stockholder returns, individual performance, and contribution to corporate goals and objectives. Additionally, the Committee takes into account our general performance, the executive officer’s past performance, the executive officer’s anticipated performance and contribution to our achievement of our long-term goals, and the position, level and scope of the executive officer’s responsibility.

We believe that our compensation program for executive officers, which includes the use of performance-based and service-based restricted stock awards, results in a significant alignment of interest between these individuals and our stockholders. Under our corporate governance guidelines, within five years of becoming a Covered Person, as defined by the Committee, executive officers are required to own our Common Stock (including restricted stock) equal to a minimum of five times the annual base salary for CEO and three times their annual base salary for all other executive officers. The Committee reviews progress toward meeting these guidelines annually and each executive officer exceeds the stock ownership guidelines. In addition, beginning with all restricted stock grants in 2010, and continuing with all subsequent restricted stock grants, the Committee eliminated tax gross ups on all such grants for all executive officers and does not intend to provide tax gross ups on any future restricted stock grants. Additionally, we have adopted a clawback policy for our executive officers which allows the Board to recover certain incentive compensation if the Company has a material restatement of financial results, as a result of such restatement the incentive compensation would not have been earned, and the executive officer engaged in fraud or other intentional

misconduct.

16

Accounting and Tax Considerations

We have selected compensation elements that help us achieve the objectives of our compensation program and not because of preferential financial accounting or tax treatment. However, when awarding compensation, the Committee is mindful of the accounting impact of the compensation expense of each compensation element. In addition, Section 162(m) of the Code provides that public companies cannot deduct for federal income tax purposes non-performance-based compensation paid to certain NEOs in excess of \$1.0 million per year. While we have not adopted a policy requiring that all compensation be deductible and expect that we may pay compensation that is not deductible when necessary to achieve our compensation objectives, we consider the consequences of Section 162(m). Under our 2007 Performance Incentive Plan, a portion of our restricted stock awards are intended to be performance-based grants that are exempt from the deduction limits of Section 162(m).

In 2015, Retail Properties of America and Spirit Realty Capital were added, and Acadia Realty Trust, BioMed Realty Trust and Lexington Realty Trust were removed, from the Peer Group in order to better reflect the retail property character of our portfolio. The Peer Group consists of 13 publicly-traded REITs operating across a variety of property sectors, with a primary focus on the retail sector, recognizing that the Company competes with REITs across all

property sectors for capital and executive talent. Relative to the Peer Group, the Company's total assets and equity market

17

capitalization are between the Peer Group 50th and 75th percentiles. In determining 2015 pay opportunities for executive officers, the Committee considered the compensation of our executive officers as compared to the compensation of executive officers of companies in our Peer Group. Pearl Meyer provided the Committee with a detailed analysis of the compensation of our executive officers as compared to the executive officers of companies in our Peer Group, with the overall objective of providing target total pay opportunities comparable to those provided by industry peers, and actual pay that is directionally aligned with performance relative to peers. For the past one, three, five, and ten years ending December 31, 2015, our total return to shareholders was above the median total return of the Peer Group.

We believe that our compensation, benchmarked against our Peer Group, provides an appropriate mix of fixed and variable pay, balances short-term operational performance with long-term shareholder value creation, and encourages executive recruitment and retention. The Committee compared base salary and total compensation for our executive officers against the Peer Group, generally focusing on targeting total pay opportunities between the 50th and 75th percentiles in recognition of the Company's use of stretch performance goals. Compared with the Peer Group, 2015 base salaries for each of our NEOs were comparable with that of the Peer Group median. Cash compensation for each of our NEOs, comprised of base salary and "target" annual cash incentive bonus, was in line with the Peer Group median. Total "target" compensation for our NEOs, including base salary, "target" cash bonus and "target" equity incentive awards, ranged between the 50th and 75th percentiles of the Peer Group median, and in the aggregate was equal to 103% of the Peer Group median.

2015 Executive Compensation Components and How They Relate to Our Objectives

For the fiscal year ended December 31, 2015, base salary, annual cash incentives, cash bonus, and long-term equity-based incentives were the principal components of compensation for the NEOs. Executives also receive certain benefits and other perquisites. We believe that these compensation components provide an appropriate mix of fixed and variable pay, balances short-term operational performance with long-term shareholder value, and encourages executive recruitment and retention. Total "target" compensation mix for NEOs was 22% base salary, 24% cash incentive bonus and 51% long-term incentive compensation which is comparable with the Peer Group 50th percentile target compensation mix.

The differences in the amounts of compensation awarded to the NEOs are primarily a result of comparing each executive's compensation against corresponding market values for industry peers and giving consideration to differences in position and responsibilities among the Company's NEOs. The responsibilities for each named executive officer are as follows: (i) Mr. Macnab, our Chairman and Chief Executive Officer, is responsible for developing, defining, implementing and executing the Company's corporate strategy, policies, mission, philosophy, goals and objectives; (ii) Mr. Whitehurst, our President and Chief Operating Officer, is responsible for overseeing the day-to-day operations of the Company including its acquisitions, dispositions, development, property management, underwriting, structured finance, human resources, and legal departments; (iii) Mr. Habicht, our Executive Vice President, Chief Financial Officer, Treasurer and Assistant Secretary, is responsible for overseeing all capital, financial reporting, tax, information technology and corporate communication matters of the Company and assisting the corporate secretary with his duties; (iv) Mr. Bayer, our Executive Vice President and Chief Investment Officer, is responsible for overseeing the leasing,

asset management, due diligence and underwriting groups of the Company; and (v) Mr. Tessitore, our Executive Vice President, General Counsel and Secretary, is responsible for overseeing all legal matters involving the Company, all insurance matters, certain risk management matters, and maintaining corporate minutes for board, committee, stockholder and other meetings. Our Committee believes that the different levels of compensation provided to the NEOs are commensurate to the responsibilities of each executive.

Base Salary

The Committee sets and adjusts the base salaries of our NEOs based on the qualifications, experience, scope of responsibilities and past performance of each executive, the practices of and salaries awarded by our Peer Group, and other factors deemed appropriate by the Committee. The base salary of each named executive officer has been below the Peer Group median in recent years. Based on these criteria and consistent with the Committee's plan to make base salaries more comparable to the median base salaries of the Peer Group, the Committee approved 2015 base salary increases for our NEOs ranging from 2.0% to 6.0% (3.6% weighted average). After these increases, 2015 base salaries for NEOs were comparable with median levels for the Peer Group, ranging from 94% to 102% of median levels.

Annual Incentive Compensation

Cash Incentive Bonus. We believe that a significant portion of each NEO's total compensation should be provided in the form of incentive compensation. For 2015, the Committee approved annual cash incentive bonus opportunities based upon per share profitability tempered with potential reductions in bonus amounts if balance sheet leverage rose above 50%. Profitability was based on FFO per share, excluding impairments, and ranged from \$2.08 per share for "threshold" performance to \$2.16 per share for "target" level performance to \$2.22 per share for "maximum" performance. Each NEO's bonus opportunity for threshold, target and maximum performance is set forth in the table below. Straight line interpolation is used to determine awards for results in between performance levels. The Committee reserved the right, in its sole discretion, to review and further modify the executive compensation program.

Position	2015 Annual Cash Incentive Bonus Opportunity (as % of Base Salary)			2015 Actual
	Threshold	Target	Maximum	
Chairman & Chief Executive Officer	75.0%	150%	225.0%	225.0%
President & Chief Operating Officer	57.5%	115%	172.5%	172.5%
EVP, CFO, Asst Secretary, & Treasurer	57.5%	115%	172.5%	172.5%
EVP & Chief Investment Officer	55.0%	110%	165.0%	165.0%
EVP & General Counsel	55.0%	110%	165.0%	165.0%

Executive officers receiving a cash incentive bonus may elect to have such bonus paid in cash or in stock of the Company. If an NEO elects to have the cash incentive bonus paid in stock, the NEO is entitled to receive restricted stock in an amount equal to 125% of the cash incentive bonus, vesting on the third anniversary from grant date based on continued service.

Based on our actual 2015 FFO per share results of \$2.22 per share (excluding impairments), which exceeded maximum performance goals, the Committee approved annual cash incentive bonus awards for NEOs ranging from 165% to 225% of base salary. Additionally, the Committee determined that these payments were consistent with the strong performance of the executive management team. These cash incentive awards are reflected in the "Non-Equity

Incentive Plan Compensation” column of the Summary Compensation Table below.

Long-Term Incentive Compensation

For 2015, the Committee approved long-term incentive compensation opportunities for executive officers provided through an equally weighted mix of performance-based restricted stock and service-based restricted stock. Total target award opportunities for NEOs ranged from 160% to 315% of base salary, varying by position, as set forth in the table below.

Position	2015 Target Long-Term Incentive Award Opportunity (as % of Salary)		
	Performance Restricted Shares	Service Restricted Shares	Total Target Award
Chairman & Chief Executive Officer	157.5%	157.5%	315%
President & Chief Operating Officer	120%	120%	240%
EVP, CFO, Assistant Secretary, & Treasurer	100%	100%	200%
EVP & Chief Investment Officer	80%	80%	160%
EVP & General Counsel	80%	80%	160%

Service-based restricted stock vests annually over a four-year period to enhance retention and promote long-term equity ownership. Performance-based restricted stock vests, if at all, at the end of three years on January 1, 2018. Vesting for performance-based restricted stock is tied to our total shareholder return relative to other companies in the NAREIT All Equity REIT Index for the three-year period ending December 31, 2017. The Committee chose this comparator group to allow for performance assessments within our applicable industry group. Total Shareholder Return ("TSR") includes stock price appreciation plus dividends over the three-year period, with calculations for the Company and comparators based on ten-day average closing stock prices leading up to the start and end of the measurement period. Performance levels and corresponding award funding levels for 2015 performance-based restricted stock grants are summarized in the following table.

Performance Level	3-Year Relative TSR Positioning	% of Target Award Funded
Below Threshold	Below 33 rd Percentile	0%
Threshold	33 rd Percentile	50%
Target	50 th Percentile	100%
Superior	75 th Percentile or Above	200%

For performance-based restricted share grants, 50% of the corresponding target award opportunity is earned for threshold performance, 100% for target performance, and 200% for maximum performance. No performance-based shares are earned for results below the threshold level. Straight line interpolation is used to determine awards for results in between performance levels.

In setting long-term incentive award levels for 2015, the Committee considered resulting total compensation, including base salary, bonus awards, and long-term incentives compared against the Peer Group 50th and 75th percentile market values, to account for the Company's use of stretch performance goals. The number of shares of service-based restricted stock and performance-based restricted stock granted was based on the average closing share price of our Common Stock for ten days prior to the grant date (\$41.445 per share). Accordingly, the Committee approved grants of service-based restricted stock and target grants of performance-based restricted stock to Messrs. Macnab (28,502 service-based and 28,502 performance-based shares), Whitehurst (14,767 service-based and 14,767 performance-based shares), Habicht (10,194 service-based and 10,194 performance-based shares), Bayer (6,852 service-based and 6,852 performance-based shares), and Tessitore (6,852 service-based and 6,852 performance-based shares) as shown in the Grants of Plan-Based Awards Table. The service-based restricted stock shall vest pro-rata in annual increments over a four-year period, and performance-based restricted stock shall vest at the end of the three-year period on January 1, 2018, to the extent earned.

Executive officers are entitled to receive dividends on unvested shares of service-based restricted stock. Dividends payable on performance-based restricted stock will accumulate and be payable to the executive officers only if and to

20

the extent the shares vest. No tax gross ups shall be paid to the executive officers on any service-based restricted stock nor on any performance-based restricted stock.

In 2013, the executive officers were granted a performance-based restricted stock award as part of the 2013 executive compensation plan. Vesting for this award was tied to our total shareholder return relative to all Equity REITs in the NAREIT Index for the three-year period ending December 31, 2015. The Company's total shareholder return during this period was in the 63.0 percentile compared to all Equity REITs in the NAREIT Index. The amounts earned from this award are included for our NEOs in the Summary Compensation Table below in column (g) despite the fact these awards were granted in 2013 as part of the 2013 executive compensation plan and earned over the past three years. As a result, executive officers earned approximately 152% of the target number of shares granted. These shares are included in the Outstanding Equity Awards at Fiscal Year End.

Benefits and Other Perquisites

We provide benefits to our executive officers under the National Retail Properties, Inc. Retirement Plan. We do not sponsor a defined benefit pension plan for our executive officers or any other associates. Our NEOs are eligible to receive, on the same basis as other associates, employer matching contributions under the plan. This allows our executive officers to save for retirement on a tax-deferred basis through the Section 401(k) savings feature of the plan, with the Company-funded portion of these benefits based on matching the contributions of the executive officers.

Our NEOs are also eligible to participate in the other employee benefit and welfare plans that the Company maintains on similar terms as associates who meet applicable eligibility criteria.

We do not consider perquisites to be a principal component of our executive officers' compensation. Costs attributed to the perquisites and other personal benefits afforded to the named executive officers for the fiscal year ended December 31, 2015, are shown in the "Other Compensation" column of the Summary Compensation Table below.

We believe that our executive officer benefit and perquisite programs provided are reasonable and competitive with benefits and perquisites provided to executive officers of other REITs, and are necessary to sustain a fully competitive executive compensation program.

The initial expiration date for each employment agreement was as follows: (a) May 16, 2011, for Mr. Macnab; (b) August 17, 2011, for Messrs. Habicht and Whitehurst; and (c) January 2, 2011, for Messrs. Bayer and Tessitore. Messrs. Macnab, Habicht, Whitehurst, Bayer, and Tessitore are collectively referred to herein as the

“Executives” and each, an “Executive.” Each agreement contains severance provisions that provide for payment to the Executive upon the occurrence of certain events, including death or disability, termination by the Company for “cause” or by the Executive without “good reason,” termination by the Company without “cause” or by the Executive with “good reason,” and termination upon expiration of the employment agreement. In the event the Executive is unable to perform his job duties due to death or disability, each agreement provides for payment of his accrued salary, a prorated performance bonus and, for a period of one year following termination of the agreement due to death, health benefits under the

25

Company's health plans and programs to the Executive's dependents. In the event the Executive is terminated by the Company for "cause" or the Executive terminates his employment agreement without "good reason," the Executive is entitled to his accrued salary and benefits prior to the date of termination.

Each agreement and the Executive Compensation Program also contain severance provisions that call for payment to the Executive of the following amounts in the event that he is terminated without "cause" or he resigns for "good reason":

- accrued and unpaid salary through the date of termination;

- a cash payment equal to 200% (with respect to Messrs. Bayer and Tessitore), 250% (with respect to Messrs. Habicht and Whitehurst), and 300% (with respect to Mr. Macnab) of his respective annual salary;

- a cash payment equal to 200% (with respect to Messrs. Bayer and Tessitore), 250% (with respect to Messrs. Habicht and Whitehurst), and 300% (with respect to Mr. Macnab) of his respective average bonus for the last three years of employment under the agreement;

- immediate vesting of his service-based restricted stock awards, stock options and other equity awards, and all performance-based awards will be allowed to run their course to determine the performance level, and the executive officers will receive such award upon vesting;

- for a period of one year after termination (but in no event after the Executive becomes eligible to receive benefits of the same type from another employer), health benefits under the Company's health plans and programs generally available to senior executives of the Company; and

- in the event of such a termination upon or after a "change of control," a prorated annual non-equity bonus at the target level for the year in which termination occurred.

Under each employment agreement and the Executive Compensation Program, in the event the agreement naturally terminates at the end of its term because the Company elects not to renew, the Executive will be entitled to the following severance payments:

- accrued and unpaid salary through the date of termination;

- a cash payment equal to 100% of his annual salary;

- service-based restricted stock awards will accelerate on a pro rata amount based on the date of termination; and all performance-based units and restricted stock awards will be allowed to run their course to determine the performance level and the executive officers will receive a pro rata share based on the date of termination;

- for a period of one year after termination (but in no event after the Executive becomes eligible to receive benefits of the same type from another employer), health benefits under the Company's health plans and programs generally available to senior executives of the Company; and

- a prorated annual non-equity bonus at the target level for the year in which termination occurred.

In addition to the foregoing payments, each Executive will be entitled to gross-up payments to the extent such payments result in the imposition of excise tax, interest or penalties. The Committee does not intend to provide excise tax gross-up payments in any future employment agreements.

“Cause” is defined in each Executive’s agreement as the Executive’s:

conviction of (or pleading nolo contendere to) an indictment or information that is filed against Executive and is not discharged or otherwise resolved within 12 months thereafter, and said indictment of information charged Executive with a felony, any crime of moral turpitude, fraud or any act of dishonesty or any crime which is

26

likely to result in material injury, either monetarily or otherwise, to the Company or any of its majority-owned subsidiaries;

- the continued failure by Executive substantially to perform his duties or to carry out the lawful written directives of the Board of Directors;

material breach of a fiduciary duty, including disclosure of any conflicts of interest that are known to the Executive, or with reasonable diligence should be known, relating to Executive's employment with the Company, or otherwise engaging in gross misconduct or willful or gross neglect (in connection with the performance of his duties) which is materially injurious, either monetarily or otherwise, to the Company or any of its majority-owned subsidiaries; or

material breach of the non-competition and confidentiality clauses set forth in his employment agreement.

"Good reason" is defined in each agreement, unless otherwise consented to by Executive, as:

a material reduction in Executive's position, authority, duties or responsibilities;

a reduction in the annual salary of Executive;

the relocation of Executive's office to more than 50 miles from the Company's principal place of business in Orlando, Florida;

the Company's material breach of his employment agreement;

the Company's failure to obtain an agreement from any successor to the business of the Company by which the successor assumes and agrees to perform his employment agreement; or

with respect to Mr. Macnab, a change in Executive's reporting responsibilities such that he is no longer reporting directly to the Board of Directors.

"Change of control," as defined in each agreement, means:

a "person" or "group" (which terms shall have the meaning they have when used in Section 13(d) of the Exchange Act) (other than the Company, any trustee or other fiduciary holding securities under an employee benefit plan of the Company, any corporation owned directly or indirectly, by the stockholders of the Company in substantially the same proportions as their ownership of voting securities of the Company) becomes (other than solely by reason of a repurchase of voting securities by the Company), the "beneficial owner" (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of 40% or more of the combined voting power of the Company's then total outstanding voting securities, provided, however, that in no event shall a change of control for purposes of each agreement be deemed to have arisen merely by virtue of a "person" or "group" having become a direct or indirect owner of Company securities (such that a change of control would otherwise have been deemed to have occurred), if the Executive is a member of such person or group; or

the Company consolidates with or merges with or into another corporation or partnership or conveys, transfers or leases, in any transaction or series of transactions, all or substantially all of its assets to any corporation or partnership, or any corporation or partnership consolidates with or merges with or into the Company, in any event pursuant to a transaction in which the outstanding voting stock of the Company is reclassified or changed into or exchanged for cash, securities or other property, other than any such transaction where (i) the outstanding voting securities of the Company are changed into or exchanged for voting securities of the surviving corporation and (ii) the persons who

were the beneficial owners of the Company's voting securities immediately prior to such transaction beneficially own immediately after such transaction 50% or more of the total outstanding voting power of the surviving corporation, or the Company is liquidated or dissolved or adopts a plan of liquidation or dissolution.

The amount of compensation payable to each Executive upon any termination is shown below. All estimates are based on an assumed termination date of December 31, 2015. The actual payments due on terminations occurring on different dates could materially differ from the estimates in the table.

PROPOSAL II

ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the “Dodd-Frank Act”) enables our stockholders to vote, on a non-binding advisory basis, to approve the compensation of our named executive officers as disclosed in this proxy statement.

As described in detail under the heading “Executive Compensation-Compensation Discussion and Analysis,” our executive compensation programs are designed to attract and retain our named executive officers, motivate them to perform to their fullest potential, and align their interests with the interests of our stockholders. Under these programs, our named executive officers are rewarded for the achievement of specific annual, long-term and strategic and corporate goals. Please read the Compensation Discussion and Analysis for additional details about our executive compensation programs and policies, including information about the fiscal 2015 compensation of our named executive officers.

The Compensation Committee continually reviews the compensation programs for our named executive officers to ensure they achieve the desired goals of aligning our executive compensation structure with our stockholders’ interests and current market practices. We are asking our stockholders to indicate their support for our named executive officer compensation as described in this proxy statement. This proposal, commonly known as a “say-on-pay” proposal, gives our stockholders the opportunity to express their views on our named executive officers’ compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. Accordingly, we will ask our stockholders to vote for the following resolution at the annual meeting:

“RESOLVED, that the Company’s stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company’s Proxy Statement for the 2016 Annual Meeting of Stockholders pursuant to the rules and regulations of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table and the related tables and disclosure.”

While this vote is advisory, and therefore not binding on the Company, the Compensation Committee or our Board of Directors, we value the opinions of our stockholders and will consider those opinions and the vote outcome when making future compensation decisions for our named executive officers.

The Board of Directors unanimously recommends a vote FOR the approval of the compensation of our named executive officers, as disclosed in this proxy statement.

PROPOSAL III

RATIFICATION OF
ERNST & YOUNG LLP AS THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee appointed Ernst & Young LLP to serve as the Company's principal independent registered public accounting firm to audit the Company's financial statements for the year ending December 31, 2016, to review quarterly interim results and to perform other appropriate accounting services. We are requesting ratification of such appointment by the stockholders.

Ernst & Young LLP has acted as our independent registered public accounting firm for our two most recent fiscal years and our Audit Committee currently believes that we should continue our relationship with Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2016. In the event that the stockholders do not ratify this appointment by the requisite vote, the Audit Committee will reconsider its appointment of Ernst & Young LLP.

A representative of Ernst & Young LLP will be present at the annual meeting and will be provided with the opportunity to make a statement if desired. Such representative will also be available to respond to appropriate questions.

Fiscal 2015 and 2014 Audit Firm Summary. During the fiscal years ended December 31, 2015 and 2014, we retained Ernst & Young LLP to provide services in the following categories and amounts:

	Fiscal Year 2015	Fiscal Year 2014
Audit Fees ⁽¹⁾	\$1,270,166	\$1,216,135
Audit Related Fees ⁽²⁾	—	—
Total Audit and Audit Related Fees	1,270,166	1,216,135
Tax Fees ⁽³⁾	73,391	32,600
All Other Fees	—	—
Total Fees	\$1,343,557	\$1,248,735

⁽¹⁾ Audit fees include the audit fee and fees for comfort letters, attest services, consents and assistance with and review of documents filed with the SEC (including those related to securities offerings). Aggregate fees billed by Ernst & Young LLP associated with the issuance of comfort letters to underwriters in connection with securities offerings amounted to \$168,290 and \$130,180 in 2015 and 2014, respectively.

⁽²⁾ Audit related fees consist of fees incurred for consultation concerning financial accounting and reporting standards, performance of agreed-upon procedures, and other audit or attest services not required by statute or regulation.

⁽³⁾ Tax fees consist of fees for tax compliance services and consulting.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Accountants. Consistent with SEC policies regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the independent accountants. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent accountants.

Prior to engagement of the independent accountants for the next year's audit, management will submit to the Audit Committee for approval an aggregate of services expected to be rendered during that year for each of the services

described above in the captions Audit Fees, Audit Related Fees and Tax Fees.

Prior to engagement, the Audit Committee pre-approves these services by category of service. The fees are budgeted and the Audit Committee requires the independent accountants and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent accountants for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging the independent accountants.

For the fiscal years ended December 31, 2015 and 2014, the Audit Committee pre-approved 100% of services described above in the captions Audit Related Fees and Tax Fees. For the fiscal year ended December 31, 2015, no hours expended on Ernst & Young LLP's engagement to audit our financial statements were attributed to work performed by persons other than full-time, permanent employees of Ernst & Young LLP.

Pursuant to our Audit Committee charter, the Audit Committee may delegate pre-approval authority to the chairman of the Audit Committee, who shall promptly advise the remaining members of the Audit Committee of such approval at the next regularly scheduled meeting.

The Board of Directors unanimously recommends a vote FOR ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2016.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's officers and directors, and persons who own more than ten percent of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the SEC and the New York Stock Exchange. Officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish the Company with copies of all Forms 3, 4 and 5 they file.

Based solely on the Company's review of the copies of such forms it has received, written representations from certain reporting persons that they were not required to file Forms 5 for the last fiscal year and other information known to the Company, the Company believes that all its officers, directors and greater than ten percent beneficial owners complied with all filing requirements applicable to them with respect to transactions filed during fiscal year 2015.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Audit Committee is charged with monitoring and reviewing the material facts of any transactions with related parties and either approving or disapproving the entry into such transactions. The Audit Committee has adopted a written policy governing transactions with related parties. In determining whether to approve or ratify a transaction with a related party, the Audit Committee will take into account, among other factors it deems appropriate, whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related party's interest in the transaction.

OTHER MATTERS

The Board of Directors does not know of any matters to be presented at the annual meeting other than those stated above. If any other business should come before the annual meeting, the person(s) named in the enclosed Proxy will vote thereon as he or they determine to be in the best interests of the Company.

PROPOSALS FOR NEXT ANNUAL MEETING

Any stockholder proposal to be considered for inclusion in the Company's proxy statement and form of proxy for the annual meeting of stockholders to be held in 2017 must be received at the Company's office at 450 South Orange Avenue, Suite 900, Orlando, Florida 32801, no later than December 1, 2016.

Stockholders desiring to make nominations for directors and/or to bring a proper subject before a meeting should do so by notice delivered to the Secretary of the Company. The proxy for the 2017 annual meeting will grant discretionary authority to vote with regard to nominations and proposals unless (a) notice is received by December 1, 2016, and (b) the conditions set forth in Rule 14a-4(c)(2)(i)-(iii) under the Exchange Act are met. The Company requests that such stockholder notice set forth (a) as to each nominee for director, all information relating to such nominee that is required to be disclosed in solicitations of proxies for election of directors under the proxy rules of the SEC; (b) as to any other business, a brief description of the business desired to be brought before the meeting, the reasons for conducting such business at the meeting and any material interest in such business of such stockholder; and (c) as to the stockholder, (i) the name and address of such stockholder, (ii) the class or series and number of shares of stock of the Company which are owned beneficially and of record by such stockholder, and (iii) the date(s) upon which the stockholder acquired ownership of such shares.
