<b>2006 Results (estimated and unaudited)</b>		
<i>(in millions, except per Mcfe data)</i>	<b>January 22, 2007</b>	<b>Current</b>
<b>Revenues</b>	\$273	\$287 <sup>(1)</sup>
<b>Expenses</b>

Income from Operations	\$373	\$384 <sup>(1)</sup>
Net Income	\$239	\$239

*(1) The change from the January guidance is primarily attributable to the reclassification of oil and gas price risk management gain from non-operating income to a component of revenues.*

In the course of analyzing significant financial statement accounts in preparation of the annual financial statements for the year ended December 31, 2006, the Company's accounting staff identified a number of financial statement accounts which required further analysis and reconciliation. The Company has completed that process and has identified no material misstatements to previously reported financial statements. The Company's external auditors are now in the process of completing their audit, and the Company expects to file its 2006 Annual Report on Form 10-K prior to its NASDAQ hearing on May 10, 2007.

The Press Release is attached in Exhibit 9.01.
