Subsidiary Non-Equity Incentive Compensation Plan

On February 11, 2016, the compensation committee of the Board of Directors of The North American Coal Corporation, referred to as NA Coal, a wholly owned subsidiary of NACCO Industries, Inc., referred to as NACCO, adopted The North American Coal Corporation Long-Term Incentive Compensation Plan, referred to as the NA Coal Long-Term Plan, for the benefit of management employees of NA Coal and its subsidiaries. The NA Coal Long-Term Plan was adopted, in part, to meet one of the criteria for federal income tax deductibility under Internal Revenue Code Section 162(m) of all or a portion of the awards granted under the plan for performance periods beginning on or after January 1, 2016.

The NA Coal Long-Term Plan replaces a prior long-term incentive compensation plan. The maximum value of awards granted to a participant in a single year under the NA Coal Long-Term Plan may not exceed \$5 million (or a lesser amount specified by the compensation committee within the first 90 days of each plan year). The maximum value of the payment from the sub-account that holds the awards for any year (including interest, as described in the plan) is \$7 million.

The issuance of awards under the NA Coal Long-Term Plan for performance periods beginning on or after January 1, 2016 was subject to the approval by the stockholders of NACCO. The stockholders of NACCO approved the NA Coal Long-Term Plan on May 9, 2016.

The NA Coal Long-Term Plan provides that each participant is eligible to earn a target incentive award during a specified performance period of one or more years. Multiple awards may be granted to a participant, subject to the maximum payment limitations contained in the plan. The final payout for each individual is generally based on the participant's target award measured against established performance criteria for the performance period, which performance criteria may differ for different classifications of participants.

In its discretion, the NA Coal compensation committee may increase or decrease awards under the plan and may approve the payment of awards where performance would otherwise not meet the minimum criteria set for payment of awards, provided that awards (or portions thereof) that are intended to be "qualified performance-based awards" under Internal Revenue Code Section 162(m) may not be increased.

On March 22, 2016, the NA Coal compensation committee determined that 100% of the awards under the NA Coal Long-Term Plan for 2016 will be based on NA Coal's adjusted consolidated return on total capital employed. Final incentive awards under the NA Coal Long-Term Plan for 2016 will be determined following December 31, 2016. The awards will be credited to participants' accounts as of January 1, 2017 and are generally subject to a three-year holding period, subject to exceptions as stated in the plan.

The NA Coal Long-Term Plan is listed as an exhibit to this Current Report on Form 8-K as Exhibit 10.1. The Exhibit is hereby incorporated into this Item 5.02 by reference. The foregoing summary is qualified in its entirety by reference to the full text of the applicable exhibit.
