Item 8.01 Other Events.

NACCO Industries, Inc. ("the Company") previously disclosed on a Form 8-K filed June 29, 2017 that Southern Company and its subsidiary, Mississippi Power, suspended start-up and operations activities involving the coal gasifier portion of the Kemper County energy facility. North American Coal, a wholly-owned subsidiary of the Company, through its wholly-owned subsidiary, Liberty Fuels Company, is the sole supplier of coal to fuel the gasifier at the Kemper County energy facility under its contract with Mississippi Power. On February 8, 2018, Mississippi Power sent a notice to Liberty Fuels to permanently cease all mining and delivery of lignite and to commence the fulfillment of Liberty's post-production obligations until the mine reclamation bond is released. The terms of the contract specify that Mississippi Power is responsible for all mine closure costs and Liberty Fuels is specified as the contractor to complete final mine closure. Mississippi Power's decision to close the mine does not materially impact NACCO's outlook for Liberty Fuels during 2018, but it does unfavorably affect North American Coal's long-term earnings under its contract with Mississippi Power.
